BRITISH HOLD MADAGASCAR

City Requires Payment For Extra Service

Aldermen Take Steps To Abolish Free Rubbish Pick-Up

Householders who have been enjoying special pick-up service in the disposal of their rubbish and refuse may have to pay for it in the future. Learning that the extra service is costing the municipality \$150 a month, the city council last night initiated action to make a special service charge of 50 cents a month for persons who want two such collections a month. This applies mainly to residences on half-lots where no alley rights are available.

Equal Cost
In several locations, workers of the street department are asked to go into basements and haul out ashes and rubbish. It was said a charge of 50 cents a month would pay the total cost of the extra service, according to Alderman Edmond J. Fortier Jr., first ward, chairman of the finance committee, but it will provide a more equitable basis in comparison with what other taxpayers are getting for their tax dollar.

A motion to refer the proposal to the judiciary committee and city attorney was adopted on motion of Alderman Herman Haake, third ward.

Commend 3 Departments
The finance committee, in making its general report, had special commendation for the three departments which managed to stay under their budget for the fiscal year just ended—street and alley, police and average and sewerage treatment. Department heads of the various other branches were advised that further savings must be effected this year to make up the "overages" of the past year.

From the Retail Dealers Protective association the council received a request that the city allow members of a tavern owner's family to take

17,774 Register On First Day For Sugar Books

Applications for sugar rationing books yesterday totaled 17,774 in Kankakee county, according to announcement today of George E. Luehrs, county rationing administrator.

Of this number, 16,773 received books with all or part of the stamps still affixed. The remaining 1,001 had more than the minimum amount of sugar on hand and therefore will wait until their own supplies are used before getting books.

In the city alone, only 7,226 persons were signed up yesterday. Any person who expects to use any sugar in the future is reminded to go to his nearest school district and sign up for a ration book not later than Thursday of this week.

Seven Pay Fines For Failure To Have Licenses

Seven motorists arrested yesterday by state police for failure to have state auto licenses were fined \$5 each in the court of Magistrate Edward Hennicke.

In addition, one motorist lacked a driver's license and was charged \$5 more on this count—Louis Moore, 23 South West avenue.

Those paying \$5 for the plate violation were Albert Memenga, 526 South Schuyler avenue; Delbert Esington, Chelabene; George Lorenz, 308 West River street; Ruth Ayers, Ottawa; Leonard Peters, Aroma Park; and Ed Anderson Sr., 768 South Elm avenue.

Civilian Defense Corps To Start School Next Week

Courses of instruction for the volunteer workers being recruited in the civilian defense corps will begin next week. This was determined last night at a meeting of 75 zone and district chiefs and assistants in the circuit courtroom at the courthouse. Bradley and Bourbonnais is included in the Kankakee corps area for this project.

State Doctor

Dr. Edward F. Ross, formerly of the Alton state hospital, is the new managing officer of the Manteno Institution. He succeeds Dr. Walter Barr, resigned to enter military service.

Nazi System In Germany Faces Strong Threat

Hitler Informed If Russian Campaign Fails His Reign Ends

By ROBERT BUNELLE
London, May 5.—(AP)—A group of Adolf Hitler's generals headed by Field Marshal Walther von Brauchitsch was reported today to have told the Fuehrer bluntly that if his 1942 campaign in Russia fails, they will try to institute for Germany an alternate plan of their own calling for "abolition of the Nazi system."

A responsible source with unusual reliable information about conditions inside Germany said Hitler had accepted this challenge calmly and appointed Von Brauchitsch a member of the supreme command.

Hitler relieved Von Brauchitsch as commander-in-chief last Dec. 21 and announced that he himself, relying on his "intuition," had assumed direct command of his armies.

Interpreted Two Ways
The source said the incident might be interpreted in two ways:

1) That Hitler was confident of victory but needed the help of his former commander-in-chief and Von Brauchitsch's friends and hoped his appointment would win over critics; or

2) That he was beginning to recognize his weakness and was seeking compromise.

Von Brauchitsch was one of the strongest opponents of Hitler's plan for holding the forward positions in Russia through the winter and counseled a fall back from Moscow long before Hitler agreed.

Von Brauchitsch was said to have the confidence and backing of such important military leaders as Field Marshal Fedor von Bock, Col. Gen. Franz Halder and Field Marshal Gen. Karl Rudolf Gerd von Rundstedt.

First 2 Sugar Stamps Must Be Used On Time

Sugar stamp No. 1 must be used sometime between May 5 and 16, and stamp No. 2 during the week of May 17 to May 30.

This was announced today by George E. Luehrs, county rationing director. Stamps not so used will be worthless, he said.

School Learns Meaning Behind Church Ceremony

First Aid School All courses will be in first aid, which is required of everyone connected with the corps from Chairman U. A. Rollison on down. The latter opened last night's session, turning it over to Waldo Roth, assistant coordinator, who outlined further details of the defense program.

\$10,000 Damage Suit Heard In Circuit Court

Joseph H. Dodson Is Plaintiff Against The I. C. Railroad

A \$10,000 damage suit was being heard today by Circuit Judge Luther Bratton and a jury of nine women and three men in the case of Joseph H. Dodson, 701 South Harrison avenue, versus the Illinois Central railroad.

Dr. Dodson, represented by Attorney John A. Mayhew, seeks to collect the sum from the railroad for injuries sustained June 24, 1940 when he fell on a stone step at the I. C. depot in Chicago as he was about to take a train home.

Losses Hearing

He sustained a broken nose and damaged the eustachian tubes, causing him to lose hearing entirely in the left ear and partially in the right ear, according to the complaint. The railroad was accused of negligence in permitting a door handle to be loosely wrapped with sisal twine. Mr. Dodson's hand slipped on this twine, causing him to fall on the stone step, according to plaintiff's testimony.

Witnesses called by Attorney Mayhew in addition to Dr. Dodson were Dr. Andrew J. Goodwin of Bradley, William Lord, 666 South Elm avenue; Francis Martin, 939 South Schuyler avenue; Dorothy Loch, A. C. Barrett and James Vopat of Chicago, Harry Weese of Kenilworth and Katharine Porter of Evanston.

Motion Argued

At the conclusion of plaintiff's evidence this morning, Attorney Eva Minor, representing the railroad, filed a motion for a directed verdict, contending evidence failed to prove negligence on the part of the company. The jury retired and attorneys were arguing this motion late this morning.

Jurors are Louis Pombert, Mary Robinson, Mabel Searis, Viola Neubauer, Frances Betourne, Edna Fortin, Frances LaMontagne, Olive Goussier and William Beckheim, all of Kankakee, Julius Blanke Jr. of Grant Park, Mrs. Esther Brown of Aroma Park and Bessie Englehart of Bradley.

WPB Expert Gives Interviews Here Friday

Interviews on priority problems will be given in the Chamber of Commerce office on Friday between 10:45 o'clock in the morning and 4:30 o'clock in the afternoon.

Chester J. Toohill, of Chicago, inventory and production analyst of the War Production board, will be here for that purpose.

Those who desire interviews are to obtain appointments through the Chamber of Commerce office.

Boy Burned In Explosion At Service Station

Thomas, six-year-old son of Mr. and Mrs. Henry Messer of 54 River street, Bourbonnais, suffered severe burns about the head and face in an accidental gas explosion late yesterday afternoon.

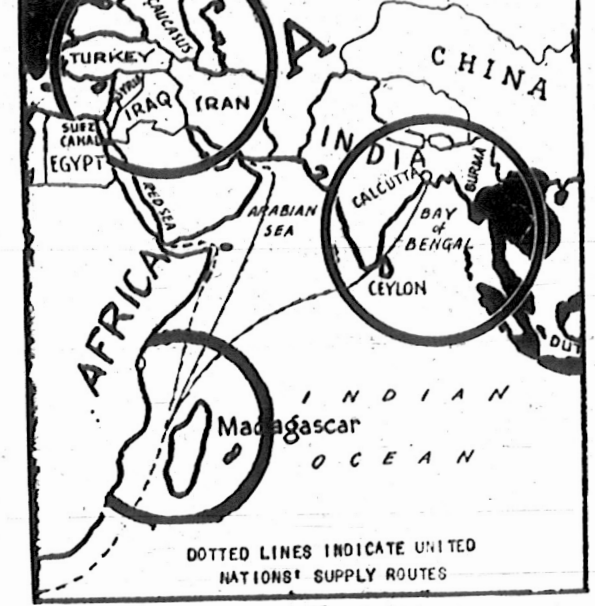

The accident occurred about 5 o'clock at the George Arseneau station, Main and river streets, where the boy was playing with Kenrick and Maynard Monette, sons of Mr. and Mrs. John Monette.

Although definite information about the cause of the explosion was not available, it was reported that one of the boys dropped a lighted match near or down a pipe connected with a gas storage tank.

The Messer boy, who was standing closest to the pipe, was taken to St. Mary hospital by Mrs. Louis Tetrault and the father of the Monette boys.

School Learns Meaning Behind Church Ceremony

Eight girls discussed various ceremonies in the respective churches and the meaning behind the ceremonies at Monday's meeting of the Senior Girl Reserves at Kankakee high school.

British Forces Take Madagascar

The French island of Madagascar has been occupied by British forces to prevent its use by the Axis powers, especially Japan, according to a statement by the U. S. state department which sanctioned the move.

The above map illustrates how an enemy holding the island could menace the United Nations' supply routes, giving the Axis forces (circled) a better chance to make simultaneous thrusts toward the middle east.

Beaverville Woman Killed, Hit By Train

Walking Home After Listing Name For Sugar Rationing

Beaverville, May 5.—(RN Special)—Mrs. Della Nourie, 73, of Beaverville, was instantly killed at 3:30 o'clock Monday afternoon when struck by a Big Four passenger train while walking across the crossing, three blocks from her home.

Mrs. Nourie had gone to the school to sign up for sugar rationing. From there she went to the bank and then started to walk toward her home, proceeding in a southerly direction across the tracks just as a special troop train approached.

Inquest Today

She didn't see the locomotive, it was said, until an instant before she was struck and hurled into the air, landing along the track a short distance away.

Coroner Vern K. Bussert was conducting the inquest this afternoon in the Beaverville town hall. Mrs. Nourie is the widow of Alfred Nourie who died in 1933.

Funeral services will be conducted Thursday morning at 10 o'clock at St. Mary's church here with burial in the church cemetery.

The survivors are daughters Mrs. Marie Louise Langlois, sons Pvt. Alphonse of Tacoma, Wash., Eugene, Antille, Sherman, Elmer and Alfred Jr. of Beaverville; one brother Eugene Bourassa of Topeka, Kan., along with 18 grandchildren and 10 great grandchildren.

Mrs. Drazy Has Arm Fractured As Line Breaks

Mrs. Charles Drazy, 182 North Seventh avenue, is a patient in St. Mary hospital with a fractured arm sustained in a fall at her home yesterday.

She was engaged in stretching a clothes line and was standing on the porch pulling out on the line when it broke and she fell from the top step on to the stone walk.

U. S. Forces Pledged To Fight Any Jap Attempt To Grab Strategic French Island Off African Coast

AMERICA ENDS KID-GLOVE POLICY IN DEALING WITH THE VICHY GOVERNMENT

BULLETIN
Vichy, France, May 5.—Chief of Government Laval declared tonight he had received a note from President Roosevelt demanding that France not defend Madagascar against British attack, and that the Vichy government regarded this note as inadmissible.

Nevertheless, France under no circumstances will make the first move toward a rupture with the United States Laval said.

Addressing a press conference, Laval declared in a husky voice: "The French government leaves to President Roosevelt his part of the responsibility of the eventual consequences of this aggression."

By EDWIN STOUT
Washington, May 5.—(AP)—British troops, backed by warships, were on Madagascar today and American forces were pledged to fight any Axis attempt to grab the great French island which the Japanese apparently had hoped to wrest from the weak and possibly willing hands of Vichy.

The group by which a British land and sea force were taking over protection of Madagascar was announced in Washington and London last night. Dropping its kid-glove policy in dealing with Vichy, the United States warned bluntly that if pro-Nazi Pierre Laval's government permitted a warlike act against the occupying forces, it would be an act of war against the United Nations.

Thwart Japanese Plans
The British move thwarted any Japanese plans to seize Madagascar either by force or by a "protective" occupation agreement similar to the one which Japan took over French Indo-China last summer as a springboard for war against Britain and the United States. Recent Axis diplomats maneuvering has pointed toward such a deal.

Madagascar guards the United Nations' sea lanes to the middle east, India and China. Japanese possession of the island would have

(Continued On Page Four)

88 Survivors Of Two Ships Reach Safety

Cocoa, Fla., May 5.—(AP)—Eighty-eight survivors from two torpedoed freighters—one British and one of the United Nations—have reached safety with spectacular rescue stories.

The navy revealed today that the two vessels fell victim to torpedoes off the eastern United States coast early on the morning of Sunday (May 3). Twenty-three men lost their lives.

Seventeen died when a torpedo struck their lifeboat as it was being lowered over the port side of the medium-sized United Nations freighter. Another 46 survivors were killed, and 46 survivors were brought to an east coast naval station.

The other five were killed in the engine room from which 42 survivors were brought to the naval station.

Two navy men, Ensign John P. Gray of (211 East Healey) Champaign, Ill., and Radioman James Wesley White of Jacksonville, Fla., were heroes in rescuing Thomas Jones, 27-year-old able-bodied seaman of Birkenhead, England.

Jones suffered a broken leg when the United Nations ship was sunk and for three hours clung to a piece of wreckage, where he was sighted from a plane by the two navy men.

Gray landed the small plane on the water, strewn with wreckage, and White swam to the injured man, lifted him onto a raft, and fashioned for him a crude splint made from a floating board and canvas from the raft.

Then the seaman was hoisted in the plane, and Radioman White remained on the raft while Jones was rushed to land for medical treatment. White later was picked up by another plane.

Grand Jury Is Still Meeting, No Report Yet

The grand jury which convened Monday morning remained in session today without making any preliminary report of its findings.

French U-Boat And Tender Are Sunk By British

Berlin (From German Broadcasts) May 5.—(AP)—DNB said today that a French submarine and tender had been sunk at Madagascar resisting the British landing.

Quoting what it said was official information from Vichy, the agency said that fighting still was going on this afternoon and that there had been French casualties. Fighting was reported still going on.

Earlier Fernand de Brion, the Vichy representative in Paris, was quoted as saying that French troops on Madagascar had been given strict orders to resist the "Anglo-Saxon attack."

DNB said it was not yet known whether the British landing operations had succeeded.

Announcement of the action at Madagascar "made the greatest impression and the French government may be expected to react most sharply," said a Berlin broadcast of dispatches from Paris.

"The form which this reaction is likely to take and its military effect probably will become manifest during the course of the day. The rupture of diplomatic relations between France and the Union of South Africa on the initiative of the latter has not been without significance as regards Madagascar."

British navy and air forces first appeared off Diego Suarez yesterday, DNB reported, and Governor General Armand Annet rejected an ultimatum with a seven-hour time limit.

The British attack then started yesterday evening, the agency said.

Yunnan Province In China Raided By The Japanese

Chungking, May 5.—(AP)—Japanese troops invaded China's Yunnan province today after driving up the Burma road and crossing the shallow Wanting river, 670 miles from the capital, a military spokesman said.

Bitter fighting is in progress in the area around the border town of Wanting, still in Chinese hands, the spokesman reported.

He declared that destruction of the Chinese section of the Burma road, which winds through sheer mountains and gaping gorges, had not yet been necessary but that the Chinese would carry out their scorched earth policy if necessary.

(The Japanese claimed their air force already had carried the war into Yunnan province with a heavy raid on Yunchang, about 100 miles inside the province where the Burma road crosses the upper reaches of the Mekong river. A dispatch to the Tokyo newspaper, said indicating that an air base had been established there, said the raiders destroyed nine planes, seven of which were grounded. The dispatch added that the town had been left in flames.)

Alfred Volkmann Elected Head Of Printers' Union

Alfred J. Volkmann was elected president of the Kankakee Typographical union No. 547 at the meeting Monday evening in the K. O. hall.

Other officers chosen are Warner Rakestraw, vice president; Robert B. Moore, secretary-treasurer; Lawrence Orban, recording secretary; Albert Langlois, sergeant-at-arms; Bernard Schriener, Rakestraw and Russell Burns, auditing committee; John McCullough, Alvin Sherman and Floyd Wright, allied trades council representatives.

Your Backyard Robin May Decide To Roam Next Year

The robin that nests in a tree in your yard this summer will probably be back in the same place next year, but when he goes south for the winter, he's liable to sojourn most anywhere from Texas to Florida.

Vernon C. Rossman, boys' work secretary at the Y. M. C. A., whose hobby is the study of bird life, disclosed this and other facts about migratory habits of birds at the Kiwanis luncheon Monday noon in McCroom's cafe.

Band on Bands
Rossman, who came here from Waukegan, Wis., recently, has banded 19,000 birds numbering 131 different species in the past nine years. Wisconsin in number banded. The U. S. department of interior has encouraged the 3,000 persons in the nation doing this banded in order to chart the migratory paths of all types.

But now the banders, like many others, face a curtailment because the banded is done with aluminum stamped strips and aluminum is a

ACTION TO FORESTALL ANY NIPPONESE MOVE AGAINST DIEGO SUREZ

By DREW MIDDLETON
London, May 5.—(AP)—British commanders, marines and infantry landed on the northern tip of Madagascar today, and a Vichy news agency broadcast that they were attacking the strong French naval base of Diego Suarez from the rear while warships and squadrons of airplanes assaulted the harbor frontally.

British parachute troops also were used in the attack, the Vichy broadcast said.

Land at Courier Bay
The troops landed at Courier bay and started pushing ten miles across the northern isthmus against the base, in an attempt to forestall its seizure by the Japanese.

As the occupation force moved in on the Vichy French colony, informed London sources declared there was "a possibility the Japanese may take the boldest course and strike directly at Madagascar."

In view of the swift British action, however, they thought the Japanese, who are believed to have a powerful battle squadron on the move somewhere in the Indian ocean, would seek first to secure bases on the British islands of Ceylon or Mauritius. The Allied naval position in those waters remained obscure.

Anticipate Axis Attack
The informed quarters agreed that the United Nations had "won the first trick" in the Indian ocean by the British landing on Madagascar at dawn, but there was wide speculation on the possibility of Axis attack.

French forces were said to be commanded by a General Guillemet, a former artillery officer, and the impression in London was that their resistance would be brief.

The landing occurred about 3 a. m. Monday, cwt., said the special service troops mentioned in a joint admiralty-war office communique were commandos specially trained for landing operations.

Their commander, General R. G. Sturges, of the Royal Marines, is experienced in operations of this type. He fought with a naval division at Gallipoli in world war I.

Admiral E. N. Syrett, commanded the naval force off the island which provided air coverage for the landing forces on the small mangrove bordered bay at the northeastern tip of huge Madagascar.

Thus, it was exclusively a British operation and one military commentator emphasized that there were neither Free French, American nor South African troops in the landing forces.

The bold attack in the cool African dawn signaled the end of Allied attempts to win Vichy from

Nazi Armament Works At Skoda Heavily Bombed

Royal Air Force Goes All The Way To Pilsen In Czechoslovakia

By SIDNEY J. WILLIAMS
United Press Staff Correspondent
London, May 5—(UP)—The Royal Air force bombed the Skoda arms works at Pilsen in Czechoslovakia and German war industries at Stuttgart early today, carrying on an air offensive waged day and night almost without a cease, since April 11.

British big guns on the channel coast twice roared in action early today.

The air ministry said the docks at Nantes, France, also were bombed, and British fighting planes attacked enemy air fields in France. Coastal command bombers attacked enemy shipping off the coasts of Holland and Norway and bombed Mandal almdrome. Three RAF bombers were missing.

Southern Germany Objectives

A "strong force of bombers" attacked objectives in southern Germany, "including the important industrial town of Stuttgart," the communiqué said. A detachment of heavy Stirling bombers bombed the Skoda works at Pilsen for the second time since the offensive began.

It is a 900-mile round trip to Pilsen, and a 750-mile roundtrip to Stuttgart.

The big guns began firing at 12:20 a. m. (6:20 p. m. ewt), shaking windows and awakening inhabitants along a wide area of the coast. They fired until 1 a. m. and 30 minutes later went into action again, while a big force of RAF planes crossed the channel.

Between the blasts of the big guns, fierce heavy anti-aircraft fire was heard on the French coast between Boulogne and Calais from midnight until 2 a. m. From then until 3 a. m. RAF heavy bombers roared toward France in an unbroken stream.

The RAF bombers raided Stuttgart and southern Germany "in strong force," it was said authoritatively.

Stuttgart is an important machine, textile, rubber and chemical manufacturing center of some 450,000 population in southern Germany. It has been raided by the British seven times since the war began, the last time on Oct. 1, 1941. To raid it, the British had to make a round trip of at least 750 miles.

German War Industries
The plants of such German war industries as Bosch, leading German specialists in electrical equipment; Daimler Benz, manufacturers of airplanes, engines, heavy trucks, tanks and tank engines, and of the Hirth concern, manufacturers of aircraft precision equipment, are at Stuttgart.

First reports of the raids came from the German radio, which acknowledged that only one British plane was shot down. The term "in strong force" usually means that scores if not hundreds of planes took part. As usual, the Germans claimed the British attacked "residences."

The Germans, in reprisal, sharply attacked the southeast coast of England last night, and a British communiqué reported some casualties and damage. One German plane was destroyed off the southeast coast.

Three German planes were destroyed over airdromes in northern France, which the British attacked early last night. Watchers on the channel saw large formations flying over and soon heard loud explosions on the French coast.

Midway Island is about three-quarters of a mile wide and about a mile and one-quarter long.

Picnic Today For Kern School Near Danforth

A school-closing picnic for the pupils of the Kern district school near Danforth was being held today.

Mrs. Beatrice Huizenga, the teacher, who yesterday was the registrar for sugar rationing registration at this school, was in charge of the picnic.

Notes
Mr. and Mrs. Alvin Frerichs of Kankakee spent the week-end with his parents Mr. and Mrs. Alvin Frerichs of Danforth.

The Evangelical Aid society meets Thursday afternoon at the home of Mrs. Mary Decker.

A daughter was born recently to Mr. and Mrs. Guy of Paxton, Mrs.

Guy is the former Emily Eden of Danforth.
Betty Jane Classen of El Paso spent the week-end here at the R. J. Classen home.

Mrs. Dorothy Askew of Kankakee spent last week here at the home of her parents Mr. and Mrs. Reiner Eden.
The W. C. T. U. will hold its regular meeting at the home of Mrs. Flora Koets on Wednesday afternoon.

There was no school Monday as Principal Woodward and all the teaching staff registered the township for sugar rationing. All rural teachers gave assistance at their schools.

Roy Manssen of Wilmington spent the week-end here with relatives. He was a Saturday evening visitor with Earl Frerichs.

The Herman Danforths spent the week-end with their daughter in St. Louis.

Mr. and Mrs. William Davis and Miss Pearl Johnson of Chicago spent the week-end at their cabin at Timberlaan.

Dean Ash, Lou Ash and Warren Oster of this township, are preparing to enter the Chicago fair booth show to be held only one day at the Chicago Union stock yards this season. Twenty-seven 4-H club members of Iroquois are eligible to compete a pen of three, a pen of five or a pen of ten lambs.

George Decker of southeast of town came home Tuesday night from the Iroquois hospital at Watseka where he had been a patient four days for observation.

Clarence Johnson spent Thursday here with relatives. He is guard at the Joliet penitentiary.

Mr. and Mrs. Clifford Babcock of Chicago and the former's father of Clifton were Sunday visitors here at the Ike Kremer home.
