FAR EASTERN WAR IMMINENT

NEW ADDITION TO FACTORY IN WEST KANKAKEE

Industry Here Only Six Months Outgrows Its Plant

BUSINESS GOOD

(Picture on page five)

Within six months, the wood products plant of John A. Reitze at 24 North Alma, will be the first of its kind in the United States to be outgrowing its original plant, making necessary an addition to the factory.

Located here in January through the cooperation of the industrial committee of the chamber of commerce and New York Central railroad officials, the Reitze manufacturing plant began production in March of this year and since that time has turned out a large quantity of curtain tracheas.

Its original force of eight men has been stepped up to 15 with daily production now running at 60 down sets per day, according to Mr. Reitze, owner and manager, who spoke last night of the helpfulness of the above-named local groups yesterday upon completion of the enlargement of the factory, which now has 6,300 square feet of floor space.

Add New Items

Within a month, he expects to have installed the necessary equipment for a production line of step adders, kitchen stools and ironing tables along with the curtain tracheas. He is also drawing plans at present for a larger office.

His products are shipped all over the U. S. Many eastern stores buy them. Mr. Reitze was a salesman in the wood products industry for 30 years before going into business for himself. Besides owning and operating the Kankakee plant, he has an interest in similar factories in Indiana.

Former Kankakee Patient Freed on Charge of Murder

Chicago, July 28.—(P)—Criminal Court Judge Rudolph Desmet today ruled Mrs. Sarah T. Ballance, 32, innocent of murder in the drowning of her 13-month-old son last year.

Upon her arrest after the killing on June 26, 1936, Mrs. Ballance said she had intended to do away with the child and herself so that they would not be a millstone around her husband's neck.

Mrs. Ballance was released several weeks ago from the Kankakee state hospital, where she was committed after a criminal court jury held her insane a year ago. She was adjudged cured and was brought to court today, according to the terms of the indictment.

Dr. Harry A. Hoffman of the Cook county behavior clinic testified she was insane at the time of the killing but now was sane. Mrs. Ballance waived jury trial and heard Judge Desmet say:

"Under the laws of the state of Illinois there is only one ruling that I could make. I find the defendant not guilty."

Mrs. Ballance said she would live for six weeks with her father, Charles T. Ballance, 63, of Rapid City, S. D., before joining her husband Harold and their three-year-old daughter, Nancy, in Buffalo, N. Y. Her father and husband were in court.

Local Auto Dealers Join in National Safety Movement

Safety committees, highway officers, municipal authorities and insurance companies, in addition to hundreds of civil minded citizens all over the United States are united in a drive to get old automobiles off the highways. They are a hazard to traffic and to life. Cooperating in this movement are the Kankakee automobile dealers, who offer a practical solution to the problem by making it possible for everybody to have a better car than the one they are now driving.

Kankakee dealers will take your old car in most instances, as first payment in a better auto. Of course, if the car you are now driving is valued only at junk rates a small additional sum of cash will be required to get a better car, but in general you can drive the old bus to a Kankakee dealer and drive away with a much better auto, and your purse will not be vitally affected.

15 Are Killed in Flaming Plunge of Airliner

3 Americans Among Dead In Belgium

Amsterdam, July 28.—(P)—Fifteen persons, three of them identified as Americans, died today in the flaming plunge of a Netherlands airliner at Haarlem, Belgium.

The airline said the last name of the Americans were: Main, Carter and Goodman, and said it had no other information about them. A Mexican named Trillo was listed among the dead.

After a preliminary investigation, officials said they were inclined to believe the plane was struck by lightning.

The airline identified the Americans only as "Whitehouse, Carter and Goodman" and said it had no other information about them.

The transport, a Douglas United States make, crashed in flames after an explosion in mid-air. Its 10 passengers and five crew members, including a stewardess, were killed.

The ship left Amsterdam at 9:20 a. m. and crashed on a field in Paris after having landed at the Levee airport in Brussels.

Airport employees at Brussels said they noticed queer engine noises as the liner took off.

PLACE LOSS IN CULLOM BLAZE OVER \$30,000

Three Injured When Lumber Yard is Destroyed

Cullom, Ill., July 28.—(RN Special)—Fire of undetermined origin which caused an estimated \$30,000 loss, destroyed the Farmers' Coop Grain company lumber yard, a lively barn and a residence, and gutted a second dwelling here yesterday.

Two firemen and the manager of the lumber yard were severely burned about the face and hands as they battled the conflagration.

The Injured

Those injured were: Joseph F. Koerner, assistant life chief in charge of the local department in the absence of Chief Ed. Ginter, suffered burns and a smashed hand; Clifford Kopp, fireman, burns on face and hands; R. J. Jack, manager of the lumber yard, burns about the face and hands.

It was believed that the fire which originated in the lumber yard, may have been caused by a short circuit in electric wires in the building proper or in a new sawmill placed in operation on Monday.

The lively barn owned by Ed Bowman, contained a large quantity of hay and feed. The residences through which the flames swept, located to the east of the lumber yard, were occupied by Mr. and Mrs. William Montgomery and the John Denny family. Mr. Montgomery, an invalid, had to be carried from his home.

Flames Spread Rapidly

The fire broke out suddenly.

BARBERS ON "PERSUASIVE" STRIKE HERE

Union Men Close Shops to Sign Up Others SHAVES SCARCE

(Picture on this page)

Male citizens of Kankakee who appeared unshaven at their work today had a good reason: the barber shops were all closed.

Every razor barber shop in the city was shut this morning in a concerted drive to interest non-union shops in joining up with their organization, affiliated with the American Federation of Labor.

Rumors had it that their leaders had called a sit-down strike with the union barbers going into non-union shops and shaving in their chairs to force them from doing business until they signed up with the federation.

Deny Sit-Down

By this was denied by J. A. Hanes of Springfield, representative of the A. F. of L. who came here to assist Guy See, president of the local barbers union, and others in attempting to interest the non-union operators in peacefully joining up with them.

No violence of any nature was reported. The union leaders said they closed their shops so that they could all go in person to the unorganized establishments and discuss the proposal with the various owners.

Practically all of the downtown shops are affiliated with the union. A half dozen or more non-union shops are scattered in the outlying business section and in residential areas.

"Talk It Over"

It is true they said that union men went into these establishments and sat down in the chairs, but only to "talk things over." They didn't remain to keep prospective patrons away.

The union reported that its drive was meeting with success and that it was possible the work might be finished before the day was over.

35 Local Railroad Men Under Pension

Approximately 35 local residents employed on various railroads have been retired or soon will be under the new social security plan for railroad workers, adopted last month by congress and signed by the president.

Annuities for 54,000 veteran engineers, conductors and other railroad employees have been adjudicated by the railroad retirement board under the chairmanship of Murray W. Laumer since the law became effective.

The board has worked in three shifts daily and Sunday in the past 30 days to make the social security plan immediately available.

The average annuity has been running about \$65 a month. The maximum of \$120 can be paid as soon as men are eligible, it was said. The retirement plans affects a total of 1,500,000 workers in America.

THE WEATHER

(Wednesday, July 28, 1937)

Hourly temperature readings from 1 o'clock Tuesday to noon today are:

High at noon 82, low at 5 a. m. 64.

A year ago fair, high 96, low 68.

1 p. m. 76 1 a. m. 68

2 p. m. 77 2 a. m. 67

3 p. m. 78 3 a. m. 66

4 p. m. 79 4 a. m. 65

5 p. m. 78 5 a. m. 64

6 p. m. 77 6 a. m. 63

7 p. m. 81 7 a. m. 66

8 p. m. 78 8 a. m. 70

9 p. m. 76 9 a. m. 76

10 p. m. 73 10 a. m. 77

11 p. m. 71 11 a. m. 80

Midnight 69 Noon 82

Sunset today at 7:07, sunrise Thursday at 4:40, sunset at 7:06, moon rises at 9:38 tonight.

Generally fair tonight and Thursday, except unsettled in extreme south portion; somewhat cooler in extreme north and warmer in extreme south tonight; somewhat cooler in central and north Thursday.

AS BARBERS SIGNED TO JOIN UNION

All union barber shops in the city were closed this morning while the members of their craft went around to non-union establishments in the community and sat down in their chairs to attempt to interest the unorganized operators in signing up with the union. Pictured above is Roy Line, barber at 1 East Court street, signing up in his shop. Standing (left) are Rene Dupuis, secretary of Barbers' Local No. 686 and (right) J. A. Hanes of Springfield, national organizer for the American Federation of Labor. The union men, however, did not remain in the chairs to prevent prospective customers from being served. The work was carried on peaceably.

EVACUATION OF AMERICANS FROM PEIPING CONSIDERED

BULLETIN

Peiping, (By U. S. Embassy Wireless to Shanghai) July 28.—(P)—The majority of the 675 American civilians in Peiping look refuge in the United States embassy compound tonight at the close of the first day of major Chinese-Japanese hostilities in this area.

The last remaining telegraph line from Peiping to Tientsin went dead at 6:45 a. m. today (4:45 p. m. Tuesday, est.).

Peiping's only communication with the outside world was through limited radio facilities.

Washington, July 28.—(P)—Secretary Hull said today that possible evacuation of American civilians from Peiping was being considered as one eventually to be met in the present Sino-Japanese crisis.

He made the statement at his press conference shortly after it became known that President Roosevelt was keeping in constant touch with far eastern developments to determine, among other things, whether the neutrality act should be invoked.

White House officials said today President Roosevelt was keeping constant touch with developments in the Sino-Japanese crisis to determine, among other things, whether the neutrality act should be invoked.

Watch Developments

Stephen T. Early, press secretary, told newsmen the President was in telephonic communication last night with this morning with the state department and would continue to watch every development in the critical situation.

He recalled that under the law the President does not have to wait for a formal declaration of war to put into effect the neutrality provisions prohibiting arms, ammunition and credits to belligerents.

The President, it was added, must decide for himself when a state of war exists and then he is obligated to invoke the law against belligerents on both sides.

In addition to watching the situation with respect to possible neutrality action, Early said safety of American nationals at Peiping.

County Quota At Fair Will Be Four Boys

Applications for assignment of Kankakee county boys to the 28th annual boys state fair school to be held in conjunction with the state fair Aug. 14-20 at Springfield, are now being received at the offices of County Superintendent of Schools Clarence J. Kennedy and Farm Adviser George T. Swain.

This county's quota will be four boys. Each delegate will be expected to pay his own railroad fare and \$2 to cover his board, tuition and incidentals. Approximately 320 boys will attend the school this year.

The school has as its aim, to offer to a well selected body of 15 young men between the ages of 15 and 21 the means for systematic observation and study of the agricultural, mechanical and educational exhibits of the state fair.

By means of this agency, the residents of various counties in the state are informed most fully of Illinois' resources and achievements of its citizens. Competent instructors will guide their course of study.

The forenoon of each day will be given over to observation, study and classwork; the evenings, to attendance at illustrated lectures or to writing notes; certain portions of each afternoon will be free for general visitation and observation. Athletic competition will also be provided.

Watseka Couple is Hurt in Far West

Watseka, July 28.—(RN Special)—Word received from Mr. and Mrs. Harvey Speer enroute to Yellowstone National park, that they had met with an accident, resulting in a washout, upsetting and completely demolishing their automobile. They received minor bruises.

Through the efforts of P. J. McFall of Watseka, they were able to continue their trip in a new car.

Local Victim Of Accident Succumbs

William Darrow, 45, of 925 East Court street, foreman of the engineering department at the Forensic Stove company, died Tuesday night in Emma Baus hospital at Adrian, Mich., of injuries sustained Saturday in an automobile accident on U. S. highway 112 near that city.

Mr. and Mrs. Darrow and their daughter Nancy, 15, left here Saturday morning for a vacation in Canada. The accident happened at 1:30 o'clock that afternoon. The car overturned when a front tire blew out. Mr. Darrow sustained a punctured lung, fractured skull and several broken ribs.

His wife suffered only minor bruises, but their daughter was believed to have sustained a concussion. She lay unconscious for several days. Darrow's body was sent today to Mountsville, W. Va. for burial. Nancy made the trip to Mountsville in an ambulance.

COURSE IN AUTO DRIVING URGED AT HIGH SCHOOL

Civic Leaders Meet to Curb Accident Rate Here

Endeavoring to develop a program for the greater safety of Kankakee children, civic and educational leaders met last night at the Hotel Kankakee for a round table discussion from which evolved three proposals which all agreed to study further.

Coming from George Barton, safety engineer of the Chicago Motor club, that automobile accident statistics show that the age group from 14 to 19 is the next to the worst accident group from the standpoint of number of deaths and injuries, the majority of those present at the meeting were of the opinion that a desirable solution to this problem would be to "grow a new crop of drivers."

This would involve outlining a course of instruction in the high school on automobile driving, hiring a competent teacher and obtaining an automobile for field operations, preferably one with dual controls. Whether the school's finances would permit adoption of such a course this fall is problematical.

Drivers to Blame

Statistics tend to support the view that teaching youngsters the right way to drive to begin with would greatly reduce the accident rate among students of high school age. Most accidents are not caused by poor condition of the road, nor by failure of an, part of the car, but primarily through indifference, carelessness or inattention on the part of the driver, according to Barton.

He told of the experience gained from an automobile driving course instituted in recent years at Evansville high school. It was the first course of its kind offered at any institution and was designed to teach the youths a sense of responsibility.

Taught in School

It was an elective subject and of the 250 who applied for instruction, 46 were accepted. Only those who were up in all their studies and whose parents had cars and would permit them to drive were enrolled in the first course.

They were taught what makes a

(Continued on page nine)

Dorothy Pittman is Given Divorce

Watska, July 28.—(RN Special)—Mrs. Dorothy Pittman was granted a divorce this week by Circuit Court Judge Claude N. Saum, from her husband Walter. The divorce was granted on default of the defendant.

Mrs. Pittman was given the custody of the child. She was represented by Attorney Elmer A. Taylor.

Aroma Park Woman is Injured by Auto

Mrs. Charles Setley of Aroma Park was struck by an automobile at Court and Schuyler streets Tuesday afternoon while walking across the intersection.

The car was driven by Fred Stout, 16, of Gilman. Mrs. Setley was taken to a doctor who found she had a broken arm. She was removed to St. Mary hospital for x-rays and observation.

JAPS DECLARE INTENTION TO PUNISH CHINA

Peiping's Environs Scene of Attack; Air Bombing BATTLES RAGE

BULLETIN

Shanghai, July 28.—(UPI)—Gen. Song Chih-Yuan, head of the Hopei-Chahar provisional government in North China and commander of the 29th division which is opposing the Japanese, announced in a circular telegram tonight that he is resigning.

The telegram said he would hand over his positions to Chang Tse-chung, mayor of Tientsin, who is reputed to be friendly to the Japanese.

By the Associated Press

Japan and China fought undeclared war on North China's land and seacoast today.

Chinese mortar fire kept Japanese munitions ships from entering the mouth of China's Hai Ho; Japanese cutters fought back, extending Nippon's punitive expedition from the embattled environs of Peiping, once the Dragon capital, to Tangku on the sea.

An American marine in isolated and siege-like Peiping was shot, apparently accidentally, by rifle fire from Chinese troops barricaded near the United States embassy.

Chinese reports of battle victory, almost invariably denied by the Japanese, rolled in from dawn to dark. Japanese air bombs and guns seared the troops of Nanking and their Peiping area strongholds, with reported heavy casualties.

President Roosevelt watched developments closely from Washington. The question of application of America's neutrality act was under consideration.

The Chinese 29th army reported today it had smashed a Japanese offensive against Peiping, "city of northern peace," in the first major battle of the informal war in North China.

The Japanese attacked Peiping's environs at dawn, after expiration of their final ultimatum demanding withdrawal of Chinese divisions from the Peiping area.

A withering Japanese aerial attack shattered the Chinese lines. Chinese commanders declared their troops recovered, however, and captured Fengtai, Japanese field headquarters west of Peiping, and Langfang, important railroad center midway between Peiping and Tientsin, in a counter-attack.

They reported also that Nanyuan, Chinese garrison town taken by the Japanese, was recaptured and that a railroad bridge was blown up at Yangtsun, severing Japanese military communications between Tientsin and the battle area.

The Japanese high command at Tientsin, base of the Japanese army in North China, denied the Chinese reports and asserted that Peiping's defenders had been hurled back on the city's walls.

Both capitals made declarations of open hostilities.

Japan formally declared its intention to resort to arms to punish China, charging repeated acts of provocation against Japan.

Premier Prince Fumimaro Konoye.

Husband Wins on Desertion Charge

H. Jay Storrs was awarded a divorce from Maude A. Storrs in circuit court yesterday. The decree was entered by default on charges of desertion.

They were married April 15, 1906 at Knox, Ind., and resided together until July 15, 1933 when she allegedly left her husband. Storrs was represented by Attorney C. D. Henry.

Postponed Alfalfa Day Will Be Held at Lowe's Saturday

The second annual alfalfa day demonstration sponsored by the Republican-News will be held Saturday on the Lawrence Lowe farm. The demonstration was originally set for July 15 but was postponed because of wet weather.

Charles R. "Alfalfa" Hutchins, editor of "Modern Agriculture" magazine and nationally known authority on the culture of alfalfa, soybeans, clover and legume crops, will conduct the demonstrations.

He will also answer any questions of farmers concerning their own special problems in raising the crop. All of the various steps in the preparing of the seed bed and planting will be explained in detail and dealers will display their newest farm machinery and equipment.

Hundreds of farmers from eastern Illinois and western Indiana are expected to witness this field day, largest of its kind scheduled here this year.

SAIA, GIBBONS PLACED ON ALL-STAR GRID ROSTER

ST. VIATOR ACES NAMED TO JOIN NATION'S BEST

By ORREN ALLAIN

The tremendously successful drive designed to place two St. Viator college football players on the all-star squad, today found Joe Saia, southern drawing lead from Minneapolis, and Tony Gibbons, native of Minook, backing in the final place of All-American gridiron publicity.

SAIA

Results of the poll made known this morning revealed Saia with a total of 443,855 votes, and Gibbons with 441,647. Both, respectively, for guard and halfback berths.

A squad of 65 players, a cross-section of the nation's football talent, was chosen by 5,038,466 fans who voted from coast to coast. Although not landing close to the top, Saia and Gibbons, making the best combined showing of any of the small college aspirants, were picked by those voting for guard and halfback berths.

First news of their invitation reached here late yesterday afternoon when the boys phoned they had received bids to join the squad for practice at Northwestern University Aug. 14. Both were named on numerous all-conference Little 19 squads last autumn with Gibbons getting the captaincy of the Republican-North International News Service eleven.

It is the first time in the history of the all-star poll made the squad. With Coach Lou Zappa, all-star from Michigan in the last year, Viator has an all-star coaching staff as Gibbons and Saia were named assistant to Zappa at the close of the school year.

FRANCIS TOPS VOTING Chicago, July 28.—More than 5,000,000 fans, more than 25,000 of whom will be here as witnesses, have picked the array of 1936 college football stars for the annual all-star game at Soldier's field Sept. 1.

Since the big spectacle was introduced in 1924, no team of college players has been able to conquer the professional standard bearer, the Chicago Bears. The first two years, and Detroit's Lions a year ago, but the fans—5,038,466 of them—have called on 65 stars, five of them members of the all-America, to prove football in the fourth season begins in a row.

In starting lineup in the battle for the football, are Big Boy Francis, Nebraska fullback and the leading vote-getter with 1,104,372; Gaynell Timley, Louisiana State end; Tackles Ed Walsh of Minnesota, and Averell Daniel of Pittsburgh and Max Baerovich, Washington guard. Three others of the all-America, Larry Ralston, three-year brilliant end; Center Mike Baerak of Duquesne, and Ray Buzid, prize halfback from Marquette, will be on the squad.

The other starting end will be Merle Wendt of Ohio State. Steve Reid, captain of Northwestern's Big Ten champions, will start at the other guard. Bud Starnes, Minnesota, was selected to start at center, completing the line. The quarterback at kickoff time will be Vernon Huffman of Indiana, with Bobby La Rue of Pittsburgh, and Purdue's John Drake at the halfback position.

Without having been able to achieve a victory in the three previous battles, all of which attracted crowds of more than 60,000, the college has two ties in the account book. The 1934 aggregation held the Bears to a scoreless standstill, and last year's boys gained a 7 to 7 tie with the Lions. The Bears gave the pro the edge in 1935, however, by winning 5 to 0.

Here They Are

The rest of the squad: Ends—Bill O'Neill, Notre Dame; Ray Antil, Minnesota; Leo Deutsch, St. Benedict; Charles Glatka, Mississippi State; Woodrow Stromberg, army; Matt Patanelli, Michigan; Ken Nelson, Minnesota; Dwight Haffel, St. Washington University; St. Louis and John Zisk, Northwestern. Ends—Bill Stelmacher and Frank Kopczak, Notre Dame; John Golemsko, Wisconsin; Charles Henrick, Ohio State; Gene Dykstra, Illinois; Gerry Dennenfeld, St. Mary's; Hal Gritton, De Paul; Detroit, B.J.ork, Oregon, and Peter Henrick, Carnegie Tech.

Guards—Bill Glasford, Pittsburgh; Cliff Kuhn, Illinois; John Lauter, Notre Dame; Wood Smith, Ohio State; Dick Baxa, Santa Clara; Ernest Dahlgren, Michigan State; Sam Galtich, Knox, and Joe Saia, St. Viator.

Centers—George Bell, Purdue; John Watake, Washington, and Gil Kuhn, Southern California. Quarterbacks—Bud Wilkinson, Minnesota; Sam Baugh, Texas Christian; Nello Falschi, Santa Clara; Art Guepe, Marquette; David Davis, Southern California; Ed Good, Washington State, and William Harrison (Tippy) Dye, Ohio State.

Halfbacks—Buddy Marquette, Bob Wilkie, Notre Dame; Eddie Jankowski, Wisconsin; Tom Geyer and Steve Tish, Northwestern; Lloyd Cardwell, Nebraska.

Bruins Win, Stretch Lead To Three Games

Florence Rangers Travel to Urbana for Game Tonight

By BILL BONI

The Florence Rangers, one of the leading softball teams in this section of the state, play away from home tonight.

They face Urbana under the lights tonight. On Friday night the Rangers go back to work on their home soil, taking on Naperville here. Tonight's game will mark a resumption of play after a layoff occasioned by the Florence Bone company picnic last Sunday night.

At Henderson will likely swirl for the Rangers against Urbana with Fritz Gacchili under the plate.

SPORTS ROUNDUP

By EDDIE BRIEZY

New York, July 28.—(AP)—If they keep hustling, those smooth-tongued Boston Red Sox may catch themselves a first division berth.

Like old King Levinsky, Alie West combined showing of any of the small college aspirants, were picked by those voting for guard and halfback berths.

But this stay in exile will be between the weather or the tea-or-will it be the beer? About the year's twenty-first honor of the year.

The Giants had rallied to tie the score at 4-4 after the Gas House Gangs eight-run blast had knocked out the Yankees and the American League champion, says the London Clarinet, N. J., who has been waiting for so long it's a habit, waited for the truly psychological moment.

RED BIRDS ROUT HUBBELL; CUBS WHIP BROOKLYN

By BILL BONI

Associated Press Sports Writer

Outside of a last-throwing, bar-leaving free-for-all in which the can take remote-control ball, by leaving a well-intentioned but poorly executed one, the Red Birds, there's nothing the baseball fans have more than the good old Merivell finish.

There was enough fruit for conversation tied up in yesterday's big league show to bore half the country's wives to distraction as they waited for their husbands to come down and eat his dinner. Four of the eight games were decided in the last half of the final inning.

Most spectacular of the home-struck in winning causes were those delivered by Joseph Michael, the pride of Carter, N. J., who has been waiting for so long it's a habit, waited for the truly psychological moment.

But this stay in exile will be between the weather or the tea-or-will it be the beer? About the year's twenty-first honor of the year.

BUMP ON HEAD FORGIVEN

By BILL BONI

Associated Press Sports Writer

Outside of a last-throwing, bar-leaving free-for-all in which the can take remote-control ball, by leaving a well-intentioned but poorly executed one, the Red Birds, there's nothing the baseball fans have more than the good old Merivell finish.

There was enough fruit for conversation tied up in yesterday's big league show to bore half the country's wives to distraction as they waited for their husbands to come down and eat his dinner. Four of the eight games were decided in the last half of the final inning.

Most spectacular of the home-struck in winning causes were those delivered by Joseph Michael, the pride of Carter, N. J., who has been waiting for so long it's a habit, waited for the truly psychological moment.

Richard C. Dickey is Student Pilot

Washington, D. C. July 28—(RN Special)—Richard C. Dickey of 1713 West Station street, Kankakee has been granted a student pilot license. It was announced today by the Department of Air Commerce.

In order to obtain a student license, Mr. Dickey passed a rigid physical examination and will be permitted to take lessons from an accredited pilot. After he has amassed 25 hours of solo flying, he will be in line for the next higher license, that of amateur pilot.

Next higher in the aviation scale is the private license, which requires 50 hours of solo flight. Highest grade license is that of transport pilot, which requires 200 hours of solo flying, five of which must be within 60 days prior to application.

The instant a rattle appears in the shock absorbers, new rubber washers should replace the worn washers.
