RAILROAD AND STATE TO DRAW VIADUCT PLANS

City Gains Hold At State Commission Hearing.

PROSPECT GOOD

The City of Kankakee gained a foothold yesterday during a hearing before the Illinois Commerce commission at Chicago in its fight to require the Illinois Central railway to build a new viaduct over its tracks on Court street.

A delegation from Kankakee, led by Mayor Albert F. Hattenburg, was successful in negotiating an agreement by which the railway and the state department of highways are to draw up plans for a new structure.

These designs are to be ready by June 29 at which time there will be another hearing before the commission which will then begin to take evidence on which to make its decision.

Adjourn Hearing
Although yesterday's session was short, and no evidence recorded, Mayor Hattenburg, City Attorney Victor N. Cardosi and the others from Kankakee were elated that the commission had immediately placed the contest on a basis of considering a new structure instead of rebuilding the present one.

Although disappointed by the delay in definite action, the Kankakeeans took heart, considering, however, that in the meantime it was known that the delay would make a definite effect on the strength and effectiveness of the railway's case.

It was their opinion that the delay may in the end do more good to the cause for Kankakee than otherwise, if the people take advantage of the opportunity.

Orders Repairs
During the course of the informal hearing it was revealed by an engineer of the railway company that the company already had ordered steel for repair of the present structure.

Local leaders of the movement for a new viaduct afterward pointed out that it is necessary for Kankakee people to do everything possible to combat the railroad's ap-

Hold Placement for 8th Graders Here on Friday

To obtain information of the capacities of rural and parochial eighth grade students who plan to enter Kankakee high school during the 1937-38 school year, a series of placement tests will be given Friday at the Departmental school, according to announcement today of Irving Munson, superintendent of city schools.

The plan has the endorsement of County Superintendent of Schools Clarence J. Kennedy. Pupils in the city schools already have been given the tests.

Pupils are asked to come with two lead pencils and be prepared to stay all day. The examinations will start at 9 a. m. No preparation is necessary. The tests are given to aid the high school principal to place them in such classes and subjects where they can do their best work.

Teachers are invited to accompany their pupils.

Mayor Hattenburg Asks All To Buy Poppies on Saturday

A proclamation calling upon the people of Kankakee to observe Poppy Day Saturday by wearing memorial poppies in honor of the world war dead was issued today by Mayor Albert F. Hattenburg.

Volunteer workers of the American Legion auxiliary will distribute poppies on that day and receive contributions for the welfare of the living veterans of the war, the disabled veterans, the widows and fatherless children.

Mayor Hattenburg's proclamation reads:

69 Gave Lives

"The city of Kankakee responded with highest patriotism to our nation's call for defenders in 1917 and 1918, sending many of its young men into the fighting forces, of

Al Brady Bandits Elude Indiana Officers

WOUNDED

Paul V. Minneman (above), 31, Indiana state policeman stationed at Logansport, Ind., was wounded dangerously in a gun fight with four men who shortly before had robbed the Goodland, Ind., state bank of \$2,500. Students in Protest Over J. H. Lewis

A mass meeting in public protest to U. S. Senator J. Hamilton Lewis opposition to the National Youth administration movement was staged at noon today by students of St. Viator college on the Bourbonnais campus.

Edward Butten senior class president, and William Shumacher, a student, declared that the entire student body announced its willingness to write individual letters to the Illinois senator this week voicing their disapproval of his stand.

They will show that many students would not otherwise have an opportunity to attend college if it were not for NYA assistance and point to the high average of these NYA students as evidence of their sincerity of purpose. Approximately 80 per cent of them are honor students.

They receive an average of about \$15 a month from the government for doing various sorts of work about the campus—landscaping, library, office and secretarial work.

Manteno Sues for Freedom

A petition asking the release from Manteno state hospital of Lydia Brinkman, 47, formerly of Pontiac, was filed today in the office of Circuit Clerk Albert Tetrault by the law firm of Burns & Burns.

Dr. Ralph T. Hinton, managing officer of the Manteno institution, is made a party to the suit, which is a petition for a writ of habeas corpus.

The complainant's statement in the petition is that she is in good health, both mental and physical and that continued confinement in the institution may "affect her health, happiness, spirits and even her mental poise."

A hearing on the petition probably will be held tomorrow before Circuit Judge W. R. Hunter.

SMALL MIDWEST BANKERS URGED TO BE CAREFUL

Hoosier Police Captain Says Men are Desperate.

ARE KILL-CRAZY

Indianapolis, May 26.—(AP)—State Police Captain Matt Leach warned today that three fugitive bandits, whom he blamed for a \$2,500 bank robbery at Goodland and the wounding of two officers, "may make Dillinger's gang look like neophytes."

Le urged bankers in small mid-west communities to guard against possible future forays of the will-o-wisp gunmen—Al Brady, Clarence Lee Shaffer, Jr., and James Dal-hover—long sought for two killings and several midwest jewelry and bank robberies.

"These men are desperate and kill-crazy," Leach declared. "They will stop at nothing."

Overnight, the police of Indiana, Ohio and Michigan investigated numerous tips of the fugitives' whereabouts, but the trail grew cold.

Will Show Up Again
"Although they have disappeared temporarily, they will show their heads again sooner or later," Leach said. "On that we will be ready for them."

"The latest victim of the bandits' ruthless gunfire, State Policeman Paul Minneman, 33, was in critical condition at a Logansport hospital. He received blood transfusions during the night, and physicians termed the fight to save him as 'almost hopeless.'"

Cass County Deputy Sheriff Elmer Craig, 45, who with Minneman was shot down shortly after the bank robbery yesterday, was reported in improved condition. His wounds were less serious.

Leach ordered a general watch at physicians' offices over the state after receiving a report that one bandit had been wounded in the battle with Minneman and Craig. Leach said the state laboratory was testing a rusty-colored substance found on a bush near where the gunmen stood.

He recalled that the Brady gang killed Police Sergeant Richard Rivers here April 27, 1936, while attempting to get medical aid for a wounded member. Six days before Edward Lindsey, 34, a grocery clerk, was killed in a robbery, and Leach authorities blamed the Bradys.

Leach asserted the bandits had been responsible for midwest hold-ups in which more than \$100,000 loot was obtained in the past two years.

St. Anne Pair Hurt in Auto Accident

Mr. and Mrs. F. H. Meier of St. Anne, formerly of 1108 East Court street, Kankakee, were seriously injured in an automobile accident near Kalamazoo, Mich., on Sunday and are now patients in a Kalamazoo hospital.

Mr. Meier, 58, founder of the Eastern Illinois Clay company at St. Anne, suffered several fractured ribs. Mrs. Meier, 60, suffered a fractured skull and was unconscious after the accident.

The accident occurred as Mr. and Mrs. Meier were bound for a visit with relatives in Michigan. A car driven by a woman, who apparently was intending to turn off on a side road in front of the Meier car, struck their automobile.

Seek Clear Title for New Building

A suit to quiet title of property on East Court street, between Chicago and Greenwood avenues on the north side of the street, upon which Arthur C. Chabot, furniture dealer, intends to erect a new store, was filed for the circuit court today.

The complaint, filed by Attorney Claude M. Granger, asks that the court remove "technical clouds on the title arising from previous litigation in which the property was involved."

Local Priest to Sing First Mass Here on Sunday

The Rev. Ludger Martin, son of Mr. and Mrs. Ludger Martin who reside five miles southwest of Kankakee, will offer his first solemn mass at 9:30 o'clock Sunday morning at Maternity church, Bourbonnais.

Father Martin was ordained last Saturday at the Cathedral of the Assumption, Louisville, Ky., where he completed his monastic studies which took him to St. Viator college, Bourbonnais, and to Passionist monasteries at St. Louis, Norwood Park, Detroit, Des Moines and St. Paul, Kans.

He will arrive here Saturday afternoon and a reception in his honor will be held at the home of his parents Sunday afternoon from 1 to 6 p. m. He is 27 years old and joined the Passionists 11 years ago.

LEO DUCHENE TESTIFIES IN KROENLERCASE

Says Union Men Found It Hard to Earn.

Leo Duchene, president of the Kankakee Upholsterers union and first local witness for the prosecution in the National Labor Relations board case against the Kroehler company, explained under cross examination this morning how he thought the union employees at the furniture plant were discriminated against.

He occupied the stand most of Tuesday afternoon and all of this morning in the fifth session of the hearing conducted at the city hall by John T. Lindsay, trial examiner of the NLRB. The union charges the plant with violations of the Wagner labor act in failing to rehire 19 employees after the strike last September was settled.

When questioned by Attorney Harry H. Kahn, counsel for the company, Duchene said that the union men objected to working on the new line system when it was established and accordingly were left on the section system.

He inferred that eventually the work became slack on the section group because most of it was being sent through the line system, where each man does only one operation.

He said the section men found it hard to make money. Duchene admitted to Kahn, however, that his group was not put on the line system because they didn't want to go on it. Finally after four other lines had been established, they were put on it.

Yesterday Duchene denied that he took himself in the final meeting with Kroehler before the strike was called, to have the plant manager intercede in the cases of the women who didn't pay their dues.

Asks Neutrality
He said he was acting as representative of the entire union and had asked Kroehler to maintain a neutral position and not take any part in the controversy.

The charges that Cecil Vickery, recreational director, was hired as a strike breaker, were again recorded in the testimony when Duchene

S. B. McCLELLAN DESPAIRS OVER WIFE'S ILLNESS

Loops Clothesline Over a Hook on Back of Door.

RAILROAD MAN

The body of Samuel B. McClellan, 63, of Momence, well known railway employe, was found hanging from an improvised gallows in his home late yesterday afternoon. He had fastened a hook which hung from the top of a door, by standing on a chair, he fastened a length of clothesline to this hook, then tied the rope about his throat. After this was finished, he stepped from the chair.

The body is at the Canaday funeral home in Momence where Coroner A. E. Kerger was to conduct the inquest this afternoon at 2 o'clock.

San Finds Body
When his children left home yesterday morning, their father was still asleep. The body was found at 4:30 o'clock by a son Alvin, who was the first to return.

Mrs. McClellan has been a patient in Billings Memorial hospital in Chicago for the past two months, suffering from a blood disease. At the inquest this afternoon it was expected that the jury would consider the possibility Mr. McClellan was dependent over his wife's illness.

In Momence 17 Years
He was employed as a brakeman by the Chicago and Eastern Illinois railway. Formerly of Cayuga, Ind., he had lived in Momence for 17 years.

Highest Priced May Corn in 17 Years Recorded

Chicago, May 26.—(AP)—A last minute "squeeze in the corn market today skyrocketed the price of May corn more than 5 cents a bushel to \$1.40, highest price for any corn contract in 17 years.

Although "long" in May corn, these holding contracts for delivery of the grain before the end of the month, could have demanded a full 5 cents a bushel in the value, they rushed to accept their profits within seconds of the final bell, selling out at around \$1.40.

It was the most sensational wind-up of trading in a grain contract on the board of trade in many months. Trading in May corn in the futures pit has ended but sellers have three days in which to make delivery.

A similar circumstance developed in the market, where May oats shot up almost 5 cents a bushel to 56 1-4 cents a bushel, highest the contract has been since August, August, 1924. May soy beans advanced 4 1-2 to \$1.76 1-2.

Maybe Louie Will Change Inn's Name

Some culprit took the sign on Louis Pister's tavern too literally last night. Located at 260 South East avenue, it is known as the "Welcome Inn." The thief entered the place through a side window, kicked a hole through a plasterboard wall and helped himself to Louis' liquor stock.

He discovered the loss at 6 o'clock this morning when he opened up. A varied assortment of choice liquors, valued at about \$15 was taken, along with \$12 in cash.

MINE STRIKERS UNDER GROUND AIDED BY KIN

Children Quit Their Studies to Parade with Banners.
SEE LONG SIEGE

By JOHN GURWELL
United Press Staff Correspondent
Wilsonville, Ill., May 26—(UP)—Rival groups prepared for a showdown today over tactics employed by the 360 sit-down strikers holding Superior Coal company's mine No. 4 and indirectly over issues involved in affiliating with the American Federation of Labor and the rival committee for industrial organization.

One group—labeled conservative—openly condemned sit-down tactics, the other approved them. Their union, Progressive Miners of America, holds no charter either from the committee for industrial organization which has made widespread use of sit-down strikers, or from the American Federation of Labor.

Best orators of the rival groups were notified to be on hand for tonight's mass meeting at which principal speaker will be Joe Ozanic, Illinois P.M.A. president who has been in Cincinnati seeking an A. F. of L. charter while C.I.O. representatives were circulating among strikers here.

Plan For Long Siege
The company meantime appeared to resign itself to a long siege. It shut off ventilating fans in mine No. 3 at Mt. Clare, announced that even after ventilation was resumed four days would be required to restore safe working operation in the strikers' pit 310 feet underground.

Mine No. 3 was shut down last week to avoid spread of the strike there. Mines No. 1 at Eagerville and No. 2 at Sawyerville had been shut down previously to permit installation of new equipment which strikers complain will reduce their annual income. Strikers demand principally a contract with the company eliminating the 30-day period presently provided in which employers may distribute available work among workers dis-employed by shutdowns.

President Fred Pfahler returned to his Chicago office, still insisted that no settlement would be made while strikers remained in their

mine. Strikers said they would not leave until an agreement is signed. Strikers meantime enlisted aid of their children in demonstrating for the strike: Two hundred grade school pupils left their desks yesterday to parade with banners. Fathers ordered the walkout from their pit after the school board refused to order it. Strikers cheered by news of the walkout immediately began plans for a similar "strike" at the Benld high school today.
