WILL PAVE ROUTE 49 CUT-OFF

ENDORSEMENT STARTS LYONS TOWARD SENATE

G. O. P. Candidate to
Conduct Intensive
Campaign
OTHER OFFICES

Urbana, Ill., Feb. 9.—(AP)—Richard J. Lyons of Libertyville mapped an intensive campaign today for the Republican nomination as United States senator after receiving the endorsement of an executive committee representing the party's 102 county chairman.

After voting unanimously to endorse State Representative Lyons for the highest office at stake in the April 12 primary election, the 10 county executive committee members approved candidates for three other posts yesterday. They were:

Other Candidates
For congressman-at-large—State Senator Simon E. Lantz of Congressville.

For state treasurer—William R. McCauley of Olney, former state senator and twice state commander of the American Legion.

For superintendent of public instruction—Wiley B. Garvin, superintendent of schools at Mascoutah, St. Clair county.

The Cook county committee will select candidates for the other places on the state ticket—congressman-at-large, and supreme court clerk. Edward F. Moore, chairman of both the Cook county committee and the executive committee of the Republican County Chairman's association of Illinois, called a meeting of the former group for today.

The executive committee said the ticket would be mailed to the 102 county chairmen with a request that the latter give full support to the candidates. This decision was reached after Charles A. O'Connor of Aurora, president of the association, had advocated ratification of the committee's selections by the chairmen before the slate was made public.

Lyons said he would conduct "the
(Continued on page two)

Iroquois County Women's Play Day

Crescent City, Feb. 9.—(RN Special)—Plans are being made for a county "play day" for women of the Iroquois County Home Bureau on Feb. 17 in the high school gymnasium here.

The program will open at 10:30 o'clock in the morning with a covered dish dinner at noon. During the day there will be games, stunts, singing, a talk by Miss Sara McNamara, and roll call of units.

The program will be supervised by Mrs. Herbert Benbow of Hoopston, Mrs. Louis Freeman of Stockport, Mrs. J. D. Bunting of Middleport, Mrs. Naomi DeWitt and Mrs. J. R. Kregel of Ash Grove.

Watseka Deputies Study Sleuthing

Watseka, Feb. 9.—(RN Special)—Sheriff Phil Brown and his deputies went to school today.

Under direction of Federal Agent White of St. Louis they received instruction in fingerprinting, foot-printing and blood-testing to assist them in obtaining valuable clues at the scene of crimes.

House Votes Approval of A Revised Crop Control Bill

Washington, Feb. 9.—(AP)—The house voted approval today of the revised crop control bill, speeding it along to final legislative action in the senate.

The roll call vote was 263 to 135. On a standing vote that preceded the roll call, approval was given 183 to 82.

House action came at the end of four hours of debate under procedure which many Republicans derided as a "tag rule." No member was permitted to change any section of the bill which a joint senate-house committee drafted from separate measures the senate and house passed at the end of the special session of congress last December.

Soil Conservation
The program would continue the soil conservation act and set up machinery by which Secretary Wallace, with the approval of farmers,

His Trial Secret

The Rev. Martin Niemöller (above), militant foe of Nazi plans to control religion, made a desperate but futile attempt to have his secret trial in Berlin on charges of treasonable opposition to German church policy thrown open to the public.

RAILROAD HAS HAD 4 BRIDGES OVER KANKAKEE

Pictures of All The
Fresties Placed
in Museum

Four railway bridges have spanned the Kankakee river at Kankakee since the Illinois Central railway laid its first steel in 1853, and pictures of all four have recently been added to the collection in the courthouse of the Kankakee County Historical society.

The "Gazette," a forerunner of the Republican-News, said in its first issue of Aug. 29, 1853—"The railroad bridge is completed across the river here and trains are now running through Kankakee. In a few weeks a team track will be finished under the railroad track and farmers will thereby be able to get to town at any time of the year."

A tollmaster collected a fee from those crossing the bridge with a vehicle. The bridge was of wood.

Second in 1870
About 1870 this structure was replaced by an iron and steel bridge with the trains running over the track, but no vehicular track. In the late 80's a steel bridge was built, the old one being taken down a span at a time and new ones put in place. The grade was reduced at each end and the trains ran through instead of over the structure.

Ira French was the boss of this job and his father, A. G. French, was supervisor of the bridge for the entire I. C. system. Ira French still resides in the old A. G. French home on West Bourbonnais street. He supplied some of the pictures for the collection.

The steel bridge was later replaced by the modern concrete bridge now in use.

JUDGE ON VACATION

Circuit Judge W. R. Hunter has gone on a vacation trip to an unannounced destination. He is expected back in court next week.

House Votes Approval of A Revised Crop Control Bill

Washington, Feb. 9.—(AP)—The house voted approval today of the revised crop control bill, speeding it along to final legislative action in the senate.

The roll call vote was 263 to 135. On a standing vote that preceded the roll call, approval was given 183 to 82.

House action came at the end of four hours of debate under procedure which many Republicans derided as a "tag rule." No member was permitted to change any section of the bill which a joint senate-house committee drafted from separate measures the senate and house passed at the end of the special session of congress last December.

Eight Dead in Flying Boat Crash

FRENCH PLANE HITS AGAINST A BREAKWATER

Ship Enroute From
Marseilles to
Tunis

6 ARE INJURED

Marseilles, France, Feb. 9.—(AP)—Eight persons were killed and six injured early this morning in the crash of an Air France flying boat against the Marseilles breakwater at the moment of take-off.

The trans-Mediterranean airliner was starting her scheduled flight to Ajaccio, Corsica, on the Marseilles-Tunis run. She hurtled against the breakwater at 60-mile an hour speed, and burst into flames.

Air France announced the dead were five passengers and three of the crew. Four passengers and two of the crew were injured. All the dead were French, including Chief Pilot Pierre Burello, veteran flier who was at the controls.

6 Injured Rescued
The six injured were taken from the water by rescue craft after the plane sank. Three of the bodies were recovered, and the others were being sought.

Officials thought Burello probably failed to see the breakwater through morning fog and mist.

The crash was at 7:30 a. m. (2:30 a. m. est.).
The four-motored ship was the first lost by Air France in more than two years, company officials said. Four passengers died in the last grave accident at Corsica in January, 1935.

County Will Limit Loads on Highways

A resolution empowering County Superintendent of Highways H. D. Tyson to limit, at certain times of the year, the weight of vehicles on state-aid roads in Kankakee county, was adopted by the county board in its meeting yesterday.

Superintendent Tyson told the board that at times, such as during rainy weather in the spring or fall, the roadbed may become so soft that a heavy vehicle may do considerable damage.

The superintendent may post, at times when he believes it necessary, signs prohibiting vehicles, the gross weight of which results in an axle load of more than 1,000 pounds, or with a load of more than 400 pounds per inch of tire, and, if the vehicle has dual tires, a load of more than 300 pounds per inch of tire.

In cases of tires equipped with chains or other non-skid devices, the load per inch of tire shall not exceed 200 pounds. In no case shall the gross weight exceed seven tons.

This will apply to all of the 469 miles of state-aid road in the county. Such a ruling, however, may not be in force for more than 90 days in any one year.

Bruno Mathews is New President of Tavern Operators

Bruno J. Mathews was installed as president of Local 25 of the Retail Liquor Dealers' Protective association of Illinois at a meeting last evening.

Other officers are: John Rechner, vice president; Andy Tyroski, secretary-at-large; Paul H. Sweeney, secretary; Everett Hayes, treasurer; W. H. King, John Stang and Arthur Gilbeau, trustees.

H. O. Springfield, state president of the liquor dealers' organization, was the speaker. Plans were made for securing 100 per cent membership of all local liquor dealers for the association in 1938.

U. S. LINER MANHATTAN IS REPORTED AGROUND

London, Feb. 9.—(UP)—Lloyd's reported from Hamburg today that the United States liner Manhattan had gone ashore in a fog at Brunsau, near the mouth of the Elbe river north of Hamburg, and that tugs had been sent to assist her.

Salvation Army Solicitation Falls Far Short of Its Goal

Less than 10 per cent of the annual drive in Kankakee, which is only a little more than a fourth of the amount necessary, it was said today by Attorney Victor Lauridsen, chairman, of the campaign.

He asked that all workers having cards to turn them in as quickly as possible and that interested persons who can devote a little time to finish the solicitation to telephone him at Main 505.

Asa Block of the Fair store several years ago appointed Leo St. Hilaire to make the solicitation in that store and Mr. St. Hilaire has reported 100 per cent contribution from the employees, the first group to make a perfect record although the report from the employees of

the American Asphalt Paint company and the Snowite laundry was close to 100 per cent. Reports from other industrial plants and stores are not yet complete.

Chain Stores Give
Leading in the response from the chain stores came a contribution from the Big Bear store, followed by checks today from the Walgreen Drug company and the Shell Petroleum corporation.

G. E. Irwin, president of the Salvation Army board, states that the response to contacts is better this year than last but, he said, there is difficulty in making contacts. "The drive must not fail," he said, "since the work of the Salvation Army is directed to a group not assisted by any other organization."

Harry Hightower is Awarded \$1,867 for Loss of 1 Eye

Compensation to Kankakee county workmen who suffered injuries while at work were approved this morning by Judge Joseph L. Lissack, member of the state industrial commission who held hearings at the courthouse.

Harry Hightower, 180 1/2 South Fourth avenue, who was injured last Oct. 25 while in the employ of the Garden City Engineering company, accepted \$1,707.50 for the loss of his right eye, in addition to 12 weeks temporary total disability payment of \$155.53. An insurance company paid the doctor fees in addition to the settlement.

W. E. Smith of Momence, garage mechanic employed by Lindemann and Wille at Momence, was paid \$100 and temporary disability payment of \$148.50; both amounts being paid by an insurance company.

In the Hightower case, the insurance company furnished an artificial eye. Mr. Smith, who also suffered an eye injury, suffered a partial loss of vision. He was hurt last Nov. 12.

Judge Lissack, well known here, will hear cases at Joliet, Aurora and Quincy before returning to the Chicago office of the commission.

Mrs. Albert Feagin Heads Red Cross Home Committee

Mrs. Albert Feagin of 110 North Wildwood avenue was named chairman of the home service committee of the Kankakee county chapter of American Red Cross at a meeting Tuesday of the board of directors in the Masonic temple.

Mrs. Feagin succeeds the late Mrs. Leonard L. Smith, N. J. Zieher, who acted as secretary in the absence of Leonard Smith, read a message of condolence from the national division headquarters at St. Louis, and Max Jaffe read the local chapter's resolution concerning Mrs. Smith's work.

The resolution cited, in part, "sincere appreciation of her excellent and laudable services, activities and efforts in the interests of this community and the chapter." It described her as an "outstanding and noble citizen, valued member, loyal and untiring worker in the interest of the Red Cross as chairman of home service and as a member of the women's group."

Dinner was served to 57 veterans of Kankakee and Manteno homes. Afterwards, they were guests of the management of the Paramount theater.

Irrving Munson, vice president of the chapter, presided in the absence of President August Radeke. Henry Kenyon of Hardin, was a guest.

Judge Seeks Home for 3 Youngsters

Watseka, Feb. 9.—(RN Special)—Three children who had been staying at the Pythian home for children at Decatur were returned to county court yesterday after the home had closed.

Judge Jesse Sumner decided to send them to the Children's Home Aid society in Chicago. They are Warren 15, Vernon 9, and Betty Crawford, 13, all children of William Crawford, 66, whose wife is dead and who is unable to support them. Crawford has been heard several times over Chicago a radio station as a hill billy singer. He is now receiving a small old age pension.

Guns Blaze At Heights; 4 Men Shot

Chicago Heights, Ill., Feb. 9.—(UP)—Four men were shot today in what police described as warfare between rival gambling syndicates.

Three men stalked into the south side bakery, described by police as headquarters for a slot machine and petty gambling gang.

"Where's Sam Costello?" they demanded.

Costello stepped forward and the three drew guns. They blazed away for a full minute and when they fled they left four men wounded on the floor.

Sam Costello had three bullets in his abdomen. He was expected to die.

The others:
Malo Bagagli, 37, wounded in the leg.
Rick Costello, 34, wounded in the groin.
Joe Di Giovanni, 40, wounded in the leg.

The men were taken to St. James hospital. Police said the men knew who shot them but stuck to the code of gangland and refused to "squeal."

Police said a fifth man who was in the bakery when the three gunmen entered escaped by diving through a rear door.

County Highway Policeman James Driscoll said the bakery had been suspected for some time as meeting place of a gang interested in the slot machine racket.

It was the first wholesale gang shooting since the notorious St. Valentine's day massacre just nine years ago next Monday. Seven gangsters were machinegunned to death on that occasion. Several of the assassins wore police uniforms.

Police said the gangsters today apparently intended to kill only the Costellos because their guns were aimed at the legs of the other two men.

State Orders Changes For County Home

Watseka, Feb. 9.—(RN Special)—The Iroquois county board of supervisors has granted State's Attorney Elmer A. Taylor \$10 a week for stenographer hire. They also agreed to pay telephone and light bills for the state's attorney's office. The past year the board has been rejecting all bills presented by Taylor.

A report was read by Supervisor Fred Nightingale of Oilman from the state fire marshal advising the board there must be several changes made at the Iroquois county home. All doors on the building must be changed to swing out. Instead of opening as they now do, and the basement must be given a coat of plaster as well as all new electric wiring. The north wing of the building must be equipped with state approved fire escapes. This work will be done some time in the next few months.

The board will also have the office of County Welfare Officer A. T. Murphy redecorated. This office is located in the courthouse basement.

THE WEATHER

(Wednesday, Feb. 9, 1938)
Hourly temperature readings from 1 o'clock Tuesday afternoon to noon today are:

High at noon 53, low at 5 a. m. 48.
A year ago fair, high 24, low 11.
1 p. m. 48 1 a. m. 50
2 p. m. 51 2 a. m. 50
3 p. m. 52 3 a. m. 50
4 p. m. 52 4 a. m. 49
5 p. m. 51 5 a. m. 48
6 p. m. 50 6 a. m. 48
7 p. m. 50 7 a. m. 49
8 p. m. 50 8 a. m. 49
9 p. m. 49 9 a. m. 49
10 p. m. 50 10 a. m. 50
11 p. m. 50 11 a. m. 51
Midnight 50 Noon 48
Sunset today at 5:14, sunrise Thursday at 6:53, sunset at 5:16, moon sets at 3:18 a. m. Thursday.

Cloudy tonight and Thursday, probably snow flurries in central and north tonight, possibly rain in extreme south tonight or by Thursday; much colder.

Banks to Close

No banking service will be available in the city Saturday. All banks and savings and loan associations as well as city and county offices will be closed in honor of Abraham Lincoln's birthday.

Persons having business at these places are reminded to transact it on Friday of this week.

FRED KURRASCH DIES SUDDENLY THIS MORNING

Former Alderman
Heart Attack
Victim

FUNERAL FRIDAY

Fred C. Kurrasch, 62, assistant supervisor of Kankakee township and former fifth ward alderman, died at 2:30 o'clock this morning at his home, 347 West Mulberry street, following a heart attack.

Although he had been subject to attacks in recent months, he continued his duties as supervisor until the day of his death. Mr. Kurrasch attended the county board meeting yesterday and was in his usual good spirits. The fatal onset came suddenly during the night. He died a few hours afterward.

Private funeral services will be conducted at 2 o'clock Friday afternoon from the residence followed by public services one half hour later at St. John Evangelical church with the Rev. Theodore S. Buchmuller, officiating. Burial will be in Memorial Park.

Here All Life
A lifelong resident of Kankakee and employee of the New York Central railroad for 29 years, Mr. Kurrasch was described by his friends as a tolerant, friendly and unassuming man, sincere in accepting and discharging the obligations of good citizenship.

He was born June 20, 1875 in Kankakee, the son of Charles and Mary Kurrasch, and entered the service of the New York Central railway at the age of 16. He rose to the position of mechanic and then general engineering foreman, which he held at the time of his retirement in 1931.

He was a leader in the union movement of his railroad organizations. Mr. Kurrasch was chairman of the city council fire committee when the city bought its first motorized fire apparatus. He was instrumental in extending city water service into the northern part of the fifth ward and obtaining complete fire protection in that section.

Loyal to Party
He helped organize one of the First Voters clubs among Fifth ward Republicans and was always a loyal supporter of his party.

Mr. Kurrasch was married July 4, 1900 to Wilhelmina Lipka who survives together with a daughter, Mrs. A. T. Sellers of Kankakee, sisters Pauline, Emma and Mrs. J. T. Flavin of Kankakee, Mrs. G. N. Wright of Chicago, and other Charles of Kankakee.

The deceased was a member of Knights of Pythias. The body will be removed Thursday afternoon from the Rehrl funeral home to the residence where friends may call from 2 to 5 and 7 to 9 p. m. and until the time of the service.

Milford Club Gets Charter from State

Milford, Feb. 9.—(RN Special)—A not-for-profit charter for the Smoke Shop club of this village, for social and recreational purposes, was issued today by the secretary of state's office in Springfield.

The incorporators are R. S. Jones, A. Waugh and R. Young. The correspondent is Glen W. Brock of Watseka.

Further Assurance Against Entanglements Demanded

Washington, Feb. 9.—(UP)—Secretary of State Cordell Hull today said the world has the jitters because everybody in all countries is trying to talk at the same time on international matters without knowing what they are talking about.

He made this comment in response to questions concerning a statement by Professor Gilbert Murray in London that the British government had assured the United States of support in event this country became involved in far east difficulties which would threaten the United States.

Hull said he had heard of no such assurances from Great Britain or from any other country, from officials or private individuals.

He said there was not a vestige of truth in reports that any agreement or understanding exists between the two countries in the manner inferred by Murray.

Demand Assurances
Hull's statement came as both Democrats and Republicans in congress were demanding further assurance against entanglement in a foreign conflict. These demands were presented despite Hull's assurance of yesterday that the United States has no alliance or naval understanding with a foreign power.

The fire of the isolationists was directed particularly at President Roosevelt's attitude toward future international crises as judged in relation to his speech last September at Chicago when he indicated that a "quarantine" might be necessary against wrong-doing nations.

Sen. Arthur H. Vandenberg, R-Mich., promised "further exploration" of the attitude of the administration on collective security action.

Sen. Homer T. Bone, D. Wash., (Continued on page twelve)

Dies Suddenly

Fred C. Kurrasch, 62, assistant supervisor of Kankakee township, died suddenly at 2:30 o'clock this morning at his home, 347 West Mulberry street, following a heart attack.

129 SCHEMES TO PROMOTE CASH STOPPED HERE

Commerce Chamber
Saves Merchants
\$150,000

Continuing its battle against "racket" advertising, the chamber of commerce last year prevented 229 solicitors from working 129 promotion and solicitation schemes calculated to exact \$71,543 from Kankakee merchants.

The annual report of the advertising and solicitation committee of the commerce organization, released today, estimates that besides these schemes which it refused to endorse, probably an equal or greater number were never presented to the chamber's office, with the solicitors leaving town when the business men asked them for a sanction from the chamber.

It places the total amount saved at close to \$150,000, represented as the expected revenue from some 250 schemes. The chamber of commerce does not seek to interfere with local organizations sponsoring legitimate advertising ideas, but aims at the transient solicitor who works up a job for himself by creating a plan to sell the business-

(Continued on page two)

Chicago Speaker for Clifton Club

Dr. Samuel Kinchloe, professor of social ethics and research in the Chicago Theological seminary, will address the Clifton Sunday Evening club at 7:30 p. m. Feb. 13 on "The Effect of the City Upon the American Church."

Dr. Kinchloe sees the city offering a real challenge to the ideals which have made the U. S. what it is today. Modern society is no longer built around a rural community; it is rapidly becoming an urban-centered civilization, according to the professor who will attempt to show the place of the church in the next century.

The club meets in the Methodist church.

County Board Provides Road in Hobbie Hgts.

Will Divert Trucks
from Downtown
Districts
ROUTE 45, TOO

Two fine stretches of county highway, planned to be constructed this year out of state gas tax proceeds without any additional taxation, were provided for Hobbie Heights and West Kankakee by the county board in its session yesterday and the supervisors also made preliminary arrangements for important highway improvements in other parts of the county.

Besides providing badly needed outlets and safe shortcuts for the people of the suburban territory of Kankakee, the two above mentioned new roadways will be of great benefit to people of Kankakee proper visiting there and trucks will be able to avoid the city, thus minimizing traffic congestion and danger.

The new Hobbie Heights road, to be a part of the state-aid highway system of the county, maintained during the coming season if right-of-way are obtained, will connect highway 17 with highway 49 through Hobbie Heights.

Macadam Base
Starting from highway 17 on Fairmont avenue, it will go north on that street to a line extended east from Willow street, then west to Hobbie avenue at Willow street. It is to be of macadam base with bituminous surface.

Also added by the county board to the state-aid highway system of the county, the new West Kankakee road will be a connection between highways 17 and 45.

It will start at route 17 at Curtis avenue and follow that avenue south. Distance of one mile to highway 45. It also is to be built of macadam base with bituminous surface.

No Extra Taxes
The board of supervisors also added other stretches of roadway in the county to the state-aid system with the intention of improving these roads as soon as the plans and specifications are finished and the money becomes available without additional taxation.

These additions include a stretch of four miles on the line between Summer and Manteno townships running north and south. This road will begin at St. George and continue north to the Manteno-Whitaker road, providing an important outlet north and south for the farmers in that vicinity.

Another new highway planned by the county board is a stretch between

Catching a Few Off First:

By OREN ALLAN

So that the basketball clinic to be held here late this month with Coach Charles Harrison, Gene Dyer, and Peter Lahey doing the coaching, may have a definite carry-over value, there will be classes conducted at the Rose gymnasium after school every Monday and Friday afternoons between 3:30 o'clock and 5 o'clock. It was announced today that the first classes after the clinic will be held on Feb. 28.

Substant in four games, Chetworth leads the Vermilion Valley league, which will meet at conference with Herscher, undefeated in two games, holding the Illinois State basketball and baseball titles. In order to report to the Philadelphia Athletics' training camp.

Winning edge while losing but a single game, Melvin holds the top spot in the East Central league. The winner of the Trojans county tournament last week in second place with seven wins and a loss. . . .

Watska's record of seven victories that took town first place in the Waukegan league. . . .

Kankakee and Bradley have fallen in different brackets in the regional high school drawings so it looks like they will meet in the final round. . . .

Longest trip ever taken by a University of California basketball team will be made this week when the Golden Bears travel to Seattle, Wash. . . .

Some consider the International Intercollegiate hockey league a mistake. . . .

Joe DeBragio was able to consistently score high in the American league last year. . . .

Oshkosh Defeats Trojans; Edwards Scores 30 Points

Oshkosh, Feb. 9.—(UP)—Oshkosh, a national leader in the National basketball league, scored a decisive 30 to 24 victory over the Chicago Trojans here Tuesday night.

Larry Edwards, former University of Kentucky star, led what was believed to be a new National pro league scoring record with 14 field goals and two free throws for 20 points. The mark topped Edwards' own former figure of 24.

Seeks Boycott on Japan's Olympics

Shanghai, Feb. 9.—(UP)—Chinese athletic authorities are preparing for a campaign to persuade foreign countries to boycott the Olympic games at Tokyo, it was disclosed today.

DEHNER OUT OF ACTION RETAINS WESTERN LEAD

Chicago, Feb. 9.—(UP)—Lewis (Picks) Dehner may not play another game of basketball here this season, but shaking him out of first place in the Big Ten individual scoring standing probably will take time.

Dehner was declared scholastically ineligible last week and missed Monday's stifling battle with Purdue, but his 97 points for six games still left him in possession of the individual leadership. The big Illinois center muffed a psychology course last Saturday to return to sharp-shooting competition Saturday against Minnesota. It is successful.

Dehner was declared scholastically ineligible last week and missed Monday's stifling battle with Purdue, but his 97 points for six games still left him in possession of the individual leadership.

Survey Disproves Belief That Average Englishman Wears Monocle and Spats

By CHARLES A. SMITH
London, Feb. 9.—(INS)—Contrary to the impression held by most foreigners, the average Englishman doesn't wear a monocle, carry a cane, punctuate his conversation with "haw haws" and generally look and act like a product of the musical comedy stage.

In fact, he's a standardized individual who wouldn't attract more than a passing glance in any crowd, if a survey conducted by the London "Daily Express" newspaper is correct.

The survey discovered that the average Englishman is 5 feet 7 1/2 inches in height, 155 pounds in weight, 36 inches round the chest, 32 inches round the waist, and has brown eyes and brown hair.

He has three suits of clothes, size 34-36 in hats, is 33 years old, and works in commerce or finance. He married at 27 years 4 months, has one child and lives in a town of more than 50,000 inhabitants. His income averages \$1,650 a year, and he pays five dollars in every \$50 of that in direct tax-

tion.

He has three suits of clothes, two for business, one sports or week-end suit. One is probably gray. The second is more likely to be blue than brown. His topcoat is blue or black. He buys two pairs of shoes a year, paying \$2 a pair. His hat is a nigger-brown felt or a black derby.

No Monocle at Sports

He certainly doesn't wear a monocle or spats, sometimes carries a carefully rolled umbrella, but never a cane. But he does suffer from rheumatism—a legacy of the damp climate in which he lives.

Every week he spends about eight dollars on food, about five dollars on the maintenance of his home, three dollars on saving, including for new houses and furniture, two dollars on clothes, two dollars on travel, \$1.50 on liquor, \$1.20 on miscellaneous expenses, a dollar on smoking, fifty cents on newspapers and books, seventy cents on sickness, accidents and insurance.

HERSCHER

The Herscher community meeting will be held at the high school auditorium Wednesday evening at 7:30 o'clock. Each one is requested to bring sandwiches and cup cakes.
