ASKS LONELY MOTHERS TO ATTEND SHOW

REPUBLICAN EXTENDS INVITA-
TION TO BIG PARTY SUN-
DAY AFTERNOON

FOR MOTHER'S DAY

Mother's Will Be Driven To Ma-
jestic Theatre In Handsome
New Chevrolet

There should be no lonely, unhap-
py mothers in Kankakee next Sun-
day afternoon.

Every woman who has gone "into
the shadow" to bring the world
forth into being through babyhood,
childhood, youth, who has cour-
agedly watched them leave the
home and ambition spurred them
to take their separate ways, de-
serving the reward of contentment
and prosperity until the
day of their days.

But, because like others
they are subject to natural laws,
because they are lonely and for-
gotten, the Kankakee Daily Repub-
lican, cooperating with Public
Theatre, and the Bunker Brothers
Chevrolet company, has planned a
Mother's day party for mothers who
have no one to remember them.

Read Carefully.

This is the program which lonely
mothers are asked to read carefully.
The date is Sunday, May 11. The
time is 2 o'clock in the afternoon,
the place the Majestic theatre.

Every mother who accepts the in-
vitation issued by the Kankakee Re-
publican in behalf of the Public and
Bunker Brothers establishments will
be transported to the theatre party
from her home in a fine Chevrolet
automobile. Fifteen of these cars,
manned by skilled drivers, will be
furnished by Bunker Brothers.

All mothers who wish to accept
this invitation should notify the
Daily Republican office not later
than 2 o'clock Saturday afternoon.
The telephone number is Main 9.
They should give their names and
addresses and the cars will call at
their homes shortly before 2 o'clock
Sunday. Mothers should be ready
to leave their homes when the cars
arrive.

Reserved Seats.

A special section will be reserved
for the mothers at the Majestic and
a special Mother's day program will
be given in their honor.

At the close of the performance
the Chevrolets will be waiting out-
side to drive the members of the
party to their homes.

It is known that a lonely moth-
er whose Mother's day would be just
one of the 365 days that make up
her year the Republican urges such
a one to send her name and address
for inclusion in the party.

For as stated before, there should
be no lonely, unhappy mothers in
Kankakee on Mother's day. Several
lonely mothers at the county poor
farm will be included in the party.

FOR WOMEN VOTERS

Mrs. E. F. Snyder, Wilmette,
will address the meeting of the Kan-
kakee League of Women Voters in
the city hall at 2:30 o'clock Saturday
afternoon. The topic of the talk
will be child welfare legislation.

NEW ARRIVAL

Mr. and Mrs. William T. O'Brien,
rural route number 2, Reddick, an-
nounce the birth of a daughter,
Anita Loretta. The little girl
weighed 7 pounds. Both mother and
child are reported doing well.

Unfrocked Minister Wins Suit

St. Louis, May 9.—(AP)—A jury in
circuit court here this afternoon
returned a verdict of \$25,000 in fa-
vor of J. A. L. Warren, unfrocked
pastor of the St. Louis Post-Dis-
patch. The jury awarded the former
pastor \$10,000 actual damages and
\$15,000 punitive damages. Warren
had sued for \$100,000.

The jury returned the verdict after
deliberating about three hours.
The verdict was signed by ten of
the twelve jurors. Agreement of at
least nine of the jurors is necessary
in civil suits.

The case went to the jury late
yesterday, but the jury was dis-
charged for the night after short delib-
eration, the jury resuming its consid-
eration this morning.

Warren filed suit following the
publication by the Post-Dispatch of a
Sunday Magazine article concern-
ing allegations of indiscretions with
his paragon maid.

Attorneys for the Post-Dispatch
announced they would ask for a new
trial, to be followed by an appeal if
a second trial is denied.

HOSPITAL TO HAVE AN OPEN HOUSE MON.

PUBLIC URGED TO VISIT ST.
MARY'S; IS NATIONAL
HOSPITAL DAY

GIVE CERTIFICATES

1,173 Children Born At Local
Institution During Past
Ten Years

National Hospital day—Monday,
May 12—will be fittingly observed
at St. Mary's hospital and the Sis-
ters of the Holy Heart of Mary to-
day issued an invitation to the gen-
eral public to visit and inspect the
hospital at any time on Monday.

As a feature for the occasion, the
sisters will award a free birth cer-
tificate to every child born at St.
Mary's hospital and who registers
there, through its parents, on Mon-
day.

Reverend Mother St. Claire, di-
rectress of the institution, stated
that May 12th has been designated
as National Hospital day since 1921.
It is a day for open house when
the institution doors will be open
to the public. It is a day for pub-
lic investigation of the facilities
and activities; the aims and ideals;
and the problems and needs of the
hospital.

The hospital considers itself an
institution set up, not for private
purposes, but as a community as-
set deserving of community support
and encouragement. The setting
aside of this one day in the year
gives the public an opportunity to
learn, first-hand, what St. Mary's
hospital is doing and how it does it.

In awarding free birth certificates
to all children born at the hospital,
the good sisters may find them-
selves pretty busy next Monday. In
the past ten years there have been
1,173 babies born at St. Mary's.
In the event that it is impossible to
issue certificates Monday to every
child born at the hospital, the offer
will undoubtedly hold good at a later
date.

Classes for the hospital's nurses'
training school will open July 1st
and September 1st, it was announced
today.

ing. Dr. Frank Murphy, Chicago
bone specialist, will be the exam-
ining physician.

children who must be accom-
panied by their parents and have

cian. Any further information on

lips, E. J. Deslauriers and A. N.
Rosenkrantz.

HOOVER NAMES ROBERTS FOR HIGH COURT

SPECIAL GOVERNMENT COUN-
SEL IN TEAPOT DOME
AND OTHER OIL CASES

FROM PENNSYLVANIA

If Confirmed By Senate He Will
Fill Vacancy Caused By
Sanford Death

BULLETIN
Washington, May 9.—(AP)—Op-
position to Owen J. Roberts, of
Pennsylvania, who was nominated
today by President Hoover to the
Supreme Court was announced an
hour or so later by Senator Shep-
pard, Democrat, Texas, on the
ground that he believes the Phila-
delphian is a vet.

Senator Sheppard announced
opposition to Roberts after he had
recalled a story published in 1923
by the New York Times attribut-
ing to Mr. Roberts a denunciation
of the 18th amendment in a speech
delivered in New York.

"That speech is enough for me,"
said Senator Sheppard. "It shows
Mr. Roberts denounced the A-
mendment."

BULLETIN
Washington, May 9.—(AP)—Owen
J. Roberts of Philadelphia was
nominated by President Hoover
today for the Supreme Court.

Nationally famous as the govern-
ment prosecutor in the Teapot
Dome and other naval oil cases,
Roberts is versed in the procedure
of the highest court, where he has
appeared many times as counsel.
President Hoover believes his new
appointee to administration sena-
tors, but will have the support of
most of those who opposed con-
firmation of Charles E. Hughes as
Chief Justice and more recently
defeated John J. Parker for as-
sociate justice.

All immediate expressions in sena-
torial circles were favorable.
Those who indicated support in-
cluded Chairman Norris of the
Judiciary committee, a leader
against both Hughes and Parker.
The committee will take up the
nomination Monday.

Washington, May 9.—(AP)—Owen
J. Roberts of Philadelphia, special
government counsel in the Teapot
Dome and other oil cases, has been
selected by President Hoover for
the vacancy on the supreme court.
The nomination is expected to go
forward today to the senate, which
two days ago rejected John J. Par-
ker of North Carolina for the same
place.

In selecting Roberts, Mr. Hoover
consulted, among others, various
members of the senate. By virtue
of the close connection between the
senate investigation and the litiga-
tion which followed, senators have
followed Roberts' activities as oil
counsel with particular care.

Roberts is a Republican. He has
just passed his fifty-fifth birthday.
He has practiced law in Philadel-
phia since 1898.

Thirty years ago he first entered
the public service as assistant dis-
trict attorney of Philadelphia coun-
ty. He served for a number of
years as professor of law at the
University of Pennsylvania.

During the world war he was a
special deputy general, representing
the federal government in espionage
cases in Pennsylvania.

Those who endorsed him for the
supreme court included Senator
Reed, Republican, of Pennsylvania.
Senator Watson, of Indiana, the
Republican leader, also approved
the selection at a breakfast confer-
ence today at the White House.

Senator Walsh, Democrat, Mont-
ana, prosecutor of the oil investi-
gation, and himself a distinguished
lawyer, has had a particularly close
association with Roberts during the
oil prosecutions. Today Walsh was
out of town and could not be
reached immediately for an opinion
respecting Roberts' qualifications
for the highest court.

If the president's latest selection
is confirmed—and no immediate
dissent was heard—the result will
be to shift one place on the court
from the south to the north. Jus-
tice Sanford, who died in March,
was from Tennessee.

Sanford, like Roberts, was a Re-
publican, and so is Judge Parker,
rejected Wednesday.

Roberts has made a national rep-
utation by his handling of the Tea
Pot Dome and other oil cases which
grew out of the senate investigation
of 1924.

He was named special govern-
ment counsel in the cases by Presi-
dent Coolidge, serving with Atlee
Pomeroy of Ohio. To Roberts has
fallen a heavy share of the long
task of gathering evidence in the
criminal and civil suits and pre-
sents it to the courts.

MAN KILLED IN FALL WHEN LADDER SLIPS

EARL NORWOOD EXPIRES AT
ST. MARY'S HOSPITAL;
HOLD INQUEST

INTERNALLY INJURED

Only External Injury Was Bro-
ken Arm; Operation Fails
To Save Life

Earl Norwood, 32, father of three
children, died at St. Mary's hospital
yesterday as the result of internal
injuries which he received in a fall
May 1st at the Bear Brand hosiery
plant where he was employed as an
electrician. An inquest into the
death was conducted today by Cor-
oner Octave J. Cartier.

Norwood was standing upon a
ladder which was braced against
the cement floor in the engine
room of the factory. The uprights
of the ladder slipped on the smooth
floor and Norwood fell upon his
back. He dropped about 14 feet.
He was taken to St. Mary's hospi-
tal where the only external evidence
of injury was a broken wrist. He
complained of pain all over his
body, however, and on May 3rd an
operation was performed by Dr. E.
G. Wilson to determine any inter-
nal injury which did not show on
X-ray pictures.

Had Post-Mortem
The operation showed that Nor-
wood's intestines and vital organs
were somewhat misplaced by the
shock of his fall. The intestines
were so twisted that circulation was
impaired. Dr. Wilson also perform-
ed an autopsy last evening which
revealed that Norwood also had a
ruptured liver and a paralysis of
the gall bladder.

Others who testified at the in-
quest besides Dr. Wilson were: Mrs.
Irene Norwood, 404 West River
street, the widow; P. E. McIntyre,
388 South Myrtle avenue, factory
superintendent; Donald Nussbaum,
388 South Washington avenue, who
was with Norwood at the time of
his injury.

Norwood had been employed at
the Bear Brand plant since Feb.
18th of this year. His family now
lives here three weeks ago. He was
born July 28, 1898. His three chil-
dren are: Katherine, 9, Elene, 7,
and Dorothy, 4. He also leaves his
parents, Mr. and Mrs. L. C. Nor-
wood of Washburn, Ind.; seven bro-
thers, Dorris and Walton of South
Bend, Ind.; Edward, Lewis, William,
Ronald and Richard of Washburn;
two sisters, Mrs. Clifford Jenkins
and Mrs. Oscar Fiesburg of Varna,
Ill.

Funeral Sunday
The body is at the Phillips and
Friday funeral home where friends
may call from 7 until 9 o'clock to-
night and also on Saturday. It
will be taken by automobile Sat-
urday morning to Varna to the home
of his sister, Mrs. Jenkins. Funeral
services will be held that afternoon
at 2 o'clock in the Varna Metho-
dist church. Burial will be in the
family lot at Lacon, Ill.

Mob, Bent On Lynching, Is Driven Back

BULLETIN
Denison, Tex., May 9.—(AP)—A
detachment of ten men under
Captain George Hagan of the
National Guard unit here was
rushed to Sherman this after-
noon, carrying a supply of tear
bombs and heavily armed.

Sherman, Texas, May 9.—(AP)—A
handful of Texas rangers and local
officers aided by firemen today re-
pulsed three vicious assaults on the
Grayson county court house by a
determined mob of hundreds of per-
sons seeking to lynch George
Hughes, 41, a negro charged with
assaulting a white woman.

In its third attack, the mob sought
to dynamite the court house, but
the officers managed to extinguish
several charges of the explosives
after they had been ignited about
the structure.

The crowd was rapidly growing,
being augmented by persons from
surrounding towns who had been in-
formed of the excitement. The
highway between Sherman and
Denison, only a few miles apart,
was reported crowded with automo-
biles hurrying people to the scene.

The court house caught fire as
the mob continued to press about
the building.
The blaze was started on the east
side of the structure and under the
county attorney's office where the
negro was locked in a vault. Flames
poured from windows on that side
of the building.

Ten gallons of gasoline was pour-
ed into the basement by members
of the mob and set afire in a fourth
rush.

At 2:30 o'clock the structure ap-
peared doomed. The crowd had
cut all fire hose and firemen were
powerless to combat the flames. The
building was a mass of flames.

It was reported the rangers would
make a last effort to save the ne-
gro by rushing him through the
howling crowds.

this census may be completed as
soon as possible.

"However, it must be remembered
also that the giving of this infor-
mation is required by law, and there
is a penalty attached to failure to
provide the information upon the
request of the Census Supervisor.
If desired, blanks may be mailed in
instead of being given to the local
enumerator," says the Chamber of
Commerce.

reported to have completed his work
and left yesterday for his home in
Gibson City, Ill.

A report of the findings of the
investigators, together with certain
recommendations for the improve-
ment of conditions, is expected to be
made to the State Fire Marshal's
office at once. Recommendations for
the purchase of a pumper truck of
500 gallon a minute capacity and
the organization of a fire depart-
ment of three companies of ten men
to a company, are reported to be
included in the report.

GATHANY HAD FINE RECORD FOR COUNTY

RETIRING POOR FARM HEAD
WAS PUBLIC SERVANT
FOR 40 YEARS

CITY, COUNTY, STATE

Served As Official At State Hos-
pital And Also As Kanka-
kee Police Chief

A record of forty years as a public
servant, 17 of which were in the
service of Kankakee county as su-
perintendent of the county poor
farm, is the record of Albert N.
Gathany who retired yesterday as
head of the institution and was suc-
ceeded by P. A. Vadeboncoeur.

Mr. Gathany is 72 years of age
and, about a month ago, asked the
members of the poor farm commit-
tee of the county board of supervisors
that he be relieved of the superin-
tendency. The condition of Mr.
Gathany's health would not permit
him to continue in the arduous du-
ties at the farm. Mr. Gathany, how-
ever, has been retained as assistant
superintendent and will work at the
farm every day although he has
moved his residence to 407 South
Poplar avenue.

Never Missed a Day
The aged and infirm inmates of
the institution regret Mrs. Gathany's
departure. She and her hus-
band have a fine record of faithful
service and kindness toward their
charges during their administration.
Throughout the entire 17 years of
their service, the Gathanyes were
never absent from the farm for a
full day. They personally looked af-
ter every detail as to the comfort
and care of the poor and infirm.

When the Gathanyes first came to
Kankakee forty years ago, Mr. Gath-
any accepted a position as an at-
tendant in the receiving ward of
the Kankakee State Hospital. Later
he served on Ward A-1. He was a
police officer at the hospital four
years. He served as assistant super-
visor and as supervisor of male pa-
tients and was a member of the
first baseball team at the state in-
stitution where he was a stellar per-
former for ten years. Mr. Gathany
was placed in charge of the first
group of 65 patients that were ad-
judged criminally insane and taken
from the local hospital to Chester.
In all, Mr. Gathany spent about 16
years at the hospital.

Mr. Gathany was appointed to the
city police force by Mayor Henry
Beckman. Although he was the
youngest man on the force, he soon
attained the rank of night ser-
geant.

Police Chief
During the administration of Fred
Mann as mayor, Mr. Gathany was
appointed chief of police and served
efficiently in that capacity for five
years. His total service on the police
department approached ten years.

Mr. Gathany began his duties at
the poor farm a few days after leav-
ing the police department. He was
qualified for the position, having
been born and raised on a farm
near Joliet.

When the Gathanyes were first
married they moved to a farm in
Iowa where they lived six years and
then moved to Kankakee where
Mrs. Gathany's relatives resided.

Six Active
Despite his age and the responsi-
bilities of the positions which he has
held the past 40 years, Mr. Gathany
is in good health and feels fine. Al-
though he was anxious for his wife
to retire, he was by no means willing
to remain inactive after being re-
lieved of the farm superintendency.

A state inspector who recently
visited the farm, although he con-
demned the building as obsolete,
stated that the administration of
Mr. Gathany is deserving of great
praise. His report stated that the
inmates were well fed and clothed
and received good care; also, that
the place was kept spotlessly clean.

tive and Missionary life. Everyone

land; and George Fiedler, chief of

rand and stated they were making

15 THOUSAND CHINESE ARE REPORTED KILLED

Shanghai, May 9.—(AP)—China's unparalleled banditry in recent months, 15,000 Chinese of Yungyang, Honan province, were killed April 23, said an undated dispatch appearing today in Chinese newspapers.

The dispatches said the bandits, burning and killing, looted for four days. The outlaws kidnapped 500 of the townspeople, holding them for ransom.

The town was obliterated, nothing being left but burned ruins. This said the dispatches, explained the delay in the carnage becoming known.

CHRIS CAGLE TO QUIT WEST POINT

West Point, N. Y., May 9.—(AP)—Christian Keener Cagle, one of Army's greatest football stars, has decided to submit his resignation immediately after his graduation June 12 from the military academy in order to accept a coaching position at Mississippi A. and M. He also will work for a large commercial house.

Cagle's plans were announced today by Major Philip B. Fleming, graduate manager of athletics at the military academy.

It is with considerable regret Cagle said, "that I shall submit my resignation to the academy today after graduation in order to accept two positions in civil life, one as a football coach at Mississippi A. and M., and the other with a large commercial house. The combined salary is considerably more than the pay of a major general, a rank which I would indeed be most fortunate to attain after thirty or thirty-five years of service."

ALLEGED SLAYER ATTEMPTS SUICIDE

Bentonville, Ark., May 9.—(AP)—Dr. Andrew J. Bass, retired dentist of Columbia, Mo., who is held in jail here charged with the murder of William R. Peasman, early today attempted to commit suicide by swallowing a razor blade in what Sheriff Fields said was an attempt to commit suicide.

Physicians said Dr. Bass was in a serious condition and they were not certain he would live. He was being cared for at the jail.

Bass has been held in jail a month and a half in connection with a plot to collect \$200,000 insurance on his life.

FLORIDA ANGLERS PRAISE KANKAKEE FISHING BAITS

Florida anglers are high in their praise of Kankakee manufactured bait, according to testimonials received almost daily by August F. Schell, 161 West Chicago street, inventor of game fish bait.

As a result of the excellent catches being made in Florida waters, numerous orders have been received by Schell and shipments are being made daily.

The new bait, now being manufactured, was tried in various parts of the country with the result that fishermen praised the action of the bait in helping them catch fish that they write home about.

MANDELL-SINGER BOUT IS APPROVED

New York, May 9.—(AP)—The lightweight championship boxing match between Sammy Mandell, the titleholder, and Al Singer, who is to fight at the Yankee Stadium, was approved today by the State Athletic Commission in spite of its statement last week that it would not OK the bout.

The commission explained its reversal by announcing that Singer had agreed to meet the English boxer, Jackie (Kid) Berg within 90 days after the title fight win or lose. The solons considered Berg the most logical contender.

Describes How Richard Byrd Taught Lindbergh About Navigation

...the most kind of a life, the man that nature intended you to be. He gave you that body which will be able to pilot a ship." John Riley in his talk to the Hi-Y club of the Y. M. C. Construction Bill Would Authorize Expenditure Of Many Millions For Navy

Washington, May 9.—(AP)—Chairman Britten of the House Naval committee today introduced a bill for \$295,995,000 of warship construction, which he holds is necessary for American parity with Great Britain under the London naval treaty.

Washington, May 9.—(AP)—Advocating a conservative naval construction program, Representative French said in the house today that the United States would be in a stronger position in 1935 if it did not build up to the limitations of the London naval treaty. He said building to the limit would cost nearly \$1,000,000,000.

An Idaho Republican, he is chairman of the Appropriations subcommittee which drafts the annual supply bill for the naval establishment. Wednesday the House Appropriations committee struck from the subcommittee's report on the bill for the fiscal year 1931 remarks praising the work of the American delegates to London and the estimated savings to result from the treaty if it is ratified by the senate.

"I don't see how it was proposed by big navy advocates that there will be any need for the expenditure of \$1,000,000,000 on new craft for the naval establishment during the next six years," French said, adding, "though I frankly state that this would be possible if the United States chooses to build up to limitations within the proposed treaty."

Capt. C. W. Waterhouse, the naval tonnage in the London treaty "should be regarded not as a mandate but as a figure above which no nation should build."

Washington, May 9.—(AP)—A naval construction bill to authorize the expenditure of \$295,995,000 for the purpose of building up the American Navy to the full strength permitted by the London Treaty was prepared for introduction today by Chairman Britten of the House Naval committee.

Making public the provisions of the measure, he asserted that no treaty at all was better than one which resulted in enormous expenditures for "ships of British preference" and reiterated his intention of holding "exhaustive hearings" to determine whether this program will "probably provide for National defense in an emergency."

The measure, based on figures furnished by Secretary Amara, would authorize the construction of 73,000 tons in light six-inch gun cruisers at a cost of \$132,300,000; 5,500 tons in destroyers at a cost of \$100,000,000; 12,000 tons in light cruisers at a cost of \$112,000,000 and 69,000 tons in aircraft carriers, at a cost of \$295,995,000. The expenditures would be spread over a period of eight years.

These figures totaling \$497,800,000, Britten said, were in line with construction costing \$439,185,000 authorized by the House last year.

AIR CRASHES TAKE TOLL IN THE EAST

Langley Field, Va., May 9.—(AP)—Captain Percy G. Black, eighth field artillery, was in a hospital today the sole survivor of an airplane collision which cost the lives of Lieutenant-Colonel Phineas Amara of the St. Louis Air Corps and Lieutenant Robert J. Brown, Jr., U. S. A. Air Corps.

Amara was killed instantly when the seaplane he was piloting locked wings with an observation land plane occupied by Brown and Black and both planes fell 200 feet. Brown was killed and Black suffered a broken left arm, broken wrist and severe lacerations on the head.

Dover, Pa., May 9.—(AP)—A 21-year-old airplane pilot and his two friends were killed near here last night when the pilot attempted to make a dead-stick landing, after the plane's motor had died.

The plane with Carman Van Leer, of Glen Loch, at the controls, went into a dive at 1,000 feet over the farm of J. Lewis Downing, a mile north of Downingtown, Norman Donnelly, 20 West Chester, and Robert Standford, 27 Frazer, were in the front seat.

At the plane struck the ground and tumbled into a twisted mass of bent metal and twisted mass of bent metal.

PROPOSES A TRIP 'NEATH ARCTIC ICE

Washington, May 9.—(AP)—Captain Edwin Wilkins, explorer of the top and bottom of the world, may undertake the proposed trip beneath the Arctic ice in an obsolete United States submarine, converted into a "submersible boat."

The explorer, together with Simon Lake, submarine inventor and builder, called upon Assistant Secretary of the Navy for his approval of the proposed trip. The trip is to be made in the summer of 1936 and will be a voyage of discovery and purchase of a boat. Whether the navy will agree to the trip is yet to be decided.

Bob Wilkins and Lake were invited to discuss their conference. The explorer acknowledged that the possibility of using a submersible boat for geophysical work in the Arctic had been discussed. He added, however, that being a British subject, he himself could not possibly purchase such a craft from the government.

It was Assistant Secretary Johnson who told the details of the visit. He said the explorer and the inventor had been advised to endorse the details of their proposed purchase in a letter to be submitted to Secretary Adams.

Their Martintop friends extend congratulations with best wishes that they may celebrate their golden wedding anniversary in as pleasant a way with none missing as they did their silver anniversary. Their guests presented Mr. and Mrs. Langellier with a substantial purse of silver dollars that was something out of the ordinary since the

paper bill has taken the place of the silver dollar.

Wedding Announcement
Dr. Clarence Ortmann, oldest son of Mr. and Mrs. Herbert Ortmann and Miss Iola Anderson of Allerton Mich., were married in Chicago on Friday May 2. They came to Clifton the following day and on Sunday they were the guests of his parents.

The groom had always resided with his parents on the farm west of town until he went to Chicago to begin the study of dentistry at the Illinois College of Dental Surgery some years ago. He graduated from that college last June and after working in an office in that city for a number of months he opened a branch office in Chebanse, coming there two days of each week. Several months ago he moved to Clifton where he has an office, continuing to go one day each week to Chebanse. Dr. Ortmann is known as an energetic young man of fine manly character with high ideals. He is a member of the Martintop Christian church where he was a regular attendant as long as he resided in this community. While Mrs. Ortmann is not very well known here she has won the friendship of those who have had the opportunity of meeting her by her pleasing but unassuming personality. Not only in these is she fitted as a congenial life's companion for her husband but she is equally as well qualified in a professional way being a graduated

nurse. She has been the assistant superintendent at the University hospital for some time where she will continue in this work for the present. Friends extend most sincere wishes to the happy couple for many years of health, happiness and prosperity.

School Notes
Little Nancy Campbell was a visitor in the Primary room Tuesday where she will be a beginner next year.

Presley Shaw visited the school Friday where he was a pupil when he resided in Martintop before he moved with his mother Mrs. Pearl Shaw to Chicago a number of years ago.

The general science class of the high school accompanied by their teacher Mr. Roberts went to the C. and E. I. depot here Thursday afternoon where some of the techniques of telegraphy were explained by L. J. Snider the depot agent.

Several of the high school students came to school at 8 a. m. on Friday. This was done that they might be excused in the afternoon to attend the Iroquois county track meet which was held in Onarga on that day.

The high school students are planning on taking a trip to Springfield on Saturday May 17. This will be not only one of pleasure but also educational as they will visit many places of interest including the capitol building, Lincoln's tomb and home. The trip will be made in the Hayes Crawford bus and is to take the place of the banquet and dance that were held in the community hall here last year. The decision to go to Springfield was made by voting with the Shades in Indiana, Chicago and Starved Rock as the other places to be visited on.

"Paying the Fiddler" is the title of the play that is to be presented by the high school at the Martintop community hall on Wednesday evening May 14. One has always heard from childhood that "he who dances must pay the fiddler" so this play deals with the troubles of a common American family and is full of humorous and perplexing situations. In connection with the play there will be music by the school orchestra and the Glee club. A short one act play "Madame Princeton's Temple of Beauty" with the following cast will be presented between the acts of "Paying the Fiddler."

Madame Princeton, Bernice Leach
Mrs. Compton, Bernice Langellier
Miss Dickie Bind, Thelma Kaufman

Miss Lemvulliger, Helena Dionne
Miss McFadden, Mildred Dusharme
Susan, Beulah Fleisher
In the cast in "Paying the Fiddler" Goldie Starkey will be "Grandma Castle" and Henry Castle will be impersonated by Robert Hanes.

Janet Buck will take the part of Mrs. Castle and her son and daughter Junior and Iris Castle will be played by Forrest Ortmann and Maxine Pilotte. Frances Endres will be Lindy Craig and Sherman Dusharme will take the part of Bob Eaton. There must be trouble or the traditional courtship of a maid and a policeman for there is an officer by the name of Brown in the cast and he is to be Wynn Etzel. A home talent play and especially one given by those attending and there will probably be a packed house so it would be well to buy reserved seats and be sure of having a seat. The third, fourth and fifth rows have been reserved and tickets for these will be on sale beginning Friday May 9. They will be the same price as the general admission, children 25, adults 35 cents.

MAIMI MAYOR

MAKES IT HOT FOR AL CAPONE

Miami, Fla., May 9.—(AP)—Adopting the "Chicago plan" the authorities of Miami have given Scarface Al Capone the choice of leaving or being arrested every time a policeman sees him.

The police picked him up yesterday and held him in jail for "investigation" for two and a half hours before a circuit judge freed him on a writ of habeas corpus. They're going to do it again when he appears in the city, they told Capone, as he returned to his estate on Palm Island without waiting to exchange a receipt for \$1,161 in cash and a diamond he valued at \$10,000, which police took from him.

It was Capone's third appearance in court since his arrival April 20. Capone's brother John, Albert Drignano and Nick Circules were arrested and released with Capone yesterday. Seized while riding in a car the four were photographed, finger-printed and searched before being locked up. His companions had smaller amounts of cash, but none was armed.

The arrests were made upon orders from the offices of Mayor C. H. Reeder and other officials and announcement was made that the authorities desired to learn Capone's business in and around Miami and that their plan was "to run gangsters out of the city."

Capone gave his age as 30, his birthplace as New York, and his occupation as "retired."

—READ THE REPUBLICAN—

SON OF NOVELIST IS BADLY INJURED IN AIRPLANE CRASH

Owosso, Mich., May 9.—(AP)—James Oliver Curwood, Jr., son of the late novelist, was in a local hospital today, probably fatally injured as the result of an airplane crash last night as he was attempting a landing here. Young Curwood suffered a broken neck and a fractured skull.

Curwood's ship crashed from a height of 50 feet after one of its wings struck a tree. Two passengers, Hugh Pate, 24, and Miss Beatrice Pine, 20, were injured. Curwood was married last summer to Miss Helen Ford of White Sulphur Springs, Va., whom he met while both were members of a "floating university" tour around the world.

Chicago, May 9.—(AP)—The Head and Examiner, after checking up "nearly complete census returns" says today that the 1930 census will reveal Chicago as a city of more than 3,350,000 population. This is nearly 100,000 in excess of the association of Commerce's estimate.

If the figure is found accurate, it represents an increase of more than 648,000 over the 1920 census and is the largest gain for a ten-year period in the city's history.

FIRE DAMAGE IN NEW JERSEY RUNS INTO THE MILLIONS

Bayonne, N. J., May 9.—(AP)—Three piers and a portion of the plant of the Gulf Refining company were in ruins today with an estimated loss of \$3,000,000 after a fire, fed by 6,000,000 gallons of crude oil and gasoline, had raged through the plant for five hours.

The fire, which started from an explosion aboard a small motor tanker, destroyed in addition to the piers, a warehouse, a power house, a pumping station and several locker buildings and stock houses. The flames were fed from 18 oil storage tanks which exploded one after another as the fire reached them.
