# WOMAN IDENTIFIES DEAD BANDIT

## PROTECT BOYS FROM MODERN WOMEN; PLEA

DR. EUGENE COHN GIVES  
FORCEFUL TALK AT RO-  
TARY LUNCHEON TODAY

## SAVE THE INNOCENT

Lives Of Children Ruined In  
Jails; Suggests Delinquent  
Home For County

"Whatever ye have done unto  
the least of these, ye have done  
unto me."

Illustrating his talk with the above  
quotation from scripture, Dr. Eugene  
Cohn today gave an eloquent and  
forceful plea to members of the  
Rotary club and the various county  
and city officers in behalf of delin-  
quent children. The talk was  
given following the weekly luncheon  
in the Gold room of the Hotel Kan-  
kakee.

"Kankakee needs some method of  
protection for its young men against  
immoral and diseased women," de-  
clared Dr. Cohn. "Such women at  
present are arrested and then dis-  
charged with a fine or small jail  
sentence for the simple reason that  
we have no other place to put them.  
They should never be allowed to go  
out again upon the streets in their  
condition, but should be placed in  
a supervised home of some kind  
where they will receive medical at-  
tention."

Protect Innocents  
"I am talking this way for the  
safety and protection of the innocent  
who will come day after day to  
the eyes of our present young men  
and who will some day be the mothers  
of their children. It is these in-  
nocent parties that we must think of  
and protect. Fully 40 per cent of  
the new patients admitted today at  
the Kankakee State Hospital are  
suffering from social diseases which  
have destroyed their minds and  
bodies, leaving them to horrible  
deaths. Some of these contracted the  
disease innocently through the  
folly of their parents 25 or more  
years ago."

Delinquent children are another  
problem we must consider. Today  
we put these children in our jails  
with older and hardened criminals  
of all kinds. Some of them we send  
to state homes and asylums where  
they meet some of the worst types  
of juvenile criminals.

Real Need Exists  
"What we need in Kankakee  
county is a home for these unfor-  
tunate children who will some day  
be adult citizens—good or bad. Often  
a short detention in a local home  
will cure the wayward tendencies of  
these youngsters. We spend money in  
preventing tuberculosis among our  
chickens and cattle, but we are for-  
getting our most priceless possession—  
our children."

It was suggested that the club  
take action in recommending a joint  
conference between city and county  
authorities to work out some feasible  
plan suggested by Dr. Cohn. Action  
was deferred in the matter until a  
later date.

The Three R's  
Dr. Cohn also stated that the  
three R's today are not reading.

## STATE SUPT. OF SCHOOLS HERE SUNDAY EVENING

The coming of State Superin-  
tendent of Education, Francis G. Blair,  
to be the speaker at our community  
service of Christian Patriotism on  
Sunday evening is an event of more  
than passing significance.

This meeting is arranged by the  
Ministerial Alliance of the city, and  
is preparatory to the celebration of  
the 154th anniversary of our national  
independence. It will be the  
opening service, also, of this sum-  
mer's union Sunday evening church  
services, which will continue  
throughout the months of July and  
August.

Mr. Blair's official position and  
prominence among the educators of  
the country—he is a past president  
of the National Educational Asso-  
ciation—entitles him to a wide-  
spread hearing. It is hoped that  
the attendance at the meeting will  
be worthy of the speaker's standing  
and ability.

The service will be held at 7:30  
p. m. in the Presbyterian church at 730  
S. Main street and will render several  
songs. Mrs. G. D. Goudreau will  
be the organist.

A union young people's meeting in  
the parlors of the same church at  
8:30 will precede the service in the  
auditorium.

## QUARRY WATER IS SAFE SAYS PARK OFFICIAL

Rumors circulated about town  
yesterday that the two quarries in  
Bird park had been closed to the  
public for swimming were denied  
this morning by R. G. Drolet, pres-  
ident of the park board.

The report was that the water in  
the two quarries were unfit for  
swimming because of being infected  
with germs and that several per-  
sons had become infected with skin  
diseases because of having been in  
the water recently.

Mr. Drolet stated today that the  
water in both quarries had been  
tested several times and that these  
tests showed that the water in the  
small quarry was changed every 24  
hours. This quarry is fed by  
springs at the bottom and the water,  
according to the park board officials,  
is always fresh, clean and free from  
germs.

The water in the large quarry  
where the bathing beach is located,  
Mr. Drolet stated, changed even  
more often and the tests showed  
that this water was perfectly safe  
for swimming.

Mr. Drolet stated that several  
persons had suffered severe cases  
of sunburn because of prolonged  
exposure both to the water and the  
sun, but that this condition was  
not due to impurity in the water.

Miss Louise Mercer of Clifton was  
a Kankakee shopper today.

## FLIERS DUE IN NEW YORK LATE TODAY

SOUTHERN CROSS HOPS OFF  
FROM HARBOR GRACE AT  
EARLY DAWN

## 1,200 MILE FLIGHT

Intercepted Messages Indicate  
Everything Is Well  
Aboard Plane

BULLETIN  
Lynn, Mass., June 25.—(P)—The  
Southern Cross circled over this  
city today at 3:35 E. S. T. The  
fliers had deviated from their  
course to New York to pay tri-  
bute to Captain Frederick C. Mel-  
ville of the Byrd Polar Expedi-  
tion who was being accorded a  
home coming welcome.

LOG OF SOUTHERN CROSS  
(By the Associated Press)  
(Time is Eastern Standard)  
Tuesday, June 24.  
12:30 a. m.—Took off from Port  
Marnock, Ireland.  
Wednesday, June 25.  
5:55 a. m.—Landed at Harbor  
Grace, Newfoundland.  
Thursday, June 26.  
3:05 a. m.—Left Harbor Grace for  
Roosevelt Field, New York.

New York, June 26.—(P)—Droning  
through skies which cleared as it  
approached the United States, the  
Southern Cross was more than half  
way to New York today in about ten  
hours of flying.

Squadron Leader Kingsford-Smith  
and his comrades were below Port-  
land, Me., 2:15 p. m. (est.) having  
covered more than 800 miles as the  
crow flies.

This did not accurately indicate  
their speed, since they did not fol-  
low an exact straight-line course,  
but it indicated that they would  
traverse the approximate 1,200-mile  
distance from Harbor Grace, N. F.,  
where they took off at 3:05 this  
morning, to Roosevelt Field, N. Y.,  
in about fifteen hours, landing at  
their New York goal soon after 6  
o'clock tonight.

The plane was sighted clearly as  
it hurried over Halifax Point and  
the markings on its fuselage could  
be discerned plainly. It had been  
seen at several points along the way.

Kingsford-Smith planned to stop  
only for a few days, perhaps two or  
three, in New York before resuming  
his journey to San Francisco and  
consuming a virtual round-the-world  
flight for the plane which is con-  
queror of the Atlantic and Pacific  
oceans.

In a message to the Curtis-  
Wright company asking for prompt  
servicing of his engines on the ar-  
rival of the Southern Cross in New  
York, he said, "Leaving for west in  
two or three days."

Boston, June 26.—(P)—The South-  
ern Cross conqueror of the Atlantic  
and Pacific oceans, was speeding to-  
ward its New York goal today. At  
3:05 a. m. E. S. T., the giant plane  
hopped off from Harbor Grace, N. F.,  
where it had landed early yesterday.  
After successfully negotiating the har-  
dardous east to west crossing of the  
Atlantic.

Captain Charles Kingsford-Smith  
and his comrades, Evert Van Dyke,  
J. Patrick Saul and John W. Stan-  
nage expected to reach New York  
between 4 and 5 o'clock E. S. T. this  
afternoon. Their course, it was be-  
lieved, would carry them across Nova  
Cottia, straight down the Atlantic  
coast in a direct line to Cape Cod  
into Long Island Sound.

Early weather forecasts were for  
flying weather as far as Maine  
with clear weather to New York.

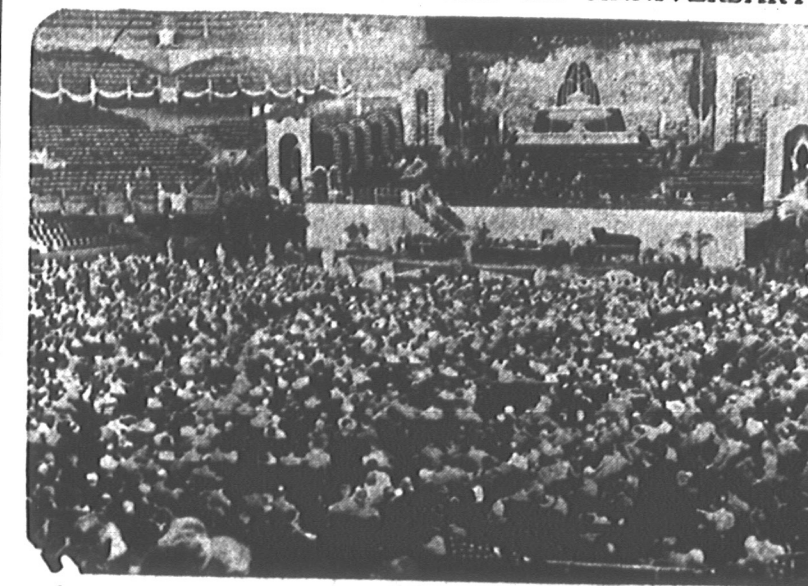

The steamship America, at sea,  
gave the plane its compass bearings  
four hours after the Southern Cross  
left Harbor Grace.

The Radio Corporation of Ameri-  
ca station at Chatham said the  
Southern Cross was sending private  
messages almost continuously during  
the first part of her flight.

## AUTO ACCIDENT

Three automobiles were damaged  
but none of the passengers injured,  
in a collision which occurred last  
evening at the intersection of  
Greenwood and Merchant street.  
The owners of the three cars are:  
Alex Newborn, 667 North Hobble;  
Miss Anna Wiggins, Mattoon, Ill.;  
and Mose Senesac, 742 South Myr-  
tle.

## ERECT FIRST OIL DERRICK AT MOMENCE

START DRILLING FOR WELL  
ON W. W. PARRISH LAND  
NEAR VILLAGE

## LEASED 500 ACRES

Work Being Done By Same Com-  
pany Which Will Drill At  
St. George

Work on the erection of the first  
oil derrick in Kankakee county was  
started this morning by the Hughes  
Oil Company. The derrick will be  
located on the W. W. Parrish prop-  
erty about 1 1/2 miles west of  
Momence on the Dixie highway.

Under the terms of the contract,  
the well will be drilled and in  
operation the first week in July.  
The site for the well is situated just  
east of the curve in the Dixie high-  
way where the road comes up to the  
south bank of the Kankakee  
river travelling toward Momence.

Mr. Parrish, in a telephone con-  
versation with a Republican reporter  
this morning, stated that about 500  
acres of his land has been leased to  
the oil company which is the  
same firm which is signing leases  
in the vicinity of St. George and  
Edine.

Mr. Parrish also stated that the  
company has been working in the  
vicinity of Momence for the past  
five months and that geologists' re-  
ports show positive evidence of a  
basin of oil about 2 miles long and  
six miles wide extending from Mo-  
mence to St. George. The land  
leased starts at the south limits of  
Momence and runs in a north-west-  
erly direction to St. George.

The lease, signed with property  
owners around St. George, provide  
for the sinking of wells about  
August.

The Hughes company, alleged to  
be a subsidiary of the Standard  
Oil company, is positive there is  
oil in the land and the sinking of  
the well at Momence will determine  
whether or not there is sufficient  
oil in that vicinity to make further  
drilling operations pay.

## WILL CONSIDER NEW PAVEMENT

Public hearing for the proposed  
paving of West Hickory street, be-  
tween Fifth avenue and West ave-  
nue, will be conducted at the city  
hall council room tomorrow  
morning at 9:00 o'clock by the Board  
of Local Improvement. Mayor  
Louis E. Beckman will preside.

If the proposed public improve-  
ment meets with the approval of  
the property owners, it is planned  
that the street will be paved to the  
width of thirty feet.

A public hearing for the proposed  
paving on East Hickory street was  
conducted several days ago, but on  
the request of the property owners,  
action was postponed until after the  
first of the year.

Mrs. Elizabeth Mann transacted  
business in Chicago today.

## 4 Momence Violators To Prison

East St. Louis, Ill., June 26.—(P)—  
Four men arrested in connection  
with seizure of a 2,000 gallon capac-  
ity whisky still in Kankakee county  
last February, were sentenced today  
to two years each in Leavenworth  
federal prison for conspiracy to vi-  
olate the prohibition act.

The men are Stanley Maruskey of  
Chicago, William Skeldon and Frank  
Rogers, Bloomington; and Leve  
Fieleske of Momence. Gustave Piel-  
cke, father of Leslie, was fined \$500.  
The men all pleaded guilty before  
Federal Judge Fred L. Wham last  
Thursday.

They were operating what was de-  
scribed as the largest whisky still  
ever found in the eastern district of  
Illinois when it was raided by pro-  
hibition agents from Chicago. It was  
on the Nell Haven farm, six miles  
from Momence. The men had leased  
the farm from Walter Mills of  
Glencoe Ill., who caused their ar-  
rest. Agents found 90,000 gallons of  
mash and 550 gallons of alcohol in  
the raid.

lar local man who died Monday  
evening at St. Mary's hospital.  
Burial was in Mount Calvary ceme-  
tery. The church services were at  
9:30 o'clock.

There were eight pallbearers as  
follows: Dr. C. K. Smith, Julian  
Wilhelm, Charles Riley, Walter J.  
Richert, Sidney Lambert, Kenneth  
Gray, Will Riemus and Harry She-  
key.

Miss Lucille Puts is spending a  
few days in Manhattan visiting with  
friends.

## NEW BISHOP OF PEORIA INSTALLED

RT. REV. JOSEPH H. L. SCH-  
LARMAN SUCCEEDS THE  
LATE BISHOP DUNNE

## CARDINAL MUNDELEIN

Is Officiating Prelate At Cere-  
monies; Church Digni-  
taries Present

By R. H. HIPPELHUSER  
Peoria, Ill., June 26.—(P)—The  
Right Rev. Joseph H. L. Schlarman,  
who was installed as bishop  
of Peoria today by a prince of the  
Catholic church, Cardinal  
Mundelein, Archbishop of Chicago.  
His eminence's presentation to  
Bishop Schlarman of the Crozier,  
Symbol of the Prelate's authority,  
filled the throne left vacant last Oc-  
tober by the death of the Rt. Rev.  
Edmund M. Dunne, bishop of the  
Peoria See for two decades.

While he intoned the Te Deum,  
Bishop Schlarman was vested at the  
baldstool in St. Mary's Cathedral by  
his assistant deacon. Led by Car-  
dinal Mundelein in the center of the  
sanctuary, his lordship was installed  
in the Throne of the Spiritual Shep-  
herd.

The bills of appointment from Pope  
Pius XI, issued by Andreas Car-  
dinal Frudwirth, chancellor of the  
Holy Roman Catholic church, were  
read by the Rev. Thomas A. Shea,  
chancellor of the Peoria Diocese.

The very Rev. Gerald T. Bergan  
welcomed Bishop Schlarman to the  
diocese and then relinquished his  
administrative which he has held  
since Bishop Dunne's death.

Impressive by their reverential  
grandeur, the services were attended  
by nearly 300 ecclesiastics from the  
middle west, including Bishop Ed-  
ward Hoban, Rockford, Ill.; Bishop  
Henry Althoff, Belleville, Ill.; and  
Bishop James Griffin, Springfield,  
Ill., and nearly a score of Monsie-  
nori.

Following the bishop's enthronement  
the priests of the diocese sealed  
their obedience by filing through  
the sanctuary and past the throne,  
kissing the bishop's ring as they  
kneled.

The celebration of Solemn High  
Requiem Mass Coram Cardinali by  
the Rev. Lewis Selva, priest of the  
Piper City, Ill., parish for 53 years,  
closed the installation services.

Cardinal Mundelein consecrated  
Catholic diocese of Peoria today  
Belleville, Ill., in the Cathedral  
where the new prelate has been  
pastor for 2 years.

The youngest of ten children,  
Bishop Schlarman's progress from  
the plowhandle to the Crozier re-  
veals much of the romanticist as  
well as the ecclesiastic.

Born in Clinton County, Ill., 51  
years ago, Bishop Schlarman spent  
his boyhood on a farm. Entering  
Quincy college after his grammar  
school days, he was taught by Fran-  
ciscan Fathers, who instilled in him  
the desire for study abroad. In the  
Cathedral at Brizen, Tyrol, Austria,  
June 29, 1904, he was ordained  
priest, after which he went to Rome  
for graduate study. The Gergorain

## G. W. MARKERT CALLED TODAY; FUNERAL SAT.

George W. Markert, 35, father of  
Carl W. Markert, president of the  
Kankakee Bank Company, died at  
the latter's home, 342 South Myrtle  
avenue, at 4:30 o'clock this morning.  
The body is at the St. Martin's  
Temple where friends may call un-  
til Saturday noon. At that time  
the body will be removed to Wil-  
mington, Ill., where funeral serv-  
ices will be conducted at the Masonic  
Temple there at 3:00 o'clock, under  
the auspices of Wilmington lodge  
A. F. and A. M., of which Mr. Mar-  
kert was a member.

Mr. Markert had spent the most  
of his life at Wilmington. He was  
born at Mokena, Ill.; June 7, 1895,  
and moved to Wilmington with his  
parents when still a small boy. He  
was united in marriage to Miss  
Louise Schweigert at Wilmington,  
November 9, 1919. Mrs. Markert  
preceded him in death five years  
ago.

For the past two years, Mr. Mar-  
kert had made his home in Kan-  
kakee with his son. Beside the son  
in this city, he leaves one other son,  
O. J. Markert of Riverdale, Ill., and  
one daughter, Mrs. A. D. Miller of  
Naperville, Ill.

## AS LEADER OF HOLDUP BAND IN KANKAKEE

MRS. "TOOTS" CLARK POINTS  
OUT FALLEN BANDIT AT  
TOLEDO, ILL.

## PROPERTY RECOVERED

Jack Dunken, Who Stayed At  
Local Hotel, Also Identified  
As Member Of Gang

## BULLETIN

Just before press time, Chief  
John Stack received a wire from  
Detectives Ed Imming and Wil-  
liam Cantlin at Toledo, Ill., stat-  
ing that Jack Dunken, who was  
registered at the Lafayette hotel  
here last week with two other  
men, has been identified by Mrs.  
"Toots" Clark as one of the three  
men who robbed her last Saturday  
night. The wire also stated that  
a part of the loot has been recov-  
ered.

Carl R. Beese of Urbana, Ill., re-  
puted leader of the gang which day  
before yesterday robbed the Noble  
National Bank of Noble, Ill., of  
\$10,000 in cash and \$50,000 in ne-  
gotiable securities, and who was later  
shot and killed at Toledo, Ill., by a  
force of deputies and farmers, has  
been identified as the leader of the  
band of three men who held up and  
robbed Mrs. "Toots" Clark of this  
city last Saturday night, taking  
about \$4,000 in loot, including money,  
jewelry and clothing.

Accompanied by Mrs. Clark, Ed  
Imming, police detective, and Wil-  
liam Cantlin, special investigator,  
left early this morning by auto for  
Toledo, arriving just before noon.  
The inquiry for the dead man was  
then in progress. As the three vic-  
tims from Kankakee entered the  
court room, Mrs. Clark at once  
spied the sweetheart of Beese, wear-  
ing one of the coats which was  
taken from her home last Saturday  
night.

Identified by Mrs. Clark.  
In a telephone message to John  
Stack, Kankakee Chief of Police, at  
noon today, the officers stated that  
Mrs. Clark had also identified Beese  
as the man who had led the holdup  
at her home. She also identified  
some of her property. Chief Stack  
ordered that Beese's sweetheart,  
whose name was not given in the  
telephone message, to be brought  
back to Kankakee and the officers  
stated that they believed this could  
be arranged.

The three remaining members of  
the bank robbing gang are at Olney,  
Ill., about 60 miles from Toledo, and  
Detectives Imming and Cantlin told  
Chief Stack that they were going on  
to Olney to see if Mrs. Clark could  
identify them as being the same  
gang which robbed her. It is believed  
certain that the two bands are 1-  
dential, but that in the case of the  
Clark robbery, it is believed that  
one of the bandits remained outside  
in a car while his three companions  
effected the holdup.

When arrested after the gun bat-  
tle.

Prize Fighting For Life

NEW YORK

It is getting so in this world that if you go to a prize fight you might as well leave after the preliminaries. There you sit hopin' to get your money's worth but you don't. Out comes a big old lumox and pokes another lum in the stomach and the fight is over. Maybe you bought a ringside seat and maybe you didn't. It don't matter. Anyway you take it, you lose. I wouldn't want to take any snap judgment on it but just offhand I would say that you could save yourself a lot of money and time and trouble by just stayin' at home and pokin' yourself in the stomach. There you are. I thank you.

HOW'S your HEALTH  
Blood Suckers

Blood-sucking insects have been the greatest enemy of mankind since the dawn of time. Mosquitoes, fleas, ticks, bed-bugs, lice and the like have been responsible for the transmission of some of the most devastating diseases afflicting mankind.

To list but the principal among these, we find malaria, yellow fever, typhoid, and the like. Blood-sucking insects spread these diseases and the population is generally better informed as to the danger of these pests.

The southern states, because of many swampy regions, are the most infested. Malaria, for example, is one of the most common diseases of the South. It is caused by a parasite which is transmitted by a mosquito.

Every case of human malaria is caused by a mosquito. The mosquito is the only one who can transmit the disease. It is a very small insect, but it is a very dangerous one.

Imported commerce, mostly from France, has led to the introduction of the mosquito into this country. They are valued at nearly a million dollars in 1929.

A Chicago University is investigating a "bite detector" to be used in connection with the mosquito.

A new motion picture machine makes vast pocket motion pictures in six minutes for twenty-five cents.

That's a foolish question," replied Jerry.

"How would you like to have some one thumping on top of you like you, yellow cat?" something like that. Jerry looked at the critical moment. I heard that first voice again. "You careless fool," it said. "I won't concede that I am slipping in nerve until some one else does it with only one belt."

"Well, I haven't done that stunt yet. But I won't concede that I am slipping in nerve until some one else does it with only one belt."

"I do hope it isn't Mrs. Muktak," said Jerry. "She is a very nice woman, but I don't want to see her slipping in nerve until some one else does it with only one belt."

**Cases on Contract Breakers**

Crises of real estate purchasers failing to complete the contract under which they bought property here in the days of ancient Egypt, Babylon or Assyria, because they doubted the consequences promised in the contract to the purchaser who would break it. The curse of Nibh, king of heaven and earth; of Shra, the sun god, of Galu and Oold were but few of the afflictions assailed the one who wrenched out of a deed. These things were written into the contract, so that there may be no mistaking the importance of the transaction.

**Flyer's Superstition**—A traveler recently returned from Germany tells of the superstitions of some German aviators. He says, who flag regularly even Eases and Berlin, always is a walking stick with him in his right hand, which he believes pre-had luck. Once, while his fingers consisted of a number of small bones, he took off and after five minutes was returned to the airplane. The crew aboard thought the plane suddenly developed motor trouble. When the plane landed, the pilot ran to his locker-room and shed with his case. "I don't know if I lose my position, I can't without it. Something terrible will happen," he said.

# ENDURANCE FLIERS HOPE TO SUCCEED

## FOUR FLYING HUNTER BOYS OF SPARTA SOARING OVER SKY HARBOR, CHICAGO

### Sister Does Her Part In Preparation Of Daily Meals

By WALTER BROWN  
Chicago, June 25.—(P)—The four flying Hunter boys of Sparta, Ill., started virtually all their money on an airplane endurance flight which, if it is continued, will surpass the record at 6:01 o'clock next Sunday morning. At 3:40 a. m. today the plane had been in the air 247 hours. Walter, the eldest, said they had pooled their funds to expect to be able to last \$200,000 if the flight was successful.

The smooth sailing that had marked the flight for two grueling weeks turned rough last evening when heavy gasoline tank under the left wing developed. The circumstances necessitated night refueling, with its hazards.

In notes dropped to the field, said efforts were being made to repair the tank, and spoke of the added caution needed in handling the plane due to the change of balance.

The Hunters are confident of ample checks from the makers of the various mechanical devices being used. They hope to write stories of the effort, and they anticipate financial assistance from the milk and other food concerns and makers of the gasoline and oils used. Theatrical engagements will be labor, Walter added.

Forest O'Brien and Dale Jackson, of St. Louis, holders of the record, kept their plane aloft 430 hours, 21 minutes. The Hunters hope to keep their single-engine ship soaring over the sky harbor, a suburban airport, 500 or more hours.

While the two younger Hunters, John and Kenneth, still in their early 20's, pilot the endurance plane, Walter and Albert, fly the refueling ship. A fifth Hunter, Irene, hurried from her school teaching in southern Illinois to supervise the engine department. She said that the "flying brothers in the world" have what they want to eat, and that, plying hot or icy cold, as they desire.

A sixth Hunter, mother of the quietest, has followed the flight's progress at her farm near Sparta. She will be at Sky Harbor "from Saturday on," observed Irene.

"Failure" Well, the Hunters will be back to the airport, to the little farm, to the airmail, to restore family funds and pay off debts they incurred. John and Kenneth are mail pilots. Walter has an interest in a coal mine near Sparta.

Colonel Lindbergh was aviation inspiration to the Hunters because he was forced down near their house on a dark night. He spent the night at the sister's home. Lindbergh then was flying the Chicago-St. Louis airmail.

### Hitchcock to Run

Former United States Senator Gilbert M. Hitchcock, above, of Nebraska, chairman of the foreign relations committee during the Wilson administration, has announced his candidacy for the senate seat now occupied by George W. Norris, Republican. At the last two Democratic conventions Hitchcock has been a "favorite son."

### Family Fliers Carry On

The Hunter boys, Walter and Albert, letting down the refueling hose to their brothers, John and Kenneth, while the latter tried for a new endurance record at Chicago. Down below their sister cooked for the four boys.

American Ice Sheets  
In North America three ice sheets have been identified. The Labradorian in the northeast had its center in northern Quebec, whence it spread in every direction to the south. Its flow covered the entire continent and reached as far as New York and Cincinnati. The Keweenaw sheet, radiating from the Keweenaw point, came into contact with the Labradorian sheet, and on the other hand met the Gulf of Mexico. The Cordilleran diverges from an axis southwest of the Rocky mountains and in its full development may have come in contact with the Keweenaw and the Labradorian sheets. The drifts area of Wisconsin, Michigan and the Lake Superior region was left untouched. Just why this area escaped is by no means clear.

Mr. and Mrs. William H. Albee, Carmel, Cal., who chose for the honeymoon a dangerous trip through the Alaskan wilds from Fairbanks to Dawson, have disappeared.

The fliers, in notes dropped to the field, said efforts were being made to repair the tank, and spoke of the added caution needed in handling the plane due to the change of balance.

The Hunters are confident of ample checks from the makers of the various mechanical devices being used. They hope to write stories of the effort, and they anticipate financial assistance from the milk and other food concerns and makers of the gasoline and oils used. Theatrical engagements will be labor, Walter added.

# DOUBT IF TUBE CAN BE SALVAGED

Havana, June 25.—(P)—Doubt was expressed today that the \$1,000,000 tube which broke its moorings and sank to the bottom of the ocean off Matanzas yesterday could be salvaged.

The tube, built by Professor Georges Claude, French scientist, in an effort to revolutionize industry by putting the gulf stream to work, was a mile long and large enough for a young boy to walk through erect.

When the valves on the compressed air tanks at the extreme end of the tube were opened the dead weight of the tube snapped the inch-thick cables holding it and the tube sank in nearly 4,000 feet of water.

Engineers said the tube would break in pieces if an attempt were made to raise it. Professor Claude remained silent as to his next step. The tube was constructed to haul water from the ocean depths to be used to condense steam which Professor Claude hoped to obtain by

submitting the warmer gulf stream water to vacuum.

Professor Claude believed energy could be produced with 75 per cent efficiency.

# SAYS COMMITTEES CANNOT CHANGE MIND

Springfield, Ill., June 25.—(P)—District central committees of political parties in Illinois, which have been asked to change their minds as to the number of candidates for the state legislature to be nominated in the senatorial district, under a ruling made by Attorney General Oscar C. Carlstrom.

As a result of the attorney general's opinion, the name of Edward Hayne, of Ottawa, has been added to the list of Democratic candidates for the 39th senatorial district by the state canvassing board, Secretary of State William J. Stratton announced today.

The question as to whether or not the committee could change the number of candidates to selected arose following three meetings of the committee of the 39th district. At the first meeting, the group decided to nominate two candidates for the lower house and the proper notice was given the secretary of state.

Subsequently the committee met again and passed a resolution asking for the nomination of only one person but did not rescind the former resolution. At a third meeting a resolution which provided for the nomination of one candidate and restricted all former action of the committee was passed.

"From the facts," Attorney General Carlstrom said, "I am of the opinion that the first resolution, which, which complied in all respects with the requirements of the primary act was filed, the powers of the Democratic party at the primary for representatives in the general assembly were exhausted and that the committee could take no further action."

Although the secretary of state's office for many years has accepted similar amendments to resolutions filed by senatorial committee, the attorney general pointed out that the primary law contains no provision for the amendment or rescission of a resolution once passed, certified and filed.

Edmond P. Connerston, of La Salle, was the Democratic candidate certified before the controversy arose. Both he and Hayne will make the race at the November election.

Rotary rules heretofore have restricted membership to active business men, only one in each club from each district business or profession.

Another proposed resolution, suggested by the Rotary club of Madison, Wis., would elect half the board of directors each year for terms of two years. International directors now serve one year terms.

## THE OLD HOME TOWN

## RAIN AND HIGH WINDS DO DAMAGE

St. Louis, Mo., June 26—(AP)—Rain, accompanied by high winds which caused considerable damage late yesterday broke the heat wave which had gripped southern Illinois for several days.

Heavy damage to telephone and electric light wires and trees and minor damage to buildings was reported at Herrin, in Williamson county. There was a heavy rain-fall there. Marion, also in Williamson county, reported a wind of cyclonic proportions, which did much damage. Telephone and telegraphic communications were shut off in all directions for several hours.

A heavy windstorm, accompanied by rain, blew off the roof of the

grandstand of the Madison Kennel club. The dog track was closed for repairs. The fence surrounding the track was blown down in several places and electric light poles and wires were damaged. Officials estimated the damage to the club at \$5,000. The storm also caused heavy damage to the club at \$5,000. The storm also caused heavy damage around Sunset Hill, four miles south of Edwardsville.

The roof of the telephone exchange at Carbondale, in Jackson county, was blown off and the telephone system temporarily put out of commission by water-soaked wires. Three telephone operators were cut by flying glass. The Auto Top and Paint company building and two other buildings were damaged.

Barns were unroofed around both Marion and Harrisburg and it was necessary to remove debris from the highways. A hailstorm did some damage near Johnston City and the wind badly damaged two brick houses on the Marion-Carbondale road.

North of Murphysboro, trees were blown down and a few automobiles blown off the pavement. The lumber yard at Dowell was reported damaged.

Early estimates on the damage at Carbondale ranged from \$20,000 to \$30,000. Some houses in Carbondale were unroofed and a few streets were blocked by fallen trees.

Heavy damage was reported between Carbondale and Carterville several houses and barns were reported demolished.

Golconda, Ill., June 26—(AP)—One of the worst electrical and wind storms that has visited this section in years did considerable damage late yesterday.

Telephone and all other commu-

nications were cut off until repairs could be made. All through Pope and Hardin counties trees were uprooted, limbs scattered about and corn and tomatoes were flattened. The storm broke an intense heat wave.

## LOCAL PILGRIMAGE TO MOOSEHEART IS OPENED TO PUBLIC

An invitation to the citizens of Kankakee to visit Mooseheart, the home of childhood, was extended today by the members of the local Moose lodge and their ladies who will make the 55-mile trip to Mooseheart Sunday in automobiles.

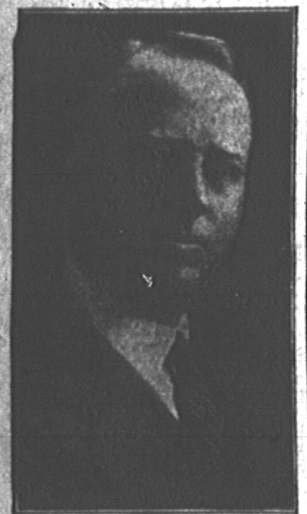

Those wishing to make this trip, and who have no cars, will be accommodated in cars furnished by Moose members. The Kankakee motorcade will leave at 8 o'clock Sunday morning from in front of the Knights of Columbus building. Persons not wishing to bring a basket lunch will be served by the girls of Mooseheart at the institution's cafeteria for a nominal charge.

Mooseheart is recognized as being the world's best equipped and most modern children's home. It is a slight well worth travelling such a short distance to see.

Humano

Jack spent his holidays shopping with his aunt and was fascinated by the crowds, many of whom carried bright umbrellas. On reaching home that night, he remarked: "Aunt, I want a flannel umbrella." "A flannel umbrella! But why?" "To keep its ribs warm," he said.

## GENERAL MANAGER, STATE AREA, OF BELL TELEPHONE

**PAUL J. RAMSEY**

Paul J. Ramsey has been appointed general manager, State Area, Illinois Bell Telephone Company, according to an announcement made June 25. The State Area includes all the company's territory except the city of Chicago. Mr. Ramsey succeeded William O. Kuris, who on the same day was appointed general manager for the Chicago Area.

Mr. Ramsey is a veteran of twenty-seven years in the telephone service, spent mostly in the plant organization. Starting in 1903 as a station installer's helper in Los Angeles, he was assigned to several different companies and repeatedly promoted until in March, 1928, he was made general plant manager for the Chicago Area, where his

work has been conspicuously successful. Mr. Ramsey was a major during the World war and served as Signal Corps representative on the Armistice Commission.

Directors of the Illinois Bell also elected F. O. Hale president of the company, succeeding W. R. Abbott, who becomes chairman of the board. B. E. Sunny, former chairman, has retired from active service. A. H. Mellinger, general manager, Chicago Area, was elected vice president in charge of operation to succeed Mr. Hale. U. P. Cleveland was chosen

vice president in charge of finance and accounts, succeeding Benjamin S. Garvey, retired.

**Had Her Approval**

"Come along, Dolly," said the nurse, "Mummy's going to let you see your new baby brother."

Dolly was led into her mother's room. For a few moments she gazed in silence.

"Well, darling," said her mother at last, "what do you think of him?"

Dolly nodded an approving head. "Oh, he's nice!" she announced. "I always did like that shade of pink!"
