Week Of Prayer Opens Tonight In City Homes

Ministerial Alliance
Sponsors Gatherings
And Furnishes Leaders

The Rev. Morgan Williams, president of the Kankakee Ministerial Alliance, today announced a schedule of cottage prayer meetings to be conducted each evening of this week at homes throughout the city. The meetings are sponsored by the ministerial alliance and churches and institutions attached with the alliance.

There will be a lighted candle in the window of each home where the prayer meetings are held from 7:30 to 8:30 p. m. Rev. Williams said, "It is not on rubber life rafts have the courage to pray, it is essential for Christians everywhere to come together for prayer and intercession."

The schedule of meetings is divided into sections of the city. The subjects assigned for the meetings and the leaders under each subject are: "Flight or Faith," the Rev. A. E. Wachter and M. R. Culbertson; "Song In The Night," Revs. Harry Evans and Doris N. Ester; "Angels of Faith," Revs. G. J. Robertson and V. H. VanHorn; Miss Schuchman; "Faith That Impels," Revs. Victor Langhorst, Morgan Williams, Charles Apel and Maj. Johnson; "Faith Plus," Revs. Louis Chamberlain and Walter Morris.

Week's Schedule
The schedule for Section 1, which comprises the territory north of Soler street and west of Western avenue, is: Monday—Ernest Michaud, 561 Stone street; Rev. Wachter; Tuesday—Henry B. Kirkhoff, 592 Williams street; Rev. Evans; Wednesday—V. A. Tenney, 830 Cleveland avenue; Rev. Williams; Friday—Harley Flannery, 777 River drive; Rev. Chamberlain.

Section 2, West Kankakee. Monday—Oscar Kilgus, 1087 West Station street; Rev. Evans; Tuesday—August Walther and Charles Martin, 1358 West Station; Rev. Wachter; Wednesday—Orland Lehnus, 244 South Winfield; Rev. Morris; Thursday—David Cook, 407 South Yates; Rev. Langhorst; Friday—Carl Mathis, 1920 West Station; Maj. Johnson. Section 3, South Kankakee. Monday—Charles Entwistle, 1242 South Washington; Rev. Williams; Tuesday—Mrs. Sarsgard, 906 South East; Rev. Chamberlain; Wednesday—Mrs. Emily Offeman, 4199 South Blackhawk; Thursday—Mrs. Blackhawk, 1119 South Seventh; Rev. Morris; Friday—Mrs. Gladys Keeler, 1671 South Fifth; Rev. Culbertson. Section 4, All territory south of Soler creek and west of the Illinois Central tracks to the river.

2 WAACs From This County Promoted

Two Kankakee county women are among the 41 from Illinois promoted in the Women's Army Auxiliary Corps, according to an announcement by the War Department today. The women were promoted to first officer, the equivalent of captain in the men's army.

The Kankakee county WAAC officers are Dorothea A. Coleman, daughter of Mr. and Mrs. T. E. Coleman, 308 South Poplar avenue, and Mrs. Evelyn Porter of Momence. Miss Coleman has been stationed recently in Washington, D. C., and Mrs. Porter at Fort Des Moines, Iowa.

Grand Jurors Open Session At Courthouse

A grand jury was convened in circuit court this morning and immediately went into session to consider cases presented by State's Attorney Joseph Tolson and his assistants, Armin Blanke.

The jurors are Roy Dusenbury, Morris Yeates, Fred Preisel, Edwin Frederickson, Harold Cooley, C. J. Worth, Willard Meents, Gerald Mark, George Bouchard, Fred Hertz and Howard Gagnon of Kankakee; Herman Carsten, Yellowhead; Henry Grise, Manteno; Harry Benson, Rockville; Joe Tallman, Momence; George Ward, Ganser.

Frank Erickson, Bourbonnais; Arthur Bartschfeldt Sr., Limestone; Joseph Kuckuck, Salina; Joe Joyce, Essex; Frank Munyon, Pembroke; Clarence Symont, St. Anne; Carl Ahrens, Aroma; Willie Ferris, Otto; John Seaton, Pilot; Henry Schott, Norton.

Bailiffs appointed for this jury are Thomas O'Connor and Mrs. Clyde Golden.

Bulletins

WAR IN BRIEF

By United Press

Moscow—Russian army safeguards oil fields by seizing Moudok, on extreme southern tip of battle front; pushes on toward Prokhadnaya, German base, 28 miles away.

New Guinea—American-Australian army pushing Japanese off last foothold in Papua, New Guinea. Enemy reduced to small unit around Cape Sananda; Flying Fortresses attack Rabaul on New Britain.

London—Marshal Erwin Rommel apparently considering stand at Wadi Zem Zem, 170 miles east of Tripoli.

Cairo—Allied planes bomb Tunis and Sousse, virtually no land activity in Tunisia.

London—RAF resumes night attacks on Axis hitting industrial Ruhr. Raid follows week-end U. S. bomber raid on St. Nazaire.

New York—A crew member of a Pan American airplane stopped today held a record for commercial trans-ocean travel after having flown the South Atlantic 12 times in 13 days and 15 hours—with only a little less than their usual amount of sleep.

St. Louis—The USS Peto, first submarine built on the Great Lakes, passed through St. Louis today en route to the ocean. It floated past the city in a drydock which it entered at Lockport, Ill., and which will carry it to the Gulf of Mexico for final outfitting for sea service.

Washington—The comptroller of the currency today issued a call for a statement of the condition of all national banks at the close of business Thursday, December 31.

Springfield, Ill.—(UP)—Call for condition of state banks at the close of business on Dec. 31, was issued today by State Auditor A. C. Lueder.

Camp Butler, N. C.—(AP)—When Dave Gordon, pianist for the United States exhibition show, "Bill The Duck," left New York he was asked by a woman to look up her son, Abe Lubin, a soldier stationed at Camp Butler.

Gordon, remembering his promise as soon as he arrived, asked the first soldier he saw if he knew Lubin. "I," the soldier informed the amazed pianist, "am Abe Lubin."

Springfield, Ill.—(AP)—William G. Stratton, who takes office as state treasurer one week from today, has appointed John O. Graham of Freeport as assistant state treasurer.

Chicago—(AP)—Charlotte Carr resigned as director of Hull house, noted slum settlement, because of a disagreement over the 1943 budget and not because of "political" reasons, as alleged by the board of trustees has announced in a statement.

Sydney, Australia.—(UP)—American soldiers on leave must not "put their arms around a female companion in a public thoroughfare in a manner unbecoming a soldier," army authorities ruled today.

The new regulation was included in orders issued by United States military officials to effect stricter discipline of American soldiers away from ports.

Washington—(AP)—The war production board today limited January production of ice cream to 50 per cent of the amount each manufacturer made last October.

The order also applies to frozen custard, milk sherbert, other frozen desserts and ice cream mix.

Cincinnati—(AP)—Patrolmen Dave Flach and Earl Soden, manning a rowboat in evacuation work during the Ohio river flood, were summoned by a woman leaning from a second-story window.

As they edged their craft closer, she offered a quarter and asked: "Go your way back would you bring me a bottle of beer?"

The officers' reply was not recorded.

Cairo, Ill.—(AP)—Lowlands in a large area east of Mound City and some bottomland farms in Alexander county were flooded today by the Ohio river, which had risen one foot during the past 24 hours to a stage of 47.3 feet at Cairo.

Washington—(AP)—The office of price administration said today that neither gasoline ration books nor tires would be issued in the future to motorists who fail to have their tires inspected by January 31.

Chicago—(AP)—Former Alderman Arthur F. Albert, prosperous business man, tossed his hat into the ring today for the Republican mayoralty nomination Feb. 23.

Venice, Calif.—(AP)—At least two persons were trapped and feared dead and seven others were injured today by a fire that swept through a two-story apartment building.

Nazi Armored Units Strike French In Africa

Weather Hampers Most
Activities In The
Tunis Sector

Allied Headquarters, North Africa, Jan. 4.—(UP)—German armored units are heavily attacking French forces at Fondouk, an important road junction six miles southeast of Pichon. It was disclosed today.

Fondouk is 52 miles inland from Sousse, major Axis supply port on the east coast of Tunisia. Official French accounts reported that French infantry and truck-borne cavalry units were being supported by American planes and anti-tank guns against the German armored attack.

A French communiqué broadcast by radio Morocco said the enemy attacked "with numerous tanks" last night, scoring initial successes, before they were repulsed.

British Tanks Active
A considerable force of British tanks reconnoitered in force yesterday northeast and southeast of Medjer-El-Bab, 32 miles southwest of Tunis. They penetrated about five miles in each direction, encountering only light anti-tank gun opposition.

Although weather conditions had improved somewhat tank operations still were difficult in the sticky mud. The rainy season, now near its height along the North African coast, probably will continue throughout February if this winter is normal.

German troop and tank concentrations in the Cape area were attacked yesterday by American bombers and fighters. Douglas bombers and strafers concealed and camouflaged under trees and bushes and destroyed four, were left burning, and many other vehicles were damaged by the planes.

Weather Unfavorable
Unfavorable weather limited air activity on the northern front yesterday. American medium and heavy bombers did not go into action.

The Royal Air force announced

Gen. A. E. Inglesh, Others From Here Will Attend School

Springfield, Ill., Jan. 4.—(UP)—Fifteen high ranking officers of the Illinois reserve militia will attend a training school, conducted by the sixth service command, U. S. Army, at Glenview, Jan. 17-23. Brig. Gen. Leo M. Boyle, militia adjutant, announced today.

Heading the delegation, he said, will be Maj. Gen. A. E. Inglesh, Kankakee, commander of the militia. Purpose of the school, Boyle said, is to instruct the men in the latest developments in military training. Others designated to attend the school are:

Col. Gilbert S. Maxwell, Chicago; Col. Harry J. Schlemmer, Edwardsville; Col. Harry S. Streeter, Kankakee; Col. Louis M. Stacy, Peoria; Maj. Elmer P. Hitter, Ottawa; Maj. Martin J. Welland, Chicago; Maj. Lawrence J. Davidson, Chicago.

Maj. John P. Blandy, Kankakee; Maj. Emil C. Gemmer, Aurora; Capt. John H. Ketting, Carbondale; Capt. Benjamin G. Gower, Kankakee; Capt. E. L. Taylor, Chicago; Capt. Walter J. Fitzgerald, Chicago; and Lt. Sidney C. Maguire, Chicago.

Alternates named to attend include: Lieut. Col. Wm. E. Cornelius, Chicago; Lieut. Col. George D. Lee, Carbondale; Maj. Fred D. Bell, Clinton; Capt. Samuel M. Walsh, Chicago; Capt. Charles W. Vail, Jr., Chicago; and Lieut. David D. Douglas, Aurora.

Russian Girl Leads Reds Into Velikie Luki

London, Jan. 4.—(UP)—Tamara Sumchakova, girl leader of a guerrilla band, led Soviet troops into the German stronghold of Velikie Luki, on the central front, the Moscow radio said today.

"Tamara brought the Russian army information regarding German positions and it was her detachment which led Soviet units into attacking positions," the broadcast said.

"Later, tall, smiling Tamara stood in the doorway of the former German staff headquarters at Velikie Luki and greeted Russian soldiers as they passed in triumph."

Their Raid on Wake Island Biggest of War

Army flyers at an undiscovered Pacific base put on their life belts before taking off for a raid on the Jap-held Wake Island. The raid was described as the biggest of the war in the Pacific area and the total distance flown was the longest so far attempted. All planes and men returned safely to their bases.

Ten Killed In Oregon Flood; Many Homeless

Portland, Ore., Jan. 4.—(AP)—The worst Willamette river flood in years ebbed slowly today, leaving 10 persons dead or missing.

Hundreds still were homeless, and thousands of acres of rice, farmlands and orchards were under water as western Oregon's largest river remained above flood level for half its length.

Health authorities feared an outbreak of typhoid and rushed vaccine to McMinnville, Corvallis and Eugene.

Damage was estimated in the millions.

From Salem to Portland the Willamette was above flood level, inundating canneries, warehouses, shipyards, paper and lumber mills.

At Oregon City near Portland water was 12 feet deep over the city athletic field and the main line of the Southern Pacific railroad was blocked, the first time since 1893.

To rivermen the flood provided a rich windfall.

More than a million board feet of logs were washed away from upstream lumber mills and they bobbed through Portland by the hundreds, giving the Willamette the appearance of an old-time log drive.

Rivermen threw out chain booms to catch the logs, which will, by river custom, be bought back by lumber companies. The take will run into thousands of dollars.

10 Foreign-Born County Residents Become Citizens

Ten foreign born men and women took the oath of United States citizenship in naturalization ceremonies conducted this morning before Judge James V. Bartley of Joliet, presiding in circuit court here.

The oath was administered by Circuit clerk Albert Tetraut after final hearings conducted by Examiner M. Eck of Chicago, representative of the department of justice, bureau of immigration and naturalization. A group of American Legion auxiliary members presented each of the new citizens with a flag and pamphlet containing pertinent information.

The successful applicants, their town of residence and their nationality include: John Andrews, Kankakee, British; Stanley Ignatowicz, Bradley, Polish; Carl Smedund, Momence, Finnish; Joseph Knecht, Kankakee, French; Viktor Butkevich, Manteno, Lithuanian; Ignace Butler, Kankakee, Polish; John Rechner, Kankakee, Yugoslav; Dahl Reist, Danish; and Frances Pepe, Kankakee, Italian.

Local Paint Firm Buys New Property

The American-Marletta company, which operates paint manufacturing plants in Kankakee, Marietta, O., and High Point, N. C., has acquired the Ferbert-Shrondorfer company, industrial paint manufacturer, with plant and home office in Cleveland, O., it was announced today by Grover M. Hermann, president of American-Marletta.

The newly acquired firm specializes in automobile and metal finishes, while American-Marletta specializes in industrial finishes and general maintenance paints for industry.

U. S. Fliers Bomb Two Destroyers Near Rendova Is.

Jap Positions On Papuan Peninsula Are Now Considered Hopeless

Washington, Jan. 4.—(AP)—American fliers continued their assaults against Japanese ground and sea forces in the Solomon Islands over the week-end, pounding the enemy airfield at Munda and bombing two destroyers.

One of the destroyers was left burning badly and the other appeared to be sinking after an attack 30 miles northwest of Rendova island in the New Georgia group Saturday night (Solomon time).

About four hours earlier, the navy reported, a formation of enemy destroyers was attacked by Flying Fortresses and Lightning fighters 30 miles south of Shortland island, but no hits were observed.

Antiaircraft emplacements and other installations at the Munda airfield on New Georgia island were hit in raids Saturday and Sunday.

Land fighting continued on Guadalcanal island, with between 30 and 35 Japanese reported killed in patrol clashes.

Allied Headquarters in Australia, Jan. 4.—(AP)—Surrounded and facing annihilation, the only Japanese forces remaining on the Papuan peninsula of New Guinea were confined today in a narrow pocket on Sanananda point by American and Australian troops who wiped out the last vestiges of enemy resistance around Buna over the week-end.

16-Year-Old Girl Held For Theft

Sylvia Pike, 16, Grant Park, was arrested at 12:20 o'clock this morning by Deputy Sheriff Charles Kile on a warrant charging her with embezzlement.

A complaint, signed by Ruby Hoffmann in the court of Justice C. A. Clark of Grant Park, charged the girl with taking cash from the money box at Jen's cafe, where she was employed.

The Weather

(Monday, Jan. 4, 1943)

Hourly temperature readings from 1 o'clock Sunday afternoon to noon today are:

High at 1 p. m. 32, low at 8 a. m. 20.

A year ago cloudy, high 11, low -4.

1 p. m. 32, 1 a. m. 27.

2 p. m. 32, 2 a. m. 26.

3 p. m. 32, 3 a. m. 25.

Arguments Fly Over Work Of Dies Committee

Washington, Jan. 4.—(AP)—Disension in the Dies committee, which lost its official standing yesterday, boiled to the surface today on the eve of an expected request to the house to continue the group, which was formed in 1938 to investigate un-American activities.

Disagreeing with the committee's representation of the work it has done, Representative Voorhis (D-Calif.) criticized his colleagues for having "neglected to strike a blow" for the unification of democracy.

Voorhis made public his minority views simultaneously with release of the committee's annual report, listing, among other claimed accomplishments, assistance given to scores of public agencies, exposures of activities of fascists, Nazis, Communists and Japanese, and investigations of federal employees.

The majority report criticized some agencies, notably the office of price administration, the federal commission and the department of agriculture, for having failed to dismiss employees whose Americanism was questioned.

The committee had questioned, and censured Attorney General Biddle for not having made a thorough probe of the background of government workers in accordance with a congressional request.

Voorhis complained that members of the committee had no opportunity to discuss or amend the report, which was released by Robert E. Stripling, secretary and chief investigator for the committee. Voorhis said the report was handed to members on a "take it or leave it basis."

San Francisco Appeals To U. S. For Food

San Francisco, Jan. 4.—(AP)—San Francisco, without meat for three days, and its grocers' shelves virtually barren, appealed to the federal government today for assistance.

Meat—beef, pork, veal, lamb—practically vanished from butcher shops New Year's eve. There has been none at all since early Saturday and will be none, butchers said, until Tuesday, and then only a scant supply, far under the expected demand.

In addition, said W. D. Hadeler, executive secretary of the California Retail Grocers' association, only two stores out of 50 he inspected had any stocks of canned goods. Butter and egg stocks likewise were scant.

No Wonder This Fireman Always Gets To Fires First

Bloomington, N. J., Jan. 4.—(UP)—Fireman Thomas E. Anderson's nose for fires has resulted in his arrest on a charge of arson. Anderson used to baffle his fellow firefighters of the Bloomington volunteer fire company, because he got to the firehouse before alarms were turned in, and thus got to drive the fire engine to the scene.

He was arrested last night after a suspicious fire broke out in a summer pavilion on Oakwood lake, causing \$500 damage. State police said his footprints matched those of the arsonist.

Dick Piersol Is Appointed To Annapolis

Richard Johnson Piersol, 18, son of Mr. and Mrs. George E. Piersol, 932 South Myrtle avenue, was today appointed to the United States Naval academy at Annapolis, Md., by Congresswoman Jessie Sumner. The appointment was announced by Miss Sumner's secretary, C. T. Lindsay.

Piersol graduated from Kankakee high school this year and is now studying engineering at the University of Illinois. He is a member of the university band and of Alpha Kappa Lambda fraternity. He was one of the winners of the Kiwanis club trophy offered each year to the two outstanding members of the high school graduating class.

Young Piersol plays several musical instruments. His father is director of the Kankakee high school band.

Burglars Foiled By Small Windows

Thieves attempted burglaries at two Kankakee filling stations Saturday night but failed to gain entrance at either place.

They smashed two windows in the rear of the Schoth oil station, 697 East Court street, but the panes were 8 by 10 inches, apparently too small. At the Arthur Huot station, 880 East Court street, two windows also were broken but thieves apparently did not get inside.

The glass in a juke box at the Bradley American Legion home was discovered broken early Sunday morning. It was presumed that someone broke into the building after 3 a. m. Sunday but investigation disclosed no opening that was forced.

Bradley Wife Says Husband Is Cruel

Mrs. Juanita Margery Nolan of Bradley filed suit for divorce today from her husband, Jesse Kilgore, Tex.

She charges desertion and cruelty, stating they were married Oct. 2, 1938 and separated July 14, 1940 in Texas. In October of 1939, he was accused of striking her about the face and head. Later in the same month he again struck her and twisted her arm and wrist. On the day of their separation, she accused him of striking and beating her.

They have no children. She asks the court for permission to resume her maiden name of Juanita Reimann. The attorney is Victor Lauridsen.

Arrest Cab Driver Without License

Two motorists were arrested by city and state police over the week-end for traffic violations.

James L. Hollywood, 538 South Evergreen avenue, cab driver, was apprehended Sunday by Officer Ralph Mann for failure to stop at a state highway and driving without a chauffeur's license. His hearing was to be today.

Leland Bonvallet, St. Anne, arrested at 11:20 o'clock Saturday night by Officers Jay Caban and George Fred for running a stop sign in the city, posted bond of \$4 and was released.

Arlene Furstnow, 739 South Nelson avenue, who was arrested early Saturday by police for running a red light, was fined \$5.25 by Magistrate Edward Hoennicke and deprived of her driver's license for 30 days.

State Police Rush Serum To Chanute

Persons who saw a state police squad car speed through Kankakee on U. S. highway 54 Saturday afternoon and wondered what the excitement was about were advised today that state police were on a mercy mission relaying serum from Chicago to Rantoul to save the life of a dying soldier.

Officer Ralph Mann met a squad car which sped from Chicago to Peotone. Mann took the serum from Peotone to Ashkum where Officers Arnold Lewellyn and Stanley Bricker met him and relayed the serum the rest of the way to Chanute field at the request of military authorities.

Accuse 2 Boys Of Stealing Corn

Two St. Anne youths who reside in the vicinity of Sugar Island, were arrested last week-end on a charge of larceny of corn.

John Rice and Kenneth Smith were brought to the county jail where a hearing was arranged for Wednesday evening before Justice Henry R. Bauer. The complainant is Leg Mathew of St. Anne.

Capture 4th City In 6 Days; Save Oil Fields

Axis Retreat Growing
As Russians Capture
Great Military Booty

Moscow, Jan. 4.—(UP)—The Red army, driving the Germans back from the gateway to Russia's vast store-of Caucasian oil, developed an attack from two directions today on the Axis base at Prokhadnaya, 23 miles west of Moudok.

Front dispatches said the Russians were closing in on Prokhadnaya, a strategic rail center, and the fall of the city appeared imminent. Moudok, threatened by the Germans for three months, fell to a lightning week-end assault by the Red army.

(Axis sources broadcast reports that the Russians were massing on the southern front for what was described as "a general attack." The Nazi-controlled radio Paris quoted German reports as saying the Axis planes were carefully watching the Russian preparations.)

In taking Moudok, their fourth major victory in six days on their 1100 mile little front, the Russians took also Malgobek, 20 miles to the southeast, and Elkhoto, 40 miles to the southwest.

Cut Railroad
They had cut both arms of the main Rostov-Baku railroad and from Moudok, Malgobek and Elkhoto Russian motorized infantry and Kilmvorodnikov tanks were in hot pursuit of steadily retreating Axis forces.

The fall of Prokhadnaya, where the arms of the railroad meet to continue northward to Rostov, seemed imminent; and if the Germans lost that city they would face the choice of a general retreat or the risk of annihilation of an army split into two sections.

The noon communiqué reported an unbroken succession of gains on six fronts from Velikie Luki west of Moscow to the Caucasus mountains, where the fall of Moudok had removed, apparently for the winter if not forever, the Axis threat to the richest Caucasian oil fields.

Southwest and south of Stalin-grad, where Gen. Georgi Zhukov has now joined two fronts in one gigantic offensive, the Germans were desperately throwing reserves into their lines in a vain and costly attempt to stop the Russians.

Smash 2 Regiments
Two full regiments, 6,000 men, of Adolf Hitler's black uniformed SS troops, pick of the German fighting forces, were thrown into one sector last night. The Russians attacked at once and, smashing them, drove forward for new gains, the noon

(Continued on page two)

Court Reverses Verdict Against Pendergast

Washington, Jan. 4.—(AP)—The supreme court reversed today the conviction of Thomas J. Pendergast, former Democratic political boss at Kansas, Kan., Mo., and two others on charges of criminal contempt of court in connection with Missouri's \$10,000,000 fire insurance settlement.

Justice Douglas delivered the 6 to 1 opinion, which also applied to Robert Emmett O'Malley, former Missouri superintendent of insurance, and A. L. McCormick, 84, Louis insurance agent. Justice Jackson dissented and Justice Murphy did not participate.

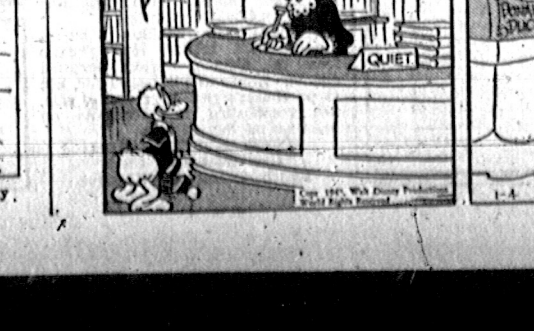

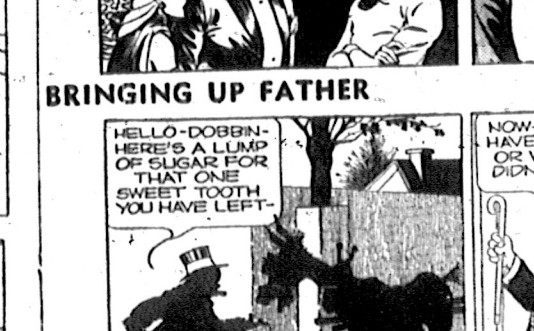

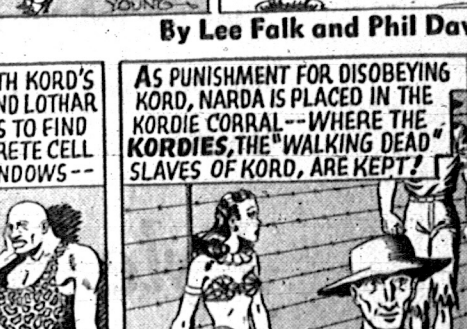

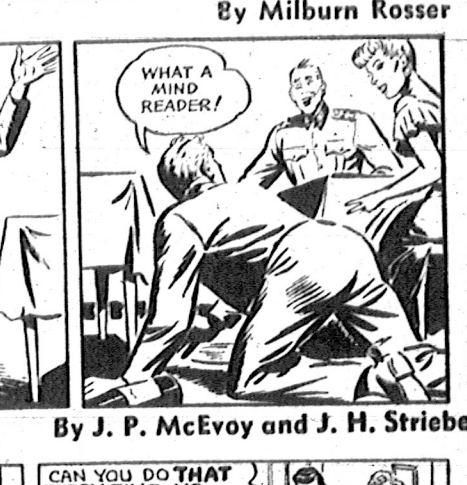

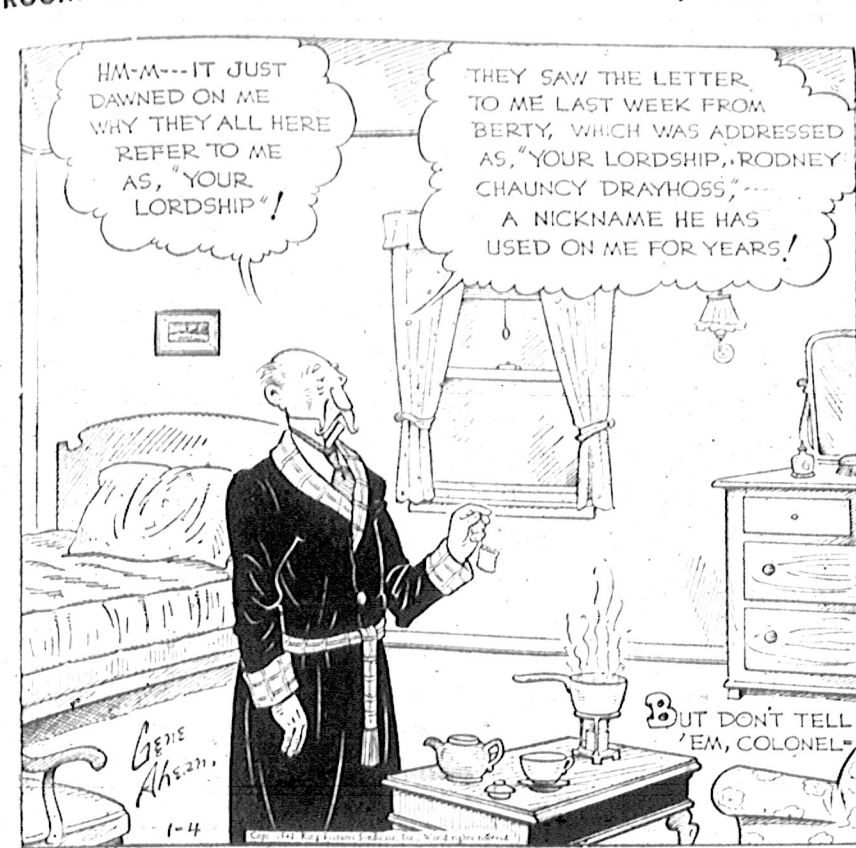

They were accused of "fraudulent feinting upon" a three-judge federal court at Kansas City "a corrupt settlement of insurance rate litigation, procured through bribery of the Missouri superintendent of insurance."

Validity of the conviction was challenged on the ground that the alleged activities did not take place "in the presence of the court or so near thereto as to obstruct the administration of justice." This was necessary, it was contended, before the judges could punish summarily for contempt without the formality of an indictment and jury

May Soon Transport Army In Freight Cars

Washington, Jan. 4—(UP)—Converted freight cars may be used, soon to transport troops because of the shortage of railroad equipment, the office of Joseph B. Eastman, director of defense transportation said today in an interview.

He cited that possibility as an example of how railroads have abandoned thinking-as-usual to make peacetime equipment serve war needs.

Eastman predicted that the railroads—by using ancient Pullmans with coal burning heaters and ramshackle wooden cars from New York City's abandoned elevated lines—would just about "get by" in 1943.

"It's going to be a hard job," he said. "But we'll make it if we all pull together."

Less Importance on Trains

The railroad, because of trucking and shipping, started out in this war with far less importance in the national transportation picture than the railroad of 1917-1918. But Eastman said the burden of heavy losses from submarine activity and the loss of the chief sources of rubber placed the major burden of transportation on the railroad.

"It is a great tribute to our transportation system and particularly to our railroads that thus far they have done all that they have been called upon to do and done it well," he said.

Little new equipment is being added. But there exists a slight surplus in freight cars which has prompted experiments with their possible use for troop movements, Eastman said. He declined to comment further, but pointed out that with the army growing at its present rate "the problem of moving troops this year promises to become difficult."

Experiment Started

It is known that the Pennsylvania railroad is experimenting with re-conditioned freight cars for use as troop transports. Army authorities, it is understood, have already inspected one car made over with three tiers of steel berths and port-holes cut in the sides for windows. The model has been described as "comfortable" and is believed to have met army approval. Railroad officials said in general only new type steel cars would be used for such purposes.

"The transportation problem in

Oregon Bridges Threatened By Log Jams

Portland, Ore., Jan. 4—(UP)—Logs, carried by a five-mile current, threatened jams today endangering bridges houseboats and shippers along the flooded Willamette river which took nine lives in its sweep over the lowlands of western Oregon.

The river at Portland apparently had reached its crest and water was receding in the ways of several shippers, reducing the danger of log jams.

Booms, strung across the river by more than 50 tugboats, caught more than one-third of the estimated 2,000,000 feet of stray logs that threatened the city's bridges. Lieut. H. L. Hatt of the harbor patrol reported that a jam of 60,000 feet of logs continued to batter the base of the Hawthorne span inside the city, while upstream the Southern Pacific railway bridge was still endangered.

Railroad officials announced that north-south passenger trains would continue to be re-routed while the bridge was kept under constant inspection.

Cut Eastern Fuel Oil Use 10 Per Cent

Washington, Jan. 4—(AP)—Easterners who expected to burn 100 gallons of fuel oil in the next six weeks will have to keep warm on 90.

That is the proportion of the reduction in value of period 3 rationing coupons, ordered over the weekend by the office of price administration. The 10 per cent cut for 17 eastern states and the District of Columbia is designed to save 30,000 to 40,000 barrels of oil a day.

In the 13 other oil-rationed states—the middle west—the period 3 coupons are worth 11 gallons each.

1943 will be serious but not critical, I'm not too optimistic about the coming year but I'm not pessimistic either. I think we'll get by."

He said the rationing of travel was not imminent.

"There are other difficulties in its administration, but the manpower factor alone is enough to give you pause," he said. "We're not contemplating passenger travel rationing except as a last resort."

American Wife Of Slav Envoy Flees Europe

Boston, Jan. 4—(INS)—Madame Slavko Grouitch, American-born refugee and widow of the first Yugoslav minister to the United States, is now safe in Boston after fiction-like escapes from Nazi-dominated Europe.

A veteran of four Balkan wars, she is lecturing on behalf of the 500,000 beleaguered war sufferers in her adopted country, many of whom are now in Axis prison camps.

Saw Belgrade Bombed

"I was too fascinated to be frightened," she said of that Palm Sunday when formations of 800 German bombers roared over Yugoslavia and blasted supplies and communications.

More than 20,000 persons were killed when the armadas from fields in Rumania and Bulgaria swarmed over Belgrade and reduced the capital to silence by cutting it off from the outside world.

Helped to Escape

Mme. Grouitch said she owed her life to the Croat people who fed her, hid her, and helped her avoid routes used by the German troops after the bombardment.

On Good Friday, friends escorted her through bombed Belgrade in a military automobile. She was taken across the Danube before the bridges were blown up.

Arrested, Released

Hours after she boarded a troop train, the rail bed was destroyed and she found herself alone with two small Yugoslavian boys. Her military companions were taken away.

"I had a Yugoslavian passport," she said, "a special military passport to which I was entitled because of my former hospital work, a basket of food, and about \$1,000 sewed into my clothes."

She was arrested and then released along with the two boys in a Croatian town. She was eventually able to obtain a cart and leave the place.

Posed As a Peasant

At Ruma, posing as a Hungarian peasant, she slept in a luggage room of a railroad station.

She waited and waited for a train, but so many people were in the same plight that she did not have a chance to get one. Finally, she made her way to the Adriatic coast, where she was befriended by a young girl.

Mrs. Sinkwich Won't Be Movie Queen: Frankie

Hollywood, Jan. 4—(UP)—Frankie Sinkwich, who has any husband's doubts about his wife's prospects for a career, intends to be the sole breadwinner in his family and has no sympathy with whatever film ambitions Mrs. Sinkwich may have.

Boarding a plane for Washington last night, the Georgia football star expressed himself in unequivocal terms on the uncertain status of his wife's film career.

"I intend to be the breadwinner in my family," he said. "Mrs. Sinkwich is not making movies if I have anything to do about it."

Opens Movie Career

Sinkwich said he would return Thursday to complete arrangements for his own appearance in a picture produced by Columbia studios but that his wife, Adelina, would not accept a proffered screen role.

His assertion seemed to put an end to the series of conflicting statements about his wife and the movies.

Mrs. Sinkwich and her sister, Dorothy Weatherly, were given a screen test at Universal studios and were offered a part in an Abbott and Costello film. She said Frankie lost his temper when he saw newspaper publicity photographers showing her in a scanty costume and that she'd have to refuse. Later she said that she was returning with Frankie to accept the part.

Doubts He's a Star

Frankie has no confidence in his own dramatic talents either.

"Most of the football players who have made movies to cash in on college fame were not much good as actors," he said, "and I don't think I'm any better. But it's a chance to make myself a nice nest egg before I go into the marines."

Sinkwich appears before the Walter Camp Memorial club at Washington today to receive the Walter Camp Memorial cup.

A lamp in the sanctuary of the Ursuline convent, Quebec, has been burning continuously for 226 years.

The entire solar system is moving forward as a unit through space in the general direction of the star Vega at a rate of 12 miles a second.

American Marines are used to beating the Japs. Leathernecks stationed in Shanghai trimmed Tokyo baseball teams regularly for years.

400,000 Students Building Model Planes For U.S.

Washington—(UP)—The office of education reports that more than 400,000 students in junior and senior high schools are now building model aircraft for the use of the armed services.

These planes, which must be accurate in scale and design, are used in training army and navy personnel to recognize instantly all types of aircraft, both Allied and enemy.

J. C. Wright, director of the model aircraft project, emphasized the necessity of absolute accuracy in the models by saying that "instant recognition of a plane means the difference between life and death for one of our pilots and his crew."

Plans and instructions for 300,000 additional planes are now being mailed to local directors of the model aircraft project and it is expected that by the time these arrive the original quota of 500,000 planes will be completed. The model-building program was initiated last February.

It is hoped that in time this program will yield sufficient models to supply every ship and military post.

Naval certificates of award are being presented to students who build planes. The first plane approved by the local inspection committee gives the student the rank of cadet aviator. His rank increases with additional planes made until he reaches admiral aviator, which signifies the completion of 50 planes.

Four boys already have reached the rank of admiral aviator: Joe Bashore, Wyandotte, Mich.; Bob Pearson, Denton, Tex.; Eugene Cavadin, Burbank, Cal.; and Charles Lum, Honolulu, Hawaii.

Ohio River Rises To 61 Foot Crest

Cincinnati, Jan. 4—(AP)—The swollen Ohio river reached a crest of 61 feet nine feet above flood stage at this Ohio metropolis early today and 10,000 persons in low-lying areas were driven from their homes.

The damage was not great, however, and the residents of flooded areas were more inconvenienced than harmed as ample preparations had been made in advance. A flood crest of 65 feet is required for appreciable destruction in the Cincinnati area.

Behind the crest, floodwater receded from various small Ohio and West Virginia communities and the damage was being repaired rapidly. Ahead of it, Ohio and Kentucky towns were completing preparations to hold damage to a minimum.

The plant of the American Rolling Mills at Ashland, Ky., was closed by the flood and the plant at the Newport Rolling Mill at Newport, Ky., expected to close down for a few days when the crest starts back floodwaters up the Licking river, an Ohio tributary.

JAIL OVERSTAYS ITS HOSPITALITY

Tampa, Fla.—(AP)—Police were puzzled about the prisoner in the city jail. They took him to the detective bureau but nobody there knew anything about him. He wasn't listed on the docket, the detention book or the "stepper book." He was just there.

"The youthful 'guest' finally explained he was passing through Tampa on his way to join the marines and someone told him he could sleep in the jail. There was a mix-up and he wasn't able to get out the next morning or the next. The officers finally opened the doors and sent him on his way with their best wishes.

BIG PUBLIC SALE

Frank and Earl Ader, Auctioneers.

As I am quitting farming I will sell at public auction all my personal property located 11 miles west of Kankakee on route 17 and 1 1/2 miles south on gravel road to the farm; 1-mile east and 3 miles north of Herscher; 10 miles east of Reddick on route 17 and 1 1/2 miles south, on Thursday, January 7.

Commencing promptly at 10:00 o'clock.

60 HEAD OF LIVESTOCK
