REVISED LIST OF PREMIUMS FOR THE FAIR

MRS. ROBT. WORRELL WILL
BE IN CHARGE OF HOME
ECONOMICS DEPT.

MISS QUICK SUP'T.

Girls' 4-H Clubs Open To Competition
In Various Classes
This Season

The premiums offered in the Home Economics Division of the 4-H club department of the Kankakee Inter-State Fair have been completely revised this year.

Miss Hazel Quick, county home economics supervisor, is the superintendent of the Home Economics Division. Mrs. Robert Worrell, however, will have charge of this department at the fair, which will be held during August 10 to 16.

Exhibitors in this division must be regularly enrolled members of the girls' 4-H clubs in Kankakee county. Entries close Saturday, August 10. There are no entry fees.

More than a hundred and fifty dollars in premiums are being offered in this division, which includes 43 separate classes in first, second, third and fourth year clothing, girls' outfit, shoe, meal planning and improvement.

Every 4-H club girl in Kankakee county is urged to make entries in this division and according to Miss Quick many will avail themselves of this opportunity to compete for the many handsome cash premiums which are being offered by the Kankakee exposition.

A silver trophy is offered of particular interest to the various 4-H clubs and girls, is that William Holaday, representative in congress from the 18th district, is offering a silver trophy to the 4-H club whose members win the greatest number of points on premiums taken in the 4-H club classes at the Kankakee Inter-State Fair.

4-H club girls will be interested in knowing that there is a division in the Canned Goods Department of this fair under 20 years of age, in which the classes and premiums offered to older women are exactly duplicated.

Eighty-one classes, covering premium offerings in almost every known variety of canned fruit, vegetables, meat, jelly, fruit butter, jam, preserves, pickles and candy, are listed in this division, which is open to girls under 20 years of age.

Whether 4-H club members or not, complete details regarding these various cash competitions may be secured, in addition to an entry blank upon calling at or writing the headquarters of the fair, Room 15, First Trust and Savings Bank Building, Kankakee, Illinois.

JUDGE HILL IS RETURNING HOME

Judge Frederick Hill of Joliet, who has been presiding in the circuit court for the past two weeks, expected to return home today. He will return to Kankakee again during the first week of September.

Judge A. W. DeSelm announced this morning that the present term of the circuit court will continue through the month of August, instead of adjourning during that time as was originally planned. He reports that no important cases are scheduled for the near future.

The divorce case of Ida C. Meyer versus Frank Meyer, heard by Judge Hill this morning, was dismissed for want of equity. Cruelty was given as grounds for the suit.

WILLIAMS IS STILL SILENT ON HIS PAST

REFUSES TO DISCUSS ALLEGED
CRIMES YET ADMITS HE IS
WANTED FOR SEVERAL

GUARDED IN CELL

Officers At Olney Want Williams
But He Probably Will Be
Held In Kankakee

Watched day and night by a special guard to prevent any possibility of a recurrence of the jail break at Olney, Illinois, early last Sunday morning, Clint Williams, Kankakee youth, was still a prisoner in the city jail today. He is the only occupant of the cell.

Still refusing to discuss to any detail the alleged crimes for which he was arrested, Williams has told John Stack, chief of police, that he is wanted for kidnapping in Indiana, a stickup in Ohio, and he didn't know what else. Asked by Stack if he had any part in the recent robbery of the bank at Geneva, Ill., Williams made a denial.

He told his questioners that he could "beat" the charge of kidnapping and also stated that he could "beat" the charge of having taken part in the recent holdup and robbery of Mrs. "Toots" Clark. As to the charge of having taken part in the robbery of the bank at Noble, he remains silent. He has stated, however, that he would plead guilty to the Clark job if the Bankers' Association wouldn't go too hard with him on the bank robbery.

Continuing the life of luxury to which he apparently is accustomed, Williams disdains plain prison fare and orders special meals from restaurants. He pays for them with the \$100 which he had in his possession when arrested.

Sam Ashmore, sheriff at Olney, last night telephoned to States Attorney T. R. Johnston asking if Williams was under arrest here, and saying that they were coming here after Williams. Ashmore also wired Chief Stack to the same effect today.

It is very probable, however, that the Olney officials will be disappointed if they come to Kankakee with the expectation of taking Williams back to Olney. The local authorities feel that they are just as capable of keeping Williams as a prisoner here, and convicting him of the Clark robbery, as are the Olney officers, and perhaps a great deal more so. They did not intend, however, to treat the visitors with as much discourtesy as the Kankakee officers received when they visited at Olney.

MOVE BUILDING AT FAIRGROUNDS; NEED ROOM FOR BIG SHOW

J. C. McCaffery, general manager of the Rubin & Cherry Shows, which are contracted to appear at the Kankakee Inter-State Fair, August 10 to 16, was in Kankakee today conferring with fair officials on the location of their many shows, rides and other attractions.

In order to make room for their several new attractions which they will bring to Kankakee, it was found necessary to move the automobile building. All of the available space from the horse barns south to the Secretary's office, on both sides of the road, will be required for this immense show.

A contract was made today with Mr. Chagnon, house-mover, to move the automobile building to the northeast part of the grounds directly west of the present dairy barns where it will be used for additional cattle exhibitions. This building is 170 feet long by 74 feet in width and will hold two hundred head of show cattle. Entries have been received up to date which will nearly fill the building.

JUDGE FOUND GUILTY

New York, July 25—(AP)—W. Barand Vause, former county judge of Brooklyn, was found guilty in Federal court today by a jury in Federal court.

TWO HOLDUPS IN VICINITY LAST EVENING

ROBBERIES REPORTED TO THE
POLICE AND DESCRIPTIONS
OF BANDITS FILED

MOTORIST REARRESTED

Anthony Lentino, Kankakee,
Gave Wrong Address Upon Recent Arrest At Matteson

Holdup bandits were operating in the vicinity of Kankakee last night, two parties having been held up by armed men in an automobile. It is believed that both robberies were effected by the same gang.

Henry Dockemeyer, residing on rural route 2, Bonfield, reported to police that he had been robbed on route 49 south of Kankakee by two armed men in a Chevrolet coach who took \$23 in cash from him. This holdup occurred at about 10:25 p.m.

Mr. Dockemeyer told the police that one of the bandits was about five feet, seven inches tall and looked to be between 25 and 30 years of age. He said that this man was wearing a cap and old clothing and carried a gun. The other man was about five feet, three inches tall and was also wearing a cap and old clothing. He also carried a gun. The two were riding in a Chevrolet coach.

Not long after, R. L. Mann, 218 South Greenwood avenue, reported to the police that he too, had been held up, this one occurring on route 25 not far from the Kankakee airport. He said that three men in a Chevrolet coach pulled this job, the description of two of them being very similar to those of the Dockemeyer robbery. Nothing was taken from Mr. Mann.

Rearrested Here
Anthony Lentino, 1320 East Chestnut street, who was arrested in Matteson, Ill., two weeks ago for running a through street and who gave police there a fictitious name after furnishing a \$50 cash bond for his reappearance, was arrested in Kankakee last night by Gene LaFontaine, Kankakee traffic officer, and State Highway Patrolman Deininger, with a warrant from Matteson.

Upon his arrest at Matteson, Lentino gave the name of "J. Smith, Kankakee," the latter address being necessary because he had a Kankakee sign on his car. He furnished bond and agreed to appear for trial later. He failed to appear, and a warrant was issued.

Officer Deininger appeared last night and with Officer LaFontaine looked up Lentino's license numbers and found out who he really was. The youth was then arrested at Oak street and Greenwood avenue just as he was turning the corner. The officers having blocked his progress so he could not escape. He was taken to Matteson today for trial.

Crime Against Nature
Lawrence Briggs, 1196 South Fifth avenue, said to have been a former patient at the Kankakee State hospital, was arrested last night by Chief John Stack and Detective Ed Immings on a charge of crime against nature. The alleged victim is a six year old boy.

In the hearing before Judge Bert L. Fitzgerald this morning, it was decided to send Briggs back to the state institution and that there would be no criminal prosecution if that was done.

REV. MARTIN WILL PREACH AT SUNDAY UNION SERVICES

The Rev. Louis F. Martin, Rector of St. Paul's Episcopal church, will be the preacher at the union services on Sunday evening. His subject will be, "Progress in Personal Religion." The special music, which has added to much to these services held thus far this season, will be presented by Mrs. Victor McBroom.

It has been gratifying to notice the interest that has been manifested in these community services. In some instances the church has been crowded to capacity. It is the hope of these in charge that this may be true on Sunday evening. These services of worship are arranged with a view of interest to the people of the entire community. Everyone is invited to attend. The service on Sunday evening will be at the Trinity Methodist church located on South Third ave. between Hawkins and Charles streets.

Come and bring your friends and spend the closing part of the Lord's Day in worship in His house, reads the announcement from the Ministerial Alliance. The meeting begins at seven thirty.

CROPS SUFFER FROM HEAT AND LONG DRY SPELL

The long period of dry weather combined with the prolonged high temperatures have played havoc with the cornfields of this section of the country. It was reported today by John B. Collier, manager of the Kankakee County Soil and Crop Association. He said that this condition was reflected in the corn market, which today advanced three cents.

Dairymen also are finding themselves in a serious situation, stated Mr. Collier, with pastures burned by the heat and dry weather until no longer suitable for grazing. It is a serious condition, he said, when dairymen must buy feed for their cattle.

Gardens have been hard hit by the weather, the farm advisor also said. There no grapes, nor elderberries either, and those who look forward to these fruits for wine making will be badly disappointed. There are few blackberries.

Pew oats have been threshed thus far, and with the exception of those on the Small and Son farm, the yield has been about 35 bushels to the acre.

The yield for spring wheat has been about 15 to 18 bushels, and the yield for winter wheat has been about 18 to 20 bushels.

THANKS CHAMBER FOR ASSISTANCE DURING CENSUS

The assistance given by the Kankakee Chamber of Commerce to the U. S. census enumerators during the taking of the official census of Kankakee county was greatly appreciated by the officers at Washington, as evidenced by the following letter which was received by the Chamber of Commerce from Mr. M. Keck, area census coordinator.

Dear Sir—
"Since the completion of the taking of the census in your district has been reported to this office by census supervisor, I desire to take this opportunity to thank you for the chief coordinator, Rear Admiral H. H. Rousseau, and also to add my own personal thanks for your kind assistance to the census supervisor and coordinating service."

"I can assure you that your kindness and willingness to help are sincerely appreciated, and prompts me to at least write and thank you for this patriotic service and interest."

Very truly yours,
MORRIS M. KECK,
Area Coordinator.

LOCAL MISSIONARY WILL GO TO BRAZIL

The congregation of the First Presbyterian church will have the privilege of hearing the Rev. and Mrs. Ralph N. Varhaug at the Sunday morning services at 10:45 o'clock. Mr. and Mrs. Varhaug (nee Catherine Tail of this city) are under appointment by the Board of Foreign Missions of the Presbyterian church for evangelistic service in the Central Brazil Mission. They will leave Kankakee August 2, and expect to sail from New York for their new field of work on the 7th.

The coming Sunday morning's service will be in the nature of a local farewell and a large attendance of members and friends of the congregation is requested.

GOLF TOURNEY

Tenants of the Arcade and Volkman buildings today are competing against each other in a golf tournament at the Kankakee Country Club. There will be a picnic this evening.

Turn Off The Heat Is Cry Of Nation

Chicago, July 25—(AP)—The task of writing about the weather descended upon the newspapers again today as a new hot wave rolled over the middle west with 90 degree temperatures riding the crest.

It was 92 in the Chicago area by 11 a. m., and the official forecast said the mercury likely would reach 98 during the afternoon. The forecast also said it would be continued hot tomorrow with relief probably arriving by Sunday.

There was some prospect of a shower late today but the weather man said even that would not quench the heat wave.

In Nebraska, temperatures were nearing 90 during the forenoon and still rising. Thunderstorms were imminent in various sections.

Temperatures over Kansas ranged from 95 to 100 despite scattered rains. It was somewhat cooler in Missouri where there also was scattered thunderstorms.

MEETING TO WIDEN ROAD AT MOMENCE

PLAN TO WIDEN THE DIXIE
HIGHWAY APPROVED BY
THOSE PRESENT

SEVERAL SPEAKERS

A. C. Bryans Explains Motor
Club's Project To Widen 864
Miles Of State Highway

One of the most successful road widening meetings of a series of over fifty was held by the Chicago Motor Club last night at Momence. Fifty-six interested citizens of Momence, Grant Park, and Beech Grove, gathered at Madden's hotel and listened to A. C. Bryans, assistant director of safety, explain the Motor Club's plan of widening 864 miles of eleven radial highways leading into the metropolitan area from Chicago.

O. A. Burdick acted as chairman and presented resolutions, addressed to the legislators from this district, endorsing the plan. These resolutions were adopted unanimously.

Representative James T. Burns spoke regarding the extreme hazard of driving on the Dixie Highway, which, in some places, is only fifteen feet in width, and urged that those present take immediate steps and organize with other communities on Route 1 so that when the time comes they will be able to present a united plea to the State Highway Department to give the Dixie first consideration when the Road Widening Plan is adopted.

Elmer Wilson gave his hearty endorsement to the plan and spoke regarding the feasibility of a road widening plan.

Representative Elect. Luther Bratton, who was also present, said that he would be glad to support any movement which would relieve the present traffic conditions.

A committee composed of O. A. Burdick, representing Momence, and G. C. King and Doctor Van Voorhis of Grant Park and Beecher, were appointed to act as a nucleus of an organization to be composed of representatives of other towns along the highway, in order to further the road widening program of the Motor Club.

MISS BLANTH DIES; FUNERAL SATURDAY

Miss Carrie Blanth, who made her home in Kankakee with a sister, Mrs. Alice Schmidt until February, 1929, died Thursday afternoon at 1:00 o'clock at the home of another sister, Mrs. Anna Prussner of Reddick. She had been living in Reddick for the past one and one-half years.

Funeral services will be held Saturday afternoon at 2:00 o'clock at the First Evangelical church of Kankakee. Rev. Frank Peik will officiate. Friends may call at any time up to the time of the services. Burial will be made in Grand Prairie cemetery in Salina township.

Miss Blanth was born in Naperville, Ill., January 17, 1874, and came to Kankakee with her parents when still a child. She had spent her entire life in Kankakee county with the exception of six years in Grundy county.

She is survived by three sisters: Mrs. Anna Prussner and Mrs. Lillie Grob, both of Reddick; and Mrs. Alice Schmidt of Kankakee. She was a member of the Evangelical church of Kankakee.

It was Howard Holtman and not Edward Holtman who won the caddy tournament at the Country Club. The score by which Howard defeated Carl Blake was 4 up and three to go.

NEARLY 3,000 IS NOW QUAKE DEATH TOLL

NEW AND MORE VIOLENT TREMORS ARE FELT ALL OVER ITALY TODAY

PANIC IS TERRIBLE

Some Towns Have As High As
600 Killed; Whole Area Is
Practically Down

Rochetta, San Antonio, Italy, July 25—(AP)—General Balstroch, commander of the Neapolitan zone, today said the total dead in the Province of Avellino was 2,573. His figures added 375 deaths to the total of other provinces, bringing a grand total in the earthquake of 2,930 killed.

The revised figures contrasted sharply with the government's total of 1,526 for Avellino.

The township hardest hit, according to Balstroch's figures seems to be Lacedonia, with 600 dead. Villanova stood second with between 400 and 600 dead.

The king of Italy was expected here at 4:00 P. M. today.

General Balstroch, the minister of public works and the prefects of the stricken provinces met here this forenoon to discuss relief work.

Rome, July 25—(AP)—A new earthquake at Ariano, in the midst of an already ruined area and a hurricane than spread terror and death throughout northern Italy today added to an already tremendous relief problem in this stricken country.

Touched to the heart by the realization of inestimable numbers of homeless, ever-growing death lists and hospitals filled with injured, the Italian people today disregarded the edict of Premier Mussolini against public and private subscriptions for the victims and united in spontaneous offerings which steadily flowed into the premier's office.

Rescuers by thousands in the earthquake area today continued their task of taking the dead from the ruins and seeking out the thousands of missing who, crased with fear and grief, have left their home neighborhoods and wandered away.

Prefects of the five provinces central within the devastated area today did their utmost to bring into an intelligible form the reports of relief workers which indicated this forenoon that the end of the casualty list by no means had been reached.

Official death lists accounting for 1,633 dead were supplemented by figures gathered by Italian and foreign newspaper correspondents who traveled throughout yesterday and last night in the ruined zone making tabulations as best they could of the many communes.

Yesterdays quake at Ariano, more violent than many of the slight tremors of the last 24 hours, cost the life of one person. Its worst effect was a renewal of the state of panic which had subsided to some extent. Southern Italy escaped entirely the hurricane, which was local to the Piave river valley section and killed 22 persons, bringing to the once war-devastated northern country new grief.

Every estimate made by unofficial statisticians in Naples, Benevento and other points close to the death zone fixed the fatalities at not less than 2,240.

Felt In New Zealand

Wellington, New Zealand, July 25—(AP)—A sharp earthquake lasting one minute was felt at Westport in the Karama area today. The shock was preceded by a loud rumbling sound. The earthquake was felt here in a slight degree.

No damage and no casualties were reported.

AIRMAN SPEAKS AT ROTARIAN MEETING

Captain Stanley, a representative of the national air races to be held in Chicago from August 27 to September 1, was the principal speaker at the weekly meeting of the Kankakee Rotary club, held yesterday noon in the Gold Room of the Hotel Kankakee.

Captain Stanley announced that one day of the races was to be set aside as "Kankakee Day." He urged that Kankakee people who are interested in aviation to attend in large numbers. As Kankakee has earned a name throughout Illinois as being one of the cities most interested in flying, it is expected that this community will be well represented at the event on that special day.

Romy Hammes, of Romy Hammes, Inc., local Ford dealers, also spoke before the club, telling of the big Ford tri-motored plane which is in Kankakee today and tomorrow, and asking Rotarians to avail themselves of the opportunity to take an air ride.

PARENTS TO KEEP BABIES IN DISPUTE

AGREE TODAY TO KEEP INFANTS WHICH THEY TOOK FROM HOSPITAL

INCIDENT IS CLOSED

Chicago Health Commissioner May Continue His Investigation Further, However

Chicago, July 25—(AP)—The dispute over the Bamberger-Watkins babies was closed today at an early morning conference today at which it was decided that the babies of Mr. and Mrs. Charles Bamberger and Mr. and Mrs. Watkins were never mixed up at all.

This decision, reached by agreement between the parents, was opposed to that of a group of scientists who last yesterday decided that the babies had been switched at Englewood hospital where they were born.

Dr. Arnold Kegeles, health commissioner, was astounded when informed of the decision. He said he would consider whether to pursue the case further in the interest of public policy.

The parents, apparently in complete accord, took the babies and went home. They said the incident was closed as far as they are concerned.

The parents had demanded an investigation following the discovery that an adhesive tape on the back of the Bamberger baby bore the name "Watkins" and that a similar tape on the Watkins baby was marked "Bamberger." They now believe that the tapes had been washed off at the hospital when both babies were being bathed and that a nurse, in haste, had put them back on the wrong infants.

John P. Loughnanne, formerly of Peoria, attorney for the Watkins and the Bambergers, announced that if Dr. Kegeles took any steps to force the parents to exchange babies, that a writ of injunction would be filed against him.

Dr. Kegeles announced at noon that he has washed his hands of the Watkins-Bamberger baby mix-up. He said that he had fulfilled the parents' desire in convening a jury of scientists and experts to determine the parentage, and the parents can do as they like about accepting the decision.

WOMAN INJURED

Mrs. Edith Strahl, St. Anne, was injured, though not seriously, in an automobile accident in St. Anne last evening about 7:30 o'clock and is a patient at St. Mary's hospital today. The accident occurred when the car in which Mrs. Strahl was riding with her husband and son was struck by a car driven by Mrs. Henry Stenke, also of St. Anne, on Beaver street. Dr. W. J. Hagstrom of St. Anne, the attending physician, stated today that Mrs. Strahl suffered a fracture of the skull, but was not in a serious condition.

SAW BALL GAME

Sergeants Michael Quigley and Henry Endres and Officer Thomas Cantlin of the local police department witnessed the game between the Washington Senators and the Chicago White Sox at Chicago yesterday. 20,000 MOURN AT BIER OF MURDERED RADIO ANNOUNCER

Detroit, July 25.—Twenty thousand persons gathered in the city of Detroit today to pay tribute to the memory of Gerald E. (Jerry) Buckley, announcer for radio station WABC, slain Wednesday by gangsters at the close of the successful campaign to recall Mayor Charles Bowles.

Police sought to connect Buckley with racketeering and claimed to have an affidavit which states that he reported money from a confessed bootlegger. Persons he had aided financially sent scores of floral tributes. The management of station WABC announced that telegrams had been received from listeners in all sections of the midwest, expressing sorrow and sympathy at Buckley's death.

Jerry Buckley in his radio addresses had championed the cause of the poor, advocating old age pensions and unemployment relief. Many floral tributes came from poor people, it was announced.

Seven men were in custody in connection with the slaying of Buckley. Police said they expected to issue a warrant for one of them before the day was over.

COLLECTIONS FOR CUSTOMS DECREASE

Washington, July 25.—Customs collections for the first 23 days of July declined about 50 per cent as compared with the same period of last year.

Efforts by importers to get their products into this country before the new tariff duties went into effect June 18 were held responsible for the decrease by officials.

Duties collected in the first 23 days of July, 1929 were \$17,501,584. Those this month have totaled only \$18,747,384.

FIRE REVEALS BIG BANK ROBBERY PLOT

Berlin, Ill., July 25.—A \$15,000 fire which destroyed two business buildings yesterday may have uncovered a plot to rob the First National bank through a 65-foot tunnel.

The tunnel, leading from a store owned by Roy Gill, also owner of the other building, was found to be three feet deep. It ended directly under the vault of the bank and investigators found that the concrete vault floor had been propped up with a railroad jack against

DEAD; 20 INJURED IN ROLLER COASTER ACCIDENT AT OMAHA

Omaha, Neb., July 25.—The death toll resulting from the crash of a roller coaster train at Krug Park here last night mounted to three this morning with the death of Tony Pollina, 22, who died in a local hospital early today of internal injuries and a crushed chest suffered when one of the cars overturned on him after falling from the top of a steep incline.

Others died last night soon after the accident and other deaths among the twenty remaining injured are expected by attendants at local hospitals where they were taken.

The first to die were: C. H. Stoup, 34, who succumbed after being taken to a hospital, and returned to his home before reaching a hospital; and one who died before reaching a hospital.

DRUGGAN REFUTES CLAIM HE IS DEAD

Chicago, July 25.—(AP)—Terry Druggan, the former beer baron, refuted the identification of a body found at Brookhaven, Miss., by informing a newspaper reporter today that he remains alive and well.

His attorney had said earlier in the day that he was positive the identification of the body as Druggan's was erroneous, and police expressed similar conviction.

Husbands don't leave home if they have a real home. And one of the homeliest things you can give them is good berry jam made in your own kitchen.

Quixy (the new pebble powder mill maker) finishes your jam all most before you realize you've varied diet some raspberries or blackberries and make a batch of delicious, colorful jam. Quixy thickens any fruit into luscious quixy jelly or jam before the boiling has a chance to ruin the color and delicate savory flavor.

Your grocer has Quixy. Just try a batch today. Then you'll want to give your family a taste thrill every winter morning as come. Adv.

Observers on the Templehof said the girl fell probably went to a sudden gust of wind which tilted the plane off balance while it was rising. Her injuries were said to be slight.

LINGLE JURY HEARS STORY OF RUSSELL

POLICE COMMISSIONER RE-
VEALS RELATIONS WITH
SLAIN REPORTER

SMILES AT SCRIBES

John Stege, former Chicago
Chief Of Detectives, Also
On Stand Today

Chicago, July 25.—(AP)—William E. Russell, former Chicago police commissioner who resigned under pressure as a sequel to the murder of Jake Lingle, Tribune crime reporter, today went before the grand jury which is investigating the slaying and inquiring into charges of racketeering among reporters.

The former commissioner, now a district police captain, was an intimate friend of the Tribune reporter and the two men had a joint account for dealing in the stock market. Various statements, unsupported by evidence, credited Lingle with influencing the appointment of Russell as commissioner under the sponsorship of Samuel Bitelson, corporation counsel, who also has been asked to appear before the grand jury.

Numerous rumors linked Lingle's name with the title of "unofficial chief of police" and placed the \$65-a-week reported as the "go-between" for Al Capone's gambling and booze syndicate. One of the motives advanced for Lingle's murder was that he incurred the enmity of rival hoodlums by forestalling their efforts to succeed upon racketeering.

Russell, as he reached the jury room, greeted reporters with a smile, and when asked if he knew why he had been summoned, replied "Sure I know why. I could give you a story, but I won't."

He went immediately into the jury chamber. Waiting outside were Capt. John Stege, former chief of detectives who also was a close friend of Lingle, and Ted Tod, crime reporter for the Herald and Examiner, who both were among a group of officials and newspapermen requested to appear before the grand jury.

After an hour in the jury room, Stege emerged and met the reporters but would make no statements regarding his testimony before the grand jury.

Walter George, publisher of the Chicago Daily News, another of the group asked to appear, was the next to go before the jury. Leland H. Ross, the News' crime reporter, was among the witnesses waiting.

Meanwhile, over in Felony Court, H. Goodman, a circulation employee of the Herald and Examiner, and Leo Schoemer, and employee of the Illinois Central railroad, were held to the grand jury under \$10,000 bond charged with a conspiracy to obtain money under false pretenses in the operation of a fake lottery.

Mr. Stege reappeared after 35 minutes with the jury. Like Russell, he was noncommittal concerning his testimony. Stege was called in next.

Confidence In Stege
Chicago, July 25.—(AP)—The grand jury inquiring into the assassination of Jake Lingle today gave a vote of confidence to Police Capt. John Stege, former chief of detectives who resigned under pressure after the Tribune crime reporter was shot to death.

Capt. Stege appeared before the grand jury this morning at its request and after he had spent an hour and a half with the jury, Bernard de Vry, foreman, announced a vote of confidence had been given the former detective chief. "We voted confidence in Stege as a man who has always tried to do his duty," De Vry said without further comment.

The annual replacement of silverware in Chicago hotels averages over a cent per dollar on food sold.

Invest Your Money In Kankakee

YOUR MONEY invested in Kankakee will tend to improve business and help bring prosperity to our city. Invested away from Kankakee it does not in any way benefit our community.

YOUR MONEY saved or invested in the Building and Loan Association will help build homes in Kankakee, give employment to labor and improve the general business conditions. As this money circulates in the community it will bring you profits not indicated in the interest rate.
