SIX YOUNG WOMEN HURT IN ACCIDENT

CAR RUNS OFF HIGHWAY AND HITS CULVERT ON WAY HOME FROM DANCE

EARLY THIS MORNING

Girls All Badly Injured Despite Low Speed Of Car, Which Did Not Turn Over

Viola and Eleanor Besse, 130 North Greenwood avenue, Francis Armstrong, 503 South Evergreen avenue, Leona and Velma Lambert, 418 West Court street, and Merlin Walters, 441 Illinois avenue, Hobbie Heights, all young girls, today are patients at St. Mary's hospital as a result of an automobile accident early this morning. All are seriously injured.

The accident occurred about 1:30 o'clock this morning on the Dixie highway about four miles south of Kankakee. The girls were returning from a dance at Papineau. The six were riding in a Ford sport coupe, going at a speed of about 30 miles an hour. At the place of the accident, Miss Armstrong, who was driving, started to pass a truck. The car went too far over to the left side of the road, however, left the highway and struck a culvert. The car did not turn over after the impact, and none of the girls were thrown out.

Leonard Lottinville, South Fifth avenue, returning home from the dance, also was right behind the girls with his car. He picked up four of the girls: Merlin Walters, Viola Besse and Velma and Leona Lambert, and rushed them to the hospital. Albert Lottinville was not far behind in his car and he picked up Francis Armstrong, and Eleanor Besse, and started for the hospital.

On the way, a tire went flat, and she was unable to proceed. At about that time Lambert Baron and Glenwood Walters, the last being a brother of the injured girl, came along in another car and the injured girls were transferred and rushed to the hospital.

The Besse sisters are the daughters of Mr. and Mrs. S. S. Besse. Francis Armstrong is the daughter of Mr. and Mrs. William Armstrong. Merlin Walters is the daughter of Mr. and Mrs. Thomas Walters. The Lambert sisters are the daughters of Mr. and Mrs. Noel Lambert.

The car, which is the property of the Armstrong family, was not so badly damaged as one would be because of the low speed of the car and the fact that it did not turn over. The injuries of the girls were due principally to the fact that their bodies and heads were struck on the roof of the car before them.

The driver of the truck which the girls attempted to pass apparently did not know that the accident had occurred. In fact he apparently did not know that the girls were trying to pass. He did not stop.

HOTTEST SINCE 1918

Chicago, Ill., July 11.—(AP)—A thermometer reading of 102 degrees at 4 p. m. yesterday was the hottest since Aug. 5, 1918, when the mercury reached 105. Today at 9 a. m. the thermometer registered 91 degrees, nine higher than at the same hour yesterday. Four persons have been prostrated by the heat since this morning.

Items of Interest in and About the City

IS AWARDED DIPLOMA

O. P. Hirschler, 560 South Chicago avenue, Kankakee, Ill., has now completed a course in Radio Theory and Practice and has been awarded his diploma by the National Radio Institute of Washington, D. C. He finished the prescribed course of technical studies with very creditable grades, and is to be congratulated upon his achievement. His training covered all branches of radio transmitters, public address systems, the latest developments in A. C. circuits and Screen Grid tubes, television and talking movies. Special emphasis was given to designing, constructing, installing, servicing, and repairing radio receiving sets.

AT FIRST METHODIST

Members and friends of the First Methodist church of this city are fortunate in securing for their preacher for the remaining Sundays of the month of July, the Rev. Earl Emme, son of the late Mr. Emme of this city.

Reverend Emme is an instructor in the School of Religious Education of the University of Chicago, and is a man of forceful speech and pleasing personality. In the absence of Doctor Crane who is on his vacation, Reverend Emme will be in the pulpit on Sunday morning next.

ENTERTAINMENT A SUCCESS

The open air program at Herscher last evening, sponsored by the Chamber of Commerce attracted a large attendance, the crowd being estimated at over 2000. The "Two Roaming Sailors," Cyrier and Brosseau, with their musical presentations, made a big hit. The other numbers on the bill were also well received. Miss Margaret Perden acted as announcer and had charge of the program.

BROADCAST TOMORROW

The national open golf tournament at Hopkins, Minn., on the Interlachen Country club course will be broadcast Saturday, July 12 between 4 and 6 p. m. on a National hookup. Micks on every green, all over course.

ENDS OWN LIFE WITH RAT POISON

JOHN MUSKUS BROODED OVER WIFE HAVING DIVORCED HIM

SHE RE-MARRIED

Smear Poison On Piece Of Bread And Ate It; Coroner Holds Inquest

Because his former wife, Frances, who divorced him several months ago on grounds of habitual drunkenness, had become the wife of another man, John Muskus, 789 North Dearborn avenue, took rat poison yesterday afternoon. He died at about 7:30 o'clock this morning.

According to the evidence introduced at the inquest conducted by Coroner O. J. Carter this afternoon, Muskus first tried to take the poison by mixing it in a glass of water. Not finding the taste to his liking, he smeared some of the paste upon a piece of bread and ate it.

For eight years, it is said, Muskus had resided in a small building at the rear of the home, next to the alley. Even after his wife had divorced him, he continued to live in this building. Yesterday, it is claimed, when his former wife returned from Moline, Ill., with her new husband, John Sanculus, she ordered him to leave the property, which was in her name.

Dr. A. J. Goodwin, who was called when Muskus' daughter found him ill after he had taken the poison, told the coroner's jury this afternoon that Muskus had admitted that he had taken rat poison and that he wanted to die because his wife had married another man. Muskus was formerly employed as a dish washer in a restaurant.

The label on the tube of rat poison showed that the preparation contained two percent of phosphorus, which is considered very deadly as a poison. About two thirds of the tube was used.

FREIGHT ACCIDENT

In the wreck of an Illinois Central freight train at Richton, Ill., yesterday afternoon, all but 19 of the 67 cars were thrown off the track into matchwood and three people were injured, being taken to a Chicago Heights hospital. This morning, searchers were still looking for the bodies of three other persons beneath the wreckage.

MAN WHO HELD UP KANKAKEE PEOPLE SLAIN

THOMAS BONNER KILLED BY TWO MEN AT HIS HOME IN CHICAGO

RECALLS A HOLDUP

Alleged To Have Been Same Man Who Held Up Mr. And Mrs. Melvin Cooley

Thomas Bonner, known to Chicago police as a minor racketeer, who was killed at his home 7353 Yale avenue, Chicago, yesterday morning by two men, is alleged to have been the same Thomas Bonner, who held up Mr. and Mrs. Melvin Cooley at their home in South Harrison avenue, this city, in 1927 and relieved the Kankakeans of valuable diamonds and other valuables and money.

According to dispatches in this morning's Chicago papers the assassin apparently followed Bonner to his home, the police learned. Shortly after midnight they rang the doorbell and Bonner's wife, Mary, who was caring for her five-month-old baby in a bedroom, heard her husband admit them to the living room. A few minutes of conversation followed, and then the voices of the strangers raised in angry dispute with Bonner, his wife told the police.

Wife Tells of Shooting

"You've got me all wrong on that," she heard Bonner say. "No, we haven't, not this time," one of the visitors replied, and then there were two pistol shots.

Mrs. Bonner ran into the room to find her husband on the floor with two bullets in the head and the slayers fleeing through the door to the street. Bonner was taken to the Auburn Park hospital, refusing to name his assailants.

He was the 47th person killed by gang guns here since Jan. 1. The death toll including three gangsters shot to death by a machine gun crew in a Fox Lake hotel on June 1.

Slayers Known, Norton Says. Chief Norton said Bonner was afflicted with a drug and alcohol habit and that the identity of Bonner's killers was known and their arrest was expected. Alcock said he was making an inquiry and in pursuance of his order that unsolved crimes will mean charges against captains, he expects results.

"When I was a captain there were no unsolved crimes in my district," Alcock said, referring to his ten years in command of the Woodlawn district before he became first deputy fifteen years ago. "I want this murder cleaned up as I want all other crimes cleaned up."

"I have sent a letter to each captain asking an explanation of crimes not cleaned up since June 16 when I was put in charge of the department. Excuses will not be accepted. The city is spending \$150,000 a month on the police department and it is going to get \$150,000 of service from every member of the department."

Slaying Inquest Continued

The inquest into the death of Bonner was continued to give the police time to investigate. Lieut. Michael Moran of the Englewood station said Bonner, who was 45 years old and the father of three children, Catharine, 20 years old, William, 19; and Robert, the baby, had not been steadily employed and had been connected with a gang of racketeers.

He had been arrested many times, once on suspicion of complicity in the Evergreen Park mail robbery, but had never been convicted, according to the lieutenant. The latest suspicion against him was that he was involved in the robbery of a prohibition warehouse at 5210 South Wabash avenue, Moran declared.

INTERLACHEN CLUB TOURNEY; MINNEAPOLIS

BIG FIELD GETS UNDER WAY IN SECOND ROUND DURING THE DAY

UPSETS REGISTERED

"Dark Horse" From Cleveland Throws A Scare Into Some Seasoned Veterans

Interlachen Club, Minneapolis, Minn., July 11.—(AP)—MacDonald Smith, the veteran scot from New York won the battle of the "Big Three" professionals today and took a one-stroke lead with a total of 144 for the first 35 holes of the National open golf championship. Smith added a 75 to his first round 70 to go ahead of Tommy Armour's 146 and Walter Hagen's 147.

All even at 27 holes these three professional veterans waged a spectacular fight over the last nine holes which both Armour and Hagen three over par, on these holes to throw away their chances of going out in front.

Mac Smith, meanwhile, shot steadily to add a 38 to his outgoing 37. Armour struggled in with a 76, six shots off his first round mark. Hagen, with a 75 added to his 72, needed 40 for the last nine after a sparkling 35 going out.

These three posted the target for Bobby Jones, the champion, and Horton Smith, who started their second rounds late in the afternoon with huge galleries trailing them.

Smith started today's round badly taking a 6 on the first hole, but steadied down to par on the next two holes, which he scored in 4-3.

Two fine woods and a beautiful chip shot, six feet from the pin, enabled Smith to bag a birdie four on the 506-yard fourth. He got the 178 yard fifth easily in three but slipped on the sixth with a five, hitting his second on the green. This left him two over par for six holes.

He reached the turn in 37, barely missing a 10 foot putt on the ninth green for an eagle, but getting the birdie four. After a fine drive to an elevated lie, he fired a magnificent brassie to the green.

Smith, out 643 435 444—37.

Smith started the homeward journey 4-5-5, even par, missing birdies on the 11th and 12th by narrow margins. He failed to drop a two-footer on the 11th.

The husky scot three-putted the par 3, 13th and par 4, 14th greens, going one over par on each. He was down within a regulation four on the next carpet.

He was home with a drive and a pitch on the 16th, and ran down a 10-footer for a birdie. At the 262 yard 17th, Smith's tee shot was in the rough and he chipped eight feet wide of the cup, but again ran the ball down for a 3.

Smith finished with a five on the par 4 hole. His drive landed to the deep left rough with a treacherous pitch ahead of him, he played safely 30 yards out to the fairway, banged his third to the apron, and was down in two putts. His total for the round was 75; his grand 36-hole total was 145.

Mac Smith, in 455 454 335—75—145.

Interlachen Club, Minneapolis, Minn., July 11.—(AP)—With a number of goldfom's stars staggering and others fading to the fringes of the picture altogether, the second round of the battle for the national open golf championship today found the field battling a brisk wind as well as the heat.

As the big field got well under way, temporary leadership was held by a youthful Cleveland pro, Bob Shave, who stepped out early to shoot a fine 72, even par, and post a two day, 36-hole total of 148.

Big Fair To Open In One Month

A month from yesterday the Kankakee Inter-State Fair, "The World's Greatest Outdoor Entertainment," and the largest agricultural exposition in this part of the country, will throw open its gates to the public for the 1930 season.

On every hand indications are pointing to a record-breaking week in attendance and in the number of exhibitors when the great exposition swings under way on August 10.

With a free amusement program headed by Thaddeus Broadway Presentations, termed "America's Finest Musical Organization," the entertainment attractions consist of a veritable galaxy of the newest and most outstanding features to be found in America's show world.

Auto Polo, chariot races, \$15,000 Society Horse Show, World's Craziest Ford, mule races, trots, paces, liberty jumping, Push-Ball—these are but a few of the many amusements and thrills which pack the program.

Agriculturally, the Kankakee Fair is without a peer in northern Illinois and Indiana. Comprising a complete agricultural, mechanical and domestic exposition, thousands of dollars in premiums are being offered in the many divisions of livestock, poultry, farm products, fruits, vegetables, and domestic handwork.

Preparations for the big fair are going forward steadily. The grounds and buildings are being whipped into shape, and the 1930 Premium list, which is partially printed, will be ready for distribution with a few days.

BRADLEY CITIZEN DIES SUDDENLY INQUEST IS HELD

Henry Martin, 727 Euclid avenue, Bradley, a resident of that city for the past 34 years, died at his home suddenly at 4:45 o'clock of heart disease. At an inquest conducted this morning by Coroner O. J. Carter, the jury returned a verdict that death was caused by myocardiopathy. He had reached the age of 64 years.

Mrs. Martin testified at the inquest that her husband went to bed last night apparently in his usual health but that he afterward arose, complaining of a "queer" feeling in his stomach. Again at midnight she was awakened by his groans and summoned Dr. Goodwin and Mrs. E. Ducharme, 310 Euclid avenue. Both of these latter named people also testified.

Mr. Martin had been employed by the Sears Roebuck company for 27 years and by the Neumode Hosiery company for the past 10 years. Besides his wife, he leaves two sons: Arthur of Bradley and Lester of Cedar Rapids. He is also survived by five sisters and three brothers.

The body will be taken from the Hickey funeral home late this afternoon to the home. Funeral services will be held at 9 o'clock Monday morning at L'Erable.

TAG DAY WILL HELP SUCH AS THESE IN NEED

She came to the Salvation Army hall last night, a slip of a girl just out of her teens, yet a mother of three. Her story was the same that the Army officials hear daily—her husband out of work and her babies hungry.

How could the officers of the Army tell her that they had no more funds? She was looking to the Army for help in the emergency. They did not fail her, but the bill remains still unpaid, because of the lack of funds in the Army's treasury.

It is for such as these that the Salvation Army is pleading—those who have been unable to cope with the unemployment situation and who, through no fault of their own, find themselves in straightened circumstances. The officers in some cases of real emergency have been obliged to take from their own scanty allowances that those in adverse circumstances might not suffer.

They are devoting their lives to this work and are at this time appealing to the people of Kankakee to come to their aid financially by doing their bit on tag day, July 19. They are confidently looking to the public to help them in these times of unemployment, and there fore times of physical suffering and distress, that families like the above might be aided.

FINED \$200

Mike Clifone, Chicago Heights, was fined \$200 and costs in that city this morning on a charge of carrying concealed weapons.

REQUEST OF THE SENATE IS REJECTED

PRESIDENT DECLINES TO TURN SECRET TREATY DOCUMENTS OVER FOR INSPECTION

CITES HIS REASONS

Must Not Allow Himself To Be Come Guilty Of Breach Of Trust

Washington, July 11.—(AP)—President Hoover today rejected the Senate's request for the secret documents relative to the London Naval Treaty.

In a brief and pointed message, he said "The negotiations had involved statements of him in confidence, and he could not allow himself to become guilty of a breach of trust."

The next of his message to the Senate follows:

"To the Senate: I have received Senate resolution number 330, asking me, if not incompatible with the public interest, to submit to the Senate all letters, cables, minutes, memoranda, instructions and dispatches, and all records, files and other information touching the negotiations of the London Naval Treaty."

"This treaty, like all other international negotiations, has involved statements, reports, tentative and informal proposals as to subjects, persons and governments given to me in confidence. The Executive, under the duty of guarding the interests of the United States; in the protection of future negotiations, and in maintaining relations of amity with other nations, must not allow himself to become guilty of a breach of trust by betrayal of these confidences."

"He must not affront representatives of other nations, and thus make future dealings with those nations more difficult and less frank. To make public in debate or in the press such confidences would violate the inviolable practice of nations. It would expose to the United States those avenues of information which are essential for future negotiations and amicable intercourse with the nations of the world. I am sure the Senate does not wish me to commit such a breach of trust."

"I have no desire to withhold from Senate any information having even the remotest bearing upon the negotiation of the treaty. No Senator has been refused an opportunity to see the confidential material referred to, provided only he will agree to receive and hold the same in the confidence in which it has been received and held by the Executive."

"A number of Senators have availed themselves of this opportunity. I believe that no Senator can read these documents without agreeing with me that no other course than to insist upon the maintenance of such confidence is possible. And I take this opportunity to repeat with the utmost emphasis that in these negotiations no secret standings, promises or interpretations, nor any commitments whatever except as appear in the treaty itself and in the interpretive exchange of notes recently suggested by your committee on Foreign Affairs, all of which are now in the hands of the Senate."

"In view of this, I believe that to further comply with the above resolution would be incompatible with the public interest."

GENSHAW CASE IS SETTLED BY WATSEKA COURT

A decision in the civil cause of Charles Genshaw of Cheneban versus the First Trust Joint Stock Loan Bank of Chicago, heard several weeks ago in the Iroquois court circuit, was rendered by Judge Hooper at Watseka yesterday in favor of the plaintiff, Genshaw.

The case apparently arose from the recent bank disaster at Cheneban. Several months ago, Mr. Genshaw's check was held by the bank. Genshaw, through his attorneys, filed a petition to set aside the mortgage on his property, and the accompanying notes. The petition was granted in the decision yesterday.

The court held that Porch was the agent of the Chicago bank and not of Mr. Genshaw, and that the latter had not given the Chicago bank permission to turn over the check to Mr. Porch.

Burial will be in Mound Grove cemetery.

LITTLE GIRL BELIEVED TO BE POISONED

BERNICE SMOCK, AGE 14, BE- COMES ILL, TAKEN TO HOSPITAL

TWO MEN ARE HELD

Step-father And His Brother Are Taken To The City Jail For Questioning

Leonard Bigger, Hobbie Heights, and his brother, Frank, today are held at police headquarters for questioning by Chief John Stack and Detective Ed Imming, in connection with the suspected poisoning of Bernice Smock, 14 year old step-daughter of Leonard Bigger.

According to the story learned by the police, the little girl was at her home in Hobbie Heights this morning with her step-father and his brother, her mother, Mrs. Catherine Bigger, having gone to the state hospital where she is employed as an attendant. About 7:00 o'clock, the girl told police, she went to the kitchen to get a drink, using a glass which she found turned upside-down.

She told police afterward that when she filled the glass with water, it looked as though there had been some powder in the glass. A little later, she became ill and began to vomit. She phoned her cousin, Mrs. Opal Booten, Chicago, who was visiting at the home of her mother, Mrs. E. D. Thurston, 643 North Harrison avenue, a sister of Mrs. Bigger. Mrs. Booten went to the Bigger home and found the girl vomiting and took her to the Thurston home. From there, the mother was called from the state hospital. Mrs. Pearl McCorkle, police matron, Chief John Stack, Detective Imming and Dr. Edwin Hamilton were also called.

The girl was then taken to St. Mary's hospital where a stomach pump was used to free her stomach from any poison. No definite poison was found, it is claimed, but the girl was violently ill. Every medical attention was given the girl, and the case now appears to await developments in the girl's condition.

The police were told that the two Biggers were at the home with the girl when she first became ill and that they made no attempt to call her relatives and a physician. It was also claimed that when Mrs. Booten went after the girl, the Biggers refused to let her be taken away. This, and other circumstances which the police were told about, led to the taking of the two men to police headquarters.

It is expected that the little girl will recover, at which time a more detailed statement will be taken from her by the investigators.

FLEAGLE IS HANGED IN CANON CITY

MAN ARRESTED IN KANKAKEE ONE YEAR AGO THIS MONTH IS EXECUTED

PENALTY FOR MURDER

Took Part In Slaying Of Four Men And Robbery Of Lamar, Colo., Bank

Canon City, Colo., July 11.—(AP)—Ralph E. Fleagle has paid with his life for his part in the slaying of four men and the \$219,000 robbery of the First National bank of Lamar in May, 1928.

The gallows trap was sprung on the white haired bandit leader at 9:03 p. m. yesterday at the State prison. He was pronounced dead by the prison physician 13 1/2 minutes later.

Fleagle displayed no indications of a breakdown, and as the black cap was adjusted over his head and the noose tightened around his neck, the desperado maintained his coolness.

Less than an hour before he was hanged, Fleagle embraced the Catholic faith. He was baptised in his cell, and received the sacraments of the church.

The gunman held a final reunion with his mother, Mrs. Anne Fleagle, his wife, Margaret, and a sister, Mrs. Florence Miller a few hours before he went to his death.

His funeral will be at Garden City, Kas.

Ralph and Jake Fleagle, assisted by Howard L. Royston, California cement worker and George J. Absher, held up the Lamar bank May 22, A. N. Parrish, president, and N. F. Parrish, his son, were fatally wounded during the robbery. E. A. Kessinger, teller, was kidnapped and later slain by the bandits. Dr. W. W. Winelinger, Dighton, Kas., physician, who treated Royston, shot through the jaw in the holdup, was shot to death after he had dressed the bandits wound.

Absher and Royston are in the death-house awaiting execution next week. Jake Fleagle is still at large.

Miss Grace Peterson of Chicago and a former Dwight resident is spending several days of her vacation in Dwight as a guest of Mrs. Maria Vance and daughter, Jean. Mrs. Vance of West Waukegan street, Dwight's eldest resident, celebrated her 80th birthday Sunday at the home of her daughter, Mrs. C. D. A.

The July meeting of the Catholic Daughters of America was held in St. Joseph's hall last evening. There were fifty members and one guest present. Miss Roseanna German was the guest.

After a short business meeting, Mrs. Eddie Gorman and her committee entertained the members at a social hour.

Friends of Mrs. James Telford of Dwight will be sorry to learn that she has been confined as a patient at St. Mary's hospital at Streator where she recently submitted to an operation for the removal of her tonsils.

William F. Short of Long Beach, California, and a former Dwight resident arrived Wednesday evening for an indefinite visit as a guest of his parents, Mr. and Mrs. W. G. Short.

EXPERIMENT IN
HUMANITIES IS
APPARENT FAILURE

Raleigh, N. C., July 11.—(P)—Otto Wood convict, subject of an "experiment in humanities" by Governor O. Max Gardner, was at large today.

In his fourth escape from Central prison, Wood broke a pledge yesterday that he would not try to escape again as long as Governor Gardner was in office.

After his third escape, Governor Gardner singled Wood out for an experiment, had him released from solitary confinement in a veritable dungeon where he had spent 26 months and made him an honor prisoner.

Wood was serving from 22½ to 30 years for the murder of a Greensboro Pawnbroker. Previously he escaped from the Ohio State penitentiary.

When made an honor prisoner he told the Governor: "I'll never run away as long as you are Governor."

The Governor, learning of Wood's latest escape, said: "I do not regret releasing him from solitary confinement but I do regret his betrayal of my trust in trying to treat him humanely as other prisoners at State's prison are treated."

Wood's method in escaping yesterday was a mystery. His first escape was in 1924 when with a pistol he forced a guard to drive him through the front prison gate. He was gone but two days. The next break was a year and a half later when he hid in a section of pipe that was placed on freight train. At that time he was gone two weeks. The third escape was made by walking through the back gate when it was left unlocked. He remained at liberty for three months.

THE OLD HOME TOWN

KILLING HEAT
SURGES ANEW OVER
THE MIDDLE WEST

Chicago, July 11.—(P)—Killing heat surged anew over the middle west today, causing more deaths. The total for the present heat wave now is 31.

The scourge of summer struck hardest in the St. Louis metropolitan area yesterday. Six persons died and eleven were prostrated. The thermometer touched 103 degrees.

The six deaths brought the Missouri heat casualties in the present oppression to 11. The state also had the highest unofficial temperature, Sikston reporting a reading of 112.

Most of Iowa was perched above 100 degrees. Marshalltown, Atlantic and Council Bluffs cooked beneath 104.

Thunderstorms and rains brought relief to Northern Illinois, but caused crop and property damage. Harrisburg, seven times smitten by temperatures of 100 degrees or more, reported the state's highest yesterday at 106½.

A fatality in Springfield brought the Illinois heat deaths to five.

In the torrid northwest, five have died; in Nebraska four, and Iowa four.

Wisconsin's first heat victim was a boy in Beloit, who dropped dead yesterday while at play.

Lake Michigan's breezes brought a comparatively cool respite to Chicago, Milwaukee and other lakeshore cities in Chicago, the maximum was 79, in Milwaukee 82.

But the prediction was for warmer weather today.

Continued heat was the forecast for the middle west except in localities fortunate enough to receive showers.

Wisdom of Folly

It fell upon a day that a certain erudite philosopher held discourse with an unquestionable fool, in the presence of a shorthand reporter, who used the same phonetic symbol for "F" and "PH."

In transcribing his notes of the dialogue he attributed to the philosopher what had been said by the fool, and credited the fool with the utterance of the philosopher. Nobody noticed the difference.—Daily Chronicle (London).
