IL DUCE AND CHAMBERLAIN TALK PEACE

Control of Mediter- ranean is a Big Issue

BULLETIN

Paris, Jan. 12.—P. I.—D'Amato, president of the chamber of deputies, called on France today to speed up and perfect her armament in face of Italian dangers to her colonial frontier.

Marking his reelection as president of the chamber, Herriot declared France "must be equipped with an armor without weakness" because "once again we are living in an age of force."

Herriot shouted before French deputies:

"Free peoples do not bargain for their frontiers—they defend them."

"Gentlemen are unanimous in their will to cede nothing to threats. . . . Our epoch marks return to the cruellest periods of the past."

He paid tribute to Pope Pius XI and President Roosevelt as among the few who "raised their voices in protest." He called on the chamber to echo "these voices."

BY EDWARD KENNEDY

Rome, Jan. 12.—P.—The premiers of Britain and Italy concluded their formal conversations on the future of Europe here today, and British sources said no new commitments had been made on either side.

The series of appeasement talks for which Prime Minister Chamberlain came to Rome yesterday ended with a 15-minute conference in Premier Mussolini's office.

A spokesman for Chamberlain said the conference "continued and intensified" the job he began in London, that of a general European survey and each side continued by stating its position and understanding that of the other.

Foreign Secretary Viscount Halifax and British Minister Count Galeazzo Ciano attended with the premiers.

Members of Chamberlain's party admitted that a clear idea of Il Duce's view of European problems and the way to solve them was all they expected to get out of the prime minister's appeasement journey to Rome.

Topping to make a state park out of 4,000 acres of land along the Kankakee river downstream from this city was unanimously passed by the board of directors of the Kankakee chamber of commerce at its meeting Wednesday noon in McBroome cafe.

The resolution expressed the thanks of this community to members of the state legislature from this district for their commendable attitude of public service and directed the appointment of a committee to work with other interested citizens to make the public park project a reality.

It also urged other Illinois business, civic, service and veteran organizations to endorse it and lend their cooperative support in this matter in the legislature as Senator Louis E. Beckman and Representatives George Allen and Ben W. Alperin.

JUDGE HUNTER SKIPS COURT ON 81ST BIRTHDAY

Ailing Jurist Tells How He Chose Law as Career

BULLETIN

"When you find something in life that you like, you can't go back after it," said Judge W. H. Hunter today, his 81st birthday.

He said he first saw the law in the southwest. "It was partly wild then," he remembers, "but the Santa Fe railroad was running. They didn't have much cars in those days, but once in a while the train stopped at a place along the way."

His Last Dollar

"At one of them a sign said, 'meat 75 cents, take it or leave it.' I was pretty hungry. I didn't know what to do. Should I spend my last dollar or go hungry?"

"Then I saw a big home over the door. On it were the words, 'As you journey through life, live by the way. Pick the flowers. While you may.'"

It was just 57 years ago today that the judge was admitted to the bar. "That brings up the story of how he chose law as a career."

"I came here in 1882. I didn't have any money or much education. A murder trial was going on in the old courthouse. I stopped in, out of curiosity."

"I was amazed. I had seen courtrooms in Canada and they were full of dignity. Here it was different. There he was, up in front, a big, black-haired, black-whiskered fellow, with his shoes on the rail. I noticed his shoes were patterned."

"He was chewing tobacco. There were spittoons on each side. He was a first one, then the other. He was a good marksman."

"Over on one side 12 men sat on stools. That was the jury. Two or three fellows were running around the room. I couldn't tell which was the defendant and which the lawyers. Finally I spotted the lawyers as doing the most talking."

"After a while I went out and walked down the street. I said to myself, 'If those damned fellows can practice law, I can.'"

After several years of reading law and supporting himself as a musician he passed the bar examination at Pontiac with a grade of 96.

This is the first birthday he can remember that he has not been "on the job."

Must Get Licenses to Wed in 15 Days

Notices of intention to apply for marriage licenses were filed yesterday by Joseph A. Seneca, 26, of Bourbonnais and Bernice Granger, 21, of St. George; Gawan Frick, 22, of St. George; and Anthony Yonke and Marie Hubbs, 19, both of Kankakee.

County Clerk Hector LeBeau today called attention to that part of the new marriage law which requires that persons planning marriage obtain their licenses within 15 days after the date of their examination by a physician.

There have been several cases of late he said, where couples allowed more than 15 days to elapse and had to be reexamined.

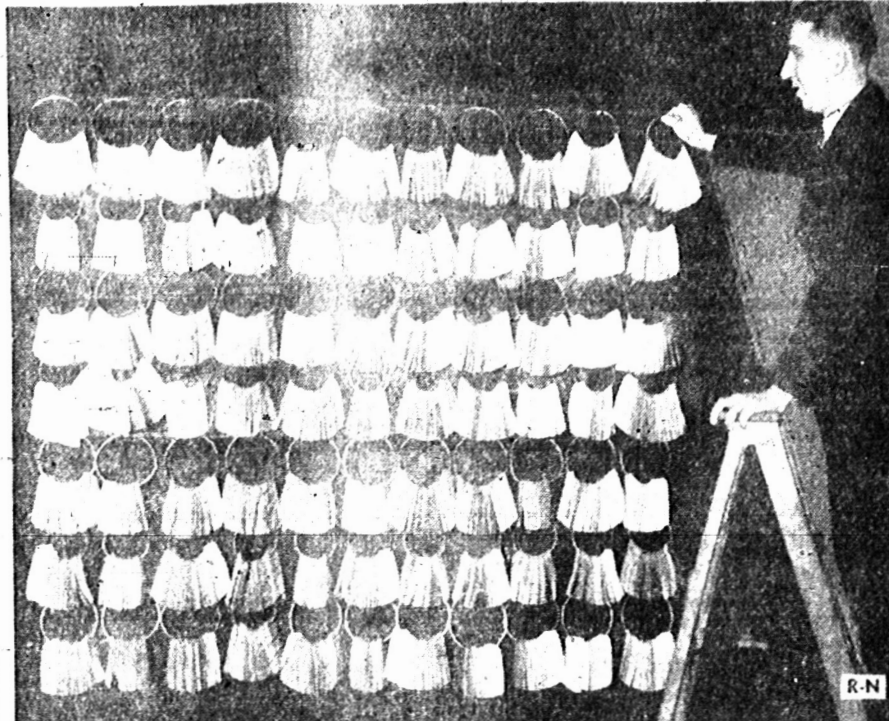

The 15 day limit, the clerk said, is to the time of issuance of the license and not to the time of filing notice.

Apartment House Sold at Auction

A stucco four-apartment building at 1666 East Court street, formerly the property of Mrs. Isabella Risser Gatheney, was sold at public auction at the courthouse this morning for \$8,100.

It was purchased by the Kankakee Federal Savings & Loan association, mortgage holder, represented by Attorney Claude M. Granger.

The property was sold by Attorney Elmer Wilson, special master-in-chancery.

The services of 77 carrier boys are required to make deliveries each evening in this area. The total paid circulation of the Republican-News is now over 11,500, the highest mark ever attained by any paper in this section of Illinois.

Men Between Ages of 39 and 45 Are Called to the Colors

Barcelona, Spain, Jan. 12.—The Spanish government today ordered the call-up of all men between the ages of 39 and 45 in an attempt to meet the insurgents' great offensive in Catalonia.

Military orders previously had included all males between the ages of 18 and 38.

A male citizen up to 50 years of age and others who are unfit for service at the front were ordered to join foundation brigades.

Fortification brigades formed earlier in the year were dissolved and their men sent to the infantry.

War machines and supplies were hurriedly gathered and all available armament sent immediately to the war zone.

Install Magill as President of Club

Glen W. Magill was installed as president of the Exchange club, succeeding Harold Boland, at a ladies night meeting Wednesday evening in McBroome's cafe.

Milton Lane assumed the office of vice president and Carl Smith retained his post as secretary. New board members installed were Justin Ford, William Meyer and E. O. Arnette.

The group was entertained by Ed Reno, Kankakee musician. President Magill named Carlos Morrow and Clarence Kennedy to serve on a program committee for the term and also appointed committees for the club's boxing show which will be held at 8 o'clock next Thursday evening, Jan. 19, in the K. of C. hall.

Justin Ford will be in charge of tickets; Charles Krebs, publicity; William Meyer, house; Prude Vaden, ring; and Anthony Yonke and Marie Hubbs, 19, both of Kankakee.

Chicken Thieves Try to Bury Loot

Watseka, Jan. 12.—(RN Special)—Three Illinois men were prisoners at the county jail today charged with chicken theft. They were arrested this morning by Sheriff Guy E. Redman and deputies who surprised the trio and caught them attempting to destroy the evidence by burying seven fowl in a manure pile.

Other arrests were expected later. Those in custody were Charles Schroeder, 32, Clarence Cantener, 29, and Homer Williamson, 33.

FOOD SUPPLIES TO MISSOURIANS ALONG HIGHWAY

Continue Demon- strations Against Poverty

New Madrid, Mo., Jan. 12.—P.—The prospect of food supplies and assistance from two federal agencies encouraged more than 1,000 southeast Missouri tenant farmers today in their demonstration against sharecropper poverty.

Officials of seven surplus commodity warehouses were ordered by Assistant Social Security Administrator Proctor Carter to make supplies available to the families, camped at scattered sites along two major highways.

The Farm Security administration and the Surplus Commodities corporation announced food and other assistance would be provided.

Officials said the FSA would make financial grants, not to exceed \$20 a month, to families needing help, and also assist them in finding new farm connections. The SSC arranged to distribute food.

A demand for a federal inquiry into the demonstration was made today in resolutions adopted at a meeting of 24 landowners.

The landowners also urged an investigation into the affairs of Hans Rasch, supervisor of the La Forge federal rehabilitation project near here and also of Owen H. Whitfield, Negro farmer at La Forge, part time preacher and a leader of the demonstration. Rasch had no comment.

The resolutions will be sent to Gov. Lloyd C. Stark, the two Missouri United States senators, Vice President Garner, Secretary of Agriculture Wallace and to the Dies committee.

"More than 90 per cent of the demonstrators," the resolutions said, "are not sharecroppers and many are not even residents of the state of Missouri."

The families, three-fourths of them Negroes, huddled around campfires and oil-burned stoves again last night. Temperatures were well above freezing, but the possibility of rain continued.

Violinist, Contralto, In Concert Jan. 23

(Picture on page 11)

The second of the series of concerts sponsored by the Woman's club will be held the evening of Jan. 23 when Michael Wilkomirski, a Polish violinist of Russian descent, and Lillian Knowles, contralto, who came to this country from England at the age of 10, will appear in a joint program in the auditorium of the Kankakee high school.

Mr. Wilkomirski, child of a musical family, began early to study violin with his father, a great teacher in Moscow, who also said that the other children were trained as musicians, the sister as a pianist, the brother a cellist. When Michael was eight years old he and his sister and brother began touring as concert artists, playing the entire trio literature in concert all over the continent, always performing from memory.

The Polish government later gave Michael a scholarship which permitted him to choose the city and the artist with whom he wished to study. He chose Lucien Capet in Paris and worked there with great success, the conservatory arranging a debut recital which subsequently brought about solo appearances with many important orchestras including the Pasdeloup and the Amiens.

Netherlands is Warned by Nazi Paper of Attack

Berlin, Jan. 12.—P.—The semi-official mouthpiece of the German foreign office warned the Netherlands today that alleged shots at German officials' homes in Amsterdam and the Hague might "severely affect" her otherwise carefully guarded neutrality.

Angry charging Jews with having fired at Nazi buildings in the Netherlands, Germany earlier had warned that Jews in Germany would be made to suffer if the reported incidents continued.

Deutsche Diplomatisch-Politische Korrespondenz, which speaks semi-officially for the foreign office, warned the Netherlands she would "have to consider earnestly whether her present liberal attitude and indulgence toward destructive Jewish influence can still be tolerated if, as just has been the case, it leads to endangering of accredited German representatives."

Both the press and the propaganda ministry blamed Jews for shots allegedly fired on the private dwelling of a German consular official at Amsterdam and at the office of the German legation secretary at the Hague.

Owners of dogs in the neighborhood of Kankakee high school were warned today to keep them at home since Matt Chinski, city dog catcher, is picking up all dogs running loose in this vicinity and exterminating them.

Many complaints have been received recently about the droves of yelping hounds playing about the school in such a manner as to disturb classes.

The People's Building and Loan association which has been conducting for the past 19 years in Rooms 212-213 Volkman buildings will move to larger quarters in the Hotel Kankakee building at 190 South Schuyler avenue on Feb. 1.

William A. Lemmenger, secretary-treasurer of the association who is also president of the Lemmenger insurance company operated in connection, said today that it is the intention of the firm to expand its building and loan facilities to the public.

Anker C. Jensen is president of People's Building and Loan and J. Archibald Brown is vice president.

Talking Constantly Injures the Larynx

Chicago, Jan. 12.—(UP)—Keep your mouth shut, except when eating or when talking is necessary.

That's the advice of Drs. Chevalier Jackson and Chevalier L. Jackson, Philadelphia physicians. If you would avoid certain actions that lead to deterioration of the larynx, or voice box, their report said in Hygiene, the health magazine.

"Perhaps the worst abuse of the larynx," the said, "is the habit of talking constantly when not using the voice professionally. Other common forms of vocal abuse are talking too loudly into the telephone mouthpiece, talking in noisy places and yelling at football or basketball games."

They said shouting and cheering, like forceful singing and speaking, often cause little hemorrhages on the vocal cords. The hemorrhages develop into vocal nodules and various kinds of tumors that ruin the voice unless removed.

The next meeting will be held at the same hour the evening of Jan. 25 in the high school gymnasium under the auspices of the Momence Farm Bureau unit. A representative of the Pure Milk Association will speak on the raising and feeding of dairy cattle.

TRAIN VICTIM WAS WITH TWO OTHER WOMEN

A coroner's jury decided yesterday afternoon that Mrs. Mary Markowski, 70, of Bradley was killed when struck or run over by an Illinois Central train between midnight Monday night and 3 o'clock Tuesday morning.

The body was found at 5:40 o'clock Tuesday morning in front of the Bradley depot under a car of a south bound freight train.

According to Scott Callahan of Hazelcrest, engineer of the train, the body was then cold and there were no marks on the train to indicate it had struck or run over Mrs. Markowski.

Other witnesses called by Deputy Coroner Edward P. Madison were: James L. Downs, railway officer; Joseph Markowski, the widower; Mrs. Helen Klimas of Bradley, daughter of the deceased; John Klimas, son-in-law; Mrs. Stella Zasada, friends of the deceased, and M. E. Washington, Jan. 12.—P.—President Roosevelt asked congress today for an immediate appropriation of \$552,000,000 as the "minimum of requirements" for bulwarking the nation's defense against the "possibilities of present offense against us."

In a special message the President requested that \$525,000,000 be appropriated at once, to be divided between the army and navy.

The fund would include \$300,000,000 for a minimum increase of 3,000 in army plane strength. He also asked for an additional \$27,000,000 to provide an adequate "peace garrison" for the Panama canal, of which \$5,000,000 would be for immediate use to begin necessary housing construction.

The total request, all of which would not be spent in one year, would boost the new budget for defense to \$1,661,558,000, largest by far of any peace-time outlay.

"Minimum Requirements"

"Devoid of all hysteria," the President said, "this program is but the minimum of requirements. I trust, therefore, that the congress will quickly act on this emergency program for the strengthening of the defense of the United States."

Mr. Roosevelt said that after entry into the world war the United States "had more than a year of absolute peace at home without any threat of attack on this continent"

Mooney's Health Appears Excellent

San Francisco, Jan. 12.—(UP)—Thomas J. Mooney learned today after the first of a series of medical tests to determine his physical condition that he apparently was in excellent health for a man 39.

Dr. Leo Floessner, diatrist, declared Mooney's health as excellent although he said further checkups are to be made.

Mooney had said that results of the examinations would determine to a great extent how active he again would be in the later movement. He is to speak at a large meeting here on Friday at another in Sacramento Saturday and at Gilman stadium in Los Angeles Sunday.

Mooney's attorney, George T. Davis, said that a formal application for a pardon for Warren K. Billings, convicted with Mooney in the 1910 San Francisco parade bombing, would be filed today with Gov. Gilbert L. Olson.

Recommend World Wheat Conference

London, Jan. 12.—(UP)—The international wheat advisory committee reached an agreement in principle today to recommend convocation of a world wheat conference.

Canada and Russia expressed complete approval of the convocation of the conference.

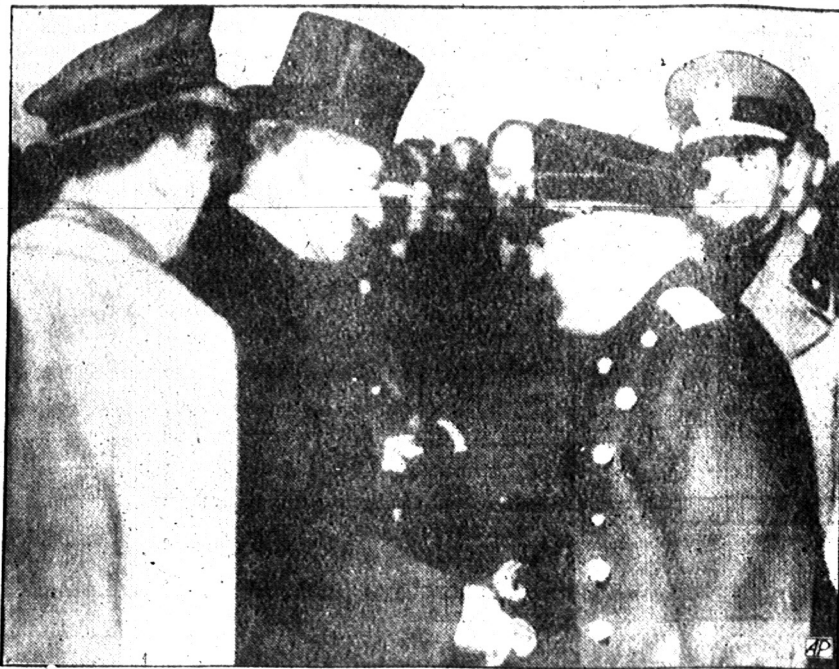

Delegates of Denmark, Finland, Italy, Rumania, Spain, Sweden and Yugoslavia expressed general approval, although they lacked complete instructions from their governments.

Ray Atherton of the United States, presiding, then announced general agreement had been reached on the desirability of convoking the conference.

Twenty-one nations, comprising the world's principal wheat countries, would be represented at the conference.

The main topic would be the unfavorable world wheat situation, in which exportable production is double the capacity of markets to absorb it.

The conference also probably would discuss a proposal of the Northwestern Grain Dealers' association of Winnipeg for establishment of an international research institute to investigate increased industrial uses for wheat.
