## FARM BUREAU MEMBERS TO STATE MEET

GERDES, HERTZ AND WILCOX  
TO REPRESENT KANKA-  
KEE COUNTY UNIT

AT SPRINGFIELD, ILL.

3-Day Program Starts Wednes-  
day, Jan. 28; Allied Asso-  
ciations Gather

Delegates and members of the Kankakee County Farm Bureau will leave for Springfield this week to attend the annual convention of the Illinois Agricultural Association and allied organizations, announced Farm Adviser John B. Collier. The voting delegates who will represent Kankakee county are as follows: H. M. Gerdes, I. P. Hertz and R. G. Wilcox.

The I. A. A. board of delegates of which these men are members is the supreme governing body which not only elects the president, vice president, and directors each year, but also passes on resolutions and important policies determining the future course of action of the organization. They have the same control over the destinies of the I. A. A. as voting delegates at the national conventions have over the major political parties.

The delegates are chosen by the boards of directors of the County Farm Bureaus, who in turn are elected by the members. Thus the Illinois Agricultural Association has a democratic set-up and is responsive to the expressed will of the 60,000 Farm Bureau members in Illinois.

Allied Units  
Annual meetings and conferences of eight organizations affiliated with the Illinois Agricultural Association are scheduled for Wednesday, Jan. 28. These include the Illinois Agricultural Co-operatives association, Illinois Farm Bureau Baseball league, Illinois Farm Bureau Serum association, Illinois Produce Marketing association, Illinois Agricultural Mutual Insurance Co., Illinois Farm Supply company, and Country Life Insurance Co.

The annual convention of the Illinois Agricultural Association itself opens Thursday morning, Jan. 29 and continues through the afternoon of the following day.

Features of the I. A. A. meeting will be the banquet on Thursday night where Alexander Legge, chairman of the Federal Farm Board will address an expected audience of 1,200-1,500 in the Springfield arena; and the annual luncheon in the arena Friday noon where Governor Louis L. Emmerson will discuss state governmental problems of particular interest to agriculture before an expected capacity crowd. Mrs. Charles W. Sewell of the American Farm Bureau Federation will speak on the banquet program with Mr. Legge.

Big Banquet  
Ed Bay, the able Sangamon county adviser in charge of local arrangements, writes that indications point to a complete sell-out for the Thursday night banquet, also the luncheon the following day. Farm Bureau members are urged to attend the meetings and expect to make reservations immediately either at their County Farm Bureau offices or else by writing direct to the Sangamon County Farm Bureau, Springfield.

Other speakers scheduled to address the I. A. A. and allied organization meetings are: J. Frank Grimes of Chicago, president of the Independent Grocers' Alliance of America; Clifford V. Gregory, Chicago, editor of Prairie Farmer; Geo. S. Miller, general manager of the Farmers National Grain Corporation; Tom Borman, vice president

## MILLION WILL NEED AID IN NEAR FUTURE

DECLARES JOHN BARTON  
PAYNE, CHAIRMAN OF THE  
RED CROSS RELIEF WORK

ARKANSAS IN NEED

Dependents in That State Will  
Number More Than A Half  
Million People

BULLETIN  
New York, Jan. 23.—(AP)—The United States Steel Corp. and its subsidiaries have appropriated \$50,000 for the Red Cross relief work.

Washington, Jan. 23.—(AP)—Relief calls to the Red Cross for food and clothing during the past few days have been so great that Chairman John Barton Payne today said close to a million people would need aid by February 1.

"Our reports today show we are caring for 587,034," Payne said. "Our field workers in the one state of Arkansas alone estimate 550,000 persons will be on the Red Cross rolls in that state by February 1. This is more than one quarter of the entire population of the state."

"Relief has been extended to a number of counties in West Virginia, Virginia, Alabama and Ohio by the national organization in the past few days, as the local resources of the community and the chapters were exhausted."

Contributions to the Red Cross \$10,000,000 relief fund were boosted to \$12,644,000 today.

"The magnitude of this task for caring for drought sufferers, and the acute need for the relief fund of \$10,000,000 which the Red Cross has asked for, can be comprehended when a comparison is made with the relief work by the Red Cross in the Mississippi Valley flood in 1927."

"At the very height of that emergency 600,000 persons were cared for by the Red Cross. Today we are helping within fifty thousand of that number and our workers tell me we will be giving food, clothing and other types of relief to almost a million persons by February 1. If calls continue to mount at the rate established in the past few days."

Speaker Longworth announced in the House meanwhile he would refer the Interior Department Bill, carrying the \$25,000,000 Red Cross appropriation, to the House Appropriations committee for hearings.

He did so immediately.

"As a result of the radio appeal last night by President Hoover, former President Coolidge, Alfred E. Smith and others, officials at Red Cross headquarters were busy answering inquiries as to where to send money."

Chapters scattered throughout the land had telegraphed to Washington concerning the status of drives for funds. The Van Cortlandt chapter in New York was the first to notify Washington it had oversubscribed its quota of \$2,000 and "anticipated ability to add to contributions."

The St. Joseph county chapter, of South Bend, Ind., had been given \$626 in unsolicited contributions prior to launching its campaign.

## JURY FINDS JACKSON IS GUILTY MAN

FACES PRISON TERM FOR  
BURGLARIZING LUEHRS  
COAL OFFICE

MANN CASE NOW ON

Pick Five Jurors From Crowd In  
Courtroom; Angellotti  
Trial Monday

Frank Jackson, alias Stetson, was found guilty by a jury in circuit court last evening of burglarizing the Luehrs Coal company's office last December. The case was given to the jury at 11 o'clock yesterday morning and the verdict was arrived at shortly after 7 o'clock last evening.

Jackson faces sentence of from one year to life imprisonment as the result of his conviction. His accomplice, Carl Kruger, pled guilty and was sentenced to sixty days in the county jail. Kruger turned state's evidence against Jackson at the latter's trial. Jackson was represented in court by Attorney Joseph Tolson, Jr.

Thomas Mann, accused of robbing Jesse B. Thompson, local restaurant owner, at the point of a revolver was in progress today. Mann, a local resident, is very well known and the trial drew a crowded courtroom today.

Identify Mann  
The prosecution is being conducted by State's Attorney Charles W. Kurts who stated that Mann is alleged to be the bandit who entered Thompson's place at 2 o'clock the morning of last Nov. 19th. Thompson was the first witness on the stand and identified Mann as the robber. He also identified Mann's hat and revolver as being identical with those used by the bandit.

The second witness was Miss Mary Weller, a waitress in the restaurant from whom the bandit took a cash box containing \$50. Miss Weller was also positive that Mann was the robber. The third witness was Chief of Police John Black wing arrested Mann upon the descriptions furnished by the robbery victims.

POISON LIQUOR

Fairfield, Ill., Jan. 23.—(AP)—Hundreds of persons crowded the Wayne county circuit court today to hear the closing arguments in the trial of John Hoffee, 35, Fairfield traveling salesman, charged with attempting to murder Walter "Buck" Schafer, 56-year-old farmer living south of here over a year ago by giving him poisoned liquor.

Ora Hubble, circuit clerk, described the crowds attending the trial which started Tuesday as the largest in the history of the court.

Raleigh Stanley, 20, of White county charged jointly with the crime entered a plea of guilty earlier in the week and is state witness against Hoffee.

The alleged crime took place on December 2, 1929, when Schafer was found unconscious by a neighbor in his home. For several days it was thought he would die and it was not until some time later that he was able to tell what happened.

Defense witnesses on the stand this morning attempted to prove Hoffee was in another part of the county at the time the crime was committed. The case is expected to go to the jury late today.

## TWO MORE STOLEN AUTOS ARE FOUND IN THIS VICINITY

The sheriff's department of Kankakee county, working in conjunction with state highway police of this district, recovered "two" more stolen cars yesterday which are alleged to have been sold to innocent parties through an automobile theft ring which had its headquarters in the county—the garage of Elmer "Bud" Lawrence at Manteno.

The two cars seized yesterday makes a total of ten which have been recovered in the past six days and 32 since Sheriff Albert Gooch-knecht went into office. A large number of these cars are alleged to have been sold through the Lawrence agency. Lawrence will be prosecuted by federal authorities under the Dyer act as being an accessory in the sale of the stolen cars.

One of the cars recovered yesterday was a Pontiac. It was found at Manteno and is said to have been sold to a man named Barnes by another man named Jake Brandt who is being sought. It was stolen July 26, 1928, from Leonard Anderson of Chicago.

The other car was recovered yesterday by Officer William Viergeg and was in the possession of a man named Kraft at Gilman who claims that he purchased it from Lawrence. The car, owned by M. H. Green of Calumet City, was stolen Aug. 15, 1930.

"RADIO" RIFLE  
IS ON DISPLAY  
AT BROWN STORE

The first appearance in Kankakee of a "radio rifle," a new invention which directs a ray of light instead of a bullet, will be a feature of the special sale now in progress at the William B. Brown general merchandise store, 479 North Harrison avenue. The new "rifle" will be at the store beginning Monday evening.

The instrument is being used at the store for target practice and all visitors may have the opportunity of trying their skill. Since it shoots a ray of light, scientists claim that it is the only rifle in existence that is 100 per cent accurate as a ray of light is not subject to gravity and other outside influences as is a bullet.

It is claimed that this is the only rifle of its kind in Illinois with the exception of one used at a large Chicago hotel. Theo. B. Prescott, manager of the special sale, is bringing the rifle to Kankakee for this occasion.

CHICKENS ARE

Some unknown person engaged in a trade of chickens last night, but the other party in the deal knew nothing of it while the trade was going on.

Mrs. Josephine Fousle, 344 North Chicago avenue, reported the matter to Desk Sergeant John Hopper at police headquarters at about 11:30 last night, stating that someone broke the lock on the chicken coop at the Fousle home and took five chickens, four hens and one rooster. A sack containing four chickens, one of them dead, was left in their place.

## Jenearys Are Arrested In Missouri

After being arrested, Jeneary and his wife jumped the \$1,500 bond which was given in their behalf by William Rieck of this city.

## JENSEN WAS SPEAKER AT AIR MEETING

ATTORNEY ANKER JENSEN  
ATTENDS AVIATION  
CONFERENCE

HELD AT CHICAGO

Gives Outline Of Development Of  
Aviation In Kankakee And  
The Airport Here

Anders C. Jensen, local attorney, who attended the first meeting of the aviation committee of the Illinois State Chamber of Commerce in Chicago yesterday at the Sherman hotel, and who was one of the speakers on the program to discuss a program to further the development of aviation in Illinois, reports that an exceedingly interesting meeting was held and that many things for the good of aviation in Illinois will be developed, and many activities in the interest of developing aviation in Illinois will be engaged in.

Major Reed G. Landis, former World War ace, and a prominent figure in aviation circles, and who was one of the principal speakers at the Chamber of Commerce last October, presided at this meeting in Chicago. Col. Paul Anderson, who is called the "daddy of aviation," an aviator who started the "airmail system" some years ago, was present and contributed a number of worthwhile ideas to the meeting.

Mr. Jensen, in his address to the meeting, gave an outline of aviation activities Kankakee has engaged in during the past few years, gave information about the Kankakee airport, and the facilities available there, and also gave an outline of a big aviation meeting that the Aviation Committee of the Kankakee Chamber of Commerce is planning to sponsor some time during the latter part of February. This meeting will be sponsored, he stated, in the interest of aviation in Kankakee, and a promise has been received from "Jimmy" Doolittle, one of America's foremost prominent pilots who has achieved many records during the past few years, to be in Kankakee on this occasion, and also Colonel Harry P. Bies from the Bureau of Aeronautics of the United States Department of Commerce and Major Reed G. Landis and Major Merrick of Chicago. Interest in aviation during 1931 in Kankakee, Mr. Jensen told the committee, will be greatly stimulated as a result of this meeting.

Mr. Jensen, in his address, then outlined in a most interesting manner his ideas as to number of plans that should be engaged in by the State Chamber to promote aviation throughout the whole state of Illinois. There are numerous activities that must be engaged in to further develop aviation in our state, he stated, such as adequate aviation legislation by the state governing bodies, that more aircraft manufacturing concerns should be attracted to Illinois by the State Chamber through some specific activities, etc.

Mr. Jensen's address was one of the most interesting presentations at the conference.

Thirteen Illinois cities were represented at this conference, and everyone present presented information which brought out the facts that there is considerable more interest in aviation than the average person can realize.

At the conclusion of the meeting subcommittees as follows were appointed: airports committee; aviation legislation and law enforcement committee; aircraft manufacturing committee; airway and air marking committee; and information committee and speakers' committee.

Mr. Jensen was appointed a member of the aviation legislation and law enforcement committee.

The two youths are to be given a hearing before Judge Fitzgerald in the police court this evening at 9:00 o'clock. Several witnesses who were in the balcony—watched the youths throw the bulbs are expected to appear against them.

Wakat has been in the custody of the police department on several occasions, sometimes for minor offenses and sometimes on more serious charges.

Wakat is blamed for a near-panic at the Majestic theatre in Kankakee last night during the last show. About 11:00 o'clock, patrons of the theatre who were watching the picture from the main floor suddenly were frightened by the loud pop of breaking light globes about them. Some of these people were so frightened that they began to crowd into the aisles and hurry from the theatre.

It is claimed that Wakat and another youth were on the balcony floor and that they had torn light fixtures, placed at the side of the theatre seats to illuminate the entrance of the aisles, from their positions. They then unscrewed the light bulbs from these fixtures and started to throw the bulbs down upon the heads of the people below. Three of these fixtures were torn away.

Wakat was arrested by James Clifford, police officer, and booked at police headquarters on a charge of malicious mischief. This morning, at the request of Gilbert C. Brown, manager of the theatre, a warrant was issued by Judge L. Fitzgerald for the arrest of Joe Nenis, Wakat's alleged accomplice in the misdemeanor.

## JOURNALISM CLASS HEARS LECTURE BY FRED KAMP THURS.

Fred Kamp, advertising manager of The Kankakee Daily Republican, gave his annual talk before the Quill and Scroll club of the High school journalism class yesterday afternoon.

Mr. Kamp explained the opportunities presented students in journalism classes and the practical applications of their class room work. He also explained the mechanical branches of newspaper work.

Valuable promotional methods to be employed in the High school's paper were suggested by Mr. Kamp who also answered questions put to him by the students.

Chicago, Jan. 23.—(AP)—Edward R. Litzinger took the first step today in his threatened prosecution of Mrs. Myrtle Tanner Blackledge, internal revenue collector, for the part he says she had in the \$50,000 "faro game" swindle.

Litzinger wrote his version of the \$50,000 loan and its disappearance to the state's attorney in Chicago and in Springfield, Ill., where the money disappeared. Mrs. Blackledge said she lost the money playing faro in a Springfield hotel room, but Litzinger charged that it was forcibly taken from his nephew by associates of Mrs. Blackledge.

"I am putting it up to the state's attorney of each county," said Litzinger, Chicago politician, "to see if there is not ground for criminal action against Mrs. Blackledge. I still believe she had a hand in the swindle."

Mrs. Blackledge said such charges were untrue. She remained in seclusion today and it was believed she was being questioned by federal investigators, headed by A. F. Madden, chief of the intelligence unit of the internal revenue department who was delegated to investigate her affairs. Although the internal revenue collector denied herself to all newspapermen, it was reported that she was on the verge of collapse and under the care of a physician.

The possibility that Jules "Ricky" Arnshein, New York confidence man, was one of the three card sharps who got away with the money from a game with police found that his description corresponded in some ways with that of one of the card players. He was also reported to have been seen in Chicago late in 1929.

Chicago, Jan. 23.—(AP)—The police investigation of the swindle in which Mrs. Myrtle Tanner Blackledge, Federal Revenue official, said she lost \$50,000 loaned her by Edward R. Litzinger, wealthy member of the Cook County Board of Supervisors, was concentrated today on an effort to find Jules "Ricky" Arnshein, New York confidence man suspected of having been the author of the plot.

Both Police and Federal Agents were seeking Arnshein as one of the three men who vanished with the \$50,000 which Litzinger lent to Mrs. Blackledge. Arnshein

### TWO WESTERNERS ARE INDICTED ON PERJURY CHARGES

Lincoln, Neb., Jan. 23.—(AP)—Victor Seymour, former manager of the western headquarters of the Republican national senatorial campaign committee at Denver, today was charged with perjury in an indictment returned here by a federal grand jury.

George W. Norris, Broken Bow, Neb., grocer who attempted to oppose United States Senator Charles W. McNary in the Republican primary in his race for re-election last year, also was indicted on a perjury charge.

The indictments resulted from testimony given by the two men before the United States senate campaign fund investigating committee here last fall.

The indictment against Seymour contained eight counts and that against Norris two. Seymour told the committee headed by Senator Gerald P. Nye last summer that he had not taken an active interest in the Nebraska senatorial campaign, and that he had no knowledge of the grocer's filing as a primary campaign opponent of Senator Norris, until a story appeared in newspapers.

Later the committee was told by Esther Marie Allen, who formerly was employed in Seymour's Lincoln office, that he had conducted a "straw vote" in Nebraska to ascertain the most popular man to oppose the senatorial campaign, and that a political statement released by Grover Norris at the time of his filing as a candidate for the senatorial nomination was typed in Seymour's office.

### Y. W. C. A.

Friends and patrons of the Y. W. C. A. are looking forward to its annual meeting which is to be held next Sunday afternoon, January 25, at 3:30 at the First Baptist church. All persons who are interested in the welfare of their daughters and of the young women of the community should plan to attend this meeting and hear the reports of the various committees.

At the close of the meeting, a group of young women will present a pageant play, "The Treasure Chest." Mrs. Ralph Francis is directing this pageant.

Mrs. R. E. Allison, president of the Y. W. C. A., will have charge of the meeting.

It has been said that many mothers have made the statement that if their daughters were at the Y. W. C. A. they were in a safe environment. The association is glad indeed that such statements can be made, but every mother should make an effort to come to the meetings and hear about the various activities in which the young women of the community are interested.

The first and perhaps the strongest force which plays upon every girl born into the world, is her family. She is born into a group already established, with its customs, traditions and ideals clearly defined. Her whole approach to life is determined largely by her relationship in this family group during the first years of her life. Next comes the school group and the social group.

### NO ACTION ANTICIPATED AT THIS SESSION OVER WICKERSHAM REPORT

Washington, Jan. 23.—(AP)—The latest legislative developments on prohibition today strengthened the view that little or no action will result from the session of Congress at the Wickersham report. In the meantime, the prohibition department's supply bill. The prohibition force showed slightly greater strength than before but every effort to curtail activities of the dry agents was turned back. Likewise in the senate an effort by Senator Tydings, Democrat, Maryland, to strike from a deficiency bill funds for immediate expansion of the dry force was defeated. Not even a record vote was required.

Representative Beck said in his statement he believed the president's declaration was particularly unfortunate because, he held, a Democratic presidential victory would be "an irreparable calamity to the nation."

"That he should now, quite unnecessarily, reaffirm that declaration (belief in the eighteenth amendment), said Beck, "is a disabie attitude toward the substitute hearing to me, not only as a citizen who is earnestly striving to end the reign of corruption, hypocrisy and oppression, but as one who did his best to secure the nomination and election of President Hoover and would like to see him serve a second term under more favorable conditions."

Another expression on the prohibition message was that of the senate's Republican leader, Watson of Indiana, who did not go into further prospects. He merely said: "I interpret his message as dry."

Senator Watson, by an objection yesterday kept the Tydings resolution for an investigation of the prohibition department's prohibition amendment on expenditures during 1929 has been turned in to the house clerk, showing it drew \$83,800 collected \$111,381 and borrowed \$112,000 during the twelve months study continued to warm a shelf.

The leaders in the house expected today to pass and send to the senate the appropriation bill containing next year's enforcement fund. The most controversial half of the measure, which covers four government departments, has been approved and although an effort was anticipated to refer the whole bill back to committee to take out

The variety went through a light workout yesterday in preparation for the game tonight with the strong Illinois Normal quintet. The reserves did most of the work. The Normal five have been undefeated in all of their conference games so far this season. The Saints, who are undefeated in the last two games with Wheaton and Elmhurst, have shown marked improvement in the number of polka-dots in free throws. Many of the close games have been decided by free throws. Their importance has been stressed in the last few weeks of practice.

The regular five is in good shape for tonight's game and plenty reserve material is available. The Normal comes here tonight with an impressive array of stars. They have eleven letter men from last year's team, all excellent players and well versed in the fundamentals of the game. In Cook and forwards, with plenty of scoring ability. Cook is one of the cleverest players in the state and will give the Victorians a busy evening. He is a left handed artist and hits the ball with a surprising regularity. Arroma Park Grade TEAM IS VICTOR

**CHIEF Foe OF ATHLETICS**  
The variety went through a light workout yesterday in preparation for the game tonight with the strong Illinois Normal quintet. The reserves did most of the work. The Normal five have been undefeated in all of their conference games so far this season. The Saints, who are undefeated in the last two games with Wheaton and Elmhurst, have shown marked improvement in the number of polka-dots in free throws. Many of the close games have been decided by free throws. Their importance has been stressed in the last few weeks of practice.

The regular five is in good shape for tonight's game and plenty reserve material is available. The Normal comes here tonight with an impressive array of stars. They have eleven letter men from last year's team, all excellent players and well versed in the fundamentals of the game. In Cook and forwards, with plenty of scoring ability. Cook is one of the cleverest players in the state and will give the Victorians a busy evening. He is a left handed artist and hits the ball with a surprising regularity. Moore is a left handed artist and hits the ball with a surprising regularity.

So far as the game itself goes, the appearance of two champions like \$5,000 to \$10,000 fans will see tonight's battles with gate receipts approximately \$50,000 to \$75,000.

### PRIME MINISTER

### OF CANADA WILL

### VISIT THE STATES

Washington, Jan. 23.—(AP)—Prime Minister Bennett of Canada is considering a visit to Washington to consider the immediate future, at which time he would confer with President Hoover.

The State department and Canadian officials declined today to make any statement regarding the unbroken plan of conversations which have been taking place between the two governments. It was certain, however, that the prime minister hoped to be able to visit Washington before the opening of the Canadian parliament next month.

One report was that he would arrive in Washington within a week, but this could not be substantiated. It was said authoritatively that the matter of greater international importance had caused the time minister to consider a visit to the American capital. He would then return to Ottawa.

### Class Piano Demonstration

Yesterday afternoon at the Cable Piano store, Mrs. Florence Bente presented an interesting demonstration of the Curtis class piano method.

A group of fourteen alert youngsters demonstrated to their parents what is accomplished in twelve lessons in class piano.

Four pupils played at once, two at a Piano playing together and with a remarkably good tone for beginners. They were able to transpose their numbers into several other keys and demonstrated some unusually fine original compositions.

After the demonstration, Miss Bente teaches first of all the lesson of absolute concentration, then of ensemble, and finally, the facility of solo and further, the facility of cheating in the playing. For no child could cheat when playing ensemble, emphasizing has to be right.

At the close of the program, Betty

Richards and Lucile Hewitt, advanced pupils of the piano, played four selections, shading beautifully and playing with a fine technique. The children were then in the demonstration part of the demonstration.

Blaine Burton, Danny Howell, Ernest Hudson, Harold Hamlen, Mrs. J. William Smith, Mr. Smith, Eleanor Ransen, Doris Scott, Dorcas Swanson, Rita Poole, William Hanson, William H. and Terry Riley.

On Saturday afternoon, a class composed of younger children will give a similar demonstration. Those appearing on Saturday will be: Frances Stattenburg, William Little, Billy Dean, Jack LeCours, Mary Lower, Rita Menzies, Precilla Streeter, Harry V. Francis Kruse, Constance R. and Darline Christman.

Mrs. and Mrs. Glenn Ruel of Kempton were Enkabe yesterday.

## ANNA PAVLOVA DIES IN "EXILE" FROM NATIVE LAND

The Hague, Jan. 23.—(AP)—Death today stifled forever the dainty figure of Anna Pavlova, whose dancing stirred millions. She would have been 46 years old January 31. Pleurisy and influenza, contracted early this week after she had been held for hours by a railroad accident in a waiting train at Dijon, France, rang down the curtain upon her life.

With her at the end were her husband and accompanist, Victor D'Amico, two Dutch physicians, and her own Russian doctor, Professor Valerius, who yesterday resorted to a pulmonary operation in a vain attempt to save her life.

Death interrupted her plans to interpret for occidentals what she had found of grace and beauty in a recent visit to Japan, China, and Asiatic countries. Upon completion of this project she intended to retire, fulfilling a promise that she would leave the stage while in the prime of life.

Denounced by the Bolsheviks as the "Darling of Aristocrats," she died in virtual exile from the Russia in which she was born, began her ballet lessons at the age of ten, and achieved her first success. In recent years Communist influences had led even to rejection of annual contributions of \$500 to other Russian dancers.

She maintained a home in England, and at Ivy House, Hampstead, where she kept seven swans, her affection for which presumably was inspired by the swan dance for which she was best known.

London, Jan. 23.—(AP)—Anna Pavlova, who died this morning at The Hague, will be buried in London.

She maintained her home, Ivy House, in north London for the last fifteen years.

## IMMANUEL BAPTIST SERVICES SUNDAY

A varied gospel service on Sunday evening at the Immanuel Baptist church. "What Does Jesus Christ Mean to Men and Women Today?" will be the main topic. It was the great apostle Paul who, centuries ago, made the stirring statement: "I can do all things through Christ which strengthens me." Is Christ the same today? Our discussion will center around these topics:

1. What has Christ meant to me all these years? My personal experiences as one of His followers.
2. What does Christ mean to our mothers today? Problems which are confronting them.
3. What does Christ mean to our young men today?
4. What does Christ mean to our young girls today?

Every one is cordially invited to come. The pastor's sermon theme for Sunday morning will be, "Human Kindness; When Religion is Expressed in Deeds."

## BRIGHTER PROSPECT FOR HOOVER PLANS

Washington, Jan. 23.—(AP)—A cheerier prospect greeted today President Hoover's plans for unemployment and drought relief.

In a burst of speed, the senate passed yesterday a deficiency appropriation bill which will make \$125,000,000 available immediately, much of it useful in furnishing employment and in aiding drought sufferers. The bill had to go back to the house for consideration of amendments, among them a \$3,000,000 fund for medical supplies to be sent into the drought areas.

For the time being at least, the \$25,000,000 fund proposed by the senate as an appropriation to the Red Cross for feeding hungry persons all over the country, was shelved. In the house a plan to hold hearings on the proposal was seen as a means of giving the Red Cross time to wind up its drive for \$10,000,000 in popular subscriptions. This has been delayed, the relief organization official maintains, by the shadow of the congressional proposal.

Whether the senate, which after passing two appropriation bills in as many days, devoted itself today to the agriculture department supply measure, would continue its speed in the face of any long house delay in considering the food fund, was uncertain. But at present the jam which has held up legislation in the senate appeared to be breaking.

The agriculture bill carries a substantial fund for immediate road work as well as the routine funds for its numerous activities.

The agriculture bill carries a sub-will, in the view of Chairman Jones of the senate appropriations committee, furnish employment for more than 20,000 workers.

Although slowly, the Red Cross was going ahead in its fund raising. Yesterday the \$1,000,000 mark was passed. Meanwhile, a survey by a group reporting to the President's emergency committee for employment, said \$1,221,200,000 of construction all over the country was up to the stage of contract letting and final drafting, while another \$1,831,800,000 was in preliminary stages. This included federal and state building, hospital, churches and municipal construction. Some highway work also was included.

## LEADERS OF NATION SPEAK OVER THE RADIO

New York, Jan. 23.—(AP)—A Red Cross plea for \$10,000,000 to aid drought sufferers in 21 states—led by President Hoover in a remarkable coast-to-coast radio broadcast last night—lay on the heart of the Nation today.

On a program picked up from four widely separated cities, former President Calvin Coolidge and Alfred E. Smith, Democratic candidate for president in 1928, supplemented Mr. Hoover in urging that "in the face of calamity let us unite in a common effort to drive suffering and want from our country."

Judge John Barton Payne, chairman of the Red Cross; Mrs. August Belmont, Mary Pickford and Will Rogers emphasized the need for speedy relief.

"Disaster to any section of the country should be the concern of us all," Mr. Smith said.

President Hoover and Mr. Payne spoke from Washington, Mr. Coolidge from his home at Northampton, Mass., Mr. Smith, Mrs. Belmont and Miss Pickford from New York, and Will Rogers from Little Rock, Ark., a stop-over point on his airplane tour of the south in quest of funds. The addresses were transmitted by the National Broadcasting company over WEAF and WJZ.

The President said:

"It is unthinkable that any of our people should be allowed to suffer from hunger or want. The heart of the Nation will not permit it. It is to the heart of the Nation that I am appealing tonight. I urge all of my countrymen to contribute promptly and in accordance with their means. It is not only a call to citizenship and to generosity in time of trial, but it is a call for protection to our greatest institution of charity and above all on behalf of those in need."

## "YELLOW KID" WEIL FACING OTHER CHARGES

Rockford, Ill., Jan. 23.—(AP)—The "Yellow Kid," Joseph Weil, faced two hurdles on the path to freedom from the county jail today, both of them charges of operating confidence games, at which he has become notorious.

Harry Maule, a Racine, Wis., contractor, had Weil and a companion, Fred Buckminster, arrested in Chicago Wednesday on a charge of fleecing him of \$6,500. They denied the charge.

Another complainant, Edward R. Gilsdorf, 68, arranged to view Weil today in hope of verifying his opinion, formed from newspaper and detective bureau photographs, that Weil was one of three men who took \$150,000 from him last spring in Reno, Nev.

Gilsdorf told police a man, whom he believed was Weil, scraped an acquaintance with him in a Hot Springs, Ark., hotel, introduced him to a "former judge" who was about to "lose his position" as handicapper with a racing association for giving tips to his friends, and was persuaded to bet on horse races.

He said he won \$150,000 with funds advanced by the first man but the "bookie" refused to pay until he showed cash to that amount as evidence of good faith. He returned to Chicago and sold mortgages and bonds, he said, but the three stalled him off during a trip to Reno and then relieved him of the money during a night visit to a mountain cabin.

## HE HAD AN ALIBI BUT WAS FINED

Evanston, Ill., Jan. 23.—(AP)—To Frank A. Williams of Chicago goes the all-time championship in the alibi division of motor speeding, according to Magistrate Harry H. Porter.

"Well, Judge," said Williams when he was arraigned on a charge of going through a stop light at 43 miles an hour, "my wife and I were quarreling and as we approached

## THE ODD JOBS MAN

the corner she deliberately jabbed me in the leg with her hat pin." Magistrate Porter smiled. Then he said:

"You're fined \$10 and costs, but the best alibi I have ever heard. However, nobody can believe a story like that."

## MUCH SOUGHT GANGSTER IS CAUGHT; DETROIT

Detroit, Jan. 23.—(AP)—Frank Cammarata, gangster named last August by Thomas C. Wilcox, then police commissioner, as one of the men responsible for the killing of Jerry Buckley, radio orator, was arrested early today in a residence on Eastlawn avenue.

Cammarata and Charles Riello, described as a member of the once notorious "Locavoli-Moore" river gang, were held on charges of robbery armed, and Cammarata's wife, was detained as a police witness.

Inspector John A. Hoffman of the black hand squad said that Cammarata has been sought for months for questioning by the special grand jury in connection with the killings of Buckley, but that in addition there are at least two other crimes for which he is wanted, one being the \$2,275 robbery of a Branch bank in 1925.

While the latter case was pending Cammarata and Thomas (Yonny) Locavoli, also mentioned in connection with the Buckley case, were arrested in Windsor, Ont., and charged with illegal possession of firearms.

Buckley figured in the case to a more or less extent as counsel for the men, although he did not practice in Canada. Police have been told that a considerable sum of money was raised to procure a new trial for the pair and that Buckley was assigned the task of handling it. Buckley was killed shortly after the men were released from prison, and the story of their misadventure in Canada was one of the first explanations offered for the killing of Buckley.

## RUDY VALLEE SHOWED WITH SOME GRAPEFRUIT

Boston, Jan. 23.—(AP)—Rudy Vallee, crooning radio entertainer, was greeted with two over-ripe grapefruits during a performance at the Metropolitan theatre last night.

It was the final performance of the opening day of a week's engagement and Rudy was in the midst of one of his characteristic melodies. Without warning, the fruit came hurtling down from the balcony. Neither of the grapefruit struck Vallee but one did strike the drummer's cymbals and the other splattered over the stage props.

The audience gasped, but Rudy kept right on crooning. When he had finished the song he stepped to the front of the stage and addressed the audience in a mild but decided

tone. He took the hecklers to task for their discourtesy and added that there might be some in the audience who enjoyed hearing him. He said those who disliked his singing were not compelled to stay.

Three young men, whose names were withheld, were taken into custody by ushers and turned over to the police.

The show went on and the young men went to police station 4, where a desk sergeant "read the riot act" to them. Vallee and the theatre management declined to press charges and they were released.

## RESORT OPERATOR AND AN EMPLOYEE GUILTY OF MURDER

Peoria, Ill., Jan. 23.—(AP)—"Diamond Lil" Guyette, 39, negro resort operator, and Jontie Yelm, 50, former employee at the resort, were convicted by a jury in felony court early today of murder in connection with the slaying of Joseph Fisher Markey of Peoria during an argument at the resort last September 26. The jury set the penalty at 14 years in prison for each.

Markey was shot six times after he had entered the resort to intercede for a friend whom he said had lost his watch in another Peoria resort. "Diamond Lil" was accused of firing five of the shots and Yelm the other. They pleaded their defense, testifying that Markey had started to attack them with a knife.

Testimony also was given by political figures that Mayor Ed N. Woodruff had allowed the Guyette resort, known as the Oasis, to operate with his knowledge and consent.

The jury deliberated 11 hours in reaching a verdict.

## INNOCENT VICTIMS OF CIRCUMSTANCES SAYS MRS. W. M. HUCK

Louisville, Ky., Jan. 23.—(AP)—Mrs. Winifred Mason Huck, former Illinois congresswoman who came here to direct the defense of her son, Donald, 24, and his friend, Gordon C. Keath, 23, both of Chicago, held on accessory to murder charges in the slaying of Miss Mildred Meyer, 24, said today "the boys are the innocent victims of circumstances."

Mrs. Huck said Keath's mother, Mrs. Lina Keath, would come to Louisville Monday. She said both

of them will stay here until the cases are tried.

George W. (Newt) McCasland, 42, Jeffersonville, Ind., former prize fighter and restaurateur, is alleged by police to have shot Miss Meyer in a jealous fit at an apartment house where he and Keath were staying. McCasland is held without bond on a charge of murder.

McCasland denied the shooting. He said that Miss Meyer, who lived near New Albany, Ind., went to the apartment of Huck and Keath to get some wine. He claimed one of the Chicago men fired the shot.

Mrs. Huck said her son and Keath bore excellent reputations at the high school from which they were graduated and at Lake Forest college which they attended. Huck and Keath were at liberty under bonds of \$3,000 and \$1,000, respectively.

Police said Keath is the son of an official of a Chicago candy machine concern which the youths represented in southern Indiana and Kentucky.

## We Started Something

When we announced a Reduced Price on Bread . . . the whole town is now eating Majestic Bread . . . because it costs less and is better than most bread . . . If you are one of the few people who are not regular patrons at this Bakery for Majestic Bread, you are one of the few people who are missing the best thing life offers—

A MOST DELICIOUS, APPETIZING LOAF OF BREAD.
