Sentence Screen Actors To Jail

Be Party Of
Progress, Dewey
Advises G.O.P.Proposes Middle
Road For Winning
Team In 1950-1952

Washington, Feb. 9.—(AP)—Gov. Thomas E. Dewey last night advised Republicans to become the party of "social progress."

The hard-hitting speech which Dewey himself described as "the kind I ought to have made in the campaign" was interpreted by Senator Brewster of Maine as "slamming the door against another nomination."

Reluctantly draping himself in the robes of elder statesman, the New York governor told the country from a Lincoln day dinner forum last night that his Truman-defeated party is split wide open.

On one side, he said, is the tune of 22 outbursts of applause, are those who want no "paternalism" in government—who would junk farm price supports, unemployment insurance, old age benefits, slum clearance and other programs.

On the other, he said as he paused to survey a packed banquet room, are those Republicans who want to go beyond the new deal "as rapidly as possible at almost any cost and regardless of consequences."

His proposal for a winning combination in 1950 and 1952: "stop belly-aching about the past," quit trying to "out-promise the Democrats," forget about "turning the clock back" and stand for "social progress under a flourishing, competitive system of private enterprise where every human right is expanded."

He urged that those who are opposed to "liberal and progressive" policies should leave the "G.O.P."

Dewey hit a note that some of his GOP listeners said they thought ought to have been sounded instead of the "unity" theme that ran through his unsuccessful campaign for the presidency last fall.

"If he had just made a couple of speeches like that," said Senator Wherry of Nebraska, the GOP floor leader, "he might have carried those three more states he needed to win."

Role of Elder Statesman
Dewey himself conceded something of the sort when he told a reporter: "I suppose they'll be saying that's the kind of speech I ought to have made in the campaign."

The New York governor turned into something of a wisecracker for the kick-off of a country-wide series of Lincoln day dinners.

He told his responsive audience that he thought last year he had "a clear call to duty" but found out in November that it was "some other kind of noise."

His relationship with Washington, he said, is likely to continue as that of "an occasional visitor."

Then he came as close to saying that he is through with politics as friends said any governor can do who wants to keep control of his legislature. He remarked:

"I have been graduated at a comparatively early age to the role of elder statesman, which someone has aptly defined as a politician who no longer is a candidate for any office."

Senator Brewster of Maine, who called Dewey's a "fighting speech," flattered the remark this way:

"He has done everything but slam the door against another nomination."

Dewey said he didn't want to join in "the common effort to find scapegoats or make excuses" for what happened in November.

Chicago Man
Hurt In Plunge
From Roof Here

Charles Koeppen, 21-year-old Chicago visitor, was injured about 1 o'clock this morning when he fell from the roof of the building occupied by the Miner Business Machine company, 167 North Schuyler avenue. Koeppen, whose home is at 1225 Winemac street, Chicago, and his aunt, Mrs. Sam Palmer of this city, had been visiting in the second floor apartment home of Harry Dandell, 161 North Schuyler, next door to the Palmer apartment.

Koeppen and Mrs. Palmer were returning by way of the back porch, which is the roof of the rear of the Miner store, Charles, running ahead of Mrs. Palmer, was unfamiliar with the porch roof. Apparently confused in the darkness, he walked over the edge of the porch and plunged 20 feet into the passage way between the Miner store and the building of radio stations WKMI.

Police were called and the Chicago man was taken in a squad car to St. Mary hospital by Officers George Tierney and Clifford Lord. The injured man suffered abrasions and lacerations on his face and head and a possible skull fracture. X-rays were taken this morning. His condition at noon was described at the hospital as "fairly good."

\$100,000 Bourbonnais Sewer
Improvement Program Planned

Plans for a \$100,000 improvement to the water and sewerage systems in Bourbonnais have been prepared and the proposals will be submitted to the voters of Bourbonnais in a special election as soon as all details are worked out, it was announced today.

As detailed by Mayor Leo Kyrouac of Bourbonnais, the proposed improvements include extension of water mains to outlying sections within the corporate limits which now have no water facilities, repairs to the present storage tank and a chlorinating system for the water, improvements and extensions of the sewers to serve new subdivisions and construction of a \$25,000 sewage treatment plant to comply with state regulations concerning discharge of wastes into rivers and streams.

Blueprints for the proposed

improvement have been drawn by
Albert A. Brensley, project engineer
who was in charge of construction
of the Kankakee sewage treatment
plant.

Adrien Richard, village treasurer, said that he has received a post war planning allotment from the state amounting to \$1,337. This is to cover planning and engineering expenses in drawing up the improvement proposals.

Retired Railroad
Executive Of
St. George DiesMarvin Hughitt Jr.
Expires Suddenly At
Palm Beach, Fla.

Marvin Hughitt Jr., 87, retired railroad executive and pioneer resident of the St. George area where he had lived on a farm a mile south of St. George most of his life, died Monday at Palm Beach, Fla., where he and his wife, Edith, were spending the winter, it was learned here today.

Funeral arrangements are incomplete but it is believed the body will be returned to Chicago for burial. Mr. Hughitt died at a Palm Beach hospital where he had been rushed Saturday night when he became seriously ill.

The St. George resident suffered a stroke about four years ago and it is reported his death was due to a heart ailment.

Mr. Hughitt retired Dec. 1, 1925 as executive vice president of the Chicago and North Western railroad. He joined the line in 1881 in the freight department.

The deceased's father was one of the early railroad men of the West. He came to Illinois as a telegrapher and rose to high positions on several railroads. He was general manager of the Pullman Palace Car company in 1871 and 1872.

The 700-acre St. George farm where the Hughitts reside has been in the Hughitt family for many years, it having been purchased by the senior Mr. Hughitt while the area was still a prairie.

Mr. Hughitt, Jr., had resided at the farm nearly all his life, commuting between Chicago during the years he served the railroad company. Since his retirement he and his wife resided at the farm during the summer and spent the winter in Florida where they maintained a home at Palm Beach. They had left the farm on Nov. 23 for Palm Beach.

The deceased, who was well known throughout the Kankakee area, is survived by his wife and a sister, the latter of Chicago.

**Mayor Hattenburg
To Participate
On ICSA Panel**

Mayor Albert F. Hattenburg will participate with mayors of four other Illinois cities at a panel discussion of the Illinois Municipal league in a panel discussion tomorrow afternoon at the opening session of the three-day mid-winter conference in Chicago of the Illinois Commercial Secretaries association.

The panel will discuss various municipal problems with special emphasis on municipal financing. Participating on the panel in addition to Mayor Hattenburg, a past president of the Illinois Municipal league and currently on the advisory board of the group, will be the following: Mayor Hugh Hakala, DeKalb, president of the league; Mayor S. G. Ingram, Evanston, a past president and also a member of the advisory board of the league; and Mayor Earl E. Miller, Freeport, first vice president. Among other representatives of the league to participate is A. L. Sargent, executive director.

Ron Henrekin, manager of the Kankakee Chamber of Commerce, and his assistant, Walter Ricks, plan to attend the three-day meeting.

Nora Flynn To
Sue For Divorce

Hollywood, Feb. 9.—(AP)—Errol Flynn's pretty red-haired wife, Nora Edgington Flynn, has announced she plans to sue for divorce. She said yesterday that as soon as she and the dashing movie hero reach agreement on details, she'll file suit.

Errol and Nora were married in Mexico in 1943. They have two daughters, Rory and Deldre.

Woman Lives
After Slashing
Wrists In JailBetty Kessler, 26,
Fights Officers In
Apparent Death Try

Mrs. Betty Kessler, 417 North Greenwood avenue, fought police and firemen this morning for nearly an hour in an apparent attempt to take her life in the cell block of the city jail.

The 26-year-old woman was rushed to St. Mary hospital in an ambulance, where she was treated for a deep laceration of the right wrist and four lesser cuts on the left wrist and arm. She was scheduled to be committed to Kankakee State hospital, authorities said.

Mrs. Kessler was picked up at 7 o'clock this morning in the women's rest room of the Illinois Central railroad depot, when a ticket agent called police and disclosed she was inebriated and was causing a disturbance there. When Patrolmen George Bjick and Percy LaGesse arrived, the woman was still in the rest room, receiving coffee from a man identified as George Dion.

Starts To Fight
The officers booked Mrs. Kessler for drunkenness and disorderly conduct and locked her in the women's room of the city jail. On the way to her cell, police said, she fought and bitterly protested.

Shortly before 8 a. m. Lt. Edmund Klafka revealed that he heard a banging sound issuing from Mrs. Kessler's cell. Upon investigating, he discovered she had smashed a light bulb in the ceiling, by throwing one of her shoes at it. The pieces of glass were too small, however, to do any damage, Lt. Klafka said.

Mrs. Kessler was then removed to the large corridor. Lt. Klafka stated he heard the banging sound again, ran back and found the woman sitting on a bench, clutching bits of broken glass from a light bulb tightly in her hands.

This apparent suicide attempt succeeded only in cutting the woman's hands. Police administered first aid and removed her to a small cell, after first determining no glass or sharp objects were in the cell.

Uses Razor Blade
About 8 o'clock, Lt. Klafka asserted that he heard the woman screaming and shouting from her place of confinement and he again entered the cell block to determine the cause. He saw Mrs. Kessler sitting on a bench, with blood virtually spurting from both wrists. She had slashed her wrists with a razor blade, which she apparently found in a pocket, the officer said.

The officer summoned firemen, six of whom were required to hold her while tourniquets and bandages were applied. A physician was summoned and advised that Mrs. Kessler be taken to St. Mary hospital. When she was removed to the ambulance, Mrs. Kessler began fighting again and started to pull the bandages from her wrists with her teeth.

Much Blood Lost
Upon arriving at the infirmary, Mrs. Kessler resumed her struggles, but was quieted with a hypodermic. Her attending physician disclosed that her injuries were apparently not too serious, but that she had lost a considerable amount of blood.

According to a reliable report, Mrs. Kessler was in a Kankakee tavern with her husband, Ed, about midnight last night. He tried to influence her to go home then, the report said, but she refused.

Mrs. Kessler has a lengthy record of apparent suicide attempts, police reports have disclosed. Last Friday, after visiting several local taverns, she reportedly slashed her left wrist with a broken pop bottle, when her bartender refused to serve her. She was taken to a local hospital, where three stitches were administered. About three months prior to this, police say, she performed a similar act.

Used To Tragedy
Thompsonville, Ill., Feb. 9.—(UP)—Tragedy was nothing new to the pretty ex-army nurse from Carbondale, Ill.

As one of the first nurses to land on Okinawa in May, 1945, she saw many American "kids" killed and crippled.

"I can still picture one Italian boy who told me he was going out there just once more and then was going home to see his baby girl for the first time," she said.

"The next day he went to the front and was killed."

"What hurt so much," she said, "was that there were so many cases just like it."

Jerry Travelstead came back to the states after in 1946, married that same year and began to raise a family. The little boy was born a year and a half after the little girl.

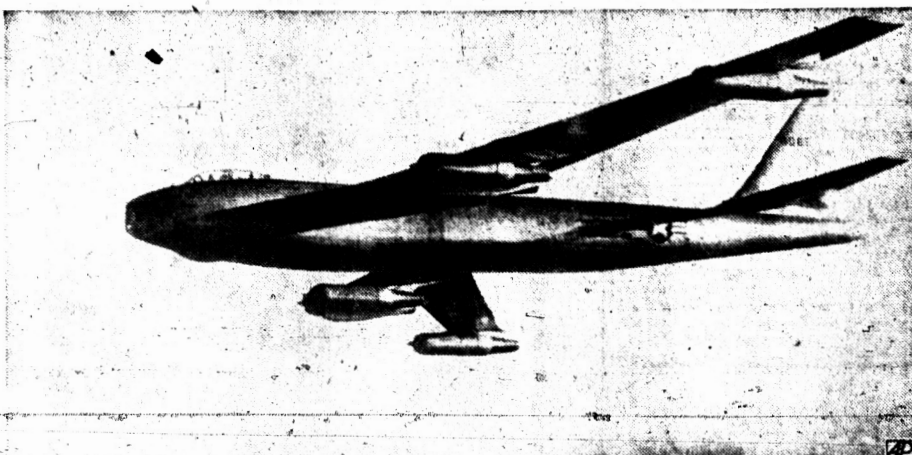

"We were so happy when Gary came," she said. "I don't think it is fair to raise a child alone."

But last week tragedy struck far closer to Jerry than ever before.

She and her husband, Thomas M. Burton, a railroad signal maintainer, made a trip to Carbondale to tell their parents that specialists said Gary, ill since birth, could not be cured.

On their way back to their home here, the car skidded on the icy highway and crashed into a tree. Two-year-old Sandra Jean was fatally injured.

"It's different," the 26-year-old mother said today. "You don't really know how it feels until it happens to you."

Strato Jet In Flight

A Boeing XB-47 Stratojet, the world's fastest bomber, makes a recent test flight over western mountains. The plane yesterday streaked across

the nation at a 607.2 mile an hour clip. The craft flew from Moses Lake, Wash. to Andrews Field, Md. in 3 hours and 46 minutes.

Denies Proposed
Defense Pact
Is 'Aggressive'North-Atlantic
Alliance Is For
Defense: Acheson

Washington, Feb. 9.—(AP)—Secretary of State Acheson today vigorously challenged Russia's charge that the proposed North Atlantic defense alliance is an "aggressive" move.

Acheson told a news conference the purpose of the pact now being drafted is exactly the opposite.

The Russian government in a note to Norway had condemned the North Atlantic alliance and asserted it "serves the aggressive policy of certain powers."

The Soviet representative to the United Nations repeated this accusation yesterday in New York in a bitter attack on the security agreement being negotiated by the United States, Canada, Britain, France, Belgium, the Netherlands and Luxembourg.

Based On Charter
Answering questions, Acheson said the alliance is fully in keeping with the United Nations because it comes directly out of article 51 of the U.N. charter. This provides, he recalled, for individual and collective regional arrangements to help keep the peace.

Acheson said he was discussing all aspects of the situation with Norway's visiting foreign minister, Halvard Lange.

The talks cover, he said, the U.S. attitude toward a suggested Scandinavian pact based on neutrality.

Acheson declined to say what the American attitude is although he acknowledged that he had very definite opinions about such a pact.

Meanwhile, diplomatic officials reported that Denmark intends to go to the state department to submit his country's questions as soon as Secretary Acheson gives him an appointment.

First Danish Interest
De Kauffman's visit would mark the first time the Danish government has shown any official interest in the possibility of linking its defenses with the American-sponsored security pact.

In the past, the Danish government has supported Sweden's idea that the three Scandinavian countries (Sweden, Norway and Denmark) should form an alliance of their own based on neutrality. This arrangement would have been separate from the defense alliance being negotiated by the United States, Canada, Britain, France, Belgium, the Netherlands and Luxembourg.

Jet Pilots Set Record

Brig. Gen. Yantiss H. Taylor (center), commanding officer at Andrews Field, Md., greets Maj. Russell E. Schleich (left) of San Francisco and his co-pilot Maj. Joseph W. Howell of Borden, Ind., as the two army fliers ended their record-breaking flight from Moses Lake, Wash. The fliers pushed their Boeing B-47 six-jet bomber along at approximately 607.2 miles-per-hour to cross the country in 3 hours and 46 minutes. Best previous time coast-to-coast was made with an F-80 jet fighter in 4 hours 13 minutes. (International Sound-photo.)

100-Ton Flying Wing Takes
Off On Non-Stop Test Hop

Washington, Feb. 9.—(UP)—A 100-ton flying wing took off at 12:51 p. m. EST from Muroc, Cal., today on a planned non-stop flight to Andrews Air Force Base, Md. The plane is an eight-jet Northrop-built craft consisting of nothing but wing. It has no fuselage and no tail. It is designated the B-49. The air force estimated that the wing would span the 2,258-mile course in 4 hours 30 minutes, arriving over Andrews at 5:21 p. m. EST. This would be an average ground speed of 501.6 mph.

BULLETIN

ORDER MARKET PROBE

Washington, Feb. 9.—(UP)—The government today ordered a full investigation of all future trades made yesterday and today in wheat, corn, and soy beans on the Chicago board of trade. The markets in those commodities nose-dived yesterday, and fluctuated wildly today.

Secretary of Agriculture Charles F. Brannan, meanwhile, told the Senate agriculture committee that his department had been unable so far to find any "major" or "substantial" factor that would account "for the conduct of the market for the last two or three weeks."

But he said the government was stepping up its grain buying in order to meet its foreign commitments. The government bought almost 2,000,000 bushels of wheat yesterday and the day before. But it still will have to buy 40,000,000 bushels of grain to meet its export schedule of 565,000,000 bushels by March 31.

**28 Believed Dead
In Plane Crash Near
Malmoe, Sweden**

Copenhagen, Denmark, Feb. 9.—(UP)—Twenty-three Spanish passengers and five Danish crewmen were missing and presumed dead today in the crash of a British-made Vickers Viking Dakota airplane that plunged into the Baltic sea near Malmoe, Sweden last night.

The hunt for the plane was concentrated near the Swedish fishing village of Barseback, seven miles north of Malmoe, where search parties reported finding wreckage believed to be from the plane.

Heavy rain and fog hampered search operations by harbor police and naval vessels in the waters of narrow arm of the Baltic touched by Sweden and Denmark.

The plane crashed while preparing for an instrument landing at Kastrip airbase here. It was en route from Madrid via Paris.

The morning newspaper Berlingske Tidende identified the passengers as a Spanish delegation en route to Copenhagen to negotiate a trade agreement and prominent Spanish businessmen bound for an industrial fair.

The flying wing is 40 tons heavier than the six-jet B-47 which flew from Moses Lake, Wash., to Andrews yesterday in 3 hours 46 minutes for an average ground speed of 607.2 mph. It can carry 15 tons of bombs.

The air force is assembling its hottest aircraft for a congressional demonstration on Feb. 15. A B-36 super bomber, powered by six piston engines, flew from Fort Worth, Tex., today in 3 hours 36 minutes, making an average ground speed of 338.2 mph.

Any favorable impression their feats might make on Russia in the current cold war would be welcomed by American officials but they stress the fact that these planes are not now a part of the combat air force.

As for commercial flights like yesterday's B-47 crossing, a United Press survey of five manufacturers and six major airlines indicates that jet airliners able to fly from San Francisco to New York in five hours are at least five years away, probably longer.

The fastest previous transcontinental flight was made by an F-80 jet fighter in 4 hours, 13 minutes, 23 seconds.

**Extend Hearings On
Labor Bill 2 Weeks**

Washington, Feb. 9.—(AP)—A two-weeks extension of hearings on the administration labor bill was approved today by the Senate labor committee. The deadline was moved from Feb. 10 to Feb. 23.

Republicans had protested that it was impossible to hear all the scheduled witnesses within the time originally allowed, despite the night and day sessions that have been held.

The decision to extend the hearings was made by the ambulatory committee after nearly two hours of wrangling this morning behind closed doors.

The U. S. Chamber of Commerce meanwhile issued a statement in which it called the administration's bill "completely inadequate." It said the bill "falls to meet standards of fairness."

Mitchum, Lila
Leeds Get 60
Day TermsAlso Put On Two
Years Probation On
Marijuana Conviction

Hollywood, Feb. 9.—(UP)—Actor Robert Mitchum sleepy-eyed and nonchalant, was given 60 days in jail and two years probation today on a marijuana conviction.

Blonde Starlet Lila Leeds, picked up with the screen actor in a raid on her hillside cottage, was given the same sentence.

"They were ordered to start serving the sentence immediately. Another defendant, real estate agent Robin Ford, will be sentenced later when he comes up for trial on another narcotics charge."

Like Any Other Defendant

Superior Judge Clement D. Nye gave them both a year in jail but suspended it and put them on two years probation on condition they spend 60 days of the year's sentence behind bars in the county jail.

"I am treating you as I would any other defendant in like circumstances," Nye said. "I cannot overlook the responsibility that you, Mr. Mitchum, have toward perhaps hundreds of thousands of young Americans you idolize you."

The he-man screen hero stood stony-faced and at attention while the judge spoke. Miss Leeds, chic in a top pin-stripe suit and tiny brown hat, turned white and a pained expression flitted across her face.

"You," the judge told Mitchum, "have by hard work and some native ability worked yourself up to a position of prominence in the motion picture industry."

"Up to now this had meant nothing but glory."

Overlook Responsibility
"But you have overlooked the responsibility which goes with this position. Many young people may govern their lives by your example. You have not given them a good example. You have given them one which will lead to nothing but trouble."

"What happens here today will be of great influence. Laws are made to be observed."

"The judgment of this court is more than a punishment for Mr. Mitchum. It will be a deterrent to others who might be prone to follow his example."

"I am sorry for you. But I want to make it clear that I am treating you as I would any other defendant."

The judge told the courtroom jammed with spectators that never before have the local courts had a defendant charged with a similar offense in like circumstances.

Denies New Trial
The jail sentence came immediately after Mitchum's attorney, Jerry Giesler, made an impassioned 10-minute plea for mercy.

He filed a formal motion for a new trial and another for arrested judgment, both formalities. Nye denied the motions and ordered Mitchum and Miss Leeds taken to jail.

Dancer Vickie Evans, the fourth member of the midnight party at Miss Leeds' home, will be tried March 8.

**Corner's Jury
Rules Momence
Man Shot Self**

Rantoul, Feb. 9.—(JNS)—A Cham-paign county coroner's jury last night decided that Leslie J. (Jack) Loman, 34, of Momence, a salesman, died Monday night of a "self-inflicted gun shot wound."

Loman shot himself Monday afternoon in a bed room at the home of his sister, Mrs. Raymond Lloyd of Rantoul, shortly after he finished talking with his wife, Opal at Momence by telephone.

Coroner Don Wikoff of Cham-paign said that Mrs. Lloyd told him her brother shot himself while her two-year-old daughter was in the bed room. Mrs. Lloyd, wife of an air force sergeant stationed at Chanute field, and a roomer, Kathryn Mills, were in the kitchen of the home at the time of the shooting.

Funeral Friday
Loman was taken to the Chanute base hospital, where he died several hours later. Coroner Wikoff said no motive for the suicide was revealed.

Funeral services will be held at 2 o'clock Friday afternoon at the Methodist church in Momence with the Rev. Paul Wilson, pastor, officiating. Interment will be in the Momence cemetery. The body is at the Canaday funeral home, Momence.

A son of Leslie J. Loman of Momence township, he is survived by his wife and two children, Janice Kay and James, both at home.

Conviction Of Cardinal Stirs Angry Reaction

By the Associated Press
A "closed" sign today on the door of the Hungarian consulate in New York—a silent symbol of the wave of angry reaction stirred by the conviction of Joseph Cardinal Mindszenty.
Hungarian consular staffs in two other cities also were split by resignations that came as public officials and churchmen throughout the western world protested the life prison sentence imposed on the cardinal on treason and other charges.
In Congress, demands were raised that the U. S. sever diplomatic relations with Hungary, and that the United Nations be asked to intervene in the Mindszenty case.
In Canberra, Australia, president of the United Nations General Assembly, H. V. E. Frost said the matter may come before the April U. N. meeting in New York.
Lawmakers in the parliaments of Great Britain, the Netherlands and France also strongly denounced the action of the Hungarian people's tribunal.
Reading the list of nine Hungarian officials in this country who quit their posts yesterday in protest was Bela Balint, acting consul general in New York and a Hungarian diplomat for 22 years.
He said he reached his decision because present events in his homeland "overstepped the bounds of human morals and God-like decency."
Four members of his staff resigned with him.
In Cleveland, two clerics quit their jobs in the Hungarian consulate office. Two officials of the Hungarian legation in Washington also resigned.
The "Voice of America" radio relayed news of the resignations to Hungary.
Indications in Washington were that the consulate staff members probably will be allowed to stay in this country as political refugees.
State legislators and city officials joined with Congress in assailing the Hungarian court's action.
"Normal Processes"
House Republicans unanimously adopted a declaration of "indignation and condemnation" proposed by Rep. Hale (R-Me.).
Rep. Sonner (D-N.Y.) introduced a resolution proposing that the President "sever all diplomatic relations with the government of Hungary."
Similar action was urged by New York Republican City Councilman Edward Rafter who said a declaration of war on Russia would wipe out communism.
However, another New York City councilman, Benjamin J. Davis, a Negro Communist, defended the trial of the Hungarian prelate, saying the "normal processes of law took place."
He said the Hungarian people should be allowed for "not letting a man use his robes to hide his crimes."
The Vatican, made public today a letter from Pope Pius XII bitterly condemning the arrest of Josef Cardinal Mindszenty. It was announced at the same time the pontiff will address a "secret" and extra-ordinary consistory here next Monday.
Action Resounded
The Vatican, made public today a letter from Pope Pius XII bitterly condemning the arrest of Josef Cardinal Mindszenty. It was announced at the same time the pontiff will address a "secret" and extra-ordinary consistory here next Monday.

So-called "velvet ants" are not ants, but wingless relatives of the wasp family.

How To Relieve Bronchitis

Cremolium relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremolium with the understanding you must take the way it quickly allays the cough or you are to have your money back.

Cutsingers Take It Easy On 78th Anniversary

Humphreys Mo., Feb. 8.—(UPI)—"Grandma" and "Grandpa" Cutsingers were the calmest residents of this tiny north central Missouri town to turn their 78th wedding anniversary.

But they were intensely proud of their long married life, a union which began back when a panther and deer roamed the Ozarks.

"Grandma" and "Grandpa" Cutsinger both asked that there be no fuss and feathers today. They said they just weren't up to a big celebration, especially "grandpa."

T. D. Cutsinger, who has seen 95 birthdays, fell about two weeks ago and hurt a foot. He has been in bed since.

"Grandma" Cutsinger was spry, however, and refused to let her 94 years slow her down. Until the recent, extremely severe weather forced Humphreys with ice and snow, she did her own shopping and went to the postoffice regularly.

Reads Without Glasses
On her anniversary, which she thinks may be a record for longevity, she still knits and sews. And she chews with her own teeth.

A pile of cards on the front room table today contained the good wishes of virtually every household in Humphreys, population 200. There were other hundreds of cards from all over the country, too. But most residents of the town refrained from calling at the house. They said they didn't want to risk "upsetting" the aged pair.

"Grandpa" ended a covered wagon trip from Pittsburg, Ind., with his bride-to-be and her parents in Taney county in southwest Missouri. The couple lived in the Ozarks only briefly, then moved to the richer, rolling, cornlands of this region, where "grandpa" spent nearly a half-century working as a farmer on rented land.

He raised corn and sold it for 20 cents a bushel. He admittedly has dropped off the pace, but refuses to try to understand why moderns have to spend so much to live.

"Grandma" does the talking for both of them, usually. She recalls that she married "grandpa" when they were 16 and 17, respectively.

"We grew up with our children," she said, "and understood their problems."

The Cutsingers' nine living children, along with 26 grandchildren, 41 great grandchildren and six great great grandchildren are so widely scattered that few of them were able to attend the anniversary.

"Grandma" and "Grandpa" live with their oldest child, Mrs. Dorothy Larkin, 77. Another daughter, Mrs. Liza Kingsley, 72, lives here also and visits her parents daily.

Mrs. Kingsley recalled earlier celebrations, which were always "big affairs," in contrast to today's simple dinner and modest cake.

The dinner naturally included fried chicken and gravy and whipped potatoes. But it was nothing fancy.

"Grandma" and "Grandpa," who say hard work is responsible for their long lives, preferred finally to take it easy.

Treatment Of Cross-Eyed Tot Should Start Early In Life

By Herman N. Bundesen, M.D.
We have, from time to time in this column, told mothers that, shortly after birth and thereafter, a young baby should be given a thorough physical examination. And one of the important things that should be noted is the child's vision.

Poor eyesight in "grown-ups" too often comes from neglect of some simple eye difficulty in early life.

Even though the eyes are perfectly sound at birth, the eyesight may be lost through lack of use of the eyes if anything should interfere with the stimulation of vision during the period of eye development, such as eye diseases.

Eye Defect
Crossed eyes is probably the most important eye defect requiring early treatment, usually before the age of 3. The cross-eyed most often is due to a defect in vision, such as

In Training
Dean A. Steele, who enlisted in the army about a month ago, is stationed with Co. D, 50th Airborne Infantry Regiment at Camp Breckinridge, Ky. He has enlisted for three years. The recruit is a son of Mr. and Mrs. Arnold Steele of Painesville.

Wonder Minerals
FOR THOUSANDS of years sufferers, on advice of doctors, go to mineral springs to get cure or relief. The late President Roosevelt used to go to Mineral Springs in Georgia. He was helped or would not have gone there twice a year.

WE HAVE all heard of the miraculous springs of Lourdes, France, and famous Thermen in ancient Greece, where, according to legend, Hercules, the god of eternal strength and youth, drank his waters and bathed to be forever young.

IF YOU ARE a sufferer, and can't go to the mineral springs, try GEO-MINERAL which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results
WATCH your elimination from your bowels two or three days after you start using GEO-MINERAL. The waste, black as coal, will break away and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize its priceless value.

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have (they) spells of inability to work or play, a poor appetite when your eyes lack that brilliant spark and your mind brilliance, when headaches get the best of you, and life seems not worth living, with worry wearing you down, you may be simply lack of minerals in your body.

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

GEO-MINERAL: 1 bottle \$1.19 for 30 days. 3 bottles \$3.57 for 90 days. 6 bottles \$6.94 for 180 days. 12 bottles \$13.88 for 360 days.

Mail Orders to Above Address—Add 10c for Postage.

farightedness. Crossed eyes may be the result of an injury at the time of birth, causing paralysis of the eye muscles, or it may develop when the vision of the eye is lost through some disease.

If the vision in one eye is not as good as in the other, the child is not able to look at an object with both eyes, so that the eye which is worse turns in. This frequently happens when the child's resistance is lowered as a result of some illness early in childhood.

In treating cross-eyed eyes, glasses should be fitted as soon as possible. This may not be until the child is 18 months to two years of age. Exercise of the eyes and training may be necessary. Sometimes the good eye is kept covered for a period of hours each day, which helps the development of the defective one. Surgery may be required, especially

what is known as eye-consciousness. Eye infection of various types may occur with symptoms such as redness, pain and tearing. These, of course, should receive prompt treatment by the physician.

QUESTIONS AND ANSWERS
Q. What causes me to have terrible pains at the lower part of my back? After I've been sitting and get up I cannot straighten up for a minute or so.
A. Answer: Pain in the lower part of the back may be due to muscle inflammation or muscle spasm. It may come from inflammation of the joints of the spine or a strain of these joints. Disturbance of the abdomen may contribute to low back pain.

A thorough study by an orthopedic specialist is advisable so that the cause may be found and proper treatment carried out.

MOTHER DIES
Funeral services were held at Chicago today for Mrs. Abraham O. Winkler, mother of Mrs. Rose B. Winkler, who died Sunday at her home in Chicago. The mother is Mrs. Abraham O. Winkler, of 1608 East 14th street.

Decline In Commodity Prices Checked

By The Associated Press
Commodity prices checked a decline today, but in general were checked in their day-long decline which turned into a plunge yesterday.

In addition to unsettled prices, there were a series of other indications of the country's shifting business situation. The Chicago grain pit, future prices fluctuated in wide swings. But prices of many other commodities in the cash and futures markets and quotations on securities in Wall Street did not follow the trend of grain.

Grains took the spotlight. Overnight there were many orders to sell, but these were absorbed at times and buying was attracted during the day.

Stocks on the New York stock exchange were higher by a few cents to a few points. The market was not likely to show up at retail—yet continue—some time before processing and retail sale.

However, Secony-Vacuum Oil Co. put into effect price cuts on home heating oil in the New York metropolitan area to meet increased competition from independent distributors. That is a pattern often seen in declining markets.

And reflecting lower corn prices, the A. E. Staley Manufacturing Co. decreased corn products prices. The department of commerce reported wage and salary payments fell in December and unemployment compensation rose. Nevertheless, the total of the two figures showed that the number was at the highest rate ever recorded for any December.

Price declines in the wholesale market were not as sharp as those in the retail market. 5,000 Travelers Marooned On 40 Stalled Trains

By The Associated Press
A North Dakota storm, high winds in the Rockies, and a new Nebraska blizzard-beleagued west, together with a series of blizzards, marooned 5,000 travelers on 40 stalled trains and countless others on thousands of miles of blocked highways.

Train schedulers planned a "dogfight" to parachute dogs to guard the stalled trains. The dogs were to be used to guard the stalled trains.

Strong winds and additional light snow in the Rockies and the Plains marooned thousands of travelers. The dogs were to be used to guard the stalled trains.

The new snow and wind storms this week in the Rockies and the Plains marooned thousands of travelers. The dogs were to be used to guard the stalled trains.

'Outlaw' Ball Player's Suit Scores A Point

New York, Feb. 9.—(UP)—The U. S. Court of Appeals ruled today that the development of television and the increasing use of radio broadcasting may bring baseball within the provisions of the federal anti-trust laws.

The court made its decision in a ruling on a suit filed by the Federal Baseball Club of Baltimore against the National Baseball Commission. The suit was filed by the Federal Baseball Club of Baltimore.

When the case goes back for trial, Judge Senior Judge Learned Hand, assuming that it does upon our opinion it will be necessary, as I view it, to determine whether the baseball business is a business, or whether it is a game. The court made its decision in a ruling on a suit filed by the Federal Baseball Club of Baltimore.

Wheaton Quartet To Sing Here

The Wheaton college Chapel Choir quartet will be featured at the Youth for Christ rally to be held in the First Evangelical United Brethren church, 178 West Court street, Kankakee, Saturday at 8 p. m. The quartet composed of Don Saffstrom, Roger Wiganosky, Don Lora and Craig Koedel will feature special quartet numbers, with Don Saffstrom as soloist and speaker. Don Sandburg is the pianist for the group. Rev. F. J. Nader, director of the Kankakee County Youth for Christ, will lead the rally in singing hymns and gospel choruses.

Martinton Man, Son, Recover From Injuries

Martinton, Feb. 9.—(JNS)—John Roach and son, Jim, are at Iroquois hospital in Watseka where they are recovering satisfactorily from injuries sustained in an auto-truck collision Friday on highway 1, just at the Beaver creek bridge northwest of Peapack.

The cause of the accident was contributed to by the snow-packed pavement. The Roachs, who reside in Martinton, operate farms near the village.

Recovering Myron Bartlett, a Martinton farmer, is able to walk with the aid of crutches, due to a fractured ankle, sustained when he slipped on the ice and fell recently.

Attend Reception Mr. and Mrs. Carl Orman, Mr. and Mrs. W. A. Rosenberger and Mr. and Mrs. Herbert Orman attended a reception at the Martinton home of Mrs. Charles Parada on their golden wedding anniversary at their home in St. Anne.

Mrs. Parada, the former Nanette Stockton, resided on a farm west of Martinton until after her marriage.

Instruction School Mrs. George Kaufman and Mrs. Emory Baron, members of the Martinton Home Bureau unit, attended a school of instruction in Watseka Monday. It was the last in a series of lessons on the use of dress forms.

Transfer Property Mr. and Mrs. Samuel Wagner sold their property in Martinton last week to Mr. and Mrs. Donald Fleming. The Flemings will move from the Mrs. Delphine Barlow farm, where they have been tenants for the past two years, as soon as the Wagners vacate.

To Meet Saturday The regular monthly meeting of the Martinton Home Bureau unit will be held Saturday afternoon at 1:30 o'clock in the Martinton Consolidated school. The major lesson will be "The Home of Tomorrow."

Manteno Ag Club To Have Benefit Meet The Manteno Pioneers Agricultural club will have a benefit meeting at 8 p. m. Thursday at Manteno high school to raise funds for Camp Shaw-Way-Nu-Sie.

Roy Wilcox of Herscher will show a moving picture entitled, "From Here to Rio," a trip made by him and his wife. There will be recreation and refreshments. Miss Susan Boutwell, county youth assistant, will attend the meeting.

There will be no admission charge, however, voluntary contributions will be accepted.

Notice How Much Better Our Car Runs Now? Yes, And How Much Safer It Is, Too!

Your safety and the safety of others depends on your car running at peak efficiency. That means, good brakes, good headlights, good wipers and a motor that gives you power when you need it. A complete motor check-up at SHAPIRO'S will do it.

Departmental Students To Present Play

A one act comedy entitled "Springtime for Skipper" will be presented by a group of Departmental school students at a PTA meeting Tuesday night in the Parish hall at the First Methodist church. The play, under the direction of Mrs. Robert Bydalek and Adine Williams, the latter a student, will begin at 8 o'clock. Members of the cast are, back row, (left to right) Karen Lauridsen, Dax McCracken, Marilyn Graf, Robert Creek and Roy Johnson. Front row: Robert Anderson, Rainona Donar and Philip Lottinville.

Local Woman Treated After She Slashed Wrists

Mrs. Betty Kessler, 26, of 417 North Greenwood avenue, lies unconscious in the emergency room of St. Mary hospital after slashing both wrists in an apparent suicide attempt, while locked in the city jail. The woman tried twice to slash herself with broken glass, obtained when she smashed light bulbs in two other cells, by throwing her shoe at the bulbs.

for an indefinite stay at the Albert Whaley home.

Mr. and Mrs. Louis Davis and children went to Goodland, Ind. from a recent illness.

Although Youngstown, Ohio, did not have a steel plant until 1892, it was an iron-working center from its founding in 1797.

4-H Club Elects Vice President Joyce Preston was selected as vice president of a 4-H club of Kankakee at a meeting Tuesday at the home of Margaret Strasma. Margaret Shuman, president, conducted the business meeting after which several talks and demonstrations were given. Group singing followed, and refreshments were served.

The next meeting will be at the home of Sandra Buschman, 510 South May avenue.

Blood Bank Now In Operation At Watseka

Watska, Feb. 9.—(JNS)—Walking blood bank program to be initiated in this city is ready for operation, it was announced by George Brundage, chairman, at the regular American Legion post meeting Monday night in the new Legion home, of immaculate conception of St. Edmund's Catholic church Monday evening at the church.

Donors individual blood types their names, addresses and other personal data will be kept on file at the hospital for ready reference in times of emergency in which transfusions are needed.

A letter was read from Congressman Les Areeda of Melvin advising the local Legion post that he has available for a candidate endorsed by the local post a principal appointment to Annapolis and a first alternate appointment to West Point.

Robert Hessing, 17-year-old Watseka community high school honor student, has been endorsed by the Watseka post to one of the appointments. Hessing said Tuesday that he plans to accept the Annapolis appointment.

New Game Warden Sam Redman of this city has received confirmation from Springfield, Ill., of his appointment as the Iroquois county investigator for the state conservation department. It was announced Tuesday.

Redman succeeds N. R. Tolle of Watseka, who is appointed by Circuit Judge Roscoe C. South as bailiff and probation officer of Iroquois county to replace Fletcher Kenney of Watseka.

Tolle said his resignation as conservation officer, effective March 1, was accepted by Leonard Schwartz, director of the state conservation department. Tolle is a former county sheriff.

Confirmation of two appointments to the state highway department in the county also have been received. They are those of Fred Johnson of Crescent City and Ernest Shaffer of Watseka.

Others are working in the maintenance department to fill vacancies. They are waiting confirmation of their appointments. It was reported.

State Employee J. M. Donohue, 69, of Monticello, probation officer for the state department of public welfare, was laid off a fractured collar bone and bruises Monday when his auto skidded on icy pavement and went through a fence on U. S. 36, five miles west of Gilman.

A young ward of the state, who had been employed at Onarga and was being returned to U. S. Lincoln State Colony at Lincoln, escaped unharmed.

Donohue was taken to the office of a Gilman physician for treatment of his collar bone fracture and later taken by ambulance to a Champaign hospital. State Trooper Stanley Bricker investigated.

Another Bank Theft Third in a series of top plays bank burglaries at local residences was revealed Monday by the Charles Lewis family of East Loost street.

Two previous plays bank thefts over the week-end netted thieves a total of \$550.

Carl Buckner, economics and history instructor at Ollman high school, will be principal speaker at a meeting of the Iroquois county Rural Youth club at 7:30 p. m. Thursday at the Farm Bureau office here.

Plans for the March and April meetings will be made. A chili supper will be served at the March meeting and in April the local club will be host to Kankakee, Livingston, Vermilion and Champaign county Rural Youth members.

Request To Church Request of \$300 to trustees of the Sheldon Christian church to be used at their discretion for church purposes is contained in the will of the late Rachel A. Cheever of Sheldon, who died November 9.

Dial 3-9832 for the Kut & Kurl Beauty Salon at the Trading Post. The wrong number appeared in their ad in Saturday's Journal.

1948. The will was submitted to probate Monday in county court with Dale A. Nelson of Watseka appointed executor.

Hospitalized Here Y. R. Yang, 56, of the Garrett Bible Institute at Evanston, is in Iroquois hospital suffering from shock and a minor nose injury suffered Monday afternoon when an auto driven by the Rev. Marshall Ketchum of Stockland, in which Yang was a passenger, left a narrow slab road and went into a ditch east of Milford. The Rev. Ketchum reportedly escaped injury.

Parish Party Planned Plans for a parish party to be held Tuesday, February 15, were made at a meeting of the Sodality of Immaculate Conception of St. Edmund's Catholic church Monday evening at the church.

Watska Notes The Rev. L. O. Leet, national stewardship evangelist for the Christian church of America, was principal speaker at the regular weekly luncheon meeting of the Kiwanis club Monday noon at the I.O.O.F. hall.

Finda His Choppers Decatur, Ill., Feb. 9.—(JNS)—Sam Bridge, a Watseka railroad fireman, lost his choppers about three months ago while riding locomotive No. 2719. A few days ago a machinist at the roundhouse, working on the locomotive, found them at the bottom of the pile through which the locomotive stoker took coal from the tender to the firebox. They were undamaged.

Bridge apparently lost his teeth in the tender coal. Since then, railroad men estimated about 200 to 300 tons of coal have passed over his teeth and into the firebox.

Murray Recovering Pittsburgh, Feb. 9.—(JNS)—Philip Murray, president of the CIO and the United Steelworkers of America, was reported in satisfactory condition in Mercy hospital today after undergoing an emergency appendectomy.

Murray, who will be 63 in May, entered the hospital two weeks ago for a physical checkup and to rest after suffering a stomach disorder.

To Pahrubus Sheep Dogs Salt Lake City, Feb. 9.—(JNS)—E. Woodrow Walton, clerk of the state aeronautics commission, said today snow bounties shepherders in eastern Utah are in desperate need of sheepdogs.

So the civil air patrol plans to parachute dogs to mountain floors. The state aeronautics commission has provided the parachutes.

Sheepdogs are needed to keep flocks in control and warn against predators.

Start Life Anew Bristow, Okla., Feb. 9.—(JNS)—An elderly couple is starting life anew today after a separation of two generations.

They are Barkeley Burris, 72, and his wife, Mrs. Mershon, 65, married for the second time to each other yesterday in Mrs. Mershon's home here.

Burris, an old-time pensioner of Phillips, Tex., and his wife were separated in 1906 when he left to look for a job. The last touch with each other, finally giving up hope that either was alive. Mrs. Mershon remarried.

Last week, Burris discovered his wife's whereabouts through a chance meeting with her brother in Phillips. She came to Bristow only to be rebuffed. Mrs. Mershon, however, soon changed her mind and asked him to return.

Primaries Held In Six Illinois Cities

By the Associated Press
Mayor Carl O. Triebel of Peoria, who closed bingo-for-charity with gambling and stood pat against it in any form, easily won renomination in yesterday's Republican primary. He is one of four Illinois mayors who won renomination in primaries in six cities. Others are Mayors Earl E. Miller of Freeport, George Meyer Jr. of Quincy, and Ralph B. Johnson of Galesburg.

At Bloomington, Mayor Mark B. Hayes, Republican, was nosed out by 34 votes in the complete, unofficial returns by Alderman Walter Benson. The count was 2,973 to 2,939 Benson is 30. Hayes, former president of the Illinois Municipal League, is 59. Lawrence Nordine was third with 1,824 votes, and Robert McGraw ran fourth with 748. Cecil Cone, unopposed for Democratic nomination, received 1,201.

Bingo an Issue
At Peoria, where the bingo game was an issue, Triebel defeated Roy Hughes, 9,515 to 7,127. Both Triebel and Hughes deplored gambling, but Hughes contended that bingo, particularly for charity purposes, could hardly be classified as gambling in a commercial sense. Triebel held that the game although sponsored by churches and other groups for charitable causes, would be "an opening wedge to spread gambling in all forms."

Triebel has kept the lid clamped on gambling, including bingo, during his administration.

For Democratic nomination, Joseph Malone, a school board member, nosed out Howard Beene by 38 votes. Complete official returns gave Malone 2,157 votes and Beene, 2,119.

At Quincy, Meyer will oppose Alderman William L. Kettler, a Republican, in the election. Meyer defeated Clem Bickhaus, proprietor of a job printing business, in the Democratic primary, while Kettler won over a field of five opponents and had 1,409 votes to 562 for Ralph B. Lusk, his nearest opponent.

Freeport Ticket
Miller, running on Freeport's citi-

zens' ticket for which most Republicans usually vote, polled 1,126 votes to 879 for Milo Adleman, a World war II veteran.

The People's party which normally has Democratic support, nominated Glen F. Kunkle to oppose Miller. Kunkle received 1,092 votes to 486 for Louis W. Stiegman. Both now are aldermen.

Mayor Johnson of Galesburg appeared to have won re-election as well as the renomination by defeating David P. Lindberg, 5,087 to 4,271, on the People's party ticket. It was the only ticket in the field.

Former Congressman Ashton Johnson won the Republican nomination for mayor of Macomb by defeating John Burgard, the party's McDonough county chairman. There were no candidates for the office in the Democratic primary.

Two Gridley Women Injured In Crash On Gilman Road

Gilman, Feb. 9.—(JNS)—Mrs. Joe Klopstein and Mary Klopstein of Gridley sustained injuries in an auto accident Friday while enroute to Ft. Wayne, Ind., to attend a funeral. The car in which they were riding crashed against a parked truck west of the Fairview oil station. Both women returned to their homes in Gridley.

Births
Mr. and Mrs. Charles Lee are parents of a daughter born Friday at Swedish Covenant hospital, Chicago. The mother is the former Vernus Hartley, daughter of Mr. and Mrs. C. D. Hartley.

Mr. and Mrs. Marvin Poe announce the birth of a daughter Saturday at Iroquois hospital, Watseka.

Gilman Notes
Word has been received here that Mr. and Mrs. Robert Jones Sr., who are spending the winter in Florida, are at the Melbourne Beach Trailer village.

Mrs. Richard Larsen is visiting relatives in Chicago.

Mr. and Mrs. Marshal Cassidy and family returned home Tuesday from Stormlake, Ia., where they visited the latter's parents.

Mrs. Corinne Faber, who has been ill at the home of her parents, Mr. and Mrs. B. J. Reilly, returned to her home in Effingham Sunday.

Saint Francis Xavier, 16th Century missionary priest, traveled for 11 years in India, the East Indies and China. He is believed to have baptized more than half a million people.
