ITALO-GERMAN ALLIANCE FORECAST

NEW CHAMPION GUARANTEED 4 BOUTS A YEAR

Joe Louis Is Signed
for Five-year Con-
tract Today.

OFFICIAL FIGURES
Chicago, June 23.—(P)—Revised official figures on the Louis-Braddock title fight listed the gross receipts today at \$715,420.34, including \$75,000 for motion picture and radio rights. Paid attendance was limited at 41,684, with the largest sale of tickets—13,741—in the top price seats at \$22.50.

Gross receipts from ticket sales were \$640,420.34. Net receipts, after deduction of federal and state taxes, were placed at \$518,380.56.

Braddock's share, \$250,150.25. Louis share, \$108,000. (Figure approximate since salaries of ring officials paid from the challenger's share.)

Chicago, June 23.—(P)—Mike Jacobs, New York promoter of last night's heavyweight title fight here, announced today he had signed a three-year contract with Joe Louis, the new champion, giving him exclusive rights to the Brown Bomber's pugilistic services for the next five years.

The contract guaranteed the titleholder, who knocked out James J. Braddock in the eighth round last night, four fights a year. It replaced a previous five-year contract which had three years to run.

On the heels of that announcement, Jacobs said he had signed a three-year contract with Braddock, which guaranteed action for the de-throned champion.

No Definite Plans
Jacobs said both fighters would see action because he agreed to fight them even if they didn't fight.

The promoter predicted Louis would be the most active heavyweight champion in fight history.

While he had no definite plans for a bout now, Jacobs said offers had come from Detroit and Cleveland, while New York, Chicago, Philadelphia and London were other possible sites for a fight involving Louis this year.

Louis said he was ready to fight anybody, anywhere that Jacobs selects but would prefer first a match with Max Schmeling, the German who defeated Louis last year in New York.

Braddock, resting in a south side hotel, defiantly discounted the beating Louis handed him last night and declared through his manager, Joe Gould, that he had "no idea" of retiring.

Face Standarded
Ten stitches were taken in Braddock's face near the mouth to close wounds inflicted by the Louis lefts and rights.

Man Fined \$10 for Actions in Park

George Cortese, 54, of 175 North Seventh avenue, this morning took a solemn oath that he will never go into Bird park again.

This was required by Justice Fred R. Smith after he found Cortese guilty of disorderly conduct in the park and assessed a fine of \$10 and costs.

The arrest of Cortese was by Albert Goodknecht, park officer, and Andrew Gaston, park superintendent, who said he had been molesting children and women in the park.

Chicago's Negro Belt Keeps Police and Firemen on Jump

Chicago, June 23.—(P)—Chicago's Negro quarter suffered an epidemic of hoarse throats, dented fenders and wobbly lindy-hopping legs today.

From the time the loudspeakers blared "the new world's champion, Joe Louis" until well past dawn, the south side section populated by a quarter million members of his race roared with celebration eclipsing New Year's eve and Independence day combined.

In less time than it took for the referee to count out James J. Braddock, hundreds of Negroes garbed in holiday attire poured into the streets, into rattle trap automobiles and trucks to start a disorganized parade that paralyzed the district.

"Ah lole you so!" became the byword of the night. It was yelled

from jubilant throats and waved on pennants and handbells.

"Some boy, dat Joe!"

"We all got a sho nuff champ now!"

Those and other impromptu slogans echoed and re-echoed through the Negro belt. Celebrants not content with just shouting, tooting automobile horns and dancing in the streets found other things to do.

The celebration took several violent turns. Robert Rogers, 25, a Negro, was critically wounded in a shooting which followed an apartment party where, the police said, Rogers damaged furniture in his exuberance. Police hunted the host for questioning.

C. I. O. LEADER

John Owens (above), Ohio C. I. O. director and leader of the steel strike at Youngstown, O., ordered picket lines disbanded at Youngstown after the state militia was ordered into the city. Owens said he feared a spontaneous outbreak between pickets and crowds gathering along the lines.

3 MEDIATORS STRUGGLE TO END TROUBLE

Payday At The Steel
Plants But Only
Few Get Cash.

THERE IS HOPE

BULLETIN
Warren, O., June 23.—(P)—C. I. O. leaders today announced local unions were calling strikers in a movement which will result in a general strike in Trumbull county.

John McKrowan, a C. I. O. organizer, said the county, which has 120,000 population, would be "paralyzed by tomorrow."

The move is in protest against a court injunction restraining picketing at the plant of the Republic Steel company in Warren.

The C. I. O. announcement said action of the locals was spontaneous. There are 14,000 unionists in Warren.

The C. I. O. claims 10,000 of the number; others are affiliated with the American Federation of Labor.

It was pointed out that members of each union are bound by the action of the local.

By the Associated Press
Cleveland, June 23.—Payless paydays and smokeless stacks, serious things for worker and employer alike, stood forth today as silent but earnest pleaders for settlement of the 23-day old steel strike.

It was payless paydays in Johnstown, Pa., but there was no such payroll today as when the big mills were running at their 15,000-men capacity; for the plant is closed by martial law, and pay due workers is comparatively small.

What checks there are said a company representative, will be mailed during the week.

Hope to Compromise
Much more serious, however, is the situation at Youngstown, O., where 25,000 men have earned no wages since May 26, and in the Chicago area, where Inland Steel's 13,000 workers can look forward to no more money until smoke pours again from the company stacks.

President Roosevelt's three mediators, aware of the great loss the strike is entailing each day that it continues—losses in pay in profits and in the extraordinary policing measures which have brought state troops out in Michigan, Pennsylvania and Ohio—sought today to find a thread of compromise.

They called the four steel corporations around whom John L. Lewis, C. I. O. is striking—Republic Steel, Inland Steel, Youngstown Sheet and Tube, and Bethlehem Steel.

"There is hope," said Charles P. Taft II, chairman of the mediation board. "If there wasn't, I'd go home."

Cycle Train from Chicago Here Sunday

Three hundred Chicago bicyclists, who apparently look upon a trip to Kankakee as an expedition into back country, will come to Kankakee on Sunday to pedal their bikes to Aroma Park and back.

Arriving at 10:40 o'clock by special Illinois Central train, the visitors will cycle to Hieland golf course by way of Aroma Park, returning after lunch at the Hieland lodge at 5 o'clock, taking the scenic river road.

Chicago cyclists made a similar pilgrimage to Kankakee last year.

Gold Stabilization Fund of France Now Nearing Exhaustion

Paris, June 23.—(P)—Virtual exhaustion of France's 10,000,000 franc (about \$450,000,000) gold stabilization fund was disclosed today, indicating the gravity of the financial crisis which Premier Camille Chautemps' new cabinet has been called on to solve.

"The stabilization fund soon will be obliged to call for gold from the Bank of France," Prof. Charles Rust and Paul Baudouin wrote in their joint letter of resignation from the fund management, its publication disclosed.

"Already for several weeks the directors have been powerless to relieve the pressure against it. Our daily meetings are of almost no further use," the said.

Rust and Baudouin, who resigned June 15 from the commission appointed to govern the exchange equalization fund, explained today for the first time that they believed the plan of former Finance Minister Vincent Auriol to raise 5,000,000,000 francs (about \$225,000,000) from increased direct and indirect taxes would be "insufficient to reverse the current of capital."

**Fate of Parkers in
the Hands of a Jury**

Newark, N. J., June 23.—(UP)—The fate of the Ellis H. Parkers, senior and junior, charged with conspiracy in the kidnapping of Paul H. Wendel, was placed in the hands of a jury in federal court today.

The jury of eight men and four women left the courtroom to consider a verdict at 10:44 a. m. est.

The jury was given the case after Federal Judge William Clark took two hours and 10 minutes to charge the jury. He asked that neither Parker, Sr. the 65-year old chief of Burlington county detectives, nor his 26-year old son be recommended for execution in the event they found them guilty of the charge of conspiring to violate the Lindbergh kidnapping law.

**OFFICERS AND CREW OF
12 PLANES TAKE A REST**

Crisfield, C. Z., June 23.—(UP)—The 72 officers and crew of 12 U. S. navy bombing planes rested today after completing a 3,085-mile non-stop flight from San Diego, Cal., to the Coco Solo naval base.

The 12 planes, landed at 5:28 p. m. est. yesterday, 27 hours and 58 minutes after their takeoff from San Diego. Thunder storms off the lower Mexican and Central American coasts held down the time.

The men arrived shaven and in good spirits. They said the huge planes were comfortable and easy to manage.

**Sentence Tibbie
to Penal Farm**

Three youths arrested last week by Sheriff John Stack and Deputy Gene LaFontaine on charges of petty larceny were arraigned yesterday before County Judge John H. Beckers.

The plea for probation by Floyd Tibbie, 23, of 618 North Greenwood avenue was disallowed because of his previous record and he was sentenced to serve six months on the state penal farm at Vandalia.

George Merrill, 17, of Bradley, was paroled for a year to John E. Willis, parole officer, and Hardy Duffrain, 16, of 607 North Chicago avenue, was referred to the juvenile court. This morning he was placed under the jurisdiction of Mrs. Lucella Tanner, probation officer, for a year.

The boys had confessed to the theft of gasoline and lighting equipment from the truck of Andrew Hoskins, employed at a lumber yard at the north outskirts of town.

**Desperate Effort
to Save an Infant**

Joliet, Ill., June 23.—(P)—Through throat-like tubes inserted in a nasal obstruction oxygen was administered today in St. Joseph's hospital to the two-day old son of Mr. and Mrs. Paul Attaway of Ellwood, Ill., born unable to breathe.

A blood transfusion was given to the baby last night, the donor being Miss Alice Ladden, a floor supervisor at the hospital.

The baby was baptized by Sister Bernadette of the maternity ward and given the name Francis Joseph Attaway. The child's mother was reported doing well at home.

Dr. A. R. Gilbert, who attended the birth in the Attaway home, saved the baby's life by breathing into his mouth for several hours until oxygen tanks arrived.

**Change of Venue
Denied Murderer**

Lonoke, Ark., June 23.—(P)—Circuit Judge W. J. Waggoner today denied a change of venue for Lester Brockelhurst, 23, former Galesburg, Ill., Sunday school teacher who faces trial here tomorrow for the hitch-hike slaying of Victor A. Gates, Little Rock landowner.

Attorneys for the accused "crime tourist" sought to transfer the case to another county on the contention that citizens here were so prejudiced Brockelhurst could not receive a fair trial.

Brockelhurst has pleaded innocent by reason of insanity and will not testify in his own behalf. State hospital physicians declared him sane.

His traveling companion, Bernice Felton, 18, Rockford, Ill., is jointly accused in Gates' killing and will face trial Friday. She is to testify for the state against her former sweetheart. Officers said they had "fallen out" and had abandoned plans to wed after the trial.

TWO DEAD AND 16 INJURED IN AUTO ACCIDENT

Truck Loaded With
Young People is
Overturned.

ENROUTE U. OF I.

Tuscola, Ill., June 23.—(P)—Two youths were killed and sixteen others were injured today when a truck bearing 30 passengers overturned in a ditch on a state highway three miles north of here.

John Gaston, 22, who carried an identification card, with a Carbonale, Ill. address, and Ray Vandever of Kimmunity, were fatally injured. Gaston died soon after the accident. Vandever succumbed three hours later in Jarman Memorial hospital, where most of the injured were taken.

Gerald White, one of the injured was reported in a critical condition. Miss Vivian Morrow, Iuka, Ill., was among those seriously hurt.

The truck, bearing a group of 30 young people and adults to the annual Four-H club "homecoming" at the University of Illinois, left the highway and overturned after brushing another machine driven by Paul Doney, a farmer living in the vicinity.

On Route 45
Neither Doney nor Halice Lewis of Kimmunity, said by authorities to have been the truck driver, was injured. Lewis' small son, Chester, riding in the cab with his father, like he was said to be unhurt.

Passengers in the truck were young people between the age of 12 and 18 from the Kimmunity, Carter and Salem communities, all in Marion county.

The accident happened on route 45, approximately 20 miles from Champaign.

Dr. R. C. Gilgillo Douglas county coroner prepared to conduct an inquest at 10 a. m. tomorrow.

Other passengers in the truck, most of whom received minor injuries, included:

Martha Hiestand, 16, Salem; Lucille Shaffer, 19, Willsa Dean Shaffer, 14; Edith Sullivan, 16; Myrie Lannon, 25; Gerald White, 11; Agnes White, 13; John Shaffer, 20; Ralph Rose, 16; Herbert Vandever, 17; Arthur Meyer, 17; George Meyer, 20; George Purcell, 20; John Purcell, 21; Ernest Broom, 16; John Currie, 21; Robert Lannon, 23; Paul Shaffer, 18; Ralph Gerrin, 19; and Wilma Shaffer, 15, all of Kimmunity.

Pearl Hite, 16, Salem; Ralph Morrow, 21, Iuka.

Get Rid of Garden Enemies

The gardener's medicine chest is amazingly simple compared with the catalog of human remedies. Little is known about controlling plant diseases and the weapons we wield against insects have been in most cases used for a long time. The newest insecticide is a vegetable extract whose secret was obtained from a tribe of savages.

The gardener who is confused about sprays and dusts may survey here in a few minutes the whole field and acquire sufficient knowledge to enable him to meet correctly any problem which may arise.

1. Fungicides, which may be used to kill insects, but destroy fungi, mildews and similar conditions most of which are usually referred to as plant diseases.

2. Contact poisons, which kill insects with which they come in contact when dusted or sprayed on plants.

3. Stomach poisons, which remain on leaf tissues and poison insects which eat the leaves.

Fungicides are used against various rusts, mildews and similar diseases which attack trees, shrubs and garden plants. Bordeaux mixture is the most widely used in the garden. It is composed of quick lime and copper sulphate.

Dusting sulphur, similar to flowers of sulphur but more finely ground, has come into favor for black spot on roses and garden mildews. The newest fungicide is really an old one, corrosive sublimate, or mercuric chloride. It is the base of most preparations used to cure brown patch on bent greens.

Calomel, the old-fashioned household remedy, which is a mercury compound somewhat similar, is used for the same purpose and sold under various trade names. Lime-sulphur is used against rusts on fruit trees and does double duty as a contact insecticide to kill scale insects and as a dilute form to kill red spider in the summer.

Contact insecticides are usually prepared from nicotine, pyrethrum, rotenone or a soluble oil which will make an emulsion with water. Sulphur and lime sulphur are used chiefly against scale insects and red spider. Nicotine is a deadly poison to animals and most effective against aphids (plant lice).

The latest contact materials in sprays and dusts are merely new forms of old materials which kill insects while doing no harm to animals. They are the powdered leaves of a wild species of pyrethrum and rotenone, the extract of derris root which savages use to kill fish. Both substances are offered in various dusts and sprays under trade names. Rotenone has the advantage of being a stomach poison as well as a contact poison.

Arenic is the base of most insecticides used to kill insects which eat leaf tissues. As arsenate of lead it remains on the leaves after spraying for the longest time. Paris green is used in some cases, though much less than in former years.

Arenic must always be handled with caution, and whenever it is applied to portions of plant which are subsequently eaten it should be thoroughly washed away. Rotenone, which is harmless to animals, and both a contact and stomach poison for insects, may be used as a substitute for arsenic. Police instructions carefully.

Six per cent of the world's population live in the United States.

Young golfers out to take the cake should be warned that they'll probably get it slice by slice.

but nothing takes the place of more mileage

CONOCO GERM PROCESSED OIL

I don't just tend this station; it's my own place of business. I've got a personal pride in keeping civilized restrooms for you. You're absolutely entitled to that, along with all the other service I can give you. But here's the thing: I don't figure I'm let out of giving you mileage—every last cent's worth you can get. That's exactly why the oil I picked to sell at my station is Conoco Germ Processed. Let me explain the long mileage it gives you, out of both your oil and your engine. You see, the patent Germ Process makes this oil form a real plating of lubricant all through your engine. Being attached for good, Oil-Plating won't run off while the car is parked... nor get pushed off either, no matter how fast you make a long trip. Then you're not wasting your oil and mistreating your engine, no matter if you reel off 5000 miles in a row, or make a million starts and stops around town. I could take your car now at my place, and in a few minutes change it to the correct grade of Conoco Germ Processed oil, the only oil that Oil-Plates your engine.
