# TRAIN KILLS CHARLES ASHER

## LEGISLATURE IS ADJOURNED EARLY TODAY

Seven Weeks of Disorder Among Democratic Members FIRECRACKERS?

By ROBERT P. HOWARD  
Springfield, Ill., July 1.—(AP)—A quiet session of the legislature ended today with adjournment early today of the legislature's two special sessions, which in seven weeks of factional discord had emphasized Democratic strife and killed several of Governor Horner's major proposals.

Housing, relief and university appropriation bills passed on schedule. The big surprise was that not a firecracker exploded during the routine of roll calls and farewell speeches.

At 12:31 a. m. the house ended its first special session, soon after the amended Madden-Menges housing bill got 103 to 16 approval. The second special session passed into history a minute later.

Meeting perfunctorily before and after midnight, the senate had adjourned eleven minutes earlier.

A year ago when the regular session adjourned and at other June sessions, midnight windups, cannon fire, crackers and torpedoes barges displayed legislative business. This time, however, the capitol was strangely calm on the final night.

Additional Democratic battling between the Kelly-Nash senate and the Horner-controlled house marked the deep split in majority party leadership.

Leut. Gov. John Stelle and several senators took the floor late in the session to make charges against Benjamin S. Adamowski, house Democratic leader, that Mayor Kelly of Chicago was to blame for killing the use and producers' taxes, part of the "agreed" program that was partially wrecked in the final week.

To Adamowski's allegation Wednesday that Stelle was a "Charlie McCarthy" for Kelly and that they deliberately smashed the factional agreement to pass the tax measures, the lieutenant governor replied: "I don't have to defend myself."

## Missing Chicago Boy is Seen Here

Jean Strouse, 14, missing Chicago boy has been seen twice during the past week in Kankakee and city police have been asked to watch for him. His mother, Mrs. Harriet Gilliland, says the boy left home June 22 and stopped in Kankakee to visit an aunt, Mrs. Iva Shaw, a dietitian at the Kankakee state hospital, and has not been seen since.

A description of the boy given by his mother read: Height 5 feet 6 inches, weight 120 pounds, fair complexion, reddish brown hair, grey eyes and when last seen was wearing a yellow polo shirt and navy blue trousers. He had injured a foot before leaving home and had a slight limp which might still be noticeable.

## Exchange Club Has its Ladies' Night

The Exchange club held its Ladies' night program last evening at the Kankakee country club. A banquet was followed by an entertainment program and dancing. Talks were given by A. H. Yonke, retiring president; Harold Borland, the new president; and L. Chapin Ellis, district governor.

Guests included Mr. and Mrs. W. C. Johnson, Mr. and Mrs. Lee Jones and daughter Frances H. J. McBride, Miss Esther Gelazana, Mr. and Mrs. O. W. Mail, Mr. and Mrs. M. D. Davis and county Judge John H. Beckers.

## Kankakee and Manteno State Hospitals Have Celebrations

Kankakee and Manteno state hospitals are both planning larger 4th of July celebrations. The celebrations are to start in the morning and last through the day including games of sports, picnics and dances. Parties will take part in a variety of sports events and contests featuring such events as suitcase races, sack races and baseball games.

The Kankakee celebration will begin with a picnic dinner at 11 a. m. followed by community sing-

## McComick's Body Found Atop Sandia Peak

**Tempest Over Tips**  
Duncan Sandys (above), son-in-law of Winston Churchill, whose information about Britain's defenses has created a turmoil in Commons, has been ordered to appear before a military court in London.

## Ask Congress To Rebuild Dam at Aroma

A resolution asking members of congress from this district and congressmen-at-large to seek financial aid in the rebuilding of the Kankakee river dam at Aroma Park was adopted at this week's session of directors of the chamber of commerce.

Similar resolutions were adopted recently by the county board of supervisors and the Kankakee County Sportsman's club.

Advocates of restoration of the dam claim that it will give employment to a large number of men, that it will restore the river as a game fish stream and that property owners along the river will be benefited.

Members of the chamber of commerce expressed anticipation that similar resolutions will be adopted by other local organizations.

## Mrs. M. Cummings Gets a Divorce on Cruelty Charges

A decree of divorce was awarded yesterday to Mrs. Mary Cummings against Louis Cummings by Judge Claude N. Saum in circuit court. The plaintiff charged that on several occasions the defendant was guilty of cruelty. The divorce was uncontested.

The Cummings were married at Crown Point in 1930 and have two children Mary Patricia, 6, and Barbara Louise, 4. Custody of the children was given to the mother and the defendant was ordered to pay \$10 a month toward their support.

John A. Mayhew and Edward P. Drolet were attorneys for the plaintiff.

A complaint for divorce was filed yesterday in the office of the circuit clerk by Mrs. Corinne Snyder against Floyd Snyder, also charging cruelty. The plaintiff asks that her maiden name Corinne Ford be restored to her. She states that on two occasions the defendant was cruel to her and that she has always been a true and loving wife. The defendant denies both statements and asks that the case be dismissed.

The Snyders were married in Kankakee in 1937 and have no children. H. H. Whittemore is attorney for the plaintiff and Charles D. Henry for the defendant.

## Expect to Finish Will Trial Today

The Livingston vs. Benny Turro suit, which has been in progress before Judge Claude N. Saum and a circuit court jury since Monday morning, was to be finished today. Both sides have had a parade of witnesses.

The suit is by John and Charles Livingston, heirs of Mrs. Mary Frances Denny, former Kankakee resident who died two years ago. They seek to break her will, in which Turro was named the principal beneficiary.

## INDIANS MAKE DISCOVERY ON JAGGED ROCKS

**Plunged on Opposite Side of Mountain from Companion**  
**GRANITE CLIFF**

Albuquerque, N. M., July 1.—(AP)—As a gray dawn came today a little group of Indians and forest rangers started up the fortress-like cliffs of Sandia peak for the hazardous task of bringing back the body of Medill McCormick, 21-year-old publishing heir.

Through eight days of sun and rain the body has lain on a lonely, almost inaccessible ledge 400 feet up the northeast side of the mountain—while hundreds of men swarmed the opposite side of the peak in a futile search.

Indians found it yesterday. Equipped with ropes but uncertain of the methods necessary to reach and lower the body, the recovery party faced the back-breaking job of heaving a path through the scrub of Canyon Del Agua and forcing their way up the peak.

Heavily Guarded  
The area, on the U. S. forest preserve of Cibola national forest, was a swarm with New Mexico state police. Gov. Clyde Tingley and Mrs. Ruth Hanna McCormick Simms, the governor's friend, ordered them to bar everyone but the family.

Mrs. Simms' visit was arranged by the governor to allow reporters to enter.

One group of the recovery party was barely half-way to the saddle of the peak by 9 a. m. (10 a. m. est) working toward the crest for the descent on the other side to the spot where McCormick's body was.

Another group worked to the base of the cliff through the canyons.

They carried 1,000 feet of rope, with which they expected to try to lower the body.

The Rev. James L. McCane, rector of the Episcopal church at Manitou Springs, Colo., left today for Albuquerque to conduct funeral services tomorrow. The minister is a friend of the McCormick family.

Until two days ago she kept an almost sleepless vigil at a base camp for the searchers at the foot of Sandia peak, anxiously awaiting word of her son's fate and concurring frequently with mountain climbers on possible clues.

Only yesterday, when most of the searchers had quit the Sandias after intensive surveys had failed to disclose any trace of McCormick or his body, hope that he lived had been renewed.

Almost Inaccessible Ridge  
Just a few hours later, Frank C. W. Pooler, U. S. regional forester, announced the finding of the body. Said he:

"It has been established with practical certainty that a body found early this afternoon on a

## Manteno Father is Reported Missing

Wilmot B. Conklin, 33, of Manteno, married and the father of three children, has been missing since Wednesday morning.

This was revealed today by Sheriff John Stack who sent out circulars and had a description broadcast from radio station WLS.

He is five feet seven inches in height, weighs 180 pounds, has dark hair, blue eyes, dark complexion and is round faced. When last seen he was wearing a light shirt, gray trousers, light hat and black work shoes. He carried a WPA identification card.

## Expect to Finish Will Trial Today

The Livingston vs. Benny Turro suit, which has been in progress before Judge Claude N. Saum and a circuit court jury since Monday morning, was to be finished today. Both sides have had a parade of witnesses.

The suit is by John and Charles Livingston, heirs of Mrs. Mary Frances Denny, former Kankakee resident who died two years ago. They seek to break her will, in which Turro was named the principal beneficiary.

## Gapes At I. C. Streamliner, Car Crashes

Mrs. Beatrice Witty, 40, of Buffalo, N. Y., and her brother Paul Reilly, 45, of the same city, were injured in an automobile crash yesterday on highway 49 a half mile north of Manteno.

Both are patients in St. Mary hospital. Mrs. Witty apparently suffered only slight injury but her brother's chest was crushed.

In a report to Deputy Sheriff Edward Imming, Lloyd Witty, husband of the injured woman, said he was forced off the road when a car in front of him suddenly stopped while the occupants looked at the Illinois Central railway streamliner passing by.

He was unable to take the other lanes of the highway, he said, because of cars traveling on them.

When the car struck the soft earth of the shoulder, he said, it turned over.

## WALTER T. GUNN ASSUMES PLACE IN HIGH COURT

**Danville Attorney Administered the Oath Today**

Springfield, Ill., July 1.—(UP)—With only several close friends and newspapermen present, Walter T. Gunn, Danville attorney, today was administered the oath of office of state supreme court judge by Justice Elwyn R. Shaw, Freeport.

Gunn said it was the "proudest moment of my career" as Justice Shaw intoned the oath while Secretary of State E. J. Hughes presented the newly-elected high court justice with his commission.

Gunn scored a smashing victory over Moultrie County Circuit Judge Joseph L. McLaughlin, Sullivan attorney, in a special election last Monday. Gunn's chief campaign issue was "an independent judiciary" and a charge that the state administration was seeking to "pack" the high court with a "hand-picked" candidate.

McLaughlin was backed by Gov. Henry Horner's administration forces and prior to the election was favored to fill the vacancy created by the death of Lott R. Herrick, Farmer City, Democrat, last September.

Brief Ceremony  
Among those present at the ceremony, which lasted only about one minute, was Horace Gunn, son of the new justice.

"I shall do my best to fulfill

(Continued on page ten)

## Radiator Thief is Given \$25 Fine

George Keller, 343 North Greenwood avenue, pleaded guilty to disorderly conduct before Justice Fred R. Smith this morning and was fined \$25 and costs.

The arrest was last week by Sheriff John Stack and Deputy Gene LaFontaine on the charge that he took a radiator from an auto standing in the Bluff junk yard.

The prosecution was conducted by State's Attorney Samuel H. Shapiro.

## THE WEATHER

(Friday, July 1, 1938)  
Hourly temperature readings from 1 o'clock Thursday afternoon to noon today are:

High at noon 83, low at 5 a. m. 69.  
A year ago fair, high 80, low 52.

1 p. m. 81 1 a. m. 72  
2 p. m. 81 2 a. m. 71  
3 p. m. 81 3 a. m. 70  
4 p. m. 79 4 p. m. 70  
5 p. m. 77 5 a. m. 69  
6 p. m. 76 6 a. m. 69  
7 p. m. 74 7 a. m. 73  
8 p. m. 72 8 a. m. 78  
9 p. m. 71 9 a. m. 79  
10 p. m. 70 10 a. m. 81

Midnight 71 Noon 83

Sunrise today at 7:29, sunset Saturday at 4:18, sunset at 7:29, moon sets at 9:59 p. m. today.

Partly cloudy in extreme south, showers and local thunderstorms probable in central and north tonight and Saturday; slightly warmer in extreme south tonight.

## EASTON TAKEN TO INDIANA ON MURDER WRIT

**Extradition Given for Trial; LaPorte, Indiana DENIES GUILT**

Orelle Easton, 25-year old survivor of the North Dakota brother duet whose career in crime came to a tragic end in this county this week, was to be arraigned on a murder charge in LaPorte county, Ind., this morning.

Easton made no plea when arraigned today at Michigan City, Ind., on an indictment charging first degree murder in connection with the slaying of Dixon, Indiana state patrolman.

Easton asked that an attorney be appointed for him by Judge Russell W. Smith. The judge said he would name the attorney late today and would postpone further action until Tuesday.

Easton's belt and shoelaces were taken from him at Michigan City after he made threats, Sheriff Joseph Wolf said, to commit suicide.

"Clarence was the lucky one," the sheriff quoted the prisoner as saying. "It's out of the way, but I don't know what's going to happen to me."

The sheriff said he added: "Sheriff, if you were a real sport, you'd put those handcuffs around my legs, take me over in that field and give me a gun with one bullet in it. I'd take care of this whole business for you."

Brether Killed  
Easton was taken last evening from the Kankakee county jail where he had been a prisoner of Sheriff John Stack since Monday when he was captured, and his brother Clarence killed on the Jerome Warner farm northwest of DeKalb.

He was taken to Michigan City by Sheriff Joseph Wolf of that county. Deputy James Powers, Prosecutor Mark Storen and Deputy Prosecutor Clark Sweeney.

This occurred immediately after the completion, by Circuit Judge Claude N. Saum of Watseka, of a hearing as to his extradition. The hearing was begun in the morning but continued when Attorney Len H. Small, acting for Easton, demanded to see the preliminary documents upon which the governor's warrant for extradition was issued.

These papers arrived last evening and, when the attorney inspected

## Postponed Concert to be Held Tonight

The band concert and ice cream social which was scheduled to be held last night at the high school was postponed because of rain.

Superintendent of Schools Irving Munson said today morning that the concert and social will take place this evening, rain or not. If the weather is bad, the cafeteria and auditorium will be used.

This event is the first of a series of concerts and socials under the auspices of the Band Mothers' club, with proceeds going to the high school bands.

## Presbyterians and Baptists to Unite

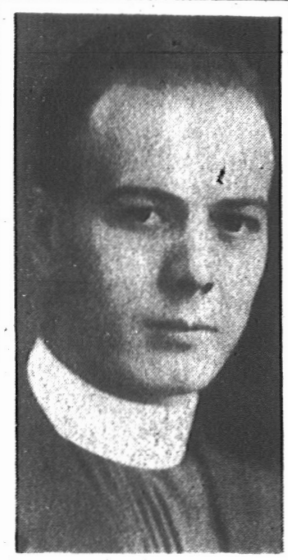

For the third consecutive time the members of the First Presbyterian church will join with members of First Baptist church for morning worship service during the summer months.

For the first four Sundays in July the services will be held in the Baptist church and the last Sunday in July and the four Sundays in August at the Presbyterian church. The final service will be at First Baptist church Sept. 4.

## Stores to Close

Banks and financial institutions in Kankakee will be closed Sunday and Monday for the July 4 holiday as will all other business with the exception of a few outlying grocery stores.

All city hall and courthouse offices will also be closed. Because of the holiday, the Republican-News will not be printed on Monday.

Co-Chairmen of Parish Homecoming

The Rev. Edward T. O'Neil, left, and the Rev. Francis A. Corcoran, assistant pastors of St. Patrick church, are co-chairmen of this year's annual homecoming picnic of the parish which will be held July 4 at Waterman park. The picnic will be an all-day affair with a chicken dinner at noon, cafeteria supper in the evening and climaxed by an elaborate fireworks display.

## "Keep One Hand on Extinguisher," is Advice of Chief

There were 20 deaths and more than 7,000 injuries from fireworks accidents last year on July 4, Fire Chief Roy Marquart pointed out today in urging observance of a safe and sane holiday.

"In addition to being a hazard to life, fireworks cause many fires," the chief said. Independence day is a good day to keep one hand on the family fire extinguisher," he pointed out.

He said last year's injuries included 16 cases of loss of an eye, 294 injuries to eyes, 37 losses of a finger, hand or other member. Fire crackers and torpedoes caused 6,746 of these injuries, the chief said.

## Seven Killed and Several Hurt in a Rock Fall in Mine

Birmingham, Ala., July 1.—(AP)—Seven men were killed and several others injured today in a rock fall 3,000 feet underground in the Praco coal mine of the Alabama By-Products company.

Dr. C. E. Elgin, company physician, called company offices to announce the seven deaths and ask for additional doctors and rescue workers.

Two crews attempted to cut through a rock ledge which separates the main working of the mine from the section in which the fall occurred.

Dr. Elgin said two injured men had been brought out, but they were not in the section cut off by the rock fall.

Praco is 20 miles northwest of Birmingham in an isolated section. Rescue crews from Birmingham, and Jasper were sent to Praco.

W. B. Hillhouse, state mine inspector, left for the mine to direct rescue operations.

## Doctor Fined as Reckless Driver

Dr. Stanley C. Fenton of Detroit was arrested on charges of reckless driving and his companion, Ralph Glow, also from Detroit, was arrested for drunkenness when their car crashed into a telephone pole at the corner of River street and Indiana avenue yesterday.

The former was fined \$3.25 and the latter \$4.25 when they appeared before Police Magistrate Edward Hoennicke this morning.

## Watseska Thieves Steal 35 Tires

Watseska, July 1.—(RN Special)—The warehouse of the Ingot Service company on East Walnut street was burglarized last night by a thief or thieves who broke in the east door.

Thirty-five tires and 500 spark-plugs were taken. Sheriff Phil Brown was investigating this morning.

Co-Chairmen of Parish Homecoming

The Rev. Edward T. O'Neil, left, and the Rev. Francis A. Corcoran, assistant pastors of St. Patrick church, are co-chairmen of this year's annual homecoming picnic of the parish which will be held July 4 at Waterman park. The picnic will be an all-day affair with a chicken dinner at noon, cafeteria supper in the evening and climaxed by an elaborate fireworks display.

## Have Title To Property Left Others

A suit to quiet title, naming Mr. and Mrs. E. D. Worrell of 188 North Rosewood avenue as defendants, was filed today in the office of Circuit Clerk Albert Tetrault by Mr. and Mrs. Floyd F. Wright, 318 North Indiana avenue.

Mr. and Mrs. Wright claim ownership of the property in which they reside and ask that a purported deed to it, held by Mr. and Mrs. Worrell, be declared a cloud against the Wrights' title and removed.

The complaint of the Wrights, filed by Attorneys Elmer C. Wilson and Fred R. Stith Jr., states that on March 9, 1936 Robert Blake, former owner of the property, made a will in which he said he was bequeathing the property to E. D. Worrell and at the same time he made a deed to that effect.

This, according to the Wrights, is invalidated by the fact that last April 28 Blake made an agreement with the Wrights by which he bequeathed them the property in return for their agreement to care for him, furnish clothing and board, and pay taxes on the property. The Wrights, it was said, provided a home for him for some time.

Mr. Blake died last June 17 and the Wrights claim the property by reason of the agreement and Blake's will. They assert that the previous deed to the Worrells was without consideration and is voided by the subsequent will.

## BEGIN REHABILITATION FOLLOWING A TYPHOON

Tokyo, July 1.—(UP)—A typhoon which wrecked sections of Japan, took more than 130 lives and left several thousand homeless, moved out to sea today and authorities began rehabilitation.

The home office estimated officially that 134 persons were killed and listed eight persons missing.

A report of the charter night program given by Peotoma club Monday evening was made by the Rev. M. I. Johnson and the birthdays of Dr. C. W. Gedge, Guy Quick and George Swain were observed.

A musical program is being planned for next week's meeting.

## British And Germans Agree on Austrian External Loans

London, July 1.—(AP)—An announcement that British and German negotiators had reached an agreement on Austrian external loans was made today by Sir John Simon, chancellor of the exchequer.

Sir John told the house of commons that "without prejudice to the question of legal liability, the German government will reimburse the United Kingdom government for any sums paid in respect of their (British) guarantees of the Austrian guaranteed loans and will insure full service of the bonds of these loans owned by British holders on July 1, 1938."

Defaults on payments on Austrian bond issues since Germany's annexation of Austria have brought protests from the United States, Britain, France and other countries.

The chancellor continued: "The settlement also confirms the principles of the arrangement reached between the German representatives and the German long-term creditors' committee regarding the future service of other Ger-

## FREIGHT HITS AUTO NEAR HIS BRADLEY HOME

Well Known Salesman Dies Instantly in Crash

## BITES SUNDAY

(Picture on Page 7)  
Charles Asher, 55, well known salesman and a former farmer of Limestone township, was instantly killed last night when his automobile was struck by a train.

The accident occurred at 8:30 o'clock last night at the Illinois Central crossing just north of the Bradley Manufacturing company plant in Bradley. For the past several months he had been residing a block east and two blocks north of the plant.

South-bound freight No. 61 struck the car, which was traveling west, according to information given to Coroner A. E. Kerger by Deputy Sheriff Gene LaFontaine and Clinton Craig. Asher was alone in the car.

Body Thrown Out  
The train carried the car about 150 feet. The body was thrown out of the car, badly mangled, and was beneath the wreckage of the auto when found.

Coroner Kerger probably will conduct the inquest tomorrow morning when members of the train crew can be present. The body is at Hertz Memorial temple.

Funeral services will be conducted at the Hertz establishment at 2 o'clock Sunday afternoon by the Rev. M. I. Johnson, pastor of Trinity Methodist church, of which Asher was a member. Burial will be in the Limestone cemetery.

Friends may call at the Hertz temple Saturday afternoon and evening.

## Leaves Family

He is survived by the widow Anna, sons Orval, Warren, Dale, Lyle and Willard of Kankakee, two grandchildren, a brother George of Kankakee and a sister Mrs. Mattie Herschauer of Cincinnati.

He was a native of Martinsville, Ind., but had been a resident of this county since the age of nine. He was formerly national secretary of the Gleaners society.

## 1,800 Relics Now in County Museum

B. B. Ferris, president of the Kankakee County Historical society and a pioneer in the work of that organization, was the speaker at yesterday's meeting of Rotary club at the Hotel Kankakee.

He told the Rotarians that there are now 1,800 items in the society's rooms on the third floor of the courthouse. He had with him several of the new exhibits, which he made the basis for anecdotes on the county's early history.

A report of the charter night program given by Peotoma club Monday evening was made by the Rev. M. I. Johnson and the birthdays of Dr. C. W. Gedge, Guy Quick and George Swain were observed.

A musical program is being planned for next week's meeting.

# Russo-Japanese War Threat Looms Against Background of Sino-Japanese Conflict

By JOHN GOTTIE  
Peking, China, July 1.—(UPI)—The Russo-Japanese war threat looms against the background of the Sino-Japanese conflict, according to Japanese military officials here, who make a fresh appraisal of the strength of the Japanese air corps.

First Lieutenant Zenshi Ozaki, thus commented to Japanese interviewers upon his return to the Japanese capital after two years' service in Moscow as Assistant Naval Attache.

"Following the outbreak of the China Incident," continued Lieutenant Ozaki, "the Soviet military authorities seem to have recognized certain technical defects in their planes which they boasted so much to the combat."

On the other side of the picture are the daily air raids in the Yangtze Valley, where Japanese planes and Soviet machines manned by Chinese pilots fighting with the Soviet army, each other.

Against the threatening day when Japan and Russia will be at war, the Japanese military officials are inclined to look upon the current Sino-Japanese conflict as a prelude to that inevitable clash between Russia and Japan.

Count Kato, Japanese correspondent of the Tokyo Nichi Nichi, who is watching developments on the ground in Manchuria, is among the more pessimistic of the Japanese.

The antagonism between the Soviet Union and Japan has become one of the most important political problems of the moment. The most important factor to be considered is the actual state of the Japanese army, which is a dagger pointed at the "unstable force" in the Orient.

After the Manchurian Incident, almost weekly there have been incidents of either Japanese or Soviet planes flying across the Manchurian border, involving unpleasant recriminations in the words of this Japanese observer, "Russo-Japanese relations have become so strained since the outbreak of hostilities in China that they have reached a point where a mere touch or nudge may bring the explosion."

More mild, but still prophetic, is the expression of a high Japanese diplomat, who speaks of a "historical moment" when the Russo-Japanese situation is at a point where a "very serious war very peaceful" is just in-between.

This spokesman admitted that incidents on the Manchurian border have been expected from time to time, but expressed the hope that there would be an early clearing up of the "foggy weather" prevailing between Japan and Russia.

Reports reaching the Far East from neutral observers in Moscow assert that the Soviet Union is still prepared to conclude a non-aggression pact with Japan. It is stated that Moscow only refrains because Japan turned down a previous offer.

However, border incidents and Soviet assistance to China in such practical form as hundreds of planes piloted by Soviet fighters playing such a major role in saving of Japanese victory over China, do not tend to lessen the hope for the pact.

Soviet Army Increased  
While Japanese diplomats talk calmly of hopes for better relations, Japanese military in Tokyo, in Manchuria and in the battle areas of China give heed to the warnings such as that issued by correspondent Maehiba in Manchuria.

"The Far Eastern Red Army used to number between 50,000 and 60,000 with 120 fighting planes and a small number of tanks. By last year it was 200,000 strong, comprising 16 infantry divisions, four cavalry divisions, 120 tanks, 600 armored cars and 1,200 warplanes, including 130 heavy bombers."

"To 40,000 men in the Outer Mongolian Army. Since 1932, the Soviets have spent 1,600,000,000 rubles building pillbox fortifications along the 2,670 miles of the Amur River. The Amur River is the main line of defense between the Soviet Union and Manchuria," asserts Mr. Maehiba.

Gumbats Lined Up  
"On the Amur River," he continues, "15 gunboats including several super-tanks of more than 1,000 tons and other warships numbering 35 are now active in the river. The Soviet fleet along the Pacific coast, with Vladivostok as the base, are more than 60 submarines, eight destroyers and 80 submarine-chasers, high-speed torpedo-boats, supported by air force of some 100 naval planes."

The correspondent sounds the warning, heard so often now at the Asiatic mainland that the Soviets in assisting the Chinese army in the fight against Japan, are waiting for Japan to become exhausted in the struggle.

Planes Tested in Combat  
The Japanese military officials are inclined to look upon the current Sino-Japanese conflict as a prelude to that inevitable clash between Russia and Japan.

Count Kato, Japanese correspondent of the Tokyo Nichi Nichi, who is watching developments on the ground in Manchuria, is among the more pessimistic of the Japanese.

# NEWS OF A DAY FOR WATSEKA

County Clerk J. M. Janssen has issued a marriage license to Lillian and Harry Leggett, 22 of Cassia Park and Mary Haag, 27, of Sheldon.

The American Legion auxiliary will meet this evening at the clubhouse.

Mrs. Virgie Hall entertained the Neighborhood Bridge club this afternoon.

The Shawnee Country club members held their first dinner dance last night at the clubhouse.

The Latin club will meet this evening at a hit and miss dinner with Mrs. Lillian Brooks in Wood-hall.

Mr. and Mrs. W. T. Woolley and daughter are planning to move to Chicago where they will take an apartment until they can find a home in Monticello.

Mrs. Pauline Kamp and Ruthanna are spending the week here with their grandparents Mr. and Mrs. Peter Kamp.

The city council met at the city hall Thursday afternoon to open bids on the letting of one block of Oak street. The D. E. Lynch Construction company of Watseka bid \$5,000. The block to be made ten feet wide on each side is the one between Third and Fourth street. Work will be started next week.

Mrs. Dan Fox and Mrs. Carrie Clark left this morning to spend the remainder of the summer in Lake Waubesa, Wis.

Melbourne Population Rises  
Melbourne, July 1.—(UPI)—Melbourne, whose population declined to 92,000 in 1933, has now returned to its pre-depression position as the fourth largest city in the Empire, with 122,000 inhabitants. London, Glasgow, Birmingham, Sydney and Calcutta are the next five.

Guild Meeting  
Mrs. Louis Leggett, Mrs. Edward Marcotte, Mrs. Eliza Marcotte and Mrs. Fred Marcotte were hostesses to the Guild of St. Elizabeth, Wednesday at St. Patrick church hall.

# Important Developments to Affect Nations of Europe

By United Press  
Two important developments affecting the balance of power in Europe occurred today, both centering on the Mediterranean. The first was the disclosure by Gen. Alfredo Kundera, chief of the Spanish nationalist air force, that the nationalists plan a peacetime air force of 2,000 airplanes if they win the war.

Such an air force would return Spain to the position of a powerful potent power, actually dominating the western entrance to the Mediterranean and capable of threatening Britain's Gibraltar.

The other development was the conclusion by France and Turkey of a treaty of friendship which carried significant implications in the eastern Mediterranean.

Turkey controls the Dardanelles and the Bosphorus, the two great waterways of the eastern Mediterranean. In event of war Russia would have access to the Mediterranean through Turkey.

The treaty of friendship which carried significant implications in the eastern Mediterranean.

# SURVEY SHOWS SALTIEL LAW IS UNPOPULAR

Large Percentage  
of Altar-Bound  
Displeased  
CROSS BORDERS

By ROBERT GOLDENSTEIN  
Springfield, Ill., July 1—(AP)—Dan Cupid is still balking at pre-nuptial physical examinations.

The first anniversary of the Saltiel law, a survey showed today, found marriages off 49 per cent in Cook county and from 50 to 63 per cent down in centrally-situated and border counties.

Widespread evasions of the law have proved something of an enigma to health officers and legislators. Nearly everyone, they point out,

seem to favor the legislation, but when the time comes for the ceremony, a large percentage of the altar-bound slip quietly into neighboring states.

Cost of physical examinations, a reluctance to submit to the tests and the "red tape" involved have been advanced as likely reasons for the law's unpopularity.

**Law Amendment Planned**

"Apparently most of the Illinois people who would like to marry are unwilling for some reason or other, to comply with the law," said Dr. A. C. Baxter, acting state health director. "Assuming that the desire to marry is not diminished, the reason seems to be related more to economics and the inconveniences involved rather than to disagreement with the principles or purposes of the law."

To broaden the law's application, its sponsor, Rep. Edward P. Saltiel of Chicago, plans an amendment requiring proof of freedom from venereal diseases for out-of-state as well as Illinois marriages. The amendment would require residents of Illinois counties to file a doctor's report with their home clerks if they plan marriage in another state.

Saltiel also scored "excessive examination fees" charged by some physicians as partly responsible for the drop in Illinois marriages and said he would seek to limit the cost to \$2 or \$3 in his proposed amendment.

Both Saltiel and Dr. Baxter maintained the law had "justified itself" in uncovering unsuspected infections, although the health officers said the extent of evasions emphasized the "need for a great deal of educational effort among young people."

**Adjoining States Busy**

Of the 41,136 blood tests for syphilis made in the public health laboratories here the first nine months of the law was in effect, 731 or 1.7 per cent showed positive. It was estimated twice again this number of infections was detected in city or private laboratories.

Meanwhile, Iowa and Missouri marriage mills have been enjoying a booming Illinois trade. Scott county, Iowa, absorbed a 50 per cent drop in Rock Island county, Ill., marriages, across the state line.

A bustling marriage business was recorded during the past 12 months in St. Louis. The Illinois trade was shut off abruptly in Indiana a few months ago when an old law requiring residence was invoked.

In Cook county, 26,866 marriage licenses were issued during the past 12 months, compared with 51,000 the preceding 12 months. The number of licenses issued dropped from 1,426 to 538 during the period in Springfield.

The mean elevation of the Himalayas is around 17,000 feet.

## Wanted: A Job

Francis O. French (above), father-in-law of John Jacob Astor, has applied for a relief job at Newport, R. I., saying he's willing to use pick or shovel. French says he has always spurned aid from his son-in-law.

## Discussions on Political and Economic Plans

Chicago, July 1—(AP)—A series of "round-table" discussions on political and economic problems will be conducted August 1 to 8 by the Republican program committee.

Chairman Glenn Frank announced today.

Dr. Frank said the session, to be held at Northwestern university, Evanston, would be in the nature of an "institute of public problems." In attendance will be approximately 150 committee members and 25 technical advisers.

Labor, agriculture, social security, finance, relief and civil service and political liberty were listed as the principal problems to be considered. The discussions constitute a part of the committee's research project embodying three principal objectives—an audit of the New Deal, a report on policy on national issues, and a re-statement of the party's political and economic philosophy in the light of current conditions.

Committee headquarters said "summer study meetings" under the auspices of a political party were current practice in Great Britain but a novelty in this country.

"They are now initiated by the Republican program committee because of the mandate put upon it by the Republican national committee to make thorough study of all basic national problems before

presenting to the Republican party its final program of proposed national policies."

One of the Russian airplanes is a Seversky Export Amphibian job. The ship is reported to have a top speed of around 260 miles an hour, and carries an armament consisting of one 30 caliber swivel gun and four Brownings.

A device to attach skis to landing wheels recently was introduced. By removing a couple of cotter pins the skis can be removed. The pneumatic wheels act as shock absorbers.

Glenn L. Martin is contemplating the construction of a 125-ton bombing plane. The ship would have a flying range of 11,000 miles non-stop. The ship will carry a crew of 30 men.

It is reported that about 1000 foreign-made automobiles are bought each year by resident Americans. The reason for the small number is that parts are hard to obtain in case repairs are necessary.

## Two Leaders in Assembly Retire; Both Candidates

Springfield, Ill., July 1—(UP)—Two leaders of the Illinois general assembly turned toward new political fields today following delivering of "swan songs" last night.

House Speaker Louis Lewis, (D) Christopher, and Rep. Richard J. Lyons, (R) Libertyville, made their final appearance as members of the lower house which adjourned early today.

Lewis is the Democratic candidate for state treasurer in next November's elections and Lyons will head the GOP ticket as a candidate for U. S. senator.

A Republican, Rep. Reed Cutler, Leavitt, paid the final tribute to Lewis and lauded his record as the presiding officer for the house in the 60th general assembly.

Lyons, who had gained a reputation for a caustic tongue but kept silent throughout the two special sessions, rose to speak for the first time last night.

He paid tribute to his associates, both Democratic and Republican, and assured them he "always carried my politics in my head and not in my heart."

Turning to Speaker Lewis who will run on a rival political ticket in November, Lyons remarked: "To the speaker, I wish every success except political success."

Thirteen new fighting planes were recently ordered by the army. The total amount of the contract was \$3,168,265.

It is reported that the French air force has ordered 100 new planes from American manufacturers. This is part of the government's two-year plan to build up the air force.

One of the many different types of planes submitted for trans-Atlantic service contained an engine-shaped cabin attached to the under side of the wing. The wing enclosed six engines.

During the recent war maneuvers held in the eastern section of the country, the army's Boeing bombers were camouflaged to decrease the danger of detection.

Between 160 and 180 degrees is the best temperature for your engine to operate at.
