ALLIED TROOPS QUIT ANDALSINES

Allies Launch New Offensive To Halt Nazis

Norwegians Force German Troops Back In The Glomma Valley

By WEN GALLAGHER
Stockholm, May 2.—(AP)—Norwegian troops strengthened by foreign volunteers, were reported today moving west from the Swedish frontier and south through the Glomma river valley as German forces fell back from their advance posts to protect their supply lines in central Norway.

The Norwegians' occupation of the point of the Glomma river valley, and Tynset, 25 miles south of Roros, after the Germans had withdrawn apparently has prevented the Germans from linking their northern and southern forces, at least temporarily, along this route.

Roros is 195 miles north of Oslo. Norwegians were not committed as to the nationality of the foreign volunteers aiding them, but reports have told of numerous Swedes crossing the border to fight the Germans.

New Offensive Taking Shape
While the guerrilla tactics of resistance in the Norwegian forces were harassing the sketchy Nazi line, a new British sea and air offensive to halt the flow of German troops into Norway appeared to be taking shape.

Latest reports indicated that the Germans still held Kvikk, west of the Glomma valley and northeast of Troms, where allied forces still are said to be struggling to check the German drive.

Dombas controls an important railroad junction in the Budbrands valley, another route of the German effort to establish a land connection between Nazi forces at Oslo and Trondheim.

Over on Sweden's west coast, Swedish warships, reinforced by bombing planes, invaded the Kattegat yesterday and fought a two-hour battle with German naval vessels during which one Nazi ship was sunk and another set afire.

Word of the naval engagement coincided with Norwegian dispatches asserting the Germans, unable to maintain their thinly drawn lines of communication in the strategically important Glomma river valley, had withdrawn southward some 35 miles, presumably to await reinforcements.

A Norwegian communiqué also declared the Germans had suffered a defeat at Otta in the parallel Gudbrands valley, 50 miles south of the Dombas railroad junction and had fallen back with heavy losses.

Norwegian accounts of the German withdrawal in the Glomma valley indicated a severance of communications between Oslo and Trondheim, establishment of which Berlin announced earlier in the week after reports of sweeping successes.

The Germans were said to have surrendered the key point of Roros, at the northern end of the Glomma valley, and to have retired to a position below Tynset, 25 miles further south.

No Fatality In 5 Months In Kankakee

For the fifth consecutive month no fatalities were reported in auto crashes occurring within the city limits of Kankakee, an analysis of the April record shows.

Seven persons were injured in 63 accidents last month, bring the total for the four months of 1940 to 218 injured in 299 accidents.

This is compared with one killed and 22 injured in 241 crashes during the same four months of 1939.

While the total number of persons injured is slightly higher, this is due in part to the higher percentage of persons reporting the accidents in which they are involved, police point out. More motorists are beginning to realize the difficulties that arise when they fail to report.

Most of the injuries listed in police files this year have been of a minor nature.

Right Arm Of "The Law" Is Injured

In spite of a right arm broken in two places and carried in an awkward sling contrivance, Justice Fred R. Smith is keeping regular hours in his courthouse office.

He received the injury Tuesday night when he slipped on a wet sidewalk near his home, 162 North Dearborn avenue.

Hold Stranger After Child Loses \$5 Bill

Hershel Crawford, 36, of Dayton, Ky. was arrested Wednesday afternoon at the Big Four by Chief of Police L. B. Rogers and Detective Don Bleau for investigation.

He was questioned concerning the disappearance of \$5 from the counter of the Silyhart bakery, 226 South East avenue, after he left the place yesterday afternoon.

The money belonged to a child patron of the store.

Stick Of Dynamite Is Used By Boys As Bat

Berkeley, Calif., May 2.—(UP)—Four junior high school boys played baseball yesterday with a stick of dynamite as a bat until police stopped them. They said they found it on a construction job.

Trees Are Theme Of Business Women's Spring Meeting

Mothers and friends of members of the Business and Professional Women's club were guests at the May meeting Wednesday evening at the Kankakee Country club. The dinner marked the annual Mother's day meeting of the group.

Mrs. Margaret March-Mount of the federal forestry service provided a humorous and fascinating talk on the conservation of the forests. There was special music.

Miss Helen Shuman, president, welcomed the guests and introduced her own mother, Mrs. George Shuman of El Paso. Introduction of the other guests followed.

Seasonal Music
Musical incidental to the first of May was sung by Mrs. Warren R. Hickox and Mrs. Victor McBroom. Their selections were "Oh That We Two were Maying" by Alice Mary Smith and "Songs Should Breathe of Scents and Flowers" by Foster. Mrs. Carl L. Market played the accompaniment. Preceding the talk Mrs. Hickox sang "Trees."

The intense enthusiasm Miss March-Mount has for trees and the reclamation of the great drought areas was conveyed to the audience in her talk.

Her work in the forestry service is not confined particularly to the technical end. That, she says, she leaves

Professor Killed

Mrs. Maud Petersen was released under \$10,000 bond on a murder charge in the gunshot death of her husband, Prof. Louis E. Petersen (above), 62, longtime member of the Southern Illinois Normal university faculty.

Onarga Woman Tips Off Law To Catch Bandit

Man Who Held Up Gilman Store Is Taken Off Train

Watseka, May 2.—(RN Special)—A telephone tip from an unknown Onarga woman led to the capture yesterday of the youthful bandit who held up the Arnold Drug company in Gilman on Tuesday evening and escaped in a commandeered car for which he paid the owner \$2.

Sheriff Guy Redman was called and informed that a young man answering the description of the bandit had boarded a southbound Illinois Central railroad train on Onarga yesterday morning. He notified Sheriff Bert Walker at Champaign who took the youth off the train there.

Redman took Richard Larson, drugist relieved of \$35 in the armed holdup, to Champaign to identify the youth who immediately confessed when he saw Larson.

Signs Confession
The bandit gave his name as Hugh Daniel Ridenour, 20, of Postoria, O. At the county jail here today, Sheriff Redman produced his signed confession in which he admits being on probation for stealing a car at Fort Wayne, Ind., last March 22.

The sedan he brought here from Ohio was stolen by him on April 26 in Toledo, O. He drove to Fort Wayne and Chicago before coming to Gilman on Monday. He stayed in the hotel that night and on Tuesday afternoon took it to the Cities Service garage on U. S. highway 24 at the south edge of town, ordering it washed and fueled, then walked uptown.

Having no money to pay for this work, he determined to rob the Arnold drug store. After loitering around the store for several hours he produced a .32 caliber revolver and demanded cash of Druggist Larson. Obtaining \$35, he ran down the street to the garage, asked for the car but as he wasn't ready, the car but as he wasn't ready.

He hurried on to the residence of Arthur Grill and told him he had wrecked his car and needed assistance. Grill agreed to help him and when they got in Grill's machine, the bandit whipped out his gun and ordered him to drive west on U. S. 24. After a short distance, he paid Grill \$2 for "borrowing" his car, ordered him out, took his name and address and said he would wire him where to find the auto.

The youth didn't go on a dirt road for after turning off on a dirt road two miles west of Gilman, he got stuck in the mud and abandoned the vehicle. He walked to Onarga, stayed there all night in a rooming house, went to an Onarga clothing store, bought shoes and trousers and then went to the railroad station to buy his ticket.

He told the sheriff he bought the revolver for \$7 in Postoria and obtained shells at Kentland, Ind.

Federal Charge
Authorities here announced today he would be brought to trial here for armed robbery. He also is liable for prosecution under the Dyer act by transporting a stolen auto across state lines.

Both of Ridenour's parents are dead. He has an uncle in Postoria. Late this morning he was ordered held to the grand jury by Justice Frank Bush.

Scouts Advance At Manteno Tonight

Boy Scouts of the county will be advanced in various degrees of scouting at the monthly court of honor to be held at 7:30 o'clock this evening in Manteno grade school.

Troop 84, sponsored by the Manteno Rotary club, will have charge of the program.

At a meeting of the executive board of the entire Rainbow council last evening in the Hotel Kankakee, 35 adult leaders mapped work for the coming year and appointed committees to plan Boy Scout camp activities at Camp Rotary near Morris and Camp Rainbow near Custer Park.

Arlie Muntis of Streator, president of the council, was chairman of the meeting. Representatives were present from Joliet, Morris, Coal City, Momence and Kankakee.

Decided It Was Time To Do Something About It

Camden, N. J., May 2.—(AP)—Mrs. Dorothy C. Kipp of Burlington, N. J., told a divorce master she kept her troubles to herself when her husband, Samuel, of Altoona, Pa., knocked her down and kicked her, hit her with a bed lamp, pulled a gun on her while they were out for an automobile ride and threatened to throw her down a well.

But when he threw her out of a kitchen window, she testified, she decided to do something about it. She sued for divorce and got it.

Weather For Kentucky Derby Not So Good

Louisville, Ky., May 2.—(AP)—The weather for Kentucky Derby day Saturday doesn't "look so very good." United States Meteorologist J. L. Kendall said today.

"We may get our best weather tomorrow followed by showers some time Saturday," he said, "but it's too early to make any definite prediction."

Kentucky temperatures were in the 30s and 40s.

Exchange Club Plans Movie All About Kankakee

Local "Stars" Will Appear In Flicker To Be Shown June 20

A tentative contract has been signed by the Exchange club with a film producing company to produce movies of Kankakeans for exhibit June 20-21 in the armory. It was disclosed by President Carlos Morrow at the club's meeting Wednesday noon in McBroom's cafe.

The film will be in color and will consist of a scenario written around local scenes, with narrative accompaniment. A premier will also be presented with stars of the film appearing in person, according to plans which are contingent upon a committee approving a similar show which has been produced at Harvey.

At yesterday's meeting, motion pictures depicting the construction of Boulder dam, highest ever built, were shown by Emory Nitzel.

Movies of Big Dam
Erected during 1931-35, the dam provides hydro-electric power for Los Angeles and other cities. It is located between Kingsman, Ariz., and Boulder City, Nev. The latter is a model town built for workers and their families—some 15,000 persons.

The skydiving laborers worked in day and night shifts on the project to lay 2,000,000 cubic yards of concrete a year.

The Rev. Theodore S. Buchmuller, chairman of the boys' work committee, reported on the party given for a group of youths last Wednesday evening.

Secretary Justin Ford announced that about 50 persons had brought in old eyeglass frames to his office in Room 503, Arcade building, to contribute to the Exchange club's better vision fund for underprivileged school children.

Need More Gold
"The response has been gratifying," he said, "but the surface has hardly been scratched yet. We're sure many more residents of the county could find old eyeglass frames or other objects containing gold which could be salvaged and converted to use for needy children in the county."

Many of the glasses brought in to date do not even have to be salvaged, but simply refitted with new lens for young people.

Operators Of Still Near Momence Enter Pleas Of Guilty

Danville, Ill., May 2.—(AP)—Two men pleaded guilty today and a third declined to contest government charges of operating a large still near Momence, Ill., raided March 1, 1939.

Mike Fush, Chicago, was sentenced to a year and a day in prison on a fine of \$1,000. William Benke, Clinton, Ind., was sentenced to six months and fined \$300. Both were placed on probation for three years after expiration of sentences.

Gene Paire, charged with ownership of the farm where the still was located, pleaded guilty and was fined \$100 by Federal Judge Walter C. Lindley.

Court Orders Men To Find Missing Dog

Fred Matwee, 479 1-2 North Harrison, and George Wilder, 552 East Cypress street, both 24, probably are scouring their respective neighborhoods with this entreaty:

"Here, Skipper, here Skipper!"

Here are the reasons:

Two years ago the children of Alex D. Boudreau, St. Anne rural route 1, reared a pup on a bottle. Recently the dog disappeared.

The above named young men, who have been working on a WPA job near the Boudreau farm, were arrested yesterday by Deputy Sheriff Gene LaFontaine on a petty larceny warrant.

Mathews told Justice Henry R. Bauer that the dog followed him home. He said he gave it to Wilder, who said it ran away.

Bauer gave the two five days to return the dog.

Yugoslavia Is Safe From Invasion By The Italians

Rome, May 2.—(AP)—Foreign Minister Count Galeazzo Ciano today assured United States Ambassador William Phillips that Yugoslavia, Italy's neighbor on the Adriatic, was safe from Italian invasion, it was reported in usually reliable quarters.

The United States ambassador's talks with Premier Mussolini yesterday and with Ciano today noticeably eased tension in diplomatic circles.

Anxiety had reached an acute point with the announcement that British shipping had been diverted from the Mediterranean as a precaution.

Sell House And Lot At Auction For \$1,770

A lot and four room cottage at 2340 West Hickory street, West Kankakee, was sold in a public auction at the courthouse this morning by Attorney Fred R. Stith, special master-in-chancery of the circuit court.

The property, formerly owned by Arthur D. J. Marcotte, was purchased by the Kankakee Federal Savings & Loan association for \$1,770.32.

The association, represented by Attorney Richard Schneider, was the plaintiff in a foreclosure suit involving the property.

Mrs. B. Coughenour Sues For Divorce

Watseka, May 2.—(RN Special)—Mrs. Bernice Coughenour of Iroquois filed a bill of divorce today, seeking freedom from her husband Vesper on a desertion charge.

They were married Oct. 1, 1926 and he is accused of leaving her on March 15, 1939. They have no children.

Prisoner Damages Fixtures In Jail

Watseka, May 2.—(RN Special)—Lon Nance, 23, of Gilman, former Illinois Central brakeman, was ordered held in \$1,000 bond for the grand jury at a hearing before Justice Frank Bush here this morning.

Arrested for drunkenness Tuesday night in Gilman, he tore the sink off the wall and damaged other equipment in his jail cell. A charge of destruction of property was placed against him.

Bradley Legion's Poppy Day May 25

Poppy day will be observed in Bradley and throughout the nation on Saturday, May 25, it was announced today by Mrs. Henry Hadden, president of Bradley American Legion auxiliary.

The little red memorial flowers will be distributed in Bradley by women and girls directed by Mrs. Walter Sanor. "We feel that Poppy day will have increased meaning to America this year," said Mrs. Hadden "because renewed warfare in Europe has renewed the memory of those who gave their lives over there 22 years ago."

Methodists Ask Recall Of Myron C. Taylor

Atlantic City, N. J., May 2.—(UP)—The first general conference of the Methodist church today adopted a resolution urging President Roosevelt to recall Myron C. Taylor, his personal representative at the Vatican.

The vote on the resolution was 383 to 234.

The resolution said that Taylor's appointment "has created a spirit of uneasiness and resentment in the minds of a number of people."

Chicago Merchant And Wife Robbed; Valuable Jewelry

Chicago, May 2.—(AP)—Samuel Lamm, a Chicago merchant, told police that jewelry which he valued at nearly \$11,000 was taken from him and his wife last night by two armed robbers who forced them to hand over the valuables after curbing their automobile.

Lamm said that when he remonstrated with the men, one of them hit him with his fist and took a \$3,500 bracelet which he was safeguarding for his wife.

At gun point, Lamm related, the men forced his wife to get in their car. They released her, unhurt, several blocks away after taking three rings which Lamm valued at \$7,350.

In addition to the rings and bracelet, Lamm said the men took a \$750 coat, a wrist watch, and \$8 in cash from his wife.

Rehabilitation Of 250 Families In Tornado Area Is Under Way

Cairo, Ill., May 2.—(AP)—The rehabilitation of 250 families, victims of a series of tornadoes Tuesday night which injured at least 31 persons and caused property damage of approximately \$250,000 in a half dozen southern Illinois counties, began today.

Albert Evans of St. Louis, in charge of disaster relief for the Red Cross and directing the rehabilitation, said a survey of the counties showed Polaski was the hardest hit. Twenty-five persons, 13 of whom are in a Cairo hospital, were injured, he said, 58 homes were destroyed, 78 homes were damaged and 135 other buildings damaged or destroyed. Of the 136 families who suffered injuries or property losses, between 110 and 120 require aid of some kind, his report showed.

"It was miraculous," Evans said, "that no one was killed, near Mound. The destruction was as bad as you find after a severe tornado."

Abandon Idea Of Taking Port Of Trondheim

British Prime Minister Says Forces Are Needed Elsewhere

London, May 2.—(AP)—Prime Minister Chamberlain told the House of Commons today the British government was withdrawing troops from the Andalus area and abandoning any idea of taking the German-held port of Trondheim from the south.

Andalus is 100 miles south of Trondheim.

"We decided last week that we must abandon any idea of taking Trondheim from the south," Chamberlain said, "and must withdraw our troops and transfer them elsewhere."

"We have now withdrawn the whole of our forces from Andalus, without losing a single man."

"Casualties have not been heavy in proportion to the operation," he said.

Chamberlain's disclosure came in the course of an interim report on the Norwegian campaign.

Early in his report on an anxious and critical house, the Prime Minister asserted Germany had forestalled Britain in Norway by "long planning and carefully elaborated treachery."

He disclosed that allied forces had been gathered originally to help Finland but these were dispersed with Norway and Sweden refused to allow transit of the troops.

About a month ago, however, he said, it was decided to keep ready "certain small forces" to occupy western parts of Norway at short notice in case of invasion by Germany of the northern kingdom.

At the same time he told the House of Commons that the British and French battle fleets were in the eastern basin of the Mediterranean on their way to Alexandria, Egypt.

Chamberlain said that "German local air superiority" had made it impossible to land "the artillery and tanks which would be necessary to enable our troops to withstand the enemy drive from the south."

Chamberlain assured the House Britons have "no intention of allowing Norway to become merely a side show."

Thought it has not been possible to capture Trondheim, Chamberlain said he was satisfied "that the balance of the advantage lies up to the present with the allied forces."

"Norway is not a conquest," he stated, "after three weeks of war in which heavy losses have been sustained by the enemy on the sea, on land and in the air."

The naval movement to Alexandria, he said, was to effect "more or less a destruction of ships" through release of some from the North sea.

He said he could not give details of casualties in Norway but believed they were not proportionately heavy.

Chamberlain gave German naval losses as two capital ships damaged, (Continued on Page Twelve)

Kankakee Co-Eds Are Honored At University

Champaign-Urbana, Ill., May 2.—(UP)—Fifty-five University of Illinois co-eds today were pledged to the Torch sorority, an honorary junior student activity. The pledging was announced last night following the weekly university band concert.

Among the pledges are: Margaret Phillips of Manteno and Joanne Sellers of Kankakee.

George Wadley of 244 East Birch street is a patient in St. Mary's hospital suffering injuries sustained when struck by an auto at 10:20 o'clock Wednesday evening in the 1400 block on North Schuyler avenue.

Wadley, who had been drinking, was walking in the street when the accident occurred. The driver of the car was Raymond Good, 25, of 545 South Poplar avenue.

Seek Release Of 2 Patients Here

Relatives of Frank Smith and Herman Reitz, inmates of Kankakee state hospital, have filed petitions in the Cook county superior court for writs of habeas corpus to secure their releases.

The relatives allege they were sent to the hospital while suffering from temporary alcoholic insanity, that they are now cured and should be free.

35 Cents A Day Fair Price For Feeding Horse, Court Says

Thirty-five cents a day is a reasonable amount to charge for a horse, it has been decided by County Judge C. D. Henry.

According to him awarded to Joseph Boucher, farmer, near Manteno, a judgment for \$35.90 against E. W. Lawrence of Manteno.

Boucher had brought suit against Lawrence, claiming that he fed the latter's horse for 94 days and spent \$3 for a veterinarian's services.

Boucher's testimony that it cost 35 cents a day for the horse's food was the only evidence on that subject before the court. The farmer said he provided eight ears of corn for breakfast, name for lunch and eight for dinner and that there was hay at hand at all times.

Balkans Stirred By New Rumors of War Soon

Showdown At Hand In Mediterranean; Fear Violent Repercussions

By EDWARD W. BEATTIE, JR., Kankakee, Ill., May 2.—(U.P.)—A new rush of war rumors plunged King Carol's capital into gloom today.

The most persistent of them indicated that a showdown was at hand in the Mediterranean that was bound to have violent repercussions in the Balkans, and that Rumania had been warned that German action against her was impending.

Rumanians returning to the capital after the five-day (Orthodox) Easter holiday, found rumors circulating that Great Britain's order to her merchant ships to stay out of the Mediterranean was a prelude to closing that sea to all ships; that Turkish troops were moving to the mainland opposite the Italian-occupied Dodecanese islands, whose naval and air bases dominate the Aegean sea.

They heard reports that King Carol had gone secretly to the Jugoslavia for an important conference with Prince Paul, regent of Yugoslavia, and that while the king was gone, the government was warning of impending German action.

Rumors attested toward Rumania, especially toward Bessarabia, a section of Rumania given to Rumania as a result of the result of the war, and that the possibility of war in the Balkans was discussed. Some Rumanian circles had agreed to renounce all claims on Bessarabia for the duration of the war if Rumania promised to aid Jugoslavia in the event of an attack by Italy. However, it was feared here that if Rumania accepted such an agreement, Germany would aid Hungary in an attack on Transylvania.

Wateksa

Richard Walker, 17, senior in Wateksa high school, was honored Wednesday night when his name and accomplishments were read on the "Citizens of Tomorrow" broadcast on radio station WGN.

Belated Winter Blast Moved On Toward East

Extensive Property Damage In Wake Of The Tornadoic Storms

BY UNITED PRESS

Clearing skies moved in behind a belated winter blast today and pushed a low pressure area eastward toward Canada and the Appalachian range. Light snow continued in the Great Lakes area and rains were reported on the east and west coasts.

The U. S. weather bureau reported that temperatures were lower in the Great Lakes region southward to northern Louisiana and central Texas, but over all sections from Minnesota, western Iowa and Missouri to the Pacific coast the mercury was rising.

Snow which reached near-blizzard proportions in the Great Lakes areas appeared to have done little damage. Temperatures generally were high enough to prevent piling of the snowfall and motorists were hampered mostly by clogged windshields. Crops were reported withstanding the abnormal chill in all regions except southern Illinois where fruit trees were believed damaged.

Heavy Property Damage. Kankakee, Mo., May 2 (UP)—A toll of five dead, many injured and thousands of dollars of property damage was reported today in the wake of tornadoic winds which spiraled through southeast Missouri and southern Illinois after sweeping up from Texas and Arkansas.

Deaths reported were: Lewis Campbell, 66, farm laborer, fatally injured north of here; Max Schafer, 30, Kellso, Mo., farmer, killed while milking a cow; Three year old son of Mr. and Mrs. J. P. Pettit, Bertrand, Mo., killed when their home was damaged.

A Negro killed near Wyatt, Mo., when a railroad box car he used as a home was blown over.

An unidentified child killed when his parents' trailer home was blown over at Charleston, Mo.

Injured persons taken to the Cairo, Ill., hospital for treatment reported the deaths of two unidentified Negroes at Bertrand, but the Mississippi county sheriff's office at Charleston was unable to verify the report.

Several in Hospitals. In Illinois, although many injuries were reported, at least 17 persons were treated at a Cairo hospital, five at Marion, and one at Golconda. Property damage in the Illinois tornado area was estimated at more than \$250,000, not including destruction to fruit orchards and livestock.

Two twisters struck in the two-state area, the first at 4:15 p. m. Tuesday and the second less than two hours later. They were accompanied by rain and hail.

Scott, Stoddard and Mississippi counties bore the brunt of the damage in Missouri, while Alexander, Pulaski, Madison, Williamson, Pope and Hardin counties were hardest hit in Illinois.

Communication lines were downed throughout the wind-swept area.

Seven Red Cross disaster workers from St. Louis headquarters aided in relief efforts.

Reddick.

F. L. Block, W. F. Boyer, Matt Jensen and Rev. H. E. Grimme attended an annual meeting of the Kankakee County Church council in the First Evangelical parish house last Friday evening. Miss Irma Uns could not attend, so Howard McLean attended as her representative. Rev. H. E. Grimme and Miss Uns were re-elected president and secretary, respectively.

A meeting of the vacation school while teachers will be held in the Kankakee Y.W.C.A. Friday evening at 7:30. All the teachers of vacation schools are requested to attend. At the Methodist church the subject for the pastor's sermon next Sunday will be "The Comforter." The potluck dinner and monthly business meeting will be held in the church dining room at the close of the service. The choir will meet in the church for practice Monday evenings at 8 o'clock. The Ladies Aid will meet May 9 at the home of Mrs. Herbert Patchett with Mrs. M. T. Tavares assistant hostess.

LET'S GO SHOPPING FOR A HOME!

LISTEN, Dad, you've said, "let's go shopping for an automobile!" — you've said, "let's go shopping for a new refrigerator!" And you've bought them too! Yet if anyone mentioned, "let's go shopping for a home", you've always sort of laughed and thought you couldn't handle the deal.

But today it's different. You can go shopping for a home and buy it on terms just like you bought all those other items! For Kankakee Federal Savings and Loan Association is selling available homes on a plan that can be tailored to most any family's budget. Down payments are small and considered secondary to your ability to make regular monthly payments. So why not go shopping for your home now!

BIT OF GLACIER STUDIED IN COLD STORAGE PLANT

New Haven, Conn.—(UP)—Dr. Max Demorest, Yale University geologist, is studying the crystalline structure and flow of glacial ice—in a local cold storage plant.

Dr. Demorest returned recently with 350 pounds of Mt. Rainier glacier, and found the cold storage plant, where the temperature is 15 degrees above zero, an ideal place to study the glacier formations.

All bundled up, the geologist reports by telephone from the "ice-box" to Mrs. Demorest at home, and she records the observations.
