## MORE G-MEN TO AID IN SEARCH FOR YOUNG LAD

Thousands of Men  
Hunt Throughout  
Everglades

### BUT FEW CLUES

By THOMAS F. REYNOLDS  
United Press Staff Correspondent  
Princeton, Fla., June 3—(UP)—  
Searchers discovered a blood-smeared  
fragment of cloth in a water-filled  
rock pit at Traverter near the  
Florida Keys today. Federal agents  
sent divers into the pit in an effort  
to learn whether it might reveal  
the fate of kidnapped Jimmy Cash.  
Men, massed here for the most  
intensive kidnap drive in several  
years, rushed south in fast cars  
upon learning of the discovery.  
They took the cloth fragment for  
immediate analysis, while divers and  
boatmen began investigating the  
deep pit.

Ralph Lund, a resident near the  
pit, said the fragment might have  
been a piece of clothing.

Federal agents, however, refused  
to discuss whether the discovery  
had major significance in the man-  
hunt for the men who kidnaped the  
five-year-old boy and failed to re-  
turn him after collecting \$10,000  
ransom.

#### Everglades Region

Discovery of the possibly signifi-  
cant clue came as a party of 150  
picked men hunted through the  
subtropical "green hell" of the  
Cape Sable Everglades region.  
The men, picked for their hardi-  
hood and knowledge of the tangled  
fastness, were ordered to hunt along  
little frequented wilderness trails  
for any evidence showing an ab-  
duction.

The Cape Sable search went for-  
ward as the main force of many  
hundred men participated in south  
Florida's greatest hunt, impelled by  
fear that if the boy or his body is  
not found today the search may  
fail.

The Cape Sable searchers wore  
thick hip boots to guard against  
poisonous reptiles as they waded  
and hacked their way through the  
morass. The men volunteered to  
a request for searchers "prepared to  
undergo hardships."

Along the coast, a marine force of  
500 men swept the Florida Keys in  
a flotilla of small boats of shallow  
draft. Eighteen divers were at work  
in coves and inlets where the boy's  
body might have been hidden.

A commercial airliner landed at  
Miami shortly before 7 a. m. and  
discharged 14 men. Refusing to  
answer any questions, the men went  
directly to the 13th floor suite in  
downtown Miami where Chief G-

## U. S. Commission to England To Study British Union Act

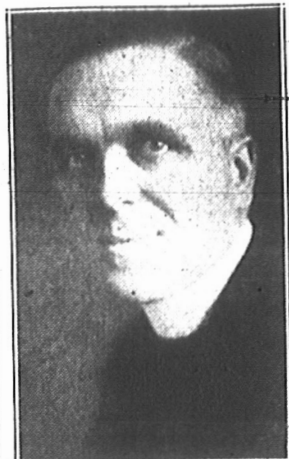

Washington, June 3—(AP)—Presi-  
dent Roosevelt said today that he  
was sending a commission to Eng-  
land this summer to study the  
British trade union act.  
The president told his press con-  
ference that the study would have  
no relation at all to the Wagner  
labor relations act in this country.  
Declaring that the idea of the  
study was his own, Mr. Roosevelt  
said its real purpose would be to  
clear up a great deal of misinforma-  
tion in this country regarding the  
British law.

He said he could not say who  
would serve on the commission be-  
cause the membership was not  
complete.

The names of Gerard Swope and  
Lloyd Garrison were suggested by  
reporters as possible members but  
Mr. Roosevelt declared he could not  
confirm that they would be ap-  
pointed.

He said he was sending the com-  
mission to England so it might re-  
port in clear, simple words of one  
syllable what the trade union act  
contains.

After he said the commission  
study would have nothing to do  
with the Wagner act, the president  
was asked if he were satisfied with

St. Pat's Speaker

college, nationally known radio  
speaker and economist, will be  
the speaker at the commencement  
exercises for the 1938 class of St.  
Patrick high school. His subject  
will be "Little World, What Now?"

o'clock Sunday evening in St.  
Patrick church. There are 32 in

## BOURBONNAIS ONCE BIGGEST TOWN ALONG I.C.

Population Back in  
1850 was 1,710,  
Speaker Says

"For 100 years, railroads have  
provided the best, most efficient  
and cheapest form of transporta-  
tion the world has known. As long  
as the products of farms, forests  
and mines need to be transported  
to industrial centers, railroads will  
continue as major carriers."

That was what Charles Heisel,  
general attorney for the Illinois  
Central railroad, had to say about  
the future of rail transportation in  
a talk before the Rotary club  
Thursday noon in the Hotel Kan-  
kakee.

The speaker recalled the history  
of transportation to show that prac-  
tically all of man's progress in this  
field has been made within the last  
century and to emphasize the im-  
portance of railroads in the de-  
velopment of the country. He also  
presented a program of legislation  
needed to relieve impending bank-  
ruptcy for many systems.

#### Discovers Wheel

"The ass and oxen were thought  
to be the first forms of transporta-  
tion, but the serpent certainly took  
Adam and Eve for a ride," he said.  
The wheel for the first car was  
made in 2065 B. C. when an  
Egyptian named Kummel engaged  
in unloading stone from a barge,  
noticed a cedar log fall in front of  
the sled and saw how much easier  
it rolled that way.

"Five thousand years later no no-  
ticeable advances had been made  
in this form of transportation. Not  
until steam engines and steamboats  
were invented in the early 1800's  
did the wheel advance."

## Must Clean Up Fire Hazard in Five Days

Glen Kibbons of 346 South Dear-  
born avenue was brought into court  
Thursday by Officer Orval  
Finch for failure to comply with an  
order issued last December by Fire  
Chief Roy Marquart to clean up the  
fire hazard at his residence.  
Officials said he was operating a  
veritable junkyard at the rear of the  
lot, with rubbish, papers, trash and  
wood piled up, creating a potential  
fire hazard near the B'nai Israel tem-  
ple.

Kibbons was given five days in-  
stead to clean up the lot on penalty  
of a jail sentence.

## E. F. Gerrity Sued for Laundry Bill Totalling \$894.27

A suit to require Edward F. Ger-  
rity, 551 South Chicago avenue, head  
of the state department of foods and  
dairies, to pay his laundry bill was  
filed today by the Domestic Laundry  
company.

The complaint, filed by the law  
firm of Granger & Granger, states  
that the Gerrity family's laundry and  
dry cleaning bill from April 4, 1932  
to Aug. 26, 1935, was \$894.27.

Against this amount, states the  
complaint, \$201 has been paid.

Mr. Gerrity recently was re-elected  
chairman of the Kankakee County  
Democratic Central committee.

## C. M'Corkle, I.C. Employee, Is Killed

Charles H. McCorkle, 51, of 257  
South Orchard avenue, was killed  
about 10 o'clock this morning in Chi-  
cago where he was employed in the  
telegraph department of the Illinois  
Central railway.

He was electrocuted while repair-  
ing a cable at the Windsor Park  
suburban station of the railroad.  
The shock dislodged him from a  
swing 20 feet up on a pole. A fire  
department inhalator squad worked  
over him for 90 minutes.

His widow Pearl and the family  
left for Chicago this morning. Mrs.  
McCorkle is assistant assessor of  
Kankakee township and formerly  
was police matron.

## Report Schuschnigg Wedded to Countess

Vienna, June 3—(AP)—The marriage  
of Kurt Schuschnigg, former chan-  
cellor of Austria, and Countess Verä  
Fugger von Babenhausen, with the  
absent bridegroom represented by  
his brother as proxy, was reported  
today by a usually reliable in-  
formant.

The marriage, this source said,  
took place today in the private  
chapel of the Dominican church in  
Vienna's downtown section.

Dr. Arthur Schuschnigg took the  
place of his brother, detained by  
the Nazi authorities since Germany's  
absorption of Austria March 13.

Schuschnigg disappeared May 28  
from Belvedere castle in Vienna,  
his home in detention since Austria's  
annexation, but the authorities have  
insisted he was still "somewhere  
in Vienna."

It was believed the countess did  
not know where Schuschnigg was.  
But today, it was reported, she  
received a letter from the bride-  
groom simply dated Vienna, which  
said:

"By this time we should be man  
and wife. This makes me extreme-  
ly happy. A thousand kisses. Kurt."

The bride took a small apart-  
ment today in Vienna's downtown  
section. To save expenses she moved  
her trunks and other household  
goods with her in a taxi.

She told a friend that she and  
her husband were "poor" and that  
she expected he would join her  
soon in their new home.

## Exams Tomorrow for Scholarships

scholarships to the University of  
Illinois will take place tomorrow,  
starting at 9 o'clock, in the office  
of County Superintendent of Schools  
Clarence J. Kennedy.

Three scholarships are to be  
awarded in this county, the "gen-  
eral" scholarship, agricultural and  
home economics scholarships.

## City Stops Sale of Farm Market Milk

An order prohibiting the vending  
of milk at the Farmers Market,  
weekly produce sale conducted by  
a group of farmers every Saturday  
morning in the K. of C. building,  
has been issued by Dr. C. K. Smith,  
city health officer, it was learned  
today.

These farmers had been selling  
milk which was not pasteurized, in  
violation of a city ordinance, Dr.  
Smith explained. A large quantity  
of milk was being disposed of in  
this manner, exposing citizens to  
possibly serious contaminations, it  
was said.

#### BIKE RECOVERED

The bicycle of Laverne Curtis, re-  
ported stolen yesterday from his  
residence, 378 South Washington  
avenue, was recovered by police  
today at 688 North Schuyler avenue.

## MISSING BOY'S MOTHER VISITS SHELDON 'SEER'

Fortune Teller Sees  
Him Getting in  
Moving Car

### GONE TWO DAYS

Watska June 3—(RN Special)—  
Friends of the Walker family still  
were searching today for Lloyd  
Walker, 17-year-old high school  
student who disappeared Wednes-  
day morning from his home at Wood-  
land, village just south of here.

All day yester-  
day these friends  
and Sheriff Phillip  
Brown combed the  
woodlands sur-  
rounding the vil-  
lage and talked of  
dragging nearby  
Sugar creek.

The dragging  
proposal was final-  
ly abandoned,  
however, because  
of the swollen  
condition of the  
stream from re-  
cent rains. In-  
stead, wires have  
been stretched  
across the creek  
at several points  
with the belief  
that, if the boy's  
body is in the creek and begins to  
float, it will be caught by the wires.

#### Sees Boy in France

Last night, according to report,  
Mrs. Shirley Walker, the boy's  
mother, consulted a fortune teller  
at Sheldon, Thomas Carney.

Mrs. Walker afterward told Sheriff  
Brown that the fortune teller said,  
"All I can see is the boy crawling  
through a fence and getting into  
a moving vehicle."

When the boy left home at 9  
o'clock Wednesday morning he was  
attired in an athletic jersey, basket-  
ball shorts and tennis shoes. He  
told his mother, "This is all the  
clothes I need for where I am  
going."

The search has been made  
through the woods because the boy  
is a high school sophomore, is a  
nature lover and likes to hunt for  
insects and small animals.

A dam which he and young  
friends had built in the creek for  
a water wheel also was examined  
for clues but all tracks had been  
obliterated by the heavy rain.

The parents and friends feared  
that he may have been drowned  
in the creek since he never learned  
to swim. All foot logs in the  
stream are covered by water since  
the rains.

His departure from home appar-  
ently had not been planned. His  
clothing, pocketbook, spending  
money and camera are still at home.

## Motorist Must Pay for Breaking Light

A judgment for \$9 plus court costs  
was awarded by Police Magistrate  
Edward Hoenicke this morning in  
favor of the city against Paul Clark  
of the Alamo hotel, for an orna-  
mental light globe broken May 24  
when his car backed into a light  
standard.

Clark, acting as his own attorney,  
represented to the court that the  
wind knocked the globe off. City  
Attorney Victor Cardoni conducted  
the prosecution.

## Fred Boucher Will Filed in Probate

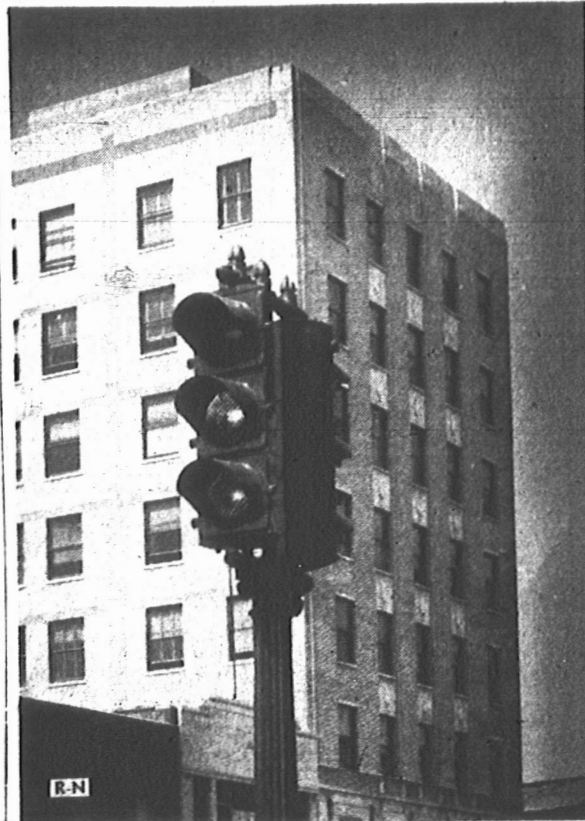

The will of Fred B. Boucher of  
Arma Park, who died recently, was  
filed for probate yesterday in the  
office of County Clerk Walter J.  
Richard by Attorney E. J. LaMarre.

Drawn on July 29, 1937, the will  
gives his gold watch to his adopted  
son Lawrence and the remainder  
of the estate to the widow Rose,  
who also is named executrix.

The value of the estate is es-  
timated at \$10,000.

large number of Republican-  
News readers who desire to  
complete their sets of the 15-  
volume New Standard Encyclo-  
pedia this week in order to give

this newspaper has obtained  
Vols. 13, 14 and 15 and will  
make all available for distribu-

New Traffic Signals Operating

Motorists got the green light (also the yellow and red) yesterday for  
the first time in several days. While the new wiring system was be-  
ing completed at the control box in the city hall, none of the traffic  
signals were working, but last night all five signal sets on Court street  
were put into operation. The signal above is at the northeast corner  
of Court and Dearborn. Drivers who do not exceed the speed limit  
(20 m. p. h.) will be able to "make" all lights.

## Engineer in Schools 46 Years Dies

Frank B. Davis, 85, chief engineer  
for the Kankakee public schools  
for 46 years until his retirement  
last year, died at 2 o'clock this  
morning at his home, 1082 East  
Merchant street, after a short ill-  
ness.

Funeral services  
will be conducted  
at 2 o'clock Mon-  
day afternoon from  
Hertz Memorial  
temple with the  
Rev. Edgar A.  
Atherton, pastor of  
the First Methodist  
church, officiating.

in Mount Grove.  
Born Oct. 3, 1852  
at Crescent City,  
he spent his early  
years at farming  
and carpenter  
work.

His responsibilities started  
young, since his father was called  
to the civil war and died in Ander-  
sonville, Ga., prison camp.  
Mr. Davis finished high school at  
Kankakee, was married May 20, 1877  
to Minnie Bernier at Crescent City  
and they moved here where he en-  
gaged in carpenter and contracting  
work until he was hired by the city  
school board as chief engineer.

Mrs. Davis died in 1933. Seven  
children survive—daughters, Anne  
and Maud at home, sons, Frank and  
Larry of Kankakee, Charles of  
Bloomington, Mark of Toronto, Can.,  
and Dr. Elmer of Macomb.

He was a member of the official  
board of the First Methodist church  
and Woodmen lodge. Friends may  
call at Hertz temple Sunday after-  
noon and evening.

## JIMMY CRABB'S MOTHER IS THE FIRST WITNESS

Court Refuses a Di-  
rected Verdict of  
Acquittal

By GLIES FINDLEY  
Pekin, Ill., June 3—(AP)—Jimmy  
Crabb's mother came to his aid to-  
day.

And his mother sent what the  
defense hopes will be the first cloud  
of doubt across the state's most  
cherished evidence, the unsigned  
jail statement in the manslaughter  
case against her son.

Mrs. Elizabeth Monroe Crabb,  
divorced wife of Jimmy's father,  
William, was the first defense wit-  
ness called after Presiding Judge  
Joseph E. Daily had overruled  
quickly routine motions for a directed  
verdict of acquittal.

Questioned by Chief Defense  
Counsel W. J. Beardon, Mrs. Crabb  
told the jury she had unsuccessfully  
attempted to enter the Tazewell  
county jail on the afternoon of  
March 12 in an effort to see her  
son.

James had been arrested shortly  
before, after he had testified at a  
coroner's inquest in Delavan that  
his bride of five weeks, pretty Betty  
Collison Crabb, had died a suicide  
in an upstairs bedroom of his father's  
home early on the morning of  
March 1. Betty was found shot  
through the breast in the bedroom  
she occupied with James.

"I walked up to him, his eyes  
were dull. He seemed tired," Mrs.  
Crabb testified before her impres-  
sion when she finally reached her  
son, about nine hours after his ar-  
rest.

## New Traffic Signals Are Timed for 20 Miles an Hour

Installation of new traffic lights  
on Court street was completed late  
yesterday and signals on all five  
intersections were turned on for the  
first time.

The lights, financed through the  
city's share of state motor fuel tax  
receipts, have been timed in such a  
manner as to permit a motorist  
traveling at 20 miles an hour or  
less to "make" all five signals  
without stopping.

Charles Gregg of the city engi-  
neering department made test runs  
last evening and found that a  
speed just under 20 miles works out  
best. Signs will be erected later on  
Court street standards calling mo-  
torists' attention to "signals set for  
20 m.p.h." which is also the speed  
limit for this section of the thor-  
oughfare.

## MANIAC FREED HERE SAYS HE HATED HIS WIFE

Drank 3 Pints of  
Whiskey Before  
Using Hammer  
DESCRIBES DEED

### BULLETIN

Chicago, June 3—(AP)—Charles  
Joksus, 52, accused of slaying his  
two children with a hammer after  
a spree celebrating his release  
from an insane asylum, was  
strapped to a bed at the psycho-  
pathic hospital today.

Doctors reported he had become  
violent. As a result an inquest  
into the deaths was postponed  
two weeks.

Charles Joksus, 51, who until Wed-  
nesday was a patient in the state  
hospital here, was summoned be-  
fore a coroner's jury in Chicago  
today to explain the motive be-  
hind the brutal and fatal attack  
on his two small children less than  
24 hours after his release from the  
Kankakee institution.

Dr. Casimer Urse of the Psycho-  
pathic hospital, who questioned  
Joksus, said he told him the at-  
tack yesterday on the sleeping chil-  
dren Leonard, 5, and Eleanor, 19  
months, and his wife Anna, 29,  
was to avenge his wife's having him  
committed to the hospital here as  
a chronic alcoholic.

"I hated her because she was  
young and unripe," the doctor  
quoted Joksus. "I hated her more  
after she had me sent to Kankakee.  
I fooled those doctors into think-  
ing they had cured me. I thought  
of only one thing—how to kill her  
when I got out."

"When I got home I drank three  
pints of whiskey. About dawn I  
got the hammer from the basement.  
I hit Leonard first. He just moan-  
ed. Then I beat the baby and my  
wife."

Mrs. Joksus remained in the coun-  
ty hospital suffering from a broken  
jaw. She has not been told her  
babies are dead.

He was committed to the institu-  
tion here last October

# FORD POSITIVE PROSPERITY IS AROUND CORNER

## Sticks to His Prediction of Great Era Ahead

### FUTURE BRIGHT

By DAVID J. WILKIE  
 Detroit, June 3.—(P)—In his first address to public affairs since he returned from a recent cabinet trip that took him to Washington as a White House visitor, Henry Ford said in an interview today that nothing had happened in recent weeks to change his conviction that "we are going to have the greatest era of prosperity and happiness we have ever known."

Ford sat astride a bench in the main hall of his farm camp not far from his home in Dearborn, and pointing toward the nearly 300 acres under cultivation by the young farmers, said:

"And it will come through a 'back-to-the-land' movement."

His "Financial Interests" Ford reiterated his criticism of "certain financial interests" which, he said, would like to bring about another war.

"Somebody once said that 60 families have directed the destinies of the nation," Ford said. "It might well be said that if somebody would focus the spotlight on 25 persons who handle the nation's finances, the world's real war-machines would be brought into being."

The motor manufacturer said veterans of the world war have an increasing part in shipping the future of the nation's affairs, charged one more than financial interests "seek to control food prices and declined to discuss for publication his call at the White House."

Opposes Limited Production  
 Asserting he was now ready to give up volume production, of the low-cost tractor, Ford explained again his opposition to the philosophy of limited farm production. This, he charged, was inspired by financial interests "to whom profit means more than human well-being."

"Out of this philosophy of limiting the output of the soil," he said, "came wars, and if these financiers had their own way, we would have had more wars."

"They want war because they make money out of such conflict," he said, "and the human misery that war brings."

Veterans of that world war, he went on, have the real opportunity for service in directing the nation's destinies. "They are going to take growing part in directing the nation's fate," he said, "and as the war veterans of the world war, they will be the ones to bring about a new era of peace and prosperity."

"They know the futility, the tragedy of war; they know what they get out of the world war and what they may hope to get out of another such conflict."

Says Utilities May be Forced to Raise Rates  
 By T. E. TIPS  
 Jacksonville, Ill., June 3.—(P)—Bentley Hamilton, Florida attorney, warned today that unless "economy is practiced in state and national government" privately-owned utilities may be forced to increase rates.

At an address prepared for delivery before delegates at the third annual convention of the Illinois state bar association, he asserted that an "increase and pyramiding of taxation and the threat of government or municipal competition" were the big problems confronting the private companies.

"In five years," Hamilton said, "the operating taxes of utilities will have increased on an average considerably more than 100 per cent and no relief is in sight, either for the taxpayer or the utility."

As an affiliate of the state bar association, 37 women organized the Illinois state bar association, which sponsors said was the first auxiliary of its kind in the nation. Women more than 18 years old who have been admitted to law practice in Illinois or are relatives of members of the state bar association were declared eligible for membership.

Mrs. W. D. Knight, Rockford, was elected president; Mrs. Charles O. Randall, Evanston, vice president; Mrs. Robert A. Stephens, Jr.,

# PERUVIAN ARMY MASSING ALONG ECUADOR FRONT

## 107-Year-Old Terri- torial Dispute Revived

Quito, Ecuador, June 3.—(AP)—Ecuador's frontier army sharpened its defenses today in the wake of a

WORTH A DIME

new incident of violence in the nation's 107-year-old territorial dispute with Peru.

Two Ecuadorian soldiers were reported killed and a lieutenant wounded yesterday in a clash with three Peruvian gunboats, along the river Aguatico in the northeastern portion of a vast jungle claimed by both nations.

The ministry of defense at once ordered troops to refrain from retaliatory aggression, but to "defend themselves with all their characteristic valor."

It was ascertained reliably that Peruvian troops were concentrating at Tumbes, near the frontier and close to the Ecuadorian Pacific coast.

**Must Defend Themselves**

The defense ministry ordered charged that Peru, once the center of Spanish power in South America, was "trampling on Ecuador in an unjustifiable way" and instructing Major Abelardo Aguirre, chief of the military garrison at Rocafuerte.

"In no case permit any aggression by our troops, but if they are attacked they must defend themselves with all their characteristic valor."

There was considerable tension here. The cabinet met three times yesterday. There were unofficial reports the Ecuadorian minister to Peru had been instructed to demand an explanation. (There was not at once any intimation of Peru's reaction.)

A representative of the United States legation and the Peruvian minister were among those conferring at the foreign office.
