## Vote To Start U2 Incident Probe Friday

Bipartisan Query Ordered; Herter To Be First Witness

WASHINGTON (AP)—The Senate Foreign Relations Committee voted unanimously today to conduct a "full and bipartisan inquiry" into the spy plane incident and events leading up to the collapse of the summit conference.

The inquiry will get under way Friday at 9:30 a.m. (CDT) with testimony from Secretary of State Christian A. Herter.

It will be conducted at closed sessions, but edited transcripts of testimony will be made public after being censored for security reasons.

Chairman J. William Fulbright (D-Ark) told reporters he thought the hearings would last "only a matter of days."

He said they would be patterned along the lines of the Senate inquiry in 1951 into President Truman's dismissal of Gen. Douglas MacArthur from his Far Eastern command.

IN THE MACARTHUR hearings, security experts screened the testimony and censored transcripts were made available to newsmen.

In a Senate speech, Democratic Leader Lyndon B. Johnson of Texas called for a calm inquiry. He said national unity must be preserved in a critical period.

Johnson told the Senate that such unity "does not require sweeping facts under the rug—no matter how unpleasant those facts may be."

"But it does require treatment of the facts coolly, calmly and in an objective vein and I think that the nation will be served if we proceed in that spirit," he said.

Johnson's statement obviously was aimed at reducing the heat generated by a Senate explosion Monday in which Sen. Hugh Scott (R-Pa) called on Sen. John F. Kennedy (D-Mass) and Adlai E. Stevenson to clear themselves of suspicion of being appeasers.

KENNEDY REPLIED that he is no appeaser. He said he was quoted out of context on a statement he made in Portland, Ore., that a way might have been found for President Eisenhower to apologize to Soviet Premier Nikita S. Khrushchev for the spy plane incident. What he said, Kennedy added, was that the President might have expressed regret in an effort to keep the summit meeting going.

Johnson gently took Senate Republican Leader Everett M. Dirksen of Illinois to task for assailing Stevenson on the basis of a Paris newspaper interview Stevenson has disclaimed.

The Democratic leader said he thinks the Senate Foreign Relations Committee and a government operations subcommittee will maintain objectivity in probing into the administration's summit actions and policies.

"I do not think this is the time to anticipate the work of these committees by coming to conclusions on the basis of alleged newspaper interviews which may well have been garbled in translation or which through improper emphasis, may have changed a thought," Johnson said.

## Set To Pick Convention Officials

BULLETIN  
NEW YORK (AP) — Gov. LeRoy Collins of Florida was selected permanent chairman of the forthcoming Democratic National Convention and Sen. Frank Church, of Idaho, was chosen keynote at a meeting of the convention arrangements committee today.

The Democratic party today chooses a keynote speaker and a permanent chairman for its national convention starting July 11.

The Republican National Committee today was reported ready to select Gov. William F. Quinn of Hawaii to be the keynote speaker at the GOP national convention.

A well-informed Republican source said that Quinn's selection for the important convention role was almost certain. The national committee plans to nail down its choices for convention posts at a meeting June 9-11.

Schriener, sewer treatment superintendent. At the rear are City Attorney Victor Cardosi and Alderman Vaughn McMullen. (Journal photo)

## Open Bids On Kankakee Sewage System Projects

Prospective contractors for the upcoming sewage system improvement program will have to wait a week to 10 days, and possibly until June 6, to see how they fared in bidding on the projects.

This was the word given by Warren VanPraag, consulting engineer from Decatur, to contractors or their representatives Monday as bids were officially opened. The bids will now be studied by VanPraag and Philip J. Schriener, superintendent of Kankakee sewers and treatment plant, and then be submitted to city council for final action.

## Socialists Want Ike To Stay At Home

TOKYO (UPI)—The opposition Socialists warned President Eisenhower today not to come here next month and made it clear that he may be mobbed if he does so.

A rightwing independent joined the leftists in urging the President to cancel his visit.

The warnings were issued shortly before new demonstrations protesting the U.S.-Japanese security treaty got under way outside the national capital.

About 4,000 persons, most of them Socialists or Communists, took part in today's protest. There was no violence.

A group of 300 professors and instructors from various Tokyo universities led the parade, and 100 actors and actresses from the city's theaters took part.

## 200 Sign To Give Blood At Armour Plant

Armour Pharmaceutical Co. employees are wasting no time in responding to the need for support of the Red Cross blood program if it is to survive in Kankakee County.

The bloodmobile unit will make its annual visit to the company for employee donations Wednesday from 10 a.m. to 4 p.m.

The quota is 125 pints of blood. E. J. Reidy, personnel manager, said today that more than 200 employees have signed to give blood.

Kankakee residents will have their opportunity to donate Friday. The unit will be at First Methodist Church from noon to 6 p.m.

## Reds Claim U.S. Plane Spied On Soviet A-Ship

LONDON (AP)—The Soviet Union charged today that U.S. planes made a series of spying passes over the new Soviet atomic ice-breaker Lenin.

The official news agency Tass said that on a recent trip from the Baltic to Murmansk the ice-breaker "was repeatedly overflown by spying American planes."

"They usually made three to four passes, flying close to the masts on both sides of the ship," Tass said.

Tass did not elaborate. Its brief mention came in a dispatch from the arctic port of Murmansk telling of preparations to send the atomic icebreaker on its first scientific expedition to the arctic.

## U.N. Council To Seek New Summit Talks

United Nations Would Assist In Planning Conference

UNITED NATIONS, N. Y. (AP) — Security Council debate on Soviet spy charges against the United States appeared likely today to produce a call for another try at summit talks with U. N. help.

A resolution sponsored by Argentina, Ceylon, Ecuador and Tunisia would urge the Big Four "to resume discussions as soon as possible." Diplomats at the U. N. believed it would be approved.

A Soviet resolution denouncing U. S. espionage flights over foreign soil was expected to fall short of the seven votes needed for adoption by the 11-nation council.

The four-nation resolution calling for new Big Four talks noted with regret that world hopes for a successful summit meeting had not been fulfilled. It appealed to all U. N. members "to refrain from any action which might increase tensions" and asked continued negotiations on disarmament, nuclear test suspension and prevention of surprise attack.

FINALLY, IT urged the British, French, Soviet and U. S. governments "to resume discussions as soon as possible and to avail themselves of the assistance that the Security Council and other appropriate organs of the United Nations may be able to render to this end."

This proposal will probably be taken up after the Soviet resolution has been voted on.

France, Britain and Argentina were on the speakers' list as the council prepared to continue the debate opened Monday with speeches by Soviet Foreign Minister Andrei Gromyko and U. S. chief delegate Henry Cabot Lodge.

The council picked up where last week's summit conference broke off — in discussion of the American U2 photo-reconnaissance plane downed on May Day near Sverdlovsk in the Soviet Union.

After speaking for an hour, Gromyko introduced his resolution. It would have the council Continued on Page 6, Column 1

WASHINGTON (AP) — The Senate today upheld President Eisenhower's veto of the 251-million-dollar depressed areas bill.

## District 111 To Meet Expenses

Meeting of the board of education of Kankakee School District 111 was one of the shortest on record Monday night—but while it was short it also was one of good news.

Roy Strasma, president, reported that it now appears it will not be necessary to issue any further anticipation warrants in the educational fund this fiscal year.

"The \$625,000 in anticipation warrants in the educational fund already issued will apparently be sufficient to meet the needs of the district until the new tax money is available," Strasma reported. "Ordinarily, by the end of May it is possible to draw the new tax money from the county treasury. This year because the tax bills have been delayed it appeared it might be necessary to issue additional anticipation warrants."

"HOWEVER, because of receipt of back taxes in the amount of about \$45,000 the district will be able to meet its expenses at least until June 15."

The board president said that the \$625,000 in anticipation warrants thus is no increase over the amount issued during the 1958-59 fiscal year.

The board also transferred \$1,000 as a loan from the building fund to the bond and interest fund to meet a bond issue interest payment due June 1.

Strasma announced that a report is expected in June from Harland Bartholomew and Associates, city planners, relative to the part of the survey they are making which pertains to Kankakee school matters. The firm presently is engaged in a new survey of the community. He said the future plans of the district as far as buildings, etc., are being delayed until receipt of the results of the survey.

The board also discussed contracts for the bus transporting of pupils for the coming year but no definite action was taken. Adjournment was at the unprecedented hour of 8:50 p.m.

## Compromise Sought On Poor Relief

SPRINGFIELD (UPI) — The House and Senate, deadlocked on Chicago police legislation, worked today for compromise on the other major special session topic, 35 million dollars for poor relief. A 10-man House-Senate conference committee met to work out differences over amendments to the relief bill and if both chambers agreed to the committee report, the bill goes to the governor.

Assembly action Monday constituted stalemate on the police issue to mirror predictions growing stronger since the session opened May 3. No police legislation is in the offing and the assembly is not expected to go beyond Wednesday.

The Senate proceeded its showdown on Chicago police by passing the \$330,000 flood aid bill and sending it to the governor for his signature. The bill earlier in the day cleared the House, 148-3.

THEN THE GOP-controlled Senate did the expected in Chicago, police action—passed the governor's bill and stalled the Democratic measure.

Gov. Stratton's merit board bill went to a hostile House where a similar administration measure was beaten days ago. The Senate version, which groped for compromise by deferring the effective date to next April, is expected to die there.

The Senate passed the GOP bill, 31-24, and then administration forces hung on to prevent passage of the opposition measure, which fell 20 votes shy of the 30 needed for passage.

The flood-aid bill went to Stratton's desk when the Senate concurred with House amendments to its bill.

The amendments deleted any mention of specific eligible counties—13 had been listed—and empowered the Waterways Division to allot aid proportionate to damage. Also, counties must apply for aid in 30 days.

## Reds Protest Flight; U.S. To Check Plane

Not Sure If Craft Is In Condition To Fly Out Personnel

WIESBADEN, Germany (AP)—The U. S. Air Force announced that Soviet authorities today freed a C47 that strayed into Communist East Germany last Friday and the nine Americans aboard it.

The Soviet high command in East Germany issued a vigorous protest against the twin-engine transport's flight and declared the American command in West Germany would have to take full responsibility for the incident.

A Soviet statement said the Soviets forced down the plane to protect the frontiers of East Germany as a member of the Warsaw Pact, a Soviet-led Communist military alliance.

A U. S. Air Force spokesman said the plane with its occupants—eight Air Force men and a woman—had taken off from East Germany and was en route to Air Force headquarters at Wiesbaden.

BUT A SHORT time later the spokesman withdrew this and said he could not say exactly when the plane would arrive.

Then came a U. S. Army announcement that a delegation from the U. S. military mission in the Soviet zone "will meet with the nine passengers and crew . . . to determine whether the plane is in condition to fly them out or if it will be necessary to evacuate the personnel by other means."

The Soviet protest was directed to Gen. Clyde D. Eddleman, U. S. Army commander in Europe. Eddleman had asked for release of the Americans and their plane in a message Saturday to Col. Gen. I. I. Yakubovskiy, commander of Soviet forces in East Germany.

The East German news agency ADN announced the protest in Berlin.

It reported that Eddleman was told: "Soviet fighters on duty repeatedly gave the border violator the established signal to land. However, the latter did not react, which resulted in the Soviet fighters taking justified decisive action."

IT WAS NOT officially specified whether this action included warning shots.

The protest concluded with a statement that Yakubovskiy was ready to turn over the plane, crew and passengers to a representative of Eddleman whenever the American found it convenient.

The C47 transport was forced down when it got over the border into East Germany while on a flight from Copenhagen Denmark to Hamburg, Germany.

The plane landed near the East German town of Grundshagen, about 20 miles from the West German border. Soviet spokesmen in Berlin said it landed undamaged.

The Soviets made no attempt to whip up an international incident over the plane, as they had over the U2 spy plane forced down over the Soviet Union on May Day.

## Security Council Meets With Ike

WASHINGTON (AP)—President Eisenhower presided today at a two-hour special meeting of the National Security Council. It was held one day in advance of Eisenhower's planned public report on the summit conference collapse.

The White House declined to provide any information as to what was discussed.

However, Press Secretary James C. Hagerty said Monday the meeting with his top level that he assumed that the meeting speech he will deliver by radio and television Wednesday night. Newsmen rarely are told what transpires at meetings of the council, and there was no indication any decisions or actions would be announced today.

Press secretary James C. Hagerty said that in addition to reporting on the summit failure, the radio-TV talk would report "on the future aims and goals of the United States and, indeed, of its allies and also of the free world."

## Earthquakes, Tidal Waves Kill Total Of 526 Persons

By THE ASSOCIATED PRESS  
Japan today bore the brunt of quake-born tidal waves that raced across the Pacific from Chile. Hundreds of miles of Japan's east coast were battered.

The international tidal wave toll of dead and missing reached 354. Combined casualties of the Chilean quakes and the tidal waves were 526 dead and 898 missing.

The Japanese counted 90 dead and 75 missing from the tidal waves.

Thirty-three persons were killed and 23 missing in Hawaii. The waves claimed the lives of three Okinawans.

Of Chile's quake-tidal wave toll of 400 dead and 800 missing, 130 were reported lost in the high seas that broke on coastal communities late Sunday. The rest of Chile's toll was presumed due directly to the quakes that started last weekend.

FRENCH POSSESSIONS in the South Pacific were hit but reports reaching Paris said there were no deaths and little damage. Coastal

roads of Tahiti were temporarily submerged.

Pacific coasts of the Philippines, Australia, New Zealand and Formosa were hit in varying degrees.

The tide hit as high as 30 feet at some points in Japan. The average was six or seven feet. Warnings were not broadcast until after the waves began pounding the coast. Weather Bureau officials said there had been a slipup in the warning system.

Tokyo and Yokohama, sheltered by Tokyo Bay, were spared direct blows. The greatest damage was along the northern 200 miles of Honshu's coast. Villages there became a tangled mass of shattered buildings debris and ships washed ashore.

Disaster crews moved into Hilo, Hawaii's second city, where 33 persons were known dead, 23 missing and 53 injured in the wake of the Hawaiian Island's worst disaster since 1946. Damage was estimated unofficially at up to 50 million dollars.

FOUR MASSIVE waves pounded a mile-long area in Hilo, a city of about 26,000 population on the Island of Hawaii. The waves—one 12 feet—struck the other Hawaiian Islands as well, but damage was small compared to the chaos in Hilo.

A six-foot wave hit the American-occupied Ryukyu Islands at dawn, killing three Okinawan villagers, ripping boats from their moorings and dumping tons of salt water on rice crops. No casualties were reported among the American occupation forces on Okinawa.

The toll soared in southern and central Chile, victim of three days of earthquakes and the first tidal wave. By Monday night 400 persons were reported dead, 800 missing and about 1,600 injured, and many stricken sectors still had not been heard from.

Six hundred persons were reported missing on one Chilean town, Queule. A Santiago newspaper reported tidal waves as high as 24 feet had washed over some towns.

## Ohio Opens Prison For First Offenders

CLEVELAND (UPI)—The actress cast their trailing glances at the masked boys slumped in the wooden chair and faded out of the prison scene into the prison courtyard.

## Start More Talks To End Dock Strike

CHICAGO (UPI)—Another round of negotiations has begun in an attempt to end a six-day old dock strike of 2,000 stevedores, which has crippled foreign shipping in Chicago.

Representatives of Local 13 of the International Longshoremen's Association and Chicago stevedore unions met separately Monday with federal mediators Edward M. Manus and William G. Murray.

The union is seeking a wage and benefit package of 33 cents an hour. The employers have offered 33 cents. Under the old contract, which expired May 15, workers averaged \$2.33 an hour.

Similar strike situations prevailed in three other lake ports—Milwaukee, Cleveland and Toledo, Ill. Picketing also is under way in Buffalo, N. Y., and Detroit.

Bargaining sessions are scheduled for Wednesday in Cleveland and Milwaukee.

KC's To Present Night Of Award Thursday

The fourth annual Knight of the Year award will be presented Tuesday evening at a social meeting of members of St. Vincent's Council, Knights of Columbus, in the K of C building, 187 S. Indiana Ave.

Since 1957, one member of the council has been chosen each year for the award which is based on the man's contribution to his parish and community, and his participation in K of C activities.

The honored knight, selected by a committee of three council members, will receive a plaque in a ceremony during the evening meeting.

Previous winners of the award were Martin O'Brien in 1957; Edward Kibridge, 1958; and William Madigan, 1959.

2 Drivers Fined In Aroma Park

Two motorists were fined a total of \$60 plus \$5 costs each Sunday by Aroma Park Justice of the Peace Elmer Wilkins.

Deville E. Howell, 27, of Aroma Park, was fined \$25 on a charge of illegal transportation of liquor and \$10 for driving other than reasonably and properly. George Penney of RR 2, Momence was fined \$10 each on counts of defective muffler and no driver license and \$5 for having only one headlight.

Both motorists were arrested by Willard Deschand, Aroma Park police chief.

Tavern Owners Elect Hunter Jones President

Hunter Jones, RR 4, Kankakee, was elected president of the Kankakee County Tavern Owners Association at its annual dinner Monday.

Alvin P. Engler, president of the state tavern owners organization, spoke at the meeting and discussed legislative problems. Others elected included Leo Blumenski, Kankakee; vice president; Martin J. Vranicar, Bradenton; treasurer; and Charlotte Buxter, Momence, secretary.

Students Taking Summer Jobs Need SS Cards

Students seeking summer vacation employment will need social security cards, Dean H. Lemke, manager of the local Social Security office, said today.

Lemke said that many students, who will be going to work for the first time this summer, and others, who will return to jobs they held last summer, will find it necessary to show their social security card.

For students finishing school this week or next, cards can be obtained from Lemke's office, 247 W. Court St. A form, SS-5, must also be completed.

The form is also available at all of the local post offices in the area. If a student is unable to pickup a form at the Social Security office, he can obtain it at a post office and mail it in.

The social security card will then be mailed to the student. The same form can be used to obtain a duplicate number if the student has lost his original card.

## Will County GOP Backs Cardosi

Victor N. Cardosi, Kankakee attorney, was endorsed by the Will County Republican Central Committee Monday night for the GOP judicial nomination in the 12th Circuit District.

The committee authorized its chairman, C. H. Peterson, to vote the county's 77 delegates at a unit for Cardosi at the June 4 judicial nominating convention in Kankakee.

Cardosi had previously won the backing of the Kankakee and Iroquois County delegations in his bid for nomination as the GOP judicial candidate in the special election Aug. 16.

The election has been called to fill a vacancy in the Circuit caused by the death of Judge C. D. Henry.

Circuit Judge James V. Bartley of Will County nominated Cardosi at the Will County meeting.

Chebanse Man Taken To Hospital

George Riley, 18, RR 1, Chebanse, remained in St. Mary's Hospital for observation today after being taken there Monday afternoon by the Kankakee fire department inhibitor squad.

Riley reportedly fainted in a doctor's office in the Vilkmann building, and was taken to the hospital by the squad on doctor's orders.

A 12-month-old child, Ronald Lee Stuebel, 658 N. Indiana Ave., was taken to the hospital at 9:35 p.m. Monday by the emergency unit when it was believed the child had swallowed something.

Students seeking summer vacation employment will need social security cards, Dean H. Lemke, manager of the local Social Security office, said today.

Lemke said that many students, who will be going to work for the first time this summer, and others, who will return to jobs they held last summer, will find it necessary to show their social security card.

For students finishing school this week or next, cards can be obtained from Lemke's office, 247 W. Court St. A form, SS-5, must also be completed.

The form is also available at all of the local post offices in the area. If a student is unable to pickup a form at the Social Security office, he can obtain it at a post office and mail it in.

The social security card will then be mailed to the student. The same form can be used to obtain a duplicate number if the student has lost his original card.

## Universities To Share In \$168,972

SPRINGFIELD (UPI)—The four state universities under the Teachers College Board will share \$168,972 released by the governor for various construction projects.

The release, announced Monday, included:

- Illinois State Normal at Normal, \$40,000 for tennis courts, fences, sidewalks, architects fees and other expenses.
- Eastern Illinois at Charleston, \$35,105 for smoke screens, fire protection system and remodeling of administration building offices.
- Western Illinois at Macomb, \$16,113 for refurbishing and installing a fire alarm system in campus training school, repair of a cracked sewer on Murray Street and other minor projects.
- Northern Illinois at De Kalb, \$57,754 for work on the heating plant and auditorium and architects' fees as well as laying of additional sidewalks.

Continued Probe Of 2 Break-ins

Investigation is continuing by Kankakee police department authorities in the break-in and entry at the William A. Diggle and Theodore Wendt homes on W. Walnut street Saturday night.

Articles valued at more than \$300 were reported taken from the Diggle residence, while inventory of possible missing items at the Wendt home is being compiled by the residents.

It was erroneously stated in Monday's Journal that the Joseph Vincent Montgomery arrived in Peoria today to probe Communist activities. He is a near neighbor of the Wendts and had the key to the Wendt house in his care.

Death May Interrupt Chess Game

HOUSTON, Tex. (AP)—A man sentenced to die in the Alabama electric chair is playing a game of chess he may never finish with a Houston geologist.

Cecil Lewis Tiner, 28, received his death sentence for the Aug. 3, 1957 shooting death of J. C. Woodman, an Alabama sheriff, in Birmingham and Noel L. Kankakee, a plan to attend the reunion.

The Rev. Gerasime, J. e. a priest at Loyola Academy in Wilmette, another brother, also has indicated he will attend.

Sister Mary Gerasime, a member of the congregation of Notre Dame, a sister of Father Legris and two brothers, the Rev. Ralph Legris and Maximilian Legris, are deceased.

At the meeting Monday night, Miss Frances Bray, correspondence chairman, reported that over 1,300 invitations have been sent to former students, graduates and friends for the mass and banquet on June 25. The banquet will be held immediately following the mass in St. Patrick Central High School.

Mrs. O. M. n. d. Trudeau, vice chairman, reported that no invitations are necessary for attendance at the tea, to be held from 1 to 5 p.m. June 25 at the convent.

Man Killed In Gun Battle

CHICAGO (UPI)—A man was shot and killed in a running gun battle with police Monday night, moments after he held up a near North Side restaurant.

Police identified the gunman through cards in his pocket as Lewis D. Huffman, 35, Elgin Ill.

Two patrons of the restaurant were injured.

George Hauer, 63, Chicago, was struck in the neck by one of the bandit's shots. George Karmarkovitch, 66, also Chicago, was slightly cut by flying glass.

Patrolman Frank Quinn, who killed the gunman, escaped injury, although three shots were fired at him.

THE BANDIT walked up to the restaurant cashier, Antoinette Lo Bianco, 19, and demanded "all the bills."

"I thought he was killing," Miss Lo Bianco said. "I turned away, but he leaped over the counter and jabbed the gun in my back. So I gave him the money, about \$50."

The bandit ran from the restaurant, located diagonally across the street from the East Chicago Avenue police station, pursued by a woman patron.

Finch Trial Is Recessed To Thursday

LOS ANGELES (AP)—The opening of the second Finch-Tregoff murder trial proved to be just a preview.

Carole Tregoff, 23, slim and chic, and her lover, Dr. R. Bernard Finch, 42, were on hand Monday. But the trial was recessed until Thursday so the state supreme court can rule on whether the defense can challenge the new judge as prejudiced.

The state contends that Carole, an ex-model, and her wealthy husband, a doctor, had a motive to murder the doctor's wife, Barbara, 38, last July. Their first trial ended in a hung jury after three months of often lurid testimony.

Carole has shed most of the 30 pounds she picked up on starchy jail food. She is free on \$25,000 bail.

Carole's attorneys claimed, without specifying why, that Superior Court Judge Leroy Dawson was prejudiced. He denied it, and the attorneys appealed.

New Trop-Artic brings to the aid of your motor a revolutionary new lubricating formula that cleans, protects and preserves smooth performance under the most severe engine tests for automobile oils... actually gives your car a new life expectancy.

It's a tremendous forward step in automobile engine protection. New Trop-Artic Motor Oil from Phillips 66 can drastically reduce the harmful deposits and corrosive wear that rob you of your driving pleasure. Your car can run better... smoother... quieter... with lower fuel costs... fewer repairs. And piston ring wear is reduced as much as 35% compared to many leading oils.

PDA—Another Phillips "FIRST"

The secret of Trop-Artic's exceptional performance is a revolutionary super-cleaning element called PDA. Engineers say PDA is "the most effective motor oil additive ever developed to preserve smooth engine performance." In hundreds of thousands of miles of testing, typical car owners reported these important benefits from new Trop-Artic Motor Oil with PDA:

- Less oil consumption
- Less engine knocking
- Less mis-firing
- More miles per gallon of gasoline
- Cleaner oil filters

Change to new Trop-Artic Motor Oil at any Phillips 66 Station, and see if you don't notice these same improvements in the performance of your car!

# The West's Electronic Shield

The new heat in the Cold War puts emphasis on the question of how good the free world's radar defenses are against either aerial attack or espionage. The long-established DEW line (see map) is still an important part of the system. Due to be connected with it is the ACE HIGH line, about half completed, running through Western Europe. A separate outpost is the radar

station at Wakkanai in northern Japan. Daily reconnaissance flights fill the gap between it and the Aleutians. Three stations are under construction in Alaska, Greenland and England. When ready and tied in, the northern approaches to America will be shielded by an even more effective screen.

## Eisenhower May Face Further Criticisms

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — The charmed part of President Eisenhower's life is over. For years the respect given him has been one of the miracles of American politics and international affairs. Premier Nikita Khrushchev changed all that in a few days with one of the most ferocious attacks ever made by the head of one government against the top man in another.

Eisenhower was held in such high esteem at home and abroad that when something went wrong with his administration, the tendency had been to blame some subordinate, not him.

Then came the spy-plane incident.

EVEN IN ITS early stages Khrushchev was willing to absolve Eisenhower. Then the State Department stumbled over its feet, lied, then told the truth, and said Eisenhower had approved 'the aerial spying.'

Before Khrushchev's vituperation was over he had likened the President to a thief and called him a fishy friend.

It was a mark of Eisenhower's emotional maturity that he was able to remain calm in Paris when the Soviet leader was trying to degrade him.

PERHAPS Eisenhower, because he has a great backlog of personal discipline to call upon, can remain calm to the end and, through more alertness, prevent

any more clumsy fumbling by his administration.

But now that the dam has been broken by Khrushchev, Eisenhower's remaining months in office may be increasingly unpleasant.

Others who have been restrained in dealing with Eisenhower may feel free to cut loose. And the President may have more of a tendency to strike back at his critics.

### VFW Auxiliary, Momence, Fills Officer Vacancies

MOMENCE (JNS) — The first meeting of the auxiliary of the Veterans of Foreign Wars under new officers was held Wednesday night.

President Mrs. George Taylor presided. The secretary Mrs. Harold Goessman, having moved from the city, was replaced by Miss Juliet Saindon. Mrs. Juliet Saindon. Mrs. Lorena Marrs was elected patriotic instructor. She and Miss Saindon were installed by Mrs. Milford Price, past president.

A thank-you note from Sharon Peterson for her award as winner of the essay contest sponsored by the auxiliary was read. It was announced Miss Saindon, a delegate to the district meeting held in Bradley on Sunday was elected as a district trustee for a year's term.
