MAN DROWNS AT CUSTER PARK

DIGGER WASP'LL GETCHA IF YOU DON'T BE GOOD

Two Colonies of
Giant Insects are
Found Here
POISON STING

Two Kankakee families have encountered colonies of digger wasps, giant-sized insects with an exceedingly venomous sting in the past few days. The pests are multiplying rapidly and efforts to eradicate them to date have been futile.

At the residence of N. J. Ziemer, 1170 East Sheridan street, the wasps have dug dozens of holes in the garden and have set up headquarters in subterranean apartments. Ziemer has been combating them by pouring insect powder in their holes at night and swinging on them with a fly swatter as they emerge. The insects still seem to be increasing.

Bernard P. Holschuh of 885 South Myrtle avenue noticed them in the yard at his home and has been plunging up their holes in an attempt to discourage them, but the busy insects just go ahead burrowing new holes. Both families tried for some time to find out what these insects were, since no one has ever seen them before in this vicinity.

15,000 in Nest

Superintendent of Schools Clarence J. Kennedy, a former biology professor at St. Xavier college, was the first to identify them. A digger wasp is 10 to 12 times the size of the ordinary variety, has a bulbous black body with white markings and a pair of powerful wings.

Burrows into the ground building horizontal tiers of combs, similar to floors in a house. The combs of a large nest may amount to 15,000 or more.

Into these rooms, hexagonal in shape as in the combs of bees, but constructed of paper instead of wax, the wasp drags its prey, which may include any insect it can overpower by its poisonous sting, as well as honey, jam, fruit, sugar, meat and other edibles.

Sting is Fatal

An insect sting by a wasp lives only a few minutes. Its carcass is then hauled underground and eggs are laid near this food supply. In eight days the eggs are hatched into larvae and in another two to three weeks the young wasps are full grown.

The females are armed with the "stingers" and do all the dirt work. All of the males and most

(Continued on page ten)

Claim 5 New Alibi Witnesses in Case

Since the state was granted a 60-day continuance in the trial of Albert LaVance, 38, Grand Rapids, Mich., Negro under indictment for the murder in 1935 of John Blievink, 21-year-old Grand Park farm hand, his defense counsel has located five new alibi witnesses.

Attorney Francis J. Houscholt, representing LaVance, had only one witness when the case was originally called two months ago, but today disclosed that others had been found. The trial is scheduled to open Aug. 15 and may be heard by Judge Claude N. Saum of Watseka, due to the illness of Judge W. R. Hunter.

When the latter granted the continuance in June he stated at that time that LaVance either must be prosecuted Aug. 15 or be set free because the statute of limitations prohibits holding a man under indictment more than four months without trial.

New Heat Wave is on Way; 95° Yesterday

Kankakee sizzled on a sun-baked griddle again today while other sections of the midwest enjoyed a respite from excessive temperature.

After climbing to a solid 95 degrees at 4 p. m. yesterday, the Republican-News recording thermometer relented under the influence of gentle evening breezes and a light rain at 4:30 o'clock this morning, dropping to 81 degrees. It slipped one more degree at 7 a. m. before climbing back to 89 at noon.

In Chicago, H. A. Downs, government weather forecaster, said another "less pronounced" warm wave was forming in the northwest and would bring higher temperatures to the area tomorrow.

"Dead" Baby Lives

Just a few hours before this picture was taken, Baby Robert Didier of Chicago, shown with his mother, had been pronounced dead. Found smothered by blankets in his parents' car, Robert was taken to a hospital, where tests showed no signs of life. After two hours' frantic efforts, doctors injected adrenalin as a last resort and the baby's heart started beating again.

835 Pay U.S. Income Tax In County

Washington, Aug. 4.—(RN Special)—Only one resident of Kankakee county paid tax on an income in excess of \$25,000 during 1935. Another 102 in the county had incomes between \$20,000 and \$25,000. The report revealed that 24 residents of the county had net incomes between \$15,000 and \$20,000, while another 21 had incomes between \$10,000 and \$15,000.

A total of 36 had incomes between \$5,000 and \$10,000 while 32 had incomes between \$4,000 and \$5,000. Another 102 in the county had incomes between \$3,000 and \$4,000.

In all, 875 residents of Kankakee county filed income tax returns during the year, but 40 of these reported no net incomes. Another 73 of those filing returns had net incomes of less than \$1,000, while another 224 had incomes in excess of \$1,000 but less than \$1,500.

Under the law, all persons are required to file an income tax return regardless of whether they have a taxable income. Most persons, however, disregard this requirement when they have no tax to pay.

Bobbie's Dream is Bit Too Realistic

Iroquois, Ill., Aug. 4.—(UP)—Bobbie Karr, 14, Iroquois, today was recovering from a bad dream and a 12-foot plunge through his bedroom window to the cement walk below.

Bobbie explained to his father, Bennett Karr, that he dreamed he had to get away from home. He went through the window in his sleep, taking window glass and screen with him.

WANT TO FLY

Two new students have enrolled in the Franklin Air service. They are Robert B. Harris of 550 South Dearborn avenue and John Gerth of 256 North Dearborn avenue.

Cooler Elsewhere

Considerably cooler weather overspread the plains states, the upper Mississippi valley and the upper Great Lakes region today.

Showers and thunderstorms brought temporary relief the past 24 hours from eastern Texas and the lower Mississippi valley eastward to the middle Atlantic coast and from the upper Mississippi valley eastward to the extreme north Atlantic coast.

High temperatures prevailed today in the north Atlantic states. Although the temperature in Chicago was 79 at 10 a. m., Downs predicted the readings would remain in the lower 80s during the day.

Who's Crazy Now, Corrigan Wonders, at Return to U.S.

JAPANESE AND RUSSIANS MAY COME TO TERMS

Japan Preoccupied
with the War in
China

OTHER TROUBLE

Danger of war in the Orient between Japan and Russia diminished today as Tokyo gave indications of being willing to discuss a settlement.

The army element, however, was not disposed to withhold retaliation for further incidents, and a war officer spokesman warned that Japan will put her air force into action on the Siberian frontier unless Russia ceases attacks.

New border trouble, therefore, is not unlikely but a formal, full scale war is improbable. It was estimated that since fighting began on the frontier, Russia had lost 400 men killed and that 29 Russian tanks had been disabled.

Public Indignation

The Japanese army's belligerent attitude apparently was not shared by the government. Talks between the foreign office and the Russian embassy were under way, and a foreign office spokesman expressed hope of a peaceful settlement. The spokesman said Vice Foreign Minister Horiuchi personally made proposals to the Russian charge d'affaires for a cessation of hostilities and asked him to transmit the proposal to Moscow.

Fumblings against Japan continued in the Russian press and public indignation was being consistently fanned.

Japan was more preoccupied with progress in China than the border situation. Japanese troops slowly forced the Chinese in the Yangtze valley toward Hankow, advancing with heavy bombing and infantry attacks. The Chinese resisted stoutly but lost several strategic positions.

In Europe 24 years ago the world war had just started, a new incident arose between Germany and Czechoslovakia.

Germany Protests

Germany protested sharply against an alleged incursion of Czechoslovak planes into German territory. The protest charged that two planes flew over Graz, 12 miles from the frontier, and were observed to be taking photographs.

The incident came just at a time when the atmosphere in Prague, changed to one more favorable to a settlement. The arrival of Viscount Runciman, British observer to the dispute, was followed closely by that of Hugh R. Wilson, United States ambassador to Germany.

It was believed Wilson might do

Fair Store Starts \$15,000 Remodelling

Remodelling operations were started this week at The Fair Store, 152 South East avenue. The Grand Rapids Store Fixture corporation, one of the foremost merchandising engineering firms in the midwest, is directing modernization of the entire main floor at a cost of \$15,000.

During the next five weeks the management requests that their customers bear with them while departments are rearranged, the cases streamlined and lowered so that a view of the entire floor may be afforded customers entering the store.

The old wrapping balcony is to be torn out and the basket system of registering cash eliminated. The latest type of cash registers with itemized receipts will be installed and lighted department signs will assist customers in finding the merchandise they are interested in. The men's department is to be enlarged, aisles are to be widened and a bargain center set up on the main floor. The fixtures are to be of prime veneer, a modern wood grain. All work is being done by local union labor. Details of a remodeling sale will be found on another page in this issue.

200 CORRIGANS GREET HIM

By EARL B. STEELE
United Press Staff Correspondent

New York, Aug. 4.—(UP)—Douglas Corrigan returns today from Ireland to a riotous hero's welcome. When he took off from Floyd Bennett field last month the attendants thought he was crazy for taking his neck in an attempt to fly to California in his 1900 nine year old plane. When he reaches Washington station aboard the liner Manhattan at 1:30 p. m. today he will find that everybody else is crazy.

A dozen screaming boats, loaded to the gunwales with thousands of screaming passengers, will surround his ship. They will be divided into two hostile navies, one side yelling at him to come to Brooklyn borough first, the other to Manhattan.

200 Corrigan's There

He will see 200 Corrigan's aboard one ship, 1,000 other Irishmen aboard another, fighting to the end for Brooklyn though that borough's official reception committee had attempted to end three days of strife by stepping aside and letting Manhattan have Corrigan first.

Unless their boat is rammed in the rush, the 300 members of the Manhattan committee, headed by James McGurkin, head of the American Irish Historical societies, will accompany the Manhattan from quarantine to the Manhattan dock and take Corrigan off there. Then they will take him to a hotel and keep him there until Friday noon, when the ticker tape parade on Broadway and the official welcome from Mayor F. H. LaGuardia are scheduled.

That is the official program, which continues on through the night Friday with a concert of Irish airs written, sung and played by Irish at Lewisohn stadium; a mass meeting for 80,000 at Yankee stadium under Irish auspices which will be addressed by 45 speakers, including Alfred E. Smith, former Mayor of New York, and Jimmy Braden, former heavyweight champion. The speaking will continue from 8 p. m. to midnight.

Brooklyn is Mad

There were many potentialities for something happening to the program, however. Brooklyn, which teems with Irish and in which is the airport where Corrigan took off on his "wrong way" flight, had fought for two weeks for the right to be the first to fete him. There still were 20,000 in Brooklyn ready

(Continued on Page Ten)

Consolidate WPA Headquarters for Kankakee, Iroquois

Watska, Aug. 4.—(RN Special)—Announcement of consolidation of administrative personnel in WPA activities was made today. Iroquois county was added to the territory served by Charles Holt, WPA area supervisor for Kankakee county and part of Ford county.

The office will be continued at Watska, but two persons, Leonard Cassels, supervisor, and Juanita Keyes, stenographer, have received notice of termination of employment. Those who will remain include Joseph Ulrich, Mrs. Dorothy Clawson and Don Morgan, all of whom will be under direct supervision of Holt.

At present more than 1,000 persons are on WPA rolls in Kankakee county and 400 in Iroquois county.

Bernard Kruse is 40-8 Chef de Gare

Bernard P. Kruse of 147 North Rosewood avenue was chosen chef de gare of the local 40 & 8 society last evening at the annual election meeting in the Legion home. Kruse will succeed Albert Stearnman.

Other officers elected last night were: Homer Farrar, chef de train; James Ginger, commissaire; Alfred Porgue, Bourbonnais garde de la porte; John Cain, Herscher, commis voyageur; Phil Shoven, Bradley, lampiste; Joseph Mulligan of Bradley, Frank Karscher of Herscher and Albert Stearnman of Kankakee, cheminots.

Kruse, Stearnman and Edward Fortier, delegates to the state convention Aug. 20 at Rockford; William Savoie, Yvon Dandurand and Edward LeBeau, alternates; Dandurand and Karscher, delegates to the national convention in Los Angeles; Edward Hopper and Jack Boston, alternates.

Installation ceremonies will be held Aug. 16.

As One Irishman to Another—

It seems there were two Irishmen. One was named Joseph P. Kennedy. He's ambassador to England, shown seated at right. The other was Douglas G. Corrigan, an aviation mechanic with a flair for flying. He flew non-stop from New York to Dublin under the mistaken impression he was flying to California, he says. Here the two sons of Gael are shown as they visited in the American embassy in London recently.

FARM VOTE IS PROPOSED FOR MARKET QUOTA

Corn Growers May Be Asked to Reveal Preferences

Washington, Aug. 4.—(AP)—Federal farm officials made tentative arrangements today for a referendum in the corn belt about Sept. 3 on a proposal to invoke marketing quotas.

Private forecasts of a "corn" crop in excess of 2,500,000,000 bushels indicated officials said, that an election would be necessary to determine whether growers want to use quotas to keep surplus corn off the market.

The new farm act directs that a referendum be held when the indicated supply is 17.7 per cent or more above normal domestic and export needs.

Huge Supply

The surplus from last year's crop has been forecast at between 350,000,000 and 400,000,000 bushels. With a new crop of 2,500,000,000 bushels, the supply would be large enough to make a referendum mandatory.

Final decision on an election must be made by August 15 on the basis of a forecast on this year's crop next Wednesday by the federal crop reporting board.

The election would be held in Illinois and Iowa and in the major corn-producing counties of Missouri, Kansas, Nebraska, South Dakota, Indiana, Ohio, Michigan, Wisconsin, Minnesota and Kentucky. If two-thirds of the growers voting approve the quotas, farmers would have to store part of their crop until supplies were smaller.

Corn Loans Affected

Officials of the Agricultural Adjustment administration expressed confidence growers would approve

(Continued on Page Ten)

Thieves Unable to Get Auto Started

Thieves last night broke into a garage at 955 South Washington avenue and pushed a car belonging to Margaret Rukert down the alley in an attempt to start the machine. When the car failed to start, they abandoned it at 921 South Washington avenue.

Later, a blue Plymouth coach was stolen from M. J. Brals, 866 South Third avenue. It is a 1934 model and bears license number 140-127. Police believe that both cars were taken by the same men.

Peace, Avers 'God' As He Takes Over His New Heaven

New York, Aug. 4.—(AP)—Father Divine, styled "God" by his followers, had a private 50-room heaven of his own today.

To the astonishment of its former white owner, the Negro cult-mesiah purchased the doorman of the commodious mansion on upper Madison avenue at East 122nd street, on the fringe of Harlem, and announced:

"I am the new occupant. Peace!"

The big house equipped with its own private telephone system, was presented to Father Divine by the mysterious source which is always announced as a group of his followers. The plump, bald-pated cult leader himself professes never to get money or need it.

A white agent of Father Divine purchased the house recently from Dr. Henry H. Stinson, specialist whose first knowledge that the Negro evangelist was the buyer came when Father Divine appeared at the front door.

"I was astounded," said Dr. Katz. "I showed him through from top to bottom and he kept saying, 'It's wonderful. Peace, I never saw anything like it!'"

The house, purchased for \$24,000, will serve as Father Divine's personal retreat, along with his 12 secretaries and a few chosen "angels."

Manteno Has The Biggest Population

With a population of 4,825 patients, Manteno state hospital now ranks as the largest of Illinois mental hospitals, according to announcement today of State Director A. L. Bowen.

"Manteno is only seven years old," Bowen said. "Its immense population is one of the evidences of the growth of nervous and mental diseases in Illinois."

He noted that the Manteno institution was intended to serve the Chicago metropolitan area and pointed out that other state hospitals in this part of the state also have large populations, including Elgin with 4,600 patients, Kankakee with 3,800 and Dunning with 4,500.

The capacity of Manteno state is in excess of 6,000 and contracts for more buildings soon will be let to increase it still further.

Airliner's Fate Still is Unknown

Manila, P. I., Aug. 4.—(UP)—U. S. navy chemists reported today that samples of oil found on the sea near the last known position of the Hawaii Clipper were insufficient in density to determine satisfactorily whether the oil came from the missing flying boat.

The Clipper vanished last Friday with 15 persons aboard while flying between Guam and Manila.

The announcement virtually eliminated what was considered the only workable clue to the fate of the plane.

At the end of the sixth day of intensive searching by air and sea over a vast area of the Pacific ocean east of the Philippine Archipelago, no trace of the Clipper had been found.

Exchange Club Boosts 'Sales Mean Jobs' Drive

A group of 75 business men attended the Exchange club luncheon Wednesday noon in the Hotel Kankakee to hear about the "Sales Mean Jobs" campaign as it has worked out in Joliet.

The campaign, largely psychological, consists mainly of creating enthusiasm among sales persons to do a better job, to realize that business is to be had for those who will go out after it, and that in spite of a tendency to "tighten up" in recent months, 75 per cent of the people are still able to buy, and will, if they are confident of the future.

Speakers yesterday were William M. Hart, advertising manager of the Joliet Herald-News, and John M. Joyce who helped initiate the business promotion in Joliet with the result that the three major stores of the city reported 12 per cent increases over the same month a year ago.

History of Movement

Hart reviewed the history of the movement originated by George Mason, president of Nash-Kelvinator corporation, who used Lincoln, Neb., as a test city last spring. The results were exceedingly gratifying and the idea spread from Lincoln to New York and Chicago, then Joliet. Hart emphasized that this is not a one day or one week sale, but a continued concentrated effort.

FRANK KRUNTER OF WILMINGTON IS THE VICTIM

Business Man, An
Expert Swimmer,
Has Seizure

BOY WITH HIM

Custer Park, Aug. 4.—(RN Special)—Frank Krunter, 53, proprietor of a bakery in Wilmington and prominent resident of that city for many years, was drowned at 3 o'clock Wednesday afternoon while swimming in the Kankakee river near the Wabash railroad bridge here.

Krunter, said to be an expert swimmer, has a summer cottage here and frequently went into the water. Yesterday afternoon he accompanied his step-grandson, Orval Dermott, 12, to the river and went out into deep water while Orval remained in a shallow spot.

Krunter was out only a few minutes when he began to struggle and quickly went down. He had been subject to heart attacks and it is believed he was seized with one at the moment.

Recover Body Later

Close to a dozen persons were along the shore line at the time and they immediately got a boat and rowed to the spot but his body was not recovered until about 6 p. m. with grappling hooks.

Dr. Lonzo Brannon, coroner of Will county, was expected to conduct an inquest here this afternoon. The body was removed to the Reeves funeral home in Wilmington.

Funeral Saturday

Services will be conducted at 2 o'clock Saturday afternoon from the Presbyterian church at Wilmington. The deceased was a native of Germany. Besides his wife, Alice, he leaves two sisters in Germany and a step-daughter, Mrs. Alice Dermott of Custer Park.

Seek Accounting in LaRoche Estate

Suit to partition the estate of Mary LaRoche who died Interstate Jan. 2, 1937 leaving St. Anne property to 11 heirs, was filed today in circuit court.

Partition or sale of the estate and division of the proceeds is asked by Mae Sojcie, Ellen Emond, Lillie Adams, Mary Schroeder, Emma Barnes, John LaRoche, Howard Mayhew, Lavina Langellier and Dolly Hubert. All held one-eighth interest in the estate except the last three whose interest is 1/24th each.

Named defendant is Joe LaRoche who lives on the property and holds one-eighth interest. The plaintiffs allege that Joe has occupied the premises since the deceased died without making an accounting of rents and profits. They ask the court to appoint a receiver to collect rents and preserve the premises while the suit is pending in court. Attorney Ralph Brouillette of St. Anne filed the bill.

BOY DISAPPEARS

Frank LeSage of Kankakee reported to police today that his 13 year old son had disappeared from his home yesterday, and has not been heard from since. The boy wore brown pants and a blue shirt and was 44 inches tall. He weighs 90 pounds.

THE WEATHER

(Thursday, Aug. 4, 1938)

Hourly temperature readings from 1 o'clock Wednesday to noon today are:

High at 4 p. m. 95, low at 7 a. m. 80.

A year ago rain, high 90, low 70.

1 p. m.	90	1 a. m.	83
2 p. m.	91	2 a. m.	81
3 p. m.	92	3 a. m.	81
4 p. m.	95	4 a. m.	81
5 p. m.	94	5 a. m.	81
6 p. m.	94	6 a. m.	81
7 p. m.	93	7 a. m.	80
8 p. m.	80	8 a. m.	82
9 p. m.	87	9 a. m.	83
10 p. m.	86	10 a. m.	84
11 p. m.	85	11 a. m.	87
Midnight	84	Noon	89

Sunset today at 7:00, sunrise Friday at 4:51, sunset at 6:59, moon sets at 11:59 tonight.

Fair central and north, partly cloudy extreme south portion tonight and tomorrow; cooler tonight; somewhat warmer central and north portions tomorrow.

PanAmericanShows Will Exhibit Here During Next Week

Dick O'Brien, contracting agent for Pan American Shows, with the advance brigade of the bill posters and advertising crew—arrived in Kankakee last night for the opening of the show on Monday morning. The show is being presented at the Kankakee fair grounds for the next week. The show is a combination of a circus and a variety show. It features a large number of acts, including a lion tamer, a clown, and a variety of animal acts. The show is expected to be a great success and to draw a large crowd.

Barley Crop Will Show an Increase

Washington, Aug. 4.—(U.P.)—Although there is considerably more wheat and rye in some areas, a disease survey just completed by the department of agriculture indicates that the barley crop will be better than that of 1936 or 1937. There appears to be a fair amount of plump, mature barley in most of the important spring barley areas, the report said. "Lodging was severe in the heavier soils through Illinois, southern and central Wisconsin, northern Iowa and southern Minnesota," the report continued. "A good percentage of the kernels were well filled in many of the fields that were lodged. Barley was damaged by hot dry winds in some sections of the spring barley area."

Boat Honeymooners Dock at Peoria

Peoria, Ill., Aug. 4.—(U.P.)—Miss and Mrs. A. W. Anderson, honeymooners from Chicago, Ill., who are visiting down the river from Chicago to New Orleans in a houseboat, arrived in Peoria last night. They are expected to stay in the city for a few days before continuing their journey.

Will Investigate Bids on Highways

Chicago, Aug. 4.—(U.P.)—Walter C. Sullivan, assistant U.S. district attorney, today is considering the possibility of investigating the bids on the new highway bridge on 28th Street in Chicago. The bids were submitted by several companies and are expected to be awarded in the near future.

Jewish Physicians Are Out, Germany
Berlin, Aug. 4.—(U.P.)—Approximately 1,000 Jewish physicians have been expelled from Germany since 1933. The expulsion was part of a series of measures taken by the German government to discriminate against Jews. The physicians were forced to leave their homes and practice in other countries.

Personal To Fat Girls

Chicago, Aug. 4.—(U.P.)—A personal letter to fat girls was published in a recent issue of a Chicago magazine. The letter was written by a woman who claimed to be a former fat girl. She described her struggles with weight and her eventual success in losing weight. The letter was intended to encourage other fat girls to lose weight and improve their health.

Action Promised in Vote Scandals

Washington, Aug. 4.—(U.P.)—Chairman of the Senate Committee on Government Operations, Charles McNary, today promised action in the vote scandals. He said that the committee would be holding hearings on the matter in the near future. He also said that the committee would be looking for evidence of wrongdoing.

Republicans of Illinois to Have Forum at Peoria

Peoria, Ill., Aug. 4.—(U.P.)—Illinois Republicans are planning to hold a forum in Peoria. The forum is expected to be a major event for the party. It will feature speeches by prominent Republicans and a discussion of the party's platform. The forum is expected to draw a large crowd.

Corn Needs Less Water Than Wheat

Washington, Aug. 4.—(U.P.)—Agriculture Department officials today said that corn needs less water than wheat. They said that this was because corn has a deeper root system than wheat. This means that corn can draw water from deeper in the soil than wheat can. This is an important finding for farmers and for those concerned with water conservation.

GRAIN HARVEST IN NATION HAS A HUGE VALUE
Near Five Billion Bushels Forecast This Season
BEST IN YEARS

By FRANKLIN MULLIN

Chicago, Aug. 4.—The nation's 1938 grain harvest is estimated to be more than four and a half billion bushels, one of the largest on record with the crop to have a market value of almost \$2,500,000,000.

Analysts have estimated the forecast of the six Chicago crop experts who August summarized the nation's 1938 harvest will be the greatest since 1932.

The valuation at market was based on Chicago prices for grain deliverable in the fall and winter.

The corn crop to be harvested this fall was estimated to have a market value of \$1,000,000,000, the wheat crop at \$950,000,000, the soybean crop at \$800,000,000, the cotton crop at \$250,000,000, and the rice crop at \$250,000,000.

The market valuation of the nation's grain was about \$2,500,000,000, which was the highest since 1929, and about \$300,000,000 below valuation of the 1936 crop. With these two exceptions, however, it is the most abundant in years.

Lower prices compared with the last two years accounted for the difference, traders said. Current grain prices are near the lowest levels in four or five years.

Corn and soybean crops this year are expected to be larger than last year but corn and oats production will be lower, according to current estimates.

Who's Crazy—
(Continued from page one)

to match with Corigan along the Flatbush avenue in case any of the unfortunates should be at the last minute to go there tonight.

But at his last report by radio telephone from the ship, Corigan had made up his mind to abide by the Flatbush program and he "hoped Brooklyn would be mad."

Corigan had another important question in a radio broadcast from the ship last night. He said he intended by mistake to "hit" "nick" to that story or be "stuck" with it, and he is still so anxious to get out of the city that he walked up to the captain of the Manhattan yesterday and told him that he thought the ship was headed the wrong way.

Up Before Breakfast

Abraham S. Lerner, Manhattan, Enroute to New York, 4.—(UP)—Douglas Corigan got up "before breakfast" today and said he felt "pretty good so far" but didn't know how he would feel "after they throw all these telephone books at me tomorrow."

The 100-pound Californian, still sticking to his story that he flew from New York to Dublin "by mistake," was headed for one of the chief attractions in New York City history.

He said it was no hardship for him to get up before breakfast because he never ate breakfast anyway—"just a light lunch and some eggs," he said.

Corigan was scheduled to make a radio talk today before the facilities of the National Broadcasting company, the Columbia Broadcasting System and the Mutual network, whose crews boarded the vessel off Manhattan tonight this morning.

Corigan took occasion today to deny authorship of a note in a bottle which had been found floating by a little girl this week. The note purported to be a report on the flight of the New Brunswick land. It was signed "Corigan."

Not His Signature

"I must have been another Corigan—I understand there are other Corigans—because I certainly don't have my signature on it," he said.

He said it was "still the idea" to "visit several American cities in this plane."

He said it was "still the idea" to "visit several American cities in this plane."

MAINTENANCE CONTRACT
The state division of architecture and engineering today awarded contracts for improvement of the state capitol building. A contract for \$7,340 was given to Divine Brothers for interior painting and decorating. The contract for \$10,000 was given to the same firm for painting and decorating the exterior of the capitol building.

NEW ARRIVAL
Mr. and Mrs. Harry Peters (formerly of Kankakee) announced the birth of a seven pound son this morning.

SKATING PARTY
The skating club will hold a skating party at the skating rink on Wednesday night, Aug. 10, from 8 to 10 p.m.

TO RETURN HOME
Mrs. A. W. Martin of 725 South Woodworth avenue will return Friday from Tucson, Ariz., where she spent the past year for her health. Her condition is much improved.

VISIT HERE
Mrs. J. P. McCord and son, Bill, have returned to Kankakee, Ill., after spending the summer in the South. They will be visiting with Mr. and Mrs. McCord.

MAJORITY IS BUSY
Ed Reno local musician is following a number of engagements during the week. He will be playing at the home of Mr. and Mrs. J. P. McCord on Wednesday night, Aug. 10, from 8 to 10 p.m.

FOUR RESIDENT SISTER
Mrs. Lora Miller Smith, sister of Charles E. Miller of South Bend, Ind., died last night at her home in Atlanta, Ga. Funeral arrangements are being made by the funeral home in Atlanta.

MINOR ACCIDENT
Cars driven by Alex Riley, 334 E. Willow street, and Donald Freigo, 406 North Adams street, were involved in an accident on 100 block on South Washington avenue yesterday. Damage was about \$100.

TRAFFIC OFFENDERS
Herbert Lottor, 1008 West Hickory street, was arrested yesterday by Officer Orville Finch for speeding 40 miles an hour on North Washington street. He was released on \$100 bond.

TO UNDERGO OPERATION
Miss Beatrice Green of 73 Main street, Bourbonnais, entered St. Mary hospital Monday where she will undergo an operation for appendicitis.

PARENTS OF SON
Mr. and Mrs. Albert Reigner of 929 South Third avenue are parents of a son born Wednesday at St. Mary hospital.

PLANT IN BLOOM
A beautiful Saxena plant, commonly called "snake plant," or "mother-in-law tongue," owned by Mrs. Dora Saxena of 663 South Nelson avenue is on display in the Royal Blue room at 322 East Court street. The plant has four blossoms and the flowers are like slender tube roses and are fragrant. Drooping leaves are like a fountain. The plant is on display at the home of Mrs. Saxena.

VISITING MOTHER
Mrs. P. E. Gilbert of Atlanta, Ga., is visiting her mother Mrs. E. E. Reigner of 318 North Indiana avenue.

CALIFORNIA GUESTS
Mrs. Robert E. Page and daughter Marilyn June of Los Angeles, Calif., are visiting relatives. Mrs. Page is the former Mary Peterson of Limestone.

Czech Nation in Apology to Hitler
Prague, Aug. 4.—The Czechoslovak government expressed regret today for its policy of flight to Germany and said it was sorry that it had not been able to do more for the Czech nation.

Farm Vote is—
(Continued from page one)

marketing restrictions, because without them there can be no corn.

They said prospects were for a corn crop of about 50 cents a bushel, or nine cents more than the 1937 rate. Such a loan rate, they added, would virtually assure growers 50 cents a bushel corn prices.

Under a similar proposal, the government will begin making loans on wheat next week.

Wheat loans, it was said, will range from 50 to 60 cents a bushel, varying with quality and distance from market. The average will be 50 cents, according to officials.

Crover Cleveland was the only President of the United States who ever "came back" and served another term after being out of office.

Says Roosevelt Would Be Beaten for Third Term

Washington, Aug. 4.—Senator Charles McNary asserted today that President Roosevelt would be defeated if he sought a third term.

A fox of the President's court, McNary said, the President's courtiers did not think so, and that he would be beaten if he sought a third term.

The President, McNary said, could not win a third term if he sought a third term. He would be beaten if he sought a third term.

McNary said that the President's courtiers did not think so, and that he would be beaten if he sought a third term.

McNary said that the President's courtiers did not think so, and that he would be beaten if he sought a third term.

Prisoner Accused of Double Murder

South Pass, La., Aug. 4.—Paul N. Davis admitted today to the murder of two women, a charge which he refused to deny.

Davis, 35, was arrested last week at his home in South Pass, La., where he was living with his wife and two children.

Negro Demands an Overcoat, Georgia

Manchester, N.H., Aug. 4.—A Negro man demanded an overcoat from a white woman in Georgia.

The man said that he was cold and that he needed an overcoat.

The woman refused to give him an overcoat.

The man threatened to kill her.

The woman called the police.

The police arrested the man.

Old Locomotives Make Last Trip

Chicago, Aug. 4.—Four little old locomotives—the "puffing noners"—of earlier days were to make their last trip today on the Rock Island Railroad.

The locomotives were built in the 1800s and 1890s.

They were to make their last trip from Chicago to St. Louis.

The trip was a nostalgic journey for the old locomotives.

Hitler's New Gas Buggy May Change Europe's Industry

New York, Aug. 4.—Hitler's new gas buggy may change Europe's industry.

The gas buggy is a small, two-wheeled vehicle that runs on gas.

It is designed to be used for personal transportation.

It is expected to be mass-produced.

Litigation Halted in Sidler Inquest

Toronto, Aug. 4.—(Canadian Press)—Litigation was halted today in the Sidler inquest.

The inquest was held to determine the cause of death of a man who died in a car accident.

The litigation was brought by the family of the man who died.

The court halted the litigation to allow the inquest to proceed.

Litigation Halted in Sidler Inquest

Toronto, Aug. 4.—(Canadian Press)—Litigation was halted today in the Sidler inquest.

The inquest was held to determine the cause of death of a man who died in a car accident.

The litigation was brought by the family of the man who died.

The court halted the litigation to allow the inquest to proceed.

ILLINOIS DEAN IS PRAISED BY SO. AMERICANS

Popularized Style of
Architecture
Used There
IS AN AUTHOR

Urbana, Ill., Aug. 4.—Credit for popularizing a style of architecture now sweeping South America was given to Dean Rexford Newcomb of the University of Illinois college of fine and applied arts in a full-page story published by "La Prensa" of Buenos Aires.

Written by Angel Guido, professor of architecture and art at the University of Santa Fe, Argentina, the article credited Dean Newcomb with popularizing and developing the "California" or Spanish-colonial style of architecture.

"He is the authentic procurer and exponent of the California style, generalized among us even to the point of being imposed in some provinces by government decree," Prof. Guido wrote. "We owe to Newcomb great sympathy for the modern adaptation of the architecture of the 'colonia' which has spread so rapidly in our country."

Native of Kansas
Dean Newcomb was born in Kansas and attended the state univer-

sity there, coming later to the University of Illinois. In 1911 he went to California and there became interested in the subject of architecture.

Dean Newcomb wrote a book in 1916 which started the popularity of the "California" style. He was connected then with the University of Southern California. The book was called "The Franciscan Mission Architecture of Alta California." This was later enlarged, in "The Old Mission Churches and Historic Houses of California," published in 1923.
