Michael O'Connor, 916 East Merchant street, age 96, died at 2 o'clock this morning at the home of Daniel Sheehan in Irwin. Although he was within four years of being a centenarian, Mr. O'Connor had been in good health until about ten days ago when he began to succumb to the infirmities of old age.

Funeral services will be held at 10 o'clock Monday morning in St. Patrick's church, this city. Burial will be in St. Mary and St. Joseph cemetery at Chesham.

Mr. O'Connor was born in Ireland during July of 1834 and would have been 97 years of age next July. Sixty-seven years ago he came to America and settled at Utica, Ill., where he resided for seven years and then moved to Kankakee county where he has lived for the past sixty years. He was married Oct. 16, 1868, to Catherine Costello at Ottawa, Ill.

The report of C. H. Mead, probation officer, was filed with Judge DeSelm today and showed that both men were first offenders. Neither were armed at the time of the theft, although a report had been circulated that they had fired upon a deputy sheriff who pursued them about the city in his car.

**GEN. BUTLER
PREPARES TO
DEFEND SELF****ASKS RETIRED MAJ. LEONARD
TO ACT AS HIS COUNSEL
IN COURT MARTIAL****THE COURT MAKE-UP****Not Less Than 5 Nor More Than
13 Officers Of Higher
Rank**

Washington, Jan. 30.—(AP)—Congress heard its first reverberations from the court martial ordered for Major General Smedley D. Butler today while preparations for his prosecution and defense went ahead. Premier Mussolini cabled the Italian ambassador here, saying he considered the incident closed and had "already forgotten."

The court martial was ordered because of derogatory remarks about the Italian leader repeated by Butler in a Philadelphia speech as having been told him by an unnamed friend. An apology to Mussolini was made and it was said in his cablegram he had felt assured of such "just and prompt redress."

Friends of Butler, meanwhile consulted over his defense. The expectation that his counsel would be headed by John W. Davis, former Democratic presidential nominee, was expressed by them later.

In the senate, Heflin of Alabama, said he was "getting tired of this low-towing to the monarchs of the old world."

"Why should an American general bow down and crawl in the dust to the most red handed tyrant on earth—Mussolini—the monarch of the old world?" he asked.

He demanded that before Butler is disciplined an investigation should be made into the truth of the statement that Mussolini ran down a child and did not stop.

"It sounds exactly like Mussolini," Heflin said.

"I stood here three years ago and related stories of Italian Masons being murdered at the instance of Mussolini. There were 137 of them in one night, if I remember correctly."

"They were followed to the lodges and butchered and their bodies thrown out of the windows. The grand master of the Masons in Illinois was sent to prison by Mussolini and put in a dark dungeon and kept there until his eye sight failed."

Heflin said the reason the people in Italy have not risen against Mussolini is because they haven't any arms.

He had read where Anthony Compagni, of New York, had been made an Italian count by the king of Italy and protested against this, demanding early action on his bill to prohibit the conferring of foreign titles on American citizens.

Washington, Jan. 30.—(AP)—Preparations for Major General Smedley D. Butler's court martial went ahead today at the navy department.

The peppy officer, under self-arrest at the Quantico, Va., marine post he commanded until yesterday, asked an old companion under shellfire to represent him—Major Henry Leonard, U. S. M. C. retired. A practicing lawyer here for years, Leonard immediately began studying the case.

Arrangements for counsel were discussed in the office of Major Leonard. With him were Lieut. Col. J. J. Meade, General Butler's chief of staff; Lieut. Col. P. F. Archer, quartermaster of the marine post at Quantico, and Brig. Gen. Randolph C. Berkeley, acting commandant of the post.

The four men were closeted together for nearly two hours, during which time it was reported that John W. Davis, Democratic presidential candidate in 1924, was reported mentioned a possible addition to the defense staff.

At the navy department, marine and naval officers were preparing a list of members for the court from among the high command of the

**SUIT OVER CAR
DECIDED TODAY
BY FITZGERALD**

Suit to recover a car which he recently sold to Paul Henrsey of Manteno and bought by Charles Reuben, Gilman automobile dealer, was heard yesterday in the city hall court and was decided today in favor of the defendant Henrsey by Judge Bert L. Fitzgerald.

Reuben claimed that he sold a car to Henrsey, making the deal through Elmer Lawrence, Manteno car dealer who is now under bond on a charge of having stolen cars in his possession. Reuben claimed that Henrsey closed the deal after preliminary dickerings by Lawrence and afterward brought the car to his garage for service.

Reuben further claimed that Henrsey traded in a Ford car on the deal and that he later found that the car was stolen property and that the car is now in the hands of federal agents. He asked that the car which he sold to Henrsey be returned to him on the grounds that the sale was completed through a fraud.

Henrsey, who was represented by Attorney G. D. Henry, claimed that the entire deal with Reuben was made through Lawrence and that he later secured the car from Lawrence. He alleged that he had no part in the dealings between Lawrence and Reuben.

**REQUEST PUBLIC
TO TUNE IN FOR
RELIEF MESSAGE**

The board of directors of the Kankakee county Chapter, American Red Cross, received the following special publication from the midwestern headquarters at St. Louis this morning and wish to urge Kankakee county citizens to tune in on the two radio broadcasts mentioned, in order to more fully realize the assistance required by the National Red Cross organization in its present campaign for ten million dollars to give aid to the drought stricken area of twenty-one states.

Gen. John J. Pershing will contribute the weight of his personal plea for generous contributions to the relief fund between 7:15 and 7:30 p. m. central standard time over the Columbia Broadcasting system this Friday, January 30th.

Will Rogers, who is cooperating so notably with the Red Cross in the present campaign, will again broadcast Saturday, beginning at 9 o'clock central standard time, from Waco, Texas. This will also be carried by the Columbia chain of sixty stations throughout the country. Mr. Rogers will be accompanied on the program by several actual drought sufferers from "some-where in the area of distress," who will tell the public directly what conditions are, and their reactions to Red Cross assistance.

It is urged that chapters give full publicity to these broadcasts, which constitute an excellent follow-up on the notable program last Thursday night.

Lawrence H. Rupp, grand exalted ruler of the Order of Elks, Allen town, Pa., has wired: "The Order of Elks with its 1500 lodges in America and its membership of 800,000 has always interested itself in all humanitarian movements. I am sending out a letter to all lodges of the order asking them to support the Red Cross drive to the utmost of their ability. Knowing the history of our order as I do and its long and splendid record of charity and benevolence, I am certain of my assurance to you that we will do everything in our power to assist the Red Cross in the great drive in which it is now engaged."

**THREE MEN
TO BE TRIED
IN CHICAGO****WERE ARRESTED HERE ON
SUSPICION; HAD A
STOLEN CAR****MORE EVIDENCE****One Of Them Used An Altorf
Garage As A Depot For
Altering Stolen Autos**

Officers of the Chicago police department were expected here this afternoon for the purpose of taking three Chicago youths, arrested here last Saturday afternoon by Chief of Police John Stack and his men on suspicion, back to the city to face a charge of car theft.

The youths are: Thomas Kilarski, 20; Stanley Kuzmenka, 18, and Andrew Mandelowski, 20. A Ford coupe and a Chevrolet was found in their possession. After considerable search, the officers found the secret number of the Ford on the frame and learned that the serial number of the car had been changed. It was also learned that this car was stolen in Chicago several weeks ago.

This morning Chief John Stack swore out warrants against the three youths before Judge Bert L. Fitzgerald. This was done because relatives of the three men, who have come to visit them, have boasted that they escape trial in Chicago. It is the intention of Chief Stack to bring them back to Kankakee and prosecute them on charges of having a car with altered numbers in their possession.

Chief John Stack was informed today that Kilarski has used a garage at Altorf as a depot for the altering of stolen cars which, it is claimed, he later disposed of.

It was also learned that Kilarski sold a car to "Red" Snyder, an intermittent visitor in Kankakee and supposed to be a dealer in liquor. This car, it is claimed, is a "hot" one and Snyder is now under arrest at Dubuque, Iowa, on a charge of having this car in his possession.

Relatives of the three youths have been several times during the past few days to visit the prisoners. Yesterday, Kilarski's sister and Mandelowski's younger brother came to visit them. They were told to await the coming of Chief Stack, who was out on a call at that time. After a time Mandelowski's brother went out and a few minutes later Officer Gene LaFontaine found him trying to talk to his brother through the window of the cell room at the rear of the city hall.

Naturally, the youngsters came in for a severe lecturing from both Officer LaFontaine and Chief Stack and was informed in no uncertain terms that because he believed himself a "Chicago big shot" he could not come to Kankakee and take forbidden liberties in such a sneaking manner.

Kilarski claims to be 20 years of age and gave his occupation as a radio serviceman. Kuzmenka is 18 and claims to be a draftsman. Mandelowski, 18, claims to be a florist.

**MRS. PHELPS, 78,
DIES AT DWIGHT**

Dwight, Ill., Jan. 30.—(Special)—Mrs. Sarah Phelps, 78, died here this morning at 12:25 at the home of her daughter, Mrs. E. P. Duffy after an illness of several weeks of heart trouble. She suffered a paralytic stroke just before death occurred.

Mrs. Phelps had made her home with her daughter for the past 14 years. They moved to Dwight from Cary about 14 months ago.

She is survived by a son, Charles, of Huntsville, Alabama, and one grandson, Francis Duffy of Dwight. After short funeral services at Dwight, the body will be taken to Huntsville, Alabama for burial.

**MAYBE FARO PLAYER
CAN IDENTIFY HIM**

Chicago, Jan. 30.—(AP)—The Herald and Examiner said today that a description of Thomas Costigan, suspected of a \$141,000 swindle in California, was on their way here today for presentation to Mrs. Myrtle Tanner Blackledge. Authorities hope she may be able to identify him as one of the three men she said swindled her out of \$50,000 borrowed cash in Springfield, Ill., recently.

Costigan has been arrested in Boston on charges of duping Mr. and Mrs. John C. Callahan of Rochester, N. Y., out of \$141,000 through bets on horse races when they spent last winter in California. The Callahans said the swindler allowed them to win \$500,000 in paper profits before requiring them to put up cash as evidence of good faith—the system alleged to have been used in Mrs. Blackledge's case.

Mr. and Mrs. James Corcoran of Dwight are guests of their daughters, Mrs. and Mrs. John Stack, Mr. and Mrs. Ernest Doyle and Mr. and Mrs. Russell Baker, all of Kankakee.

Members of the Catholic Daughters of America will meet at 7:30 o'clock tonight in the Phillips and Friday funeral home to offer prayers for the repose of the soul of St. W. Spencer who died Wednesday evening at St. Mary's hospital.

Washington, Jan. 30.—(AP)—Notice was served today by Senator Robinson, of Arkansas, the Democratic leader, after a party conference, that the senate Democrats would insist upon their relief program to the limit of forcing an extra session of the new congress.

The Democrats outlined a six point relief program and Senator Robinson, in speaking for the party, said it represented "the minimum of emergency measures which in the opinion of their advocates are required by existing conditions in order to avoid the necessity for an extra session of the congress."

Robinson issued a statement setting forth the Democratic program. He gave formal notice that unless the \$25,000,000 relief appropriation for a satisfactory modification of it is passed the interior department's appropriation measure of which it is now a part will fail.

After detailing the program, Senator Robinson said: "This statement is made in order that it may be well understood that the provisions referred to, or acceptable substitutes therefor, represent the minimum of emergency measures which in the opinion of their advocates are required by existing conditions in order to avoid the necessity for an extra session of the congress."

"It is not intended to prevent the presentation of or insistence upon other measures."

The program follows: "\$25,000,000 for relief. \$15,000,000 for food loans. \$3,000,000 for medical supplies. Twenty million bushels of farm board wheat for the hungry; \$5,000,000 for organization of relief corporations; and reappropriation of \$2,500,000 for flood relief in southern states."

**NEW CAMPAIGN
TO ASSIST ST.
MARY'S OPENS****CHAMBER OF COMMERCE HAS
SUGGESTED PLAN TO
HELP HOSPITAL****BENEFIT INSURANCE****Suggest That Public-Spirited People
Make Hospital The Beneficiary
Of Life Insurance**

Recommendation No. 4 which had been made to the board of directors of the Chamber of Commerce by a special hospital committee appointed some weeks ago, the report of which committee appeared in full in the newspapers on January was to the effect that people who are interested in assisting St. Mary's hospital, people who have had particular care at the hospital in the past, and those who can afford to assist this worthy institution, should be solicited to take out insurance policies, either twenty-year endowments or straight life and make St. Mary's hospital the beneficiary.

A meeting of the insurance members was held yesterday afternoon at four o'clock at which time definite plans were made to proceed immediately in soliciting the public in this regard. It is felt there are many people in the territory served by St. Mary's hospital who can well afford to assist St. Mary's hospital to the extent of the amount of an annual premium for an insurance policy. It is hoped that a good response will be met by the men soliciting in behalf of the hospital. After the proper response is made to this present appeal and campaign, an organization in the East that is handling millions of dollars left in the will of a wealthy person some years ago, to be distributed only to further hospitalization where the demand for assistance is justifiable, it is promised that a good size donation will be made to St. Mary's hospital.

It must be remembered that practically every hospital institution in the country receives large endowments of some kind in order to keep them functioning properly and to expand as the need requires. Up to the present time our St. Mary's hospital has not been fortunate in receiving endowments, but with the present indebtedness on the institution and with the deficit accruing during the past operating year, it is very apparent that assistance must be given if St. Mary's hospital is to continue to serve Kankakee and the surrounding territory in the manner that we all expect it to function. The insurance firms cooperating in this movement at the present time in soliciting endowment insurance policies in behalf of St. Mary's hospital are: Albert Schneider and Sons, L. R. Spiermont and Son, O. F. Walker, Carl F. Zeiler, Madison-Deslaurier Insurance Agency, Leonard Lanoue, John Krueger, J. L. McElaine and Son, S. R. Milant and Co., J. O. Gilling Insurance Agency, Leonard Seedorf, George Cooley and Son.

To the Editor of The Daily Republican
Houston, Tex., Jan. 30.—Well, here we are in Houston, back at the Rice hotel where the last time I was here was at the Democratic convention. The bell boys tell us they still find old empires around from then. I have always said this was the coming town of the whole south. This is the town that dug an ocean. That's too bad about Smedley Butler, not really believe he meant it that way. Good thing for our public speakers that Russia hasn't got an ambassador here, or he would have half of America reprimanded.

MANY SCAMPER TO SAFETY AS FIRE SWEEPS BUILDING

New York, Jan. 30.—(AP)—Dancing couples leaped a six-story building on upper Broadway early today, driving more than 200 persons into the street, including 17 others and throwing the great white way into a turn.

Of the injured, two firemen were burned when the fourth floor collapsed, catapulting an entire floor below. Two newspaper photographers were dangerously hurt. A blood-pooler prematurely exploded, mangle the left hand of one and possibly blinding the other.

Most of the tenants, occupying 100 apartments on the upper five floors, hurried to safety via elevators, fire escapes and metal bridges leading to adjoining buildings. Others were helped to safety by firemen and fellow lodgers. The majority were artists and theatrical folk and many were elderly.

BOMBS AND BULLETS DON'T STOP CHICAGO FROM MOVING AHEAD

BY G. CORNWALL SPENCER
Chicago, Jan. 30.—(AP)—Bombs and bullets stop Chicago's name into the past decade. The last decade, but the city would have the world know, all the shooting was just a routine incident.

While gangsters slaughtered each other for territorial "rights," the city went about its business, increasing its commerce and industry and spending more than three million dollars since 1920 to modernize and beautify itself.

The "lowering skyscrapers" of the "lower" side of the city were dwarfed today by peaks of masonry and steel soaring 80 stories skyward. Scores of millions have been spent in the loop alone, but the former strange hold of the loop Chicago's business district has been broken.

The steel band of the downtown elevated railroad loop have risen the \$32,000,000 Merchants Mart, the world's largest building as to floor space; the Furniture Mart, the world's second largest building; the Stevens hotel, the largest hotel; the \$40,000,000 Union station, the Chicago stadium, seating 25,000 persons; the Palmolive building surrounded by the world's most powerful aerial beacon; the Tribune tower, the towering Chicago City Opera, and the Chicago Daily News building.

Amazing changes also have been wrought in the outlying districts. Dozens of skyscraper hotels and apartment towers above old homes, and building business districts have appeared where less than 20 years ago there was only swamp and prairie.

In 1931 Chicago celebrates its 100th birthday. In that century it has grown from a sand flat trading post to the fourth city in the world its motto is still "I will."

HEAD OF SHIPPING CO. IS THOUGHT A SUICIDE
Baltimore, Mr. Jan. 30.—(AP)—Thomas E. Cottman, prominent in the shipping industry, was president of the shipping company which bears his name, was found dead in the Baltimore home today. Police said he had committed suicide.

Mr. Cottman's body, with a bullet wound in the head, was found by a servant. No note or explanation for the act was found, it was said by police and a coroner. Member of his family and friends said they knew of nothing to cause him to take his life.

The shipping man was 59 years old and had been president of the Thomas E. Cottman company for many years.

Farmers Willing To Give Co-Operative Marketing A Trial; Convention Ends

Springfield, Ill., Jan. 30.—(AP)—Farmers here today gave up their 2,000 dirt farmers today, dedicating its willingness to give co-operative marketing a trial in the hope that some of their troubles may vanish.

Of the 2,000 farmers, the majority have so long characterized the Illinois Agricultural Association as a ladder company to the co-operative movement, that they were not surprised to find the association at its closing session today. Where co-operative was once a theory, it is now a fact. The federal farm board last night had congratulated the association on its change of view.

This reversal in economic thought headed the list of resolutions presented for adoption today, but along with it were others more of which were on legislation. The federal farm board last night had congratulated the association on its change of view.

The family personal income-tax clause, with progressive rates, reappeared in the resolutions as did a controversial apportionment resolution in one house of the legislature which was based on territory. This scheme differs from the plan recommended by Governor Emmerson only in the fact that it does not designate which "base" should be adopted in which house.

The association entered formal protest to President Hoover's appointment of Eugene Meyer, New York banker, as chairman of the federal reserve board, and asked that the state senators exert their power in the senate to prevent confirmation of the appointment. Meyer is a former chairman of the farm loan board.

The association voiced opposition to an increase in the state school funds to cities, towns and villages. It found favor, however, with using these funds to maintain and construct streets through the city. The association favors a tax on pain oil equal to the tax on any other oil. The Chicago's business district has asked higher tariff on tapoca and sage, importation of which from

MINING TOWN LENDS AID TO FAMILIES OF EXPLOSION VICTIMS

Linton, Ind., Jan. 30.—(AP)—Temporarily relief for those dependent on the 28 miners who lost their lives in the explosion-torn Little Betty shaft mine near here Wednesday, was supplied today, as plans went forward for permanent rehabilitation of the bereaved families.

Governor Harry G. Leslie visited the scene of the disaster yesterday, organized a local relief committee and made available \$10,000 from his emergency fund. The United Mine Workers of America forwarded a \$2,000 check and a Linton Coal company provided \$500.

The local committee planned a meeting with Red Cross workers today. Dr. E. V. Bull, mayor of Linton, estimated that \$35,000 will be needed.

The explosion which swept the west entry of the mine, trapping 38 men underground, made eighteen widows and 53 orphans. Nine of the miners survived.

Pineapples prepared in Hawaii for market last year filled 264,000,000 cans.

Accidents in British factories in the last year numbered nearly 150,000.

CONGRESS KEEPS BUSY DEBATING RELIEF PROPOSALS

Washington, Jan. 30.—(AP)—Relief proposals continued today to hold the center of the congressional stage.

While senate Democrats agreed upon a "no compromise" ultimatum to the administration on their relief measures, the house took up that debate on the \$25,000,000 Red Cross relief appropriation, which that organization has said won't administer it. A vote was scheduled today.

In the senate, consideration was resumed of the war department appropriation bill, to which yesterday it attached an amendment to make 20,000,000 bushels of farm product wheat available to any relief organization designated by President Hoover.

Secretary Mellon's stand against a government bond issue to provide cash payment of veterans' compensation certificates was supported by J. Herbert Case, chairman of the New York federal reserve bank.

Case told the house ways and means committee that the mere discussion of the possibility of a government bond issue for that purpose has weakened the general bond market.

On proposed restriction of oil imports, Secretary Wilbur, in a letter to the senate interstate commerce committee, endorsed the principle insofar as imports could be restricted proportionate to a curb on domestic production. At the same time, Ralph Arndt, oil engineer, testified in behalf of the Carper bill to restrict imports of crude petroleum to 10,000,000 barrels with imports of refined products barred.

Senator Harrison, Democrat, Massachusetts, served notice to the senate, however, that he would move to discharge the committee from consideration of oil tariff and to recommend proposed legislation to the finance committee.

Chairman of the senate interstate commerce committee, Herbert J. Harman, special commissioner of the Indian bureau, in the pending interior measure were referred today by John Collier, secretary of the American Indian defense society, to Harman with "improper conduct" in connection with Indian oil leases, and Harman denied this vigorously.

The house public lands committee approved the Arndt bill to establish a townsite at the Hoover dam to be known as Boulder City. The measure authorizes the leasing of land and the use of proceeds for public improvements in the new city.

A house bill extending until March 5, 1933, the provisions of a law regulating retirement for naval captains, commander and lieutenant commanders, was approved by the senate naval committee.

The senate refused to restate in the war department appropriation bill a house provision barring the use of the bill's funds for purchase of oleomargarine for army food.

REMARKS OF CHICAGO MAN CAUSE A STIR
Chicago, Jan. 30.—(AP)—Officials of the Chicago crime commission today refused to comment on charges made in Boston last night by Albert R. Bruner, chairman of the city's safety committee of Chicago, they said he had no connection with the crime commission in any way.

Bruner was quoted as stating that Al Capone, Chicago gang leader, had 6,000 city, state and federal officials on his payroll and that 80 per cent of the judges in Chicago are criminals. He also charged, according to the Boston Post, that the murderers of Alfred J. Lingie, Chicago Tribune reporter, were being "covered up" and could be found any day. Another statement attributed to him was that the men who shot down the "Bug" Moran group in the St. Valentine's day massacre were Chicago policemen.

Bruner first attracted attention in Chicago politics three years ago when he threatened to bomb his home and kidnap his daughter because he was supporting certain candidates for office. In 1929 he was arrested for the murder of Col. A. A. Sprague when Sprague's name appeared on a city safety commission report endorsing certain candidates. Sprague said he had not authorized Bruner to use his name. Later he was quoted as saying that he hoped to organize a filibuster in the city council to oust Mayor Thompson. After the plan was ridiculed by a number of aldermen he denied ever having made such a statement.

Chic Sale Talks On The Pretty New Sash

CHICAGO, January 30.—One of the bright spring

thoughts of a tailor's meet in Pittsburgh is a colored sash

idea. You see, when a man is givin' a

party for lots of folks he ties the pretty

sash around him and everybody

knows who is to blame.

The guests can shut their mouths

when he is around. He goes

swishin' off to another room they can

start in and criticize the food and

things. Everybody will have lots

of fun.

Then if a regular feller happens in

the sash will be useful. He will see

the host wearin' the pretty sash. Right

away he will grab up a piano stool and

put it over the host's head. Then somebody can take the

sash and tie up the host's head with it.

Pure Milk Association
Rich-Bloom Local

The January meeting of the Pure Milk association, Rich-Bloom local, was held on Wednesday, Jan. 28th, at the Matteson public school. Between 50 and 60 members of this local were in attendance. Messrs. Klett and Goodwyn of Joliet were present and gave some information on certain points not quite clear in the minds of some of the men. Mr. Klett is a director and Mr. Goodwyn a tester. The auditing committee, consisting of Mr. L. C. Lang, president, M. C. Meyer and Gust Meyer gave their report on the treasurer's books. Balance on hand is \$188.50. This report was accepted. The delegate, Mr. L. Marquardt, gave his report on the Joliet meeting at which about 800 people were present. Mr. Klett explained the workings of the Christmas donations which each farmer allowed on a check-off on his Christmas morning delivery. This money is to be used to buy milk for the poor.

In order to get the right mailing list with all data complete as to member, the amount of milk, both base and surplus, and also to what plant milk goes, it was decided to send out a letter with inclosed post card which is to be filled in and returned to the secretary. The annual meeting of the Pure Milk association will be held on March 10th at the Auditorium hall. Everyone is welcome to attend. Adjournment followed.

Grant's Correct Name
President Grant was named Hiram Ulysses, but by a curious error he became known in history as Ulysses Simpson Grant. When he was about seventeen years old he received his appointment to West Point Military academy through Congressman Thomas H. Haver. Grant had been familiarly known by his middle name, and Haver, who was sufficiently acquainted with him to know that he was the young candidate's name as Ulysses S. Grant. Simpson was the maiden name of his mother and also was borne by one of his younger brothers. This circumstance was probably the origin of the error.

Tenants of the 1,000 new house built by the Edmontan (London) Council already owe \$7,000 in back rent.
