Aroma township was the only one out of six reported today by District Census Supervisor Frank J. Gwydosky of Joliet which showed an increase in population for the past ten years. The 1930 population of Aroma including the village of Aroma Park is 1,220. In 1920 it was 1,011—an increase of 209. There were 156 farms listed in the township.

The net loss in county population in the six townships listed today is 257.

The greatest decrease was in Ganeer township, which includes part of the city of Momence. Ganeer has a 1930 population of 1,717. The population in 1920 was 1,874—a decrease of 157. There were only 45 farms listed for the township.

Although the report for the village of Manteno announced several weeks ago gave the village a substantial increase in population, Manteno township has suffered a loss of 90. The present township population is 1,767, while in 1920 it was 1,857. There are 112 farms enumerated in this area.

HERSCHER BAND CONCERTS OPEN

The opening free band concert for the coming season at Herscher will be held next Wednesday evening. The concerts are sponsored by the Chamber of Commerce of Herscher which feels very fortunate to have the Onarga Military school band for the opening concert.

The band is composed of about 50 pieces and directed by Capt. Hunter. They are much in demand having recently played at the Old Soldiers Home at Danville and many others. The school has their own large motor bus in which the band travels about.

MOTORMEN OF STREET CARS ARE HELD UP

BY TWO YOUNG BANDITS, ONE ARMED WITH REVOLVER

SATURDAY NIGHT

Young Thieves Escaped In A Chevrolet Coach Driven By Third Youth

Motormen-conductors of two street cars of this community were held up and robbed Saturday night early by two armed youths who, after successfully making the raids, escaped in a Chevrolet coach driven by a third young man. From the descriptions, it is believed that both robberies were effected by the same trio.

Harry D. Worley, motorman of the Kankakee Electric Railway, was the first victim. According to his report to the police, he was just leaving the state hospital grounds when two youths boarded the car, paid for their fare and received change. They took seats in the rear of the car and waited until a third youth had driven up alongside in the car.

Then they arose from their seats and one of the young bandits produced a gun, which he stuck into the ribs of the motorman, instructing him to keep the car going but hold up his hands. Worley told them that such was impossible as the car, being equipped with "dead man" control, would immediately stop if he took his hands off the controls.

The youths then searched his pockets, meanwhile keeping him covered with the gun, taking about $20 from his pockets and also taking the fare box of the street car. They then ordered him to stop the car and entered the automobile. Mr. Worley stated afterward that the car bore no license plates that he could see.

Justine Legris, motorman of the North Kankakee Electric Railway, otherwise known as the "Bradley Line" was heldup and robbed in a similar manner about an hour later. This robbery was effected at the curve just as the tracks enter Bourbonnais. Mr. Legris also was relieved of about $20.

Bandit number one, according to the report made to police, was about 17 or 18 years old and wore a red sweater and light trousers. He carried a blue steel revolver. Bandit number two also was about 17 or 18, wore a light colored suit and glasses. The victims were able to get no description of the youth in the car.

Police are also making a search for the group of young men riding in a car who sped east on East Court street about 8:30 Saturday night, shooting wildly into the air and down on the street, endangering the lives of the hundreds of people on the streets at that time. A description of the car has been secured by the police.

YOUNG FOLKS LEAGUE PLANS PICNIC MEET

The Christian Endeavor League of the First Evangelical church will hold monthly business meeting Tuesday, May 13. This meeting will be in the form of an outing and picnic and will be held at Dave Hawkins' woods. As the Evangelical League is one of the largest in town, a big crowd will no doubt be there to learn more about God through nature.

Following their fellowship policy each Evangelical member may bring a guest to allow more people to take part in the fun. The program will be of a varied nature with devotions, games, business, and eats occupying the evening. Through this meeting the young people hope to create a growth in their society and stimulate in maintaining a good attendance until July 1.

The following people have charge of the various committees: Elsie Lee, publicity; Cecil Tanner, transportation; Phyllis Gill, foods. The party will leave the First Evangelical church at 6:00 o'clock tomorrow evening and go in cars. This outing promises to be one of the biggest of its kind to be held by Kankakee young people.

WATSEKA HOTEL ROBBED BY TWO ARMED BANDITS

The Iroquois hotel at Watseka, rated as the largest hotel on the Dixie Highway between Chicago Heights and Danville, was held up and robbed about 2:00 o'clock this morning, two armed men taking $32 in cash from Albert Roy, the night clerk. The bandits then escaped in a new Oldsmobile closed car.

Phil Brown, chief of police, who takes the night beat, saw the car parked in front of the Farmers' elevator, just across the street from the hotel, but saw nothing suspicious, assuming that it belonged to a salesman staying over night in the hotel.

The banditt apparently were watching the officers movements, however, for as soon as he left to make his rounds, they effected the robbery. Learning of the hold-up a few moments later, Chief Brown sent messages to surrounding towns in all directions to watch for the fleeing car, but no trace of it has been found.

30 MOTHERS WERE GUESTS AT BIG PARTY

LONELY MOTHERS ENTERTAINED AT MAJESTIC SUNDAY AFTERNOON

RODE IN CHEVROLETS

Invitation Extended By Daily Republican Meets With Fine Response

Sunshine and good cheer filled the hearts of a host of mothers, who otherwise would have been lonely, when they were entertained on Sunday at the Majestic theatre in a party sponsored by the Kankakee Daily Republican, the Publix theatres and the Bunker Brothers Chevrolet garage. There were thirty mothers in attendance.

Eager as children to escape loneliness and memories of happier days when their children were with them, these mothers put on their very best dresses, hats or bonnets and at 12 o'clock noon began to watch for the automobiles sent by the Bunker organization. Twelve new Chevrolets, driven by experts, were used to transport the mothers to the theatre.

The theatre party started at 2 o'clock. A special performance for the mothers had been arranged and they were seated in a reserved section.

In the throng were mothers who continue to earn their daily bread; mothers who are fortunate enough to have children to provide for their needs and mothers who, coming to the end of their long journey, have become dependent on charity and the generosity of the community, but each worthy of happiness and remembrance.

In the group were two mothers who are inmates at the county poor farm. Both are very old and feeble and were practically carried from the cars into the theatre. Neither of these women had seen a show of any kind in the last fifteen or twenty years and they were delighted with the performance at the Majestic yesterday and expressed deep gratitude to their hosts.

After the show, each mother was driven to her home by the members of the Chevrolet sales force. The affair was such a success that it will probably be an annual event in Kankakee.

KANKAKEE BOY PRISONER IN WATSEKA JAIL

Watseka, Ill., May 12—(Special)—Lawrence Hoy, 16 year old Kankakee boy, is being held in the city jail here on charges of theft and breaking parole in Kankakee, and will, it is expected, to turned over to Kankakee authorities this afternoon.

The boy was arrested Saturday night at Clifton, Ill., by State Highway Officer Vieregree and taken to Watseka where, it is said, he confessed to the theft of $83 in cash and clothing from his brother, Arthur Hoy, 408 North Harrison avenue.

When arrested, it is said, the boy was armed with two guns. To Peter Kamp Sr., police magistrate of Watseka, he gave his age as 13. It is believed that he took the money and clothing from his brother's home last Friday night and ran away from Kankakee early Saturday morning.

Only recently, young Hoy was arrested in Kankakee for the theft of three automobiles, two bicycles, and the burglary of three grocery stores. He was given a hearing in the juvenile court and released on parole.

It is believed that the boy is the same as was chased in the vicinity of the I. C. depot in Kankakee early Saturday morning by Ben Marz and Jack O'Neil, special railway officers, and who made his escape good after nearly being caught by the officers.

SIX EMPLOYEES DISCHARGED FOR POLITICS SAKE

At least six employees of the Kankakee State hospital—and it is believed that several more will be added to the list before the day is over—have been discharged from their duties in the institution by the Emmerson-Miller gang because they did not choose to support Emmerson in the primary election of two years ago.

Those known to have been discharged for political reasons thus far are: Armand LeBeau, Louis Lempke, William Sperger, all carpenters; Hans Nelson, steam fitter; Harry Johnson, head machinist; and Bert White engineer.

All of these men have been employees in the institution for many years and have all given efficient and satisfactory service insofar as the performance of their duties is concerned. Most of them have been employed there for ten years or more.

TINY SHIP CRASHES AT LOCAL AIRPORT; PILOT UNINJURED

The smallest airplane ever seen in Kankakee, flown by Walter Franklin of this city, crashed at the Koerner airport on Sunday as it was being demonstrated to a crowd. Franklin was not injured.

The plane was propelled by a one-cylinder motorcycle motor which stalled when the machine was 150 feet in the air. Franklin was about to make a perfect forced landing when the wind hurled the tiny ship on its side, breaking one wing and the propeller.

The ship, called "Arrowspeed," is built for one passenger. It was assembled at the local airport.

CITY'S DUTY IS TO CLEAN UP THE RIVER

EX-MAYOR HENRY REUTER IN ADDRESS TO WIWANIS CLUB TODAY

MORE PLAYGROUNDS

Keep The Children Off The Streets With Playgrounds Instead Of Big Parks

The most important duty for the city of Kankakee to perform at the present time is not building more parks, but to clean up the Kankakee river by eliminating the dumping of raw sewage into the stream, declared Henry Reuter, ex-mayor and a member of the park board, in addressing the Kiwanis club at the weekly luncheon today in McBroom's cafe.

Mr. Reuter stated that it would probably cost the city a million dollars to clean up the river and that a sanitary district should be formed to start this work. His view was endorsed by a number of members of the club who gave short talks.

Mr. Reuter also declared that he favors the building of more playgrounds to keep children off the streets and paying less attention to installing large parks.

Two new members, Romy Hammes and John Campbell, were welcomed into the club today by Attorney C. M. Granger. Cigars were passed by Secretary Ray Lottinville in honor of the birth of his daughter, Barbara. Rev. W. H. Craine thanked Mr. Lottinville in behalf of the club for the cigars, although he stated that it was against his religious tenets to condone the use of tobacco. Mr. Lottinville reported that 103 Kiwanis clubs have been invited to attend the district golf tournament here on June 9th.

G. W. Boyd, a member of the park board, presided at today's meeting and introduced Mr. Reuter. Mr. Boyd stated that next winter there will be ice-skating ponds in all of the city parks. Louis Ray reported that he is now working with the Woman's club and the Better Homes Bureau to have the county create a forest preserve along the river.

21-YEAR-OLD COLORED MAN IS STABBED

DIES IN MAMMY'S ARMS AT MOORE RESORT NEAR MOMENCE

HOLD WM. DOBBINS

Chicago Negro Named As Slayer; Knife Severed Jugular Vein Of Youth

Mother's Day was one of sorrow to Mrs. Maggie Jefferson, colored, of Momence. Her son, Clarence, 21, died in his mammy's arms at 5 o'clock Sunday morning after he had been stabbed in the neck with a knife held in the hands of William Dobbins, also colored, of Chicago.

The killing followed a dispute over a card game at the resort operated by David and Lizzie Moore at the west village limits of Momence. The place is located along the north bank of the Kankakee river.

Dobbins Fled

Dobbins fled after the stabbing and was captured yesterday afternoon by Momence deputies at his home, 4036 Prairie avenue, Chicago. He was held in the county jail and may possibly be charged with murder by a jury impanelled by Coroner Octave J. Cartier today. Witnesses, however, were of the opinion that Dobbins would be exonerated by the jury and stated that he stabbed young Jefferson as an act of self-defense.

Young Jefferson was employed as a grocery clerk in Momence. He, with his wife, Florence, and his parents, Mr. and Mrs. Henry Jefferson, had gone to the Moore resort Saturday evening. They danced until 3:30 in the morning and then several in the party, including Jefferson, started a card game. Jefferson's father was also in the game.

Argue Over Cards

Everything was peaceful until young Jefferson accused Dobbins of dealing a card from the bottom of the deck. He repeated his accusation a few minutes later. Jefferson, who was taller and more powerful than Dobbins, then struck Dobbins in the face. The elder Jefferson also hit Dobbins who was knocked to the floor four times. The young Mrs. Jefferson threw four ash trays at Dobbins and someone else hit him with an alarm clock. Dobbins ran out of the door followed by Jefferson and the latter's mother.

Mrs. Jefferson stated on the witness stand that she saw Dobbins draw a knife and hollered at her son. The youth turned around just as Dobbins lurched with the knife. The blade pierced the youth's neck and lodged in his juglar vein. He lived only a few minutes. The boy's father was inside the house where he had been overpowered by several others in the party.

Father Hunts Slayer

Dobbins fled after the killing and was taken to Chicago in a car driven by Glen Mundin, white, of Mo-

HAGENBECK-WALLACE ACROBATS BEST IN THE SHOW BUSINESS

Nineteen different languages are spoken in the dressing tents of the Hagenbeck-Wallace Circus, as the artists for the 1930 program were selected from circuses throughout the entire world. To an outsider it would seem that there would be much confusion in this modern Tower of Babel, but performers are always tolerant of the other and the big Hagenbeck-Wallace family gets along famously.

It is said this season's circus is the finest Hagenbeck-Wallace has ever produced. There are scores upon scores of arenic sensations including the Nine Flying Herberts, Matsumotos Troupe, Alberti Hogini Family, Clyde Beatty, Monimarie Troupe, Arge Christiansen, and hundreds of novelties. A big trained animal show and the famous five-continent menagerie contribute to the marvels.

Two exhibitions are scheduled for this city on Monday, May 19. Performance time is announced for 2 p. m. and 8 p. m. with the doors opening an hour in advance.

Boxwood in America

The early settlers brought boxwood to America and used it extensively. Many of the estates of the colonial gentry from Philadelphia southward record the early American era of the box, and its main testimony declares that there was riches and money and refinement to spare in those families of the old aristocracy who chose to express their artistic temperaments in their garden designs.

Movie Fashions

By MME. LISBETH

AN all gray costume is always distinctive. While that shade is said to be trying to many complexions, and is, therefore, not so general a favorite as brown for instance, on those women who can wear it, it has a peculiar charm.

This slender frock of gray romain crepe is worn by Jean Arthur, screen player. It is piped in silver and has a triple flounced skirt.

With the gray frock gray accessories are usually chosen, but this season it is particularly smart to use black, as Jean wears black felt hat, pointed fox scarf, black gloves and shoes and carries a black pocketbook with her soft gray dress.

KILLS HUSBAND AND WOUNDS SELF

Rock Island, Ill., May 12—(P—Harry R Dumont, a government engineer was found shot to death and his wife fatally wounded in their home yesterday.

Police were asked to go to the Dumont home by Rev. A. L. Powell, a Methodist minister, who said a woman whose voice he recognized as that of Mrs. Dumont's had told him over the telephone that she had killed her husband and was about to commit suicide.

Dumont was found dead, shot once through the head, and his wife was dying, shot twice in the head. A vase had been broken against a wall and police found a note, scrawled upon an envelope supposedly by Mrs. Dumont, reading: He tried to poison me. Thats why these terrible headaches.

Police learned Mrs. Dumont had been in ill health for sometime and advanced the theory that she might have killed her husband and shot herself while temporarily deranged.

Dumont was attached to the U. S. Army's engineers office here. He and his wife came to Rock Island about 18 months ago. Neighbors said they appeared happy.

Police learned that about three years ago, while living in Uniontown, Pa., Mr. and Mrs. Dumont's 8-year-old son had been drowned. Shortly after this, the couple separated but were later reunited.

Concerning Marriage

"Of course," says Aunt Em, "marriage considered abstractly, exhibits faults and some of them very serious. But when you are in love, those faults simply don't exist. That's why marriage—with love—is always a success. Take an old woman's word for it."—St. Louis Globe-Democrat.

Is the Robot Fooling YOU?

The Paris correspondent of "VARIETY" reports:

"The music-wise Continentals object violently to mechanical music (in the theatre)."

WHAT, then, if Europeans thus view with alarm "canned music"—as North Americans supposed to be, in fact, all of us? Are we, then, a race that likes only mechanical music only—in the theatre, at least? Music:

Well, at least 2,000,000 theatre patrons in the United States have voted by paying the Music Defense League that they want Real Music, not Canned Music exclusively, in the theatre.

If you value the Art of Music, you too, should be numbered among the "music-wise." Just sign and mail the coupon at the left.

TARIFF CONFEREES SEEK A COMPROMISE

Washington, May 12—(P—The House-Senate tariff conferees will make another effort tomorrow or Wednesday to reach a compromise agreement in their dispute over whether the flexible provisions of the Smoot-Hawley bill shall continue or revoke the President's authority to make emergency import-rate changes.

This question has produced a wide variance of opinion among the Republican conferees. The House Bill would have the President retain his power to increase or lower rates by 50 per cent, while under the senate measure this authority would be taken over by congress.

Over the outspoken objection of President Hoover, the senate plan was written into the bill by the combination of democrats and independent republicans, when it was in control of the tariff situation.

With an historic phrase, Senator Connally, democrat, Texas, last night entered warning that any effort to eliminate the senate provision would be determinedly contested.

"We propose to fight it out on this line if it takes all summer," he said. The senate amendment restoring to congress the tariff-making power is absolutely fundamental. If the house bill passes, it must restore to representatives of the people the right to make laws that govern

FRENCH FLIER AND FOUR PASSENGERS HOP OFF AT ST. LOUIS, SENEGAL

FOR NATAL, BRAZIL

First Time A Plane Carrying So Many Has Tried To Make Trip

St. Louis, Senegal, May 12—(P—Jules Mermoz, French flyer, took off today for Natal, Brazil, at 11 a. m.

Mermoz left Perpignan, France, May 2, on the first lap of his trip in a postal hydroairplane. It is the same machine he used recently in setting a new record for duration and distance with such craft, covering 4,375 kilometers in thirty hours, twenty five minutes.

The take off was made today under the best of conditions despite the fact that the heavily-loaded plane carried four persons besides Mermoz. It was the first time a plane carrying so large a number of persons had sought to make the south Atlantic flight.

Mermoz believes that the St. Louis-Port Natal route is the best for taking mail across the south Atlantic. The distance over water is only 1,700 miles.

When he arrives at Port Natal he intends to turn the mail over to land planes which will speed it to South American points.

New York, May 12—(P—Frank Goldsborough, 19, today held the unofficial junior transcontinental flight record, having flown from Los Angeles to New York in 28 hours, 18 minutes actual flying time.

The youthful pilot, who is the son of the late Brice Goldsborough, aeronautical engineer, who was lost with Mrs. Frances Grayson on a trans-Atlantic flight three years ago, landed at the New York City airport in Flushing yesterday.

BODIES OF TWO MEXICAN FLIERS ARE RECOVERED

San Jose, Costa Rica, May 12—(P—The bodies of two Mexican airmen, who survived bullets but died in an electrical storm, lay today in a morgue at the Atlantic coast town Porto Limon, after a gallant but futile attempt to break the world's long distance flight record.

Colonel Pablo Sidar, ace of the Mexican aviation corps, and his co-pilot and mechanic, Captain Carlos Rovirosa, fell into the sea about three miles south of Porto Limon about 5 p. m. yesterday while flying to escape an electrical and hail storm.

With their crash, far off the planned course down the American Pacific coast, to Chile and across the Aregntine a distance of 6,000 miles, they had traveled about 1,000 miles. They left Cerro Loco Crags Hill near San Geronimo, Oaxaca, Mexico, at 5:21 a. m., almost twelve hours before the disaster.

Boats from Porto Limon recovered the bodies of the two men, that of Colonel Sidar being dashed into fragment. The monoplane, of American make and known as the "Morelos" after the Mexican Independence hero, was smashed into bits.

The two airmen rose at Cerro Loco without difficulty, despite the five ton weight of their ship which carried 1,030 gallons of gasoline.

Cause of the accident was undetermined, but it was believed to the unusual weight of the plane together with hazardous atmospheric conditions brought on by the approaching storm caused the crash.

SEN. JOHNSON'S OFFICE IS RAIDED FOR SECOND TIME

Washington, May 12—(AP)—The mystery surrounding the recent ransacking of the offices of members of the Senate deepened today with word that the quarters of Senator Johnson of California, had been entered and rifled a second time in as many nights.

The second raid upon the Californian's office occurred on Saturday night, the file cases were forced open and their contents were scattered about the room. Nothing was reported missing.

Much agitation followed the first ransacking of the office on Friday night and great surprise was expressed at the boldness of the mysterious visitor in again breaking into the office under the circumstances.

Johnson's secretary said that a check of the guards at the senate office building had shown that a man was on duty outside the office until midnight on Saturday, but that after one Richard Beck left he was watched.

The raids on the Californian's office followed similar mysterious vis-

DANNY HAS A FIGHT

Be he wrong or be he right,
The coward runs: he will not fight.
—Danny Meadow Mouse.

Danny Meadow Mouse had gone right past the old tin can in which Nanny Meadow Mouse had escaped from Flip the Terrier. You see, Danny didn't know she was there. He was in a hurry, was Danny. Those little legs of his were moving fast for such a little fellow.

"Oh dear!" said Danny. "I haven't the least idea where Nanny has gone. I do hope that dog didn't get her. I don't think he did, but he must have given her a terrible fright. There is no knowing where she has gone. If only there were some nice little runways all cut, I would know better where to go. Ah, here is a little path! Some other Mouses must have made it. Perhaps Nanny found this."

It was easier going in this little path, and Danny scampered along thinking of nothing but catching up with Nanny. He didn't even think of danger to himself. He wanted Nanny and Nanny was all he could think about.

Danny traveled until he grew tired. Then he found a tussock of grass. There was new grass, but there was also a lot of old grass, which was more or less matted down. Under this was a good hiding place and there Danny took a long rest. It was dusk Danny finally started on again. He didn't know where he was going. He wanted to find Nanny, but he had no idea where to look for her. So he began to wander about aimlessly. Now and then he stopped for a bite to eat. Somehow, Danny felt as lonesome as ever he had felt in all his life.

He was wandering along a little path made long before by some other Meadow Mouse. Presently he came to a place where another path joined this one. Just as he reached it he heard a little sound and he looked up this little path to see a small person that at first glance he thought was a young Mole. He was going to pass without so much as saying "How do you do" when this little stranger made a sudden rush at him, fairly knocking Danny off his feet. Now, Danny Meadow Mouse is a chunky little fellow and when he has to fight he is a very good fighter. This stranger was smaller than Danny and Danny hadn't the least doubt that he would soon make this stranger take to his heels.

That was Danny's mistake. This stranger, who it just happens Danny had never before met, was Blarina the Shrew. This is the Shrew with the short tail. Often he is mistaken for a small Mole. You know that was the mistake Danny had made at first. It didn't take Danny a second to scramble to his feet after he was knocked over. Never in all his life had he been more angry. He was filled with rage.

"I'll fix you for that!" he squeaked. "Yes, sir, I'll fix you!"

Blarina paid no heed to this. He was himself chattering angrily. Instead of turning and running, he made a little rush to meet Danny. Then they were locked together, biting and kicking. Danny found this stranger surprisingly quick, with surprisingly sharp teeth. Presently they separated. Then they came together again with another little rush. Danny found the fur of this stranger very thick and very soft. It was hard for him to bite through it. Meanwhile, the stranger was making his own teeth felt and you may be sure Danny didn't like it a bit. It wasn't long before Danny realized that, though this stranger was smaller than he, he was a better fighter.

Danny began to feel tired. He felt more and more tired. Blarina did not seem to tire at all. Danny was thinking now of nothing but a chance to get away. So when at last he tore himself loose, Danny took to his heels. My, my how he did run!

He was going to pass without so much as saying "How do you do"

Cuda Gets Sentence

The evidence case of Charles Cuda of Chicago Heights was disposed of in record time before Judge Walter P. Steffen in the criminal court Thursday. Cuda sent threatening letters to Oliver Ellis about two months ago demanding that $5.000 be left in a certain lunch room. Detectives Wickham and Laheta laid a trap for Cuda and he was caught in the act of calling for the sum supposed to have contained the money. Questioned by the police officers he confessed all. Judge Steffen denied a plea for probation and Cuda was sent to the Pontiac reformatory to begin his sentence.

Sentenced One Year to Life

DAILY REPUBLICAN MARKETS

LIVE STOCK, GRAIN AND PRODUCE — BONDS AND TRADE NEWS, ETC.

N. Y. STOCKS

New York, May 12.—(AP)—Price trends were highly irregular as trading was resumed on the stock market today. Radio and Radio Keith each mounted ¼, with blocks of 8,000 and 5,000 shares changing hands. U. S. Steel also mounted ¼, and Atchison and Texas Gulf Sulphur, ½ point. Canadian Pacific, however, lost 2 points, and Vanadium, St. Louis Southwestern, Columbia Gas, and Auburn Auto, each 1 point.

About a dozen issues were bid up to more than 3 points during the first half hour of trading. The Coppers rallied further, in response to an increase to 12¾ from 12½ cents a pound in the domestic price for the metal, which was rumored on Saturday.

After an early rise of ½ points, U. S. Steel, however, encountered considerable selling, attributable to the top of 216,443 tons in unfilled orders announced Saturday after 3 months' decline, and soon lost its gain and recorded a loss of nearly a point.

The decline in steel was somewhat unsettling, and price trends grew increasingly irregular. Trading was quiet; however, as many traders were inclined to curtail activity until the market gives more definite indications of its trend. It felt in many quarters that with the substantial rise of last week, the technical rally had run its course, and that the market is now due for a testing. There was little in week end business to encourage an enthusiastic market, although gradual improvement was again indicated.

Announced now more than 2 points and such issues as Johns Manville, American Power and Light, Northwestern Pac. Rumt rose about 3 points. Shares gaining a point or more included Kennecott, Hudson Motor and Light, Stone and Webster, Canada Dry, National Dairy, Montgomery Ward, M. Byers and Goodyear. Auburn Auto lost 3 points, and International Harvester, J. I. Case, Borden, American Machine Works, National Cash Register, and Simmons, a point or two.

Foreign exchanges opened steady, with Sterling Cables at 84.85%, up 1-32.

Most of the week spots in the market had been repaired by the final hour and the list began to partake of the strength which in the half dozen issues in which the floating supply was well controled. International Salt rose over 4 points to a new peak. Ingersoll Rand gained five; Coca-Cola 4½; and U. S. Rubber, 1st preferred, Brooklyn Manhas, Electric Water Light and Pan-American B rose 3 to 3¾ with the latter moving into a new high for the year. The closing was steady. Total sales approximated 3,050,000 shares.

CURB REVIEW

By JOHN L. COOLEY

(Associated Press Financial Writer)

New York, May 12.—Curb stocks fluctuated narrowly today and trading in the earlier hours was even duller than in last Friday's stagnant session as operators made little effort to move the general list in either direction.

After a firm and quiet opening, in which few blocks of even moderate size changed hands, some of the prominent utilities eased below the previous close but the decline brought out little stock and the list was soon generally higher, although the hesitant tone to sentiment was reflected in frequent ripples of selling.

Oil shares displayed considerable firmness and were well taken on a rising scale of prices. Vacuum, Houston (new), Missouri Kansas Pipe Houston (new), Missouri Kansas Pipe, Gulf and Cosden rallied one to two points, although Humble was a trifle heavy. Cities Service was active and firm. There was tendency toward lower levels in the group as the afternoon advanced.

Changes in Electric Bond & Share, American Superpower, Niagara Hudson, Middle West Utilities, the United Gas issues and other prominent utilities were confined mostly to fractions. Brazilian Traction crossed 80 for a one-point gain and Commonwealth Edison rallied a few points on small transactions.

Industrials met with some demand. Aluminum Company of America scored 15 points on its usual limited turnover. American Cynamid B, Anglo-Chilean Nitrate, Crocker Wheeler and a few others improved.

Newmont Mining showed a two point gain early in the day. Deere (new) eased but was dull, Ulen rose about 4 points on a few sales Mohawk Mining broke nearly 7 points to a new low. Investment Company stocks were steady.

Call money renewed on the curb at 3 1-2 percent.

Miss Mae Martin returned from Chicago this morning after spending the week end with friends.

GRAIN MARKET

By JOHN P. BOUGHAN

(Associated Press Market Editor)

Chicago, May 12.—(AP)—Owing largely to a big curtailment of the United States wheat visible supply total, wheat prices scored material gains in the late dealings today. The decrease 6,548,000 bu., was greatly in excess of either that of last week or a year ago. Reports of frost last night in southwestern Nebraska were also a late bullish. Houses with eastern connections being conspicuous buyers and reversing a recent tendency to be sellers.

Possibilities of frost tonight over northwest Kansas and western Nebraska tended to induce considerable buying of wheat at times, and so too did Chinese messages saying the condition of wheat growth is spotted, with some fields excellent but a greater number of fields poor. Cultivation, Kans., reported much wheat heading out at a height of only 4 to 8 inches. St. Louis advised that drought is unrelieved in eastern Missouri and wheat deteriorating.

On the other hand, no export business of any importance in North American wheat over the week end was announced. Heavy visible amount of wheat on ocean passage showed some increase as compared with a week ago. It was also noted that although world shipments of wheat last week were enlarged the quantity from North America showed a falling off compared with the week previous and a year ago.

Wheat closed firm, 6-8 c 1 3-4c a bushel higher than Saturday's finish. Corn closed 7-8 a 1 3-4c up, oats 1-4 a 5-8c advanced, and provisions unchanged to a rise of 5c.

INTERESTING NEWS EVENTS IN THE SPORTING WORLD

K. H. S. ATHLETES DO NOT FARE SO WELL AT URBANA

BY LEONARD KLAFTA

In much stiffer competition and still pursued by the jinx which qualifies a man and then makes him fail to place, Kankakee's band of twelve athletes came home from the Urbana district track and field meet with four points and a four-cornered tie for tenth place.

Atwood, qualifying a man in nearly every event took the victory trophy with twenty-nine points. Out of thirty-four schools entered, twenty-three of them scored one point or more. So close was the scoring between the first three schools that it took the results of the relay to determine the ultimate winner.

Shaw and Kurtz were the local point getters. Shaw taking fourth and Kurtz fifth in the century. The other point was made by Shaw in the 220 yard dash in which event he placed fifth.

A stiff breeze was blowing continually throughout the meet aiding the sprint men and giving the distance men a lot of trouble. In the high hurdles, Champion stepped them off in :16.9 for a new record. On account of the wind no track records were allowed. Unfortunately, in the semi-finals he, as did Stirr, stumbled on the start and failed to qualify. Champion qualified for the afternoon's throwing of the javelin with 132 feet 10 inches. Stirr qualified for the low hurdles but ran fourth in his heat in the afternoon.

Art Schlenz, running against time did the best of the local distance men, finishing third. However his heat was the slowest and his place availed him nothing. Berns ran fifth in the fast heat.

Bob Schlenz had to finally give in to his sore shins and collapsed at the third quarter of the mile run. Up to the time he was forced out he was running nicely and was well up in front.

Beckman qualified for the high jump in the morning, but in the finals failed to clear his qualifying jump. Lane failed to qualify.

Peterson failed to make the height in the morning and the local weight men, Bercelos and Rickards didn't qualify in the weights.

22 AMERICANS IN BRITISH GOLF EVENT

St. Andrews, Scotland, May 12—(AP)—America will be represented by 22 entrants in the British Amateur Golf Championship, play in which starts here May 26.

This strong United States challenge, revealed today by announcement of the draw for the championship, is supplemented by three entries each from Canada, France and India and one each from Cuba and the Philippines All told 77 have entered, a record for the event.

Except for the clashing of the two Bostonians, Joshua Crane and Francis Ouimet, in the second rounds, the Americans are wel scattered throughout the draw.

Bobby Jones and Cyril Tolley both have drawn byes into the second round and being in the top half will meet if successful in their first two matches, Jones meets S. Roper of Woolston Park in the second round.

Sandwich, Eng., May 12—(AP)—Once more tie St. George's vase, noted golfing trophy, has eluded Dr. O. F. Willing of Portland, Ore.

Dr. Willing was soundly beaten by Rex Hartley, youthful Britisher, yesterday in the playoff of a tie in which they finished the regulation 36 holes Saturday. Hartley scored 79 for the 18-hole playoff to win by six strokes.

Off his game from the first tee, Dr. Willing never did get started. He needed 43 strokes on the first nine to give Hartley an eight stroke lead at the turn.

With weather conditions anything but favorable, Hartley's game went to pieces on the second nine but Willing's was little better. The Doctor could do no better than shave two strokes off the long lead Hartley piled up on the first nine.

Thus for the second time Dr. Willing muffed his chance of winning the vase Seven years ago he and Francis Ouimet, Boston vetegan, finished in a tie but Ouimet won the playoff.

Formby, Eng., May 12—(AP)—Women golfers from the United States fared well as the first round play in the British Women championship proceeded today. Of the first ten to go out, six were returned winners.

Helen Hicks, the long hitting Long Island girl, started the winning procession with an exciting victory over Doris Chambers, former champion, three up and one to play, after the New Yorker had started the second nine two down.

Miss Hicks was followed by Maureen Orcutt with an easy victory over Mrs. R. Gwynne. Mrs. O. S. Pedrick, Canada, had to fight hard for her triumph over Mrs. W. P. Scott, but Louise Fordyce, Youngstown, Ohio, Virginia Stifel, Wheeling, West Va. and Peggy Wattles, Buffalo, won handily.

Miss Collett, Ogden; 3rd Edgen, Paxton; 4th Kelley, Westville; 5th Barnhart, Donovan and Rhodes, Gibson City tied. Height: 11 feet 6 inches (new record).

Discus throw: 1st Kamm, Atwood; 2nd McGee, Ogden; 3rd Lutchka, Westville; 4th Ballard, Westville; 5th Elliot, Georgetown. Distance: 135 feet, 5 inches. (new record).

ST. ANNE STAR TO COMPETE IN STATE CONTEST

Because of the athletic attainments of Parish, St. Anne high school star, Kankakee county and St. Anne will be represented in the track and field meet for high schools, to be held at the University of Illinois next Saturday.

Winning the high jump and taking third in the broad jump of the district meet at Urbana last Saturday, Parish garnered eight points for his school, placing it in eighth position in a field which numbered 35 schools and five counties, and also qualifying himself to compete in the state meet. Only contestants winning first or second places are allowed to compete in the state trials.

Jumping to the height of 5 feet, 9 inches, Parish went within ¼th of an inch of the district record. Last year, he had jumped to 5 feet, 11 inches and with a good day next Saturday is expected to beat even that mark.

FLYWEIGHT TITLE BOUT THIS WEEK

New York, May 12—(AP)—A flyweight title bout at New York is the only bright spot in an otherwise drab boxing picture this week.

Midget Wolgast of Philadelphia, flyweight titleholder in the eyes of the New York State Athletic Commission, defends his crown in a 15 round battle with Willie LaMorte of Newark, N. J., at the Garden Friday night.

Wolgast originally was scheduled to meet Frankie Genaro, flyweight champion so far as the National Boxing Association is concerned, but Genaro had a prior engagement, but could not go through with the match. Wolgast probably will be an 8 to 5 favorite over LaMorte.

Elsewhere the fistic schedule offers little of general interest. Mickey Walker, middleweight champion, again invads the heavyweight division for a ten round bout with Al Friedman of Boston at Louisville on Friday night. On the same night at Seattle Wash., Leo Lomski, veteran light heavyweight, comes back to the wars to meet Wesley Ketchell of Salt Lake City in a six rounder.

Tonight Jimmy Maloney, rotund Boston heavyweight, is matched against Armand Emanuel San Francisco barnstormer, in a ten rounder at Los Angeles.

SORDS POINTS

Old Rosebud's Derby Record Still Good

By JACK SORDS

Central Press Sports Cartoonist

EACH year as the small, select group of Kentucky Derby horses break away at the start and swing down the historic track at Churchill Downs the bangtails are trying for two things. One is to head the field and win the luscious Derby prize. The other is to beat Old Rosebud.

And each year, of course, one of the horses wins that prize. But none of them have beaten Old Rosebud.

Old Rosebud ran his Derby race a long time ago—16 years—on May 9, 1914, to be exact. His time was 2:03 2-5, and it has never been equaled in the Derby.

Such great winners as Morvich, Omar Khayyam, Exterminator, Zev, Sir Barton, Bubbling Over and Black Gold all challenged Old Rosebud's mark and only Bubbling Over came close and not close enough. His time was 2:03 4-5.

There are the athletic requirements, the right position for the start, with a storybook earth. The ball was too far away from him, Carney left, fly and throwing himself caught the ball full but still held it.

In his fourth time at the plate Sassaman fanned twice and was twice thrown out at first by Williams the Indian shortstop. Carney, in addition to his sensational catch in the fifth, came in with the first run of the game on an error and three wild pitches. He fielded perfectly and was thrown out at the first sack by Williams after Webber was the only winner of an afternoon contest. Neither of hitters let the both hits were scratched allowed the Saints to be retired in the first inning. Sassaman in the fifth inning and Carney in the seventh. Webber fanned in the first inning and Carney in the seventh.

Carney in the first inning of the game error on the shortstop of the Titans to be lifted to second and on to third on a wild pitch and on the next one, Wild Bill Meehan lived up to his name and pitched a wild one Carney came running in. One run in with out a hit. It seemed that the Titans would take grief from this but after Webber walked to the initial sack, both Laffey and Ahern grounded out, Webber scoring on the first. The second run of the Saints afternoon siesta came in when Webber poled out a long drive between left and center field. Both of the pasture men went after it but Webber was able to come in with the run. Webber was responsible for both of the hits that the Saints were able to garner. His homer and a single in the third. When Webber struck in after poling out the fourbase hit, the Shiny Tans went wild and looked like a hitting spree for the afternoon. But even the whistles in the factory began to toot, as it became Webber's second home run of the season.

The Titans tapped Pombert for nine hits, two triples and seven singles. Handel started the fireworks first man on the Wesleyan batting list popped off triple. In the ninth Williams socked out a three base hit. Appleton and Burow each were responsible for two singles. What would have been a triple and possibly a home run in the fifth, was nipped in the bud by Carney playing the ball perfectly and throwing Appleton out at the plate.

WESLEYAN DEFEATS ST. VIATOR

By J. C. DEGNAN

Saturday afternoon the strong team of Illinois Wesleyan University at Bloomington traveled to Bourbonnais and in the short space of about two hours ruined Saint Viator's high hopes of a sixth straight victory. Thus far on the home diamond this year the McAllisterites have defeated Elmhurst college, Wheaton college, De Kalb Teachers, Millikin University and Illinois college. Saturday the Vicarians tried for their sixth straight home victory but Illinois Wesleyan University with Mechan on the hound allowed the Saints but two hits. The Titans were able to garner nine hits off of Pombert, who was at the slab for the locals. Bill Todd, who has assumed the range of utility man at the Saints diamond yesterday took his place at left field while Laffey took Woods place at short. Woods is out temporarily with a torn muscle in the shoulder. Mart Bassano was at the keystone sack in the absence of Boob Evard, who is out with a torn muscle in the leg.

In the first inning of the game Carney got to the first sack on an error on the shortstop of the Titans and he loped to second and on to third on a wild pitch and on the next one, Wild Bill Meehan lived up to his name and pitched a wild one Carney came running in. One run in with out a hit. It seemed that the Vicarians would take grief from this but after Webber walked to the initial sack, both Laffey and Ahern grounded out, Webber scoring on the first. VIATOR NINE OFF FOR LONG TRIP; AT PEORIA TODAY

By J. C. DEGNAN

Next week the McAllistermen continue the strenuous grades toward the conference championship. They have been taking nine the hard way ing of the last week. Monday the Vicarians will be at Peoria where they will take on that place's fast baseball team. Tuesday they will play the Bradley Polytechnic Institute of Peoria team. Wednesday they will tour games and lose one. The Vicarians will then go home and not tour at the Saints park until Friday when the Saints will go up against their great rivals, the Illini.

Wednesday's game with Illinois will travel to De Kalb where they meet the Illinois State Teachers college. The Illini have won one game from the De Kalb teachers in the first game of the season. It is almost in the bag for the Saints.

Thursday the Saints meet one of their old rivals conquered nines when they meet Elmhurst college at home. In the game played at Bourbonnais the Saints won and defeated the Elmhurst nine 7 to 4.

The game is brought again to Saints home field on Saturday when on the 17th of May when they meet the Valparaiso DePaul University outfit of Chicago.

Evard is still out of the game with a torn muscle in his knee. It is probable that he will be out there at some time next week. At this writing Bill Woods, playing shortstop for Laffey with a torn muscle in his shoulder, is improving rapidly and will probably be able to start the game Monday.

CLEVELAND INDIANS TREAT ATHLETICS TO BAD BEATING

BY HUGH S. FULLERTON, JR.

Associated Press Sports Writer

When a team that has been having a hard time holding a place in the league leaders although it has the club batting lead and which has stretched a winning streak about as far as possible get out, something is bound to happen. It did yesterday when the Cleveland Indians entertained the Philadelphia Athletics and are overcome of Cleveland fans.

The Indians have shown plenty of power all season while Athletics had a bad beating ing to them after winning nine in the opening games. The beating was inflicted to the tune of 23 to 7, by the biggest score of the major league season. Cleveland started by ing Ed Rommel from the with five hits and three runs in the first inning. And they kept on hitting. The big slugging party up to the seventh, and ended with Nine of the blows were hits and some of them were for more than one base except for the

Wesley Ferrell held the world's champs to four hits in his six innings on the mound. He allowed one run in the first inning, getting several in the fourth and six in the fifth.

Cleveland's batting feat stood out on a pile of rather high hitting as the Indians approached it was Brooklyn's 10 to 2 triumph over the Pittsburgh Pirates. The Robins made the hits for their fifteenth consecutive victory in the series, while Harry Vange held Pittsburgh to eight hits. The game was featured by a mid-game fight in the National league, stopping Pittsburgh into a three-run rally for the fourth

Watty Clarkes dean of all the rookie catchers on the coast, is very much in evidence and pretty soon he will be a special selection for Oscar Vitt's head coach if he cared to undertake the burden. Clarke would have no trouble mastering Eastern supplies for he began his career in the East with the Newark Bears of the International league.

FLORENCE STOVE WORKS WIN AND LOSE; WEEK-END

Over the week-end the Florence Stove Co. split a pair of baseball games, defeating the Bear Brand Hose Saturday and losing to Ashburnham Sunday.

To win over the Blues the Stovemen made 10 runs and 9 hits to the Blues 4 runs and 9 hits Hedin pitched a good game and was backed up with good support by the rest of the team.

The Sunday game came near being washed out owing to a misunderstanding while the umpires were enroute to Ashkum, but upon arriving there it was found the playing field was in good condition for the game itself was one of those seesaw affairs whereas one side was ahead then the other. The Florence Stove Company team will meet Momence at Momence

ILLINI TO MEET THE BADGERS TODAY

Chicago, May 12—The University of Illinois baseball squad today pushed into Madison Wis., determined to add another knoll in the Big Ten championship race.

A victory for the Illini would place them in a first division tie for first place as well as square up for a defeat in their previous game with Wisconsin. Hazzard of Illinois was to oppose Maurey Parker on the rubber.

Coach Lundgren names a nine-game schedule for the week Purdue will play at Indiana tomorrow, and Chicago will invade Illinois Wednesday. Two games are down for Friday, Michigan going to Northwestern and Purdue Woods, playing shortstop for Laffey with a torn muscle in his shoulder. Saturday's bill includes four contests Illinois at Ohio State, Michigan at Illinois, Purdue at Minnesota, and Chicago at Wisconsin.

CANDIDATES FOR DERBY READY TO GO

Louisville, Ky., May 12—Powdered Sugar, Thad Buckner Poet Breeding Thad Buckner Poet Colonel E. R. Bradley's derby eligibles arrived at Churchill Downs from Lexington yesterday. The pair appeared in the best condition after the trip. Bradley entries have run one-two in two former derbies

The pair will probably be entered in a mile race for three year olds Thursday.

Gallant Fox winner of the Preakness, was expected to arrive from the East today as were Ned O. Crack Brigade and Gone Away. Gallant Fox is the Belair stud derby hope and will be saddled by Earl Sande premier jockey who won him in victory in the Preakness Track Records owned by Dr. T. M. Cassidy won second to Gallant Fox in the Maryland classic

Track gossip here today was that only twelve horses would start in the derby Saturday a small number compared to the entry lists of former years. In addition to those above mentioned the most likely starters appeared to be F. E. Richard's Jamestown, Mrs. Parker's Farm's Gallant Knight, the Valley Lake stable's High Foot, J. B. Respess' Bubbling and the Three Ds stable's farms Kilkerry

Others mentioned as possible starters were Mrs. Mary Jones Gillaspy's Hieatt Brothers' Star Lassie and Hal Price Headley's Dark Ester. Owners Prince Athelstan Blue Champ Roll 'Em Down, Stock Market and Alcibiades have announced that they will not start in the derby because of recent poor showings

Collinsville, Ill. May 12—Two Collinsville baseball teams will meet Saturday, May 24, have been received and race officials are expected to announce in today's mail although the entries closed Saturday the feature event will be a $15,000 added money affair though in the previous starts $20,000 was added.

The last closing of the entry list showed officials that practically all of the nominees were ready to go to the post, including several mudders slated to start in the Kentucky derby Saturday.

THEATRES

Where to Go Tonight

Majestic—"The Vagabond King," all-talking, all-singing and all natural colors. Starring Dennis King, Jeanette MacDonald. The supporting cast includes O. P. Heggie, Lillian Roth, Warner Oland, Arthur Stone and others.

Luna—"She Couldn't Say No," Starring Winnie Lightner in her first all-talking and singing picture with Chester Morris.

Majestic—"The Vagabond King" When a stage production is rendered upon the audible screen it is natural to draw a comparison. But in the case of the "Vagabond King" which opened a four day engagement at the Majestic theatre this afternoon, a comparison is a pastry means of expressing the glamorous wonderment of this marvelous screen version.

In fact, the film adaption is so far superior in thrill and sheer beauty that there is no comparing it with the original, beautiful as the original was.

Dennis King, as the master of the sword, the leader of the vagabonds, the redeemer of Paris and the captor of a princess' heart leaps into the very front rank of romantic actor-singers of the cinema in his gorgeous portrayal of Francois Villon, the poet-hero of "The Vagabond King."

Here is a picture so bewildering wonderful, what with its gorgeous technicolor treatment throughout, its plot, stupendous sets, breath taking action, romantic glamour and musical richness both in the singing and orchestral departments, that a poor critic, abetted merely by the meagerness of the printed word, cannot even begin to tell you how swell it all is. All he can tell you is go see it—three or four times.

Luna—"She Couldn't Say No" In She Couldn't Say No," the Warner Bros. vitaphone production which opened a three day engagement at the Luna theatre this afternoon, Winnie Lightner, the star, attracts the interested attention of Chester Morris when he sees her at a morning rehearsal in a night club where the energetic comedienne is on entertainer. The usually indifferent Morris sits at a table and says to the friend who operates the cabaret, "Say, that dame's got something."

Much the same thought on the part of the studio executives was what induced them to engage Winnie for the star part in this picture. She had been engaged for a role in "Gold Diggers of Broadway," and after the first day of filming the executives were in the projection room, watching the running off of the rushes. So magnetic was her screen personality that the producing heads decided that she most decidedly "had something," and they forthwith signed her for the star role in "She Couldn't Say No."

In addition to Morris Miss Lightner's supporting players in the production include Sally Filers, Johnny Arthur and Tully Marshall.

MANY AILMENTS ENDED QUICKLY BY NEW KONJOLA

New Remedy Relieves Lady Suffering For Three Years From Liver and Kidney Trouble

MRS. J. E. WILLHOUSE

"I tried treatments without end in the hope of finding relief from years of terrible suffering, but I tried in vain," said Mrs. J. E. Willhouse, 68 West Ohio street, Chicago. "Stomach, liver, kidney and bladder troubles tortured me unmercifully. At times my body was so weak that I could not stand the weight of covers. My legs and feet were swollen twice their natural size and my whole system was flooded with poisons.

"My friends urged me to try Konjola and I am glad I am that I did so. Konjola did just what it was said it would. My health was restored after only three bottles, for it went right to the source of my ills. All my ailments disappeared like magic, and today I feel as if I never had a sick day in my life. I am glad to endorse Konjola."

Each of Konjola's ingredients, 22 of which are herbs, roots of marvelous plants combined with other recognized medicinal elements, has a special effect in restoring to health the ailing organs. All who have given it a fair trial say six to eight bottles have declared there is no other medicine like it.

Konjola is sold in Kankakee, Ill., at the I. C. Pharmacy, 204 E. East Ave., and by druggists in surrounding towns throughout this entire section adv.

HERE'S A CHUCKLE AND A LAUGH FOR THE OLD AS WELL AS THE YOUNG

Chic Sale Gives Us The Meaning Of Mother's Day

PHILADELPHIA

Well sir, for instance you take this world. When a fella is born in it his mother is right there. She aint off somewhere else playin' bridge cards or baggin with the neighbors. She's with her son. And from then on in the battle of life, come what may and come what will, she's always right with him or else she's fer him.

(Of course if a feller surprises everybody by bein a girl baby, the same still applies.)

So the least we can do is use up one day every year figgerin out what we owe to mother. It's sort of like makin out an income tax, except there ain't anything to deduct. When you draw a line and start to add up the totals you can write down the one word "Everything." And the payments ought to be made in 365 installments just a kind word or a thoughtful act fer her every day. Of course we owe the old man something, but if it wasn't fer mother we couldn't. So there you are.

Talks To Parents

UNNECESSARY HARDSHIPS

By Alice Judson Peale

Those of us who are in the habit of thinking about the difficulties of human existence have very likely come to the conclusion that a certain amount of hardship in childhood is an excellent preparation for the realities of later years.

Certainly a child who is hedged about with every protection and abundant, uncritical love, whose every proble mis solved for him by an adoring mother, has little chance of developing the attitude which will carry him successfully through the complexities of adult life.

So impressed has a certain type of parent always been with the necessity for learning to face hardships in early youth that he has gone to the trouble of purposely introducing them into his child's life.

His favorite maxim toward his child is, "You can't always have everything you want." And he takes out scars of driving home the point. He purposely deprives him of a plaything as a privilege to learn him the lesson.

He forgets that the result of such treatment is more usually a feeling of stunned resentment on the part of the child against the individual who purposely thwarts his wishes from a philosophical adjustment to harsh facts.

The parent bending backwards to please his child does not consider the essential lesson succeeds only in multiplying difficulties.

Those of us who are afraid that we will over-indulge our children need only remind ourselves how many times a day a child is checked in his wished-for courses by the demands of routine, the legitimate rantings of adults and the wills of his playmates.

If he adjusts himself to the discipline of life readily, we need not fear that he is being spoiled or that it is necessary purposely to add to the natural hardships of childhood.
