## New Outbreak Of Race Riots In South Africa

Policemen Beaten As Natives Oppose Back-To-Work Move

CAPE TOWN, South Africa (AP)—Two South African white policemen were injured and a Negro policeman hacked to death today in a new outbreak of race rioting at the big Nyanga Negro settlement east of Cape Town.

The outbreak came as police with armored cars ranged through Nyanga, beating up Africans in an attempt to get them to go back to work, witnesses reported.

Witnesses said the police, backed by troops, used gunfire, whips and clubs on rebellious Negroes as they did Monday.

Col. V. Reay, acting deputy police commissioner for Cape Town, confirmed that the police had opened fire but said only warning shots were fired over the heads of Africans who gathered.

REAY SAID THE police entered Nyanga Township to offer protection for Negroes who wanted to go to work and to round up "intimidators" preventing them.

Africans in the township claimed police smashed windows and doors of houses and ordered Negroes into the streets. If they refused, they were dragged out and beaten, they said.

Other reports from the township said Africans had decided to resist police and began gathering, armed with sticks and rocks. It appeared that when police saw Africans banding together, they charged in to scatter them.

Just before dawn helicopters dropped leaflets, telling laborers in the township to go to work before 8 a.m. and warning against forming groups. Helicopters flying low over Nyanga broadcast the message. A military cordon, clamped around Nyanga since Monday, was lifted at dawn but only a few Africans came out to go to work.

After the police moved in and began their raids, the cordon was closed again, and no more Negroes were allowed out.

SOUTH AFRICA'S white supremacy government appeared determined to force idle Negroes back to work. But reports spread that the 60 per cent who returned to their jobs Monday stay home again in protest against the latest police action.

Hundreds of Negroes were reported beaten in Cape Town, Nyanga and elsewhere were still unknown. A police spokesman admitted an African had been shot and wounded by a policeman in "self defense," and that another policeman fired into a crowd at close range.

Hospitals confirmed that seven wounded Africans had been admitted during the day.

African sources said there had been many casualties but that the number of those shot had been small.

At least one death was reported, near Durban, where about 20 per cent of the labor force stayed home from work. A Negro was killed in the suburb of Claremont when police charged 3,000 demonstrators.

BUSINESS WAS AT A standstill and this Hannibal, Mo., downtown street was deserted as the raging Mississippi River swept over its banks and flooded numerous blocks of business and residential sections. (Unifax)

## Thousands Homeless As Flood Crisis Increases

BY UNITED PRESS INTERNATIONAL  
The Mississippi and Missouri rivers pounded badly weakened levees and swamped thousands of acres of farmland today in racing toward their confluence near St. Louis.

Nearly 100,000 acres of valuable crop land lay eight to ten feet under water in Illinois and Missouri.

The Red Cross estimated that spring floods in eight midwest states had driven 16,000 persons into makeshift shelters and a total of 28,000 persons were affected to some degree.

National Guardsmen, college students, convicts and volunteers labored round the clock to shore up sagging dikes protecting river towns and farms from the worst floods in years.

The crisis centered on a 70-mile stretch of the Mississippi from Keokuk, Iowa, to Clarksville, Mo., where Old Man River was on his most savage rampage in memory.

THE FATHER OF waters punched through two dikes near Quincy, and sent its muddy water coursing over 75,000 to 80,000 acres of corn, bean and wheat farmland. But the punch had been expected, and 1,000 bottomland residents had time to pick up their belongings and move to high ground.

Rain-swollen rivers also plagued Alabama and New York areas. National Guard troops evacuated 200 persons from their homes near Elba, Ala., as the Pea River swept across thousands of acres of southern Alabama bottomland.

The Mohawk, Susquehanna and Hudson rivers overflowed their banks in upstate New York. Damage was light, but at least 30 families left their homes and a 6-year-old boy was injured when the basement of his home collapsed.

PRESIDENT Eisenhower declared Nebraska's hard-hit flood belt a disaster area and dispatched Civil Defense Director Leo Hoegh and Red Cross President Alfred Gruenther to tour flood areas in Iowa, Nebraska, South Dakota and Illinois.

Nebraska Gov. Ralph Brooks estimated his state's flood damage at \$3,300,000 and officials said agricultural damage on the Mississippi north of St. Louis already exceeded five million dollars.

Many Mississippi River towns perch high on bluffs overlooking the river and there was little danger to those communities or their residents.

Several hundred persons were reported trapped by rising waters on Kaskaskia Island in Illinois and officials doubted levees there could withstand a 35-foot crest expected next week.

Army Engineer Corps officials said flood control measures south of Cairo probably would protect towns on the southern Mississippi. BUT NATIONAL Guard Maj. Gen. A. D. Sheppard said "we may have to evacuate the whole Cairo area" if the Ohio and Mississippi crested at the same time there.

Forecasters and flood watchers in the Cairo area, however, were quick to point out that while the bottom lands around Cairo might be flooded, the town itself was safe from any present flood conditions. The crest at the confluence of the Ohio and the Mississippi is expected to be no more than 49 feet and the levees are built to withstand crests of up to 64 feet. Sheppard's remark, they said, obviously referred only to low lands near the rivers themselves.

Colombian Leader Starts U.S. Tour  
WASHINGTON (UPI)—Colombian President Alberto Lleras Camargo arrives in Washington today for a four-day state visit to review hemispheric problems with President Eisenhower.

Eisenhower will greet the Latin American statesman at National Airport. The Colombian president will receive the red-carpet treatment accorded to chiefs of state. He will speak before Congress on Wednesday, the Organization of American States on Thursday and the National Press Club on Friday.

## Council Unit To Study Fifth Ave. Re-Zoning

A controversial recommendation of the planning commission will be studied by a special committee of the Kankakee City Council, appointed by Mayor Ed P. Madison Monday night.

In a 7-6 vote March 29 the commission voted to turn down a request for re-zoning of an area along Fifth avenue just south of the Meadowview Shopping Center. Some 100 pages of testimony were taken from petitioners and objectors during a hearing held by the commission on Feb. 23.

THE PETITION asked for a change from Class B, single family dwelling, to Class F, commercial. The area involved is about eight acres generally bounded by: Fifth avenue on the west, Henry street on the south, Meadowview on the north and a northerly extension of Cleveland avenue on the east.

Landowners petitioning for the zoning change were listed as Romy and Dorothy Hammes, and Louis and Alice M. Scheppeler.

Objections were filed by: The Meadowview Corp.; the Brookview Corp.; Arthur L. and Ernest C. Beckman; John W. Hodges, 630 W. Henry St.; John Holderman, 510 W. Henry St.; Edward R. Prairie, 670 W. Henry St.; Clarence E. Jackson, 650 W. Henry St.; Vincent Accurso, 938 N. Cleveland Ave.; Guy See, 620 W. Henry St.; Albert Guenet, 640 W. Henry St.; John Heines, 434 S. Fourth Ave.; Roland Caron, 975 N. Fifth Ave. and J. R. Beauman, 961 N. Cleveland Ave.

The petitioners asked that the tract be re-zoned to conform to the use of land on the north and east, containing Meadowview Shopping Center and the proposed Stewards Foundation hospital site.

IN ZONING matters, the planning commission makes recommendations to the council, but it is up to aldermen to make the final decision. In most cases, the council follows the commission's recommendations.

In this case, Ald. Thomas Houde (R-3) offered the motion to set up a special study committee. Houde said he was urging this action "because of the importance of this decision and because of the close vote by the planning commission."

Mayor Madison said there is no regular committee of the council to study zoning matters; so he appointed these aldermen to re-

## Record Vote Is Indicated In Wisconsin

### Ready To Start Rt. 45-52 Work

Work will start almost at once on the Route 45-52 relocation in the northwest section of Kankakee, it was indicated during a meeting of the city council Monday night.

A new highway is to be built from the bridge completed last year over Soldier Creek, along Bourbonnais Road, under the New York Central Railroad tracks and joining up with present Route 45 on N. Fifth avenue in the Meadowview area.

ALDERMEN TOOK two actions in connection with the work: They approved a detour route proposed by the State Division of Highways.

They gave the contractor permission to use a dumping site along the east bank of the Kankakee River.

The detour will start at N. Fifth avenue and Brookmont boulevard, take traffic east on Brookmont to N. Entrance avenue, and south on Entrance to Court street.

THE STATE AGREED to maintain the route while it is being used as a detour and to leave streets on the route in at least as good a condition as they were when the detour begins.

Triangle Construction Co., in a letter to aldermen, said it is ready to begin work on the new highway and asked approval of a dumping site.

The council approved dumping of stumps and rough fill in an area west of Bourbonnais road along the east bank of the river from River Place to Harbor street, an area known as the lagoon.

THE STATE AGREED to maintain the route while it is being used as a detour and to leave streets on the route in at least as good a condition as they were when the detour begins.

THE STATE AGREED to maintain the route while it is being used as a detour and to leave streets on the route in at least as good a condition as they were when the detour begins.

### Balloting Off To Big Start In Key State

Last Minute Phone Campaigns Used By Demo Aspirants

MILWAUKEE (AP) — Unusually heavy voting marked the start of the Wisconsin primary today, pointing to a possible record ballot in one of the nation's most important elections.

In some cities, the balloting was more than twice as big as usual during the first hours after the polls opened at 7 a.m.

Meanwhile telephone campaigns were launched in a last-minute effort to bring still more votes to the columns of both Sen. John F. Kennedy of Massachusetts and Sen. Hubert Humphrey of Minnesota, the Democratic opponents in the presidential primary.

BATTALIONS OF workers in their headquarters around the state combed the lists of voters and telephoned urging people to come to the polls.

Light snow, whipped by strong winds, swept through Milwaukee but the weather was relatively warm. Elsewhere in Wisconsin, clear skies and medium temperatures set the stage for an ideal election day.

At the polling places, election officials expressed surprise at the long line that formed.

Election interest was at a fever pitch, stirred in large part by the appearance of a religious issue and the hard-fought campaigns of two Democratic candidates.

KENNEDY IS considered the leading candidate for the Democratic presidential nomination and the favorite to win the election in Wisconsin.

His opponent, Sen. Hubert Humphrey of Minnesota, says he won't quit the race, regardless of today's outcome.

Vice President Richard M. Nixon is running unopposed on the Republican ballot. He did not campaign in Wisconsin. Nevertheless, his showing will be compared to that of the Democratic candidates and the votes cast for GOP aspirants in previous Wisconsin primaries.

Humphrey and Kennedy are battling for 30 Democratic delegate votes. They are allocated on the basis of 25 from the 10 congressional districts, plus five at-large delegate votes.

"I will consider it a victory if Continued on Page 6, Column 1

### Communists Laud Cuban Seizure Of U.S. Owned Land

HAVANA (UPI) — About 4,000 Communists from 15 nations opened a convention here Monday night with cheers for an announcement that Cuba has seized 173,137 acres of farmland owned by a U. S. company.

"The clapping of hands and the stamping of feet accompanied a chant of 'down with American imperialism' at the opening session in a theater here. The convention was televised by the government network and broadcast by the rebel radio.

Several top-ranking officers of the Cuban army and representatives of Premier Fidel Castro's "26th of July" movement were present at the opening of the self-styled youth congress.

Ramon Calcinis, the Cuban opening speaker, denounced U. S. press reports that the convention was sponsored by the Castro regime as "lies."

He charged that United Press International and Associated Press are "spreading lies throughout the world...about the Cuban revolution."

## Proposes Bradley Change From Village To City Rule

Bradley's William Barwegen, village board president, proposed Monday night that Bradley voters petition to change the form of government from a village to a city.

The proposal prompted a flurry of critical comments from board members. The action took place at the semi-monthly board meeting.

Barwegen preceded his proposal with a reading of a portion of an article in the March issue of the Kankakee Labor Record written by Lawrence (Pug) Benoe as correspondent for the Machinists Local 2059. Benoe is also president of the Kankakee Federation of Labor.

Benoe said "I think that even though most of the board are personal friends of mine, they should all resign, including

the president, and let the voters of Bradley choose a new board who can put personal feelings and politics aside to get a rough job done." Benoe served as village treasurer from 1941-53.

BARWEGEN SAID HE felt the suggestion had merits and offered the alternate suggestion "that the voters of Bradley initiate a petition, get the required number of signatures, present same to the village board, requesting an election to change Bradley from a village to a city."

He proposed six wards with an alderman from each with a mayor as executive officer. "The voters could decide what is best for their future," said Barwegen.

A vocal explosion of board members followed led by Trustee Charles Crosby. "This is more stinking, rotten politics," Crosby

# Know Your Candidates

CLIFFORD M. HOUSE

Clifford M. House, 50, Manteno, Ill., one of the nine Republicans seeking nomination as a candidate for state representative in the 41st District.

A plumbing superintendent for the John J. Calan Co. in Bourbonnais, House is a member of a Local 383 of the Plumbers and Pipefitters Union. He is also a member of the Elks Club and Manteno Sportsman's Club.

Born in McLean County, he attended high school for four years and a year of business college. He has lived in Manteno for 22 years. His wife's name is Gertrude. House is a former precinct committee.

CARL T. HUNSICKER

A farm owner and semi-retired sign painter, Carl T. Hunsicker, 55, Pontiac, is a candidate for the Republican nomination for state representative from the 41st District.

Hunsicker has been a member of the Livingston County board of supervisors since 1951 and served on the Pontiac City Council from 1953 to 1957.

He is a member of the Pontiac Area Plan Commission, the State County Problems Commission, Lions Club, Moose, Chief City Camera Club, Livingston County Farm Bureau and the Presbyterian Church.

He is married to the former Elsie Vassinger.

WELDON WADLEIGH

Weldon Wadleigh, 43, a Kankakee alderman, is one of the nine Republicans running for nomination as the candidate for state representative from the 41st District.

A chemical company sales manager, Wadleigh has been seventh ward alderman since 1955 and the assistant civil defense director for the city and county of Kankakee for eight years.

Born in Lakefield, Minn., he has lived in the Kankakee area most of his life. He is a member of the American Legion, VFW, Local 353 of the Elks Club, Elks, Chamber of Commerce and the CVO. He was in the Navy for five years during World War II.

Wadleigh and his wife, Mabel, have six children.

He is married to the former Elsie Vassinger.

## Students To Hear About Careers In Mathematics

Junior and senior high school mathematics students of Kankakee County will hear about careers in this field at a program in Kankakee High School April 20.

The speaker will be Dr. Andrew H. Wallace of Indiana University, who earned his MA and PhD degrees at universities in Scotland and taught at the University of Toronto, Canada, before coming to Indiana.

Dr. Wallace's appearance here is sponsored by the National Science Foundation and the Professional Mathematicians Association.

Junior and senior math students from throughout the county will hear a talk by Dr. Wallace from 9:15 until 10:15 a.m.

The rest of the morning will be given to a question and answer period.

A similar session for Kankakee High School juniors and seniors interested in math careers will be held in the afternoon.

Miss Mildred Hopkins, mathematics teacher at Kankakee High School, is in charge of arrangements for the program.

Dr. Wallace's appearance here is sponsored by the National Science Foundation and the Professional Mathematicians Association.

## Water Supply For E. Bradley Discussed

Suggestions that water mains for East Bradley be financed by special assessment, or that a Bradley village board meeting Monday.

The suggestions came following a proposal by the Kankakee Water Co. at the board's previous meeting. The company suggested the village cooperate in financing installation of water mains in the area east of Kinzie avenue.

Warren and Van Prang Inc., a Decatur engineering firm which has worked with the village on many projects, submitted a letter suggesting laying the mains under a special assessment procedure.

In the letter, A. B. Brensley, engineer stated that in this way the village would buy water wholesale from the Kankakee Water Co. and sell it to the customers in the same manner it serves customers west of the Illinois Central tracks.

Junior and senior math students from throughout the county will hear a talk by Dr. Wallace from 9:15 until 10:15 a.m.

The rest of the morning will be given to a question and answer period.

## Open Bids On Redecoration Of City Hall

Bids for interior redecoration of the Kankakee city hall, ranged from about \$1,000 to about \$12,000.

Aldermen Monday night accepted the low bid of \$4,165 from Tom Fitzgerald. Other bids included:

R. D. Bourgeois, \$5,400; George Rittman, \$5,700; James Jones, \$6,835; and Donald Trost, \$11,741.

The redecoration will include the entire building as well as painting of walls in the council chambers.

Aldermen Monday night also agreed to ask for bids for installation of acoustical ceiling tile and new lighting fixtures in the council room.

Residents of the 100 block of N. Randolph avenue complained their area is in danger of flooding from spring rains because of poor location and placement of

## KHS Youth Wins Trip To U. N. With Essay

A Kankakee High School sophomore is winner of the annual Old Fellows and Rebekahs United Nations Pilgrimage for Youth.

He is Martin F. McDermott III, 16, son of Mr. and Mrs. Martin F. McDermott Jr., 919 S. Myrtle Ave.

McDermott, who plans a career with the U. S. diplomatic corps, qualified to participate in the U.N. pilgrimage through a U.N. examination and an essay on the subject, "My Community and World Affairs."

CONTESTANTS ALSO were judged on character, personality, scholarship, school activities, community and civic-mindedness, leadership, church participation and interest in world affairs.

McDermott's scholastic emphasis is on social sciences, history, English and languages. Vice president of the Presbyterian Youth Fellowship, McDermott is a member of the Pop Club, Spanish Club and Biology Club. He's an amateur photographer and tennis enthusiast.

The 100F and Rebekahs will take 800 sophomores and juniors on two-week trips to the U.N. this summer, the 11th year of the United Nations Pilgrimage for Youth program.

Twenty delegates were selected from Illinois to participate in the 18 tours to be made between June 12 and July 23.

During their week-long study of the United Nations in action, the students will learn the organization and functioning of the U.N. and its branches. Members of the U.N. will tell them how wars are ended and how peace is maintained.

Students will observe U.N. representatives at work in committee, council and general meetings.

While in New York, students will take advantage of entertainment and cultural events and visit Van Gogh, Mount Vernon and other historical landmarks.

The Illinois delegates will leave June 20 from the 100F Children's Home, Lincoln.

McDermott is sponsored by the Kankakee Lodge and District

## Here's Proposal Of Citizens Advisory Council For Schools

(Final in a series of articles relating to the reports of Citizens Advisory Councils established to study needs of the Bradley-Bourbonnais High School and Bourbonnais Elementary School District.)

A proposed addition to the present Bradley-Bourbonnais Community High School and construction of a second building for Bourbonnais Elementary School district. These were the recommendations of the Citizens Advisory Councils of the two school districts after hearing reports from their various committees and studying the needs and the possible solutions to these needs.

Saturday, residents of the two districts will decide whether these proposed building programs will be realized as bond issues are voted upon.

THE HIGH SCHOOL advisory council concluded from the survey that the current enrollment of 866 already crowds the building. (2) By 1967 enrollment will be almost 1,200 students — who are already enrolled in the grade schools in the district. (3) If more families will move into the district (very likely) the 1,200 figure will be reached even before 1967. (4) It has already been necessary to extend the school day one full period to obtain enough classrooms for current enrollment, and this temporary measure will not even solve the problem until additional facilities can be completed.

THE COMMITTEE also cited the following inadequacies in facilities for even today's enrollment: (1) Study hall must be conducted in the cafeteria and in classrooms. (2) Library facilities are already very inadequate. (3) The gymnasium is occupied by two physical education classes every period of the day, and even then it is impossible to meet state physical education requirements. (4) Many departments need new and better equipment and more storage space, but space will not permit correction of these deficiencies. (5) Even with the extended school day almost every department will soon be over its effective capacity.

ter equipment and more storage space, but space will not permit correction of these deficiencies. (5) Even with the extended school day almost every department will soon be over its effective capacity.

THE COUNCIL found some of the examples of overcrowding and inadequacy of facilities are as follows: (1) Many classrooms have enrollments far over the state and NEA recommended capacity. (2) One classroom has already been divided into two very small classrooms to provide temporary housing for an extra section of one grade. (3) Despite such temporary measures it will be necessary to have half-day sessions for some grades for the next school term. (4) The school has a short age of storage space, inadequate shower and dressing room facilities, no music room, no lunch room, no central library for upper grades and no faculty work room.

The council found the district's very inadequate. (3) The gymnasium is occupied by two physical education classes every period of the day, and even then it is impossible to meet state physical education requirements. (4) Many departments need new and better equipment and more storage space, but space will not permit correction of these deficiencies. (5) Even with the extended school day almost every department will soon be over its effective capacity.

THE IMPACT of the crash sent the Seward auto into one driven by Frank Onych, 45, of 229 N. Blaine Ave., who had stopped for the stop sign on the north side of Broadway.

3 Men Sentenced For Burglary Of Steger Tavern

Two men who gave Kankakee addresses and one from Chicago Heights were sentenced to prison terms Monday in Chicago for the robbery of a Steger Tavern last December.

Donald Gravelle, 25, and Clarence Holley, 31, both of Kankakee, were given terms of 1 year to 18 months. Joseph Chudala, 47, was sentenced to 3 to 5 years.

All pleaded guilty. During the robbery, Chudala discharged a shotgun. The blast shattered a glass ash tray and a splinter struck the bartender, Eugene Gerard, 41, in the eye.

Committee Okays Hero Pension Bill

WASHINGTON (AP) — The Senate Finance Committee Monday approved a House-passed bill to grant \$100 a month pensions to Medal of Honor recipients after the bill limits the pensions to those 62 years of age or over and to honorably discharged servicemen, and provides that any nonseparated veterans' pension should be deducted from the \$100.

Medal of Honor holders now receive a \$10 monthly pension starting at age 68.

There were 314 Medal of Honor winners living last year.

Kankakee Mayor Ed P. Madison directs the Keen Keys barber shop quartet in song before he signs a proclamation designating the week of April 8 to 18 as Barber Shop Harmony Week in the city. The Keen Keys sang for the city council during its meeting Monday night. The quartet is affiliated with the Kankakee Valley Chapter, Society for the Preservation and Encouragement of Barber Shop Singing in America.

Approved street lights in the areas of Henry St. and Cherry St. in front of their office at 207 N. Schuyler Ave.

Approved to hire the firm of James T. Wilkes and Co. to audit city finances after the end of the fiscal year April 30.

AGREED TO SET UP a meeting between the council's utility committee and local utility companies regarding marking and location of underground facilities.

Received a letter from H. K. Blanning commending the police department for watching the Blanning home while the family was away for an extended period.

Referred to the building inspector a request from William McCarty, evangelist, to erect a tent to hold gospel meetings.

Approved removal of two parking meters for use of the Union Carbide Co. in front of their office at 207 N. Schuyler Ave.

## Repair Program Set Up For City Streets

Ald. Vaughn McMullen (R-4), chairman of the street and alley committee, reported at the Kankakee council meeting Monday night inspection was made of streets and alleys.

"They are in very poor shape after last winter," McMullen commented. "We have set up a repair program but nothing can be done until the ground is completely free of frost."

A group of students from West Junior High School attended the first part of the council meeting Monday night.

AT THE START of the meeting, a local barber shop quartet, the Keen Keys, presented three songs to promote National Barber Shop Harmony Week April 8-18.

The quartet represented the Kankakee Valley chapter, Society for the Preservation and Encouragement of Barber Shop Singing in America.

Mayor Ed P. Madison presented a report from the city engineer, William Blanchette, on the city's financial condition for the week ending last week.

In other actions Monday, the council:

Approved a report from the state that Kankakee's water supply is in safe condition.

Approved with a proclamation designating next week as Barber Shop Harmony Week in Kankakee.

Approved street lights in the areas of Henry St. and Cherry St. in front of their office at 207 N. Schuyler Ave.

Approved to hire the firm of James T. Wilkes and Co. to audit city finances after the end of the fiscal year April 30.

AGREED TO SET UP a meeting between the council's utility committee and local utility companies regarding marking and location of underground facilities.

## Harrell Tells Why He Seeks Candidacy

(The UPI asked each of the six men running for the Republican nomination why he should be elected. This is the last reply.)

By JOHN R. HARRELL  
Written for UPI

I am 38 years old, married and with four children. I attended Springfield College and the University of Arkansas. I served in the United States Air Force. I am a business man and landowner operating a construction firm throughout the United States and Canada.

In 1961 I was diagnosed with lymph cancer, one of which was removed by surgery from my neck area and diagnosed by a considerable number of pathologists including the Armed Forces School of Pathology and Mayo Brothers of Rochester, Minn. Further examination at Mayo Brothers revealed the parent cancer to be the kidney, which it had totally destroyed until it was no more than a mass of cancer pulp. Cancer had spread throughout my entire body and regardless of what was done I had not over 60 days to live.

AN IMMEDIATE operation was arranged to give me prolonged life for even these few weeks. Before doing so my wife and I were kneeling in prayer in our room and the message of the Lord entered: "For a six-hour period we had the experience of the presence of God with all the might and a power that flesh could sustain. His symphony sweep and majesty burned the cancer from my body with a celestial blow torch from head to toe. No operation was performed, my health was promptly restored, and recent medical examinations have shown that I have no traces of cancer whatsoever."

Out of this unusual experience we secured constant and extreme close divine guidance. On April 20, the Lord told my wife and I, I was to run for the United States Senate on the Republican ticket upon a Christian principles and placing God back in government. Christianity and freedom against Satan's forces of communistic and socialistic slavery. The opponent is Douglas. If you wish to know what kind of a man he is read his book, "The Coming of a New Party." He dedicated it to Socialist Norman Thomas. You don't need to read it very far to see what he believes in and what he stands for. He endorses Russian policies of government much more than ours. The Lord says Douglas is the most dangerous senator in America. He is a rank socialist to say the very least.

THE LORD SAYS that America is in a state of moral decay. It is right against wrong. We cannot remain forever half free and half slave, we must either be the one or the other. We must face facts because facts face us. In the book of all books the Bible it is right against wrong.

It is right against wrong. We cannot remain forever half free and half slave, we must either be the one or the other. We must face facts because facts face us. In the book of all books the Bible it is right against wrong.

## Educator Wants New Aid Agency

CHICAGO (UPI) — An eastern educator Monday called for a new international agency to help underdeveloped nations achieve economic independence.

Everett E. Hagan, professor of economics at the Center for International Studies at the Massachusetts Institute of Technology, proposed the agency at a meeting sponsored by the University of Chicago and World Brotherhood Inc.

Hagan said his proposed International Development Authority should be an international agency to help underdeveloped nations achieve economic independence.

The union, with 40,000 members, wants a 12 per cent increase in pay. The rail lines seek a wage reduction of 15 cents an hour.

The union says its members average \$2.83 an hour, straight time. Rail management places the figure at \$3.80.

8th chapter of St. John reads: "You shall know the truth and the truth shall make you free." If we are willing to hear the truth and accept it, then we are free. If we are not willing to hear the truth and accept it, then we are not free.

This is the reason I am a candidate for the Senate. This is the reason the Lord says I should be nominated.

It has been said that the hottest place in hell is reserved for those who in the period of moral crisis still deserve to be maintained in their neutrality. In this right I do not desire to remain neutral. It is a moral issue from start to finish. It is right against wrong. We cannot remain forever half free and half slave, we must either be the one or the other. We must face facts because facts face us. In the book of all books the Bible it is right against wrong.

It is right against wrong. We cannot remain forever half free and half slave, we must either be the one or the other. We must face facts because facts face us. In the book of all books the Bible it is right against wrong.

## Divorces Granted In Circuit Court

Three divorces were granted in Circuit Court Monday by Judge David E. Oram.

Abney Jones, Hopkins Park, was granted a divorce from her husband, Walter Jr., on grounds of cruelty. They were married June 13, 1954 and lived together until Aug. 29, 1959. There were no children. She was granted permission to resume use of her maiden name, Trowell.

Alexander Z. Soucie was granted a divorce from his wife, Ruth, on grounds of desertion. They were married Jan. 15, 1945 and lived together until Jan. 15, 1959. There were no children.

Bernice L. Slayton was granted a divorce from her husband, Dayton, on grounds of desertion. They were married in Savona, R. I., March 12, 1952 and lived together until Nov. 17, 1947. There were no children.

Hagan said his proposed International Development Authority should be an international agency to help underdeveloped nations achieve economic independence.

The union, with 40,000 members, wants a 12 per cent increase in pay. The rail lines seek a wage reduction of 15 cents an hour.

## Arbitration Board Hears Rail Case

CHICAGO (AP) — A six-man arbitration board today began hearing a wage case that may set a pattern for 800,000 workers on the nation's railroads.

Summoned to the sessions were representatives of the rail line and the Brotherhood of Locomotive Engineers.

The union, with 40,000 members, wants a 12 per cent increase in pay. The rail lines seek a wage reduction of 15 cents an hour.

The union says its members average \$2.83 an hour, straight time. Rail management places the figure at \$3.80.

8th chapter of St. John reads: "You shall know the truth and the truth shall make you free." If we are willing to hear the truth and accept it, then we are free. If we are not willing to hear the truth and accept it, then we are not free.

## Halting Latin Gun-Running Still Major U. S. Problem

(This is the second of three dispatches on Latin intrigue in Miami. For three years gun-smuggling has been big business in south Florida and a big embarrassment to Uncle Sam. Here is the record.)

By HAROLD V. JONES  
MIAMI (UPI)—The United States government is making determined effort to end the role of Miami and south Florida as a base for Caribbean revolutionaries.

But the gun running and spying now being criticized by Cuban Premier Fidel Castro are the same methods he used so effectively to unseat former President Fulbright Batista.

In recent months the U. S. government has taken these measures:

- Added 100 agents to the Immigration Service's Border Patrol staff in Florida and set them to watching the more than 200 airports in the Florida peninsula.
- Moved border patrol headquarters from Tampa to Miami.
- Authorized the FBI to aid in police gun-running, a field previously left to U. S. customs.
- Established a black list of pilots wanted not to make unauthorized flights to Cuba. The list has been circulated among Florida airline rental services.
- Established a light information center at the U. S. immigration service office in Miami to coordinate information on possible illegal flights and offered a \$5,000 reward to persons supplying information on such flights.

When Castro attacked a Batista stronghold in Oriente Province on July 26, 1953, he launched south Florida on a new hectic chapter of its long history as a haven for Latin intrigue.

CASTRO NEEDED guns, supplies, money and men. All were available in the United States.

His agents, and those of other revolutionary movements fighting Batista, swarmed through the United States buying guns, ammunition, airplanes and field equipment.

Activity reached a peak in 1958. Batista fell on New Year's Eve.

Most of the intrigue concerned Cuba. But there also were plots directed against Nicaragua, Panama, the Dominican Republic and even far-off Argentina.

"There is no doubt that at this very moment conspiracies against a half dozen Latin American governments are being planned here in Miami," said customs Agent William B. Tankford in the summer of 1958.

April, U. S. authorities arrested four New Yorkers with enough explosives and parts to

make hundreds of hand-grenades. In October, federal agents said three men in Rochester, N. Y., sold 110 Thompson sub-machine guns to Cuban rebel agents.

A PLANE LOADED with arms was seized in Tarantum, Pa., and in Lynwood, Calif., five Cubans were booked for possessing 16 steno guns.

It was brief. In July 1959, agents caught three men loading \$4,500 worth of arms aboard a plane. They admitted they planned an

air drop to anti-Castro forces in Cuba.

One such flight was by Pedro Diaz Lanz, the former head of Castro's air force who defected because he said Communists had taken over the 28th of July movement. He flew with an American from Florida to drop leaflets over Havana. Two persons were killed and others injured on Havana's streets as Cuban revolutionary soldiers fired at the airplane.

Castro turned this episode into an international incident which has plagued U. S. - Cuban relations. Castro and other top leaders keep up a drum-fire of complaint that airplanes fly from Florida bases to bomb, drop propaganda leaflets and burn the sugar cane fields.

It is such flights that the recent tough-guy policy of the U. S. government is designed to stop.

• The WANDERERS CLUB met Wednesday night at the home of Mrs. Eugene Martin for a potluck supper and games. The next meeting will be at the home of Mrs. Marvin Staufenberg.

At a Wednesday meeting of the HI MATTERS CLUB, Mrs. Rene LeCuyer was hostess. She resides at 507 Washington St., Center Ave., Bradley.

A life-long Kankakeean, Mrs. Theresa Burch, was honored at a dinner Sunday in observance of her 81st birthday. The event was held at the home of her daughter and son-in-law, Mr. and Mrs. Lester Klatta of 1323 English Ave., where she resides.

One of Mrs. Burch's great-grandchildren, Ricky Anderson of RR 4, Kankakee, observes his third birthday the same day as his grandmother does. He was born on her 78th birthday.

Mrs. Burch is the former Theresa Schultz. She has three children, Louis Burch, Mrs. Klatta and Mrs. Lillian Burill, all of Kankakee. She also has two grandchildren and three great-grandchildren.

Prize winners at canasta were Mrs. Elmer Stump, Mrs. Delmer Weerts and Mrs. Francis Vellutini. The next meeting will be at the home of Mrs. Stump, 409 S. Center Ave., Bradley.

For traveling the bride selected a open blue suit with white accessories and an orchid corsage. The new bride will reside in Coal City.

Mrs. Appleton was graduated from Coal City High School and is a student at Marycrest Business College, Kankakee. The bridegroom, a graduate of Bradwood High School, is employed with Joliet Caterpillar Tractor Co.

Expectant mothers are said to be the most beautiful ladies in the world. And why not? Pregnancy does inspire inner radiance but sometimes outer radiance needs a helping hand.

Your complexion may take on a deeper coloring to make-up should be applied with a lighter touch.

Hair may dry out. Faithful brushing and oil shampoos will help re-lustrate locks.

Once baby arrives, you'll be surprised at how soon your doctor will specify certain foods. Cereal Quads are ideal for new mothers. Each of these vital vitamins is carefully selected for easy digestion and easy feeding via bottle, spoon or cup. Two other excellent baby foods are: Gerber's Strained Apple Juice and Gerber's Orange Juice—both enriched with vitamin C.

## Patricia Powell Wed To N. H. Appleton

Miss Patricia Powell and Norman H. Appleton were united in marriage Saturday at 7 p.m. at the Coal City Methodist Church.

The Rev. Charles DeLay performed the double ring candlelight ceremony. An altar flanked with bouquets of white mums and white gladioli provided a setting for the wedding.

Mr. and Mrs. John A. Perona of Coal City are parents of the bride. The bridegroom is the nephew of Mr. and Mrs. Thomas Strachan of Bradwood.

Mrs. Rex Major, organist, accompanied George Styhr as he sang "I Love You Truly" and "Through the Years" before the ceremony and "The Lord's Prayer" during the ceremony. Traditional processional and recessional wedding marches were also played.

FOR HER WEDDING the bride chose a floor length gown of nylon Chantilly lace. The fitted bodice was designed with a scooped neckline and long tapering sleeves. The skirt was fashioned with a lace front panel and lace and tulle which cascaded down the back.

Her fingertip length veil of nylon illusion was attached to a sequin and pearl crown. On a prayerbook she carried an orchid.

Miss Joyce Cairns of Coal City was maid of honor. She was attended in a blue nylon chiffon organza ensemble designed with a draped bodice, short sleeves and a ballerina length skirt. She wore a cloche with an illusion face veil.

Bridesmaids were Miss Bernice Ruede, cousin of the bridegroom, and Miss Kathleen Brunner, cousin of the bride. They wore pink nylon chiffon organza ensembles were styled like that of the maid of honor. They also wore cloches with illusion face veils.

JOHN HARROP of Kankakee served as best man. Ushers were Daniel Kwik, cousin of the bride, and George Hibbard, cousin of the bridegroom.

Immediately following the ceremony a reception was held in the church parlor. Assisting with serving were Miss Cheryl Porter, Miss Darlene Watkins and Miss Susan LaRue.

For traveling the bride selected a open blue suit with white accessories and an orchid corsage. The new bride will reside in Coal City.

Mrs. Appleton was graduated from Coal City High School and is a student at Marycrest Business College, Kankakee. The bridegroom, a graduate of Bradwood High School, is employed with Joliet Caterpillar Tractor Co.

Mrs. Theresa Burch Honored At Dinner On 81st Birthday

A life-long Kankakeean, Mrs. Theresa Burch, was honored at a dinner Sunday in observance of her 81st birthday. The event was held at the home of her daughter and son-in-law, Mr. and Mrs. Lester Klatta of 1323 English Ave., where she resides.

## All Faiths Have Played Part In History Of Church Hymns

Women from five different church denominations gather each Wednesday morning at the YWCA for an hour's session, each with the hymnbook from her own church in hand, in an effort to learn more church hymns and their history.

A historical approach to the hymns is taken, but the teaching of history is not its main purpose. It is hoped that through these studies the church service will be made more meaningful to these women. Also, it brings to light that many hymns are a combination of the efforts of members of the Protestant, Catholic and Jewish faiths.

BUT IN ANY CASE where such an unusual course is being offered, there must be a background of intensive preparation for it. The Rev. Charles DeLay, executive director for the YWCA, who teaches the course, has been considered music as a vocation but switched her interests to science and decided to keep music as an avocation and hobby.

Miss Holbrook stresses that the hymnal is made up of many folk songs, and to illustrate, she tells of the well-known hymn, "O Worship the King," which was written by Robert Grant, a member of Parliament and the Church of England. The poem is based on the 104th Psalm, the Jewish Psalter. Grant had a special interest in the fate of the Jews and worked for the passing of the emancipation of the Jews in 1853.

This hymn appears in all standard Protestant hymnals and also in the Union Hymnal of the Jewish Church, set to the tune, "Lyons," written by J. Michael Sadler, who was a devout Roman Catholic. Lowell Mason of Boston, often called "The Father of American church music," was the arranger. In this hymn, the Catholic, Jew and Protestant churches are united.

Miss Holbrook further explained that the Easter hymns that we will soon be singing are an interesting example. The Greek Church of the 8th century gives us the words of two Easter hymns, "The Day of Resurrection" and "Come Ye Faithful, Follow Me." The hymn of St. Ambrose of Milan, a Greek monk, is from the Roman Catholic Church. These, combined, form the hymn, "Happy Morning" by Bishop Forster of the 6th century. "Jesus Christ is Risen Today" is from the 14th century, an Italian of the 16th century. Then Charles Wesley in the 18th century wrote "Christ the Lord is Risen Today."

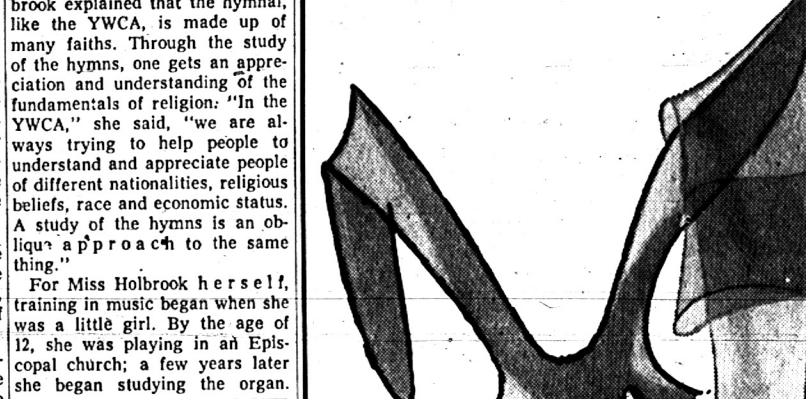

IN AN INTERVIEW, Mrs. Holbrook explained that the hymnal, like the YWCA, is made up of many faiths. Through the study of the hymns, one gets an appreciation and understanding of the fundamentals of religion. "In the YWCA," she said, "we are always trying to help people to understand and appreciate people of different nationalities, religious beliefs, race and economic status. A study of the hymns is an obligation a person has to the same thing."

For Miss Holbrook herself, training in music began when she was a little girl. By the age of 10, she was playing in an Episcopal church; a few years later she began studying the organ.

Her training in pipe organ took place in a Catholic cathedral on the north side of Chicago. Later, she studied at Beloit College in Wisconsin. She didn't let her interest in music lapse there either. She took as many courses in music as she could work into her curriculum and also participated in musical activities on campus.

Following college, she taught high school science, meanwhile directing the high school orchestra and playing the organ in Protestant churches. During the war, he served overseas with the YWCA in the religious department as an accompanist for a quartet. After the war, she returned to the University of Oklahoma at Norman where she served as YWCA secretary.

HER AWAKENING to the fascinating facts about hymns began and Northwestern University.

Miss Helen Ruth Holbrook, executive director of the YWCA, conducts a weekly course in hymnology at the YW. Through the course she is currently teaching, she is bringing the fascinating facts about the hymns to women representing five church denominations. (Journal photo) (28)

## WC To Have Annual Meeting

The annual meeting of the Kankakee Woman's Club will be held Wednesday at 1:30 p.m. in the Civic Auditorium.

The following officers will be elected: president, first vice president, recording secretary, art and literature chairman, community service chairman, home and education chairman, press and publicity chairman and house chairman.

Annual reports will also be given by officers and department chairmen.

For the program two of the club's members, Mrs. Lester Klatta at the organ and Mrs. Carl Klatta at the piano will present a musical duo.

Mrs. W. E. Vandiver will serve as chairman of the hostess committee and Mrs. Carl Klatta will be hospital committee chairman.

Men's Duplicate Bridge Club Plays For Master Points

The Mal-Du-Bri Men's Duplicate Bridge Club played for master points at the American Legion Home Thursday evening. This meeting was played instead of the regular third Thursday master point session.

Six tables were in play and the Howell movement was used. Don Baird and Harold Harkness were first place winners; Wayne Owing and John Cleary, second.

The School of Religion at the University of Oklahoma asked her to teach a course on the "Romance of the Hymnal." This was an accredited course approved by the university, and it offered credits in both literature and fine arts.

Miss Holbrook continued her studies at Boston University for a degree in Fine Arts in Religion. She chose this school because H. Augustine Smith, the man who first made her realize that hymns have an interesting background, was at the faculty. She has also taken short courses along this line at Chicago University.

Her training in pipe organ took place in a Catholic cathedral on the north side of Chicago. Later, she studied at Beloit College in Wisconsin. She didn't let her interest in music lapse there either. She took as many courses in music as she could work into her curriculum and also participated in musical activities on campus.

Following college, she taught high school science, meanwhile directing the high school orchestra and playing the organ in Protestant churches. ## Kankakeean Marks 96th Birthday

Mrs. Olive McGinnis of 885 S. Seventh Ave. was honored at a party Saturday, the occasion being her 96th birthday.

Host and hostess for the party were Mrs. McGinnis' son, Floyd, and daughter, Mrs. Esther Troop.

Among the 18 guests present were another daughter, Mrs. Noble Field of Downers Grove and a brother, Calvin C. Hillard of Mishawaka, Ind.

Mrs. McGinnis was born April 2, 1864 in Pennsylvania.

### Troop St. Maria Goretti Discusses Patron Saints

A discussion was held on patron saints at the Friday meeting of Troop St. Maria Goretti Junior Catholic Daughters of America at the home of Judy Speight of 593 S. Nelson Ave.

The meeting was conducted by the president, Linda Jensen. The group worked on their Junior honors with Joanne Hilgert and Rose Mary Suprenant presenting demonstrations on artificial respiration.

The next meeting will be April 8 at the home of Miss Suprenant of 1325 S. Third Ave.

### Caroline Luehrs Has Meeting Of Troop St. Theresa

Troop St. Theresa Junior Catholic Daughters of America met Saturday at the home of Caroline Luehrs.

Mary Ann Czerwinski was elected reporter and Jane McCormick, temporary treasurer, due to the illness of the treasurer, Laura Burke.

The next meeting will be April 23 at the home of Mary Ann Czerwinski of 339 E. Bourbonnais St.

### Two New Members Join Sodality

Two new members were introduced at the Wednesday meeting of the Ladies of St. Anne of Maternity Church, Bourbonnais.

New members are Mrs. Narcissa L. Marcotte and Mrs. David J. Smith.

Mrs. Osmond Trudeau was named woman of the year to represent the parish at the National Council of Catholic Women conference to be held April 30 at Lewis College, Lockport.

Following the business meeting members rolled bandages for the missions.

Special prizes were awarded to Mrs. Joe Grezelski and Mrs. Vern Shelly.

The next meeting will be April 27.

### Miss Mary Ellen Webb Honored At Shower

Miss Mary Ellen Webb was guest of honor at a bridal shower Sunday at the home of Miss Pauline Gerth of 745 Jonette Dr., Bradley.

Assisting her as hostess was Miss Joyce Carpenter.

Games were played and prizes were awarded to the Misses Nina Seidel, Sandy Smith and Joann Stroh.

Miss Stroh also received floating prize and Miss Barbara DiSalanto, special prize.

A pink and white color scheme was used in the decorations.

Miss Webb, daughter of Mr. and Mrs. John E. Webb of 381 Francis Dr., and Donald Suprenant, son of Philip J. Suprenant of 1325 S. Third Ave. will be united in marriage April 30 at St. Rose Church.

## Cookin's Fun

Nice way to treat an old standby: Chicken Pie With Potato Crust Salad Bowl

Orange Applesauce Beverage

Orange Applesauce Beverage

Ingredients: 1½ pounds (3 very large) tart green apples, 1 cup water, salt, 1 teaspoon grated orange rind, ½ to ¾ cup sugar, membrane-free section (along with any juice) from 1 large orange.

Method: Pare and quarter apples; core and slice thin; there should be about 6 cups. Boil gently, covered, with water and a dash of salt until tender. Mash with a large spoon so sauce is not too thick. Stir in orange rind and sugar over low heat until

## 150 Attend NCCW Event

About 150 women of the Kankakee District of the National Council of Catholic Women attended the Day of Recollection held Sunday at St. Anne's Catholic Church, St. Anne.

Members of the Altar and Rosary Society of St. Anne's parish were hostesses with the Rev. J. T. Sees as host pastor.

Guest speaker was the Rev. Walter Michalek of St. Jude's Seminary, Monroeville. His three lectures presented during the afternoon were entitled "The Catholic Woman," "Your Life's Partner" and "Parental Responsibility."

The committee in charge of arrangements for the affair was composed of Mrs. Francis Back, chairman, Mrs. Joseph Landrac Jr., co-chairman, Mrs. Louis Coyne, Mrs. Charles Fisher, Mrs. Leo Demers and Mrs. Jane Cahane. Mrs. Arthur Petro was in charge of decorations.

The meeting was conducted by the president, Linda Jensen. The group worked on their Junior honors with Joanne Hilgert and Rose Mary Suprenant presenting demonstrations on artificial respiration.

The next meeting will be April 8 at the home of Miss Suprenant of 1325 S. Third Ave.

Following the business meeting members rolled bandages for the missions.

## Keep In Trim

## Nutrition Knowledge Gives Power Over Pounds

By IDA JEAN KAIN

On the surface, it might seem that only what you do not eat can help to reduce your weight. If this were strictly true, dieting would indeed be a simple matter. A reader has asked your dietitian to explain the difference in eating protein foods as against other foods with the same calorie count. Is it true, she asks, that on a high-protein diet containing 1200 calories one can lose faster than on a low-protein diet furnishing the same number of calories?

To a degree, yes. On the calorie score, protein, sugars, and starches all have the same fuel value and yield 4 calories per gram or 15 calories per ounce. Fats are higher in fuel and furnish 9 calories per gram, or 25 calories per ounce.

TO UNDERSTAND THE extra advantage that comes from eating protein, one must realize that the mere act of eating requires calories. The effect of food in raising metabolism above the basal level is termed its specific dynamic action and, of all foods, protein has the greatest value. The rise in metabolism after eating carbohydrates will be 6 per cent; protein will use 100 calories for every 100 calories of carbohydrates eaten, and slightly less following the eating of fats. But

in scientifically-planned reducing diets, each meal is built around a high-value protein because of its vital importance to good nutrition, but adequate amounts of fruits and vegetables are also essential.

MANY OF YOU HAVE asked what book above all others best covers the nutrition story. Here it is: FOOD—THE YEARBOOK OF AGRICULTURE, 1959. It can be purchased by writing the Superintendent of Documents, Washington 25, D.C. The price is \$2.25. Send check or money order, not stamps. Its sixty-five chapters tell much of what 72 experts in the USDA, other Federal agencies and 12 colleges know about nutrition. It covers the subjects you want to know about: weight control, calories, the interplay of vitamins and minerals; as well as proteins, fats, carbohydrates, food fads, eating habits, and all facets of nutrition.

Seekers of the truth about the nutrition story will find collected in this one book a wealth of factual information expressed in a clearly understandable way.

Separate 3 eggs and beat yolks until thick and lemon colored. Dissolve 1 package lime-flavored gelatin in 1 cup boiling water; pour gradually over egg yolks, stirring constantly; add ½ cup fresh lime juice, a dash of salt, chill till syrupy. Beat the 3 egg whites foamy; gradually beat in 3 tablespoons sugar; fold into gelatin mixture. Pour carefully into crumb crust. Sprinkle reserved crumbs over top. Chill overnight or until firm.

**Lime Sponge Pie**

This lime sponge pie made with a rice cereal crust, and a gelatin filling is a real treat. Serves 6 to 8.

Roll 3 cups crisp rice cereal into fine crumbs (makes 1½ cups). Combine crumbs, ½ cup melted butter or margarine; reserving 2 tablespoons for the top. Spread crumb mixture evenly over bottom and sides of 9-inch pie plate, pat firmly, chill.

Separate 3 eggs and beat yolks until thick and lemon colored. Dissolve 1 package lime-flavored gelatin in 1 cup boiling water; pour gradually over egg yolks, stirring constantly; add ½ cup fresh lime juice, a dash of salt, chill till syrupy. Beat the 3 egg whites foamy; gradually beat in 3 tablespoons sugar; fold into gelatin mixture. Pour carefully into crumb crust. Sprinkle reserved crumbs over top. Chill overnight or until firm.

Separate 3 eggs and beat yolks until thick and lemon colored. Dissolve 1 package lime-flavored gelatin in 1 cup boiling water; pour gradually over egg yolks, stirring constantly; add ½ cup fresh lime juice, a dash of salt, chill till syrupy. Beat the 3 egg whites foamy; gradually beat in 3 tablespoons sugar; fold into gelatin mixture. Pour carefully into crumb crust. Sprinkle reserved crumbs over top. Chill overnight or until firm.

Separate 3 eggs and beat yolks until thick and lemon colored. Dissolve 1 package lime-flavored gelatin in 1 cup boiling water; pour gradually over egg yolks, stirring constantly; add ½ cup fresh lime juice, a dash of salt, chill till syrupy. Beat the 3 egg whites foamy; gradually beat in 3 tablespoons sugar; fold into gelatin mixture. Pour carefully into crumb crust. Sprinkle reserved crumbs over top. Chill overnight or until firm.

Separate 3 eggs and beat yolks until thick and lemon colored. Dissolve 1 package lime-flavored gelatin in 1 cup boiling water; pour gradually over egg yolks, stirring constantly; add ½ cup fresh lime juice, a dash of salt, chill till syrupy. Beat the 3 egg whites foamy; gradually beat in 3 tablespoons sugar; fold into gelatin mixture. Pour carefully into crumb crust. Sprinkle reserved crumbs over top. Chill overnight or until firm.

Separate 3 eggs and beat yolks until thick and lemon colored. Dissolve 1 package lime-flavored gelatin in 1 cup boiling water; pour gradually over egg yolks, stirring constantly; add ½ cup fresh lime juice, a dash of salt, chill till syrupy. Beat the 3 egg whites foamy; gradually beat in 3 tablespoons sugar; fold into gelatin mixture. Pour carefully into crumb crust. Sprinkle reserved crumbs over top. Chill overnight or until firm.

Separate 3 eggs and beat yolks until thick and lemon colored. REPUBLICAN RALLY - TUESDAY NIGHT!

Political aid paid for by Kankakee Republican Women for Sam Morris - Bertie Friend and Joan Broderick, chairman.

Comic strip panels featuring characters like Snuffy Smith, Bugs Bunny, Daffy Duck, and others. The panels are arranged in a grid, with each panel containing a drawing and a speech bubble. The characters are engaged in various humorous situations, including a car chase, a confrontation with a villain, and a scene in a courtroom. The comic strip is titled "LAREDO CROCKET" and "BUZZ SAWYER".

## Business Takes Rest To Await Spring's Arrival

By SAM DAWSON  
NEW YORK (AP)—Business seems resting today on a plateau—perhaps the first victim of spring fever. That is a growing belief in financial and industrial circles.

It may stay there for a time while the economic forces pulling in opposite directions determine which will be the master.

One question mark will be settled in the coming two weeks. Easter merchandising will test the strength of consumer buying and especially of consumer confidence.

The excuses of the last few weeks will be missing. These are the lateness of Easter this year, the blizzards that delayed the arrival of spring and the floods in many areas that ushered it in. Aftermaths may be felt in hard-hit communities. But at least the merchants will know that the customers can get to the stores if they want to.

AUTO DEALERS also will lose any alibi they may have had from the weather. The hoped-for spring surge in car buying either will or will not be evident in the next month or so. Along the same line will be farm buying. If farmers troop to dealers for machinery purchases that may have been deferred by bad weather, large areas of the nation will feel better.

Businessmen themselves will come to a firm decision along several lines. Presently they seem to be buying materials on a day-to-day basis. Inventory buildups have all but subsided. The steel industry has been the most publicized victim of this reversal.

Plans for expanding plants and modernizing present facilities are high—the government assures us cheerfully. Now, or very soon, these plans must take shape in definite corporate appropriations of needed funds and placing of material orders. As these occur the whole economy will be bolstered.

Decisions by both consumers and businessmen should have a quick reaction in stock and bond markets. Many observers think that both markets have by now pretty well finished their reactions to the first of the year's signs and warnings that further inflation wasn't in the cards for the time being.

STOCK PRICES skidded, bond prices recovered. Stock yields are now more attractive than they were—even if the bears think that many stocks are still overpriced in view of corporate prospects. Bond yields seem less attractive—the days of the big bargains have passed, at least for the time being.

Employment, incomes, general output of goods and services are at a high level, even if the zoom has halted.

It's a plateau. Whether it's built on seasonal factors, or whether it may prove the high point for awhile, we should know in the near future.

## 11 A-M Drivers Receive Awards

Osmond Trudeau, truck driver for the American-Marietta Co., Kankakee plant, received a pin for 13 years of driving without an accident in ceremonies Saturday.

The award was given by John R. Ferree, general manager of the Kankakee plant at a dinner for truck drivers and their wives.

The 11 drivers receiving awards from one to 13 years represented 4½ million miles of driving without an accident.

Others receiving awards were Edward LaPierre, 12 years; Kenneth Gresham and Emory Oliver, 11 years; Gene Gowsner, Oakley Bechard and John Wehr, eight years; Charles Benjamin, six years; LeRoy Kemp, three years, and Willis Reardanz and Gordon Belanger, one year.

Alfred C. Kemp of Chicago, American-Marietta safety director, spoke briefly on defensive driving. Fred J. Boles, Chicago, an insurance company safety engineer, also spoke and presented a film "Knowing Is Not Enough."

# Eisenhower Praises Nixon, Assails Defense Critics

WASHINGTON (AP)—With a partisan crowd cheering his words, President Eisenhower praised Vice President Richard M. Nixon and struck back lustily Monday night at Democratic critics of his defense policies.

"Our nation is the most powerful in the world," Eisenhower said, "and only the ignorant and the blind insist it to be otherwise."

The President chose the Republican Women's National Conference as the forum for his opening salvo of the party's campaign to elect Nixon as his successor. The speech, a preview of the kind he is likely to make as the campaign progresses, contained some sly digs at Democratic presidential hopefuls.

ABOUT 7,000 persons heard his speech, cheering both Eisenhower and Nixon, who introduced the President and lauded the record he has made.

Eisenhower's praise of Nixon was unstinting. He said Nixon has been "a credit to the administration, our party, and our country. Since 1952 he has gained nearly eight years of added governmental experience at the highest level—

a tour of seasoning unmatched in the nation's history. All of us know him as a man of integrity and deep faith."

At another point, Eisenhower said "It's not my purpose tonight to take off into oratorical orbit—already we have a number of senatorial hopefuls doing that, each hoping to scramble into the chair

I shall soon vacate." Since Nixon is unopposed for the Republican nomination, the senatorial hopefuls he gibed at could only be Democrats.

Capital Hill reaction came quickly from Sen. Mike Mansfield (D-Mont), assistant Senate Democratic leader. Mansfield called it a "good partisan speech" but said

Eisenhower failed to tell the American people "the facts of life as they are both at home and abroad."

"THE PRESIDENT refers to people who criticize our defense as being both blind and ignorant," Mansfield said. "He must be referring to individuals within his own administration, such as Gen-

erals Thomas S. Power (head of the Strategic Air Command) and Maxwell D. Taylor (former Army chief of staff) and such individuals as Sen. Barry Goldwater (R-Ariz)—who wants more B70s—and Sen. Norris Cotton (R-NH) who wants more Polaris submarines. "Maybe he has in mind (Wernher) Von Braun and Gen. (John

B.) Medaris, both of whom are unhappy over our space and missile programs." Medaris recently retired as head of the Army Ballistic Missile Agency with a blast at administration defense policy. Von Braun heads the rocket scientist team at Huntsville, Ala., and has generally avoided any open criticism.

## THAT'S WHAT SIGN SAID

WEST HEMPSTEAD, N.Y. (AP)—"Free Bikes" read the sign over six bicycles on display at a circus here. Someone took all six. The management had intended to give the bicycles as contest prizes.

proud of!

## Present Awards To Four Scouts

Four boys who are members of the First United Presbyterian Church, were presented with God and Country Awards Sunday in services at the church.

All boys were members of different units, one from Keokuk, Iowa.

The boys were Tupper Swain, a member of troop 302; Charles Menning, a member of an Explorer post in Keokuk; James Sage, a member of Explorer post 304; and Daryl Carey, a member of troop 304.

The award is a religious one given to Boy Scouts and Explorers by their church for meeting certain religious criteria.

## Arrange St. Rose Registration

Registration for pupils intending to enter St. Rose grammar school or kindergarten next year will be held at St. Joseph Seminary from 9-11:30 a.m. and 1-4:30 p.m. April 18 and 19.

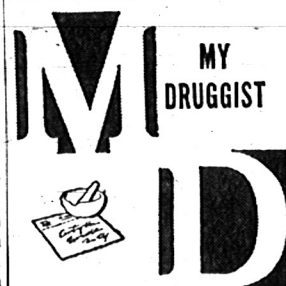

Pupils now in kindergarten must register for first grade.

Birth certificates must be presented by registrants. Kindergarten pupils must be age 5 by Sept. 1, first graders, age 6 by the same date.

School officials also announced that children entering fifth and ninth grades next year must provide health and dental certificates.

## Envoy Honored

LONDON (AP)—Sir Gladwyn Jebb, Britain's ambassador to France, retires from a 36-year foreign service career this month only to enter another branch of government. Queen Elizabeth II today conferred a barony on the 60-year-old diplomat, making him a member of the House of Lords.

● Confidence in our goods and services has earned for us the friendly title of "My Druggist." We're proud and constantly strive to justify this regard. For President

Leslie Arends  
For Congress

William Stratton  
For Governor

John Chapman  
For Lt. Governor

Grenville Beardsley  
For Attorney General

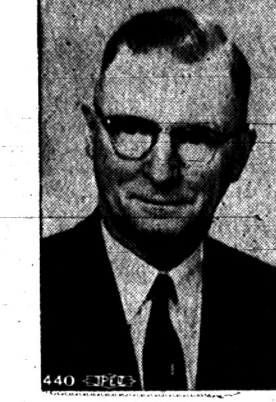

Elbert S. Smith  
For Auditor of Public Accounts

Edward McBroom  
For State Senator

Herbert J. Hess  
For Circuit Clerk

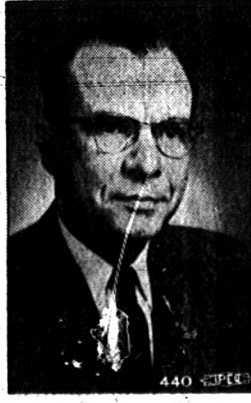

J. W. (Bill) Spillane  
For Coroner

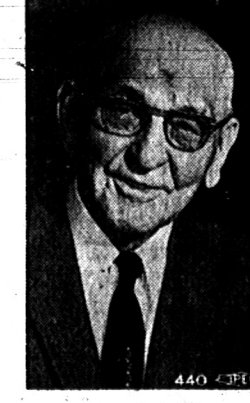

Peter Salm  
For Recorder

Donald Palzer  
For Alternate Delegate

Edward Drolet  
For State's Attorney

W. A. YATES  
For Representative Committeeman

**IMPORTANT:**  
The name of EDWARD McBROOM for STATE SENATOR is the second name on the ballot under the designation "For State Senator." Be sure to mark your ballot carefully. You may vote for only one candidate for State Senator. Markings for two names for Senator will lose your vote for this office.  
MARK THE SECOND NAME FOR STATE SENATOR ☒ EDWARD McBROOM.  
We also urge your support for one or two of the Kankakee County Candidates for state representative. One vote will give your candidate three votes; two votes will give each of the two, one and a half votes apiece.

By all means...

# VOTE X REPUBLICAN!

But, remember these candidates when you go to the polls

REPUBLICAN PRIMARY, TUESDAY, APRIL 12

Political Adv. Paid for by Kankakee County Republican Central Committee.
