GREAT REPUBLICAN VOTE!

McBroom Gets Great Vote Of Confidence

Kankakee Legislator Given More Votes Than All Others

The confidence which the people of Kankakee, Iroquois and Grundy counties have in Victor McBroom as a party leader and as a state representative for those three counties was demonstrated in yesterday's primary election when the entire district gave him a tremendous complimentary vote.

Many factors entered into this heavy balloting for him, his total being larger than the combined vote of all the other candidates for state representative on both Republican and Democratic tickets.

One of these factors is his long service to the party, first as precinct committeeman, then as county chairman for many years during which he worked untiringly for the party. His willingness to give his time and effort to the party at any time of the day or night, to go anywhere at any time in the interests of the people of the district, is another factor that has impressed his fellow Republicans.

Great Leadership

Another is his fine record during his first term in the legislature where his ability, integrity and leadership were immediately recognized and became effective in doing things for the people of his district. Yesterday was the first opportunity the Republicans of the three counties had to express their appreciation of his efforts for the party, their approval of his record in the legislature and their confidence in his ability and integrity. This is due to the fact that his first term at Springfield was by appointment to fill a vacancy caused by the death of former representative George B. Allen of Grundy county.

Complete returns from Kankakee and Grundy counties give him a total of 21,565 votes, there being 15,496 in Kankakee county and 6,069 in Iroquois county.

Two Republican candidates for the state legislature were nominated in the district, since two are to be elected in November. The other nominee is Harry L. Topping, also of Kankakee, candidate for reelection. In Kankakee county he received 7,308 and 8,157 in Iroquois county.

Complete returns from Grundy county are not available today. Totals received by the other candidates for state representative in this district may be found in the tables on another page of this issue.

Brig. General A. E. Inglesh Is Honored

Springfield, Ill., April 15—(UP)—Gov. Dwight H. Green last night confirmed a report that Brig. Gen. Arthur E. Inglesh assumed command of the Illinois Reserve Militia.

Given emphasis that Inglesh, who is from Kankakee, automatically became Commander on Clinton's retirement because he is senior officer in the militia. He said Inglesh will act in that capacity until a permanent appointment is made.

With the retirement of Maj. Gen. John V. Clinch because he had reached the age of retirement, the senior brigade officer automatically assumes command of the Illinois Reserve Militia, Green said.

No order affecting the appointment of a division commander has been issued. When such an order is issued, it will come through the office of the Adjutant General.

Inglesh is a son-in-law of the late Gen. Lem Small and served as his administrative auditor when he was governor. He served overseas in the first world war and in length of service is one of the Illinois National Guard veterans.

Smashing Attacks on Four Japanese Bases

Flight Director

Walter J. Addams, son of Mr. and Mrs. Harry F. Addams, 333 South Myrtle avenue, has been promoted to director of flight operations for United Air Lines. Addams, who has been chief of flying for United's eastern operations for 11 years, has more flying time (more than 1,500,000 miles) than any other airline pilot. He taught himself to fly a Curtiss-type pusher plane, studied mechanical engineering at the University of Illinois, served in the military branch, began exhibition flying in the midwest and flew the mail between Chicago and Minneapolis for two years before becoming a pilot for United.

Senator Brooks Renominated In Landslide

G.O.P. Will Enter Fall Campaign As A United Party

BULLETIN
Chicago, April 15—(AP)—Latest returns up to 2 o'clock this afternoon for Republican senator give Brooks a total of 647,831 out of 8,612 precincts in the state. At that hour his downstate total was 402,682 and Cook county total 245,149. Wright's total in the 8,612 precincts was 133,324 with his downstate total at 93,198 and Cook county total 40,126.

On the Democratic side McKeeough led with a total of 559,515 in the state with 83,023 downstate and 474,492 in Cook county. Douglas showed 268,028 total in the state with 107,402 downstate and 160,626 in Cook county.

These figures showed a total of 8,184 precincts reported for the Republicans and 7,883 precincts reported for the Democrats.

Chicago, April 15—(AP)—A landslide of nearly 5 to 1 piled up today for United States Senator C. Wayne Brooks in winning renomination over State Treasurer Warren Wright in yesterday's Illinois Republican primary.

Returns from 7,883 of the state's 8,612 precincts, including 4,061 in Cook county, gave Brooks 568,710 and Wright 117,225.

One-sided majorities in incomplete returns also pointed to the nomination of William G. Stratton for state treasurer and Vernon L. Nickell for superintendent of public instruction.

After a slow start, Stephen A. Day of Evanston, a pre-war isolationist seeking renomination for a second term as congressman-at-large, appeared to be nosing out Denison B. Hull of Chicago, former chairman of the Fight for Freedom committee here.

A projection of the vote on the basis of 7,003 precincts indicated Day would win by 45,000 votes. This computation pointed to his losing Cook county, where Hull had the organization support, by roughly 71,000.

Wright Concedes Defeat

With only three-eighths of the precincts reported, Wright conceded his defeat to the senator against whom he campaigned on the basis of his respective pre-war attitudes toward the Roosevelt administration's foreign policies.

Brooks was a leading pre-war non-interventionist but since Pearl Harbor he has supported the nation's war effort fully. Wright had come out in support of the administration's policies before the Japanese attack.

U. S. Air Force Operates From Australia

Manila, Cebu, Davao And Batangas Hangars Are Destroyed

United States Army Headquarters in Australia, April 15—(AP)—Thirteen big American bombers operating from Australia made smashing attacks on Japanese bases and shipping at Manila, Cebu, Davao and Batangas in the Philippines islands Monday and Tuesday, it was announced tonight.

The communique said "enemy shipping, docks and aircraft were destroyed and damaged in an American air attack in the Philippines area April 13 and 14. The flight consisted of three B-17s and 10 B-24s under personal command of Brig. Gen. Ralph Royce, Nichols Field, Batangas, Cebu and Davao were attacked."

D. F. C. Awarded

The bombers had hardly come to a standstill on the runway on returning to their base somewhere in Australia when Brig. Gen. Ralph Royce, representing the United Nations air commander, Lieut. Gen. George H. Brett, rushed up and handed General Royce the distinguished flying cross, as directed by President Roosevelt.

The DFC also was awarded to Lieut. Col. John Hubert Davies of Piedmont, Calif., and Capt. Frank P. Bostrom.

The raiders destroyed three Japanese transports at Cebu and hit two others, sank one at Davao; shot down three Japanese planes and damaged several others on the ground; destroyed hangars and damaged runways at Nichols Field near Manila, and did considerable damage to docks, the announcement said.

Supply Ship Sunk

At Batangas, a Japanese cargo ship presumably carrying military supplies was sunk.

The entire spectacular raid was accomplished with the loss of only one plane, and its crew was saved.

General Brett issued a statement highly commending General Royce, saying he volunteered for "this most important mission," and that:

"His accomplishment will undoubtedly be told in detail at a later date, but now it is desired to point out that he has typified the tremendous importance of the air arm."

"He has demonstrated to the highest degree the spirit of offensive action so vital to winning of any military conflict."

(The distance from northernmost Australia to Manila is roughly 2,000 miles; to Davao 1,400. Since the B-24 bombers have a round-trip range, loaded, of about 1,700 miles, the implication was that they may have refueled somewhere in American-held territory in the Philippines.)

(The three B-17s—the famous flying fortresses—could make the round trip readily without refueling.

7,000 Islands

(There are some 7,000 islands in the Philippines, and only a few of them have been occupied by the Japanese. To attack from Australia, the nearest known bases of the Americans, the planes would have had to fly 2,000 miles to reach Manila and 1,400 miles to reach Davao.)

Two days ago the Tokyo radio broadcast a Dornier dispatch from Manila reported that "three American planes yesterday made an unsuccessful attempt to carry out a raid on the city (of Manila) although bombs were said to have been dropped."

15 To 1 Ratio Over Democrats In This County

Cecil Duguay Wins Easily In 3-Cornered Race For Sheriff

By a ratio of 15 Republican ballots to 1 Democratic vote, the people of Kankakee county showed their approval of the qualifications of the candidates endorsed by the county Republican organization in yesterday's primary election.

In this primary, more than 8,000 Republicans of the county went to the polls to nominate candidates for the November election while the Democratic total was in the neighborhood of 600.

Widespread approval by the voters of the manner by which Kankakee county's government has been conducted by Republicans, who hold practically every elective office in the county, was seen today as the reason for the preponderance of Republican sentiment.

An Excellent Reason

Kankakee county's excellent financial condition, and record for low taxation, has made it outstanding throughout the state. This, together with the qualifications and fine character of the candidates endorsed by the Republican organization, is another reason for the fine vote of confidence.

The winner in the contest for the Republican nomination as sheriff is Cecil Duguay, farmer and deputy sheriff of near Momence, school director and highway commissioner.

He received a total of 5,698 votes to 1,794 for Charles DeLong, Bradley, and 1,463 for Jesse Burton, Bondfield.

Duguay Popular

There was a tremendous outpouring of votes for Duguay in his home territory, in fact throughout the eastern part of the county, and there are few precincts in the county which he did not carry. His popularity and the confidence of Republican voters was demonstrated by consistent strength throughout the county.

His fellow candidates endorsed by the county Republican committee, who have made a fine record in office, also demonstrated their popularity and the respect the people have for them.

O. D. Henry, present county judge, was renominated on the Republican ticket with a total of 8,099 votes. Hector J. LeBeau, present county clerk, was renominated with a total of 7,639.

Bergan Gets 7,888

Dan Bergan, present sheriff, was nominated for county treasurer with a total of 7,888 and Ruel E. Hall, county superintendent of schools by appointment from the county board following the death of Gilbert A. Willis of Momence about a year ago, received the Republican nomination with a total of 7,880.

In the contest for the Republican nomination as state representative of the 20th senatorial district, with

Senator Brooks—

(Continued from Page One)

Brooks interpreted the landslide accorded him as indicative of a mandate approval on the part of the people of Illinois of the course I have taken.

The senator campaigned with the support of most of Illinois' Republican organization leaders. Governor Green did not participate in the campaign personally but spoke of the Republican nomination of Brooks.

Governor Green was among the first to congratulate Brooks last night at the senator's hotel headquarters.

G. O. P. Prospects Excellent
The prospects of the Republican party look remarkably good, the governor said. "The candidates who are under consideration today are well qualified. These men will do everything possible to win the war."

Most of the Republican organization support in Cook county gave Hull a margin over Day there but the congressman ran stronger than Hull did in the state.

In 724th precincts of the state's 8,612, Day received 26,210 and Hull 24,430. The other candidates, Charles R. Vincent and Dr. Bert R. Hoffman, trailed far behind.

two to be nominated, Victor McCrook received more than twice as many votes as the closest other candidates. He received 15,000 to 7,000 for Harry L. Topping, 15,000 for Homer H. Davis and 3,200 for Horace D. Edwards.

Brooks Big Winner
In Kankakee county, the congressman as United States senator, as he did elsewhere in the state, with a total of 7,308 votes, 15,000 for Brooks, 7,000 for Harry L. Topping, 3,200 for Homer H. Davis and 1,500 for Horace D. Edwards.

General Roy volunteered and was selected to command the unit. Brooks' accomplishment was undoubtedly his triumph at a later date, but now it is the prospect of a long campaign that is being waged.

The operation was commanded by Brigadier General Ralph Roy, who was three months old the family moved to a farm west of Ashkum where he resided until 23 years ago when he and his sister, Mrs. Mary Cleary, retired and moved to Ashkum.

Mr. Cleary had never married. Besides the sister already mentioned he is survived by a number of nieces and nephews. He died at his home in Ashkum, Ill., on April 10, 1942.

Uncertainty As

To MacArthur's

Present Status

By C. VATES MC DANIEL
United States Army Headquarters in Australia, April 15.—(AP)—Australian Prime Minister John Curtin heartily concurred today in President Roosevelt's statement that General Douglas MacArthur is in supreme command of the United Nations' forces in the Southwest Pacific.

The general's own headquarters, however, were without doubt, a statement of a headquarters spokesman appeared to indicate that uncertainty as to his status persisted.

In answer to questions whether MacArthur was supreme commander and what was his command covered, the spokesman made four points:

1. That an allied command had not yet been effected.

2. That MacArthur at present is in command of United States armed forces in the Far East as he has been since last July.

3. That MacArthur's general headquarters have been moved from the Philippines to Australia, which is the only physical change that has taken place.

4. That discussions are taking place in Washington and no decision or directive has yet been reached. Pressed for an interpretation of this, the spokesman said he could give none except to say that the general has been in close consultation with Australian army and government officials and that cooperation in planning for eventual official assumption of the command is being effected.

No Dedication Of Plaque And Women Peaved

Travel All The Way To
New York To Do Honor
To Abraham Lincoln

By JAMES T. CARLIER
New York, April 15.—(AP)—They went to New York City to do honor to Abraham Lincoln.

Reliant and good were 32 members of the National Society of Daughters of the Union, 1861-1865, who arrived at city hall yesterday to dedicate a plaque to the memory of the great emancipator.

When the 32 ladies arrived at city hall, they found to their dismay that the city administration had refused their gift without notice to notify them of the action.

Three months ago, Mrs. Louise Wakefield, then president-general of the society, had launched plans from her Pasadena, Calif., home to install a bronze plaque in city hall here to mark the spot where President Lincoln's body lay state after his assassination.

Yesterday was the big day, and to city hall the little band of women went, headed by Mrs. Wakefield, Mrs. Fred Farmer, chairman-general of the organization, Mrs. Walter Walker of Minneapolis, newly-elected president-general, and Mrs. Charles Chaves of Bayonne, N. J.

They found no plaque and no mayor, and in fact they found nobody at all who could tell them why their plaque wasn't in place.

"I can't understand this sort of treatment," Mrs. Chaves said. "The La Guardia has approved this sort of thing. His department of public works asked us to deposit \$500 for the plaque. We wanted a bronze plaque, but the city suggested marble instead."

We were agreeable, but now apparently the city doesn't want the marble plaque either.

"Well, offer it to Springfield," another member exclaimed, "and we'll get more concrete treatment there (Springfield, Ill., where the civil war president is buried) than we have received from New York."

With that, the National Society of Daughters of the Union, 1861-1865, departed, and if they were charged with the plaque, they may be a bit more when they learn that the municipal commission rejected the marble plaque.

They were to hold it in place. "Still another is that in a Jap camp in North Dakota the intended Japs have been holding political meetings attended by Germans from the nearby community. My information is that guards outside the camp are kept outside of hearing distance from these political sessions."

Big Thief
New York (INS)—The problem of what anyone could want with a 7½ ton department of sanitation truck is a question that is puzzling police officials here.

"Another stated that Japs from California have been interested near the water supply source of Los Angeles, the truck away, but was unable to catch up with the vehicle."

Says Interned
Japs Paid More
Than Our Troops
Washington, April 15.—(AP)—Senator Guilett (D-Ill.) said today he might ask the senate to investigate reports that interned Japanese nationals in this country are being paid at a higher rate than our soldiers and others in the armed forces.

Guilett said that much of his information had come from Kaho Han, Korean who has been engaged in anti-Japanese activities in this country and the Hawaiian Islands for several years.

"One report is that Japs now interned were receiving more than \$50 monthly compared with \$21 monthly going to soldiers," the senator said.

"Another stated that Japs from California have been interested near the water supply source of Los Angeles, the truck away, but was unable to catch up with the vehicle."

Childhood The Best Time To Have The Measles

By LOGAN CLENDENING, M.D.
MEASLES is a great spinning disease. It is probably the most universal disease in the world. It is even more universal than pneumonia because it affects both sexes.

In one out of a million cases it is fairly serious, the rest of the time it is a mild disease and usually as well gotten over in infancy. There are very few physicians who have seen a case of measles in a child who has not been vaccinated.

Measles in adults can be very puzzling. I remember a patient, a nurse who came from a country where she had measles as a child. She had measles as a child and she had measles as an adult.

In the first place you might as well try to get a child vaccinated as to get a child vaccinated. It is a good thing for a child to have measles as a child.

The only serious cases of measles are those which are complicated by pneumonia or by encephalitis. These are rare cases and they are usually fatal.

We had a terrible time with measles in the army in 1917 and 1918, because we did not realize just how serious a complication. The measles virus is a very small virus and it is very easy to catch.

Gen. Johnson Is Victim Of Pneumonia

Famous Critic Of New Deal Policies Dies In Washington

Washington, April 15.—(UP)—Hugh S. Johnson, colorful leader of the NRA in early New Deal days whose reputation for a revival of his commission as a reserve brigadier general was denied by President Roosevelt a year ago, died early today of pneumonia.

He was 59 years old and had been ill for several months. He was confined to bed for several days last week when pneumonia was diagnosed. He had been in the hospital since then.

Johnson's mother, Mrs. Elizabeth Johnson, and his son, Robert Johnson, were at his bedside.

Since 1934, after disagreeing with New Deal policies, Johnson has been a daily newspaper columnist. His death was a blow to the NRA, which was generally critical of the administration, and in recent years critics of the administration's foreign policy.

Request Denied By F. D. R. His most recent article, "The President's Chief," appeared in the Washington Post in April, 1941, when Johnson, a former army officer who had been a judge advocate to Gen. J. Edgar Hoover during the trial of the German spy, was criticized for his article.

1941 CHAMPIONS WARRIORS IN MAJOR LEAGUES

NBA Lists Conn, Pastor As Title Contenders

Yankees Whip Nats; Dodgers Defeat Giants

By JUDSON BAILEY

Sports fans now have had their first taste of a tonic labeled "major league baseball" and the dose given 1941-72 persons in eight cities yesterday had an altogether agreeable flavor.

The opening games were crammed with enough excitement to satisfy any thrill-hunting baseball fan.

The World Champion New York Yankees functioned like a well-oiled machine, but Boston, Cleveland and St. Louis also looked good in winning and the Brooklyn Dodgers kicked another powerful National League campaign with a dizzy ball game as New York.

At Washington, before Vice President Wallace and 3,000 other fans, old Charlie (Red) Ruffing embarked on his 18th American League hurling career, a magnificent three-hit 7-0 shutout against the Senators.

Although he had looked almost helpless in some of his training efforts, Ruffing gave the Senators as any in his career. Besides three singles he allowed only one walk and never let a man past first base.

At St. Paul, 42,633 fans, the biggest turnout of the day, watched the Dodgers down the Giants 5-2.

The National League champions looked invincible as they stomped out Curt Hubbel for four runs in the first inning, belted him out of the box with Freddie Brown and ran him margin to 7-0 in the first six stanzas.

But they didn't look so good in the seventh when Curt Davis gave fans on the top walks and ten hits, including a tremendous homer by John Mize with two aboard, and the five errors for the game were his.

As further evidence that anything can happen in the senior circuit, both the St. Louis Cardinals and Cincinnati Reds, chief rivals of the Dodgers, lost their debuts.

The Chicago Cubs noosed out the Cardinals by benching two runs in the first inning and three more in the sixth off Monty Cooper. Manager Jimmy Wilson of the Cubs also earned the distinction of being the first pitcher to be hit by a home run.

The Reds were set down, 4-2, by the Pittsburgh Pirates as Big Red, the pitcher, pitched a shutout. The Chicago Cubs, the 41-year-old team, took over first base and provided a timely single and double to help beat the Phils, 2-1.

Ted Williams, the batting hero of last season with a .406 average, opened this campaign with a three-run homer on his first trip to the plate and also collected two more.

He knocked home five runs as the Boston Red Sox overpowered the Philadelphia Athletics.

Indiana Kent A. War Whopper, a war whoop, calculated to chill some of their rivals for the American league's first division as they traveled to Detroit.

Three days ago Bobo Newcom became outraged when the Washington manager, Bruce Harris, passed him by and selected young Red Hudson to pitch the inaugural game of the New York Yankees. The folks who watched the Yankees let the Nats down with no runs and three hits are now agreed that if anyone has the right to be outraged it is Hudson.

The opening games were replete with errors. Jimmy Brown's bobble helped the Cubs to whip the Cards, Eddie Joost's help helped the Pirates trim the Reds and Vaughan's wild throw didn't help the Dodgers. But the most errors were committed at Chicago. Some 9,879 fans paid to watch the White Sox engage the St. Louis Browns.

In many parks the fans found water-supplied as air-rail wardens, but the Yankees with warnings to remain calm and spectators to remain calm, information as to what should be done in an emergency. As one little lady noted while gazing at Schmeider Lombardi, the only sign they forgot to post was that old favorite "kindly do not feed the animals."

When Babe Ruth released his annual pennant forecasts, most customers were nonplussed to find that the all-time great tabbed Pittsburgh as the champion of the National League. Now it appears that Babe was tipped to inside information.

Mr. and Mrs. J. A. Crooks of Chicago visited her sister Mrs. Abe Roid on Sunday.

Henry Byford of Mason City spent last week with his mother Mrs. Patricia Byford.

Mrs. Leonard Sawyer has returned to her home in Washington, D. C., after being called here by the illness of her mother Mrs. Laura Sawyer.

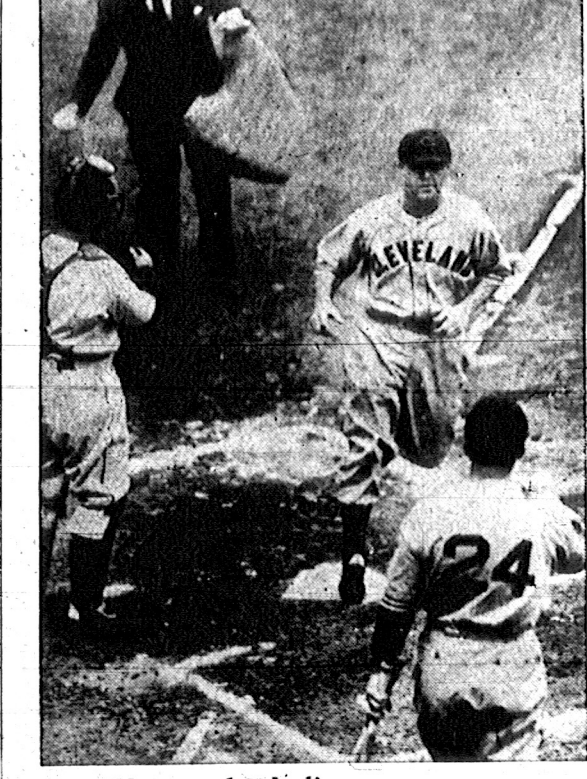

Mrs. Artur Kershaw spent last week in Rockford with her husband. They expect to move there about May 1.

Sunday visitors at the Ansel R. Dion home were Mr. and Mrs. W. W. Hobson, Mrs. Fred Russell and Mrs. Zeddy of Kankakee, Mr. and Mrs. F. W. Stout of Ashkum and Mr. and Mrs. George Halverson who were enroute to their home in Wisconsin from Florida.

Mrs. Lauridsen returned Sunday from St. Mary hospital in Kankakee where she had been for two weeks recovering from an operation. Her daughter Mary of Chicago is here caring for her.

Mrs. Jean O'Brien has a position at the state hospital in Kankakee.

The Congressional Ladies Aid will hold a food sale Saturday at Mabel's store.

Keltner Homers for Indians

Ken Keltner slapped a home run into the stands with two out in the first inning of Cleveland's opener with Detroit there, drawing first base and also collected two more.

He knocked home five runs as the Boston Red Sox overpowered the Philadelphia Athletics.
