SPRING'S RETURN SCHEDULED

AUSTRO-GERMAN PLEBISCITE NOW BEING AWAITED

Heralds the Day of
Greater German
Reich

IN GAY ATTIRE

Vienna, April 9.—(AP)—Old Vienna put on her new party clothes today for a brilliant and frenzied pageantry.

There could not have been anything in the 1900 years of her recorded history of Romans, Hapsburgs and Republicans to equal the demonstrations and decorations with which the Nazi conquerors made their last bid for a unanimous affirmative vote in Sunday's plebiscite.

Pylons 120 feet high supporting eagles with swastikas and oak-wreathed German flags lined at intervals the main avenue, giving it a cathedral air.

Flags even higher were erected in many places. In one ward alone 12 miles of flag-material was used.

Hitler's Pictures
Every stone, even in the Jewish districts, displayed Adolf Hitler's pictures surrounded by red-clad fan branches and swastikas.

In this scene, unparalleled even in imperial days, came Hitler as a conquering hero to complete his plebiscite tour of greater Germany.

The Fuehrer arrived by special train.

He reviewed his honor guard, then rode through shrilling shouts of "Heil Hitler" to the city hall to receive the municipality's formal welcome.

Subsequently propaganda Minister Goebbels announced from the city hall balcony, to Nazis below, the beginning of "the day of the Greater German Reich."

Two minutes of silence followed—when no vehicle or person moved.

This memorialized the Nazi dead. Hitler then received messages of loyalty brought by motorcyclists from all 31 sections of Germany.

Afterwards the Fuehrer drove to his hotel.

Debate on Levy Processing Taxes Delays Vote on Bill

Washington, April 9.—(AP)—The senate rejected today a proposal by Senator LaFollette (Prog-Wis) to raise \$214,000,000 of additional revenue through higher surtaxes on individual incomes.

It turned thumbs down on the higher surtaxes by a vote of 44 to 33 after first refusing to write farm processing taxes into the five-billion dollar revenue bill. That vote was 53 to 24.

The senate refused to write processing taxes into the five-billion dollar revenue bill.

The vote was 53 to 24.

The levies on cotton, field corn, wheat, rice, tobacco and synthetic fibers had been asked by Senator Pope (D-Iowa) to raise \$12,000,000 annually for additional farm benefits.

A total of \$500,000,000 now is available under the farm program.

The taxes were opposed by Chairman Harrison (D-Miss) of the senate finance committee, who contended they should be considered as a separate measure instead of being included in the general tax bill.

Senator Barkley of Kentucky, the Democratic leader, also opposed action at present, saying that more experience under the agriculture control act was necessary before it

Prize Winner

Lael Sancken of Emington, (above) an honor student at the Gallagher School of Business, has received two awards for her writing efforts. She won first in a recent contest for the best business letters and was given a choice of correct English books. Her second prize was "The Business Encyclopedia" which she won in a national essay contest sponsored by the Dean W. Geer creative service each year among private commercial schools. The sponsors said in a letter received this morning "Miss Sancken's essay was so well written that we feel it is entitled to special recognition. Therefore, we are sending to you under separate cover a copy of 'The Business Encyclopedia.'" This achievement is considered important inasmuch as several thousand students from private commercial schools in the U. S., Canada and England participated in the contest, according to Mary M. Gallagher, president of the local school.

Stocks Soar In New York; Many Orders

New York, April 9.—(AP)—The big buying rush Wall street has seen in months whirled stocks up \$1 to more than \$6 a share today.

The usually quiet Saturday session on the stock exchange was turned into a seething market when the opening gun sent brokers hurrying to execute large overnight buying orders.

Brokers attributed the scramble chiefly to defeat of the reorganization bill, coupled with reports the administration was about to embark on another spending and lending drive to stimulate business recovery.

STATEVILLE CONVICT PLUNGES TO DEATH

Joliet, Ill., April 9.—(AP)—Harrison Hunt, 54, a prisoner committed from Chicago, plunged to his death today from the gallery of the third tier at Stateville penitentiary.

Warden Joseph Ragen said guards told him Hunt had been acting strangely. Hunt was committed in November, 1936, to serve one to 10 years for larceny.

DALADIER WILL FORM CABINET; SUCCEEDS BLUM

Desires New Govern-
ment Before Nazi
Plebiscite

URGES SUPPORT

Paris, April 9.—(AP)—Edouard Daladier, chief of France's defense forces since the first people's front cabinet took office in June, 1936, promised his radical socialist group in the chamber of deputies today he would have a strong government formed by tomorrow.

The "strong man" of successive peoples' front ministries, who before has been summoned to form governments when the nation was faced with the danger of civil dissension, declared France could not afford to be without a government with Adolf Hitler's Austrian plebiscite coming up Sunday and the Spanish civil war nearing an acute stage.

Confers With Blum
The minister of defense and war asserted he would be able to form a government whether or not Socialists—strongest party in the chamber—agreed to accept posts in the cabinet. He previously had held a long conference with Leon Blum, Socialist, whose peoples' front cabinet was forced out yesterday by senate refusal to approve drastic financial and economic measures.

The strike situation meanwhile remained unsolved. Nearly 60,000 strikers were tying up production in 34 factories, including those supplying the French air force with almost all its plane motors.

Some strikers hoisted red flags over factories.

Police officials issued an order forbidding an outdoor demonstration called by the Paris committee of the people's front to protest against what they termed "seditious threats against parliament and the country."

**Says History Will
Prove the Wisdom
of Foreign Policy**

Birmingham, England, April 9.—(AP)—Great Britain is building up her armed might so that her voice in world affairs will be listened to with respect.

Prime Minister Neville Chamberlain made this clear in asserting that he would "eat his hat" if history does not prove the wisdom of his foreign policy.

Saying that Great Britain's foreign policy is based on a well-armed nation in search of lasting world peace, Chamberlain declared at a rally yesterday of the Birmingham Unionist (conservative) association, that:

"You must see to it that your preparations, or defensive or offensive forces, are so organized and built up that nobody will be tempted to attack you, but that, on the contrary, when your voice is raised for peace, it will be listened to with respect."

Kill Dictatorships By Voting For Republicans Who Can Win This Fall

(EDITORIAL)

Citizens of Kankakee county and Illinois should vote a resounding "No" to the latest dictatorship scheme of the New Deal which is called the "government reorganization bill" just defeated in congress by a small margin of 8 votes.

Let them be glad they still have the right to say "No" because if they do not say it, they may never be able to do so again. Dictatorship means losing the right to vote, and losing that means losing freedom of speech, education and religion. What else can "government reorganization" be?

Does the world need an example of what dictatorship means to a nation, and how easily it can happen?

Citizens of Kankakee county and Illinois can say "No" next Tuesday by voting the regular Republican ticket, thereby launching a courageous protest that will sweep the nation and by its force and example begin the march back to constitutional, representative government with liberty for all races and creeds.

Party of Peace and Freedom

They should serve notice of their sincerity and determination to save their country by nominating candidates on the Republican party, the party of peace and freedom, who believe in free America and who can speak for them in the November election with courage, strength and patriotism.

They should nominate candidates with the physical, mental and moral stamina, backbone and spirit to make a fight of this great importance.

The threat in America of dictatorship with its goose-step, concentration camps and military ambitions is not an idle one. When the Republican party held a meeting Feb. 5 in Urbana, with 8,700 precinct committeemen of Illinois there represented, they recognized the threat and its tremendous significance. How real is the danger they saw then has since been demonstrated.

They interpreted rightly the demand by free Americans for spokesmen and leaders in the cause of liberty and peace who are not afraid to clash with tyranny now and in the future.

To Restore Independence

Out of that convention came a Republican ticket of fearless patriots with which the people can unite to restore old-fashioned Yankee independence and pioneer spirit, of candidates with qualifications, energy and the courage of their convictions.

Headed by Richard J. Lyons for U. S. senator, fighting, outspoken critic of dictatorship in Springfield and Washington, the ticket consists of such stalwarts as William R. McCauley for state treasurer, Wiley B. Garvin for state superintendent of public instruction, George E. Lambur Jr. for clerk of the supreme court, Frederick A. Virkus and Simon E. Lantz for congressmen-at-large.

The fight for American freedom and peace begins at home in local governments. The people of Kankakee county also demanded of the 41 Republican precinct committeemen a ticket of county candidates who also would do their part, who too had strength, courage and ability. The regular Republican ticket is the result.

REBEL BOMBING PLANES BLAST LOYAL DEFENSE

Insurgents Clearing
Way for March to
Mediterranean

COUNTER-MOVE

Hendaye, France, at the Spanish frontier, April 9.—(AP)—Insurgent bombing planes blasted defenses of tortosa today to clear the way for a march of General Franco's shock troops to the Mediterranean in southern Catalonia.

Forty thousand of Gen. Garcia Valino's legionnaires intensified their drive on the city where the broad Ebro river delta forces the Barcelona-Valencia coastal road to curve inland.

The insurgents made a wide encircling movement designed to trap an equal number of government troops entrenched in the Sierras that flank the narrow defile of the Ebro valley where the river breaks through to the sea.

Twenty-eight miles to the southwest a second insurgent column advanced within less than two miles of San Mateo.

Loyalist Counter-attack
With its advance guards virtually in the outskirts of that important northern Castellon city, the main body of insurgents covered the highway to Vinaroz and the sea less than 12 miles to the east.

(Dispatches from the government side at Madrid said the government militia counter-attacked and regained some lost ground near Villibona, west of San Mateo).

Precarious as was the government's position in Catalonia, broad attacks in a new sector 100 miles south of Madrid in western Spain indicated the government intended to press the war in that region regardless of the outcome in the northeast.

There on the Tago river front the government said surprise attacks along a 25-mile front from Villar Del Pedrosa to Alta resulted in a five-mile advance.

FORECASTS OF TEMPERATURE'S CLIMB WELCOME

Snow-Clogged Midwest is Promised Relief

FLOOD DANGERS

By the Associated Press
Forecasts of rising temperatures bode relief today to a vast area of the nation buffeted for three days by rain, snow, sleet and tornado winds.

Warmer weather by Sunday was in store for most of the snow-clogged middle west and the rain-drenched Atlantic seaboard, forecasters said.

Forty-four deaths were attributed to the spring storms which lashed virtually the entire area east of the Rockies.

Thirteen persons were killed by an Alabama tornado and as many died when a cloudburst washed away a store building in Georgia. Eight were found dead of asphyxiation in a home in snow-swept Texas.

FIND CLUES TO DISAPPEARANCE OF LEVINE BOY

Boy Scouts Locate Stolen Auto and Toy Typewriter POSSIBLE GRAVE

New Rochelle, N. Y., April 9.—(AP)—A stolen automobile and a toy typewriter that might have been used by the kidnapers of 12-year-old Peter Levine were found by a searching party of Boy Scouts today.

The automobile, stolen some time ago, was found in a patch of woods near a small hut, hidden by trees, in a wooded area.

It was a mound of dirt, dug earth which police immediately began to turn over. There was a possibility, they said, that it was a grave.

The ashes of a bonfire, a broken pick handle and a lantern also were found in the vicinity.

The typewriter, a Simplex machine of the type used to write three ransom notes received five weeks ago by Murray Levine, New York lawyer and father of the missing boy, were found on the Bronxville village dump.

It was in a brown paper bag, together with a toy pistol.

Because refuse is dumped frequently on the spot, police said the bag could not have been there long. The finds, among the first tangible clues turned up since the Levine boy disappeared on February 24, were reported to scout leaders and shortly after 2,100 Boy Scouts took the field in a country-wide search.

Plenty of policemen were provided at the Beaux-Arts gallery in Paris when the Surrealist International Salon was thrown open to visitors.

Makes Dimples

It's doubtful if dimples could make Isabelle Gilbert more attractive than she already is, but if she wants 'em she can get 'em with the queer-looking contraption she is shown wearing above. The device was displayed at the Inventors Congress in Chicago, and its sponsors claim it will actually grow dimples where none grew before—in cheek or chin.

Thousands Flee as Southern Rivers Overflow

Alabama faced its "worst flood in history" as rampaging rivers and creeks forced thousands from their homes and disrupted rail, highway and air traffic in many sections of the state. In Birmingham, where this scene was made, backwater inundated nearly all homes in low-lying sections, causing at least one death.

82 Years Old

John H. Hawkins (above), former mail messenger at the Kankakee postoffice, observed his 82nd birthday yesterday at his home, 245 East River street.

A life-long resident of the county, Joel was born on a farm in Limestone township April 6, 1856, the son of Jepson Hawkins who came here in 1832, about the same time that Noel LeVasseur, fur trader, arrived in the region. Both families lay claim to being the progenitors of the first white settler in Kankakee county.

Joel retired from the mail service in 1927. He takes daily walks and is exceptionally active for one of his years. His hearing is impaired, however. He is the father of five children—Albert, a sub-carrier at the postoffice, Mrs. Harriet McGabok of Beloit, Wis., Mrs. Mabel Davis and David of Kankakee and Howard of Chicago.

Reading Thursday's account of the worst April storm in the memory of oldtimers here brought the octogenarian into the editorial office yesterday to express a different opinion. He said the worst April storm in Kankakee occurred April 26, 1928 when he was driving a mail truck. He said the damage from sleet was much greater than the current storm.

Jennie Hallock's Rites at Peotone

Peotone, April 9.—(RN Special)—Funeral services were held Friday for Mrs. Jennie Hallock, 68, who died Wednesday at her home on Corning avenue of heart ailments following an illness which kept her confined all winter.

As Jennie Evans she was born March 24, 1870 on a farm in West Peotone. Her husband A. B. Hallock, died in 1925. Surviving are a brother Thomas Evans of Kankakee, sister Mrs. May Perry of Chicago and Martha of Peotone.

Mrs. Hallock was a member of the Rebekah and Eastern Star lodges, president of the Practical society and member of the choir of the Presbyterian church.

Were the body to be divided down the center of the breast bone, a considerable portion of the human heart would be found in the right half. The heartbeat is felt on the left, and this has given rise to the impression that the organ lies completely on that side.

Greensboro, N. C.—(AP)—Here is how C. B. Higgins is saving three acres of his farm from washing away:

First, he dug a 700-foot ditch to divert water that had been running in from a nearby road and washing the land into gullies. Then, he planted 2,500 two-year-old kudzu crowns and gave the plants a liberal treatment of fertilizer.

Now the kudzu vines, which make good stock feed, are 30 to 35 feet long and there is no more washing on the land.

Imports of piano accordions in 1927 totaled 65,469, valued at \$1,769,439, according to the United States department of commerce. Switzerland, France and Norway each sent one accordion.

Mme. Suzette Carsell, 62 years old, of Phoenix, Ariz., is known as "the mother of the accordion." She is believed to have been the first woman to play the instrument on the American stage, introducing it at Tony Pastor's theater in New York in 1900. She still plays in Arizona community festivals.

Lyrists Entertain Travellers at Costume Program

The usual serious atmosphere maintained at meetings of the Lyric and Travel club was upset Friday afternoon when the group gathered at the home of Mrs. Warren R. Hickox with the lyric group entertaining the travellers.

China, the country, its music and art has been the topic studied during preceding meetings and as a change from the usual routine the lyric group conducted a travesty of a regular meeting.

The members, who are Mrs. Victor McBroom, Mrs. Howard McCracken, Mrs. Carl Markert, Mrs. G. E. Pierse and Mrs. Leslie C. Small, attired in appropriate costumes were a group of Chinese enroute to Hollywood who dropped in to give the program and conduct a meeting.

There were singers, pianists and a speaker, in the group and each contributed to the program. Mrs. Markert, pianist, played an original arrangement of "Chopsticks," accompanied by the Chinese orchestra. Mrs. McCracken spoke in a humorous vein on the United States, from a Chinese point of view.

The American Version. When Isaac died, his widow went to live with their daughter, the wife of Thomas Fleet, a printer. Grandmother Goose spent most of

her time singing and reciting rhymes to the five children. Thomas wrote them down, and in 1719 he published them as "Songs for the Nursery, or Mother Goose's Melodies for Children."

And that was the very first American version of Mother Goose tales for children. It was the basis for the collections of Mother Goose rhymes that children read today.

Grandmother Goose died in 1757, and was buried in Boston, aged 92. Later printers, in bringing out more complete collections of Mother Goose rhymes, have added new ones and discovered other ones.

Later, Mrs. Hickox sang "A China Tragedy" and the program concluded with a selection by the orchestra.

Washington, April 9.—(UP)—Postmaster General James A. Farley has ordered a complete revision of the program for altering the designs on postage stamps.

The revision includes the creation of two new designs and the elimination of one stamp denomination. A picture of the White House will appear on the 4-cent stamp. A new 22-cent stamp has been inserted in the list; the 35-cent stamp has been abolished.

The changes will not affect the small denomination stamps. Washington's picture will remain on the one-cent stamp and Jefferson on the three.
