# CULLOM MAN VICTIM OF ACCIDENT

## Offensive Plans Against British Under Discussion

Hitler And Ciano Might  
Decide On Ireland As  
First Objective

By the Associated Press  
General air-raiders dropped tons of bombs in widespread new attacks on Britain today, but still marked the scene of the projected "blitz" campaign by Adolf Hitler.

The raids, carrying on an almost incessant "bombing" of cities and military objectives that began on June 18, struck at coastal towns.

An official communiqué reported "some damage" and a few casualties. The said two Nazi bombers were shot down by Royal Air force fighters.

Some "Nazi-bombing" attacks on Britain have been widely scattered and reports from Berlin said that even men usually in the know were unable to say when Hitler would give the word for the next phase of the war.

Hitler and Italian Foreign Minister Count Ciano conferred yesterday at a meeting which the authorative "Express" Editor Virginia Gayda said "will mean a new stretch on the combative, constructive road on new associated nations."

Discussions of offensive plans. One report from Rome said Hitler and Ciano were to meet again Wednesday, discussed plans for an offensive against England, with Ireland as the first objective.

The British-German war for air supremacy went ahead at a deadly pace.

Germany's big broadcasting stations at Bremen and Hamburg went silent early today, which usually indicates British air-raiders are at work.

Planes identified as belonging to Britain's Italian ally—France—raided Gibraltar again Sunday and the Italian air force was active in Africa and over Malta.

The French squadrons had been retrained and joined the axis in attacks on Gibraltar.

The British also were busy with air and land blows against Sicily and Italian African possessions.

Announcing during the week-end demobilization of French naval forces at Alexandria, Egypt, the British said they had sunk two Italian supply ships, forced

transports aground, left other ships in difficulties, and sank either an Italian destroyer or submarine. A British submarine off Norway was reported to have torpedoed five German supply ships.

The Germans reported two British destroyers were bombed so heavily in the North sea that they

Two Men Taken  
To Joliet Prison

Watseka, July 8.—(RN Special)—Stanley Denton of Hoopeson and Donald Foreman of Bloomfield, Ind., have been taken to Joliet Prison by Sheriff Guy Redman and Deputy M. C. Alberts to start sentences of one year to life.

The sentences were imposed a week ago by Circuit Judge Roscoe C. South. They were accused of the burglary of the Hiram Lucht home in Milford.

Would Compel Manufacturers  
To Accept Defense Orders

Washington, July 8.—(UP)—The army, it was learned today, is considering seeking legislation that would enable it to compel manufacturers to accept orders for national defense material.

It was emphasized that no final decision has been reached. The army feels industry at present is cooperating excellently, but the authority may be sought as a safeguard for the future.

Officials already have drawn up a tentative draft of the proposed legislation. It has not yet been approved by Acting Secretary of War Louis Johnson, nor has it been submitted to President Roosevelt.

Johnson, however, confirmed that studies of such legislation are being made.

Johnson said that private industry is "cooperating 100 per cent and doing a grand job" in the defense program, and that there might not be any need for such drastic legislation.

This plan, if undertaken, would supplement another move to speed up essential war production which the defense commission indicated

## Two Americans Wounded In Mexican Clash

Shot Down During One  
Of Riots Marking The  
Presidential Election

Mexico City, July 8.—(AP)—Two American students lay gravely wounded in a hospital today from bullets which struck them down yesterday during one of the numerous armed clashes marking the presidential election in the capital.

Another youth from the United States was slightly wounded, while two others narrowly escaped injury.

Those seriously hurt were Edward J. Mallen, Jr., of Franklin, Wyo., and Leonard Durso, 18-year-old Georgetown university student, of Union City, N. J.

Hospital authorities said Mallen, who received a pistol wound in the stomach, and Durso, who was struck in the left side by a rifle bullet, had improved slightly during the night, but they were described as still "very ill."

Ivan Hasselocher, son of Paulo Hasselocher, commercial attaché of the Brazilian embassy in Washington, and one of the three Georgetown undergraduates who was with Durso when he was wounded, suffered a slight flesh wound from a ricocheting bullet.

Parkman Clancey, of Tacoma, Park, Md., and Francis E. Maloney, Jr., Washington, D. C., were grazed by bullets that cut their clothing.

The Georgetown students all had been studying at the summer session of Mexico's national university here. Mallen, formerly a resident of Davenport, Ia., was a summer student at a business college in the capital.

Sought to Avoid Crowd  
The United States consulate, on the basis of statements taken from the youths, said that Durso, Hasselocher,

## Norwegian King Says He Will Not Abdicate

Germans Desirous Of  
New Government To  
Succeed The Exiled One

London, July 8.—(UP)—Norwegian Foreign Minister Halvdan Koht today announced that King Haakon had advised the Norwegian parliament that he would not abdicate or renounce the royal succession.

Haakon announced his decision in a letter to the presidential board of the Norwegian storting Koht said. The Norwegian king will make a radio address this afternoon on the Norwegian situation.

"There is reason to believe," said Koht, "that the presidential board's proposal was made under German pressure."

Reports from Stockholm and German-occupied Oslo have indicated for several weeks that the Germans were desirous that the Norwegians set up a new government to supersede the exiled government and replace Haakon if he declined to agree to the proposals.

Haakon's Answer  
Haakon said in his reply: "The freedom and independence of the Norwegian people is to me the first commitment of our constitution and I feel I will follow this commitment and best serve the interests of the Norwegian people in holding fast to my position and the task a free people gave me in 1905."

Receiving newspaper correspondents at the Norwegian legation, Koht disclosed that on June 29, communication was received by Haakon from the presidential board of the storting.

It said that "as the king and the government are now outside of Norway and unable to discharge their presidential board considered its duty to appoint a state council and summoned the storting to consent to this step and pass a resolution concerning the powers of the state council regarding the management of the public affairs of the country."

Resolutions  
The board's letter said that the storting was being requested to pass resolutions providing:

1.—That the powers given the Nygaardsvold government April 9 be revoked.

2.—That the government of Premier Johan Nygaardsvold can no longer be recognized.

Three Divorce  
Decrees Today

Three divorce decrees were signed today by Circuit Judge Luther B. Bratton.

A marriage which lasted only three months was dissolved when Viola Esther Smith was freed from her husband Robert Kenneth Smith, whom she charged with adultery.

The couple were married last Feb. 16 and last May she accused him of taking an unnamed woman to Indiana and staying for several days. She also accused him of cruelty, citing several instances where he struck her with his fist. The attorney was Victor Lauridsen.

Cora Hartman of Momence was granted a divorce from her husband Paul on a charge of habitual drunkenness. They were married Feb. 12, 1938 and separated last May 12. She said he was habitually intoxicated the past four years. The attorney was Edward P. Heiney.

Edward H. Hopke was divorced from Emma Hopke on a desertion charge. They were married May 7, 1921 and separated Oct. 30, 1939. The children Edward, 17; Edith, 14; and Everett, 12, are in custody of the mother. The attorney is Fred R. Smith.

Tavern Operator  
Is Accused Of  
Assault, Battery

A. E. Seaton, operator of a tavern two miles south of the Dixie highway way, was arrested at 4:40 o'clock Saturday afternoon by Deputy Sheriff Gene LaFontaine and Walter Bauer for assault and battery.

The complainant, L. C. Clark, charged Seaton with a desertion charge during an argument at the tavern. Clark's ear was cut by the broken pane and the wound required seven stitches to close. The dispute arose when Clark wanted to collect for pigs which Seaton purchased at Clark's place, but until Clark settled for a \$5.40 bill.

Before Justice Henry R. Bauer the two reached an agreement, charges were withdrawn and they split the court costs of \$4.60.

## RECEPTION FOR SCHROEDER IS POSTPONED

The county-wide reception for Attorney Werner W. Schroeder, former Kankakeean who recently was elected Republican national committeeman from Illinois, has been postponed; it was announced today by the Republican men and women organizations of Kankakee county.

Attorney Werner W. Schroeder has been called to New York to confer with the party's presidential nominees, Wendell L. Willkie, in a special meeting of the G. O. P. sub-committee of 12 who are to map the forthcoming campaign.

Mr. Schroeder today asked the Republican party leaders here to express his regrets at the necessity for postponement of the reception for him and Mrs. Schroeder. He also stated that he expects to return at an early date and will be very pleased to meet his friends here to give them first hand information about the convention and its nominees.

Announcement of the new date for the reception will be made later in this newspaper.

## He'll Be-Hic Able To-Hic Sit Up Today

To have hiccups continuously for seven days is bad enough under any circumstances, but after an operation, well.

That is the plight of Charles E. Jackson, 234 West Station street, who began hiccupping when he awakened from anesthesia in St. Mary hospital a week ago.

Although more than a little uncomfortable, the 75-year-old patient is recovering from the operation, however, and it was expected he would be able to sit up today.

The hiccupping probably is caused from some nerve reflex set up by the operation. It is expected he will stop "hic-ing" any day now.

## Police Arrest 4 Young Men, Larceny Charge

Four youths were arrested by city police early this morning for larceny of auto accessories from a used car lot.

Two were captured in the act of taking accessories from cars parked at the Uptown lot, 565 South Washington avenue, about 5 a. m. These were Charles Porter, 20, of 168 South East avenue and Edward McQueary, 16, of Bradley.

The others, Jack Adams, 13, of 105 West Broadway avenue, Bradley and Wilbur Osterhoff, 15, of 228 North West avenue, Bradley, were arrested at Merchant and East avenues where they were seated in the parked auto belonging to Porter. It bore no license plates and contained a number of party said to have been taken from various cars.

Recovered by police were a radio, several fans, windshield wiper, rear view mirror, wrenches, tools, radio antennae and a case of beer. The latter was taken from the Stables tavern in Bradley. It was stated. All youths are said to have admitted their part in the thefts.

## New Students Are Enrolled At Nursing School

Sixteen young women have completed registration for the new class in nurses training at the new hospital, it was announced today. A number of others have made application, but not yet finished enrollment.

Applicants have until the end of this week to complete registration. Classes in the three year course leading to the degree of graduate nurse begin on the afternoon of Aug. 19.

The course is open to young women who have graduated from high school with a class A rating.

## French Embassy Will Withdraw From Britain

London, July 8.—(UP)—Marquis de Castellane, French chargé d'affaires, today gave Foreign Minister Lord Halifax written notification that the French embassy is withdrawing from London.

French circles said the action signified French severance of diplomatic relations with Britain but the British view was that the situation would be clarified only after the government of Marshal Henri Philippe Petain considers a British reply, now being prepared, to the French notification.

## Free Tickets For Opera To Be Awarded

Youngsters To Write  
Statements About  
Open Air Event

Three boys or girls in Kankakee are going to receive free tickets for "Opera Under the Stars" at Alumni field on July 16 for writing the best statements on "Why I Want to Attend 'Opera Under the Stars'."

The chamber of commerce, which is bringing the attraction to Kankakee for the benefit of the civic band, announced today that six of the best reserved seats for this streamlined popular presentation of "Carmen" will be awarded to the boy or girl 12 years of age or under who writes the "best statement" of not more than 150 words.

Second prize winner will receive four reserved seat tickets and third place award will be two tickets.

As guidance for the young competitors Ron Henrekin, secretary of the chamber of commerce, pointed out that the attraction, which is presented under the patronage of Mrs. A. P. Thaviu, veteran producer and conductor, includes numbers of the Thaviu band, ballet dancing and a 70-minute version of the opera Carmen sung in English.

"Entries must be written on one side of the paper only and have certification by a parent or guardian that the contestant has had no assistance in preparing the article," he said. "They must be mailed or brought to the chamber of commerce office on or before Saturday, July 13. The winners will be announced as soon as possible thereafter."

Advance Sale  
Reservations for tickets to this attraction are coming in rapidly. Henrekin said today. More than 700 seats already have been sold with a number of them going to persons in surrounding towns as well as Kankakeeans.

Band Director George Piersol and Henrekin attended a rehearsal of the opera in Chicago last week and both are enthusiastic about the performance, indicating citizens have a rare musical treat in store for them.

The entire proceeds of the July 16 show here will be used to defray expenses of free band concerts in local parks by the newly formed civic band. This group gave its first concert a week ago in Riverview park. Tickets for the opera may be obtained at Jaffe's Uptown Pharmacy, Walgreen's Drug store and the commerce office.

## 22 Die From Violent Causes In Illinois During Week-End

BY THE ASSOCIATED PRESS  
At least 22 persons died in Illinois during the week-end from violent causes, an Associated Press survey showed today.

Long-delayed warm weather attracted throngs to lakes and rivers and as a result seven deaths by drownings were recorded. Four more perished by fire, three of them in a Chicago apartment house blaze yesterday.

Fatal automobile accidents, taking an upturn after their almost total absence on Independence day, again claimed the lives of at least 11.

Serious Injury

John Wise, 58, of Cullom was fatally injured in an automobile crash yesterday afternoon near Cabery.

The accident occurred at 12:30 o'clock and he died at 2:30 o'clock in St. Mary hospital, apparently from a fractured skull.

There were three other passengers in the automobile. Wise's son Richard and Nita Ruehle, 3, daughter of a neighbor, escaped injury. Wise's daughter Mary, 30, employed nurse in St. Mary hospital, suffered a dislocated shoulder.

Wise, his son and the little girl had come to Kankakee to take back to Cullom Miss Wise, who had a half-day leave from the hospital.

On the way back the little girl fell asleep in the rear seat of the car, according to the story told to Deputy Coroner Edward P. Madison. There was comment about it and the son, who was driving, turned his head to look back.

As he did so, the car struck a culvert on highway 115 two miles north of Cabery.

# Mexico Elects President Amid Riotous Scenes

Scores Are Slain, Hundreds Wounded; Results Known In September

By BEN F. MEYER  
Mexico City, July 8.—(AP)—Riotous disorders which accompanied Mexico's presidential elections yesterday were estimated today to have taken between 50 and 100 lives, and reports of widespread irregularities threatened to complicate the task of determining the outcome of the voting.

An unofficial count showed at least 30 persons dead in Mexico City alone, while scores—perhaps hundreds—were reported wounded during pitched battles which surged through the streets of the capital.

Some reports from the provinces indicated that the total injured might be in the thousands.

Both Claim Victory  
Both General Manuel Avila-Camacho, administration candidate, and his independent rival, General Juan Andres Almazan, issued statements claiming overwhelming victory.

The actual canvass of returns, however, will not be made until Thursday and the official result will not be announced by congress until September.

The government made no comment about the outcome of the election, but deplored "bloody incidents," commented significantly on reports of election law violations and said they would be punished.

Complaints poured in from all over the nation that Almazan's supporters had been denied the right to vote, and fear was expressed in some quarters that the final tabulation of ballots might be accompanied by further disorders.

Government officials expressed confidence, however, there would be no further trouble.

Violent Disorders  
There were no official estimates on the number of casualties, and unofficial figures varied greatly. General Almazan said his reports indicated that "100 or more" lives had been lost; other estimates placed the figure in the region of 50.

Mexico City itself was the scene of the worst rioting.

Violent disorders broke out before the polls opened at 9 a. m., and by mid-day battles were raging in a half-dozen different sections of the city, with police and soldiers resorting to firearms in an attempt to end the fighting.

Avenida Juarez, in the heart of downtown Mexico City, was the scene of pitched battles. Another fierce engagement took place directly before the Palacio de Bellas Artes. Scores were downed by fire from pistols, rifles and machine-guns in the latter encounter.

British Reject The Japanese Demands  
Tokyo, July 8.—(AP)—Britain has rejected Japan's demands for the closure of the route through British Burma to war supplies for the Chinese government. She asserted such action would be incompatible with Britain's commitments to Burma and India, an authoritative source said tonight.

British Ambassador Sir Robert Leslie Craigie today personally delivered the British reply to Foreign Minister Hachiro Arita.

Sir Robert was reported to have declared that trade between the British crown colony and the Chinese hinterland had been halted and, therefore, there was no foundation for Japan's demands for the stoppage of arms traffic by this route.

A foreign office communique said Arita expressed his government's "deep dissatisfaction" with the British reply and urged Sir Robert to advise London to reconsider. The ambassador agreed to relay this message, the communique said.

The foreign office made no mention of another Japanese "request,"

that British military units be withdrawn from Shanghai, which Britain has under consideration.

Informed persons believed that further British-Japanese conferences would seek a compromise on the Burma route issue.

A Japanese source said Sir Robert told Arita that this question had "been considered," but that it was "naturally difficult" to prohibit legal trade since Burmese and Indian products were among the goods shipped into China.

Gene Markey And Hedy LaMarre Part  
Hollywood, July 8.—(AP)—Gene Markey has gone home to his father, and Hedy LaMarre is consulting her attorney.

The svelte, languorous star of "Ecstasy" and "Algiers" has announced that she and her film producer-writer husband, "incompatible for many months," have separated.

Markey moved out of their home Friday and is living with his father. Miss LaMarre said she was consulting her attorney as to "future action."

Miss LaMarre, former wife of Fritz Mandl, Austrian munitions maker, and Markey, former husband of actress Joan Bennett, were married March 4, 1939, at Mexicali, Mexico.

NEW YORK STOCKS  
New York, July 8.—(AP)—The stock market hunted unsuccessfully for a trend today as traders were unable to uncover any real inspiration in either the domestic or foreign news.

Dealings and price changes were inconsequential throughout and at the close slight gains and losses were fairly well balanced. Transfers for the five hours were in the neighborhood of 250,000 shares, one of the smallest turnovers for a full session in 18 years.

Business hopes remained as the main selling prop, but even a sharp snap-back in this week's steel mill operations—the upturn was estimated at 122 points against the fourth of July week's meltdown of 12.3 points—virtually was ignored by shares in the metal group.

Offsetting bullish arguments, brokers said, were questions concerning a possible imminent Hitler smash at England; what will happen at the national Democratic convention next week, and the king of excess profits tax law which may be passed by congress in the near future.

Stocks up at one time or another were United Aircraft, Southern Railway, Union Pacific, Western Union, Phelps Dodge, Du Pont, Square D, Union Carbide and American Can.

Bonds were selectively higher, railway loans exhibiting quiet strength. Commodities were mixed.

Wheat at Chicago, well ahead in the forenoon, stumbled later and ended off 5-8 to 1 cent a bushel. Corn was up 1-2 to 3-4. In afternoon deals cotton was up 10 to 35 cents a bale. "Free" sterling eased in terms of the dollar.

Motors had the benefit of estimates that stocks of cars in dealers' hands in June had been cut by about 60,000 units as a result of a sharp expansion in consumer purchasing during that month. On the basis of these figures, June sales were contra-seasonally above those of May and, with manufacturers soon shutting down to prepare for

1941 models, the opinion was heard that floors will be cleared in many districts by August. General Motors reported the best June sales to consumers since 1936.

Comfort was derived from the announcement of Secretary of Commerce Hopkins that the industrial recovery movement which began in May spread over a broader front through June and, according to present indications, is gaining momentum.

In line with optimism in governmental quarters, attention was given financial guesses that the federal reserve board's seasonally adjusted index of industrial production rose to 115 in June from 106 in May. The peak for this barometer was 128 last December. It declined to 102 in April.

GRAIN MARKET  
Chicago, July 8.—(P)—The expanding movement of newly-harvested wheat more than offset rapid deterioration in the spring wheat belt today as domestic prices fluctuated erratically over a range of about three cents a bushel.

Prices were about two cents net higher at one stage following receipt of pessimistic crop news, but a forecast of continued unsettled weather in the northwest possible showers tempered bullish enthusiasm in this respect. The market tumbled to about a cent lower than Saturday's close during the final hour.

Receipts were: Wheat 197 cars, corn 177, oats 34.  
Wheat closed 1/2 cent lower than Saturday, July 7 1/2, September 76 1/2-1/4, corn 1 1/2-1/4, higher, July 61-61 1/2, September 58 1/2-1/4, oats 1 1/2-1/4.
