Special Dollar Day Edition of Kankakee Republican-News

KANKAKEE DOLLAR DAY

Wednesday, February 17th

Sponsored by the Retail division of the Kankakee Chamber of Commerce as one more service in establishing a definite trading center for the 92,000 persons in this trade area. The advertisements in this section and in tomorrow's edition are invitations to you to acquaint yourself with the fact that quality merchandise, well selected and displayed can be bought at a savings in Kankakee. The merchants whose advertisements appear on the following pages invite you to visit their stores on Dollar Day, Wednesday, Feb. 17, and want you to profit by their outstanding offers. They are putting every effort behind this Dollar Day to make it the biggest and most interesting ever sponsored in Kankakee.

SHOPPING ARMY TO DESCEND ON LOCAL STORES

Newest Merchandise
in Semi-Annual
Sales Event.

RARE BARGAINS

A small army is expected to march into the loop on Wednesday morning and take Kankakee's stores by storm. The army will be novel in many respects—it will be composed mostly of women who haven't mobilized yet, its munitions will be dollars, and its objective will be to capture these firms' merchandise.

Most of the shock troops are veterans, having been through several skirmishes of this kind before. The defenders, composed of merchants and their employees, are better prepared for Wednesday's invasion than they have been in many years.

Through the advertisements in tonight's issue of the Republican-News, the attacking forces will map their plan of battle. At 8:30 a. m. sharp, one wave of shrewd shoppers will advance on Court street shops, while penny-wise housewives will start a flanking movement on Schuyler avenue, then maneuver to other "key" streets.

Dollar Barrage
Massed behind them will be a sizeable reserve strength of prudent purchasers who will advance in waves throughout the day, firing a barrage of dollars at clerks and merchants. The latter's "counter" attack will consist of unprecedented values, tempting prices, good merchandise and courteous service.

The indefatigable legion of shoppers recruited from the wide Kankakee trade area have come to anticipate these semi-annual marching days with pleasure and an awareness of their money goes farther than at any other time of the year.

Good Merchandise
Modern merchandising methods cultivate Dollar day business with honest-to-goodness bargains, consisting in many cases of stock fresh from the packing cases. Merchants do this because they realize the value of creating a shopping center of ever-widening radius.

They welcome this invasion of their stores on Dollar day each year because it is a means of winning new friends and renewing cordial relationships with old customers. Everyone loves a bargain and they'll be plentiful when the housewife platoons assemble Wednesday morning.

HONORED

Paul F. Harris (above), Chicago attorney, who founded Rotary International 33 years ago, will be guest of honor at midwinter club in Chicago Feb. 22 when anniversary of the organization is celebrated. (Associated Press Photo)

Bandit With Glasses Robs Oil Station

Thirteen dollars was missing from the cash drawer of the Sossoman gasoline service station at Aroma Park after the station was visited Saturday by a bespectacled and amiable thief, otherwise unidentified.

He was accompanied by another man who, however, remained in the automobile and of whom there is no description.

The proprietor's daughter, Miss Catherine Sossoman, was alone in the station when a new black sedan appeared. One of the men got out and ordered gasoline and, while the girl put it in the tank, he slipped inside the station "to get warm."

He had the exact change when he came out, hurriedly got into the car and drove away.

An investigation was made by Sheriff John Stack and Deputy Gene LaFontaine.

Big League "Umps" Here on Wednesday

Two big league umpires—G. I. Magerkurth of the National League and Louis Kolls of the American League—have been scheduled by the Elks lodge of Kankakee to appear before the membership Wednesday evening to give an illustrated lecture on "Major League Baseball from an Umpire's Viewpoint."

Magerkurth, a veteran arbiter, has had many years' experience on the lecture platform, giving some of the amusing incidents and anecdotes of the nation's pastime. This year he is appearing with Umpire Kolls so that the viewpoint of both major circuits will be discussed.

Raiche Wins Suit for \$35 Damages

A suit for damages, by D. M. Raiche against E. G. Chabot, both of Kankakee, has been decided by Justice Fred R. Smith in favor of Raiche, who has been given a judgment of \$35.

The case, heard by Justice Smith several days ago, was the result of an automobile accident last Sept. 30 on Cobb boulevard between Myrtle and Evergreen avenues.

PLEA TO HALT EXECUTION OF MRS. M. BOLTON

Case of Self Made
Widow to Board
of Pardons.

HAS CONFESSED

Springfield, Ill., Feb. 15.—(AP)—Three psychiatrists testified before the state pardon board today that Mrs. Mildred Bolton of Chicago, under death sentence for the murder of her husband, is "legally sane" but of a disordered mind.

They said the woman's mental state should not bar her execution under the law.

The testimony was given by Dr. Paul L. Schroeder, state criminologist; Dr. Harry R. Hodman of the Cook county behavior clinic and Dr. H. Douglas Singer, state alienist.

The pardon board heard the appeal for executive clemency brought for Mrs. Bolton by Benjamin Bachrach, Cook county public defender.

Negro Blood?
The three Chicago doctors testified that the investigation indicated Mrs. Bolton had negro characteristics and that she did not deny she had Negro blood.

Morris Meyers, assistant state's attorney, opposed the efforts to commute the death sentence.

Dr. Singer testified Mrs. Bolton said she loved her husband and wanted to die so she could join him.

The pardon board was told by Dr. Schroeder that Mrs. Bolton declared she didn't want the sentence changed and was aware of her husband's alleged infidelity but didn't blame him for it.

He found the condemned woman suffering from delusions of persecution and discrimination.

Dr. Hoffman quoted the woman as saying, "I didn't intend to kill him but meant to kill myself, but I feel I was justified in the shooting."

Hint of Suicide
Hoffman also testified that Mrs. Bolton told him that "if she goes to the electric chair, the state would relieve her of killing herself."

Bachrach claimed that leniency should be shown her on the ground that she should have been charged with manslaughter rather than murder, and that the "whole case involved 'strictly a family row.'"

Declaring that Mrs. Bolton had not planned to kill her husband but (Continued on page two)

Public Service Co. Issues '36 Report

Chicago, Feb. 15.—(AP)—Public Service company of Northern Illinois reported today 1936 consolidated net income of \$3,739,330, compared with \$3,388,344 in 1935 as adjusted.

This was equivalent to \$4.16 per share on the outstanding common stock against \$3.78 in 1935.

Operating revenues totaled \$39,535,896, an increase of 8.5 per cent. Operating expenses and taxes increased 14.1 per cent. Electric sales gained 19.7 per cent and gas sales gained 22.7 per cent. Number of customers increased 2.7 per cent to 454,924.

2,367 in County Are Seeking Jobs

There were 2,367 persons in Kankakee county registered with state and federal employment bureaus as active applicants for employment as of June 30, 1936, according to figures announced today by the labor department in Washington.

France Renews Demands That Fascists End Aid To Franco; Will Not Tolerate Invasion

Paris, Feb. 15.—(AP)—Premier Leon Blum warned Italy today that France will not tolerate the "open invasion of Spain."

Informal sources disclosed the Socialist premier, in a long talk with Vittorio Cerruti, the Italian ambassador, declared the reported landing of Italian troops near Malaga from an Italian warship was a flagrant violation of Italy's non-intervention pledges.

He also told Cerruti that France regarded such intervention as a potential threat to her North African communications.

International reports have stated that the landing of at least 12,000 Italians preceded Spanish insurgent capture of the seaport of Malaga.

France's foreign office is ready to demand international control of the men and arms that are going to Spain by February 28, with or without the help of Portugal responsible persons said.

This statement followed Premier Blum's declaration that France cannot accept continued open violations of European neutrality in Spain.

Threat to Portugal
Informal persons asserted that if Portugal still refused to cooperate in permitting neutral supervision of her borders, the Franco-British fleet should, in effect blockade the Portuguese coast.

At the same time police authorities in Morocco began an investigation of reports that members of the French foreign legion were deserting in an organized manner in order to furnish recruits for General Francisco Franco's Spanish insurgent army.

Newspaper reports from Rabat said a deserter speaking German had been arrested, and that police had raided the headquarters of what appeared to be a "deserters' bureau," apparently directed from Spanish Morocco.

In a virtual ultimatum to Europe, France demanded an end of bickering over international efforts to isolate the Spanish civil war.

An implied warning by Premier Blum to Italy and Germany that his Socialist government would not tolerate open intervention dramatically prefaced Ambassador Charles Corbin's trip to London to renew neutrality negotiations today.

Nazi Axeman Is Kept Busy Over Weekend

Berlin, Feb. 15.—(AP)—The white-frocked executioner of Berlin's Plötzensee prison swung his axe three times at dawn today, beheading three Germans accused of high treason against the third Reich.

The victims were Friedrich Richter, 29, Guenther Galgan, 25, and Johannes Eggert, 39.

Although the executions were not announced in newspapers, the news was prominently posted on billboards at the busiest intersections in Berlin, apparently as warning that punishment is still stern and swift for active enemies of the Nazi regime.

The three decapitations brought the number of week-end executions to six. Of three men beheaded Saturday, one was sentenced to death for treason, and two for "non-political" murders.

Thomas Neal Buys Restaurant Site

The purchase by Thomas Neal of West Kankakee of approximately 11 acres of land lying between the fairgrounds and Mound Grove cemetery on the Governor's highway was announced today.

Mr. Neal said he is remodeling the present building on the property and erecting others to provide an up to date restaurant and a modern gasoline service station.

It is his intention, he stated, to make the establishment one of the largest and most modern of its kind in the county.

NORTHWEST IS PARALYZED BY WINTY BLAST

Blinding Snow And
Freezing Weather
Cause Deaths.

TRAFFIC HALTED

By the Associated Press
At least four deaths were attributed today to freezing weather and snow storms that visited the northwest and far west over the weekend.

Highway traffic was virtually paralyzed by snow in parts of Minnesota and the Dakotas. Southern California suffered "drenching rains and a dust storm swirled over the Oklahoma Panhandle."

Motorists Killed
Two Minnesota motorists were killed in traffic accidents during a blinding snowstorm. A South Dakota farmer lost his way in a snowstorm and perished within a mile of his home. A man missing two weeks was found frozen to death west of Grants Pass, Ore.

The frozen bodies of a man and woman were found in a snowbank on a side road near Dodgeville, Wis. The man, Charles Pettermann, 45, had been shot to death with a shotgun, found near his body, and the unidentified woman had been beaten to death.

Highway crews worked in 24 hour shifts to rescue marooned motorists in Minnesota. Hundreds of automobiles were stuck in drifts. Federal weather observers said many side roads would remain closed until spring.

Flee Inundated Homes
More than 200 families fled inundated homes in southern California. Police said about 1,000 Los Angeles basements were under water. Washouts disrupted some highway and rail traffic. Several communities were isolated by flood waters.

Relief crews won a five-day battle against snow to take food supplies to Denny, a mining settlement in the northern California mountain region.

Dust swept in blinding billows over northwest Texas and most of Oklahoma for the second time in two days. The worst storm raged in the panhandles of the two states where visibility dropped to one block at Guyton, Okla., and Amarillo and Borger, Texas.

Weather bureau observers said the plains region needed rain badly and moisture quickly would put an end to the dust.

Farm Horses Bring Good Prices Here

Prosperity is being felt in horse flesh as other businesses take on the aspects of a mild boom. In the sale held last week at the fairgrounds, acclaimed as one of the best in many years in this region, a team of roan mares brought \$400 and one yearling roan colt sold for \$175.

The balance of the farm horses varied in price from \$125 to \$175. Approximately 150 head will be put on the block at the next sale on Feb. 22, according to the managers.

Firemen Answer 4 Week-End Alarms

City firemen answered four alarms over the week-end, but in none of the blazes was damage more than a few dollars.

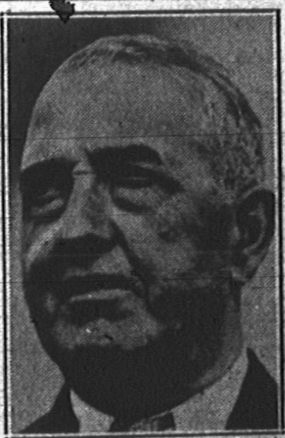

An overheated stovepipe scorched the wall at the home of Sam Hunter, 881 South Schuyler avenue, on Saturday afternoon.

Sparks from the chimney ignited wooden shingles of the roof of the H. C. Mathis residence, 363 East Jeffery street, causing about \$2 damage Saturday evening.

The trucks were called to Harrison and Hickory streets also on Saturday evening but this call proved unnecessary. A chimney in the Laird apartments was burning out but did not set anything on fire.

On Sunday evening the auto of William Newman, 952 South Dearborn avenue, caught fire in the 400 block of South Schuyler avenue. It was quickly extinguished.

TIN CAN CHIEF

The tin can tourists of the world, meeting in Sarasota, Fla., turned to Michigan again for their royal chief when they elected G. C. McKnight (above) of Coldwater, Mich., head of the organization to succeed Ira W. Green of Vassar, Mich. (Associated Press Photo)

Cooley Will Build 2 New Model Homes

George H. Cooley & Son, realtors, today announced construction of two new homes in the 1100 block of South Elm avenue has been started by the firm.

The homes, it was stated, will be air conditioned, with automatic heat, Carrara glass on bathroom walls, completely insulated and brick veneered. The style of one is German colonial and the other English, the latter being built for Mr. and Mrs. Harold Cooley.

Harold Cooley, junior member of the firm, also announced that he has sold his bungalow at 1055 South Elm avenue to Dr. and Mrs. J. A. LaMontagne.

The first model home started last year by the Cooleys has been sold to Mr. and Mrs. Ernest Hoff.

Voliva's Opponent Begins Jail Term

Milwaukee, Feb. 15.—(AP)—The Rev. Finis Jennings Dake, Zion, Ill. preacher, surrendered to federal authorities today to begin serving a six-months sentence for violation of the Mann act.

The preacher, who told his flock yesterday he was "the happiest man this side of heaven," because he had renewed contact with divine authority, was taken to the county jail to await removal to the house of correction. He was confined to the bullpen with half a dozen other prisoners.

The 34-year-old minister was sentenced last week in federal court after he pleaded guilty to charges he took a 16-year-old Kenosha girl on trips to Illinois.

Congratulations to New Yale President

New Haven, Conn., Feb. 15.—(AP)—Yale received congratulations of sister institutions today on her choice of Provost Charles Seymour to succeed Retiring President James Rowland Angell.

The 52-year old historian, elected by the Yale corporation Saturday to become Yale's 15th president, will take office next June when Angell's retirement becomes effective.

Dr. Angell will be 68, the mandatory retirement age for faculty members, on May 8, a month before the Yale commencement.

**NEW ASSISTANT DEAN
OF MEN AT ILLINOIS**
Champaign, Ill., Feb. 15.—(AP)—G. A. McConnell, graduate of the University of Illinois in 1935 and now a law school student, today took office to the dean of men, replacing David M. Larabee, resigned.

NO COMPROMISE ON COURT PLAN SAYS DEMOCRAT

Senator Burke Will
Propose Amend-
ment.

TO RETIRE AT 75

Washington, Feb. 15.—(AP)—Proposals for constitutional amendments and "advisory" national referendum emphasized today the split in Democratic ranks over President Roosevelt's court reorganization proposals.

Senator Ellender of Louisiana introduced a resolution to amend the constitution to require retirement of supreme court justices when they reach the age of 70.

Mr. Roosevelt asked congress for authority to increase the high court's membership to as high as 15 unless justices over 70 who are now on the bench retire.

National Referendum
Ellender acted shortly after Senator Burke of Nebraska, a leading opponent of the president's plan, said he would propose an amendment to provide for compulsory retirement at 75.

A far-western Democrat—Representative Smith of Washington—introduced the resolution calling for a national referendum.

He said in a statement he believed the people should have an opportunity to express their approval or disapproval since the president's program was not injected into the last election.

In outlining this alternative for the president's plan, the Nebraskan asserted that so far as he was concerned there "can be no compromise" on Mr. Roosevelt's proposal to increase the size of the supreme court unless justices over 70 retire.

Midnight Conference
At the same time, Burke said Attorney General Cummings' speech last night in behalf of that proposal was "an incomplete presentation of the case" which could be answered easily.

In his address Cummings suggested that if justices now on the supreme court bench believe an increase in their number would be harmful they could retire.

He said:
"Under the president's proposal if there is any increase in the total number of judges, it will be due entirely to the fact that judges now of retirement age elect to remain on the bench."

"If those judges think it would be harmful to the court to increase its membership, they can avoid that result by retiring upon full pay."

Mr. Roosevelt advanced the same reasoning in his message to congress proposing court reorganization. After a while house conference (Continued on page two)

Spanish War Vets to Observe Maine Day Here Tuesday

Maine day will be observed by the United States War Veterans of Kankakee, camp No. 65 at their meeting Tuesday in the G.A.R. rooms at the courthouse.

The observance is in honor of the 260 men who lost their lives when the battleship Maine was blown up in Havana harbor on Feb. 15, 1898, initiating war with Spain.

Commander Young will act as master of ceremonies. A. C. Warner will give the principle address, a eulogy of the battleship Maine will be given by A. Yeates and Ed Gaffield will sing a solo.

The camp reports that its sick members are all much improved. These are A. J. Choudreau, R. S. Bunsen, Bruno Mathews, S. Warren, Charles Rice and Willard Sikes.

THE WEATHER

(Monday, Feb. 15, 1937)

Hourly temperature readings from 1 o'clock Sunday afternoon to noon today are:

High at noon 28, low at 1 p. m. 28.

A year ago high 6, low -6.

1 p. m. 28 1 a. m. 29

2 p. m. 28 2 a. m. 30

3 p. m. 29 3 a. m. 30

4 p. m. 29 4 a. m. 31

5 p. m. 30 5 a. m. 31

6 p. m. 30 6 a. m. 31

7 p. m. 29 7 a. m. 32

8 p. m. 29 8 a. m. 32

9 p. m. 29 9 a. m. 33

10 p. m. 29 10 a. m. 34

11 p. m. 29 11 a. m. 35

Midnight 29 Noon 36

Sunrise today at 6:12, sunset Tuesday at 6:46, sunset at 5:13, moon sets at 10:58 p. m.

Cloudy, rain in south and rain or snow in north portion tonight and probably in east portion Tuesday morning, colder tonight and in east and south portions Tuesday.

DIZZY DREAMS IN WORLD

It is impossible to read the newspapers these days without having dreadful moments of fear that the world is fast going completely insane.

Two little boys hid the eye on the same day, recently. They came from opposite sides of the Atlantic and they had nothing in common—except that they mirrored a human society which, in at least some of its aspects, seems to need nothing so much as a quick trip to the lunatic asylum.

The first one came from New York, as do so many such items. It told about five boys who left their homes to move in on a night club, remaining there in defiance of their parents and of the club manager, basking gleefully in the attentions which chorus girls and bedfellow patrons showered on them, and remarking, "Boys! What a party!"

These lads, it seems, came from good families. Their parents were the sort whom the newspapers describe as "socially prominent," whatever that may mean.

And the spectacle which the youngsters made of themselves—sending home for pajamas, sleeping in the club, dining in the club's dressing rooms, basking gleefully in the attentions which chorus girls and bedfellow patrons showered on them, and remarking, "Boys! What a party!"

Now the other item was much less sensational. It came from London, and it read thus:

"Hundreds of women will wear gas masks at an 'at home' to be given on Friday by Mrs. G. Targuier, a member of the House of Commons, at her residence, 10, Grosvenor Gardens, London, to interest women in air defense. The government is co-operating by lending respirators and a lecturer. Tea and cakes will be served before the masks are donned."

When you stop to think, you can see that these two stories do have something in common in spite of their apparent dissimilarity. Neither one could conceivably have arisen in a world that was not more or less punch-drunk and out of its head.

And if the youthful New York night-clubbers reflect youth at its dizziest and most insane, it can only be said that the gas masked London tea party reflects an adult world that is simply grooving stupidly in the face of approaching catastrophe.

In a world whose grown-ups can offer to the menace of coming war nothing better than the defense of 300 women lifting their gas masks to sip tea and listen to a lecture on the chemical warfare department, it is hard to blame well-to-do youngsters over much for their own follies.

The world really isn't quite so insane as these two stories seem to indicate. But there are moments when the world's news is mortal hard to read.

TITLES
The other day a Laborite asked Prime Minister Stanley Baldwin to recommend a half in granting British titles pointing out that the practice was out of vogue in a democratic age. Mr. Baldwin refused. "Experience shows that the more democratic the country, the longer the honors list," he said.

While the prime minister's contention may not be strictly accurate, it does stress again the old fact that democracy cannot erase man's fondness for titles, however tiny they may be.

There is a firm believer in the equality of man, and a scornful critic of royal sham, who is a democratic citizen doesn't thrill to the newly acquired title of "Grand Sachem" or "Fifth Vice President." It would, in fact, be hard to have a brick nowadays without hitting a Kentucky Colonel. Or so it would seem to the number who have aspired to and been granted that honor.

SIDE GLANCES By George Clark

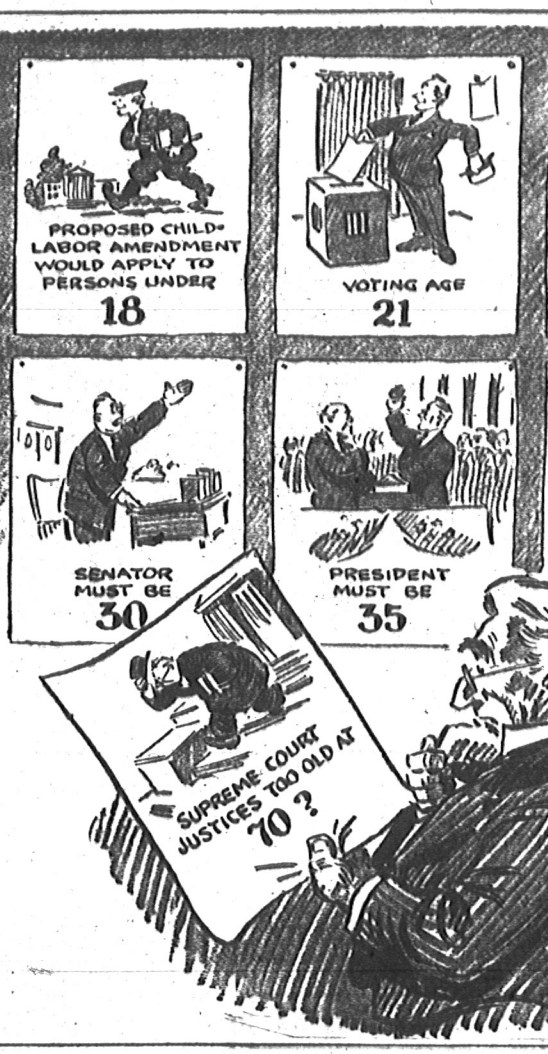

Next, something must enter his mind that makes it very important for him to sleep. So important that fear becomes secondary. Some of the more complete performance of his life.

What is this you will have to study out. Perhaps there is a young child very fond of his father who will take his father's place when he is gone. But he must not let his father know that he is so fond of him. He must not let his father know that he is so fond of him. He must not let his father know that he is so fond of him.

Through he be a firm believer in the equality of man, and a scornful critic of royal sham, who is a democratic citizen doesn't thrill to the newly acquired title of "Grand Sachem" or "Fifth Vice President." It would, in fact, be hard to have a brick nowadays without hitting a Kentucky Colonel. Or so it would seem to the number who have aspired to and been granted that honor.

Or, you're her mother, but I'm your mother and I won't let you soak her."

THE SEVEN AGES OF MAN

Men

By Mrs. Alexander George

Infancy: The first stage of man's life, from birth to the age of two. The child is completely dependent on others for food, clothing, and shelter.

Childhood: The second stage of man's life, from the age of two to the age of seven. The child is still dependent on others, but begins to develop a sense of independence.

Adolescence: The third stage of man's life, from the age of seven to the age of twenty. The adolescent is beginning to develop a sense of independence and is no longer completely dependent on others.

Young Manhood: The fourth stage of man's life, from the age of twenty to the age of thirty. The young man is now completely independent and is beginning to develop a sense of responsibility.

Manhood: The fifth stage of man's life, from the age of thirty to the age of forty. The man is now fully developed and is beginning to develop a sense of wisdom.

Old Manhood: The sixth stage of man's life, from the age of forty to the age of sixty. The old man is now beginning to develop a sense of wisdom and is beginning to develop a sense of independence.

Very Old Manhood: The seventh stage of man's life, from the age of sixty to the age of eighty. The very old man is now completely independent and is beginning to develop a sense of wisdom.

Very Old Manhood: The seventh stage of man's life, from the age of sixty to the age of eighty. The very old man is now completely independent and is beginning to develop a sense of wisdom.

Hollywood Sights, Sounds

By ROBIN COONS

Hollywood, Feb. 15.—Turning westward, we skim along the coast, to Point Mugu Fish camp. Off the main road a mile or two west in the French aerial bar, a couple of hangars, a "barbecue," a laundry, a truck, a car, a house, a garage, a workshop, a machine shop, and assorted tents. A couple of men, mostly in uniform, are busy there.

Sherman, even in the movies, was right. War corresponding is no pleasure—and this is only a location for "The Woman I Love." The huge canvas hangars billow in the cold wind that sweeps across the bleak wintry landscape. A single, undressed man has made up his mind and has retired under a blanket of cold. Sudden driving rain pelts the face with whips of ice, and cold feet become more than a state of mind.

SMOKE USED FOR FOOD
Smoke from firecrackers—used to simulate fire in the sky—was used in this outdoor scene and in the studio. The smoke was used to simulate fire in the sky—was used in this outdoor scene and in the studio.

They selected this site for its flat terrain, which must match that of the French film "Escadrille," shot here last week.

By Mrs. Alexander George

Infancy: The first stage of man's life, from birth to the age of two. The child is completely dependent on others for food, clothing, and shelter.

Childhood: The second stage of man's life, from the age of two to the age of seven. The child is still dependent on others, but begins to develop a sense of independence.

Adolescence: The third stage of man's life, from the age of seven to the age of twenty. The adolescent is beginning to develop a sense of independence and is no longer completely dependent on others.

Young Manhood: The fourth stage of man's life, from the age of twenty to the age of thirty. The young man is now completely independent and is beginning to develop a sense of responsibility.

Manhood: The fifth stage of man's life, from the age of thirty to the age of forty. The man is now fully developed and is beginning to develop a sense of wisdom.

Old Manhood: The sixth stage of man's life, from the age of forty to the age of sixty. The old man is now beginning to develop a sense of wisdom and is beginning to develop a sense of independence.

Very Old Manhood: The seventh stage of man's life, from the age of sixty to the age of eighty. The very old man is now completely independent and is beginning to develop a sense of wisdom.

WEDNESDAY FEBRUARY 17

By ROBIN COONS

Hollywood, Feb. 15.—Turning westward, we skim along the coast, to Point Mugu Fish camp. Off the main road a mile or two west in the French aerial bar, a couple of hangars, a "barbecue," a laundry, a truck, a car, a house, a garage, a workshop, a machine shop, and assorted tents. A couple of men, mostly in uniform, are busy there.

Sherman, even in the movies, was right. War corresponding is no pleasure—and this is only a location for "The Woman I Love." The huge canvas hangars billow in the cold wind that sweeps across the bleak wintry landscape. A single, undressed man has made up his mind and has retired under a blanket of cold. STEEL WORKERS AGREEMENT MAY BE NEXT FIGHT

John L. Lewis Will First Battle the Coal Industry. ON LABOR FRONT

Washington, Feb. 15.—(AP)—John L. Lewis probably will devote his entire attention until April 1 to a new contract for his own United Mine Workers, and then will demand a steel workers' agreement.

The present wage and hour agreement between the miners and soft coal operators expires at midnight, March 31. Negotiations toward a new contract are to start Wednesday in New York, with the miners and operators far apart in their proposals.

The operators will ask that the present 34-hour week be extended to 40, with no increase in pay. Coal men expect the miners to seek a 36-hour week with a pay increase of at least 15 per cent.

Under one side meets the other's demands of a compromise. Lewis' efforts in the steel industry will strike that day.

Mrs. Belle Wing of Grotton, S. D. was a guest at the Elmer Colthurst home the past week.
Mrs. Henry Thundel and son Donald were Chicago callers Tuesday.
Mr. and Mrs. A. W. Nutt and daughter Beverly Ann were Kankakee callers Friday.

MEN RETURN TO WORK AS STATE TROOPS PATROL
Anderson, Indiana is Quiet After Disorders.
MILITARY RULE
Anderson, Ind., Feb. 15.—(UP)—Five hundred Indiana national guardsmen patrolled the area around General Motors corporation plants here today as 10,000 employees went to work after a week-end of disorders which caused Anderson to be placed under martial law.
Col. Albert H. Whitcomb, in charge of the national guardsmen sent here Saturday by Governor M. Clifford Townsend, placed his men in the vicinity of the Delco Remy and Guide Lamp plants but there were none in the buildings.
The full force of 8,000 went in the Delco Remy factories while approximately 2,200 were called back to work at the Guide Lamp plant. Company officials said others would go to work later in the week.
10 Injured, 13 Arrested
Complete quiet prevailed yesterday in contrast to the disturbances early Saturday in which ten men were injured and 13 arrested in a fight at a tavern.
Col. Whitcomb conferred last night with representatives of the United Automobile Workers of America and told them they could hold their meetings this week provided military authorities received formal notice three hours before the meeting time.
Victor Reuther, U. A. W. A. organizer, said a meeting of the ladies auxiliary of the union would be held tonight.
Col. Whitcomb explained the provisions of the martial law order to the unionists last night after they had sent a telegram to President Roosevelt asking that he intervene.
The telegram, charged Governor Townsend with "refusing to guarantee our members their inherent rights and civil liberties."
Grand Jury to Act
Reuther explained that union members feel Emory Shipley, operator of Saturday, also should have been in the tavern where the fight took place. Shipley fired a shotgun in

SIMPLE TO SEW
Used by LAURA L. BAIRD, A. M.
For many years Junior Professor of Household Arts, Teachers College, Columbia University, New York, N. Y.
Illustrated by a woman in a long, flowing dress, standing next to a sewing machine. The text "Slim Pleats for Full Figure" and "Size 36-50" is visible.

Illinois G.O.P. Plans Attack on Court Proposals
Springfield, Ill., Feb. 15.—(UP)—Hopes for some Democratic help, Republican strategists in the legislature planned today for an attack upon President Roosevelt's court reorganization project.
Senators and Republican senators and legislators have drafted resolutions denouncing the plan to enlarge the supreme court at Washington if any justices don't retire.
Senators in support of a supreme court resolution.
Distinctly in the minority, the Republicans said they could bring the issue to debate but wouldn't be able to get a resolution adopted in either house without help from the other side. GOP leaders considered the possibility of a caucus with the regular session returns to work tomorrow.
Other bills backed by administration officials are expected to be introduced this week, however.
The insurance code backed by Director Ernest B. Smith is scheduled to be introduced in both houses Wednesday. It was twice defeated by the last general assembly.
Conservation Director Charles F. Thompson said his fish and game codes, also defeated in 1935, are again ready for introduction.
House committees are ready to open hearings and the legislative reference bureau has drafted another series of bills at the request of individual legislators.
AROMA PARK
The "Look-it-up" club, composed of pupils in the upper grades of the Aroma Park school, held a party and meeting at the home of Mrs. Oliver Burkett, principal of the school Friday night. About 30 were present. New members were taken in and class pins and certificates were awarded to older members. Refreshments were served and 50 was played.
To the crowd during the disturbance. Anderson officials said the Madison county grand jury would be called into session to investigate the trouble.
Col. Whitcomb expressed the opinion that the "critical period" would come today with General Motors employees going back to work after the week-end shut-down.

Budapest Duelist Slightly Wounded
Budapest, Feb. 15.—(UP)—Dr. Franz Barga, a near-sighted Olympic fencer, was slightly wounded Saturday afternoon in a duel with a Hungarian fencer. Barga, whose mother allegedly gossiped about Barga's debutante wife, to a sharp engagement. They met yesterday.
For an hour and a half they fought in the seventh round, Barga received a slash in the head. He continued fighting until the 16th when physicians stopped the bout because he was bleeding profusely.
Barga gained notoriety recently when he challenged 100 critics of his marriage to Budapest's leading belle. Police stopped the duel after a few had been fought.
The word "meander" comes from the Meander river, in ancient Phrygia, a stream noted for its winding, crooked course.

Check that COLD
If a cold is making you feel miserable, do not tolerate this nuisance any longer. Simply put a little Mentholum in your nose, and check the evening. Also rub Mentholum vigorously on the chest tonight. You will feel so much more comfortable.
