WELFARE COMMITTEE CON-
SIDERS OFFER BY PRO-
FESSIONAL TEAMS

WOULD FILL ARMORY

Can Match Undeclared Tulsa
Eagles Against Crack Chicago
League Quintet

The Community Welfare Committee, at its meeting last evening in the Chamber of Commerce headquarters, decided to name a sub-committee of its membership to confer with officials of the Baron-Huot company relative to staging a benefit basketball game in Kankakee in January, the proceeds to go toward the fund to relieve suffering among families of the unemployed.

The proposition of the oil company was expanded to the committee by S. J. Ziemer. If the game is arranged, it probably will be played in the armory on the night of January 28 between the Tulsa Eagles of Tulsa, Okla., and some crack Chicago professional quintet—probably the Chicago Bruins of the National pro league.

Won All Games

The Tulsa team represents an oil refining company and last year they won every one of their games against some of the strongest teams of the nation. They will be on a tour of this section during January and have an open date for Jan. 28. As there is no professional basketball team in Kankakee this season it is thought that the game would draw a packed house to the armory and net the relief fund anywhere from \$400 to \$600 after all expenses for the two visiting teams are deducted.

A. E. Anderson of the finance committee reported that employees of the New York Central railroad are contributing to the fund, one department pledging \$50 a month and another \$35 a month. No pledges have been received to date from employees of the State Hospital as Dr. Edmondson is in Chicago and other officers at the institution are not empowered to act in such matters.

Charity Play
Arthur Beckman announced that the board of education has decided to disband at 2:30 o'clock all school children who will attend the matinee performance at the Luna theatre on Dec. 18 when the annual Christmas play of St. Viator college will be presented, the proceeds to go to the charity fund.

The teachers of the city schools have signified a willingness to contribute a certain amount to the relief fund and a meeting will be held this week. Faculty members of the Gallagher school will also make a donation.

Needy Cases
Rev. David Creighton urged the selection of a committee to investigate cases where relief is necessary. He cited several instances of dire need in which the families either were too proud or did not know where to inquire for aid. One of these was a family here, with several small children and a two-day-old baby. There was no fuel left in the house and practically no food in the family going about the place in their coats and old sweaters. Their water pump was broken and they had to haul water quite a distance. An employee of the Florence Stone works discovered the plight of the family and the company sent a new stove and fuel oil to the house immediately. Other

ALLEGED HOTEL BANDITS RETURN TO TULSA, OKLA.

Willard "Frog" LaRoche and Arthur "Artie" Clark, former Kankakee men recently arrested by Chief John Stack and his officers of the Kankakee Police Department on charges of having effected an armed holdup of the Mecca hotel at Tulsa, Oklahoma on the night of December 2 left today for Tulsa to stand trial. They were accompanied by Fred C. Harris, transportation deputy of the sheriff's office at Tulsa. Since their arrest last Saturday morning, the prisoners have been held at the city jail.

It is claimed that LaRoche and Clark took \$12,500 worth of jewelry, watches and similar articles, belonging to guests of the hotel, from the office safe. Their pictures, taken a few days before when they were arrested in Tulsa on suspicion, have been identified by Mrs. Maude Baker, proprietress of the hotel, and by two men who were in the lobby when the holdup occurred.

The Ford roadster, belonging to Clark, which the two men had with them when arrested, has also been identified as the one in which the bandits escaped after the holdup.

The Baron-Huot station at Mokena, known as the "south side station" and managed by Joe Kampe, was robbed by two young men in a Chevrolet coupe who took \$15 in small change.

One of the young men, it is reported, carried a cheap-looking revolver while the other carried an automatic.

Thief Pulls Good One On Watseka Cop

"Hello," said the visitor.

"Hello yourself," Wagner returned.

They chatted while the man loaded merchandise into his waiting automobile.

Finally the man cleaned out the cash register, got into his car, and went on his way.

PRINTER MUST STAND "TRIAL" FOR SLANDER

Al Stearman, a Kankakee Legionaire, will go on trial at the next regular meeting of the American Legion chapter here on a charge of slandering the reputation of a fellow member. The complaint was made by Roy Dusenbury, service officer of the Legion and the Kankakee postmaster.

Stearman is a compositor in the printing plant of the Republican. The fact that he is a printer seems to be the basis of the whole affair.

Mr. Dusenbury claims that Stearman is the man responsible for a paragraph which recently appeared in the Republican's edition of the "Voice of the American Legion," a column contributed to Kankakee newspapers by the Legion and of which Mr. Dusenbury is the editor.

Mr. Dusenbury further claims that the paragraph, which he feels is injurious to his good reputation, was inserted in the column by the printer without the editor's knowledge. The item referred to a turkey which Mr. Dusenbury was supposed to have eaten for Thanksgiving dinner. The evidence against Mr. Stearman, it appears, is purely circumstantial as the complainant does not know for sure that the printer did insert the paragraph in question—he only knows that Stearman had the opportunity. It is said, however, that Spain Burford, another printer and a golf expert of some note, has threatened to turn state's evidence against his fellow printer.

The complaint is a formal and extremely lengthy document, was read by Dusenbury last night before the regular meeting of the Legion. Whereupon Stearman pleaded guilty, asked for mercy, asked for a change of venue and everything else that he could think of. The answer of the commanding officer, Edgar Donnan, was as brief as Dusenbury's complaint was long. It was "no."

Accordingly Stearman must stand trial. Capt. James T. Burns has been named as presiding judge. H. S. Streeter, judge advocate, will conduct the prosecution. Stearman has been trying to get a lawyer to defend him, but the entire post seems to think he is guilty and on one wants to defend him. A committee has been named to act as a jury. Perhaps it should be explained that this matter is all in fun all right, though few members of the post knew that it was in fun except Dusenbury, the commanding officer and a few others. Just to show that it is in fun, the entertainment committee is the jury. The fact that Dusenbury chased Stearman all over the Legion home with a club last night was also in fun.

S. CAULKINS ASKS REHEARING OF CASE

A petition to set aside the judgment of nearly \$200 obtained in county court Monday by Noah T. Soule against Samuel W. Caulkins, justice of the peace at Mokena, was filed today by Attorney Charles W. Kurta.

NEW POSTAL PREPARATIONS FOR HOLIDAYS

CHUTES AND MAILING CASES
PROVIDED TO HANDLE
CHRISTMAS MAIL

LOCAL POST OFFICE

25 Extra Men To Be Employed;
The Public Must Cooperate
To Insure Deliveries

All preparations are complete for handling the tremendous volume of Christmas mail expected to go through the local post office this year. Sixteen cases have been constructed in the basement at which several inexperienced men will be used in a primary separation of letter mail which will aid the regular employees in getting it into the hands of addressees with a minimum expenditure of overtime service which the Post Office Department has prohibited this year in order to ameliorate as much as possible the unemployment situation.

Chutes have also been constructed which will deposit the mail directly from the lobby to the basement where a sorting table at the base of the chutes will be manned by inexperienced help who will make the letters ready for the canceling machine by placing the stamps all in one direction. The public can help this situation a great deal by placing a rubber band about their Christmas greeting cards when they are all prepared for mailing.

Out of town letters should be kept separate from city mail and the bundles deposited intact with the rubber band confining each bundle. Bundles or boxes too large for the slots may be handed in to the clerk in charge of the window.

The employment of approximately 25 inexperienced men this year will make mandatory the complete addressing of all mail for local delivery to insure its delivery before Christmas. It is not to be expected that these men can handle mail expeditiously unless it bears a complete and accurate street address as well as the correct name of the addressee. The preliminary separation of bundles of addresses based on the street and number of the address exclusively and all mail which does not bear such a complete street and number address will necessarily be treated as a "mix" with consequent delay thereto due to the inability of the inexperienced help to determine its destination. A city or telephone directory at hand when addressing greeting cards will aid senders in furnishing a complete address on each piece.

There will be no deliveries of any kind on Christmas Day, except special delivery. The employees of the Kankakee Post Office as well as all over the nation, will enjoy this day of days in the homes with their families. In order that the public may cooperate with the postal service to the fullest extent and help insure that the Christmas mail may be disposed of this year on Christmas Eve as has been the case for several years past, it asks that mailing be done early enough according to destination to provide delivery before Christmas. Parcels may be marked "Do Not Open Until Christmas."

Despite the current depression, the distribution of many hundreds of Christmas Savings checks, during December, together with many other factors, the local office looks forward to an increased Christmas mail this year. The postmaster with Departmental sanction is doing his part in relieving the unemployment situation by giving employment for at least a few days to many men with families to support. It is up to the public of this city to cooperate with the local office along the lines mentioned above particularly the complete addressing of all mail with street and number in order to make the work of these men effective and result in maximum service for the funds expended.

COLORED MAN IS FINED FOR CARRYING GUN

Authorities Say That Practice Of
Carrying Guns Illegally
Must Be Stopped

George Jackson, 30, colored, of 834 North Evergreen avenue, arrested Monday night by police on a charge of carrying concealed weapons, was fined \$100 and costs in the police court this morning by Judge Bert L. FitzGerald. Not being able to pay the fine, he was ordered sent to the county jail.

It was suspected that Jackson was the man who on Monday evening snatched a purse from Mrs. Fred Pamel, 304 North Harrison avenue, after knocking her down with the butt of a revolver. He was arrested at his home a few minutes later by Chief John Stack, Detective Ed Imming and Officer Gene LaFontaine while trying to flee from the rear door with the gun in his hand.

Both Judge FitzGerald and Chief Clerk stated in court today that the practice of irresponsible persons carrying a gun, or of any person carrying a gun illegally must be stopped and that in the future offenders would be punished as drastically as was Jackson.

Mrs. Pamel was not able to positively identify Jackson as the man who attacked her.

SCREECHING BRAKES-- A CHILD'S SCREAM!

A warning cry, the screeching of brakes, a childish scream. A little girl is dragged down underneath the wheels of an auto. Then a mother's agonizing shriek as if by magic the crowd gathers. Some one calls a doctor; another the ambulance. Willing hands carry the broken little body to the curb. Police arrive. An ambulance with clanging gongs pulls up. One officer holds back the crowd while another tenderly lifts the little victim. The gong rings once more, and the race with death begins.

It seems so little to ask of men that they should try to protect the lives of innocent children. Freedom from accidental mishaps most certainly is the birthright of every child and the right at least of every adult.

Yet such tragedies pile up day by day. Think of it—31,000 motor vehicle deaths in the United States in one year. And nearly 1,000,000 injuries. All of them costly, painful, tragic—leaving a trail of regrets. And most of them unnecessary. And all because men fail to stop—to look—to think.

What appalling tragedy! What waste!

The problem of the motor vehicle fatality is a vital one which directly or indirectly affects every man, woman and child in the country. Why not give it the serious consideration it deserves? Why not accept our full share of responsibility—for the sake of our fellow women, our families and ourselves?

PHILCO BABY GRAND

Then come in and let us show you this biggest bundle of radio value you ever saw or heard—a genuine, full-toned screen-grid radio receiver, all in one handsome walnut case, at the positively amazing price of

ONLY \$49.50
Less Tubes

Think of what you're getting—a remarkably efficient set only 16 inches wide by 14 inches high with all the features of the Baby Grand—7 tubes (3 screen grid); genuine, built-in electro-dynamic speaker; station recording dial; push-pull audio; all-electric. It fits anywhere and makes an ideal "second set" for up-stairs, the den, the nursery, the summer camp. Our price is within the reach of anyone.

And can it get distance? It can show up a lot of the big fellows—this little chap that does a man's size job. Read what some Philco Baby Grand owners say about it.

"I can't express the comfort and satisfaction we get from our Philco Baby Grand. Had to cost us \$100 or \$125, the screen would have been dollars and cents. In no other radio can you get such beauty of case and such great volume of tone without loss of clearness." M. L. Conrad.

"I want to thank you for selling me a little Philco. It sure is the best radio I have ever seen. I have heard stations from California to Cuba. It is so clear and so sure. I also have a large set of speaker made and it is good, but it can't compare with the little Philco." F. F. Indianapolis.

"I purchased a Philco Baby Grand and am convinced that it is the biggest value in radio on the market. I tried several other radios before buying the Baby Grand, and certainly am surprised at the performance it is showing." D. H. Flint.

Philco is the fastest-selling radio in the world. Is it any wonder we can't keep a supply in stock? Come in today. If you find it impossible, send the coupon.
