BALTIC NATIONS AVERT WAR

CRASH STOLEN CAR AT 90 M.P.H. NEAR MOMENCE

Deputy Shoots At Fleeing Car and 4 Bandits

ALL ARRESTED

The path of crime traveled by four Chicago youths ended disastrously this morning in Kankakee county.

Fleeing from armed officers just east of Momence in a stolen car of expensive make, they failed to make a sharp curve in the road at 90 miles an hour and the car turned over several times.

One was taken to St. Mary hospital for first aid treatment of a head injury. Now he and his three companions are prisoners of Sheriff John Stack in the county jail.

They are—Steve Palczynski, 2227 West Hubbard street; John Major, 1820 Huron street; William Molnick, 2259 West Hubbard; and Peter Jarocz, 3517 Fifth avenue. Each is 18 years of age.

Owner Unknown

They admitted except for Palczynski, that they stole the automobile in Oak Park early this morning and started for this county to visit George Rosepepe of Fembroke township who used to live in their vicinity. Palczynski said he didn't know the car was stolen. The identity of the owner has not yet been learned.

The other three youths also admitted that they stole another new car in Chicago on Wednesday night and drove to Momence with it, abandoning it near Momence when it became mired in a mud road. They returned home on a train.

The youths had been seen in Momence in the car before it was found abandoned and officials were on the watch for them to return.

About 10 o'clock this morning George Rosepepe, a friend of Deputy Sheriff John "Hoppy" Hanson, saw them eating in the Austin restaurant and grocery, and notified the deputy. A moment later the youths became suspicious of Bukowski and left, taking a side road east of town.

Evades Deputies

Hanson and Bukowski followed when the former arrived in his car, and came upon the youths stopped east of town, finishing their lunch. When Hanson stopped alongside of their car, being unable to get in front because of the mud shoulder, the driver of the stolen car suddenly shifted in gear and shot away. Following at high speed, Hanson fired several shots at the tires of the stolen car, then it crashed on the curve.

Farmer Rusk Will Talk at Momence

"Farmer" Rusk, formerly of radio station WLS, will conduct a soil improvement discussion in the agricultural classroom of the new Momence high school Tuesday evening, was announced today by H. H. Ingelford, agricultural teacher.

This meeting is one of a series of short-course meetings for farmers in that community. The subject to be discussed is, "Our fundamental problem in building soil fertility and what we can do about it."

Italians Pleased With Hitler Speech

Rome, March 19—(AP)—Chancellor Hitler's speech to the reichstag with its renewed pledge of friendship from Italy and respect for Italian frontiers gratified high Fascists today.

They cited it as corroborating Premier Mussolini's declaration before the chamber of deputies that the Rome-Berlin axis was solid.

Grand Jury to Make Report on Bride's Death This P. M.

Pekin, Ill., March 19—(AP)—Prosecutors indicated today they expected the recalled Tazewell county grand jury to report by tonight on its four-day inquiry into the shooting of Betty Collier Crabb, 19-year-old bride.

Circuit Judge Henry J. Ingram of Peoria remained here through the usual Saturday afternoon half-holiday in readiness to receive the report.

From the grand jury room, where additional witnesses appeared or questioning this morning, there came no inkling whether the jury acted on State's Attorney Raymond Russell's plea for a murder in-

Levine Boy Kidnap Suspect Under Arrest

Kankakeean Near Death In Shooting

Physicians attending Arnold Weiske Jr., 35, former Kankakeean who is being treated in an Indianapolis hospital for gunshot wound, feared this morning that he had developed pneumonia.

His parents, Mr. and Mrs. Arnold Weiske of 682 North Fifth avenue, have been called to his bedside. Arnold was shot by Clyde Cade, 31, a crazed Negro, on March 1 in an Indianapolis pool room. He had gone into the pool room as a patron and became an innocent victim of a quarrel between the proprietor, James P. Hutton, 39, and the Negro.

The Negro fired four cartridges in his pistol, fired two of them at Hutton, slightly wounding him, then emptied the weapon on Weiske with the remark that he "may as well finish the job," apparently thinking that Hutton was fatally wounded. The latter, however, turned out the lights and crawled around to the front door to prevent his assailant from escaping before police came. Indianapolis police say the shooting followed a crap game argument.

Arnold Jr. married the former Edna Lezotte, Kankakee. They have two children. Since the shooting he has undergone three blood transfusions for internal hemorrhages. The bullet was removed from Weiske's abdomen March 8.

Other relatives, including brothers Wayne and Vernon and Mr. and Mrs. Melvin Weiske and son Howard, went to Indianapolis yesterday.

OIL PROPERTY IN OLD MEXICO EXPROPRIATED

Climax of Long Controversy with Foreign Industries

BULLETIN

Mexico City, March 19—(UPI)—The petroleum workers union voted the office building of the Mexican Eagle Oil Co., today and ousted American, British and Dutch employees.

The seizure was the first direct action by the workers in the wake of a decree by President Lazaro Cardenas expropriating the foreign oil industry, in which the United States and other foreign nations have investments totalling \$400,000,000.

British, United States and Netherlands authorities were gravely concerned over the situation.

By J. P. McKNIGHT

Mexico City, March 19—(AP)—Mexico's long conflict with American and other foreign industrial and financial interests today brought the country to a rapidly extending economic crisis.

President Lazaro Cardenas, champion of Mexican labor, pushed his "Mexican oil" program a long and drastic step ahead by expropriating all properties in Mexico of 17 American and 1 British oil companies with investments totalling more than \$400,000,000.

Rapid development of labor strife in the mining industry threatened extension of similar action to that field, fully as vital to Mexico as the oil industry.

Suspend Bank Dealings

To meet the crisis the central bank of Mexico suspended all dealing in foreign exchange. Cardenas indicated devaluation of the peso.

RANSOM NOTE WRITER HELD BY THE G-MEN

Thomas Jasosky Is Charged with Extortion

NERVOUS YOUTH

BULLETIN

Newark, March 19—(UP)—Stanley Thomas Jasosky, charged with extortion in connection with the kidnaping of 12-year-old Peter Levine, was reported today to have told G-men that he knew who committed the crime and that the child was dead.

BULLETIN

Washington, March 19—(UP)—Arrest of Stanley Thomas Jasosky, 22, at Newark in no respect represents a solution of the kidnaping of 12-year-old Peter Levine, the department of justice said today.

The department said that Jasosky is suspected merely of writing extortion notes to Murray Levine, father of the boy who was kidnaped 23 days ago.

"This is in no wise a solution of the case," the department of justice said. "It is merely a minor arrest in connection with the case."

Newark, N. J., March 19—(AP)—A youth described as Stanley Thomas Jasosky, 19, of Newark, was held in \$25,000 bail today by United States Commissioner Holland on a charge of attempted extortion in connection with the kidnaping of 12-year-old Peter Levine of New Rochelle, N. Y.

After arraignment, Jasosky, who was arrested by Newark detectives and agents of the federal bureau of investigation, was removed to the Hudson county jail in Jersey City.

The complaint charges Jasosky with demanding \$30,000 from Peter Levine's father, Murray Levine, for the return of his son. Young Levine vanished from New Rochelle on February 24.

All but one of the letters, dated March 2, 3, 7, 9, 13 and 17, were addressed to the elder Levine's home in New Rochelle. The March 3 missive was addressed to the attorney in care of the Hotel Belmont, Newark, N. J.

Details Withheld

The arrest was revealed when Jasosky was arraigned in federal court here today before Commissioner Joseph Holland. Details of the arrest were not divulged.

The first ransom note, it was said.

Fred Preisel and Family in His Carpenter Work Shop

Fred Preisel and his sons Wayne (left) and Eldon (right) are carpenters. They are shown in their workshop, which is filled with tools and wooden structures. Fred is standing in the center, with Wayne to his left and Eldon to his right. They are all dressed in work clothes.

Hard work and thrift enabled him to become a contractor giving employment to fellow craftsmen. He employs only union workmen and his petition as a candidate is signed by union members.

He has erected a number of Kankakee's finest buildings and has an actual knowledge of business methods. The good judgment and necessary in public office and the thriftiness which taxpayers appreciate have enabled him to rise through his own efforts from a modest start.

Widely Known

He has never before been a candidate for public office but is known widely and favorably as an honest, hard-working, unpretentious citizen, which is exactly the kind of man needed in the county treasurer's office. A resident of Kankakee for 46 years, he has always been a Republican and an enthusiastic supporter of the party.

Thinks Green Diamond Hit Automobile

When Robert Reniche, rural route 2, Kankakee, was sitting in his automobile last night and saw a truck with modernistic grillwork hurtling toward him, what was his reaction?

Afterward he told Deputy Sheriff Gene LaFontaine and Walter Bauer—"I thought it was the Green Diamond heading at me." The Green Diamond, as most Kankakeeans know, is the Illinois Central streamlined train.

This happened at 8:30 o'clock last night in front of the Florence Stove company plant when there was a side-sweeping of the trucks of J. R. Thompson of 564 South Myrtle avenue, headed east; and of Tony Panozzo, of west of town, headed west.

At the moment of impact, the Thompson truck blew a tire which caused it to swing in a half circle to the north and strike Reniche's car, parked near the curb, at the left front door. No one was injured.

Jail Bradley Man for Non-Support

Henry Hazard, 33, of 666 West Broadway avenue, Bradley, is to go on trial Monday in county court on charges of non-support of his family and vagrancy.

Arrested yesterday by Deputy Sheriff Gene LaFontaine, he was arraigned this morning before Judge John H. Beckers and pleaded not guilty. He was returned to jail in default of \$500 bond.

He denied that he had been drinking when he was asked by the court where he gets money for liquor when he can't support his wife Hazel and four children. He also denied that he cancelled an order for delivery of milk for the children so that he could buy an automobile.

LICENSE PLATES STOLEN

O. E. Custer of 203 South Rockwood avenue reported to police last night that someone stole the license plates from his car.

Workers Like Him

He is a member of the Builders' club and has been chairman of that organization for several terms as well as serving on committees.

There has always been the best of relations between him and his employees. He is active in his church and has served on the church board.

Kankakee county is one of two counties in Illinois entirely free from debt. Election of men like Mr. Preisel who will cooperate with the county board in matters of economy, efficiency and low taxes, will do a great deal toward maintaining that record, built up by the Republican county organization in the 49 years of its history.

The son Wayne, 23, works with his father and Eldon, 16, is a high school student. There are two daughters, Mrs. D. S. Place of 950 East Merchant street, whose husband operates the Revere pharmacy, and Mrs. W. H. Evans of Chicago.

Mrs. Auline Avery Files for Divorce

Mrs. Auline Avery, 257 North Washington avenue, today filed suit for divorce from her husband Timothy, now an inmate at the state penal farm at Joliet on a vagrancy conviction.

Through her attorney Fred R. Stith Jr. she charges her husband with habitual drunkenness. She asks maintenance for herself and children, when her husband is released, and custody of their children Vivian, 5; Rosemary, 4, and Joann, 3.

The Averages were married in Kankakee on Nov. 15, 1929 and lived together until last Dec. 23.

Triangle Company is Low Bidder for Traffic Signals

Two bids were received on the resubmitted proposal to install traffic lights at the Court street intersections of Harrison, Dearborn and East avenues.

Bids opened publicly Friday in the office of the city clerk showed the Triangle Construction company the apparent low bidder on a proposal of \$4,806.40. The Street Light Service company of 27 South Desplaines street, Chicago submitted a bid of \$4,632.30.

Le-4 January the Perkins Electric company was awarded the contract for this work, but the owner of the firm called before he could start operations. Since he had no one to succeed him, his widow petitioned for release from the contract.

The present proposals will be submitted to the city council Monday evening. The work is to be paid for out of the city's share of state motor fuel tax receipts.

Kankakee Boxer, Out of Penal Farm, in Trouble Again

George Dion, young Kankakee pugilist who returned last week from a term at Vandalia penal farm, and Jimmie Chambers were prisoners in the city jail today as a result of a fight termed a "free-for-all" last night at the home of Loren Kibbons, 1036 South Dearborn avenue.

The two were arrested at 2 a. m. at the Kibbons residence by Officers John Powell and Bert Reynolds. The prisoners said after the taverns closed Kibbons invited them and some others over to his house. Their informal party got rough, someone cracked Dion over the wrist with a beer bottle and fists started flying.

Dion served six months at the state penal farm for violating the terms last fall of his probation which required him to stay out of taverns.

SEADLUND IS SENTENCED TO DIE MAY 19TH

New Trial Denied and Appeal May Be Taken

Chicago, March 19—(AP)—John Henry Seadlund, 27-year-old Minnesota mechanic, today was sentenced to die in the electric chair April 19 for kidnaping Charles S. Ross, 12-year-old retired greeting card manufacturer.

Execution of the sentence was stayed automatically, however, until May 19 at the earliest when Federal Judge John P. Barnes granted Defense Attorneys Floyd Thompson and Frederic Burnham 60 days in which to effect an appeal.

Federal Judge John P. Barnes passed sentence after denying Frederick to die in the electric chair April 19 for kidnaping Charles S. Ross, 12-year-old retired greeting card manufacturer.

Kidnap-Killer Silent

Seadlund, manacled to two deputy marshals, was then led before the bench at the direction of the court. "Have you anything to say before sentence is pronounced?" Judge Barnes asked the defendant.

"No," Seadlund answered in a weak voice, shaking his head.

Judge Barnes then read the formal sentence directing that Seadlund be held in the custody of the United States marshal and that "on the 19th day the April the defendant

Firemen's Ball to be Held April 18

The 22nd annual ball sponsored by the Kankakee Fire department will be held Easter Monday night, April 18, at the Del Rio ballroom. It was announced today by Noah Betourne, assistant fire chief who is chairman of the ball.

Uniformed Firemen Delmer Memenga and Ferdinand Hensel will begin soliciting the business district with tickets Monday.

Spectre in Black Seen at Altar and Making Gestures

Pittsburgh, March 19—(UP)—This is the story of a ghost in church—perhaps the ghost of a former pastor who returns to pay penance.

It is vouched for by Max Vanko, famous artist, and Father Albert Zagar, pastor of St. Nicholas in Millvale. They tell of a spectre in black, three distinct knocks, howling dogs at midnight and the eternal light going out in the church.

The story goes back to April 8, 1937, when Vanko arrived in Millvale to paint murals in the church in two months. Often he worked at night.

On the night of April 13, Vanko said he saw a figure in black at the altar, making gestures in the air. He thought it probably was Father Zagar, but four nights later the artist felt weird and cold, and soon he heard the figure.

Going into the parish house to remonstrate with Father Zagar for apparently coming into the church while he was working, Vanko was astonished to find the priest asleep on a couch.

Then Father Zagar revealed that

LITHS ACCEPT POLISH TERMS AS ARMY NEARS

Appeasement of Series of Grievances of Long Standing NEGOTIATIONS

Warsaw, March 19—(AP)—War apparently was averted between Poland and Lithuania today through the unconditional acceptance by Lithuania of all Polish demands.

The Lithuanian minister at Tallinn, Estonia, handed his government's reply to the Polish minister at noon.

News that there would be no war between the two Baltic neighbors caused great satisfaction in Warsaw. The Polish government determined to do nothing that would humiliate Lithuania.

It was said in official quarters that Lithuania's acceptance of Polish terms was regarded not as submission to an ultimatum but as a gesture of moderation and good will.

Poland will make every effort to have negotiations run smoothly, it was said.

A majority of Polish newspapers appeared this morning with streamlining headlines which declared: "The day will decide whether we have peace or war."

Series of Grievances

The issue depended upon action of the Lithuanian diet on a Polish ultimatum which demanded appeasement of a series of grievances dating back 19 years.

The national radicals circulated leaflets in the streets declaring, "Lithuania must disappear from the European map."

Runs on Polish banks and anti-Jewish street-fights began as a development of high anxiety over the possibility of war.

The current dispute was brought to a head by the killing of a Polish border guard March 11.

Among Polish demands were renunciation of Wilno, which Poland took in 1920, as the capital of Lithuania; exchange of diplomatic representatives; commercial and customs accords; an open border to permit rail, postal and telegraphic communications; an agreement respecting minorities in each other's territory, and redress for the frontier incident of March 11.

Warsaw mobs, which yesterday clamored for war, vented disappointment over the peaceful settlement by setbacks against Jews. Large crowds tried to break into Warsaw's ghetto, blocked by a ring of police around the district.

Kiwanians to Hear Talk About Milk

Edward F. Cook, publicity director of the Pure Milk association, will be the speaker at the luncheon of the Kiwanis club Monday noon at McClellan's cafe.

The association handles milk sales for the farmers in the Chicago milk shed, in which Kankakee county is included. Dairying has become one of the principal industries in the county and monthly milk checks are an appreciable force in the economy of Kankakee county.

Clubmen who wish to bring guests are to notify the secretary for reservations.

LOYALISTS ARE DETERMINED TO CONTINUE WAR

Survives Two Days of Terrible Air Raids

SEARCH RUINS

Barcelona, March 19.—(AP)—This capital of government Spain today gave evidence that its determination to fight on has survived two days of the most terrible air raids of the civil war.

United Socialist youth organizations called for two divisions of youths totalling 25,000 volunteers to be formed within 10 days.

The Communist newspaper organ appealed to youths "who do not want to be enslaved" and who are willing to heroic deeds "to join the ranks."

Two great labor syndicates in their first really united action urged workers to stay at their jobs in factories.

British Welcome Declaration of U.S. Ambassador

London, March 19.—(AP)—Great Britain today welcomed Ambassador Joseph P. Kennedy's declaration that the United States is willing to join in a new peace program.

Mr. Kennedy made the same declaration at the same time in the United States.

Thousands refused to leave the shelter of the subways, where they remained until late Wednesday night.

Threatened authorities announced that the terrible bombings of Barcelona were justified by the discovery of military objectives in the heart of the city.

Other Powers Active

(Several important buildings were listed as storage places for war materials.)

France and Britain continued efforts to prevail on the insurgent command to halt the bombings.

The French embassy informed the British foreign office that France, apart from asking the United States to use its influence, had sent a strong protest to the insurgent command.

Generalissimo Franco had urged to do the same.

France forwarded to London a documented list of 442 German and Italian planes which she said were in France's air force.

Rebel Drive Slows Down

Barcelona, March 19.—(AP)—The Spanish insurgent drive against the government forces has slowed down.

Generalissimo Franco continued his advance lines southeast of Caspe and Alcañiz for a new thrust into the Mediterranean.

The day's actual fighting was limited to minor engagements between advance guards and government rear guards.

Insurgent troops ranged through the vast conquered territory during the past week, cleaning up captured towns, establishing communications and moving up supplies to the new front.

In addition to seven bombing attacks on Barcelona yesterday, insurgent aviators blasted the coastal cities of Tarragona and Sagunto.

Generalissimo Franco's troops moved beyond Caspe and Alcañiz, five miles from the mouth of the Ebro, to the mouth of the Segura, the junction of a highway connecting Caspe and Alcañiz.

Wilkins Abandons Search for Fliers

Palatka, Alaska, March 19.—(AP)—A search for six missing Russian transpolar fliers ended here today.

Wireless and weather reporting systems were being dismantled, and the search was abandoned.

Wilkins and his party flew yesterday to Bettendorf, Alaska, where they were met by the U.S. Navy.

Wilkins was employed by the Russian government for the search.

He was accompanied by his wife, Mrs. Wilkins, and his daughter, Mrs. Wilkins.

Japanese Capture Coal Resources in China Near Nanking

Shanghai, March 19.—(AP)—Japanese armies thrusting into southern China captured today a large coal resource in the north-western province of Szechwan.

The Japanese took Taichow in a drive to smash China's vital corridor along the Lushan railway.

At the same time Japanese 35 miles south of Taichow advanced on Suichow, strategic junction where the east-west Lushan and the north-south Tientsin-Pukow railways cross.

Make Fabricated Farm Houses from Pine Trees; Ford

Ways, Ga., March 19.—(AP)—Henry Ford announced a new project today—the manufacture of fabricated farmhouses from pine trees on the National Association of Letter Carriers in Chicago Heights this evening.

On Thursday, the same group and Donald Overton spent today in Chicago.

Mr. Ford, who is in Chicago, is confined to bed in his home in Dearborn because of illness.

Mr. Ford's son, George I. Smith and son Webster spent Sunday in Chicago.

Jack Harrington went to Champlain on Thursday to spend the remainder of the week as guest of James Reuter at the Zeta Psi fraternity house.

Among those from Kankakee who have been attending the state meeting at the University of Illinois this week are Edwin Taylor, Roy Dyke, Charles Harrison and Gene Dyke.

Musical numbers were presented by the Bethel church band of Kankakee, Wicher male quartet, St. Anne male quartet and Presbyterian choir.

Refreshments were served.

These meetings have created wide interest among the men's organizations in the various churches of the district. The next will be June 15 in the First Baptist church at Monroeville.

Governor Refuses to Halt Executions

Charlestown, W. Va., March 19.—(AP)—Governor Homer A. Holt declined today to intervene in the execution of John D. Smith, 34, of the village of Adkins and Arnett A. Booth for the abduction of Dr. James J. Zola.

"This is a very old case," Holt said, "and the law is on the side of the state."

The mothers of Adkins and Booth appealed to the governor to commute their sentences. No overtures had been made for Smith.

In announcing the decision, Holt also made public a letter from Adkins and Booth to the governor.

"Both of them are young men," the letter read, "and they have been convicted by a jury of their peers."

Holt said he had examined the case and found it was a capital offense.

Slaver's Condition is "Very Critical"

Buffalo, N. Y., March 19.—(AP)—The condition of Peter Burton was described as "very critical" today as he awaited surgery for a brain tumor.

The governor indicated any further opportunity to question him further about a double strangling-slavery case they said he had confessed.

Burton, 49-year-old Detroit electrician, threw himself out of a third-story window of police headquarters Thursday as he was being questioned about the death of his estranged wife and her landlady in a Detroit rooming house. Chief of Detectives John J. Whelan announced that Burton confessed to slaying both women Monday.

Butler's compound frontal skull fracture and brain injuries were treated by emergency hospital authorities to be "desperately injured."

Chief Whelan said that from his hospital bed, Burton whispered a confession that he had strangled the electric chair wife, Mrs. Monica Janonis, 40, and her landlady, Mrs. Ursula Jakubowski, 50, after he had been released from the state prison membership in Phil Alpha Delta, national honorary law fraternity.

It demanded \$30,000 and brought to West Market and High streets.

Liths Accept—

(Continued from Page One)

On their way to the ghetto, the Lithuanians were met by the windows of Jewish shops. An underground network of Jews were in the ghetto.

No fatalities were reported, but one Jew suffered serious knife wounds.

The anti-semitic outbursts mingled with country-wide jubilation over the capture of the young men.

Celebrations here found a climax on a throng had yelled "on to Kaunas!"

Threatened services were arranged by all churches for tomorrow.

Make Fabricated Farm Houses from Pine Trees; Ford

Ways, Ga., March 19.—(AP)—Henry Ford announced a new project today—the manufacture of fabricated farmhouses from pine trees on the National Association of Letter Carriers in Chicago Heights this evening.

On Thursday, the same group and Donald Overton spent today in Chicago.

Mr. Ford, who is in Chicago, is confined to bed in his home in Dearborn because of illness.

Mr. Ford's son, George I. Smith and son Webster spent Sunday in Chicago.

Jack Harrington went to Champlain on Thursday to spend the remainder of the week as guest of James Reuter at the Zeta Psi fraternity house.

Among those from Kankakee who have been attending the state meeting at the University of Illinois this week are Edwin Taylor, Roy Dyke, Charles Harrison and Gene Dyke.

Such counsel is both welcome and well understood in this country, as negotiations on foot for a trade treaty with America sufficiently prove.

"Unfortunately, we aren't the people who most need to be convinced of the truth of another of Mr. Kennedy's aphorisms—that good citizenship isn't a one-way street."

Speaking at the Pluribus club, Kennedy said two mistaken conceptions of American frequently were held abroad:

"Our country would not fight under any circumstances other than actual invasion.

200 at District Brotherhood Meet

More than 200 men from different church organizations in the counties of Kankakee, Iroquois, Will and Cook attended the district brotherhood meeting Thursday evening in the Herscher high school gym.

Reception will be placed in the community fund which is used to provide free entertainment for the poor.

The Rev. M. J. Johnson, pastor of Trinity M. E. church, principal speaker, used as his subject "Man and His Merchandise." The group was welcomed by George P. Allan of the St. Anne Presbyterian church and the response was by the Rev. John P. Norman pastor of the Central Baptist church, B. F. Hertz spoke briefly.

Musical numbers were presented by the Bethel church band of Kankakee, Wicher male quartet, St. Anne male quartet and Presbyterian choir.

Refreshments were served.

These meetings have created wide interest among the men's organizations in the various churches of the district. The next will be June 15 in the First Baptist church at Monroeville.

Governor Refuses to Halt Executions

Charlestown, W. Va., March 19.—(AP)—Governor Homer A. Holt declined today to intervene in the execution of John D. Smith, 34, of the village of Adkins and Arnett A. Booth for the abduction of Dr. James J. Zola.

"This is a very old case," Holt said, "and the law is on the side of the state."

The mothers of Adkins and Booth appealed to the governor to commute their sentences. No overtures had been made for Smith.

In announcing the decision, Holt also made public a letter from Adkins and Booth to the governor.

"Both of them are young men," the letter read, "and they have been convicted by a jury of their peers."

Holt said he had examined the case and found it was a capital offense.

Slaver's Condition is "Very Critical"

Buffalo, N. Y., March 19.—(AP)—The condition of Peter Burton was described as "very critical" today as he awaited surgery for a brain tumor.

The governor indicated any further opportunity to question him further about a double strangling-slavery case they said he had confessed.

Burton, 49-year-old Detroit electrician, threw himself out of a third-story window of police headquarters Thursday as he was being questioned about the death of his estranged wife and her landlady in a Detroit rooming house. Chief of Detectives John J. Whelan announced that Burton confessed to slaying both women Monday.

Butler's compound frontal skull fracture and brain injuries were treated by emergency hospital authorities to be "desperately injured."

Chief Whelan said that from his hospital bed, Burton whispered a confession that he had strangled the electric chair wife, Mrs. Monica Janonis, 40, and her landlady, Mrs. Ursula Jakubowski, 50, after he had been released from the state prison membership in Phil Alpha Delta, national honorary law fraternity.

German Steamer is Sunk After a Blast

Copenhagen, March 19.—(AP)—The German steamer Claus Ruge, 2340 tons, was sunk by a British submarine in the North Sea off the coast of Norway.

The ship was carrying a large cargo of coal and was bound for the port of Hamburg.

The British submarine, HMS Trenchard, fired a single salvo which sank the Ruge.

Swallows of Old Mission Return Home on Schedule

San Juan Capistrano, Calif., March 19.—(AP)—The swallows of the old mission, which have been nesting here since 1845, returned home on schedule today.

The swallows, which come back on St. Joseph's day—they even built their nests in the mission church—returned from the ocean shortly after dawn and immediately began chasing out the swallows who occupy their nests through the winter.

Flocks were watched and counted the arrival and departure of the little birds for ages. Except in very severe storms the flock usually returned to the mission church in clear weather they return in at dawn. A headwind will delay them until the afternoon. But not even a sea breeze here when departure day arrives in the fall.

A squadron of scout birds always arrives to scold the swallows, their wheels out to sea again to hunt for the main flock, which is so late that it deters the acre mission patio like a black cloud. The mission full every crevice in the mission buildings.

The mystery of the birds has never been solved.

LOVE LAUGHS AT THE DOCTOR

CHAPTER IX
But there was no letter from Derek—only a forgotten bill from her dentist. When Constance read that, she sat down on the lower step of the stairway—limp and she with disappointment. In a moment, however, she was unable to tell herself that she was disappointed. Of course no letter could have come from California yet—even by swift airmail. The Thursday night was probably still in the postoffice. . . . It was doubtful if Derek had written it the day he left and sent it by mail with a special delivery. Perhaps even at this moment Derek, too, had turned away from an empty mail box—hurt and angry. Derek could be when time and events did not keep pace with his own desires.

She wrote another long letter to that night. It was level afterthoughts a supper Sunday evening at the synagogue. Service was at 4 o'clock. All members of the congregation are urged to attend.

Handlets was quite the swankiest store in the city. So exclusive was it that an anecdote was gleefully told concerning one recent customer who, going home after a day's shopping, complaining bitterly that people had coughed and sneezed around her all day, finished hopefully. "But then, I was in Bartlett's all the time. I don't suppose I've caught anything very bad."

Constance learned a great deal during her first few days at work. She learned that, although "Papa" Anton was nominally head of the publicity department, and appeared to lead Continental, it was Esau O'Dare who did most of the work, and made most of the important decisions.

Papa Anton was celebrated for his persistence, during which he shrieked and gesticulated with a fine flourish. He was a man of many moods, and many of his subordinates and intimates feared him. Constance came to suspect that those threats, uttered with often deliberate exaggeration and encouraged as a smoke screen to cloud the battle front, were undercurrent inter-departmental war—which there were many—was under way.

Esau O'Dare, on the other hand, was a man who seemed to get his own way—say as it came to getting her own way—by a lifting of an eyebrow, could say things to the editing department which left the victims helplessly gibbering with rage or species with humiliation.

There was a letter from Derek the second day, not the third. On the fourth, Constance played a game with herself. To keep her mind from hoping too painfully on the way home, she counted all the cars that passed on her side of the bus, betting with herself that there would be 500. But she soon lost track of the count.

"The darling," Derek wrote, "you can imagine that a picture gallery loves this place. It is with an old-fashioned gallery of legend which I have put into words. . . . The ranch house, itself—Bartlett's old O'Connell—was a real close enough to break the flatness and make a majestic and beautiful backdrop without crowding in upon you."

"The house was originally built, I am told, by a Spanish grandee, Don Felipe Sedillo, but has been altered extensively. The older part of the house has walls two feet thick. It is U-shaped, and its walls are so constructed that the sun never enters the house. . . . The fourth side of the patio is bounded by a high wall with a wrought-iron entrance gate beyond which you see masses of fruit blooms against the blue of the mountains. Running around the house is a garden of flowers, and in the center of the garden is a fountain. . . ."
