COPS SURROUND KANKAKEE PAIR IN CORNFIELD

Sylvan Ray and Cyrus Cardosi Steal Automobile BOTH CONFESS

BULLETIN
Justice Henry Bauer assessed a fine of \$50 and costs against Ray late this morning and put him under one year's probation to the police department. Ray cleared Cardosi by stating that the latter did not know he had taken the car without the owner's permission. Cardosi was released.

Two men were prisoners of city police today charged with stealing an automobile from the Key City Chevrolet garage. They surrendered to a squad of state police after fleeing into a cornfield near Pontiac yesterday when their stolen auto stalled.

Sylvan Ray, 27, of 443 South Schuyler avenue and Cyrus Cardosi, 19, of 281 North Indiana avenue, admitted that the car, a 1937 sedan, was taken from the Key City firm where Ray worked and they drove toward Dwight, according to state police.

The two stopped several times along the way, it was said, in unsuccessful attempts to sell a tire and spark plugs which were in the car. They allegedly attempted to obtain gasoline from a farmer on U. S. 66 about three miles north of the Pontiac state police headquarters.

Farmer Suspicious
The farmer noticed the car bore no license and questioned them about the ownership of the auto. He notified the state police officer and the two ducked into a nearby cornfield. A group of patrolmen were having a meeting at the station at the time. Headed by Lieut. M. C. Baughman a dozen officers were dispatched and surrounded the field, taking the pair into custody.

Thomas Cantlin and Elmer Nelson, city police officers, went to Pontiac last night and returned the prisoners and the car. They will be given a hearing before Justice Henry R. Bauer.

Our Policemen Too Smart for Slickers

A pair of transient peddlers tried a new angle yesterday to escape the city nuisance ordinance covering their activities.

Edmund Burpee of 2415 West Congress street, Chicago, and Lawrence Duff, 7 Green street, Chicago, waited until after 9 o'clock last night before attempting to sell their pens, pencils and perfume, apparently thinking that police might otherwise be occupied at that hour.

But Officers John Powell and Orval Finch nabbed them in the 100 block on South East avenue, locked them up for the night. This morning in police court, each was fined \$4.25 by Police Magistrate Edward Hoenicke for soliciting without a license.

Kiwanians to Take Children on Trip to Brookfield Zoo

A trip to the Brookfield zoo for underprivileged boys and girls of the community on June 10 is being planned by the Kiwanis club.

Announcement of the project was made at yesterday's club meeting at McBroon's cafe by President J. E. Robertson, who said details will be announced later.

Donald Gray, program chairman for next week, announced that a special surprise program of a three double-headed mallets so that humorous nature is being planned for next week. He said that new members of the club are to have a special part in the program.

Kiwanians, who started the Kankakee high school band on its way some nine years ago by purchasing the first instruments, had a special interest in the appearance at yesterday's meeting of individuals and groups of the high school and grade school bands which were first-place winners in the district music contest last Saturday.

Son Refuses to Live With His Father

Burdell Williams, 17, of Kankakee, yesterday told Circuit Judge W. R. Hunter that he does not wish to live with his father Norval Williams of Chicago, formerly of Kankakee, an Illinois Central railway brakeman.

This occurred when the father was summoned into court to explain why he is approximately \$725 behind in payments for the support of his son.

Williams and his wife Velma were divorced in this county in 1925. Subsequently, the father was ordered to pay \$3 weekly for the support of the son.

The father pleaded yesterday that he has since remarried and has been financially unable to make the payments. Evidence was given that the mother, represented by Attorney Victor Lauridsen at the hearing, has been supporting the son.

The boy told the court he does not wish to live with his father because he does not believe his stepmother would welcome him.

Mr. Williams was ordered to pay \$10 today and to immediately resume the weekly payments.

Greater Cultivation of Land Necessary Says Ford

Detroit, March 29—(AP)—Henry Ford, back at work after a two-month vacation on his Georgia plantation, reiterated in an interview today his conviction that a prosperous era is ahead, talked about wars, dictatorships and immigration, and said he was planning to produce his new car.

"Nothing that has occurred during the last few weeks," he said, "has changed my belief that a prosperous era is ahead of us. It will come through a greater realization that all wealth comes from the soil and that there must be a greater cultivation of the land."

Nearing 75 Years
Ford, nearing his 75th birthday anniversary, said he had spent much of his Georgia vacation conducting experiments with his new tractor.

He said he has not changed his convictions about the futility of wars.

Onargan's Will is Filed in Probate

Watska, March 29—(RN Special)—The will of Floyd McQueen of Onarga, who died Feb. 23, was entered in probate here this morning and disposes of real estate valued at \$10,000 and personal property valued at \$1,700.

The will gives a life interest to the widow Fern, who also is named executrix. At her death the property goes to daughters Maxine, Delta May and Ida Delta.

Farmers' Income For This County Averages \$2,600

New York, March 29—(RN Special)—Farmers of Kankakee county were in the group of Illinois farmers with highest incomes during 1937, according to figures presented in Printers Ink monthly. They received incomes of more than \$3,000 during the year. The facts, computed from governmental data, take into account the \$300,000,000 paid to the nation's farmers by Washington.

For all farms in Illinois, which numbered 231,312 in 1935, the average return was \$2,600 per farm. Their gross income for the past year was \$600,000,000.

The data shows that 32,000,000 people, or 29.6 per cent of the population gainfully employed, live on farms. Their land varies from 65 acres per farm, in intensively-worked truck farms in New Jersey, to the 500-acre wheat farms of North Dakota and the 1,600-acre cattle ranches of Wyoming.

SAYS WOMAN IS NOT ENTITLED TO SHARE WILL

Metcalf Kin Alleges "Undue Arts" Were Used

IN SECOND WILL

A suit petitioning the circuit court to set aside a purported will of Chester Metcalf, formerly of Mokenca, was filed today in the office of Clerk Albert Tetrault.

The suit is by John H. Bunch of DeMotte, Ind., nephew of Metcalf's deceased wife Eva, who is represented by Attorney Eva L. Minor.

He asks that the purported will on file, by which Metcalf gave most of his estate to Minnie Bingham of Mokenca and named her executrix, be set aside and that the court find that a previous will is the valid one.

Reputed 1st Will
The previous will, repudiated by the purported one on file, gave the estate to the widow and, if she preceded the testator in death, to Bunch. Mrs. Metcalf predeceased her husband.

The complaint states that Metcalf's mind was impaired at the time of the purported second will so as to make him incapable of disposing of his estate. It further states that Minnie Bingham was not related to him by blood or marriage and that she "used undue arts and fraudulent practices to induce him to execute the will."

The suit names the following other defendants who are listed as possible heirs of Mr. Metcalf—Paul, Orris, Alden and Ruth Metcalf, Grace Wilson, Bessie and Florence Babcock, Lois Robinson, Beatrice, Virgil, Warren, Clyde, Jesse, Morris and Alvin Corcoran, Ora and Dale Kenrich, Vera Hamilton and Eileen May, also the trustees of Mount Airy cemetery who receive \$100 under the purported will.

Mother Superior, Who Once Taught in Bourbonnais, Dies

The Rev. Mother St. Mary of the Cenacle, 75, former teacher and superior of Notre Dame convent in Bourbonnais, died Monday in Quebec, Can., where she had been superior for six years.

She spent 31 years in Bourbonnais and was exceedingly devoted to the people of that French village. She came here in 1885 and taught for 15 years at the convent until she was named superior in March of 1900.

During the 16 years of her superiority she built the present convent building. In 1916 she was recalled to Montreal where she was local superior, then assistant general and finally superior general of the Congregation of Notre Dame for six years.

Resigning in 1932, she was given charge of the new foundation of the Academy of Canadian Martyrs where death occurred.

She was born in St. Marie de Beauce, Quebec, as Emma Paradis. Funeral arrangements were not learned. It was believed they would be held in Quebec tomorrow.

U. S. Customs Agent Talks at College

Thomas Temple Hoyne, comptroller of the U. S. customs for the port of Chicago, will speak before a meeting of the Public Relations club of St. Viator college tonight.

Mr. Hoyne's subject is "Our Economic Relations at Home and Abroad."

The talk is scheduled for 8 o'clock. The public may attend.

MARRIAGE LICENSE

Notice of intention to apply for a marriage license was filed today by Adolph Porter, 22, of 273 North Harrison avenue and Hollis Patchett, 18, of 223 East Station street.

Candidate for School Head in Family Scene

This is a scene that takes place almost nightly in the home of Gilbert A. Willis at Mokenca where he assists with the home study work of his niece and nephew, Karen Louise Kral, 6, (left) and Willis Eugene, 8.

Mrs. Raymond Kral, sister of Mr. Willis, is relieved of a parental duty and takes time out to read the newspaper.

Gilbert A. Willis, candidate for the Republican nomination for county superintendent of schools, has all of the qualifications, and more, required of a candidate by the state—possession of a state supervisory teaching certificate, more than six years of experience in teaching, actual participation in educational work and good moral character.

Group Gives High School 2 New Flags

From funds derived from the recent tag day, held by Mary C. Keeble of the Daughters of Union Veterans of the Civil War, two flags were presented for the auditorium of the Kankakee high school this morning during a patriotic program.

The program was opened by the high school band playing "The Conqueror," a march by C. Teike. Seated on the rostrum were Principal R. Y. Allison, Comrade W. P. Lockwood, Mrs. Alice Delavergne, patriotic instructor, Superintendent of Schools Irving Munson, the Rev. E. E. Atherton, pastor of the First Methodist church who was speaker, Mrs. Velda Kepner, department patriotic instructor, Mrs. Martha Fisher, president, and past presidents Cora Richards, Helen Dillon, Stella Mae LeVeque, Lillian Bomber and Senior Vice President Ethel Ricken.

Principal Allison introduced Comrade Lockwood and extended congratulations on his approaching 91st birthday which occurs March 31. A patriotic reading was given by Marion Ramien.

The Rev. Atherton took for his subject, "The Flag," and told of its history. He spoke of the meaning of the flag and the obligations of the citizens to uphold the principles for which it stands.

The presentation was made by Mrs. Alice Delavergne and Principal Allison accepted on behalf of the school. Mr. Allison stated that a group from this same tent presented the flags at the opening of the new high school 10 years ago. The program closed with singing of "The Star Spangled Banner" by the assembly.

Following his graduation from Mokenca high school he taught rural schools near Mokenca for six years, then attended the University of Illinois. Later he served as principal of the combined grade and high schools at Aroma Park for two years and for five years in a similar capacity at Union Hill.

He then passed the examination required to do teaching in the Chicago public school system, and taught various schools there over a period of several years, his experience in Chicago including work in a pre-vocational school and in a supervisory position. The Chicago schools in which he has taught are the Funston, A. O. Sexton, Farren, Willard and Copernicus schools.

Active in Work
Although he has been engaged in

business at Mokenca for some time, there never has been a lapse in his educational work. He is now conducting a reading circle class supervising the study of teachers for renewal and registration of teaching certificates. He also is registered in the school of education of the University of Chicago in a course of study for an additional degree.

He never before has sought public office. His moral character is unquestioned. He is a man of modest means and has the respect and esteem of his home community.

Well Qualified
His wealth of practical experience in rural and urban schools, in business and civic affairs, his training and high character make him an ideal candidate for the office he seeks. He will appreciate election and give the office the best he has.

Body of Long Missing Boy Found Today

Ukiah, Calif., March 29—(AP)—Mutilated by animals, the body of four-year-old Teddy Thompson was found yesterday two miles from his home and within 20 feet of territory covered by searching parties.

Teddy disappeared during January. Mountain lion tracks were found near where he wandered off, but Constable Charles Lovell said he was convinced Teddy froze to death and was not carried off by a lion.

Auto Destroyed in Fire Early Today

Fire destroyed the 1927 auto of Emil Raymond of 560 West Seneca street and charred the garage in which it was parked early this morning.

Chief Roy Marquart believes the blaze must have smoldered several hours before it was noticed at 1:50 a. m. by Edgar Tetrault, mechanic for the Schulze Baking company who was on his way to his home in Bourbonnais. Tetrault saw smoke pouring from the garage and sounded the alarm.

The garage, located only four feet from the Raymond residence, was a mass of flames when firemen arrived. The auto had been run into the garage for the night about 10 p. m. Raymond thinks the cigar lighter on the dash may have been shorted in some manner, starting the blaze.

No insurance was carried on the auto but the owner of the property, Thor Fritz, had \$200 insurance on the garage.

At 11 o'clock Monday night, firemen were called to 433 South Poplar avenue, the residence of Rex Weston, to extinguish a roof fire. Chief Marquart said that sparks from the chimney apparently fell on the roof and burned a small hole in the attic. Principal damage was on the roof.

On Monday afternoon, one truck made a run to the 900 block on North Fifth avenue to put out another grass fire. They extinguished one in the same vicinity on Sunday.

Alden Hansing of 854 South Dearborn avenue paid a fine of \$2 in police court yesterday for parking improperly at Oak and Schuyler avenues.

New Traffic Lights Ready in 6 Weeks

Within six weeks the Triangle Construction company expects to have the new traffic lights installed at the Court street intersections of Harrison, Dearborn and East avenues.

Awarded the \$4,606.40 contract last week, Triangle had a crew of men on the job yesterday excavating along the north curb of the 400 block on East Court street for laying of the electric cable.

A 10-wire system will be installed, making it possible to turn all lights red in every direction when fire trucks pass loop intersections. Under the present seven-wire arrangement, the best signal that can be obtained is a flashing yellow light in all directions.

The new lights at the three intersections will be connected with the present signal beacons at Indiana and Schuyler in such a manner as to permit an auto traveling at approximately 19 miles an hour to "make" the green light at all five corners.

Although approved by the city council and state highway department several months ago, this project was delayed because the owner of the firm to whom the contract was first awarded died before he could begin work here. He left no successor, making it necessary for the council to readvertise for bids.

NO IMMEDIATE GENERAL WAR AVERS HOOVER

Former President of U. S. Returns from Abroad

New York, March 29—(AP)—Former President Herbert Hoover came home from Europe today with seven or eight new honorary degrees, 15 or 18 new medals and the conviction that a general war is not imminent in Europe.

Degrees, medals and the conviction conviction persisting in spite of the extensive military preparations he witnessed—were gathered in a two-months tour of 14 countries. It was his first trip abroad in 19 years, and, smiling quietly, he confessed he had found the continent "changed."

The Normandy, on which the former president arrived, reached quarrantine in the lower bay about

Free One Suspect in Mokenca Theft

Edmund Jarvis, 28, of Mokenca, charged with larceny, was still a prisoner in the county jail this morning and was to be arraigned today in county court.

He was arrested Sunday morning by John Hanson, Mokenca deputy sheriff, on a charge of having stolen wheels and tires from the automobile of Ralph Lawson of Lowell, Ind., at a dance Saturday night at the State Line inn east of Mokenca.

Jarvis, still under probation from the county court on a recent bad check charge, was questioned yesterday by Sheriff John Stack and Assistant State's Attorney Victor Lauridsen. He claimed that he was intoxicated Saturday night and does not remember anything that happened.

G. L. "Bucky" Rowe, another Mokenca youth who accompanied Jarvis to the hall and then fiddled for the dance, also was questioned but was released when he indicated he had nothing to do with the theft.

Judge Dismisses Charge of Fraud in Fortin Will Case

Claims that the will on file of Alfred Fortin is fraudulent were dismissed yesterday by Circuit Judge W. R. Hunter following a hearing.

Fortin, former Kankakee financier, died over a year ago and left his half-million dollar estate for the establishment of an orphan's home in Bradley without making provision for numerous nieces and nephews.

The action yesterday by Judge Hunter was the result of a motion by Attorneys C. D. Henry of Kankakee and Harry L. Rickard of Chicago, representing E. J. LaMarre, executor of the estate, to dismiss a

ARKANSAS AND LOUISIANA IN STORMS' PATH

Many Homes Damaged in Gurdon, at Texarkana

RAIN, LIGHTNING

Ferriday, La., March 29—(AP)—Six persons were killed and at least 24 others injured by tornadoes in Arkansas and Louisiana last night and early today.

A narrow-diameter storm killed four and injured seven in the Turtle lake section three miles west of here today. Two children were killed and 11 persons hurt when a tornado destroyed five farm homes and a few miles northeast of Texarkana, Ark., last night.

Thirty homes were damaged and a half dozen persons injured when another tornado cut through a residential section of Gurdon, Ark., late yesterday. Telephone and power service were disrupted by the blow and city officials estimated the damage at more than \$80,000.

Heavy Rain
The storms were accompanied by heavy rain and lightning.

The Louisiana storm swept a path of about a mile along the Jonesville highway, demolishing two homes and damaging several others, then bounced away over Turtle lake, a small body of water. Hanson, 24, and his two sons, John, 15, and Clifford, 9, were crushed to death when their home collapsed. A third son, Wilbur, 5, died several hours after he was brought to a hospital here.

The Arkansas victims were Charles Barnett, 4, and Billy Ray Davis, 2.

3 Iroquois County Towns Build Roads

Ashtum, March 29—(RN Special)—Officials of three townships on the west side of Iroquois county will receive bids soon for the furnishing of materials with which to construct township roads.

A fourth township is considering a special election as to the issuing of bonds for a similar purpose.

On April 2 William Schultz, road commissioner of Mills Grove township, will receive bids for material with which to build approximately 23 miles of roadway.

On April 9, James Reynolds, commissioner of Ashtum township, will open bids on materials for some 60 miles of roads.

Morton Rasmussen, commissioner of the town of Chesham, will receive bids for materials for 35 miles of township roads on April 11.

The required number of signatures to a petition for a special election on a proposed bond issue for 50 miles of roads are filed with William Veriege, road commissioner of Douglas township at Gilman.

Wife's Insanity Stops Farm Sale

A petition by Edward Wills, 61, of Yellowhead, township asking that the circuit court appoint a guardian ad litem for his wife, the former Emma Guris, 57, was filed today in the office of Circuit Clerk Albert Tetrault by the law firm of Streeter and Blanke.

The petition states that Mr. Wills has the opportunity to sell 94 acres of land in Yellowhead to Albert Frahm of Beecher for \$11,000 but is unable to do so because his wife, as an insane person, cannot join in the sale.

He asks that the guardian be appointed to execute the deed for Mrs. Wills.

Ignored Relatives
The suit, filed by some of the niece and nephews, who are represented by Attorney Vernon G. Butts, charges that the will is fraudulent, that Fortin was of unsound mind and memory when he drew it, and there was undue influence upon him in making it.

Judge Hunter denied the motion to dismiss the suit but struck out the allegation of fraud. The other claims remain to be considered at a hearing not yet set.

MONARCHISTS ARE URGED TO SUPPORT NAZIS

Austrians Asked To Vote "Yes" at the Plebiscite

ON APRIL 10TH

Vienna, March 29.—(UPI)—Many prominent supporters of the monarchist movement in Austria, following the example of Theodore Canali, indicated today that they would urge their followers to support Adolf Hitler in the forthcoming April 10 plebiscite.

There were reports that Gustav Wertheimer, a staunch monarchist, had appealed to followers of the so-called Kaiser-folk movement to vote "Yes" at the plebiscite. Wertheimer, a prominent supporter of the monarchist movement, had been a vocal proponent of the restoration of the Habsburg monarchy.

Wertheimer's appeal, according to the newspaper Wiener Neueste Nachrichten, that the Archduke Otto, claimant to the throne of Austria, had recognized the republic on Dec. 11, 1917, thereby facilitating the path of reconciliation which the monarchists might have taken to him previously.

Forecast Reconciliation
Nazi and Catholic quarters forecast an early reconciliation between the Vatican and Germany as a result of Cardinal Innitzer's blessing of the Austrian plebiscite.

The Cardinal's statement, a word for word to a declaration of Austria's bishops, was read in all Catholic churches Sunday. It was printed in today's newspapers and above the Cardinal's signature was "Heil Hitler."

The new rulers, meanwhile, strengthened their position by dismissing five Austrian generals and officers and army officers. An official spokesman said that the dismissal was for military as well as political reasons.

Hitler, according to the press, was expected to arrive in Vienna on Monday. He was expected to arrive in Vienna on Monday. He was expected to arrive in Vienna on Monday.

Became Man and Wife by Accident

Kansas City, Mo., March 29.—(UPI)—Announcement proceedings were begun today in the marriage of Michael A. Bonadonna, 26, and Margaret Moore, 21, who became man and wife by accident.

They dropped by the courthouse Saturday, got a license and had justice Henry Moore marry them. But they didn't get Judge Meade that Miss Moore meant to serve jury duty for the Virginia McGarity, 21, who was ill in a hospital.

The license was in Miss Moore's name, she and Miss McGarity, the court said, were together to take her part, with the understanding Miss McGarity really would be Bonadonna's wife and

FILMBOY HAS ITS PERFECT STAGE MOTHER

Hollywood, March 29.—(INS)—Mrs. Cora B. Lane is the happiest mother in Hollywood.

She is the perfect stage mother: a woman who has not let greed and ambition get in the way of her son's career. You know she's capable of stepping into the kitchen and throwing a frying pan at a foolish director. She's a gentle, kindly soul whose main concern at the moment is to make sure that her son, the famous film actor, is getting the best of everything.

Right now she is proudly surveying an achievement boasted by no other stage mother in screen history. Daughter Pissalla is playing opposite Dick Powell in "Cowboy from Boston" and is making a love interest for Rudy Vallee in "Gold-diggers in Paris" and "Lois Lane" in the picture "The Sign of the Cross."

Thirty-eight critics blasted and dug their way to freedom from the Brinkley Mountain prison cell at Petros, Tenn. 17 of the men were recaptured. A prisoner is shown here demonstrating how the fugitives squirmed out of the narrow tunnel.

Call Off Breach of Promise Suit and Plan Wedding

Hollywood, March 29.—(UPI)—Vera Reynolds, star of the silent screen, is ready to marry her "husband" of 12 years, Robert Ellis Reed.

A month's hearing of Miss Reynolds' \$150,000 breach of promise suit against Reed ended yesterday when they decided to call off the suit—and get married, perhaps today.

Both, testified they lived together as man and wife until last August. Miss Reynolds insisted they were married in Greenwich, Conn., in 1926 and that Reed promised to remain her husband for life. Reed, however, testified that he never married her.

Reed, however, testified that he never married her. He testified that he never married her. He testified that he never married her.

UNITED STATES WITHDRAWS ITS AID TO MEXICO

Desires Satisfactory Solution of Oil Question

TRYING PROBLEM

Washington, March 29—(UP)—The United States today has withdrawn the helping hand which for years assisted Mexico in solving political-financial-economic troubles.

The United Press learned from an unimpeachable source that until the Mexican government offers satisfactory solution to the expropriation of foreign oil properties increasing financial-economic pressure will be applied from this side of the border.

Discontinuance by the United States of its silver agreement with Mexico, and the reduction of its New York purchasing price for silver from 45 to 44 cents an ounce, is merely a first step in application of this pressure, a responsible official said.

"Good Neighbor" Program The entire United States "good neighbor" program with regard to Mexico, which included plans for settlement of all outstanding disputes and problems between the two countries, has been suspended pending outcome of the oil problem, it was said.

The Mexican government's action in applying the expropriation law to foreign-owned oil properties, valued at \$450,000,000, was described as the "last straw," insofar as the administration is concerned. Secretary of State Cordell Hull's anger over the Mexican government's action in raising vertically the Mexican tariff on American goods, last Dec. 31, had not entirely cooled when the expropriation law was made effective.

Among problems which had been slated for amicable settlement under the "good neighbor" policy were those arising from distribution of waters from the Rio Grande, Colorado, and Tia Juana rivers, all flood control projects, debt adjustment, indemnity and borderland claims, and fishing rights. All conversations and negotiations on these matters now have been shelved, it was stated.

Denies "Pressure" State department officials declined to admit that pressure was being brought upon the Mexican government to hasten a settlement. The United Press learned, however, that the United States has reached a definite decision with regard to its policy on the oil controversy, and has communicated details of this policy to the Mexican government.

For the present conversations between the two governments are being handled on a strictly confidential basis, it was stated. If an amicable and satisfactory solution is reached in the near future, no official declaration of policy would be required. However, if the controversy continues, the United States eventually may be called upon to make a public declaration to clarify its position, it was said.

Col. House's Body to Texas; Funeral

New York, March 29—(UP)—The body of Col. Edward M. House, America's international statesman and confidential adviser to President Woodrow Wilson during the world war, leaves by train at 4:05 p. m. (est) today, enroute to Houston, Tex. for burial.

Mrs. House and son-in-law and daughter, Mr. and Mrs. Gordon Auchincloss, will leave with the body aboard a Pennsylvania train. In accordance with Col. House's wishes, there will be only a burial service at the family plot in Houston. It was in that city House was born in 1854, the son of a banker.

The funeral car will be switched to a Missouri Pacific train at St. Louis Thursday morning.

STARVED BY STOMACH PAINS

Caused by Excess Acid Too much stomach acid can cause a lot of pain and distress. Food doesn't digest properly, gas gives you pain and heartburn, you feel burning sensations, bloated and belch continually. You don't eat as you should and often lose weight fast. Do not take heavy measures or dangerous drugs, but try famous UDDA Tablets to stop acid stomach distress. Pep Up! Be Popular!

People with "go" are always the most popular. Yet the secret of abounding energy is often merely a matter of keeping regular. For tiredness, headaches, sleeplessness, loss of appetite, mental depression can all be caused by constipation.

Truly, proper elimination is all-important to your well-being. So if more than one day goes by without it, assist Nature. Use Dr. Edwards' Olive Tablets. This laxative is extremely mild. And Olive Tablets are marvelously effective because they stimulate the liver's secretion of bile without the discomfort of drastic, irritating drugs.

Let Olive Tablets help safeguard your welfare and pep. 15¢, 30¢ and 60¢ at all druggists, everywhere.

Surgeons Deliberately Kill Man Four Times to Save Life

Paris, March 29—(INS)—They killed a man four times to save his life.

This is the modern miracle just accomplished by three young French surgeons, the eldest of whom was but 32. And it was accomplished in one hour of rapid, emergency surgery.

At 8:40 in the evening a desperate, forty-year-old unemployed man thrust a kitchen knife into his heart. Transported to Saint Antoine hospital the man was X-rayed and three young internes who were in charge during the dinner hour decided to operate. At 9:15 the first incision was made.

Gash in Left Auricle "The heart was bared and a gash was found in the left auricle," one of the internes present at the operation related.

"This is one of the most difficult positions to sew up," he continued, stating that the heart was hard to hold in that position, and that the stitches were so thin that unless the needle is apt to tear the tissue and increase the wound.

"The heart was beating faintly but even its slight pulsation would make it almost impossible to sew neatly. The surgeon hesitated, looked at his two assistants, then made his decision.

"The heart stopped. We all held our breath fearing it was the end."

Heart Massaged "Swiftly the surgeon made three stitches in the gash, taking advantage of the arrested heart-beats. Twenty seconds had elapsed. Then he nodded to the anesthesiologist who forced "carbogene" into the lungs, while he massaged the heart. It started to beat again. The patient was alive once more."

The interne continued his dramatic recital: "Blood still flowed from the partially closed gash. But the surgeon had seen his way. Massage and lung-feeding were stopped.

"Deliberately the surgeon allowed the man to 'die.' Again he took another three stitches in the wound. Again he revived the patient."

Blood Leakage Stopped "Cleverly calculating the exact moment, the surgeon 'killed' the man four times. At the end the gash was sewn up and blood leakage had been stopped.

"The operation had been successful. It was 10:15. Only an hour had passed."

Ten days later the patient had

completely recovered and in two weeks will be fit to leave the hospital, according to doctors, who consider that the method of deliberately "killing" a patient to save his life may be adopted by other surgeons operating on the heart.

With the exception of Chile, the maternal mortality rate of the United States is the highest in the world.
