CERT BAND MASTER, WILL
DIRECT PRESENTATION**

For the first time in history, Sunday programs will be given at the Kankakee Inter-State Fair on next Sunday, August 10, as a preliminary to a week that will mark the greatest season the Kankakee exposition has ever had.

Two different Sunday programs are to be presented, one at 2 o'clock in the afternoon and the other at 7:30 o'clock in the evening. They will be directed by Thaviu, the world famous concert band-master who this year is celebrating the silver anniversary of his career before the public.

Thaviu has presented his Sunday productions in many sections of the country and has greatly enhanced his reputation thereby. No two of his Sunday programs are ever the same.

Scenes of sacred beauty, presented as only Thaviu can with the aid of the Thaviu Symphonic Band, accredited as being America's Greatest Musical Organization, will make up programs worth many miles' traveling to see.

The Thaviu Sunday presentations will be given on one day only, next Sunday, August 10. Entirely different programs will be given at 2 o'clock in the afternoon and at 7:30 in the evening.

The gate admission on Sunday afternoon and evening will be 35c for adults, children 15c; grand stand admission 30c both afternoon and evening.

**KANKAKEE BOY
DIES A WEEK
AFTER SHOT**

EVERETT BETOURNE, 11, VICTIM OF BLANK GUN THAT "WASN'T LOADED"

TETANUS DEVELOPED

Tiny Wound At Base Of Spine Causes Deadly Disease; Death Called Accidental

Everett Betourne, 11, son of Mr. and Mrs. Phillip Betourne of 1129 East Merchant street, died at 5:30 o'clock Sunday evening at St. Mary's hospital—another victim of "the gun that wasn't loaded."

The boy died of tetanus which ensued after he had been shot below the base of the spine with a blank cartridge at the summer cottage of Frank Heine on the evening of Saturday, July 26. The gun in which the blank was fired was held in the hand of Nels Sorenson, Chicago blacksmith and a former resident of this city. Sorenson and other adults who were present at the time of the shooting did not know that there was a cartridge in the pistol.

Coroner Octave J. Carter conducted an inquest into the child's death today. The jury returned a verdict stating the tragedy was accidental and exonerating Sorenson.

Tetanus With Gun

Sorenson, it was stated at the inquest, was toying with the pistol and happened to pull the trigger just as the Betourne boy ran past him. The boy screamed with pain. He was undressed and a small wound discovered where the wadding of the blank shot had pierced his clothing and penetrated about three-quarters of an inch into his skin. He was given immediate first aid attention and the boy stated that he had no more pain. No physician was called. He was up and playing around every day, even swimming, until last Saturday morning when his jaws locked and he was seized with convulsions.

Mr. Heine brought the boy to his home in this city. He was examined by Dr. W. C. Lane who ordered him taken to the hospital and anti-tetanus serum was injected but the fatal disease had progressed too far.

Witnesses at the inquest were: Dr. Lane, Mr. and Mrs. Heine, Mr. and Mrs. Sorenson, Robert Heine, and the dead boy's father. Assistant State's Attorney Charles W. Kurtz questioned the witnesses. Sorenson was represented by Attorney Anker C. Jensen.

Suffered Much

The boy had suffered greatly during his short life. Three years ago he fell out of an automobile and sustained a fractured skull. Last April he suffered a broken leg when he was run over by an automobile. He also underwent an operation.

The body was removed to the Betourne residence this afternoon from the Moran and Clancy funeral home. The youth is survived by his parents and one brother, Donald. Funeral services will be held Wednesday morning at St. Rose church at 9:30. Burial will be in the Maternity cemetery at Bourbonnais.

Several other blank pistols were found at the camp and were used by boys in playing cowboy. The Heine camp is located about six miles north-west of this city off Highway 113. The Betourne boy had spent the past four summers at the camp. Sorenson was also a visitor there.

Dr. Lane stated that two small bits of the wadding were removed from the wound when the boy was taken to the hospital. The wound itself was healing rapidly and had formed a scab. It was only a quarter of an inch in diameter. Mr. Betourne, the father, is employed by the county as a mechanic.

DIES IN CHICAGO

Mrs. Sidney Richa, 532 North Adams street, has received news of the death of her uncle, Mr. Nelson, 79, which occurred July 31st at the home of a daughter in Chicago. Mr. Nelson was well known in this vicinity, having formerly lived in Kankakee. Funeral services were held in Chicago today.

SPENT SUNDAY HERE

Mr. and Mrs. Royal Erickson and Mr. and Mrs. Raleigh Harris, of Pontiac spent Sunday in Kankakee.

**THE WHIRR OF
FAST MOTORS
TO BE HEARD**

**RACING AUTOS PILOTTED BY
DARING DRIVERS TO BE
FEATURE OF FAIR**

SATURDAY, AUGUST 16

**Large Purse Will Be Offered And
The Fastest Car And The
Best Driver Will Win**

The whirr of racing motors piloted by the speediest dirt track kings in the mid-west states will be heard at the Inter-State Fair Grounds at Kankakee, Illinois, on the last day of the Fair, Saturday, August 16.

The Tri-State Racing Association, one of the oldest organizations of its kind in the central states promoting and managing dirt track speed events on mile and half mile tracks, will cooperate with the Fair Association in giving the race fans a full afternoon of speed and thrills.

Indiana, Iowa, Missouri, Ohio, Michigan and Illinois will have representative pilots in the pits when the starter lines the field up for the first event of the afternoon at 2 p. m. Entry blanks have been mailed out to the headquarters of the leading drivers. While it is set early to predict the size of the field, officials will prepare pit spaces for twenty cars.

The promoters of this year's class are ardent advocates of the open competition plan. They do not carry a number of cars and drivers from track to track and hippodrome to hippodrome, but a large purse is offered in the various races and the best car and driver win.

The program opens at 2 o'clock in the afternoon with time trials for each car entered. The time made by each car determines its position in the final races of the day.

The second event will be the five-mile Suicide Dash, in which the six speediest cars as determined by the time trials, will be eligible for competition. The purse offered in this event will have a tendency to make entries step on it when making their time trial.

The Len Small Trophy Cup will be awarded to the driver who completes the speediest time trial.

The Twenty-Mile Kankakee Motor Derby will be the big event of the day and the purses offered in this race are the largest that have been offered in the mid-west this season.

Safety Rules

The Tri-State will observe all safety rules of the National Auto Racing Association. These rules apply to spectators, officials, drivers, owners and pit men. Safety zones will be mapped out and guards will be stationed at vantage points on the track and in the infield to see that all rules for safety are observed. Ambulance service and two physicians will be engaged. However, officials trust that the day will not be marred by accidents.

Many of the Free Acts that have been engaged by the Fair will be held over for Saturday afternoon.

Timers, checkers and judges will be Kankakee men under the supervision of the National Auto Race Association.

Track to Be Treated

The track will receive a treatment of calcium chloride with an abundance of water to lay the dust.

Sale of grandstand and box seats will open at 1 o'clock Saturday afternoon.

Fair officials are making plans to welcome the largest crowd that has ever attended an event of this nature in the state.

Her bridal veil of chantilly lace was caught at the sides with rosettes of orange blossoms. She wore long white kid gloves and brocade slippers studded with rhinestones. Her shower bouquet was of white bride's roses, lilies of the valley and sweet peas. Preceding the bride, her sister Natalie Roski, cousin of the bride as flower girl prettily dressed in pink georgette with slippers to match, strewed pink rose petals from a horsehair basket before the bride. Eight local youths going to Y school

In just two short weeks, a group of the leading young men of the city will leave for the Old Boys and Girls Training Camp at the State Y. M. C. A. camp, Camp Seymour. The period runs from Tuesday, August 19, to Friday, August 30. The boys will be away for ten days and will have a big day of fun and growth in store for the chosen elite.

The eight local boys who are going are members of the 1929 and 1930 boys' H-Y club of the Y. M. C. A. and will all of them be seniors in Kankakee high school in the fall. To become a member of the elite, which will occupy their little cabin at Seymour, a boy must be a leader with potential value; he must be active in his church, his Y, and his school, and must be a fine, clean, all-around young man. So the boys' department of the local Y. M. C. A. announces the boys who have been selected for the H-Y training period at Camp Seymour: they are, Joe Spielberger, Frederick Ruckert, Richard Smith, Dorman Poyer, Edward Johnson, Joe Green, Richard Burger, and Kenneth Edwards. The local Y leader for the cabin will be Harry B. Decker, the H-Y-Y adviser and Gospel Team leader.

This group of leaders, will leave for the Kankakee Y. M. C. A. building, Monday, August 18. Any building who is interested in this fine project, and would like to furnish transportation for some of these del-

CHAMPIONSHIP FOR COW CALLERS WILL BE HELD AT FAIR

These calls, familiar to all rural residents and to many city dwellers as well, will become familiar sounds at the Kankakee Fair.

A contest in cow-calling is to be staged, and the man, woman or child, who is judged the winner in this contest will receive a handsome prize.

There's many a farmer and his wife about the vicinity of Kankakee who through many years of experience have gained a great deal of skill in this art. It is a contest in which the champion of them all.

Any person, man or woman, who has called a cow and succeeded in doing so, is eligible to enter the contest. The prize will be a handsome silver-plated cow bell, given by the Blue Valley Institute.

LOVERS OF FLOWERS WILL BE ENTRANCED AT FAIR DISPLAYS

The promotion of "own your home" and similar campaigns during the past few years has caused a great increase of interest in the grounds shrubbery and flowers about the home and much favorable comment has been aroused thereby because of the resulting beautification of the American home.

Much of this is due to flower lovers and the ranks of those who make a hobby of flowers are increasing by leaps and bounds.

To meet this increased interest in flowers and flower raising, the Kankakee Fair organized and now has secured a display of flower shows in the grounds in addition to its many other splendid exhibits.

A special effort is being put forth to make the flower show better and larger this year than ever before. Approximately two hundred dollars in premiums are being offered to the winning exhibitors.

There are divisions for both amateur and professional, in addition to open classes for both, and a children's department for boys and girls under 14 years of age.

MANY NEW AND VARIED OUTDOOR CIRCUS ACTS FOR FAIR VISITORS

THAVIU'S SUCCESS DUE CHIEFLY TO FACT THAT HE PLEASES EVERYONE

Drummer? Punter? Sometimes he is regarded as a virtuoso, sometimes as a clown. I must have been the public verdict of my twenty-five years before the public. If I have succeeded, it has been thru virtuous endeavor.

So does Thaviu, who will appear at the Kankakee Inter-State Fair during the week of August 10 to 16.

THAVIU

United States, Canada and Mexico know him only as "Thaviu" the always cheerful little concert band leader, who this year celebrates his Silver Jubilee.

Twenty-five years ago, just after White City opened in Chicago, Thaviu made his bow to the public with the first concert in that famous recreation park. Today the whole North American continent knows him.

Always moving ahead, always adapting himself and his organization to the changing world conditions, Thaviu "cannot live in the past, but always in the glorious present, looking forward to a future bright with promise."

From his original concert band, he has branched out to include in his playing years, oratorios, ballets, to hold grand opera, pageantry, a diversified entertainment, ranging from grand opera to jazz, from ballet to bubble.

THE KANKAKEE INTER-STATE FAIR

Held 74 years ago, the first Kankakee Fair offered premiums aggregating \$125. Today that same fair, now grown into the Inter-State Fair, is known worldwide as the World's Greatest Outdoor Entertainment, offering \$100,000 in races, premiums and attractions.

Such growth is almost miraculous when it is considered that the Kankakee exposition was originally a mere county fair. Such growth is doubly miraculous when it is considered that in 1885 the Fair was on the edge of bankruptcy and was about to close its function.

The next year Len Small, who was later to become the Good Roads Governor of Illinois, obtained the reins of control. Immediately new life was injected into waning county fair. New policies were adopted. A guarantee was made that premiums would be paid on all livestock and agricultural exhibits.

A free entertainment program was inaugurated, which today marks the first adaptation of amusements to an agricultural exposition. From the first the rejuvenated fair prospered. It became the Kankakee District Fair and then later the Kankakee Inter-State Fair, which name it bears today.

This marvelous growth is due in part to the Fair's honesty in dealings with its exhibitors. Its generosity and fairness in this respect has earned for it an enviable reputation. Organized under the laws of the state of Illinois, it has conscientiously followed the policy of reinvesting the net receipts of the Fair in the improvement of the fair grounds.

Today the Fair grows bigger and better with every passing year. Aside from the gratification of seeing their fair prosper, its officials receive no compensation for their services.

1930 AGRICULTURAL EXPOSITION

From the agricultural standpoint, as well as from every other, the 1930 Kankakee Fair will be an overwhelming success. Increased premiums in many divisions of its complete agricultural, horticultural, livestock, mechanical and domestic exhibitions insure the largest as well as the finest displays in these departments in its history.

The basic purpose of the Kankakee Fair—to serve as a meeting place for the exchange of ideas between agriculturists, to better the farmer and to raise finer crops, and to provide competition in all branches of agriculture—these purposes of the Kankakee Fair remain the same in 1930 as they did scores of years ago.

Chic Sale Answers Edison's Questions

NEW YORK. Of course I can't be Edison's successor because I like to sleep too much, but I can answer some of his questions. Here you are:

Name four anthropoid apes. Tippo, Schor, Goo, and Tundo. Name the planets in solar system. Edison, Ford and Firestone. From what source do we get turpentine? Bottles.

What is the difference between noise and musical sounds? Musical sounds are arranged, and the brilliant lighting arrangement, and the brilliant lighting.

Make a statement defining "atom." Well sir, the way man has defined it is "a small piece of matter."

What is meant by absolute zero? The temperature at which all molecular motion ceases.

Give Borah advice. Would you advise a brother to be an artist or a poet? If I didn't like him I would. What are ten acres of farming land in Iowa worth? Unless there is a filling station or a golf course on them they ain't worth anything.

What is heat? It ain't heat, it's the humidity. Under what conditions may a force act continuously on a moving body and still do no work? When the force is a man in congress.

Society Horse Show Will Attract Exhibitors From Various Parts Of Country

One of the most prominent features at the Kankakee Fair will be an afternoon and evening Society Horse Show in which over \$15,000 in cash premiums are offered—an amount sufficient to attract the finest representatives of the show horse world from the most famous stables of America.

With eight big stakes—five \$1,000 and three \$500—the 86 classes which are scheduled for the five days from August 11 to 15 will be hotly contested by splendid fields of entries.

Eight Stakes
Two of the \$1,000 stakes are in the division for harness horses. One is a roadster stake and the other is for heavy harness horses. The winners of first and second in the latter class are to be known as the champion and reserve champion of the show.

The One Thousand Dollar Championship Stake for five-gaited saddle horses will attract more attention and probably draw a larger field of entries than any other class shown during the show.

The One Thousand Dollar Stake for three-gaited saddle horses will be another closely contested feature and a lengthy string of beautiful performers have been entered.

The Five Hundred Dollar Junior Stake in the five-gaited classes for stallion, mare or gelding 4 years old or under will see the snappiest assemblage of peppy youngsters ever assembled in the mid-west.

\$1,000 Jumper Stake
Yielding to popular approval, the Fair management doubled the \$500 Stake offered for Hunters and Jumpers last year, and fans who enjoy seeing the big horses taking the hurdles are preparing to be there in one hundred per cent attendance.

The Pony Division is well represented at the Kankakee Fair Horse Show and the little fellows always appeal to the audience. Two \$500 Stakes are being offered in this department; one is for Shetland ponies and the other is for Hackney and Welsh Ponies.

86 Classes
With 86 classes in the offering, an average of seventeen classes will be shown each day, afternoon and evening, in front of the grandstand during the fair.

The Horse Show Program for each day will be widely varied. There

are 24 classes in the Harness Horse Division which includes Roadsters, Heavy Harness, Ladies', Gigs, Runabouts, Tandems, Coach and Four, and Fine Harness.

Eighteen classes are in the Saddle Horse Division and take in five and three-gaited saddle horses, Junior Championship and High School Horses.

Over Two Thousand Dollars are offered in the Hunters and Jumpers events which include: heavy-weight, middleweight, lightweight and ladies' hunters, Amateur, pair, five-foot performance, jumping class and Touch, Fault and Out.

Ponies
\$3500 in thirty classes in the Pony Division are offered. These include Shetlands, Hackneys and Welsh—besides open classes for all-in harness, tandems, pairs, four-in-hand, saddle and combination.

Seven hundred dollars are offered in the classes for draft teams in harness. Separate events will be held for teams under 1800 pounds each, and teams 1800 pounds each or over, and six-horse draft teams.

Concrete Highways Will Bring Vast Throngs Here To Attend Kankakee Fair

Next week thousands of people will step on that marvelous little contrivance, the automobile starter, then press on that almost equally marvelous contrivance, the accelerator, and so, in a matter of minutes or several hours, they will have covered the miles, be they few or many, that separated them from that most modern of all exhibitions, the Kankakee Inter-State Fair.

Eight thousand miles of Illinois paved roads connect every county in the state bringing the Kankakee exposition within easy reach of the people residing in every corner of Illinois.

Through concrete highways running from Kankakee connect with the splendid road systems of Indiana and other surrounding states.

Governor's Highway.
The Governor's Highway, Illinois 40, Chicago's first 40 foot super-

highway extending south from the great metropolis, shoves the Kankakee Fair up to Chicago's front door, and makes it a minimum of time and effort for dwellers within the metropolitan area to attend the Inter-State exposition.

The 1930 edition of the World's Greatest Outdoor Entertainment will be worth traveling many miles to see. The list of the attractions slated for the Kankakee Fair week, August 10 to 16, comprise the finest amusement features to be found in America's show fields.

On a par with the entertainment attractions and equally worthy of attention, are the agricultural and livestock divisions, in which entries are larger than ever before and establish the Kankakee Fair more firmly than ever as one of the greatest agricultural exhibitions of the mid-west.

Government Exhibits To Be Highly Educational

By special arrangement with Joseph Hicox, Chief of the Office of Exhibits of the Extension Service, the United States Department of Agriculture will have a number of highly interesting and educational exhibits at the Kankakee Fair during the week of August 10 to 16.

These exhibits will require an entire freight car for transportation to Kankakee. They will impart the latest information of important investigation work by means of pictures, diagrams, legends, lights, sound and motion. The electrical and mechanical features used are in themselves worthy of special attention.

Three of these exhibits concern the dairy farmer. One touches upon the factors which affect fertility in dairy cattle and explain methods for maintaining it. Another gives a typical account of a year's business of a dairy farmer as gained from a comparison of 2300 dairy farmers whose farm operations were analyzed by the United States Department of Agriculture.

The importance of milk pasteurization is stressed and an actual instance is forcibly presented showing how unpasteurized milk spread disease among the consumers.

A moving mechanical display illustrates hog, cholera control and shows how the disease may be prevented.

Sheep on the Farm.
The double returns pair by sheep are pointed out at another booth. There is little labor and no special equipment required for raising sheep while they turn waste weeds, hills and other inaccessible pastures into mutton and wool.

honored blacksmith has disappeared, leaving the farmer to do his own shoeing. Ready-to-wear shoes made to measure simplify the problem and the correct way to shoe is shown at another exhibit. A well shod horse is a better puller.

Highways.
Another exhibit shows the part played by roads in the evolution of the North American Continent from savagery to civilization. Good roads bind the country together, preventing it from dissolution. Good roads helped to win the war by making possible the use of moving vans when the railroads were crowded to the utmost.

A booth displays methods of avoiding losses from stinking smut of wheat.

A publications-information booth is also maintained as a place for conference and literature. The U. S. Department of Agricultural stands ready to aid farmers with their problems through the co-operative extension system.

ARISTOCRATS OF THE HORSE WORLD COMPETE

HEAT WAVE CONTINUES FOR WEEK

WEATHER FORECASTER HAS DISCOURAGING REPORT FOR THE POPULACE

SERIOUS HARDSHIP

Farmer Will Suffer Extensive Damage To Crops If It Continues

Chicago, Aug. 4.—(P)—Parched prairies and sweltering cities of the midland aimed a small degree of comfort today from forecasts of cooler weather in the offing.

Prairies and cities went on boiling today, but the temperatures were in the relatively cool eighties, spilling over occasionally into the nineties and sometimes shrinking even to the seventies as a thunder shower, brief and tantalizing, slaked the thirst of the neighborhood momentarily.

Lincoln, Neb., and St. Paul started the morning round of fanning with thermometers at 85—cooler than yesterday, and with promises of still cooler tomorrow. At Duluth it was 82 at 9:30 A. M., and the mercury was upbound. Chicago, after a still night during which the mercury at 85 rested more steadily than the populace, went to work in a shower and a beneficent northwest breeze that reduced the temperature to 74 by 10 o'clock. But between showers, the weather bureau said the familiar nineties might be back by night.

Chicago, Aug. 4.—(P)—One of the longest and most intense heat waves of recent years held the nation in its merciless grip today. Government forecasters saw no permanent relief in sight. There is

some change of local thunderstorms and very slight rainfall, they said, but the heat wave is not expected to be broken for at least another week.

To the farmer whose principal crop is corn, this meant serious hardship. Another week as hot and dry as the last two would seriously damage even late planted corn. The earlier part of the crop has been hurt to such an extent that private estimates suggest a loss of around 400,000,000 bushels already.

Pasture has also been burned badly and many affect dairy products. Rivers and lakes are so low, the U. S. bureau of Fisheries announced, that the Nation's fish population is in distress. The Mississippi river has fallen so much that river navigation is hampered and many boats are grounded.

Yesterday was one of the hottest days ever recorded in the United States with records falling in the east, the midwest and southwest. In Boston, 98 set a new high mark for the season and equalled the all time record for August. It was 100 in Washington, 96 in Baltimore, 94 in Philadelphia and 92 in New York.

In the plains states all the records were set at Emporia, Kan., where it was 113 yesterday and at Omaha where it was 111. Kansas City's government thermometer reached 107.2 and the mean temperature for the day was 97, the highest on record. Other high temperatures included Sac City, Ia., 113; Fremont, Neb., 112; Mangum, Okla., 111; Beatrice, Neb., 111; Topeka, Kan., 111; Kansas, Kan., 111; Algona, Ia., 110.

Prairie fires broke out near Sheridan, Ind., and destroyed a twenty acre woods before being checked.

The main crop damage has been reported in Nebraska, Kansas and Missouri where hot blasts and lack of rain have withered corn.

A thunderstorm gave Chicago temporary relief yesterday and today, but excessive humidity added to discomfort from the heat.

ZUTA IS SLAIN FOR TELLING WHAT HE KNEW

ABOUT THE ASSASSINATION OF ALFRED (JAKE) LINGLE OF THE TRIBUNE

FEARED FOR LIFE

Two Of Victim's Pals Sought But Authorities Believe They Are Also Dead

Chicago, Aug. 4.—(P)—Jack Zuta was killed, police said today, for telling what he knew about the assassination of Alfred (Jake) Lingle, Tribune reporter.

And it was a woman, police were convinced, who arranged the slaying of Zuta Friday night in a lake resort dance hall near Delafield, Wis. Zuta, the head of the northside Moran-Aello gang's vice business, "talked plenty" when he was questioned several weeks ago about the Lingle slaying. Pat Roche, chief investigator for the state's attorney, said.

The vice chieftain feared an attempt on his life. He asked Lieut. George Barker to escort him through the loop to his own northside territory. The attempt was made at State and Jackson streets, traffic crossroads of the loop. Zuta escaped, but a street car motorman was killed by stray bullets.

Zuta hid out in Wisconsin. He had several telephone conversations with a Mrs. Laura Nelson, living on the northside. One was just a few hours before five men entered the dance hall and shot him down.

Police today went to Milwaukee to see if "Mrs. Nelson" was one of three women held in jail there for questioning.

The women, arrested at a roadhouse between Delafield and Milwaukee, identified themselves as Mildred Tosch, Marjorie Roberts and Betty Epperson, all of Chicago.

None of the women would talk, other than to admit they knew Zuta. One of them, Roche was convinced, notified Zuta's enemies of his whereabouts.

Solly Vison and Albert Bratz, two of Zuta's henchmen, have been sought since the vice lord's death, but cannot be found. Police said they, too, have been slain.

FARM PRODUCTS TO HAVE BIG SECTION AT THE INTER-STATE

In keeping with its position as one of the country's foremost agricultural expositions, the Kankakee Inter-State Fair offers attractive premiums to exhibitors of Farm Products, fruits and vegetables at the fair during the week of August 11 to 15.

There are classes in farm products open to Illinois and Indiana. These include winter wheat, red spring wheat, white oats, timothy seed, clover seed, sweet white clover seed, soy beans, timothy hay, red clover hay, alfalfa hay and soy bean hay, alfalfa, wheat, oats and rye, sweet corn, pop corn, yellow dent corn and white dent corn.

Premiums are offered in practically every vegetable common to this region. There is also a home family garden contest in which each exhibition must be grown by the individuals of one family and it will be judged by its suitability for a family's use. This display must consist of ten varieties of vegetables. There are also divisions for fruit, honey and honey products.
