BRITISH U-BOATS WAR CASUALTIES

STEPPED-UP, SEA WARFARE IN NORTH SEA

Tension Growing in Scandinavian Countries

By the Associated Press
The British today gave up three submarines as lost, the first acknowledged British submarine losses due to German action during the war. The admiralty said the submarines Starfish, Seahorse and Undine, which carried normal complements totalling 100 men, were counted as war casualties because they failed to report to base in the past week. Britain said it believed one German submarine had been sunk in the North Sea.

Scandinavian Statement

Germany announced that two British submarines had been captured in Heligoland Bight and that their crews were saved. The Germans named the Undine and Starfish, but made no mention of the Seahorse.

Scandinavian Statement

The German communiqué today announced the destruction of the Undine and the Starfish in the German (Heligoland) bight and said that their crews were rescued.

Scandinavian Statement

The Berlin announcement did not mention the Seahorse.

Scandinavian Statement

Both the Starfish and the Seahorse were completed in 1933. Each bore six 21-inch torpedo tubes and a three-inch deck gun.

Scandinavian Statement

The Undine was one of Britain's most modern submarines, having been completed in September, 1938. She had six 21-inch torpedo tubes but no deck gun.

Scandinavian Statement

The Undine cost more than \$200,000 (about \$1,000,000 at the rate of exchange in 1938).

Scandinavian Statement

The three submarines reported lost today raise the total of British naval vessels lost of which is admitted by the admiralty to 20, with a total tonnage of 79,128.

3 SUBMARINES ARE REGARDED AS DESTROYED

Part of Crews Num- bering 120 Men May Be Safe

London, Jan. 16.—(P)—The admiralty announced today that the British submarines Starfish, Seahorse and Undine, are regarded as lost since they had failed to return to their bases or to report during the past week.

The Starfish and Seahorse were sister ships, belonging to the sea-going swiftness class and having normal complements of 40 men each. Their surface displacement was 640 tons.

The Undine, 540 tons, normally carried 27 men.

Part of Crew Rescued
The German communiqué today announced the destruction of the Undine and the Starfish in the German (Heligoland) bight and said that their crews were rescued.

The Berlin announcement did not mention the Seahorse.

Both the Starfish and the Seahorse were completed in 1933. Each bore six 21-inch torpedo tubes and a three-inch deck gun.

The Undine was one of Britain's most modern submarines, having been completed in September, 1938. She had six 21-inch torpedo tubes but no deck gun.

The three submarines reported lost today raise the total of British naval vessels lost of which is admitted by the admiralty to 20, with a total tonnage of 79,128.

Known deaths in the sinkings total 1,809, with at least 66 missing and believed dead. The greatest loss of life was on the battleship Royal Oak, where 810 were lost. Other high death tolls were on the aircraft carrier Courageous, 515, the armed merchantman Rawalpindi, 280, and the destroyer Duchess, 129.

Friendly Clerks More Valuable Kiwanians Learn

"The chief asset of any business in a community is the personality of the sales force," declared Harry Freeman, furniture exposition manager of Indianapolis, in a talk at the Kiwanis club luncheon Monday noon in McBroon's cafe.

"Close to 70 per cent of your business is done with persons residing in small towns and rural areas around this city," Freeman told his audience. "Most of these customers feel any lack of intimate relationship. They prefer to patronize stores where the salespeople are friendly."

Anything done to promote this feeling of friendliness will constitute time and money well spent, according to the speaker. "Any good executive will pay more to a clerk who knows many people and can hold their trade," he asserted.

The trading area can be extended by careful cultivation of personality in business and by cooperation with the trade promotion work of the chamber of commerce, Freeman averred. He was introduced by Leo Bond and the thanks of the club was expressed by Dr. J. A. Bevan.

Government's Budget Estimate is Slashed

Washington, Jan. 16.—(P)—Completely denying funds for two agencies created by President Roosevelt, the house appropriations committee slashed budget estimates for the government's "independent offices" today by \$94,492,166.

In recommending that congress appropriate only \$1,100,212,307 of the \$1,194,704,473 asked by Mr. Roosevelt, the committee trimmed \$25,000,000 from the maritime commission's estimate of \$200,000,000 for the ship construction fund.

Four Boys Drowned, Eight Others Saved

Boeot, Jan. 16.—(P)—Four boys drowned in Boston Harbor yesterday as a result of the dangerous sport of hopping from one floating ice cake to another. Eight others were saved.

The dead were Joseph Curry, 15, Wallace, 12, and Ralph Whitehouse, 8, brothers, and Charles Kendall, 6. An ebbing tide and an offshore wind caught 11 youngsters unaware at their game and carried them far out into the harbor.

Police rescued others, but the Whitehouse boys and Kendall could not be found, although officers scoured the harbor for their bodies.

Harry lost his life in another part of the harbor, when he went to warn his brothers and their friends that the ice was unsafe. His body was found.

Britisher Finds a Substitute for Gas to Run Auto

Waterbury, Eng., Jan. 16.—(UPI)—The fact that gasoline is becoming scarce here is upsetting his business plans of W. A. Hayward, a local business man.

He has now discovered a way of running his car on gas from—fire.

As a result, he is putting in a circular "fire" product, fitted to the car, and takes two minutes to light.

Hayward is then all set for a 20-mile journey, at one-fifth of what would cost him on gasoline.

It cost him \$60 to adapt his car.

of the state conference and a fourth try Friday night would have won the Hill Walsh-coached team as a heavy favorite to capture the state championship. Although the team displayed themselves unafraid, and within the league numbering first following as their victims, Marmion of Aurora (twice), St. Paul of Odell, and Trinity of Bloomingdale.

TAYLOR AND ARGO

Kankakee high school, suffering the loss of Bob Spangler (knee) shooting forward, at the semester plays two games away from home this week, both in the South Suburban League. Kankakee will play Argo on Saturday night, and play Hill Walsh on Friday night. The Kankakees already beaten Argo and Hill Walsh is not highly rated.

The Seminoles' losses at midweek in the Kankakee division were a blow to the team, which has been playing well since the Kays against Argo and Blue Island. Johnny Burns, out of action since last week's game because of an eye injury, will likely be missing again this week. The battle to finish in the top half of the division these days also involves Oakes, Schnell and Lang, with Schnell in the position: beginning next week.

Top victories this week would come from the Kays against the Kankakees on the heels of the league-leader Bloom of Chicago. The Kays, who have been playing well since slipping the way, the locals haven't suddenly find themselves rooming in the Kankakee division. The Kays are the team to defeat Kankakee, league while they hold trumpeting in the Kankakee division. The Kays are Calumet City and Lockport.

Kankakee's lightweight, Lockport's middleweight and the Kays' heavyweights will be out after their fifth and sixth games. The Kays' heavyweights will be out after their fifth and sixth games. The Kays' heavyweights will be out after their fifth and sixth games.

Bradley Top's K. V. Field

The feature of the 12th annual Kankakee Valley tournament is a 600-yard dash, a traditional event which has taken seven straight years without a loss in the preference to hold undisputed first place. Bradley, despite its power, has never been a favorite of the defending champion, a fact that honors belongs to Peotone, surprise winner over Bradley in the finals at Morton in 1979.

On the basis of past performances, Bradley's march through the meet unopposed. However, like last year, the surprise element is for ever present. Bradley doesn't enter competition until Thursday night when it will be the first time that the Red Sox appear in the

GREAT BRITAIN OBJECTS TO A NEUTRAL BELT

Opposes "Security Zone" of American Republics

London, Jan. 16.—(UP).—Great Britain, rejecting in conciliatory terms the "security zone" of the American republics, contended today that the American navies could not police such a vast sea area and that it would become a sanctuary for German fighters and supply ships "from which they could emerge to attack allied and neutral shipping."

The British statement was in reply to a message from the president of Panama on Dec. 23, calling attention to the ban on all belligerent activities from an area extending 300 to 600 miles from the coasts of American nations.

The reply was sent to the president of Panama, for dissemination to the other 20 American nations which unanimously had approved the security zone plan.

"Life Belt for Hitler"

The Daily Mail said today that such a neutral zone would become a "life belt for Hitler," and that its legality was questionable since the first condition would be a means of enforcing it "and of course, the

American countries couldn't possibly maintain an effective patrol over so vast an area."

In "reserving full belligerent rights in order to fight that menace presented by German action and policy and to defend that conception of law and that way of life which they (his majesty's government) believe to be as dear to the peoples and governments of America as they are to the peoples and governments of the British commonwealth of nations," Britain argued:

"Acceptance by his majesty's government of the suggestion that belligerents should forgo their rights in the zone must clearly be dependent upon their being satisfied that adoption of the zone proposal would not provide German warships and supply ships with a vast sanctuary from which they could emerge to attack allied and neutral shipping, to which they could return to avoid being brought to action, and in which acts of unneutral service might be performed by non-German ships, such as by use of wireless communications."

"It would also be necessary to ensure that German warships and supply ships would not be enabled to pass with impunity from one ocean to another through the zone, or German merchant ships to take part in inter-American trade and earn foreign exchange which might be used in attempts to promote subversion and sabotage abroad and procure supplies for prolongation of the war, thus depriving the allies of the fruits of their superiority at sea."

Might Have Adverse Effect

Britain argued that such a security zone might have the adverse effect of causing an accumulation of belligerent ships in the zone and that this "might well bring the war nearer the American states and

lead to friction between on the one hand the allies pursuing their legitimate belligerent activities and on the other hand the American republics endeavoring to make this new policy prevail."

"Up to the present it doesn't appear that means have been found by which the disadvantages of the zone proposals could be eliminated," the statement said. "That this is the case was shown by operations in the zone of the warship Admiral Graf Spee and the supply ship Tacoma."

It was charged that if the Americans adopted some plan for enforcing the security zone "they would in effect be offering sanctuary to German warships within which his majesty's ships would be confronted with the invidious choice of either refraining from engaging their enemy or laying themselves open to penalties in American ports and waters."

"If the allies are to be asked to

forego the opportunity of capturing these vessels it would also seem to be necessary that they (enemy ships) should be laid up under American control for the duration of the war," the statement said.

MANTENO

Birthday Party

A group of friends attended a birthday party in honor of Mrs. Ruth Hendrickson's birthday Monday night. Those attending were: Mrs. Irene Meyer, Mrs. Cora Senesac, Mrs. Grace Meyer, Mrs. Roxie Haven, Mrs. Ethyl Buck, Miss Sarah Hendrickson, Betty Parker, Mildred Stark, Lorraine LaGesse, Alice Flott, Mrs. Vivian Seimeur. Five hundred was the diversion with prizes awarded to Mrs. Ethyl Buck and Mrs. Grace Meyer.

Notes

Leonard Bedore spent the weekend with his parents Mr. and Mrs.

Jess Bedore. He is an aeronautics student at Rantoul and resumed his studies Monday.

The C. D. of A. held a pot luck supper in the American Legion hall last Thursday evening. The Rev. William McCawley of Wilton Center, state junior chaplain, gave the address. Mrs. James Carney was a guest. Bingo was played with prizes going to Mrs. Hattie Devereau, Nedda Cyrier, Ellen Gorman, Rosella Smith and Della Besse. Mrs. Zalda Guimond resigned as chairlady of

the sick committee. Russell Bedore has returned from a CCC camp at Salt Lake City, Utah. He will spend the winter in Manteno.

The American Legion will meet Monday night in their hall.

The Chatterboxes, a class of girls from the Methodist church, met at the home of Priscilla Boughton on Saturday. Those attending were: Josephine Baker, Barbara Dickson, Recta Parker, Patsy Bryan, Betty Senesac, Enid Fitch, Audry Payne

and Corrine Ward. Rita Parker has been elected president. Barbara Dickson vice president. Helen Williamson secretary and treasurer. and Priscilla Boughton is reporter. The teacher is Miss Corrine Ward.

There will be a meeting at the Methodist church Jan. 23 featuring an address by Attorney John Mayhew of Kankakee and a pot luck supper.

=RADIATORLESS CAR=

Now on Exhibition in Kankakee

The greatest of all lubricating achievements—This big event made possible by the use of nothing but

—LUBRI-GAS—

THE CORRECT MOTOR FUEL FOR ALL CARS

Watch for this Radiatorless Car. The Camel Car is its name — It does not Use Water!

THE CAMEL CAR

It is said that a Camel can go seven days without water, but the Camel Car that is being driven on the streets of Kankakee without a radiator, water or fan, has the Camel's record broken, for it can go much longer than that without it!

LUBRI-GAS

THE CORRECT MOTOR FUEL FOR ALL CARS

The Original ANTI-KNOCK Gasoline

Originated 1915 — Sold in the United States and Foreign countries since 1916, and now it
A SUPERIOR GASOLINE

More mileage—more power—more motor life—no carbon—a cool engine—perfect compression and ignition—joy and pleasure in driving—clean spark plugs—no knocks. You are burning dollars, why not save dollars? Stops knocks, thumps, pings! Cost you no more! Lubri-Gas costs you no more than regular gasoline.

7 REASON FOR USING LUBRI-GAS

(1) By the scientific lubrication of the upper cylinder walls and combustion chamber, Lubri-Gas eliminates the heat and steady drag on the motor caused by friction.

(2) By the lubrication of the upper cylinder walls and combustion chamber, it prevents the deposit of carbon, which will not adhere to any oil surface.

(3) By the use of Lubri-Gas, the carbon is removed from the cylinders, eliminating the sticking, burning and pitting of valves, excessive wear on pistons and scored cylinders.

(4) Lubri-Gas is the ONLY system which provides lubrication for the upper cylinder walls of a gasoline engine without producing carbon, foul spark plugs, pitted valves and faulty ignition.

(5) 20% to 25% more mileage and power. By the lubricating of machinery we reduce friction; by the reduction of friction we reduce the amount of power necessary to propel machinery; by reducing the amount of power necessary to propel machinery, we can reduce the amount of fuel necessary to produce sufficient power; hence more mileage and power.

(6) It is proven by actual tests that WATER WILL NOT BOIL IN THE RADIATOR if you use Lubri-Gas.

(7) Prevents dilution of the oil that is used in the regular lubricating system, for the reason that it forms a perfect oil seal around the top piston ring and holds back the gasoline that otherwise would drop into the oil reservoir.

THINK OF THIS

Water will not boil in the radiator when it is hot weather and you do not need water in the radiator when it is freezing weather—the Lubri-Gas dealer will tell you why. Fill your tank with Lubri-Gas today! More power—more mileage—no carbon—A COOL MOTOR!

LUBRI-GAS

TRADE MARK

TO AUTO OWNERS: Lubri-Gas sells at the price of ordinary gasoline. It is sold exclusively by independent-owned filling stations and garages. Drive into the MINER OIL COMPANY Filling Station, 491 N. Schuyler Avenue, and at the stations of the oil companies in the towns listed below and buy your next gasoline. It is the best thing you ever tried. Tell your independent dealer the results you get from Lubri-Gas and he will get it for you. New dealers will be added rapidly throughout Illinois. Watch for the Lubri-Gas signs. The dealer deserves your patronage.
