BRITISH LABOR ISSUES MANIFESTO

F. D. R. OUTLINES HUGE FEDERAL SCHOOL GRANTS

Start at 70 Million
In 1939 Up to
199 Million

CORRECT EVILS

Washington, Feb. 23.—(AP)—President Roosevelt transmitted to congress today a report of the advisory committee on education recommending new federal grants of \$85,000,000 to states during the next six years to improve their public schools.

The grants to begin a year hence at \$70,000,000, would be increased approximately \$30,000,000 each of the two following years and \$20,000,000 each year thereafter until they reach \$199,000,000 in 1944-45. These grants would be in addition to the permanent authorized federal grants of more than \$50,000,000 a year for vocational education.

The report said the recommendations were based on "more than a year of exhaustive study." Mr. Roosevelt appointed the committee in 1936 under the chairmanship of Floyd W. Reeves of the University of Chicago.

In his general conclusions, the committee found:

"The public school system in the United States greatly needs improvement. Glaring inequalities characterize educational opportunities and expenditures for schools throughout the nation.

"The level of educational service that can be maintained under the present circumstances in many localities is below the minimum necessary for the preservation of democratic institutions.

Federal aid is the only way in which the difficulties in this widespread and complex situation can be adequately corrected."

Six Major Funds

The committee proposed division of the new grants into six major categories as follows, the first sum being for the starting year of 1939-40 and the second for the maximum in 1944-45:

- 1.—General aid to elementary and secondary education, \$40,000,000—\$140,000,000.
- 2.—Improved preparation of teachers, \$20,000,000—\$60,000,000.
- 3.—Construction of school buildings to facilitate district reorganization, \$20,000,000—\$30,000,000.
- 4.—Administration of state departments of education, \$1,000,000—\$2,000,000.
- 5.—Educational service for adults, \$5,000,000—\$15,000,000.
- 6.—Library service for rural areas, \$2,000,000—\$6,000,000.

The report emphasized that the

Dollar Day Draws Shoppers to City

Homeward bound shoppers heavily laden with packages and stores bustling with activity was prima facie evidence today that Kankakeans and their neighbors in this trade area are still eager for bargains.

In spite of the bad condition of rural roads, a large number of farmers drove to town to take advantage of the Dollar day values. The department store clerks were kept busy throughout the day. Many other firms reported satisfactory business.

"Rumpus Island" Controversy Leads to Duel; One Wounded

Independence, Mo., Feb. 23.—(UP)—The prolonged feud over rights to "Rumpus Island," a sandbar formed 25 years ago by backwaters of the Missouri river, developed into a gun duel that left Frank Hurshman, 55, near death today with a bullet in his stomach.

Jesse Wirick, 33, told Prosecutor Russell W. Gabriel that he shot Hurshman in self defense. He said that each of them had a gun and was firing simultaneously.

Quarrels over the land have been waged for many years but Wirick said the fight was a personal one between him and Hurshman, and did not concern the dispute between Mormons of the reorganized church of the Latter Day Saints, who claim the island under riparian laws, and the shanty dwellers who claim "squatters' rights."

Threatened to Kill
Wirick said that he had leased

DANGEROUS TO DELAY CALLING HELP TO FIRE

Chief Marquart in Warning Against Home Fires

The danger of residents attempting to fight fires in their own homes with brooms, rugs, blankets, pans of water and bare hands was explained today by Fire Chief Roy Marquart.

"Such persons run the risk of being burned or overcome by smoke, since they cannot stand at a safe distance to do the job effectively," the chief pointed out. "It's much safer, he said, to have a small hand extinguisher in the home to hold the blaze in check before firemen arrive."

When fires are discovered, citizens should call the department first, no matter if the blaze does seem small and practically harmless. Then, after the alarm is turned in, householders can turn their attention to the blaze, knowing that if it does get out of control the apparatus will arrive within a maximum of three minutes.

No Turtles Here

The fire fighters have been timed on several occasions recently and it takes them only 20 to 30 seconds to jump into their boots and rubber coats, board the truck and get away from the station.

Within three minutes they can be at the farthest edge of town. The first five minutes are the most important in fighting a fire and if it can be attacked within that time, the property can be saved with small loss.

While Kankakee's 1937 per capita fire loss was only 51 cents, as compared with \$2.44 for the U. S. as a whole, this figure can be reduced still further, in the opinion of Chief

EXECUTOR OF FORTIN WILL FIGHTS BACK

Seeks To Prevent
Heirs from Get-
ting Cash

FOR ORPHANAGE

Attorneys for E. J. LaMarre, executor of the estate of Alfred Fortin, former Kankakee financier who willed a half-million dollar estate for the ultimate establishment of an orphanage home at Bradley, yesterday took steps in answer to a recent suit filed by nieces and nephews in an attempt to "break" the will.

There he remembered the name of friends of the Hollands in Chicago. He telephoned them there and arranged to meet them at De Kalb.

The Hollands were no less happy about it than Seddon. It was Seddon who had their combined bankrolls and Ogden is a long way from here.

Attorneys C. D. Henry of Kankakee and Harry L. Rickard of Chicago, representing LaMarre, filed with Circuit Judge W. R. Hunter four motions to be heard by Hunter next month. These motions are:

To require the plaintiffs in the suit to provide security for costs of the suit on the grounds many of them are non-residents of Illinois.

To make the state of Illinois a party to the suit on the grounds that the will provides for charity and therefore the public is interested.

That notice of the suit, served on each of some 40 defendants and not on Mr. LaMarre alone.

That the suit be dismissed on the grounds that the complaint is insufficient.

The first three motions will be heard by Judge Hunter on March 7 and the last on March 21.

Mr. Fortin, who died Jan. 26, 1937, left a will and codicil providing for the orphanage and not providing for numerous nieces, nephews, grandnieces and grandnephews. A group of these, represented by Attorney Vernon G. Butz, recently filed the suit to "break" the will, naming another group as defendants.

Charge Forgery
Their complaint charges that the will and codicil are "fraudulent, fictitious and forged," not made by Mr. Fortin or ever acknowledged by him. It asserts that at the time of the supposed making he was of "unsound mind and memory," that he was "in his dotage and suffering from physical weakness and disease" and did not have the mental capacity to know what property he had to dispose of or who were the natural objects to his bounty.

Another allegation is that one of the defendants, not definitely identified, was Mr. Fortin's confidential agent and "dissuaded him from making any provisions for the benefit of his relatives."

2 Runaway Girls Near Beaverville

Beaverville, Feb. 23.—(RN Special)—Two 14-year-old girls, Dolores Daly and Stiffie Chodoroff, who ran away from the Holy Family academy here yesterday were found this morning by the teacher at the Goldberg school, four miles south of Beaverville on highway 116.

Sheriff Phil Brown and deputies conducted a search for the two girls last night but could not find them. From the school teacher he learned that they had trudged through the snow for four miles and slept overnight in a hayloft at the Goldberg farm.

The girls were returned to the academy. No reason was given for their action.

Accountant Goes on Trial Thursday

Carl A. Fromm, Chicago accountant who recently was arrested in Chicago on a charge of non-support of his family, will go on trial before a jury in county court tomorrow morning at 9 o'clock.

He will be represented by Attorneys Len H. Small and Fred R. Stith Jr., appointed by the court. The prosecution will be by Assistant State's Attorney Victor Lauridsen.

Fromm is charged with having failed to comply with a court order that he pay \$100 monthly for the support of his wife Cora, formerly of Kankakee and now in Pontiac, and their three children.

Light Separated Two Men as Well as Two Bankrolls

Chicago, Feb. 23.—(AP)—Marvin Seddon and Louis Holland, separated by a traffic light, were reunited today by a telephone.

Seddon, 26, and Holland, 28, the latter accompanied by his wife, were driving new automobiles from Detroit to their homes in Ogden, Utah, yesterday when a stoplight flashed behind Seddon's car and in front of Holland's. Seddon didn't know this until he had driven several blocks.

With no Holland car in sight, Seddon cruised the city streets looking for it. He became hopelessly lost and ended up in DeKalb, Ill., about 60 miles west of there.

There he remembered the name of friends of the Hollands in Chicago. He telephoned them there and arranged to meet them at De Kalb.

The Hollands were no less happy about it than Seddon. It was Seddon who had their combined bankrolls and Ogden is a long way from here.

Democrats Name Only 1 Candidate

A decision to nominate but one candidate for state representative from this district was arrived at in a meeting yesterday of the Democratic senatorial committee of this, the 20th district.

The committee, meeting at the Hotel Kankakee, is composed of Fred Nightingale of Iroquois county, C. E. Cummings of Grundy county and Earl Francis of Kankakee county, the latter having been appointed to fill a vacancy caused by the resignation of William B. Brown.

New President of Bell Telephone Co.

Chicago, Feb. 23.—(UP)—Aubrey H. Mellinger today was elected president of the Illinois Bell Telephone Co. to succeed Floyd O. Hale, new chairman of the board.

Mellinger began his service with the New York telephone company in 1905, with which he was connected until 1928 when he became general manager in charge of the Chicago area of Illinois Bell.

William O. Kurtz was elected vice-president in charge of operations to succeed Mellinger. Officers re-elected were: Graham K. McCorkle, vice president; Arthur P. Grose, secretary-treasurer; August D. Grote, general auditor and Fred Brown, assistant secretary.

Thieves Get \$25 in School Vault

Sheldon, Feb. 23.—(RN Special)—The office of the high school building here was burglarized last night and \$25 taken from the vault.

Access to the building was made through the rear door. The thief or thieves then went upstairs, entered the office by breaking the glass in the door and went through the vault. The files were ransacked in addition to theft of the money.

Bank Sues Garage for Automobile

A replevin suit was filed yesterday in circuit court by the Parish Bank and Trust company of Moline, represented by Attorney Varnum A. Parish, against the Up-town Sales and Service company of Kankakee.

According to the bank's complaint, it seeks to recover from the garage an automobile valued at \$450 which it claims.

Hold 2 Brothers on Assault Count

James McComb, 40, and Joseph McComb, 50, of near Manteno were to be tried for assault and battery this afternoon before Justice Fred R. Smith.

The accusation against them is by Arcade Giroux of Manteno who charges that on last Saturday the brothers threatened and attacked him. The argument arose, it was said, when Giroux's car became mired on a road near Manteno and the brothers passed with their car.

CHIEF G-MAN'S MOTHER DIES IN WASHINGTON, D. C.

Washington, Feb. 23.—(AP)—Mrs. Anna M. Hoover, mother of J. Edgar Hoover, director of the Federal Bureau of Investigation, died at her home here last night.

One Killed, Score Injured in Train-Truck Crash

A truck driver was killed and a score of passengers on a fast St. Louis-Chicago train of the Wabash railway were injured when the train crashed into a paper truck as it neared Chicago. The four overturned cars, and the shattered ties are shown here.

\$10,000 Loss In Big Fire At Sheldon

Sheldon, Feb. 23.—(RN Special)—The Novelty building, a long, two-story brick structure standing along the Big Four tracks here, was destroyed by fire of unknown origin at midnight last night.

Only the walls remained standing, and these were being pulled down today for safety to passers-by.

Tractors, farm implements and two used trucks stored in the building by W. H. McCloud, implement dealer, and household goods stored by Oscar Hungness were also destroyed. He had intended to move his goods next week.

The blaze was fought by the volunteer fire departments of Sheldon, Watseka and Kentland which prevented its spread to the grain elevator across the tracks and to a nearby house tenanted by the Morgan family.

The loss is estimated at \$10,000, partially covered by insurance. The building was owned by receiver of the closed Sheldon bank.

Steal Equipment at Lumber Office

Thieves entered the office of the Kankakee Lumber and Supply company, East Court street at the Big Four tracks, during the night and carried off an adding machine, three small motors of 1-16 horsepower each, and an electric clock.

Officers Dan Bergen and Thomas Cantlin, who investigated, said that entrance was gained by smashing a side window. The entire office was ransacked. Thieves found no money, however.

Typing Champ at Watseska Thursday

Watseska, Feb. 23.—(RN Special)—Al Tangora, who holds the world record for speed on the typewriter, will give a demonstration in the Watseska high school Thursday morning.

He gave the first demonstration of his unusual speed in typing at the school here four years ago. At that time his wife, then Miss Virginia Martin of Evanston, was instructor of Latin, French and music at the school.

Vermilion Man is in Congress Race

Russell L. Guin of Vermilion county, candidate for the Republican nomination for congressman of the 18th district, was in Kankakee yesterday meeting friends and making new acquaintances. He said he will make a canvass of the entire district which includes Kankakee and Iroquois counties.

Mr. Guin, who served in the U. S. navy during the world war, was formerly principal of the Ridge-farm and Westville high schools, is a publisher of agricultural text books with 40 of his books being read in every state and many foreign countries. He is former national president of American Business clubs. This is his first venture as a candidate for public office.

Mann Objects to Gloves Joe Louis Uses in Contest

New York, Feb. 23.—(AP)—Heavyweight Champion Joe Louis weighed in at 200 pounds even today for his 15-round title bout with Nathan Mann of New Haven, Conn., in Madison Square Garden tonight. Mann scaled 193½.

Louis weighed three pounds more than he did for his successful title defense against Tommy Farr last August but was six pounds under the top weight of 206 he carried into the ring against Natie Brown last February.

A row over the gloves Louis will wear enlivened the weighing-in ceremonies.

Louis presented a specially-made pair of gloves for inspection by the New York state athletic commission.

The gloves weighed six ounces, as provided under the rules, but were of special design to accommodate Louis' large hand and abnormally long thumb. Ray Arcel, Mann's trainer, took one look at the gloves and loosed a vehement protest that they were inadequately padded and thus were more lethal weapons than the gloves Mann will wear.

For 15 minutes the argument raged until Brig. Gen. John L. Phelan, as chairman of the commission, ended the dispute by ruling the gloves were satisfactory. This quieted the combatants but left everybody concerned in the argument still peeved.

Another argument developed over the color of the tight Louis will wear. He wanted purple ones and discovered to the chagrin of his handlers that they would be black. Phelan stopped that dispute before it got started by remarking that "this is one of those things that we decide."

None of this did Mann any good. Dr. William A. Walker, commission physician, found him in a "highly nervous state." Louis, on the other hand, was pronounced "cool as a cucumber."

Daughter is Given All of Lee Estate

Watseska, Feb. 23.—(RN Special)—Real estate valued at \$28,000 and personal property of \$1,000 is disposed of in the will of Alma Hirsch Lee, Watseska resident who died last Jan. 10. The instrument was filed today by Attorney Robert Goodyear.

A daughter Clara Lee, 20, of Chicago, is awarded the entire estate. The instrument was drawn March 3, 1922, jointly with the deceased's husband, George, former cashier of the Citizens' bank who died 11 years ago.

Four Disabled Freighters in Atlantic Call For Aid

Boston, Feb. 23.—(AP)—Storm-tossed seas delayed relief vessels speeding today to the aid of four disabled freighters in the North Atlantic.

Two vessels, the 2,337 ton Norwegian freighter Vico and the 5,588 ton American cargo boat Azalea City, had lost propellers.

The steering gear of the 2,404 ton Latvian freighter Everhope was carried away 300 miles off Cape Race, N. F., on her way from Antwerp to New York, and the 1,200 ton British motorship Lydia, was disabled by engine trouble 750 miles east of Bermuda.

The Vico, bound for European ports from Norfolk, Va., fought heavy seas near the Azores while awaiting the arrival of the Dutch tug Sea Foam from Horta.

The Azalea City, owned by the Waterman Steamship company, of Mobile, Ala., and operating between gulf ports and Europe, wallowed in a gale 135 miles southeast of Cape Race, awaiting the salvage tug Relief from New York. The coast guard cutter Chelan and the Coast Guard cutter Chelan and the Coast Guard cutter Chelan.

The Lydia and the Vico reported they were in distress last night. The motorship Lydia was bound for Philadelphia and Norfolk, Va., from Foray, England. The Foundation Franklin relayed word of their distress to Halifax.

THREE BALKAN BEAUTIES ARE ON HIGH SEAS

Maiden Sisters of King Zog Coming to the U. S.

By ROGER D. GREENE
New York, Feb. 23.—(AP)—With names curiously reminiscent of Eugene Field's Fabled Wynken, Blynken and Nod, who also set forth to sea, three royal Balkan beauties—maiden sisters of King Zog I of Albania—were on the high seas today enroute to the United States.

Bound on a broadly-hinted quest for American husbands, the three princesses from the so-called "powder-keg kingdom" of Europe are Mysen, 28, Rublje, 27, and Maxhide 26.

Due in New York Monday
They are scheduled to arrive in New York Monday on the Italian liner Conte Di Savoia.

King Zog himself has intimated plainly that the continued splendor of the trio, the youngest of six sisters, has been a source of growing concern.

Strikingly attractive, with wide-set luminous eyes and luxuriant dark hair, each has had suitors aplenty, but—

While eligible bachelors among the royal houses of Europe have paid the sisters marked attention, inevitably they have shied at linking their ancient lineage with Albania's parliament-created princesses—sisters of the newcomer king

O'Neill Brothers Sued on 2 Notes

A suit asking the circuit court to cancel notes and a chattel mortgage was filed today in the office of Circuit Clerk Albert Tetraut by George J. Mankus and his wife Katie of near the Will county line against Charles J. O'Neill and Eugene T. O'Neill, Manteno, doing business as O'Neill Brothers.

The complaint, filed by Attorney Claude M. Granger, states that in 1934 the Mankuses gave the O'Neills two notes for \$1,000 each and one for \$500.25 secured by a chattel mortgage on livestock and implements.

Since then, they claim, the indebtedness has been paid. In fact, they say, the O'Neills now owe them, although the O'Neills claim that \$1,500 is still due.

The plaintiffs ask an accounting, surrender of the notes and cancellation of the mortgage.

QUICK PASSAGE OF RELIEF BILL IS ANTICIPATED

Amendment to Make Communities Pay 25 Per Cent WAGE DECREASE

Washington, Feb. 23.—Senator Austin (R-Vt.) attempted in the senate today to amend the 1930-31 emergency relief bill so as to force most communities to contribute 25 per cent of the cost of WPA projects in cash or materials.

Austin's proposal was a variation of the pending Relief amendment to require cities to contribute 25 per cent of the cost of WPA projects unless the president found that certain local communities were unable to pay that amount.

Quick passage of the relief bill was forecast when Senator Leavelle (R-Ore.) said Republicans would support it in the final ballot.

Secretary Perkins, meanwhile, reported that employment and wage earned in communities showed a marked reduction during January.

"It is estimated that over 1,000,000 emergency workers were employed in January," he said.

"This reduction, coupled with the declines of November and December, has brought employment down to 2,800,000 since October."

"The decrease was in total wages from the December level amounted to over \$20,000,000," he said.

House Adjourns

While the senate debated the relief bill, the house adjourned for the day.

Members of both branches discussed privately an assertion by Paul McNutt, high commissioner of the Philippines, that he was not a candidate for any public office.

The high commissioner, after being by newsmen to comment on reports that he aspires to the 1940 presidential nomination.

McNutt, former Indiana governor, was in Washington for an official report to President Roosevelt on the Far East and to attend a huge "coming out" party arranged by the Indiana who are anxious of his chances of becoming president.

Members of the senate, however, the relief bill was in prospect to day because of the fact that the money he spent as rapidly as possible.

The senate adopted that provision on Feb. 23, after Senator Schweikert (D-Wash.) pointed out yesterday that the bill would be passed before the money was spent as rapidly as possible.

Try to have the two cars slightly "staggered"—not exactly in line with each other. This often helps if bumpers lock, especially when the car with its bumper *below* can reach a drain or simi-

Now ask the poor fellow who wants your help

to get into *HIGH*. Tell him to keep his clutch pedal *down*, letting it come back *gradually* only *after* you get his car under way.

SUPPORT FOR SCHUSCHNIGG; INDEPENDENCE

Resolutions of Confidence Expressed in Austria

NAZIS ACTIVE

By ROBERT H. BEST
Vienna, Feb. 23—(UP)—Austrian Nazis opened a campaign against Jews and "political activities" of priests in the provinces today while approximately 1,000,000 working people pledged themselves to support Chancellor Kurt Schuschnigg to whatever limits he may deem necessary to preserve Austria's independence.

Defying a ban on propaganda, Nazis in Styria and Carinthia provinces distributed hand bills demanding a ban on "political activities" of priests of all creeds and "radical extirpation of all sub-human elements," with specific allusion to Jews, Communists and Socialists. As regards priests, Austria is 95 per cent Catholic.

"We have conquered," said the hand bills. "Soon Hitler flags will fly on all buildings."
"Minimum demands" of Nazis were cited including half the seats in the cabinet, and "complete elimination of elements which under the pretext of special patriotism have done their utmost to slander German folk in Austria and slander the Reich and its leader."

Anti-Jewish Boycott
At Innsbruck signs of an incipient anti-Jewish boycott were noticeable. Nazis severely manhandled a member of the old anti-Nazi Heimwehr who in the July, 1934, Nazi putsch shot dead one of the Nazi rebels.

Members of the government's Fatherland front paraded this morning in small groups—also in defiance of a ban on demonstrations—in support of Chancellor Schuschnigg and Austrian independence. In meetings throughout the country resolutions of confidence were expressed in Schuschnigg but it was observed that some veteran members of his Christian Social party refused to approve, asserting that by his dealings with Germany, he had forfeited confidence.

All over the country, people signed a resolution pledging last-ditch support to Schuschnigg. Of an estimated 1,000,000 signatures it was asserted that more than 500,000 were those of former Socialists, virtually political outlaws for years.

The Duke of Lancaster seized the throne of England and acceded as Henry IV while Richard II was in Ireland.

The Postal Colony company in Florida is making up of retired and active postoffice employees who own about 2,000 acres of orange groves there.

The poems written by Cardmon, seventh century Anglo-Saxon poet, have been lost, though paraphrases of his work survive.

Dark Clouds Over the Capitol

Gloomily dark under clouds gathering gustily, the storied dome of the Capital towers behind the stark branches in the foreground of this picture—portentous of the stormy days in Washington. The photography was taken at a surly, blustery hour—when the Senate was locked in a paralyzing filibuster.

American Bombers Hop Off for Lima

Santiago, Chile, Feb. 23—(UP)—Five United States bombing planes

took off today for Lima, Peru, on the return trip from a visit to South America.

A sixth bomber remained. It was reported that there was some difficulty with one of its motors.

The first plane left at 6:46 a. m. east, and the others took off at

two minute intervals. The flight to Lima is expected to require seven hours.

Catalonia sent a delegation to the Paris peace conference in 1919 asking that it be made into a state independent of Spain.

Yellow is the ideal color for a "blackboard" and blue is the best chalk to use on it, British experimenters report.
