## Slayers Of Gandhi Get Death Penalty

Five Of Eight Defendants Draw Life Terms

New Delhi, Feb. 10.—(AP)—Narayan Godse and Narayan Apte, editor and publisher of a small Poona newspaper, today were sentenced to die on the gallows for the assassination of Mohandas K. Gandhi.

Five of the eight defendants were given life sentences. The aged politician, V. D. Savarkar, who had been described by the prosecution as the brains of the plot against Gandhi's life, was acquitted.

D. R. Badge, a ninth man arrested in the plot, turned state's evidence and was released at the end of the proceedings.

The sentences for the slaying of the 78-year-old Hindu spiritual and political leader on Jan. 30, 1948 were pronounced in the heavily guarded courtroom of Delhi's old red fort by special Judge Atma Charan at the conclusion of an eight-month trial.

Defendants Laugh  
The defendants came into the crowded courtroom laughing and joking. When led from the room after the sentences were pronounced they began shouting, with Godse's voice sounding above the others, "We will conquer Pakistan. Long live Hindustan." Then they broke into loud laughter.

Sentenced to life imprisonment was Vishnu Karkare, hotel keeper at Ahmednagar.

Madan Lal, Punjab refugee who admitted setting off a bomb at Gandhi's prayer meeting 10 days before the assassination.

Dattatraya Parbhure, Gopal Godse, brother of the chief defendant.

Khatayya Shankar, a servant. The judge recommended, however, that Shankar's sentence be commuted to seven years hard labor.

Godse, who was seized on the prayer grounds of Birla mansion here the moment of the assassination when a smoking pistol in his hands, was found guilty of five subsidiary charges besides the actual killing of Gandhi. Before reaching the pronouncement of the sentence on the main charge, the judge sentenced him to a total of 19 years imprisonment.

Smile at Charges  
Apte also was sentenced to 19 years imprisonment on subsidiary charges. Besides his life sentence, Lal was given 25 years for abetting murder.

Standing erect in a green sweater and brown scarf, Godse smiled as the judge listed the charges on which he was convicted, including illegal possession of firearms and explosives.

All the defendants except Shankar

## Hungary Expels U. S. Vice Consul

Budapest, Hungary, Feb. 10.—(AP)—The government announced today it has expelled Robin Steussy, vice consul and third secretary of the United States legation, whom it charged with spying and smuggling men out of Hungary.

The announcement made a similar charge against Stephen A. Koczak, an American legation attaché, who was expelled before the trial of Josef Cardinal Mindszenty and left the country a week ago.

"They smuggled men, using cars and having bribed Dr. Tibor Gal, an officer of the customs," the statement said, "they smuggled out Istvan Barankovics and others."

Barankovics was the leader of the democratic peoples' (Catholic) party, who reached Vienna six days ago.

Barankovics fled Communist-dominated Hungary after dissolving the opposition Catholic party in spite of what he termed government threats of severe reprisals. He said he arrived in Vienna at the price for dissolving the party would be a declaration that it was done because of the Vatican's actions in the Mindszenty case.

The government statement said the customs officer, Dr. Gal, and "his accomplices," have been detained.

The U. S. minister, Seiden B. Chaplin, refused to comment on the expulsion order or the government's charges.

Steussy left Budapest for Vienna at noon today. He had been given 24 hours to leave, a legation official said. Before he left he told a reporter "it's up to the state department to comment in my case, I believe." Steussy's home is in Madison, Wis.

Koczak, second secretary of the legation, had been expelled on 48 hours notice a week ago.

Mitchum And Lila Leeds Get 60-Day Terms

This was the scene a moment after Superior Judge Clement D. Nye sentenced Movie Star Robert Mitchum and Actress Lila Leeds to 60 days in jail on charges of conspiracy to possess marijuana, cigarettes. Mitchum (second from right) turns with a quizzical expression to his attorney Jerry Giesler (right), whose face seems to mirror disbelief at the sentence. Miss Leeds (left) seems astonished. Her attorney, Grant Cooper, is between her and Mitchum. (AP Wirephoto)

## Mitchum Begins 60-Day Jail Term On Floor Scrubbing Detail

Hollywood, Feb. 10.—(UP)—Movie idol Robert Mitchum, who hasn't pushed a mop since he started making \$3250 a week, was routed out of his jail cell before dawn today to scrub floors.

That's how he began his first full day of a 60-day sentence for conspiracy to possess marijuana. Upstairs, in the women's section, blonde Starlet Lila Leeds started the same sentence. She said she would spend the 60 days writing a book.

Chief Jailer Charles A. Fitzgerald said the handsome he-man was a quiet, well-mannered prisoner.

"Mitchum's the type that makes a good institutional inmate," he said. Mitchum accepted the prison routine with a resignation that was an about-face from his swaggering nonchalance after police arrested him last Sept. 1 at a "reefer party."

He said he wasn't "happy" about his jail sentence, but admitted it was "fair."

"I've already been tried by public opinion. Maybe this will help people forgive me," he said. He tackled his prison chores in ill-fitting dungaree pants and jumper and a blue denim shirt.

Mitchum said he was hoping to serve out his term—which can be shortened to 30 days for good behavior—on the honor farm.

TILDEN SENTENCED  
Los Angeles, Feb. 10.—(AP)—Big Bill Tilden, ex-tennis champion of the world, was sentenced to a year in jail today—his 56th birthday.

Superior Judge A. A. Scott found him guilty of violating his probation on a conviction of contributing to the delinquency of a 14-year-old Beverly Hills, Calif., youth.

VANDENBERG TO RETIRE  
Detroit, Feb. 10.—(AP)—Sen. Vandenberg (R-Mich) said today that he would leave "public life completely" at the end of his present term in 1952.

"At that time I will be 68," he said "and I will have had 25 years in the United States Senate. I think that is enough."

The senior Michigan senator came to Detroit for a Lincoln day address before a Republican gathering tonight.

Says A-Bomb Is Size Of Golf Ball  
Los Angeles, Feb. 10.—(AP)—An air force officer's prepared speech referred today to "the atomic bomb, the size of one golf ball," but he explained later that he was talking only about the fissionable core.

Lt. Col. William R. Stark, member of a five-man team from the industrial college of the armed forces, spoke today before industrial leaders attending a course on economic mobilization. A summary of his prepared address, released by marine corps headquarters, phased it this way:

"The atomic bomb, the size of one golf ball, would be the equivalent of 270 ten-ton TNT bombs, the damage coming from three sources—blast, flash heat and radioactivity."

But the colonel, amplifying to a reporter, explained:

"It's obvious that the atomic bomb is much bigger than that, because it takes a B29 to carry it. Some of the scientists say that if we could get 100 per cent efficiency (from a fissionable core the size of a golf ball), which we never can, it has that potential power."

Plane Out Of Gas, Lands On Highway  
St. Louis, Feb. 10.—(UP)—A Muncie, Ind., pilot took off for Dallas today after landing on a busy highway here when his light plane ran out of gas.

Burt Engel, 21, flying to Dallas from Indianapolis, said he got lost in a fog and ran out of gas while looking for the Lambert-St. Louis Municipal airport.

## Gain In Battle To Aid Storm Area Sufferers

New Windstorms Batter Pacific Coast, Great Lakes Region

By The Associated Press  
New windstorms battered the northwest Pacific coast and the Great Lakes today, but rescuers in the snow-locked west gained in their grim fight against food and fuel shortages and human suffering.

President Truman okayed another \$50,000 to help blizzard victims.

The fresh Pacific storm flung new snowdrifts in the path of traffic in the central and northern Rockies. Heavy rain whipped the coast and temperatures warmed by 10 to 20 degrees today in some snow-piled sections—thus posing a threat of dangerous floods.

In the Great Lakes region, however, a new storm drove snow flurries and colder weather into the midwest on strong northerly winds. Moderate to heavy rains swept across Mississippi, Alabama and Virginia.

The Union Pacific railroad said at Omaha that only five of 45 marooned trains still were snowbound today. The five are at Rawlins and Hanna, Wyo., where the rail situation was worse instead of better.

All roads in the Rawlins, Casper and Green River areas were shut. Human suffering mounted. Emergency measures were stepped up to rescue hundreds reported isolated—some for weeks.

Rail lines and highways over a four-state area were blocked by huge snow drifts, leaving thousands of persons stranded. Thirty-one passenger trains, carrying some 6,000 travelers, were stalled.

Conditions in Wyoming were reported to be the most critical since the first blizzard struck the state Jan. 2. "Thirteen Union Pacific passenger trains were stalled in the state. Ten others were snowbound in Utah; five in Nebraska, and three in Idaho."

New Storm Brews  
Fresh gales out of the Gulf of Alaska roared out of the Pacific northwest last night, hitting north central Idaho and moving into northern Utah and Wyoming. The strong winds, blowing the mountainous piles of snow over newly cleared highways and rail lines, were expected to extend into Nebraska and the Dakotas by tonight, the U. S. weather bureau said. The area has been hit by severe wind storms since Sunday.

Ground transportation was virtually halted in several parts of the blizzard belt, but most aerial operations continued. Food supplies were flown to stranded rail passengers at Green River, Rock Springs and Casper, Wyo. At Medicine Bow, Wyo., the storm was so intense yesterday the national guard was called in to help with snow operations—were halted. The army and Red Cross placed Sinclair, Wyo., on the "critical" list.

The country's coldest weather was in the north central region today. Temperatures generally were below zero in Minnesota, the eastern Dakotas and northern Iowa. The mercury dropped to -30 at Pembina, N. D., during the night but early today started to climb and was expected to reach above zero during the day.

Set Up Relief Center  
Rain fell in the Pacific northwest and over sections of the south-eastern states as far north as the

## Truman Scores Treatment Of Mindszenty

Describes Trial As Kangaroo Court; See New Red-West Clash

Washington, Feb. 10.—(AP)—President Truman today denounced Hungary's treatment of Josef Cardinal Mindszenty as "infamous."

He described the treason trial of the cardinal as a kangaroo court proceeding which will go down in history as a blot against the nation which carried it on.

Mr. Truman went on to say at his news conference that the matter of whether it was in violation of Hungary's treaties is being investigated and a report is to be made to him on that point.

The President gave reporters permission to quote directly his use of the word "infamous."

A reporter asked whether a break in relations with Hungary is under study. The President made it clear that he didn't say that.

American officials see the whole affair as one which will bring a new clash between Russia and the western powers.

Authorities predicted the clash will come when the United States and other western nations try to call Hungary to account for its actions against the cardinal. Whether the scene is the United Nations or otherwise, they expect Russia will immediately spring to the defense of its satellite state.

Such a course has been fore-shadowed by the consistent support given the Hungarian regime by the radio and other propaganda agencies of Moscow.

Not Isolated Instance  
Furthermore, authorities here asserted that the cardinal's conviction and life sentence, while highly dramatic because of his position as Roman Catholic primate of Hungary, is by no means to be treated as an isolated instance. They regard it rather as the latest outstanding example of a wave of oppression which has been sweeping over the Russian border countries in Europe for more than two years.

The House late yesterday adopted a resolution urging that the U. S. protest Hungary's treatment of Mindszenty either through the United Nations or other "appropriate" means. There was no debate and passage was voted unanimously. The resolution awaits Senate action.

Secretary of State Acheson directly linked Russia with the Mindszenty case yesterday in a statement in which he laid the basis for action against Hungary. Later, in response to a news conference question, he said that an appeal to the U. N. is under consideration.

In his statement Acheson declared that "the Soviet-controlled Hungarian authorities seek to discredit and coerce religious leadership in Hungary in order to remove this source of moral resistance to communism."

May Challenge Action  
Acheson said that other proceedings would be considered.

## Mother, 4 Children Overcome By Gas Fumes, Revived

Urbana, Ill., Feb. 10.—(AP)—An Urbana mother and her four children were overcome yesterday by fumes from a gas cooking stove but quickly revived.

Mrs. Loren Hoffman called the fire department when she came home from shopping to find her children on the floor. While the firemen administered oxygen to the youngsters, Mrs. Hoffman collapsed. She, too, had to be revived. The children are from two to five years old.

## Hoover Group Asks Revision Of Federal Hiring System

Washington, Feb. 10.—(AP)—The Hoover commission today asked Congress and President Truman to (1) outlaw political favoritism, (2) rescue the civil service from "red tape without ends," and (3) reward officials who cut the federal payroll.

In a new report on government reorganization, the bi-partisan commission called for these reforms by the nation's biggest employer. It said they would bring "great savings."

Shape a career service that will attract and hold "men and women of the highest intelligence" by opening new training and promotion opportunities.

Raise pay in the \$5,000-and-up brackets and lift the \$10,330 salary ceiling to a point closer to private-industry levels.

Require the removal of officers who show "political favoritism in making appointments."

Strip the civil service commission of its work-recruiting and some other functions. Hand the hiring job over to the individual agencies under modernized procedures.

## Voigt, New Watseka C-C President

Watseka, Feb. 10.—(JNS)—Reiner Voigt, co-owner of a motor sales company here, was elected president of the Watseka Chamber of Commerce last night as the organization held its annual dinner meeting at the Iroquois club. He succeeds C. B. Oliver.

Other officers named include the following: Jack Shonkwiler, vice president; Bernard White, secretary; and Kenneth Bartlett, treasurer. New directors chosen were K. P. Karrigan, Howard Gagnon, Lewis Goetz, George Bradshaw, Virgil McBroom and C. B. Oliver. Other members of the board of directors are Paul Ebeling, Otto Kleisner, C. P. Koonce, S. L. Martin, Ralph Schmidt and Dr. Joseph Roberts.

Principal speaker at the event was Joe T. Meek, executive secretary of the Illinois Federation of Retail associations. Harry Goebble, managing secretary of the chamber, presented the organization's yearly report.

Toastmaster was Selts Kamp.

## Congress Gets Plan For U. S. Radar Wall

Would Be Operated Jointly With Canada To Protect Nations

Washington, Feb. 10.—(UP)—The air force laid before Congress today a joint United States-Canadian defense plan to build a radar wall at "sensitive" spots around North America.

As hearings on the proposal opened before a House armed services subcommittee, Rep. Carl T. Durham, D., N. C., subcommittee chairman, said the warning system is designed to forestall another Pearl Harbor.

An air force spokesman said the plan calls for a network of radar stations to keep watch against possible aggressors, scanning air approach lanes as far as 300 miles from the coast.

Radar "sees" only 150 miles. But picket boats and circling planes in the most strategic areas would carry radar scopes 150 miles out to sea, doubling the range.

The plan calls for cooperation between Canada and the U. S. "down to the minutest degree," the spokesman said. Each country would pay its own share of the cost.

Not Air-Tight  
The U. S. would put up \$161,000,000. The number and location of radar stations proposed was a secret. The network, "contrary to some previous blarney, would not be able to blanket the coast."

"Economically, it would not be possible to build an air-tight radar fence around the North American continent," the spokesman pointed out.

Instead, the network is designed to give an "irreducible minimum" of security from surprise attacks from the air. The existing system was described as "wholly inadequate."

Much of the present radar setup is concentrated in the Alaskan area. It has been reported unofficially.

The air force said the proposed set-up would give adequate warning against the fastest planes "now in sight." The new air force jet bomber that crossed the continent this week at 607 miles per hour could be detected, for instance, at most 30 minutes before it crossed the coast.

## Tell How Russians Fooled Japanese

Slipped Secrets From Cabinet, German Embassy That Changed Course Of War

By Douglas B. Cornell  
Washington, Feb. 10.—(AP)—The army warned today that remnants of a fabulous Russian spy ring that operated in Japan with perhaps the greatest daring and success in history may be at work in world capitals "at this very moment." There is a fleeting hint at a present-day menace in the story of an espionage network so bold that it slipped from the Japanese cabinet and German embassy in Tokyo secrets which helped change the course of the war.

And there is another hint in a suggestion that the operator who tapped out coded messages on a secret radio might now be busy in some other country.

Censor Report  
The army snipped out parts of a 32,000-word report on the ring that Gen. Douglas MacArthur sent over from Tokyo. It gave "security reasons."

The now-it-can-be-told parts of the report unfold an amazing tale centering around:

Richard Sorge, a German Communist and master spy.

Otsaki Homumi, his second in command and a Japanese traitor.

Agnes Smedley, American author, accused of still being a Soviet spy. She denies it.

Sorge was on intimate terms with German Ambassador Ott, Otsaki with Japanese Premier Kono. And from these "perfect," unsuspecting sources they extracted information of "incalculable" value.

A month ahead of time, the ring sounded an alarm that Germany would attack Russia.

That Japan would attack Russia. So the Soviets felt safe in pulling troops from Siberia and rushing them across a continent to beat back the Nazi onslaught on Moscow.

Unwittingly Betrayed  
That surprise was the prime target of the spy ring. And it got it just three days before the Japanese smashed the network in 1941, just before Pearl Harbor.

Strangely, a man who is one of the top Communists in Japan today unwittingly betrayed the ring.

Sorge and Otsaki were hanged. The report says they were spies in China before shifting to Tokyo. It says Miss Smedley brought them together in Shanghai in 1930.

It says she "is a spy and agent of the Soviet government."

In New York, Miss Smedley said this is a "despicable lie." She said, "I am not and never have been a Soviet spy or an agent for any country."

She said she would sue General MacArthur if she could find legal grounds for doing so.

May Be Still At Work  
While there are no details to build up a spy scare now in Washington or other capitals, the MacArthur report says right at the start:

"Probably never in history has there been a ring more bold or more successful. Although most of the principals are dead, some are still at large. They can be expected to be secretly busy with their trade at this very moment in the capitals of the world."

If says Missouri-born Miss Smedley still is "at large" and so is Guenter Stein, a German. Each has written extensively on China.

Stein, the report says, "is a man about whom too little is known." It lists him as a "top-level member" of the Tokyo ring from 1938 to 1939.

Now living in New York, Stein's only comment was: "Ridiculous." He is not a naturalized American. The question of what ring leaders may be working today in what world capitals.

Tojo Wouldn't Believe It  
But the House un-American activities committee expects to toss questions about that at army and navy intelligence chiefs. They have been asked to sit in on a committee meeting tomorrow.

Tokyo dispatches gave additional evidence today of how well the Sorge ring operated. Two former officials who helped handle the spy case said the wartime premier, Hideki Tojo, was so certain Sorge was a loyal Nazi he tried to get him turned loose.

But Tojo changed his mind when he saw some proof.

The army account of the operations says that:

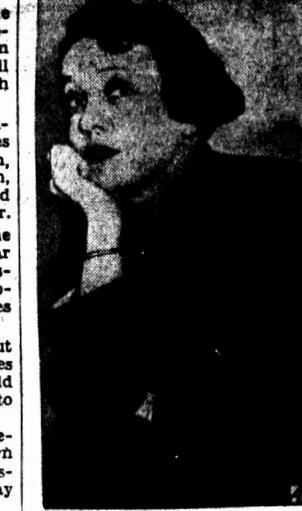

Three Japanese who used to live

## Find Body Of 1 Of 3 Missing Danville Tots

Danville, Ill., Feb. 10.—(AP)—The body of one of three missing Danville children, sought by airplanes and scores of volunteers, was found today in Stony Creek near here.

Police early had not determined which child's body was found.

Stony Creek empties into the Vermillion river, near where the children were last seen late yesterday.

Planes had been flying along the river. About 300 searchers, including Boy Scouts, had been combing the woods and brush in the vicinity.

Authorities feared the children might have fallen into the river, either from an ancient wooden bridge 80 feet above the water, or while playing along the bank. Plans were being made to drag the river.

Searchers combed the brush all night for the three children, Jerry Boswell, three, his sister, Mary Lou, four, and Linda Lewis, four.

The children went out to play about 2:30 p. m. yesterday. About three hours later, their parents began searching for them and reported their disappearance to police.

An anonymous telephone caller informed one of the parents she saw the children playing around the condemned College street bridge. The wooden structure, old and pocked with holes and loose planks, has been closed to traffic. It is about a mile from the children's home in the southeast section of Danville.

Jerry and Mary Lou are children of Mr. and Mrs. Gerald Boswell. Linda is the daughter of Mr. and Mrs. John Lewis.

## Future Farmers On Air Tomorrow

"Future Farmers on the Air," to be broadcast at 10:15 o'clock Friday morning by radio stations WKAN-WKIL, will bring to the microphone three members of the Manteno high school chapter of Future Farmers of America.

Miss Carey Clark, home economics teacher of Manteno high school and advisor of the Future Homemakers group, will lead the girls in a discussion of good grooming as applied to 1949 clothing styles. The sophomore students participating in the broadcast are Charlotte Draz, Delcie Tamblay and Aslet Niefeldt.

## Burt Lancaster Angling For Big Deal With 20th-Fox

Hollywood, Feb. 10.—Burt Lancaster is angling a deal that may mean a lengthy connection with 20th-Fox. The tough guy has been talking with the studio about the lead in "12 O'Clock High," an air force picture which, like "Command Decision," will be a benefit of females. Studio Boss Darryl Zanuck is so sold on Lancaster that he's seeking a longer deal for him. The pact might bring the actor's own producing company to 20th.

Acting union circles are concerned about the television situation. "The big talent unions can't come to agreement about how to handle the new medium. At present, it looks as though the Screen Actors guild will handle talent for television films and American Federation of Radio Artists for live shows."

The Edgar Bergens and the Dick Powells trained out for skiing in Sun Valley, Charlie and Mortimer stay home. Photo plays of the five most popular movie stars are shown in an interesting selection. They are: Ingrid Bergman, June Allyson, Rita Hayworth, Jennifer Jones and Esther Williams. Their average age is 28. That would seem to prove that the public wants its female favorites young.

Capitulate young. "Heart To Heart" (MGM) shows the power of the screen as an information medium. Made by Herbert Morgan in cooperation with the Associated Press, this short film deals powerfully with the subject most important to you—your own health. ### Admit Mrs. Kessler To State Hospital; Condition Is Fair

Mrs. Betty Kessler, 26, of 417 North Greenwood avenue, who yesterday slashed her wrists in a cell of the city jail, was removed to Kankakee State Hospital for treatment to her wounds was administered in St. Mary hospital. According to police, papers for her admission were signed by her husband, Ed.

A physician at the state institution disclosed that Mrs. Kessler's condition is satisfactory and that she is expected to recover. Although the woman lost a considerable amount of blood, a transfusion was not deemed necessary, the doctor reported.

Mrs. Kessler was booked at 1 a. m. yesterday for drunkenness and disorderly conduct. She tried twice to cut herself with bits of broken glass obtained by smashing light bulbs in her cell with one of her shoes. She used a single-edge razor blade in a third attempt and inflicted a severe laceration on her right wrist and four lesser lacerations on the left. She fought police and firemen who tried to administer first aid, for nearly an hour.

Those present were Mr. and Mrs. Martin.

For a quick facial, cream your complexion, leave the cosmetic on for a few minutes, then remove with cotton that has been dipped in skin freasher.

By HELEN FOLLETT  
There are times when a girl wants to look her best at short notice. A clasp on the telephone, a merry voice speaking, won't she join the gay party? She's tired as all get out, had planned to go to bed early. But she can't turn down that date.

She must decide how the half hour or hour at her disposal must be spent. She can lie down, relax, close her eyes, pull herself together, or she can rush her weary bones to a warm bath. If she has a grain of energy left she will choose the bath with a cold shower for a finish. Before getting into the tub she will wash and cream her face. Cream and moist hot air form a foundation for combination for banishing pallor. Just before donning the party frock she should remove the cream with a pad of absorbent cotton that has been dipped in skin freasher.

If she has a cap hairdo, little time need be spent on it. Perhaps her finger nails will need a touch up with polish, but that doesn't take more than a few minutes.

To give herself a new face that will stay fresh through the evening she will do well to use a foundation cosmetic. Rouge can be a bit brighter than that used during the day and, of course, the lipstick should be an exact color match.

One more suggestion: she must not get fussed and flustered. To dash around looking for this or that. Men don't like her that way. They prefer girls who have poise who take things in their stride.

# Farm Area 'Orson Welles' Upsets Town

Willmar, Minn., Feb. 10.—(UPI)—A farm-area "Orson Welles" show, an uproar last night with a radio broadcast that a carnival would come to town, and a wild and noisy celebration today that made the broadcast only to see who listened to his program. Police said the reaction to the show convinced them his later rating was high.

"I thought nobody listened to my program," said "Chargo," who produces a show for a Willmar Produce company.

Chargo announced on the air that a circus train, stalled in the South Dakota blizzard, finally had arrived at Willmar and that a pack of wild animals had broken away from the train.

He said one railroad patrolman was hospitalized with seven fractures, and the radio station and police headquarters. Neighbors arrived with one another to meet at strategic spots, the better to combat the beasts.

**Cautious Farmers**

One exhausted householder stumbled into the police station armed with a rifle and loaded down with a radio station and police headquarters. Neighbors arrived with one another to meet at strategic spots, the better to combat the beasts.

As the broadcast continued, Chargo advised citizens to turn on all lights in their homes, including basements and attics, in order to scare away the beasts. He cautioned parents to keep their children off the streets.

At this point the town fire whistle blew, landing credence to the story. The alarm, however, had nothing to do with scaring animals. A dairy products building was on fire.

The station, in response to the calls, put out a radio broadcast, meaning that no animals were loose. Police notified frightened callers and the excitement died down.

Like Orson Welles' now-famous nationwide "Marian Invasion" of a decade ago, the show will be remembered here for a long time.

### Bradley Lions Issue Challenge To Kankakee Club

Members of the Bradley Lions club meeting at the Glass Ball restaurant last evening, issued a formal challenge to the Kankakee Club to compete with the Bradley Lions club in two games of "baseball" on an unusual modification of basketball.

The Bradley Lions have made arrangements with the Bradley Club to play a game of "baseball" on Thursday, Feb. 26, and the club desires to challenge the Kankakee Club as opponents.

Modest somewhat after the game of dimes, basketball is played with three-wheeled tricycle wheels which carry two men. One man performs in the game and tries to land the ball in the net. The three-wheeled contrivances do not have tires.

Wives included: Al Pinfield, president of the Bradley Lions club; and Vernon Wade and Ted Martin, co-chairmen of the club's athletic committee, said that the challenge to the Kankakee club also is a challenge for the Bradley club members' wives to the wives of the Kankakee Lions.

While one of the games of "baseball" will be played on the order of basketball, the other game may be played in the form of a hockey game. It is this latter game that the Bradley Lions are encouraging their wives to participate in against wives of the Kankakee Lions.

In other business conducted at the meeting, the Bradley Lions made final plans for their Valentine dinner-dance to be held Monday evening at the Glass Ball, starting at 7:15 o'clock. Frank Benoit is chairman of ticket sales.

Two new members, Vernon Kell and Ralph Wagner, were introduced.

### Iroquois County To Be Host To Officials Friday, March 4

Watseka, Feb. 10.—(JNS)—Plans for an all-day meeting March 4 for supervisors, town clerks, assessors and justices of the peace of Iroquois county were made at a board of supervisors session Tuesday. Topics of general interest and current problems confronting county and township governmental bodies will be discussed at a general session in the morning. The group will be split into two bodies for round table discussion during the afternoon.

Four rooms on the west side of the county house first floor occupied by the county judge and county clerk will be redecorated through a decision reached by the public buildings and grounds committee, it was announced.

M. B. Coker of the Peoria Audit Bureau discussed the yearly audit of the county and answered questions asked by supervisors relating to department finances. Semi-annual reports of the county clerk, county treasurer, circuit clerk and sheriff were received and passed on file.

No changes were made in the pay of claims for farm livestock destroyed or maimed by predatory animals. The rates are \$20 for each sheep or goat, \$15 for each lamb, \$25 for each head of cattle, \$50 for each head of horses or mules, \$25 for each head of swine, and \$5 for each turkey.

### Free Boy, 15, On Charge Of Killing Playmate

Chicago, Feb. 10.—(AP)—Rafael (Rocky) Villaseor, 15, was acquitted yesterday of a charge of murdering William Gervais, 13, a playmate, after a trial in Cook county court.

The verdict was returned by a jury of six men and six women at the direction of Judge Alan E. Ashcraft, of Criminal court.

Judge Ashcraft ruled Villaseor's signed statement of the killing was not admissible as evidence because promises were allegedly made to encourage the youth to sign a confession.

Villaseor was accused of killing Gervais last Nov. 4 in Fulla, para, a southside recreation area, and stuffing his body in a shallow manhole.

Police said Villaseor signed a statement that he strangled his playmate with a belt when Gervais pretended to "antich" after the two committed unusual sex acts. The statement was made after Villaseor was given a lie test. However, George Brockway, operator of the detector for the juvenile court, said the test was not conclusive.

Mr. and Mrs. Frank Mayley of Chicago visited with Mr. and Mrs. Robert B. Eighner on Saturday.

Mr. and Mrs. Eighner are parents of a daughter, Laura Sue, born at St. Mary hospital Sunday.

Mr. and Mrs. Victor Orland of Evanston spent the week-end here with Mr. and Mrs. Fred Cooper.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

### Farmers Find Corn Moisture Giving Trouble

A source of great concern to the farmer these days is the high moisture content of corn. Reason for this high content has not been definitely determined, but the theory has been advanced that it was due to the lack of a killing frost early enough. Although the stalks looked dead, it is thought that the ears still continued to draw sap after they appeared fully matured.

This high moisture content poses serious problems to the farmer, two of which are the possibility of rotting in the crib and the inability to obtain a government loan.

No definite moisture content can be established as a rotting point for the grain, according to Lind G. Graham, Kankakee county farm adviser, because of the inconsistencies of other factors, such as humidity and temperature. Cold, clear, freezing weather for the remainder of the winter would prove a definite asset to the farmer. On the other hand, warm, sloppy weather and high humidity will encourage rotting.

Loan Requirements

Requirements for a government loan are 20 1/2 per cent moisture content, or lower, in a good, substantial

The one cure for the ill seems to be corn drying, a process for which the farmer is equipped. This process is accomplished through the blowing of air through cribs by various methods. An extensive program of drying would be difficult to effect on short notice. Meanwhile, the farmer should keep a close check on the condition of the corn in his crib, Graham said.

**Home Bureau Unit Meets At Union Hill**

A potluck dinner was served at the Community hall Monday for Home Bureau members and their families. Madames Raymond Beauchamp, Harold Berger and Henry Scholtz were hostesses. At the afternoon session the president, Mrs. George L. Berger, being absent, Mrs. Beauchamp presided. The meeting was opened by group singing with Mrs. Percy Cook at the piano. Mrs. Robert Meyer read a paper on "Health". Mrs. August Krieg gave a talk on "Food from Olden Lands" and demonstrated two dishes. The adviser, Miss Donovan Hester, gave highlights of the Farm and Home conference at Urbana after which the major lesson, "Meeting Teen-Ager's Needs" was presented.

**Union Hill Notes**

Carl Dornburg and Mr. and Mrs. Guy Dornburg spent Wednesday evening at the Dale Dornburg home in Chicago. Mr. Dornburg, who had spent a few days there accompanied them home.

Mr. and Mrs. Robert Van Voort Jr. of Kankakee were Friday supper guests at the Anna Van Voort home. The LaVerne King family of Redick spent the evening there. Wayne Schott of Chicago was a week-end guest of his parents, Mr. and Mrs. Henry Scholtz. Mrs. Mary Guest and sister, Miss Ella Ferrier of Redick, were Sunday dinner guests.

## Bottling Works To Hold Grand Opening Friday

The Kankakee Bottling Works, located here for 76 years, has moved to its new location at 850 West Station street, where Carleton G. Marth, owner and operator, has erected a new building to house the plant. An open house will be held Friday afternoon and evening.

The bottling works was started in 1873 by the Kankakee family. It was the second such plant in the state. At that time, only two kinds of pop were made, white and brown, while soda and sarsaparilla. After Mr. Kankakee's death, the plant was sold in 1902. The new plant was built, the concern has always been located at 888 South Indiana avenue.

32 Years an Employer  
William J. Kankakee, son of the original owner, started the bottling works in 1894. His team and wagon were replaced by a truck in 1913. With the exception of three years, Mr. Kankakee remained with the company from 1894 until his retirement on Feb. 1 of this year.

The company served a larger area in its early existence than it does now, due to the fact that there were only three or four bottling plants in the state. Beverages were shipped by rail at that time.

The new plant, representing a \$100,000 investment, is not the biggest one in the state, but it is one of the most modern and finest equipped.

In the stainless steel laboratory, where all the syrups are compounded, everything is sterilized with ultra-violet lamps, and the air is changed every six minutes. This plant compounds all its own syrups from raw ingredients.

From the lab, the syrup is sent downstairs to the filling machine, where it is bottled at the rate of 80 bottles per minute. Bottles are supplied from an automatic machine which washes and sterilizes them. After being filled and capped, the bottles travel to a mixing tank.

Honor Mrs. Zamzow  
At Farewell Party  
Mrs. George Swain Jr., 1700 East River street, was hostess at a farewell dinner bridge in honor of her sister, Mrs. Carl H. Zamzow Jr. of Chicago, who is moving to New York with her family.

First prize was won by Mrs. Carl Dade of Wilmington, and consolation went to Mrs. Hugh Pierce. Mrs. Zamzow was presented with gifts and a corsage. In the evening friends and relatives dropped in to visit.

## MILNOT is wonderful on cereal!

Just use Milnot as it comes from the container. If you prefer, use Milnot half-strength, or as a topping with milk. However, you use Milnot on your morning cereal, you'll give about its country-fresh natural flavor!

And whatever you do, use Milnot in your coffee. It's so good that fresh-as-can-be flavor makes a good cup of coffee even better!

Matter of fact, use Milnot in all cooking, wherever you use milk, expensive cream, whipping cream, a canned or evaporated milk. You can use it so often, for so many good-things-to-eat... all with such a little dent in your budget it's so inexpensive... get Milnot today!

## Limestone FAA Club Entertained By Mrs. Albers

The FAA club of Limestone entertained Thursday evening at the home of Mrs. Jacob Albers on West Oak street. The meeting date was moved up one week because of the grade school basketball tournament at Herscher. Twelve members and a guest were present.

Fifty and handwork were the diversions of the evening. Mrs. Clyde Albers received the first prize at fifty; Mrs. Fred Vohnka, second; Mrs. Tillie Wells, floating prize and Mrs. Grete Grosso, door prize. Mrs. Wells received the guest prize.

A valentine exchange for all members and mystery pals was enjoyed. Refreshments were served.

Mrs. Fred Vohnka will be hostess to the club Feb. 24 in her home on the Warner Bridge road. The annual election of officers will be held at that time.

**Limestone School Notes**  
The Limestone and Free basketball teams were winners of the two games played in the Herscher grade school basketball tournament Monday night in the Herscher high school gymnasium. The Limestone team will play the Herscher team Thursday evening.

The school buses will leave the Limestone school Thursday evening at 6:30 o'clock. Anyone wishing transportation to the game may take a school bus.

In the list of members of the school band, the name of Marvin Tanner was inadvertently omitted in the trumpet section.

**Special Program**  
The third and fourth grades, under the direction of their teachers, Mrs. Bernice Waters, and Miss Clara Harwood, will present a program at the school at 7:30 p.m. Feb. 18. The public is invited.

**Janitor Injured**  
Harry Michelson, janitor of the school, sustained a broken toe when a box of coal fell recently.

## Accounts Specialist To Be Here Feb. 22

Mrs. Ruth Crawford Freeman, extension specialist in home accounts from the University of Illinois will be at the Home Bureau office in the post office building from 8:30 a.m. to 4 p.m. on Feb. 22. It was announced today by Miss Donovan Hester, county home advisor. Mrs. Freeman will check records of home account keepers during the past year and will have conferences with beginning home account keepers who need assistance.
