Workers For Defense Plan Asked Today

Members Of Congress
Object To Compulsory
Training For Youth

By The Associated Press
Washington, June 21.—President Roosevelt today asked Congress to pass a bill authorizing \$22,500,000 for the prompt training of skilled and semi-skilled workers in the defense industry. The bill would be a part of a national defense program. The bill would be a part of a national defense program. The bill would be a part of a national defense program.

Convention Delegates

Mrs. Katherine Niehouse of San Diego, formerly of Kankakee, and Victor McBroom, sister and brother, are both delegates to the Republican National convention at Philadelphia. Mrs. Niehouse is the daughter of the late Senator William D. Hearnes of California. Mr. McBroom, a state committee member of the Kankakee County Republican committee for many years and now its chairman, represents the 18th congressional district.

NYA Members Take Oath Of Allegiance

(Picture on Page 12)

The significance of American ideals was impressed upon formative young minds by Circuit Judge Luther B. Bratton today as he administered the oath of allegiance to the flag for young men and girls participating in the Kankakee and Bradley National Youth administration work program.

Ceremonies were held this morning in Judge Bratton's courtroom. Leo E. Channon, principal of Departmental school, cooperated with NYA Area Supervisor Joseph W. Channon in arranging the pledge. Mr. Channon is athletic officer of the American Legion activities for juniors.

The oath was taken by the youths in obedience to congressional decree before the start of the federal fiscal year July 1. Additional Kankakee county youths who will be given part time work during the next 12 months under broadened program will also be required to take the oath.

Clarence A. Bolton, NYA district supervisor, has arranged similar programs in nine northeastern Illinois counties.

4 More Local Boys Enlist In U. S. Army

Four more recruits have been accepted for enlistment in the United States army. It was announced today by Sgt. William G. Reilly, recruiting officer stationed at the armory.

The four are Irving Cloutier, 586 West Station street; Gilbert Lafave, 447 South Evergreen avenue; Harold Dufrain, 531 North avenue; and Leonard Seliga, 654 West Charles street, all of whom have been assigned to the infantry post at Fort McClellan, Ala.

Sgt. Reilly disclosed today he had been advised that new unlimited quotas are in effect at once in the following units: field artillery, 3rd division, Fort Lewis, Wash.; 99th anti-tank battalion, Fort Lewis, 15th infantry, Fort Lewis, 32nd infantry, Camp Ord, Calif. and medical department, Camp Ord, Calif.

The president was following indicated he wanted to lead the country into war. As members of the resolutions subcommittee settled down to drafting a platform—expected to be brief and to follow the general pattern of the Glen Rock report—the impression was spreading that the anti-war, non-intervention declaration would be sharp and direct.

Farm Policy
One of the chief platform labors yesterday, and one which took a hearing, accorded a group of Republican representatives by the agricultural subcommittee. Representative Hope of Kansas, who led a Republican congressional group into the widely-separated sections of the country to study the problem during the last year, presented his findings.

They included a proposal that the Republican party endeavor to fasten its farm policy to the general welfare of the nation, with a continuation of subsidies through conservation payments to farmers as long as such policy is needed to balance their income with that of other workers.

Colonel Knox, a delegate-at-large from Illinois, turned in his resignation to his state committee and cancelled a hotel reservation which would have brought him to Philadelphia last night.

Capture Man Here Who Escaped From Iroquois Deputy

Wendell Martin, 39, of Hoopston was arrested at 4:15 o'clock Thursday afternoon by Deputy Sheriff Walter Bauer and Gene LaFontaine near the Upson garage where he was attempting to negotiate for purchase of a car.

Martin, under indictment for forger in Iroquois county, escaped from Deputy Bee Wilson of Clinton who attempted to serve him with a warrant about three weeks ago. When Martin was stopped, he asked permission to run his truck around the corner and park. That was the last seen of him by authorities until yesterday.

Sheriff Guy E. Redman came for him last night.

St. Anne Man's Sows Win Cash Prize

Albert Tetreau of St. Anne was awarded a \$5 prize on his five sows entered in the semi-solid pig farrowing contest. He won in direct competition with some of the most hog raisers in the midwest.

The Consolidated Products company sponsored the contest to emphasize the necessity of good feed, care and breeding in pork production. More than 15 midwestern states were represented, and cash prizes totaling \$2,000 were distributed to 200 hog men raising the heaviest service of pigs from five sows two weeks after farrowing.

5 Motorists Learn Law The Hard Way

Five motorists learned about traffic laws the costly way yesterday in police and justice court. Marcus Perkins, 64, of Piper City, arrested by city police for running a stop sign, was fined \$4.25 by Magistrate Edward Hoenicke. Charles Ciaque of Chicago was assessed \$4.25 for speeding.

For careless driving, Ralph LaFaber, 20, of St. Anne was charged \$4.25 for parking in a safety zone. A J. Harrington of 312 South Chicago avenue paid \$2 for safety zone violation. He was charged \$4.25 for careless driving.

Edward Ward of 412 South Prairie avenue, Bradley, arrested by State Highway Officer George Beckhelm for operating a car without a state license, was fined \$3 by Justice Fred R. Smith.

I. C. Agent At Monee Retires Saturday

George E. Ricketts, station agent for the Illinois Central railroad at Monee, will be retired on pension Saturday when he observes his 67th birthday.

Mr. Ricketts has been employed on the road 45 years, 33 of which have been spent at one station. He was born June 22, 1873 at Indian Springs, Ind. He entered Illinois Central service in 1895 and served as agent and operator at various points until April of 1907 when he went to Monee as agent.

He and Mrs. Ricketts plan to do considerable traveling after his retirement. They have five children, two boys and three girls. One of his sons is I. C. agent at Birkbeck, Ill., and about 12 years ago five other members of his family worked for the I. C. at the same time.

Investigate Bombing Of Nazi Office

New York, June 21.—(UP)—Federal state and city authorities here today in a thorough investigation of the bombings of a German and a Communist office hoping to discover in this city of almost 2,500,000 foreign-born population.

Police questioned more than 30 persons during the night without finding a clue to the bombers, but agents of District Attorney Thomas E. Dewey and the Federal Bureau of Investigation were making secret inquiries and did not announce the results.

The bombs exploded within a 45-minute interval yesterday. One exploded at 4:10 p. m. on the 18th floor of a 27-story office building, outside the office of the Deutscher Handels und Wirtschaftsdienst, a translated the firm's business cards as the International Commercial Agency and professing to be an independent commercial firm people in Germany. It is directly which transmits food packages to the German consulate. That blast injured nine persons, one seriously.

The other bomb exploded on a sidewalk step leading into a building housing the national headquarters of the Communist party, the New York state headquarters of the party, the Young Communist league, the Daily Worker Communist newspaper, and the Workers Book shop.

Neither bomb caused much damage but both caused considerable smoke and panic. Only Joseph McKill, elevator operator in the German firm, remained in the hospital. He was severely but by glass and possibly had a broken leg.

Congress May Keep Working Next Monday

Washington, June 21.—(AP)—Congress struggled today toward recessing work for a week but the \$1,000,000,000 defense bill made no progress and Speaker Bankhead predicted that congress might still be in session Monday.

Members of a senate-house compromise committee reported today that nothing had been accomplished on composing senate and house differences on the tax bill.

Chairman Harrison (D-Miss) of the senate conferees said the committee would meet again at 5 p. m. (4 p. m. C. S.).

While saying it "looks like" congress could recess tomorrow for one week, Bankhead added, however, that sessions Monday might be necessary to complete action on appropriation bills which must be approved by President Roosevelt before July 1.

Democratic Leader Barkley said the senate might quit tomorrow night until July 1, if the house approved such a resolution first.

Otherwise, he said the plan was to meet Monday, recess until Thursday and then recess until the following Monday, without taking up any important business next week when the Republican convention will be in session in Philadelphia.

Administration lieutenants had been trying to obtain a recess until August 1 but the bi-partisan bloc demanding that congress stay in session appeared to have won.

Makes Restitution For Worthless Checks

Maurice Wilson, 27, of Champaign, employee of Manitowish state hospital arrested Wednesday by city police for passing bad checks, won his release today after returning property, making other restitutions and paying a fine of \$25 in police court for disorderly conduct.

He paid up eight bad checks totaling \$147.55.

BULLETINS

Bordeaux, June 21.—(UP)—Marshall Henri Philippe Petain was reported today to have received by telephone the terms upon which Germany will grant France an armistice.

It was believed here that France would not make a reply to the German terms until after a meeting of the council of ministers which probably will be held tonight.

Washington, June 21.—(UP)—Chairman David I. Walsh of the senate naval affairs committee today declared himself against giving aid to the allies. He told the senate he would resign his post rather than vote for United States entry into anything except a defensive war.

Berlin, June 21.—(AP)—Negotiations between the French and German plenipotentiaries over an armistice still were going on at 7:50 o'clock tonight (11:50 a. m. C. S.). DNB, the official German news agency, announced.

The French agreed to the text set aside for them at 4:25 p. m. (8:25 a. m. C. S.) to discuss the armistice terms handed them by Wilhelm Keitel, German chief of staff, and also to contact their government by telephone.

Rome, June 21.—(UP)—The Rome radio said tonight that if France agreed to the German armistice terms Italy will cooperate with Germany in a military occupation of France. The radio indicated that military occupation is one of the German armistice prerequisites.

At the French-Swiss Frontier, June 21.—(AP)—France's reorganized army of the Jura and the Alps, reinforced by many units which had retreated from the Maginot line, today was reported not only to have held German motorized units south and east of Lyon but to have driven back advanced Nazi columns northwest of Grenoble with heavy losses.

Nazi Program Is Organized By Rumanian King

Bucharest, June 21.—(AP)—A sweeping German victory in the battle for political influence in Rumania was scored tonight with the announcement that King Carol was forming a new totalitarian political party on the Nazi pattern.

The party is to be known as "the Party of the Nation." It was supposed to be a party of National Revival, and its program was to play a big part in the new organization, whose bases were announced as "nationalistic, Christian and racial."

This was interpreted as meaning that Carol was prepared to put a full Nazi program into force, even including a return to anti-Semitism in an attempt to win favor with the victorious German Reich.

It was learned that a royal decree was drafted providing for the full Nazi program of the national political party to take in all opposition elements, the Iron Guard along with the Peasant party.

Carol will make the first broadcast of his life—except for his annual holiday greetings—tomorrow night when he is expected to elaborate his changes.

The German minister in the past 24 hours has had several audiences at the royal palace. German sources have been predicting for days the formation of a completely pro-Nazi government.

May Dismiss Bond Suit Against Mrs. Sally Sancelius

A motion to dismiss the suit which the Royal Indemnity company, a bonding firm, has pending in circuit court against Sally Sancelius for alleged liability in connection with administration of the estate of John Rosowski, was taken under advisement yesterday by Circuit Judge Luther B. Bratton.

Attorney Samuel Shapiro and Claude Granger moved to dismiss the complaint, attacking it as insufficient and contending that if any liability exists it should be adjudicated in probate court.

Several years ago that court found a default of \$19,000 in the estate which was administered jointly by Mrs. Sancelius and C. B. Sawyer. The bonding company paid \$13,034.20 on Sawyer's bond and then instituted suit against Mrs. Sancelius, who signed the bond.

The bonding firm is represented by Attorney Wayne Dyer and John Flynn of Chicago.

HOME FROM 'HOSPITAL

Mrs. Agnes Marion of 251 South West avenue was brought from the Veterans' hospital yesterday where she had been receiving treatment for injuries received in an automobile accident earlier in the week. She suffered injuries to her leg and right side and bruises and cuts on her body and face. Her car hit a culvert and was completely demolished.

Senate Hearing Ordered On Roosevelt's Appointment Of A "Coalition War Cabinet"

Washington, June 21.—(AP)—The senate military committee today ordered hearings on President Roosevelt's nomination of Henry L. Stimson to be war secretary, and Stimson himself will be called to testify.

As a momentous senate debate over foreign and defense policies shaped up around the Stimson appointment and that of Col. Frank Knox to be secretary of the navy, it appeared there would be no action on confirmation for more than a week.

Chairman Sheppard (D-Tex.) said that Stimson would be called for testimony "in a week or so" and it was expected to be at least that long until the naval committee acts on the Knox nomination. The naval group will hold its first meeting on the subject tomorrow.

Members of the military committee said that demands for hearings on Stimson came chiefly from Republicans but that once such a procedure was decided upon there was no opposition to calling the nominee himself.

Both Stimson and Knox are in frank agreement with President Roosevelt's program of material aid to the allies.

By The Associated Press
Washington, June 21.—A momentous senate debate on Roosevelt foreign and defense policies was shaping up today amid furor over the unexpected appointment of two former Republican cabinet members, who were promptly disowned by their party's national committee.

Senate action on the nominations may be delayed until after the Republican convention next week, but the first stormy discussion—pro and con—made it evident that the vote on confirmation will follow a thorough argument over America's course in regard to the European war.

Both Henry L. Stimson, chosen to be secretary of war, and Col. Frank Knox, named secretary of the navy, are in frank agreement with President Roosevelt's program of material aid to the allies.

To critics who charged he was setting up a "war cabinet," the chief executive replied in a statement last night:

"The appointments to the cabinet are in line with the sentiment of the nation for national solidarity in time of world crisis and in behalf of national defense and nothing else."

Fireman's Life Was Listless So They Got Action

Port Huron, Mich., June 21.—(AP)—Life as a volunteer fireman in Marysville proved so dull, the state charged today, that some of the boys organized an arson ring. The volunteers collected \$3 fees for answering alarms.

Leo Nelson, 20, son of the Marysville fire chief, and John MacPherson, 57, a volunteer fireman, pleaded guilty to arson today in the court of Justice of the Peace David McHale.

Richard W. Holt, chief assistant prosecution, said Nelson and MacPherson admitted they set fire three times to an abandoned store and residence building.

Holt said seven more unexplained fires were being investigated and that five other persons would be taken into custody.

Rural Carriers Elect Geo. Gates

George Gates of 377 South Harrison avenue was elected president of the Kankakee County Rural Letter Carriers at a meeting of the group and auxiliary recently at the Charles Peterson home in Herscher.

Other officers are: Vice president, Fred Maun; secretary-treasurer, Fred Stith, Kankakee. Present were Mr. and Mrs. Russell DuMontelle and Mr. and Mrs. Raymond Sprimont of St. Anne; Dick and Ed Hamilton, Redford; Mr. and Mrs. Fred Stith, Mrs. George Gates of Kankakee and Mr. and Mrs. Mau of Bonfield. Refreshments were served.

Italian Press
Claims British
Want Duke Back
Rome, June 21.—(UP)—The newspaper Messaggero claimed today in a dispatch from Bern, Switzerland, that the British army had risen against King George and was demanding the return of the Duke of Windsor to the throne.

The dispatch was carried by Messaggero under a banner line on the front page of its noon edition. "The Italian press and radio for the past two days has devoted unusual attention to the Duke of Windsor. Yesterday a report was circulated—and officially denied at London—that the duke's arrest had been ordered by Prime Minister Winston Churchill if he returned to Britain."

War Jumbles Forecast Of The Weather

Chicago, June 21.—(AP)—When a sudden change to rain and cold ruins your summer ensemble, it may be the fault of the war rather than the weatherman who forecasted fair and warmer.

An unfavorable effect of the European conflict on forecasting was explained today by Francis W. Reicher, Washington, chief of the United States weather bureau.

Before the war, he said, the bureau received as many as 75 to 100 weather reports a day from ships in the Atlantic and these could guide the domestic service. Now the vessels virtually have ceased reporting lest their messages tip off their positions to submarines.

Chilly weather prevailed in the Ohio valley and adjacent regions to the south and east today as summer made its official debut at 7:37 a. m. (CST). At that hour it was 55 in Chicago.

Today is the year's longest day, with possible sunlight of 15 hours and 14 minutes, from 4:14 a. m. to 7:28 p. m. (CST).

The 84-year-old premier has asked for a "soldier's peace"—and Frenchmen have indicated that they would fight on rather than yield to dishonorable demands.

Hitler appeared determined to reply measure for measure to the world war peace against which he railed and bled to the present victor.

What About Navy?
The 1918 peace, sealed later at Versailles where Hitler yet may go to proclaim mastery over continental Europe, stripped Germany of her colonies, cost her sorely in reparations and etched out a map of Europe the fether subsequently revised with pen strokes or gunfire and bombs.

A question of the peace was the fate of the French navy: Whether if Hitler demanded it, France could hand it over for the renewed "battle of England."

That battle, already begun in nightly air raids by both sides on every country, had a full overnight.

Besides peace with Germany, France faces the issue of peace with Italy. Premier Mussolini, following an appeal by France for a separate armistice, agreed to set a time and

Republicans Veer Toward Strong Anti-War Platform

Chicago, June 21.—(AP)—Republican headquarters reported today that Mrs. Mabel G. Reinecke would succeed Col. Frank Knox as one of Illinois' eight delegates-at-large to the Republican national convention.

Col. Knox, nominated for secretary of the navy by President Roosevelt today and promptly turned out of the Republican party, turned in his resignation as a delegate at Philadelphia today.

Officials at the party's state headquarters here said the post would go to Mrs. Reinecke, a Chicagoan who held the top place on the list of alternate delegates-at-large selected at the state convention a week ago in Springfield. She is a member of the board of election commissioners.

By W. B. RAGSDALE
Philadelphia, Pa., June 21.—(AP)—Republicans assembling for their 1940 national convention veered sharply toward strong anti-war platform declarations today after a tumultuous national committee meeting in which they read Henry L. Stimson and Col. Frank Knox out of the party.

They denounced Herbert Hoover's secretary of state and Alf M. Landon's 1936 running mate as "interventionists" for accepting the posts of war and navy in President Roosevelt's cabinet and said the course the

Crushing Of The French Is Now Complete

British Face A Grim Struggle To Defend Their Little Island

By DEWITT MACKENZIE
Associated Press Writer

Whatever may be the ultimate outcome of the German armistice terms laid down today in the historic forest of Compiègne, the chance of further effective military resistance by continental France has been crushed.

Colonies may elect to hold out, but the mother country must bow her neck to the burden of occupation and rule by enemy soldiery until the entire war is finished.

Already in recognition of the close of this phase of the blitzkrieg, the battle of Britain is swelling up in heavy bombings by both sides, with considerable loss in civilian lives. It won't be long now before we get the full fury of the final stage of the conflict to determine whether the British and French empires shall survive or whether Adolf Hitler shall rule Europe.

Bases For Assault

Capture of the great port of Brest in Brittany has given the Germans the last point of vantage of this sort that they needed for their onslaught. All the continental channel ports, and all the North Sea and Atlantic ports clear to the Arctic, now are lined up in Nazi hands to act as bases for the assault.

England faces two dangers—starvation and invasion—and it would be avoiding the truth if one didn't recognize the great gravity of the British position. Premier Churchill the other day told the house of commons:

"We shall defend our island whatever the cost may be. We shall fight on the beaches. We shall fight on the landing grounds. We shall fight in the fields and streets and in the hills."

Undoubtedly the British will do exactly that if the German threat of invasion is carried out. And with some two million men already under arms, the little island should give a good account of itself.

Submarine Blockade

There still remains, however, the grim and perhaps more dangerous threat of starvation through the air and submarine blockade which the Germans intend to impose with all their power. We must remember that England is dependent on sea-borne imports for more than 75 percent of her foodstuffs.

The Germans now are within bombing distance of every port in the United Kingdom. The entire south and east coasts are threatened from the large number of comparatively near air-bases of the Germans. This includes the great port of London through which normally much of England's food passes. Moreover, west coast ports like Liverpool and Bristol can be reached by air.

Puts Finishing Touches

Gov. Harold E. Stassen of Minnesota is shown as he went over the final drafts of his Republican national convention keynote address but said some late revisions might be

necessary because of possible European developments. Stassen will deliver the address the first day of the convention in Philadelphia.

Another grave aspect of the situation is that England's industries are crowded into the southern half of the country within fairly easy raiding distance from the continent. About such great centers as London, Bristol, Cardiff, Norwich, Birmingham, Nottingham, Manchester, Sheffield and Liverpool, are grouped miles and miles of manufacturing of all sorts.

Bombing Raids

It will be strange if Hitler doesn't go "all out" in bombing shipping ports, and individual centers in an effort to strangle England. To this task also will be assigned his fleet of submarines which undoubtedly has been increased considerably in recent weeks. Actual invasion would be risky before the ground had been prepared in this way.

That's the German side of the picture, and it must look rosy to them. The vital task of the British will be to beat off that Nazi air fleet. England reports that she is stronger in the air as compared with the Germans than she was at the outbreak of the war. She also has a powerful anti-aircraft defense. And there is her vast navy.

The National Save-a-Life league, established in 1906 in New York, has as its object the dissuading of would-be suicides from taking their own lives.
