REDS CHECK COUNTER-OFFENSIVE

Memorial Day Tribute For 3 Newest Heroes

Present War Victims
To Be Honored At
Courthouse Saturday

The casualties of four wars as many generations will be memorialized by Kankakeans in patriotic services Saturday when Memorial day is observed here.

In the present world-wide conflict, three young men from Kankakee have been reported killed in action to date—Maurice Spots of the navy, Charles McClain of the marine corps and Francis Prew of the army. Others have been reported "missing," but may be prisoners of the enemy.

Memorial day services for the young men who made the supreme sacrifice in the civil war, Spanish-American war, the battle of 1917-18 and the current world war will be conducted only in the courthouse square after the parade Saturday morning.

This is being done to conform with the government's request to conserve on use of cars because of the rubber shortage. The graves will be decorated as usual during the early morning, but the customary memorial rites in the various cemeteries will be dispensed with.

Parade at 9
The parade this year will form at 9 a. m. at Court and Greenwood avenues with Frank Chinsky as marshal and will move west on Court to Harrison, south to Station, west to Schuyler, north to Court, east to Harrison and south and disband.

Memorial services at the soldier's monument in the courthouse square will be conducted by the Women's Relief corps, of which Mrs. Frank Neuschwander is president, assisted by the Kankakee high school band. Mrs. Clara Johnson of the Salvation army will pronounce invocation, the G. A. R. memorial ritual will be given, with the G. A. R. roll call of the dead by Mrs. May Kull, the present war roll call by Kenneth Hunney, president of the Sons of U. S. V., the Spanish-American war roll by Philip T. Lambert, Lincoln's Gettysburg address by Keith Dunn. A firing squad from the Illinois Reserve Militia will be in charge of Capt. Solon Knight and Albert Trevaunt will be bugler.

Legion Services
The American Legion services will be at 11:15 a. m. at the crosses on the south lawn of the courthouse. The day's program is under auspices of the U. S. W. V., with Robert P. Renna as commander and a committee composed of Philip Lambert, Corbin Washington and Thomas Christy. This group is as-

Dave Judy Estate Valued At \$2,500

The estate of David H. Judy, 58, 365 Lincoln avenue, goes in equal shares to a daughter Mrs. Velma DeBruin, 395 Lincoln avenue, and son Dan, 1901 South Sixth avenue.

He died May 19 leaving an estate valued at \$2,500. The will was filed today by Attorney Eva L. Minor and admitted to probate by County Judge C. D. Henry.

Administration Considering Call To Draft Younger Men

Washington, May 27—(AP)—The administration considered today a call to Congress to draft younger fighting blood—youths of 18 to 20—into the army.

There was no indication of how soon a decision might be made, but President Roosevelt disclosed at his press conference yesterday that he would confer shortly with Maj. Gen. Lewis B. Hershey, selective service director, on whether to ask for the necessary change in the selective service act.

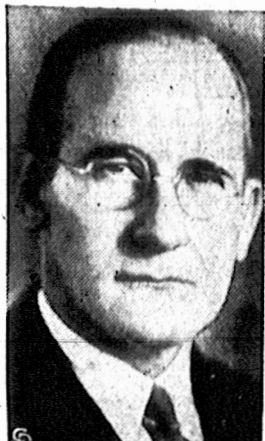

The present law exempts those under 20 from conscription. However, the 18-20 year category is to register June 30 under the nation's manpower inventory.

The 18- and 19-year-olds were subject to draft in closing weeks of the world war and the army today is in the midst of a drive for enlistments from those age groups.

What it thinks of such teen-age Americans as soldiers is shown by one of the advertisements in the enlistment drive.

Addressed to "men of 18 and 19," it says: "Qualified men of your age are needed now in America's fighting army. You've got what it takes. Your mental alertness and adaptability will enable you to learn fast. You're built to take the bodily toughening of army training and

Heads Kiwanis Meet

Charles S. Donley, above, of Pittsburgh, Pa., president of Kiwanis International, will preside at all sessions of the 27th annual convention of the service organization in Cleveland, June 14-18. More than 2,200 Kiwanis local clubs are expected to send delegates to the meeting.

Farmer Dies Under Plow At Aroma Park

Clarence Rice Is
Dragged To Death
After Tractor Fall

Clarence Rice, 52, of 921 South Osborn avenue, was killed yesterday afternoon when dragged under the blade of a tractor-drawn plow on the Swan farm a mile south of Aroma Park where he was operating the tractor and plow for his nephew Trevelyn Riggs.

According to information given Coroner Ed P. Madison, he fell or was thrown from the tractor seat under the plow and was dragged as the tractor went in circles, finally stopping itself.

He was dead when found by another nephew of Riggs, Loren Rice, 30, St. Anne rural route 3, plowing in the same field.

Held Inquest Today
Coroner Madison was to conduct the inquest late this afternoon. The body is at the Hertz funeral home where friends may call afternoon on Thursday.

Mr. Rice is survived by the widow June, a daughter Mrs. Helen Barringer of Sunland, Calif., and a sister Mrs. Florence Sells of Kankakee.

A machinist and engineer, Rice had been a thresher at the Kankakee state hospital for 25 years.

TIMMS WILL
The Timms will, admitted to probate yesterday by County Judge C. D. Henry, is that of Elzie Timms and not of Albert Timms, one of the heirs.

Bury 1 Victim Of Plane Crash Here

Funeral services for Harold E. Massey, 21, of 1164 South East avenue, one of the three victims of the airplane crash southwest of Kankakee on Monday afternoon, were conducted Tuesday afternoon from the Yates funeral home with the Rev. Morgan Williams, pastor of the First Methodist church officiating and burial in Mount Grove.

Palbearers were Wayne Stanley, Ray Butler, Carl Hagler, Clayton Arsenau, Ray Menard, and Ray Tounsgant.

Massey is survived by his widow, the former Mary Louise Kirby of Illinois, parents Mr. and Mrs. I. P. Massey, sisters Mrs. Raymond Stanley, Miss Opal Massey and Miss Outlene Massey, all of Kankakee.

He was a member of the Moose lodge and a driver for the Kankakee Motor Coach company.

Job Dispenser In Seclusion At His Home

State Attorney General
Condemns System
At Munitions Plants

Atty. Gen. George F. Barrett today directly linked George W. Ziller, 538 pound politician of Springfield and Weston, with alleged labor racketeers at the Kankakee and Elwood ordnance plants and promised to "start prosecutions when all evidence is in from the investigations," according to United Press reports from Springfield.

In a statement summing up findings of investigators at various war plants, Barrett for the first time indicated he has evidence sufficient to prosecute. His statement followed an offer by Ziller yesterday to face any charges which may be brought against him.

The attorney general said his investigators have uncovered a story of a small town politician ready at any time to tip the government's war work if tribute is skipped.

Paid Politicians
"The trail of our inquiry led from fee-paying workmen to politicians and thence to Ziller, and from him to the unions, for whom he collected big initiation fees and dues," Barrett said.

"We have evidence to show he was preparing to get, with the aid of discredited union bosses, control over hundreds of jobs at the Illinois plant east of Springfield."

"Barrett said he had reports that Ziller was not operating in the Crab Orchard lake area in southern Illinois as yet, but he revealed that there had been a vast turnover of labor there, in which union men had been fired to 'make room' for other laborers from whom initiation fees could be collected."

The attorney general said "We are no longer dealing with suppositions and abstractions," pointing out that Ziller had admitted placing men in jobs at "behest of many politicians." Barrett said he had a statement from Joliet labor officials that they had permitted Ziller to collect dues and boss job placements.

Say He Collected Fees
"The trail of our inquiry led from fee-paying workmen to politicians, thence to Ziller and from him to the unions, for whom he collected big initiation fees and dues," Barrett said. "The politicians used Ziller to represent them in placing their followers in jobs."

"We have evidence to show that Ziller was the chief dispenser of

Mrs. Leavitt's Estate Is Worth \$55,500

The will of Mrs. Mildred Leavitt, 80, of 169 North Harrison avenue, who died May 20, disposes of an estate consisting of \$50,000 in real estate and \$5,500 in personal property.

The will was filed yesterday by Attorney Claude M. Granger and admitted to probate today by County Judge C. D. Henry.

The heirs are the daughter-in-law Ella S. Leavitt, 648 South Chicago avenue, who receives items of personal property, and the son Henry S. Leavitt, same address, residuary legatee.

Momence To Dedicate 2 New Flags

A new community flag pole will be dedicated at Momence in connection with observance of Memorial day at 2 o'clock Saturday afternoon. Commander E. J. Reising of the Momence American Legion post, announced that a new American flag will be presented by the post, while a service flag, bearing a star for each member of the community in military service, will be presented by the Momence chamber of commerce and farmers of that vicinity.

Attorney Vernon A. Parish will accept the flag in the name of the community and Attorney E. P. Harney will deliver the dedication address. The band and sextet of Momence high school will play. Others on the musical program are Harold Hungerford and Miss Beth Murphy. The Rev. T. U. Demarals, pastor of St. Patrick church, Momence, will read the names of members of the community represented by the stars, and the Rev. Weldon O. Klopstien will offer prayer for their safety.

Parents of these men will be honored guests. Following the dedication ceremony, a musical festival will be held. In event of rain the ceremony will be conducted Sunday afternoon.

De Gaulle Asks Recognition Of Free French

Not Satisfied With U. S.
Negotiations Regarding
Martinique

London, May 27—(UP)—Gen. Charles De Gaulle appealed to the United Nations today to recognize his Free French organization as a political administration as well as a fighting force and criticized Allied methods of dealing with the Martinique situation.

At a press conference, De Gaulle urged that the Allied Nations recognize the fact that "combattant France" is a political as well as a military entity and should be treated as such in the councils framing Allied strategy and political moves.

He said he felt certain that the French national committee (the Free French movement) as trustee for the liberty-loving French people could be broadened at its base by the inclusion of other personalities, as suggested in some quarters.

De Gaulle said that "new men" including leaders of resistance within France could be brought into the committee, but he rejected suggestions made in the United States that Camille Chautemps, one-time French premier, be included on the enlarged Free French committee.

Turning to the United States negotiations seeking to neutralize Martinique and prevent it from becoming of use to the Axis, De Gaulle said Martinique provides an example of the "inadequacies" of Free France's representation among the democracies.

Dealt With Vichy
The United States in its negotiations on the Martinique question has dealt directly with the Vichy government's commissioner there, Admiral Georges Robert.

Questions affecting Free France, said De Gaulle, must be solved either unilaterally by a power which is an ally of ours or by negotiation between that Allied power and (Pierre) Laval which is to say, with Hitler.

"This is not good from the point of view of France's representation among the Allies," he said.

1 Mail Delivery Here On Holiday

The Kankakee postoffice will be open on Memorial day Saturday for the first time in many years, presumably because of the demands of local war industries that they have mail service.

Postmaster George P. Ravens said today he had received orders providing for one city delivery of mail and for opening of stamp and general delivery windows from 7 to 11 a. m. The financial section (bonds and stamps) will be open from 9 a. m. to 11 a. m., while the sub-stations at the I. C. pharmacy and Koehler's Southside pharmacy will also be open from 9 to 11 a. m.

Attempt On Life Of No. 2 Man In German Gestapo

Reinhard Heydrich,
Protector For Bo-
hemia And Moravia

Berlin (From Berlin broadcasts) May 27—(AP)—Reinhard Heydrich, acting Reich's protector for Bohemia and Moravia, has been wounded in an attempt on his life, DNB reported today from Prague.

DNB said Heydrich's wound was not expected to prove fatal. The dispatch did not specify when the attack occurred. It said, however, that "a reward of 10,000,000 crowns will be paid for capture of the culprit."

London, May 27—(AP)—The German-controlled Prague radio announced today that Reinhard Heydrich, Reich's protector for Bohemia and Moravia, had been wounded in a "murderous attack" and threatened terrible reprisals.

A state of emergency was said to have been declared over the entire Nazi-occupied fragment of Czechoslovakia and an announcement said:

"Whoever hopes to hide the guilty persons or who gives them any kind of help or security, or secretly withholds any knowledge of the crime will be executed."

A Czech government source here expressed fear that the wounding of Heydrich, No. 2 man of the German Gestapo, would "set down the basis for a wave of executions in which Czechs would be slaughtered by hundreds in 'mass executions' of innocent people on a scale unprecedented—even in this war."

Shooting In Prague
It was understood here that the shooting occurred in Prague, where Heydrich announced last night, according to a German broadcast, that there would be a reorganization of the administrative set-up.

Czech circles here interpreted this as meaning that Hitler had decided to incorporate Bohemia and Moravia outright into the Reich.

One Czech source expressed the belief that Heydrich had been shot in protest against his order conscripting Czech youths for service in Hitler's army in Russia.

Heydrich, chief aide to Heinrich Himmler, Gestapo chief, has been reported recently visiting Paris and the Netherlands to take charge of measures to put down revolt.

It was on such an assignment that he went to Bohemia and Moravia in September, 1941. He moved in as acting protector and applied heavy fist measures which he crushed all unrest in the protectorate.

He declared a state of emergency in the principal cities and executed at least 84 Czechs during his first 48 hours of authority.

All Business To Close On Saturday

Kankakee stores will close at their usual hours Friday, it was decided this morning at a meeting of merchants in the chamber of commerce office.

They acted on the suggestion that they remain open inasmuch as the Memorial holiday falls on Saturday this year. The proposal was voted down.

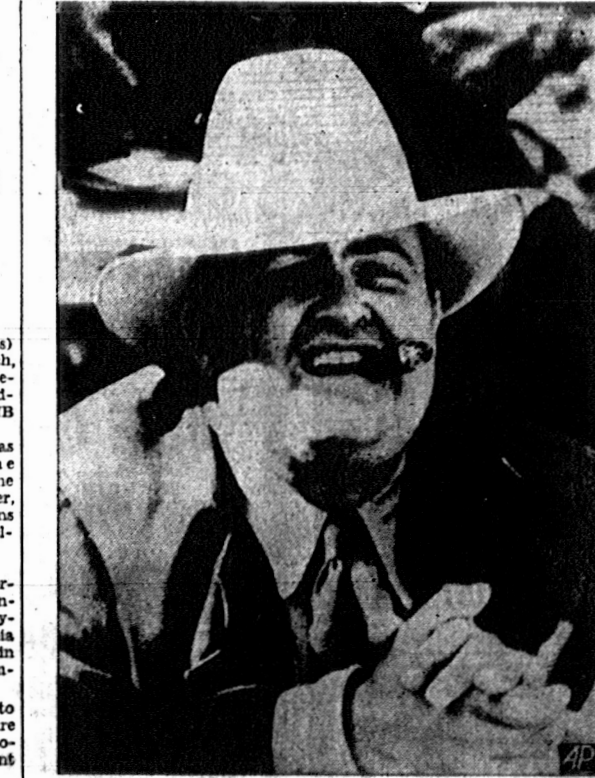

Since the Fourth of July also falls on Saturday, a committee was appointed to determine whether the stores shall be open on the night of Friday, July 3.

No issue of the Republican-News will be published this Saturday. With the exception of a few groceries and drug stores, virtually all business will be suspended in observance of the holiday.

2 Watseka Lawyers Will Be Officers

Watseka, May 27—(RN Special)—Two Watseka county attorneys will close their offices and leave for army service next week.

Wilfred S. Kay, who was a lieutenant colonel in the war of 1917-18, has been called to active duty and will go to Chicago on Monday for instructions.

Ziller Offers To Surrender

George W. Ziller (above) of Weston, Ill., whose name has been mentioned in an investigation of charges that fees were collected from persons seeking jobs in the munitions industry, offered to surrender to State's Attorney Clifford Coolidge. Ziller's attorney, Joseph Londrigan of Springfield, Ill., said he offered to surrender his client if a warrant existed for Ziller's arrest. Coolidge said none had been issued.

3 Girls Don't Like Teacher; Steal Her Car

Watseka, May 27—(RN Special)—Three Pontiac, Mich., girls who said they didn't like their teacher, stole her car and drove to this city where they were picked up last night by Sheriff Guy E. Redman.

The girls, Pat Havershaw, 17, Roberta Burns, 16, and Betty Miller, 16, all of Pontiac, Mich., took the auto of Miss Clara Gaylord, their teacher, and started for a short spin. The weather was "so nice" that they kept on driving.

At the Howe tavern and service station, one mile north of Watseka on highway 1, they attempted to pawn a wrist watch in order to buy more gasoline and were taken into custody by the sheriff. Authorities at Pontiac were to come for them today.

Local Merchants To File Ceiling Prices July 1

Retail merchants of Kankakee county need not file their statements of ceiling prices before July 1.

This was announced today by George E. Luehrs, county rationing director, upon receipt of instructions from state and federal authorities.

When filed, the statements must show maximum prices of cost-of-living commodities with identification of them.

Izyum-Barenkova Sector 80 Miles Below Kharkov

One Of Most Important
Zones In The Two Weeks
Of Bitter Fighting

By ROGER D. GREENE
Associated Press War Editor
Soviet front-line dispatches reported today that Marshal Semion Timoshenko's armies had smothered part of the German offensive 80 miles below Kharkov, while the German high command asserted that the resistance of Russian troops encircled in the same critical sector "has been broken."

The Russians declared the Red armies, smashing through the flank of a German wedge, had brought the Nazi offensive in the Izyum-Barenkova sector to a standstill in the most important zone.

On the North African battlefield, British and Axis armies grappled in an apparently big-scale renewal of the Libyan desert warfare.

Armored Force Moving
British headquarters issued a special communique reporting that during the night German Field Marshal Erwin Rommel sent a large armored force rolling eastward toward the British lines.

"Early this morning, the enemy were being engaged by our armored forces," the communique said tersely.

"No details of the fighting are yet available."

In the Russian campaign, the Soviet armies appeared to be gaining in the fierce struggle around Kharkov.

Red Star, the Soviet army newspaper, said tank-led Russian infantry, attacking under cover of an artillery barrage, had captured the slope of a hill dominating the battle zone and were now fighting at the gates of a village several miles from their starting point.

Red Star said two Nazi counterattacks failed to halt the advance. Soviet reports said the German push was stopped along a river bend where Russian troops (apparently encircled) were described as now enlarging a pocket.

Red Star declared the Germans were suffering "immense losses" in tank battles flaring in many sectors of the 135-mile battle zone, with the Russians matching attacks by Nazi squadrons of 20 to 30 tanks each.

Accounts vary
Accounts of the 16-day-old battle were in sharp conflict. Moscow reports via Stockholm said counter-attacking Soviet troops had stopped the main German offensive, with the Red armies advancing in "an important sector."

Italy Claims Another U. S. Cruiser Hit

Rome (From Italian Broadcasts), May 27.—The high command declared today that an Italian submarine had hit a United States cruiser with two torpedoes in the Atlantic at dawn Saturday.

The warship was identified in the communiqué as a 9,100-ton cruiser of the Pensacola class which was said to have been "acting as a convoy escort."

This was the second unconfirmed claim of the Italians to torpedoing of a United States warship in a week. The high command announced Friday that its submarine Barbarigo had sunk a U. S. battleship off the Maryland coast off the Brazilian coast last Wednesday.

The most recent announcement from the United States navy department concerning warship casualties was the disclosure yesterday that the destroyer Blakeley had been damaged by a torpedo in the Caribbean sea. She reached port with 10 members of her crew reported missing and six injured.

SELLING BEE "TOUGH"

Washington (AP)—The army has a word for it—the toughest to come out of the war so far. The official word used to describe the bee charge in bombs and shells is "trinitrophenolmethylamine" but they call it "tough" for short.

Cooled lava, after a few years of weathering, provides fine soil for Hawaiian sugar cane crops.

NOTICE OF CLAIM DAY

Notice is hereby given to all persons that Monday, July 6th, 1942, is the claim day in the estate of J. H. Judy, deceased pending in the County Court of Kankakee County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons.

Select Leaders For "Y" Boys' Camp

The tent leaders who will accompany Kankakee boys to Phantom Lake camp in Wisconsin are Jim Mortell, Clayton Erickson, Don and Dick Tyson, Jim Kichell and Dick Ruckert. These young men have been selected because of leadership ability and are undergoing a training course at the Y.M.C.A.

A number of boys applying recently have raised the total registration to 35—John Porter, Byron Sir-Ed Curtis.

The camp experience at "Phantom Lake" is a lesson in living Christian democracy. When the boys arrive at camp, each tent is its representative on the camp council. At the council meeting, various committees, such as athletic, social, religious, music, health and first aid, and waterfront are appointed. Boys work hand in hand with counselors in planning program in these various fields. Added emphasis will be put on first aid and emergency measures.

Parents of boys eight years and over interested in Phantom Lake camp will start soon. They are urged to act promptly so that room may be reserved in the bus that will take the boys.

Science Studies Muscles And How To Lessen Fatigue

By LOGAN CLENDENING, M. D.
WORK IS THE keynote of the nation's thought and effort at the present time. The physiologist has certain definitions about the capacity of the human body for work and the different kinds of work it can do. An understanding of these might help to mitigate some of the arguments that are being bandied back and forth.

The physicist says that work is done when a force moves a mass against resistance. When one form of energy is transformed into another. The human muscular system is essentially no different from any other machine in that it transforms one form of energy into work. It is different in that it is hooked up with the nervous system which the machine does not have and which causes it to show fatigue in a certain length of time.

Muscular Work
The physiologist distinguishes three kinds of muscular work: maximal, heavy and moderate maximal, heavy and moderate maintained continuously. It is defined as the amount of work which yields an average metabolic rate of eight or more times the basal metabolic rate. This is to say about 12,000 calories. Maximal muscular work can be done for a short period of time, as in very vigorous sports, but need for rest periods is imperative. It is rarely required, however, in industry.

Heavy work is defined as the amount which yields from three to eight times the basal metabolic rate. It has been suggested that this can be maintained for eight hours. This includes the heavy manual jobs in agriculture, building trades, mining, heavy industry and forced marches with a heavy load. The person performing heavy work has a reduced margin of safety in regard to heat dissipation and heart action.

To enforce heavy work for an eight-hour period is not economical. The story is told of two officers at the front who, for a friendly wager, competed in making equal lengths of trench, each with an equal squad of men. One let his men work as they pleased, but as hard as possible. The other divided his men into three sets, each working five minutes and resting ten. The latter easily won.

Moderate muscular work is defined as the amount which yields less than three times the basal metabolic rate. This is the usual

category of work that most laborers in industrial plants perform. There is little or no drain on reserve muscular energy. The increase in oxygen consumption, heart rate and blood pressure are slight. Fatigue occurs during the performance of this kind of work on account of the hook-up with the nervous system, which I mentioned above.

All these forms of work produce fatigue for different reasons and we are naturally interested as to how this fatigue is produced, how it can be prevented and what form of recuperation is considered most scientific and physiological. This, however, I will take up in the article tomorrow.

QUESTIONS AND ANSWERS
J. R.—Can anyone have hardening of the arteries and yet not have high blood pressure? Is angina pectoris a result of hardening of the arteries?

Answer: Yes, to both questions.

Mrs. H. C.—My family have the habit of eating oranges before going to bed at night. Friends have told me that "Oranges are golden in the morning but lead at night." Please advise me if this is true.

Answer: You tell your friends to lay off the epigrams and get down to physiology. Oranges are all right morning and night.

From where I sit...

HAVE you ever thought how much a million dollars really is? Sure is an awful lot of nice things a fellow could do with a million dollars... if he had it. A million dollars is a lot of money.

Just think... it would take about three weeks, counting as fast as you could 24 hours a day, just to count up to a million.

I read in the paper the other day that the beer industry pays more than a million dollars a day in taxes... Federal, State and local. Every day... more than a million dollars.

I guess the government is glad to get that help these days, what with a war to win and pay for.

Of course, not all of that beer tax money goes to the Federal government. Quite a lot of it goes to the States and is used for such useful purposes as public health, emergency relief, old age assistance, education and public welfare.

Farmers surely ought to like the beer industry, too, from what I hear. Last year the brewers bought nearly two billion pounds of barley malt and nearly half a billion pounds of corn and corn products. And plenty of rice and hops, too. That's a lot of farm products.

Back around '33 and '34, when the tough old depression was hitting all of us pretty hard, farmers were certainly glad to sell those extra crops that beer bought from them. And come to think of it, when beer came back it made lots of new jobs for plenty of other people, too. City folks and country folks both.

If I hadn't gone in for this writing business, I think I'd like to have tried my hand at the brewing business.

I'd like to be making a fine tasting beverage that helps the public treasuries so much and that people can rightly call the "beverage of moderation." That moderation incidentally is another of the fine things about beer.
