No Unimportant People In A Democracy

Noted Educator Says
At 17th Annual
Gallagher Banquet

There are no unimportant people in the world—treat everyone as if you come in contact with them, and you will find that everyone is important. This is the philosophy of a democracy, and it is the philosophy of a democracy that is the foundation of a democracy.

Blizzard Rages In Maine And Vermont Today

Roaring Snow And Rain
Whip Immense Tides
Along The Coast

Boston, April 22.—A roaring snow and rain laden northeaster, which whipped up immense tides and isolated the northeast tip of Maine and sections of other coastal communities, confronted New England today with the possibility of serious floods as rivers rose in the wake of the storm.

The blow reached blizzard proportions in Maine and Vermont, and some sections of New Hampshire, where from five to 10 inches of snow fell, impeding traffic and drenching scores of automobiles without serious injury to passengers.

Two Norwegian Towns Reported In Flames

British Continue Their Night Raids Over Air Bases

BULLETIN
London, April 22.—(P)—A war office communique tonight said British troops have landed at many places in Norway and have achieved "considerable successes despite many difficulties."

BULLETIN
Stockholm, April 20.—(P)—British warnings that the far-north Norwegian port of Narvik, held by Germany, would be bombarded and advising residents to leave the town before firing started were broadcast three times today.

By THE ASSOCIATED PRESS
The towns of Narvik and Andalsnes, where allied forces have landed in Norway, are aflame, Germany reported today as both sides sparred by intense rivalry for air supremacy over Norway, stepped up the pace of their aerial warfare.

The Germans have sent warplanes over Norway in droves to drop high explosives on British warships, transports and landing points.

DNB, official German news agency, which announced the burning of Narvik and Andalsnes, said German air bombs had struck the British heavy bombers.

The focus of Britain's air might has been on keeping Nazi bombers and aerial transports aground. The British repeated their periodic night raids on the airfield at Stavanger, Norway, and also bombed German-held bases at Kristiansand, on the Norwegian Skagerrak coast, and at Aalborg, Denmark.

Sweden Anxious
Whether by accident or by design, reverberations of the struggle in the skies echoed on neutral soil. Sweden, on the fringe of the Scandinavian battleground, was particularly anxious.

Charging "especially numerous and grave" incursions over Swedish territory by Nazi warplanes, the Stockholm government protested strongly to Berlin today and asked measures against repetition.

Extraordinary air defenses were taken and one Swedish newspaper accused the Germans of reconnoitering Sweden's defenses with shot down on Swedish soil and warning shots were fired at others. The crews of two planes which made forced landings on Gotland, Swedish island in the Baltic, burned their craft.

Word reached Washington today that Captain Robert M. Losey, assistant United States military attaché at Stockholm, had lost his life in a German bombing raid at Dombas, Norway, yesterday.

One German plane was shot down on land in the European war. Apparently as a precaution for other Americans, meanwhile, the United States legation at Budapest advised American citizens in Hungary to decide as to the advisability of leaving for the United States while there still are means of egress available.

It said, however, it had "no information which would lead it to believe that the war will be extended to southern Europe."

Both Sides Claim Successes
A German warplane was shot down in a duel with three French fighters crashed at Narclmont in the Belgian province of Luxembourg; its pilot was found dead in the wreckage. Its two other occupants.

Three Members Of One Family Die In Crash
Noble, Ill., April 22.—(AP)—A train automobile collision at a crossing near here claimed the lives of three members of one family.

Kindell Butler, 22, his wife, Dorothy, 18, and their 7-month-old daughter, Ida, were killed instantly when their car was struck by a Baltimore and Ohio passenger train yesterday.

THE WEATHER

Forced To Add 6 Years To Age But Rewarded
Detroit, April 22.—(UP)—Robert Lee Hamilton of Detroit was forced to add six years to his age today but for recompense he had a brother and sister he had not known about.

A letter to an East Prairie, Mo., newspaper asking for information about his birth brought a letter from an aunt who told Hamilton of his brother, Joseph Gregory of Cairo, Ill., and sister, Mrs. Myrtle Brinkley of St. Louis, Mo. He also learned he was 48 instead of 62.

Police Arrest 14 Traffic Offenders Over The Week-End

Fourteen motorists were arrested by police for traffic and parking offenses over the week-end.

Francis Krizan of 118 Vassar avenue, Bradley, was fined \$6.25 by Police Magistrate Edward Hoenicke for speeding. Six were assessed \$2 each for parking overtime in the business district—Eddie Lecuyer, 605 South Yates avenue; C. H. Williams, 1661 East Court street; Donald Langelier, 206 North Chicago avenue; T. Bouchard, 304 West Stone street; Paul Gund, 497 South Elm avenue; H. E. Russell, 360 South Chicago avenue.

For blocking an alley, G. H. Galt, of Kankakee route 2 was fined \$2 and for double parking Forrest Ferguson of 904 South Lincoln avenue and Clyde Farman of 629 South Elm avenue were assessed \$1 each.

The car of Walter Nolte of 136 North Clinton avenue, Bradley, was tagged for parking in a no parking zone but Walter was excused when he claimed the auto had been stolen. He said he had parked it on East Oak street when he went to the theater. When he went to get it he said it had been moved and was out of gas.

Other motorists who were tagged for improper or double parking and are to appear in police court late today include Orville Cheffer, 322 South Indiana avenue, Roy Rapiet of 445 North Hobbie avenue and Walter Hankey of St. Anne.

Believes That War Between U. S. And Japan Inevitable

Washington, April 22.—(UP)—Rear Admiral Joseph K. Taussig, former assistant chief of naval operations, told the senate naval affairs committee today that he believed a war between Japan and the United States is inevitable.

He said he thought Japan is fomenting a desperate far eastern situation as a prelude to a program of conquest by which it hopes to impose its philosophy, on much of the world.

Taussig, now commandant of the fifth naval district at Norfolk, Va., said he believed that Japan intends to try to conquer the Philippines, French Indo-China, the Netherlands Indies and other sections of the Far East.

The Japanese program of world conquest, he said, was detailed in a memorial from Premier Tanaka to the Emperor of Japan on July 25, 1927. Taussig testified that he believed it without reservations, despite Japanese insistence that the purported program is fictitious.

"I cannot see," he said, "how we can ultimately prevent being drawn into war on account of the far eastern situation."

"We would be warranted in using economic and financial means and, if necessary force, to preserve the integrity of China."

Firemen Answer 5 Week-End Alarms

Firemen answered five alarms over the week-end.

Chimney sparks dropping on wooden shingles fired the roofs of two residences but both were quickly extinguished. These were at the homes of Mrs. U. Kaminski of 951 West Stone street and H. Hubert of 231 North Greenwood avenue, both on Saturday night.

At 6:55 o'clock this morning firemen were called to the dwelling of J. C. Brinan of 530 South Chicago avenue where a wooden table supporting a gas plate caught fire. The metal plate underneath the burner which affords protection from the heat had been removed.

The other calls were to the dump in the 100 block on North Fifth avenue which flames up periodically.

Hundreds of Families Flee Homes in Ohio Floods

Hundreds of families fled their homes as Ohio's Hocking river valley suffered its worst flood since 1913 and the river-burdened Ohio river swept into lowlands and entered Marietta, O. Shown here is a scene at Morrow, O., where the rising tides of the Little Miami river and Tod's Run forced lowland dwellers from their homes.

Two Killed In Plunge Of Plane; Belleville

Belleville, Ill., April 22.—(AP)—A 500-foot crash of a privately-owned airplane south of here killed two men yesterday.

Marion Walnwright, 26, of Belleville, the pilot, and Forest Able, Jr., 24, of East St. Louis, were the victims.

At an altitude of 1,000 feet, the plane went into a tailspin, witnesses said, and dropped 500 feet before Walnwright brought it out of the dive. He apparently had it under control when a wing support snapped and the ship plunged into a field.

Walnwright's father, who had landed in another plane just before his son took off, witnessed the crash.

2 Pedestrians Are Struck By Auto At Downtown Crossing

Two pedestrians were injured in an auto accident at 11:10 o'clock Saturday evening at Schuyler and Court streets.

They were Hugh Hetherington, 24, and his wife, 22, of 900 South Fifth avenue who were walking across the intersection when struck by an auto driven by James Greenwood Jr., 19, of 720 Park Drive. They sustained cuts and bruises but no apparent serious injuries.

In seven other crashes reported in this vicinity over the week-end no one was hurt. Involved were cars of Gale Alberts of route 1, Kankakee and Mrs. Harry Breckenridge of Momence in the 100 block on South Fifth avenue; Alan Hillman of Momence and Franklin Gibson of Beaverville in the 200 block on South Schuyler avenue.

Charles Treischel of 1310 East Court street and Lehnor Preborg of 261 Albert avenue in the 1000 block on East Court street; John Reid of 954 North Cleveland and E. Milakovich of Bradley in the 100 block on East Oak; Harry Poppe of Canby and P. M. Cavanaugh of route 2, Watseka in the 100 block on South East avenue; Arthur Fritz of Reddick and J. A. Benoit of Bourbonnais at Court and East; and George Giroux of route 1, Kankakee and John Kiler of Chicago in the 1600 block on West Station street.

Discover New Carriers Of Typhus Germ

95 Now Isolated At Manteno Hospital To Check Fever Spread

Discovery of six new carriers of typhoid fever at Manteno state hospital was disclosed today by Dr. Walter H. Baer, managing officer.

Five of the six had typhoid last fall during the epidemic which claimed the lives of 60. These patients had been released from confinement after showing negative stool tests, which is the routine method of determining when recoveries are made from this disease. Three more patients have died since April 7, bringing the total typhoid deaths to 63.

All carriers are now confined in McDowell cottage, the total being 95. Dr. Baer reports this is an unusual number of carriers for any institution. Every possible source of infection is being checked, he said.

A physician from the state department of public health, Dr. C. M. Eberhardt, has been placed in charge of a new survey in which every patient again will be subjected to tests. Every person who handles food will also be rechecked in the search for possible additional carriers.

Aroma Pk. Man Goes To Sleep On Lawn

Louis Carmichael of Aroma Park had a costly "bender" last week-end. After imbibing freely he staggered over to someone's grassy lawn on which to rest Saturday evening.

Neighbors complained and Deputy Sheriff Walter Bauer brought him to the county jail where a nice cell awaited him with a mattress in everything. Louis ruined the mattress. When he appeared before Justice Henry Bauer to settle up, he was assessed \$5 for the bedding as well as \$8 fine for drunkenness.

Assistant U. S. Military Attache At Stockholm

Captain Robert M. Losey Victim Of Nazi Air Raid At Dombas, Norway

Washington, April 22.—(AP)—The state department received word today that Captain Robert M. Losey, assistant military attaché at Stockholm, Sweden, was killed in a German bombing raid at Dombas, Norway, yesterday.

Losey was the first American killed on land since the European war started.

The state department said Captain Losey had gone from Stockholm into Norway to assist in removing Americans from the war zone.

Frederick A. Stepling, American minister to Sweden, cabled the state department that he had just received a telegram from Opdal, dated yesterday, and signed by Major Ysuum, presumably a Norwegian army officer, which read:

"American military attaché Captain Losey was killed by German bomber plane at Dombas today. Inform Mrs. Harriman (American minister to Norway)."

"He will be sent tomorrow Monday via Boros to Fjellnas, where instructions from legation are awaited."

Awaits Instructions
Sterling telegraphed the American naval attaché, Lieutenant Commander Ole O. Hagen, who is now near Fjellnas (on the Swedish-Norwegian border), to receive the body and await further instructions.

The state department has instructed its legation at Stockholm to obtain all possible information on the circumstances of the death.

Mrs. J. Borden Harriman, the minister to Norway, had cabled that Saturday afternoon. Captain Losey had gone to Norway to assist a party of Americans being moved out under the escort of Lieutenant Commander Hagen. The party was coming over the northern road from Lillehammer, where the Americans had been concentrated, to Sarna. The party of Americans was composed largely of the families of the American legation and consulate at Oslo. It crossed the frontier into Sweden under Hagen's escort yesterday and is now at Fjellnas.

Native of Iowa
Captain Losey reported for duty to Minister Sterling at Stockholm only a few days ago. He previously had been in Finland as an observer during the Russo-Finnish war.

Captain Losey, 31 years old, was born at Andrews, Iowa, was graduated from West Point in 1929 and last served at Mather field, Calif. He was assigned as assistant military attaché for air to Scandinavia in February.

Dombas is on the railroad about 100 miles south, as the crow flies, and a little west of Trondheim. The Rauma river flows nearby.

Makes Restitution, Wins Probation

Watske, April 22.—(RN Special)—Jerome Kass New York City juror salesman under indictment for operating a confidence game, was granted a year's probation Saturday by Circuit Judge Roscoe C. South when he made restitution of \$180 for the fur coats he failed to deliver and paid all other costs including \$200.16 fees for the sheriff in extradition proceedings and \$30 for the state's attorney, a total of \$380.16.

Kass earlier had pled not guilty but several days ago changed it to guilty and asked probation. He is to report regularly to Fletcher Kennedy, county probation officer.

Lake Shore Wreck Inquiry Is Shifted To Albany, New York

Albany, N. Y., April 22.—(AP)—Investigation of the New York Central train derailment which killed 30 and injured 100 at Little Falls, N. Y., turned to Albany today as workers continued to search the wreckage for "ditch" possible victims.

While representatives of the railroad, the interstate commerce commission and the state public service commission were summoned to the inquiry, weary crews struggled to clear the tracks along the historic Mohawk valley route.

The hearing began behind locked doors. W. H. Wood, superintendent of the railroad's Mohawk division, said no announcement would be made "until our investigation is complete."

The superintendent explained that it probably would be "a month or more" before the results would be known.

With expert nods of the head, Oma can supply water not only for herself but enough for the herd and to flood the barn.

Stationed next to the pump, Oma, with the blunt end of her nose, can raise the pump handle and bring it down under her throat. Using these motions she has filled her bucket and repeated the process until she was full.

Then she remembers her mates, and begins to run the bucket over so the excess will run down their troughs. This not only waters the rest of the stock but floods the barn.
