## CITY DRAWS UP NEW ORDINANCE FOR MILK SALE

Same License Fees  
to Prevail as in  
Old Law

### STATE MEN HERE

A new milk ordinance, designed to supplant the one recently voided by court action, was drafted and given first reading at the city council meeting Monday night.

Incorporating the same general licensing provisions of the previous ordinance, it is patterned after the standard statute developed in recent years by federal and state departments of health and is expected to provide the city with the most modern methods of control of the milk supply.

Inspector A. J. Morten of the state department of health, who was present at last night's meeting, explained its provisions and recommended its adoption as a necessary health measure. He stated that in a survey made here a year ago about 1 per cent of the milk bought in Kankakee was raw (unpasteurized).

**Danger of Disease**  
This is a better record than the state average, he said, yet exhaustive tests in state laboratories show that raw milk is still one of the principal causes of Bang's disease, undulant fever and typhoid. Other diseases frequently contracted in this manner include scarlet fever and septic sore throat.

Under the proposed ordinance, all milk sold in the city must be pasteurized. Provisions are also set up for grade "A" standards which, it is believed, will be eventually adopted in all communities.

License fees will remain the same as in the previous ordinance which, after standing 10 years on the statute books, was declared non-existent because of a technicality involving order of procedure in approving the 1928 law.

Retail dealers will be charged 10 cents a year to handle milk and wholesalers will be assessed \$15 for their first truck and \$13 for each additional truck operated in connection with their business.

**To Check Weights**  
Upon motion of Alderman Jack Boston, Third ward, the ordinance was referred to the ordinance committee and the city attorney for a report at the next meeting.

A petition signed by a committee of coal dealers asking for an ordinance embodying standard weights and measures to eliminate short weights of coal and other commodities was referred to the ordinance committee on motion of Alderman Boston. Alderman William Spillane, Fourth ward, also had included in the motion a provision to obtain copies of suitable ordinances from other cities for study.

The request of Shepherd's Ice Cream store, 171 West Court street, for permission for a part-time 30-minute parking rule in front of the establishment was referred to the traffic committee. A tag day request of the Church of God was

## Homecoming at St. Rose is July 17

Last evening 40 men of St. Rose parish answered the call of S. J. Brosseau, general chairman of the St. Rose homecoming. Chairmen of all activities were named and their duties outlined. The homecoming is to be held July 17 on the school grounds.

This year promises to surpass all previous years on their children's dinners, baseball and amusements of all sorts for young and old.

The chairmen will meet again next Tuesday to complete arrangements.

## Third Anniversary of Torso Slaying; Women in Solitary

Dwight, Ill., July 6—(UP)—Two women were placed in solitary confinement at the women's state penitentiary today—a court-ordered reminder that this is the third anniversary of a torso slaying for which each is serving 100 years.

Under terms of the sentences imposed on them in 1935, Mrs. Blanche Dunkel and Mrs. Evelyn Smith must spend every July 6th in solitary and with only meager rations of two slices of bread and a glass of milk each at regular meal hours.

It was on July 6, 1935, that Mrs. Dunkel's son-in-law, Ervin J. Lang,

## Men Wanted Here For Car Theft Shot

Police were notified today that a blue DeSoto sedan stolen from Lee Beaupre, 329 South Albert avenue on June 30 had been abandoned in Evans City, Pa. The thieves are known to be William King Metheny, 24, and William Blaine McKee, 25, who came to Kankakee about June 28 and registered at the Rossmore hotel as William R. E. Kelly and Harry Smith.

The two men were convicted of a holdup on June 4 at Ridgelyville, Pa., and later escaped from jail there and came to Kankakee and worked at odd jobs for Beaupre and neighbors. After stealing Beaupre's car they were traced to Butler, Pa., where they engaged in a gun battle with police but escaped.

Blood stains were found in the car which might have been caused by a wound received in the gun battle.

## Triangle Company Lowest Bidder on 3 Road Projects

The Triangle Construction company of Kankakee was awarded three road improvement contracts yesterday in the office of Harold D. Tyson, county superintendent of highways, on the basis of its low bids.

The projects and prices quoted by the various bidders follow:

One-half mile of black top in the village of Essex, Triangle Construction company, \$2,112.22; A. C. Johnson company, Joliet, \$2,541.38; and Nelson Motor Service, Lockport, \$2,442.27.

One-half mile of black top in the village of Aroma Park, Triangle, \$1,633.90; Johnson, \$1,682.10; and Nelson, \$1,683.13.

Two miles of traffic bound surface course (stone and gravel), 20 feet wide, extending in a northerly direction from a point two miles west of the Bonfield road on highway 17, Triangle, \$15,657.25; D. E. Lynch, Watseka, \$16,889.20.

was slain in Chicago. Later, Lang's dismembered body was found near the Indiana state line.

Testimony at a trial of the two women brought out that Mrs. Dunkel arranged to kill her son-in-law because he did not return her love. She was accused of offering Mrs. Smith \$500 to murder Lang.

Testimony disclosed Mrs. Smith was paid only \$100 of the promised sum after she strangled Lang and stuffed his dismembered body in a trunk.

Mrs. Dunkel will be 104 and Mrs. Smith 106 before they become eligible for parole.

## FLOOD SURGING STREETS FROM 3 RESERVOIRS

Torrent Leaves Disaster in Its Wake on West Coast

### MANY HOMELESS

**BULLETIN**  
Washington, July 6—(AP)—The state department received word from Walter P. McConaughy, American consul at Kobe, Japan today that he believed all Americans in Kobe had escaped the torrential flood. He said, however, he was making further checks on American residents.

Tokyo, July 6—(AP)—A disastrous flood surged tonight through Kobe, principal port of western Japan, and reliable estimates placed the number of dead at between 400 and 450 persons.

A Kobe resident telephoned to Tokyo that destruction was heavy. He said the final death toll might reach 1,000.

The Kobe inundation came on the heels of serious floods which swept widespread areas of Japan, including Tokyo, last week, the result of extremely heavy rains.

The home ministry announced that 861 persons were killed, injured or missing in last week's floods and in western Japan up to yesterday.

Scores of American residents were imperiled.

**Sup. Rating**  
Wendell Taylor, police of Sacramento, Calif., gave the Associated Press a vivid telephone picture of the flood, which had cut a tragic path through the city of 938,000.

"It's still raining and I am heading for higher ground before morning," said Taylor, long a resident of Kobe. "I will try to get out by launch tomorrow."

"The best information shows between 400 and 450 are dead, but so many buildings have been smashed flat that nobody can say for certain."

"We know five foreigners are dead. They are a Frenchman, a Russian, a German woman and two Portuguese children. I do not believe any Americans have been killed or injured."

"It has been raining for three days and the hills on all sides of Kobe have been slipping."

**"Moving Mountains"**  
"The slides seemed to advance like moving mountains right up to the residential districts. They came within a few feet of my place."

"You can hear low rumbling and then trees crashing."

"There's a reservoir in the hills back of the city and some say it broke. I do not know about that. Anyway millions of tons of water must have been dammed in the hills by slides."

"About 9:30 a. m. a cloudburst hit us. About an hour later a regular Niagara came out of the hills. We heard an awful roar, but it was not much warning."

"A solid wall of water about five or six feet high came down so fast very few in its path had time to escape. It smashed both foreign and Japanese houses like matchboxes."

The sound of wood splintering and crashing could be heard easily amid the thunder of the waters.

## Special Election at Manteno School

Voters of Manteno grade school district 23 will vote Saturday at the school building on the proposition of increasing the tax rate for educational purposes. Polls will be open from 1 to 5 p. m.

Because of the steady decrease of the assessed valuation in the entire school district the past few years, revenues have declined to a point where they are insufficient to meet the ordinary expenditures of the school, it was said.

Under the present rate the annual tax levy will not provide the revenue necessary to maintain the school. The proposition calls for an increase from 1 per cent to 1 1/4 per cent per \$100 of assessed value for the years 1938, 1939 and 1940.

A similar election was conducted several weeks ago but the board thought that there was not a representative vote of the district. If the condition is not remedied, it was said, the standard, efficiency and credit of the school will be seriously affected.

two circuits before 28,000 spectators today.

In scoring their second victory in the brief history of the series, the Nationals upset expert opinion and their pitchers throttled a batting array that had promised to pepper base hits all over the Ohio valley.

Three National pitchers, Johnny Vander Meer, Bill Lee, and Mace Brown, allowed the formidable American slugger only seven hits and had them shut out until the last of the ninth, when hits by Joe Di Maggio and Joe Cronin gave the losers their only tally.

**Nationals Score in First**  
The Nationals' meanwhile, had peeked away at all three American league fingers, scoring once in the first inning, again in the fourth, and wrapping up the contest with a final two runs in the seventh when the losers' defense cracked wide open.

Vander Meer and Lee, who divided pitching duties for the first six innings, limited the Americans to a pair of hits. Brown gave up five in the final three and was slammed hard but was saved by brilliant fielding.

After counting in the first inning off Lefty Gomez as the direct result of an error by Joe Cronin, American league shortstop, the Nationals came back to punch across another in the fourth off Johnny Allen of Cleveland.

Mel Ott, of the Giants, second man up in the inning, bounced a terrific triple off the right field barrier and scored a moment later when Ernie Lombardi slapped a single down the third-base line.

Bill Lee of Chicago pitched sterling ball for the Nationals for the second three innings of the contest, limiting the slugging American to a fluke double by Bill Dickey which was lost in the sun.

The Americans had made only one single off Johnny Vander Meer in the opening three frames.

The Americans filled the bases with two out in the first of the seventh, but Rudy York of Detroit, who went in to pinch-hit for Allen, fanned, swinging at Mace Brown's curve ball.

## COUNTY SCHOOL HEAD EXPLAINS NEW BUDGET LAW

Kennedy Talks At Kiwanis Club's Luncheon

### CAN'T ENFORCE

Stating that the Illinois municipal budget law as applied to schools could not be enforced by the Illinois tax commission, County Superintendent of Schools Clarence J. Kennedy yesterday told Kiwanians that the law is entirely self-acting and mandatory. He said the tax commission has the power to print forms and pamphlets, but cannot further enforce the law.

The municipal budget law states that on June 30 of each year the school board of each district shall assemble and draw up a budget for the coming year. The law further provides that each school board shall set a specific amount of money aside to be used in a certain fund, at its annual meeting, and, should demands in that department exceed the amount set aside, the board cannot legally spend the money of another department for the present need.

**Makes for Caution**  
Mr. Kennedy said: "This condition naturally leads to careful and detailed budgeting and thus makes many of the present office forces employed by the school districts, insufficient."

A question was then asked of the speaker: "What would happen if a furnace should burn out during the year, and the budget for that year had not been made to include a furnace fund?"

Kennedy replied that the school could not legally spend money to provide for a new furnace for the remainder of that year.

"However there are points in favor of the law," continued the speaker, "one of which is the information offered to taxpayers as to how their money is being used by the school board. Another benefit is that it makes the school board plan ahead."

**Grief to Merchants**  
"It is necessary that the school board purchase supplies for the coming year with anticipation warrants and no record of the number of anticipation warrants in circulation is made, often causing hardships and grief to merchants."

Kennedy concluded by explaining the law is a boon to some salesmen, "for you can be sure," he said, "that if provision is made in the budget for supplies, they will be purchased rather than allow the money to stand idle in that department."

The speaker was introduced by

## 2 Kankakee Wives Say Mates Cruel

Two Kankakee wives filed divorce suits today on grounds of cruelty. Constance Laine, married to Herman Laine since July 28, 1936, asks care and custody of their child Michael, aged 10 months, and money for his support. The couple have been separated since last June 26, according to the bill. Mrs. Laine charges that her husband slapped, pushed and struck her on several occasions. Eva Minor is her attorney.

Millie Gross asks the court to dissolve her marriage to Lawrence Gross. They were married April 24, 1925 and have three children, Rosella, 4, Maybelle, 8, and Raymond, 4. She asks care and custody of the children and alimony. She alleges that on June 15, 1937 and also Feb. 16, 1938 her husband struck her. On the latter date she left their home, Attorney Vernon Butz represents the plaintiff.

## Denied Admittance, Breaks Glass Door

Herbert McClinton, released from the Kankakee state hospital last week, and Fred Fuller, roomers at 456 South Indiana avenue, were arrested yesterday for drunkenness.

Fuller was arrested after he had broken a glass door at the home of Steven Jones, 320 East Court street, when he was refused admittance. He was fined \$5.25 and voluntarily paid \$5.50 for the broken glass.

Hypnotist Quizzed

Robert A. Gilbert (above), 49, former vaudeville hypnotist, was held at Glendale, Calif., for questioning as police investigated the death of Mrs. Marie Colombos, 23, expectant mother. The woman's husband said he had called Gilbert because he thought Gilbert might help his wife.

## Swim Pool For Watseka Abandoned

Watseska, July 6—(RN Special)—After several weeks of drafting plans for a municipal swimming pool, members of the Watseska city council reached the point of entering negotiations for signing of an engineering contract last night only to drop the entire project in favor of launching plans for a new sewer system and disposal plant.

A delegation of more than 50 townspeople crowded into the small hall to enter protests against proceeding further. On the \$94,000 swim pool project and to urge that federal "gravy" money be put to better use in constructing a badly needed sewerage system.

Among the citizens addressing the council were Attorney John Robillard, representing the Community and Lions clubs; Attorney W. S. Kay, chairman of the Democratic county central committee; and Dr. G. W. Ross, representing the Kiwanis club. All favored the sewer system and treatment plant project as being more important at present.

On Alderman Henry Goetz' motion to sign the swim pool engineering contract with the Miller Engineering company of Streator, the council voted 4 to 2 against awarding the contract. Voting "no" were Dr. W. F. Buckner, Reuben Crepps, Arthur Horner and Henry Goetz. "Yes" votes were registered by B. C. Canavan and Arthur Burdick.

Mayor Frank E. Blake then appointed a committee consisting of Reuben Crepps, B. C. Canavan and Henry Goetz to investigate plans for a treatment plant and conduits and to make preliminary surveys at once.

## Driver, Ill, Hurt in Fall Off Truck

Ray Robbins, St. Louis, a truck driver for the Brasher Trucking company, was slightly injured this morning when he became ill while driving and fell from his truck as he opened the door to get fresh air.

Robbins was driving alone and was enroute to St. Louis when the accident happened about five miles north on highway 49. He is a patient at St. Mary hospital.

## Skin Tests Reveal 15% of School Children Have T.B.

Close to 15 per cent of the public school children in the county have been exposed to and infected by tuberculosis germs, according to cumulative reports of the first 400 skin tests made by the Kankakee County Tuberculosis association.

Of these students, examined at Herscher, Momence and Desmoe, 65 registered positive reactions to the skin test indicating that they are coming in contact with tubercular persons. In subsequent X-ray examinations of the latter group, only five, however, were found to have the active disease.

The county president, commenting on these results, said: "We have but scratched the surface in this county."

## OUT OUR WAY

WHY MOTHERS GET CRAZY

By Williams

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left hand corner of the rectangle and check every one of your key numbers left to right. Then read the message the letters under the checked figures give you.

## NEW ROMANCE FOR COUNTLESS BEING HUNTED

Heiress Now Being Linked with Society Man

## AWAITS DIVORCE

London, July 6.—(UP)—Countess Barbara Haughey-Revett's marital dispute with her Danish husband, Juffre, today from public court tales of duels and huge money settlements, to society speculation whether the heiress will be planning another marriage.

The case against Count Court was played against his blood wife stood adjourned in Box street court until a week from now.

But hints of a new romance at his hearing yesterday when her lawyers asked her to divorce her husband from her for three years without her with "three years of hell" with her husband caused many "I told you so's" among gossip in London's fashionable west end.

"Society Gentleman"

They had linked her name with that of another noted personage mentioned yesterday at the hearing as a "London society gentleman" when the Countess allegedly talked of shooting from the hip or challenging to a duel.

Countess Barbara Haughey-Revett, who testified the Count had called her obscene names, threatened to seize her son, and had engaged in talk of blackmail and threatened to "shoot himself and then put the whole thing in the spot" so "everyone would know."

Barbara had driven him to the U. S. circuit court of appeals last month, and today is the deadline for petitioning the court to review his ruling. She had to wait to see if her appeal would be set later on Juffre's application.

# INSURGENTS DRIVE DOWN EAST COAST

## Attack the Spanish Loyalists Along 12-Mile Front WARPLANES AID

Hendaye, France—(At the Spanish Front)—July 6—(AP)—Insurgent troops fanned out into the foothills of the Sierra de Espadan mountains, attacking government positions along a 12-mile front today.

As Generalissimo Franco's drive down the coast gathered momentum, heavy reinforcements were reported rushed to the front to take advantage of a series of defeats which forced government militiamen to fall back at four points.

Two columns of General Miguel Aranda's Galician troops closed in on Nules from the west and north. Nules is 28 miles northeast of Valencia.

Further west, two other units followed ravines in an effort to place the mountains to capture Segorbe, 26 miles northwest of the Mediterranean port city.

Base of Triangle  
Segorbe, on the inland highway from Teruel, and Nules, on the coastal highway from Castellon de La Plana, are equidistant from Sagunto—15 miles.

The two form the base of a triangle of which Sagunto is the point, and the junction of the two highways, which as one road continue to Valencia.

Insurgent warplanes battered government positions in the de Espadan mountains, easing the way for advancing foot troops who were forced to scale peak after peak under fire, and then drive out militiamen in hand-to-hand struggles.

Insurgent dispatches said the government's main line defenses were broken in at least three places in the mountains, while the coastal plain west of Nules was being raked with light artillery fire.
