WOMEN ACCUSE EACH OTHER AS SLAYER OF MAN

Murder of Fairfield Farmer is Nearing Solution

Field, Ill., Aug. 26.—(P)—Two young women, vagabonds since they left their homes in the Tennessee mountain country July 5, have accused each other of the murder of Felix Shannon, 56-year-old Mount Erie, Ill. farmer, Sheriff Earnest Burkett said today.

The sheriff said Mrs. Jean Brooks, 23, of Elizabethton, Tenn., and Mrs. Beulah Honeycutt, 25, of Johnson City, Tenn., each declared the other had fired the shots which killed Shannon as he lay in bed.

Sheriff Burkett obtained oral statements from the women last night after he had taken them on a 100-mile trip around the countryside and several witnesses had identified them as having been seen near Shannon's home Monday, the day after he was slain.

Icy Indifference

During the trip, Mrs. Honeycutt, a buxom blonde, maintained an air of icy indifference, but Mrs. Brooks chattered amiably and twitted deputy sheriffs who had her in charge. T. H. and slender, she has been described as a "red-head," but only a trace of red dye remains about her temples. Her hair is brown.

The women were taken to a tavern at Albion, Ill., where they were said to have spent several hours Monday afternoon. Until last night, they had denied ever having been in Illinois, but as they entered the tavern Mrs. Brooks greeted the bartender by his nickname.

Sheriff Burkett immediately separated the women, sending Mrs. Honeycutt to the Albion jail and taking Mrs. Brooks in his automobile to a quiet spot on the highway, where, he said, she casually related the circumstances of the slaying.

Shannon had picked up the women Sunday as he was driving his 8-year-old son, Carlyle, to Somerville, Ind., where the boy's mother resides. The Shannons were divorced last April.

"Good Pickings"

"He let us out at Oakland City, Ind.," the sheriff quoted Mrs. Brooks as saying, "but he said he would stop for us on his way back. While we were there we met a friend of Beulah's who told us the old man was 'good pickings' and had a lot of money. Beulah's friend told us to go with the old man for a couple of days and come back and see him."

"Shannon met us and took us to his house. We sat around for three

Watseka Man Hurt in an Auto Crash

Chicago, Aug. 26.—(UP)—Jack Shanks, Watseka, Ill., was treated at St. Paul's hospital today for a minor injury to his back, suffered last night when an automobile in which he was riding with Orville Ryan, 35, Ashkum, Ill., crashed into a girder of a bridge over the sanitary district canal and overturned.

Ryan, the driver, was uninjured. An attaché at the hospital said Shanks' injury was a sprain, and expected that he would be dismissed soon.

As the car turned over it fell on another car, carrying Chicagoans. They were uninjured.

Jaffa, Palestine Scene of Rioting; 20 Killed

By JAMES A. MILLS

Jaffa, Palestine, Aug. 26.—(P)—A deafening bomb explosion in a crowded vegetable market killed at least 20 Arabs today and wounded 74 others, 10 of them dangerously, as dawn was breaking in this biblical city.

The explosion was so terrific the detonation could be heard clearly within a radius of 10 miles.

Police raced to the scene and found an ugly Arab crowd seeking revenge.

It attacked Barclay's bank, the Anglo-Palestine bank, set fire to many shops and stoned and shot Jewish pedestrians who were hurrying to the all-Jewish city of Tel Aviv for refuge.

Ten Jews were taken to hospitals after attacks.

Accuses Hines

George Weinberg (above) 36, former business manager of the multi-million-dollar Dutch Schultz policy racket, testified in New York that James J. Hines, veteran Tammy leader, had accepted \$500 a week or more to protect the racket. Hines is on trial on charges of being political buffer for the ring. Weinberg said he personally paid Hines the money.

U.S. PROTESTS DESTRUCTION OF AIRLINER

Spokesman For Japanese Defends Action of Pilots

Washington, Aug. 26.—(P)—The United States expressed to Japan today its "emphatic objection" to the attack of a Japanese war plane on a Chinese commercial airliner Wednesday with the reported loss of 14 lives.

On instructions from Secretary Hull, American Ambassador Joseph C. Grew, Tokyo, presented the Japanese government with a note which declared:

"My government desired to express its emphatic objection to the jeopardizing in this way of the lives of American as well as other non-combatant occupants of unarmed civilian planes engaged in clearly recognized and established commercial services over a regularly scheduled air route."

Public Feeling Aroused

Hull told the Japanese "this attack upon the plane has aroused public feeling in the United States."

The pilot of the plane was an American, Hugh L. Wood, Winfield, Kans., who was one of the three survivors.

The American note declared that "not only was the life of an American national directly imperiled but loss was also occasioned to American property interests as the Pan-American Airways has a very substantial interest in the China National Aviation corporation" (the company which owned the airliner).

Tokyo, Aug. 26.—(P)—United States Ambassador Joseph C. Grew, pro-ferred tonight to the Japanese government against the destruction of a Chinese-American airliner by Japanese warplanes near Canton.

TROPIC POSTS DESCRIBED AT SERVICE CLUB

Rotarians Given A Travelogue by Teachers

A holiday hop to the crossroads of the Caribbean sea was depicted in motion pictures and word pictures by Mabel and Lulu Martin, local schoolteachers, at the Rotary club meeting Thursday noon in the Hotel Kankakee.

The traveling teachers, who have visited 15 foreign countries during their summer vacations in recent years, visited Haiti, the Negro Republic of Trinidad and Venezuela, British and Dutch West Indies and other tropical ports on their tour this summer.

Groom Struts

Mabel narrated on the lack of social position of women in the Latin countries. At a wedding she attended in Trinidad, for example, the bride was not even allowed wedding clothes. She stood shyly off in a corner attired in ordinary garments while the groom paraded around in colorful robes with an electric light globe set atop his headgear, truly the center of attraction.

Trinidad was appraised as the "most delightful, most modern and prosperous" of any of the countries the sisters visited. The only entertainment, however, is the theater, followed by a jaunt to the local milk plant for a pint of "bosco"—plain chocolate milk an exceedingly popular drink in the West Indies.

Women Do Work

In Haiti, all foodstuffs are sold in the open market, with the sun beating down on unrefrigerated meats and vegetables at 100 degrees. Women do all the work, carrying all sorts of packs on their heads.

In the Dutch West Indies, one of the typical engineering feats of Americans was performed at Caracas where a swinging pontoon bridge was built across a bottle neck harbor, one of the rarities of engineering science, according to Miss Martin.

She predicted that the northern hemisphere would hear a lot about Venezuela in the future. Under the late President Gomez (1906-35), the country made its greatest progress, transcending from one of guerrilla warfare and deeply debt-ridden to a prosperous, debt-free nation spanned by great highways.

Committee Named

The program chairman, Gerald Mark, introduced the sisters and Irving Munson made the response in appreciation of their travelogue. President B. F. Hertz appointed William Martin, Dr. Reno Ahlvin and Whitney Ferris to a committee to arrange for the Rotary club's ladies night to be held Sept. 22.

Grundy Fair to Open Next Week, 4-Day Program

Mazon, Aug. 26.—(RN Special)—The Grundy county agricultural fair will open here next Friday at the fairgrounds and continue for four days. Efforts of the fair officials have been directed toward making this year's exposition the most pretentious in its history.

The entries in the various classes of livestock, agricultural products, domestic and culinary arts are numerous and there will be several machinery exhibits. On the midway the Pan American carnival company will be the attraction.

Friday will be children's day. Admission to the grounds and grandstand will be free. Judging of the livestock will begin in the morning. A special show will be presented on the platform in front of the grandstand in addition to horse races and a horse show featuring the 10th cavalry jumping classes as well as the Adams rodeo company. A con hunt is another novel attraction this day.

On Saturday the judging of stock will continue and there will be some changes in the program.

Automobile racing will be the attraction on Sunday and Monday. Over 50 entries have been received for the opening day, many of the leading drivers of the middle west planning to compete.

Sunday evening there will be a livestock parade in front of the grandstand and several acts by radio stars.

Dancing will be held every afternoon and evening in the pavilion on the grounds.

Was Soaked With Orange Juice As He Fled Pantless

Philadelphia, Aug. 26.—(UP)—Bud Hamilton was recovering today from painful burns and acute embarrassment.

Hamilton was watching the St. Louis Browns-Philadelphia Athletics ball game at Shibe park—ladies' day—when a box of matches ignited in his hip pocket.

Torn between propriety and pain since nearly all of his neighbors were women—Hamilton decided propriety meant less to him, so he tore off his trousers and dashed up the stairs.

But the flames found new fuel in his shirt tail. A quick-witted concessionaire soaked Hamilton with orange juice and he fled pantless through an exit.

HINES VISITED RIDING MASTER WITH DUTCHMAN

Surprise Witness For Prosecution in Conspiracy

By E. C. DANIEL

New York, Aug. 26.—(P)—A Connecticut "Yankee" today described how "King" Arthur (Dutch Schultz) Flegenheimer held equity court emulating Tammany District Leader James J. Hines in a quiet country stable.

The witness, a beer-drinking riding-master from Fairfield, Conn., named Dudley Brothwell, testified in Hines' conspiracy trial that the dread "beer czar" Schultz—head of the multi-million dollar Harlem policy racket—visited his stables with Hines in August, 1935, a few months before Schultz was slain.

Amid titters in the courtroom, Brothwell described Schultz as an enthusiastic horseman—"one of the best," he said—and he told of the mob leader and his chief lieutenant, "Lulu" Rosenkranz, cantering peacefully through the cool Connecticut countryside.

"The Dutchman," at that time, was a fugitive from justice, sought by federal agents in connection with his income tax.

Weinberg Recalled

After Brothwell had finished, George Weinberg, 36, former business manager of the Schultz policy racket, was recalled to the stand.

He had been interrupted by the dramatic introduction of Brothwell as a surprise witness by the state.

Appearing yesterday after a parade of admitted gangsters and racketeers, Brothwell was one of the first witnesses without a taint of racket connections called by the prosecution.

Hines' chief defense counsel, Lloyd Paul Stryker, immediately took over the witness for cross-examination.

By a swift series of questions, he sought to show that it had been unnecessary for Brothwell to let his gaze rove over the jurors and a part of the audience late yesterday before he finally picked out Hines and identified him as Schultz's companion:

Q. Are you familiar with court-... Mr. Brothwell?

A. No.

Q. Haven't you ever seen one?

A. No.

Q. Saw them in Movies?

Q. You've seen them in the movies?

A. Well, yes.

Murder Convict in Kahler Case Seeks a Parole

Guido Rose, sentenced to life in Joliet prison for the murder here in 1929 of Howard Kahler, former filling station operator on highway 113N near the Warner bridge, is seeking to obtain parole, it was learned today.

Mrs. Zina Kahler, widow of the murdered man, who is now living in Champaign, has been asked to approve his parole but states she resents such action. She is of the opinion that "such a short term could hardly be considered sufficient punishment for the person who shot down my husband in cold blood."

Rosetti and two companions, Philip Maltese and "Tar Baby" Sargenry, all of Chicago Heights, pulled into Kahler's station one night in the fall of 1926 to get gasoline and then decided on a stick-up. Kahler attempted to resist and was killed.

Maltese and Sargenry are inmates of Chester penitentiary for the criminally insane. When the hoodlums were scuffling with Kahler, Maltese got in the way of a bullet from Rosetti's gun and was shot in the hand. As he arose he bled, bloodstained fingerprints against a corner of the filling station.

These prints aided materially in furnishing clues which led to apprehension of the trio by City Patrolman Don Bleau who was then special investigator for State's Attorney T. R. Johnston.

Dewey, Aides Enter Court

BULLETIN

Berlin, Aug. 26.—(AP)—The DNB (official German news agency) published today a Sudeten German proclamation said to have been issued in Prague which, in effect, gave members of the autonomy-seeking minority party freedom to strike back whenever they consider themselves attacked.

It professed to withdraw previous instructions "even to forego the right of self-defense."

A telephoned inquiry to Prague by the Associated Press indicated the Czechoslovak government had suppressed the text of the proclamation.

Prague, Aug. 26.—(P)—Disclosures of a German diplomatic demarche in several European capitals on the Sudeten German issue and of new Prague government concessions to its autonomy-demanding Germanic minority came almost simultaneously today.

Possible Motive For Shooting Here Shown

"I'm going to feed Elizabeth something she never had before!" That was the statement made by Miss Martha M. McGuire, 56, Chicago woman, to Manteno state hospital authorities when she came to the institution last Thursday to take her niece Mrs. Elizabeth Cooke, 42, a dementia praecox patient, for a walk about the grounds.

A few hours afterward, in the vicinity of Bird park here, the significance of that statement was unfolded when Miss McGuire killed her niece and then herself. The statement was disclosed yesterday afternoon by Dr. Jesse B. Moorman, staff physician at Manteno, at the inquest conducted by Coroner A. E. Kerger.

Murder Verdict

The jury returned verdicts of murder and suicide respectively at the conclusion of testimony late yesterday after Coroner Kerger had taken testimony of nine persons. Dr. Moorman said Miss McGuire had been given permission on the fatal day to take her niece out for an airing and to eat lunch on the grounds as they frequently had done in the past, but that she had not been given authority to take her niece away from the institution.

The state doctor also testified as to the case history of Mrs. Cooke who had been a patient in three state hospitals as well as several private institutions for 16 years. During this time her father, John F. Hahn, real estate broker of

Motorcycle Cop Experiences a Very Busy Day

Sacramento, Cal., Aug. 26.—(INS)—Specting a fire, a fatuous and a slip of memory are involved in this yarn.

Officer Clarence Remmer's motorcycle caught fire when he slowed down after sounding his siren at a San Diego motorist speeding at 85 miles an hour.

Rolling off his machine to avoid the flames, Remmer picked himself up to find a woman passenger in the speeding car had fainted. After shouting "first aid," Remmer dashed back to help other extinguish the flames.

The upset of the incident was her forgot to give the driver of the auto a ticket for speeding.

"Well, I guess that makes up all lucky," Remmer commented. "I was lucky to escape injury and burp the woman was lucky I was there to revive her after she fainted and the driver was lucky I didn't give her a ticket."

Ocean Hitchers Find Stowaway's Lot a Tough One

New York, Aug. 26.—(INS)—Five somewhat disheveled and certainly disgruntled young men and women landed in New York recently, fully convinced that this stowaway business is not all it is cracked up to be.

Nancy Clano, 17, of Granston R. I.; Dorothy Newman, 17, of Pittsburg; and Starbelle Robinson, 18, of Stillkill, Okla., said they "hardly saw the ocean" in their trip across aboard the luxury liner Queen Mary. They said they were not adequately, but were confined to a third-class cabin directly over the propellers during the entire voyage.

When they landed at Southampton, they were taken to the Bridgeview prison for the night, and next day, for the return trip, were hustled aboard the liner Aquitania. On this boat also, they were confined to third-class cabins over the propellers.

Also aboard the Aquitania were James Lally, 28, of Astoria, and Fred Nooney, 32, of Manhattan, who stowed away aboard the Queen Mary several voyages previous to the one the three young ladies crossed on. When they landed, however, they were sentenced to one month at hard labor at Bargeville prison, and upon their discharge were placed aboard the Aquitania.

Mrs. Kenneth Dyeroff, Mrs. Leslie Swan and Mrs. Chester Kadow were Wednesday shoppers in Kankakee.

Mr. and Mrs. Clyde Crawford, Anne Devore, Wayne Hoffman, Mr. and Mrs. John Sossamon Jr., Catherine and Hazel Sossamon were Wednesday visitors in St. Anne.

Mrs. Charles Crawford spent Thursday at the Robert Henderson home.

Miss Hazel Sossamon was an overnight visitor of Miss Margie Hardisty in Kankakee on Thursday. The Art Stewig family spent the week-end at Peyton, Ia.

Mr. and Mrs. George Dandurand and children attended a reunion of their families in Chicago Sunday.

Mr. and Mrs. John Sossamon Jr. visited with her parents Mr. and Mrs. Wesley DuMontelle at St. Anne on Sunday.

Birthplace of Napoleon to be Site; Monument

Paris, Aug. 26.—(INS)—Napoleon is to have a monument to his memory in his birthplace at Ajaccio.

Although there are innumerable statues and monuments to the Emperor throughout France, none was ever erected near his birthplace.

The statue which will top the monument at Ajaccio will be a replica of the one on the summit of the Column of the Grande Armee on the cliffs of Boulogne, looking out across the Channel towards England.

Who's Who in the Twin World to be Determined Soon

Chicago, Aug. 26.—(INS)—It was to see double in Chicago today for the 7th annual convention of the International Twins Association.

Twins were registered from many parts of the United States. The association plans to hold a convention in London, England, in 1940.

They planned to find out who was the twin of the famous actor, Charlie Chaplin, and who was the twin of the famous actress, Greta Garbo.

They also planned to find out who was the twin of the famous athlete, Babe Ruth, and who was the twin of the famous scientist, Albert Einstein.

There are two classes of twins: identical twins and fraternal twins. Identical twins are developed from the same mother cell and are always of the same sex. They look alike, but may not be alike.

Fraternal twins developed from separate cells and may be of different sexes and different colors.

COMBINED LAND, AIR AND NAVAL DRIVE BY JAPS

Nanchang, Air Base of Chinese, is the Objective

Shanghai, Aug. 26.—(INS)—Intense fighting raged on the west shore of Poyang lake today with both Chinese and Japanese suffering heavy losses. But nevertheless, continuing to throw contingents into battle against the furious Chinese opposition, the Japanese were reported to be combining infantry, air and naval forces in a determined thrust to break through to Nanchang, Chinese air base and an immediate objective in the Japanese drive toward Hankow, 225 miles away.

Heavy losses Chinese reports said large Japanese landing parties, their virtual "amphibious" at the hands of the entrenched Chinese fighters who resolutely repulsed the invaders lost 300 men at each of several sectors.

Heavy losses were admitted by the Chinese who maintained they still held Jiujiang, a city 21 miles west of Kinkiang and another focal point in the Yangtze valley fight for Hankow, the provisional capital. They said Jiujiang was in ruins under the rain of Japanese bombs and that heavy fighting was continuing in the area.

A Japanese thrust in the Lu-Shan mountains near Kuling, a resort in which 100 American and British refugees are staying just 13 miles south of Kinkiang, was said also to have been repulsed with extremely heavy losses.

The Chinese reported they inflicted thousands of casualties west of Singtze, in the Lu-Shan mountains.

A Japanese army officer said 1700 Chinese were killed when Japanese shock troops landed at Tungking, south of Singtze, to reinforce the drive toward Nanchang along the shore of Poyang.

U. S. Consulate Struck Canton, China Aug. 26.—(INS)—The United States consulate in Canton, China, was struck by a fragment of anti-aircraft bullet today when Japanese bombers raided Canton.

The piece of bullet smashed a window in the servants quarters.

ALASKA-BOUND VESSEL SINKS; CREW IS SAVED Seattle, Aug. 26.—(INS)—Capt. Howard J. Payne of the Ballard-Ladlow ferry line reported the Alaska-bound steamship north coast sank the Canadian motorship coast off Point No Point in Puget sound, early today. The crew of nine was saved, he said.

The merchant exchange reported.

U. S. Protests—

(Continued from Page One)

South China, Wednesday.

The ambassador's representation were made during a half-hour conference at the foreign office with Kenzo Horiuchi, vice-minister for foreign affairs.

It was understood on good authority that the United States envoy took the position that such attacks were likely to provoke American lives and that the attack contravened Japan's previous assurances that the lives and property of neutrals in China would be respected by the Japanese forces.

The American pilot of the plane, H. I. Woods of Winfield, Kas., escaped injury, but 12 Chinese passengers or members of the crew, are believed to have perished. Four bodies were recovered today. The national aviation corporation, owned jointly by the Chinese government and private American interests.

Defends Pilot.

The foreign office spokesman suggested today Chinese aviation companies should justify Japanese naval officials of intended passenger flights as a "possible" means of avoiding attack.

He defended the pilot who forced down the transport Wednesday.

The spokesman warned that other passengers' planes flying over war zones might meet a similar fate. He contended that, in the absence of any established law on airplanes in warfare Japan was operating under rules formulated at the Hague international conference in 1907, which explicitly provide that a civilian plane entering the zone of hostilities is liable to attack.

Suggesting Japanese should be advised of impending flights, he added that it would be difficult for Japanese pilots to determine whether a passenger plane was carrying military officials, or was on an observation mission, in which case it would be subject to attack.

Spanish Rebels Attack in Force South of Gandesa

Barcelona, Aug. 25.—(AP)—Thundering out of control at a microscopic speed, a big battle raged today in the south of Spain, where Spanish rebels attacked in force from the north and south of Gandesa in an effort to take out the seat of the Franco loyalist in eastern Spain.

The bulletin acknowledged that the government forces were being slightly out of control, but the rebels were directing their main attack north of Gandesa.

To the south the insurgents were operating along the narrow valley of the Cardener river in the direction of Pinel de Brac, a village on the border between Catalonia and Cerdania.

CHAMBERLAIN'S WHIP VALDURA IN BEE PLAYOFF

2 DAVID HARUMS RISE IN MAJORS TO TAKE TALENT

By SID FEDER

Associated Press Sports Writer
When all the returns are in from this year's business, you're going to find that your old pals, Jimmy Wilson and Casey Stengel, have pulled the biggest rabbits out of the hat again.

Reading from left to right, you have Jimmy and his sidekick, Gerry Nugent, pulling their yearling fast one on the open trading market and Casey riding hard on a bunch of bees who may yet land in the first division, although they haven't more luck than a bottle of sarsaparilla.

Wilson and Nugent have been the two smartest buyers and sellers of ivory for the past five years or so. Whatever they get rid of, they promptly fall apart in new surroundings (remember Chuck Klein?), and whatever they buy up for next to nothing just as promptly turns to gold.

Wilson "found" Butler in the latest example of their low-trading, Wilson came up a few weeks ago with Max Butler, a big fellow out of Man (W. Va.), who had been fiddling around with the Dodgers and getting nowhere for some three years. The President, Chucky Lerner, of the Brooklyn team.

Max reported to Wilson that he had been managed by tried-to-be-chance his pitching and tell him this and that until he didn't know for sure which end was up. "Why, Max, if that's the case, you just go ahead and buy him," said Wilson. "Do Max did, and in less than two weeks he's gone the route four times, whipped the Giants neatly twice, lost a tough shutout to Boston last night and yesterday he stopped the Pirates 5-1, with seven hits in one end of a doubleheader, both sides of which the Phils took from the other half. In the other half, Wild Bill Hallahan turned in with his first win of the year, a 2-1 victory, and another 2-1 decision, thereby adding the Bee's first-place margin in the National League race to 4 1/2 games.

Getting along to Stengel, you recall that when he succeeded manager Max Williams at Boston this season everyone predicted he'd be lucky to "wind up somewhere between sixth place and Slam. But Casey, whose clownish ways cover a multitude of real baseball tricks, those still will be the 1938 game held on fifth place last night, and in the other half, he rode in both ends of a twin bill yesterday, 6-4 (in 1 1/2 innings) and 3-2, it would appear they have serious designs on a money spot. Cubie Go Up A Bit.

The Red Sox, coupled with the Cubs' twin win over the Dodgers, 5-2 and 4-1, boosted the Cubs into first place in the National League. The second-place Giants trailed the Cardinals for an 8-7 lead in 11 frames, to pick up a game-and-a-half on the Pirates, getting the deciding run without a hit, on a walk, error and fly. Over in the American league, the Yankees led merely along to a twin win over the Indians, making 16 hits good for 20 runs to score 6-3 and 15-3. The Red Sox stayed 12 games back in second place by whipping the White Sox twice, Jack Wilson taking the opener, 1-0, and Joe Mauer the nightcap, 6-5.

The Senators tightened their hold on fourth place with an 8-2 margin over Detroit, and the Athletics hung onto seventh place by splitting the White Sox, Buck Newsome going 13 frames to win the opener, 8-5, and Buck Ross five-hitter taking the afterpiece, 4-1.

Montreal Maroons Quit Hockey Loop

New York, Aug. 26.—(UP)—For the first time in history the Montreal Maroons will not compete in the National Hockey League when it opens its 1938-1939 season this fall.

The Maroons, constant money losers for the last two years, were granted a one-year franchise suspension last night at a special meeting of the league's board of governors.

In the day, the board rejected a request by the Maroons that the franchise be transferred to St. Louis. The board held that the St. Louis offer to take the club on a three-year option had no financial basis.

Disposal of players will be left up to the club, Tom Gorman, president, said. Most of them would be sent to the three other teams for one year.

The Bell Route Warehouse took their tenth softball game out of the series last evening at Waterman park by defeating Wichita 6 to 1.

Heavy hitters were H. Carstens and J. B. Harrison. Carstens hit three home runs, while Harrison hit two.

Bell Route plays Martin's all-stars this evening at Waterman.

SPORTS ROUNDUP

By EDDIE BRIETZ

New York, Aug. 26.—(UP)—Most disappointed man in big league baseball is Oscar Vitt—the way his injuries folded. . . The hitting streak of George Mogridge of the Browns, who had connected safely in 34 straight games before he was stopped yesterday, has the rest of the league paying attention. . . The tennis pro balls can get over La Moedy's withdrawal from the nationals. . . And are they furious.

Football rosters from St. Mary's of California and Ohio State just hit this desk. . . Both are nifty, especially St. Mary's. . . Dick Coffman, Giant relief pitcher, has appeared in no fewer than 40 games this year—a record for the season. . . Harold Parrott writes that the Brooklyn team, which Mrs. Willis Moody never intended to play in the nationals, preferring to quit the amateur while she's on top. . . Doug Loefer, former St. Mary's of Texas back, now drilling with the New York Giants, is the smallest player ever to attempt to win a berth in pro football. . . He scales only 136 pounds.

Gise Herb McQuillan, assistant football coach at Texas A. and M., credit for plenty of nerve. . . Recently he visited Minnesota and the sports writers tagged him. . . Herb came right out in meeting and told today, between St. Rose, second place winners in the first half, and either St. Mary's or St. Patrick.

Tennis Partners Semi-Final Foes in National Meet

Brookline, Mass., Aug. 26.—(UP)—After traveling together halfway around the world, two sets of Australian doubles players, Quist and Jack Brownich and Harry Hopman and Leonard Schwartz, took to the courts to pick up a semi-final battle in the national tournament at Longwood.

The failures of six foreign teams to survive in the upper half of the draw resulted in its second, last contest being an all-American class between two former championship teams, Don Budge and Gene Mako, the Davis cup winners, and Wilmer Allison and Johnny Van Ryn, the Austin, Texas veterans.

Last week at Newport, Budge and Mako defeated the Texas duo in straight sets and they were expected to repeat that triumph here. Since Quist and Brownich appeared invincible in the other match, the winners of the Davis cup challenge, double matches, which is likely to decide ownership of this historic international trophy.

Alice Marble and Mrs. Sarah Palmer, defending champions in the women's division, became finalists yesterday and today two former teams, Nancy Wynne and Thelma Coyne of Australia, and Mrs. Rene Mathieu of France and Jolanda Jozefowska of Poland, were slated to contest for the other title bracket.

Decatur Rises to Protect 2nd Place

Chicago, Aug. 26.—(UP)—A few days ago it appeared that the Decatur Cougars might slip out of second place in the Three-By-Eight league standings, but today they boosted a second game winning streak and took on two and a half game in front of Springfield.

The Cougars took their third straight night by beating Bloomington 8 to 4. They piled up all their runs in three big innings, scoring four times in the seventh to tie the game.

Springfield made two scoring inns to turn back the leading Evansville Bees, 5 to 3, although they were outlasted, 7 to 1, by the Indiana club.

Waterloo and Moline split a double-header, the Hawks taking the first game, 6 to 3, and the Pioneers putting on rallies in the seventh and eighth frames of the second to win, 7 to 2.

Clinton hammered out a 7 to 1 victory over the Peoria Redwings, knocking three pitchers for 13 hits.

Standings

St. Stanislaus	11-2
St. Patrick	10-3
St. Mary	7-6
St. Joseph	6-7
St. Anthony	5-8

The champions played at 8:15 o'clock, while St. Mary's and St. Rose took horns in the opener at 6:15 o'clock, and St. Patrick and Materiam came together in the middle struggle at 7:15 o'clock.

Only one more set of games remains after tonight's program to complete a 13-game schedule. St. Stanislaus won the first half of play when they whipped St. Rose in the playoffs. The first half champions are leading for the second half title with six straight triumphs.

There will be a runnerup playoff for another trophy, it was announced. The winners of the first half, St. Stanislaus, will play St. Rose, second place winners in the first half, and either St. Mary's or St. Patrick.

2 Attendants at Amusement Park Torture Youths

Chicago, Aug. 26—(UP)—Two attendants at Chicago's largest amusement park were sought today on a charge of having tortured two teen age boys whom they had found using a penny Arcade machine which was out of order and could be operated without inserting a coin.

Town hall police said witnesses had told them the victims, Clarence Fleckenstein, 13, and Matthews Morgan, Jr., 15, had been abused at the Arcade, after the men had caught them using the machine. The Morgan boy was strung up by his thumbs until he fainted, police said.

Witnesses said the men had laced the boys' hands behind their heads and then forced them to perform knee-bending exercises until they had fainted from exhaustion.

Judge N. J. Bonnell issued assault and battery warrants against the attendants, Ulysses Beck, 35, and

Roy Larsen, 28. Patrick Murphy, a park policeman, also implicated, was released under \$25 bond. He denied the charge.
